8.9 ELECTRICITY CONSUMPTION OF LARGE MANUFACTURING ESTABLISHMENTS WITHIN THE FRANCHISE AREA OF MERALCO [1]

for periods indicated
in gigawatt-hours (GWh)

Period	Total	Food Beverages & Tobacco	Textiles Wearing Apparel & Leather & Leather Products	Wood & Cork Products	Paper & Paper Products, Printing & Publishing	Chemical & Chemical Products, Petroleum & Other Petroleum Products, Rubber & Plastic Products	Non-Metallic Mineral Products	Basic Metals	Fabricated Metals and Machinery	Electrical Machinery	Other Manufacturing Industries

[1] *The data represents metered electricity consumption for establishments that are classified under MERALCO's General Power rate schedule or those which have a minimum demand of 40 kilowatts (kW). Hence, the data does not include the energy consumption of small establishme (e.g., sari-sari stores or neighborhood shops, whose consumption approximate those of residential customers) and establishments that were formerly directly connected to the transmission system but have since transferred back to MERALCO.*
