Manual of Regulations on Foreign Exchange Transactions

Updated as of 08 March 2019
FOREWORD

The Manual of Regulations on Foreign Exchange Transactions, hereinafter referred to as the “Manual”, is a consolidation of all regulations governing foreign exchange transactions. This Manual replaces Circular No. 1389 dated 13 April 1993, as amended, which was the first consolidation of foreign exchange regulations. This is an enhanced and complete version of Circular No. 1389, as amended, as it incorporates all amendments made since 1993 and consolidates all regulations on foreign exchange and related transactions.

The Manual, which shall be updated upon effectivity of subsequent amendments made thereto as approved by the Monetary Board, is posted at the BSP website (www.bsp.gov.ph) and has hyperlink features to allow users easy access to different sections, appendices, annexes, reports, relevant laws and issuances, and related websites.

In providing users easy access to information, the Manual is expected to facilitate compliance with existing regulations and requirements governing foreign exchange and related transactions.

Chapter II

OPEN FOREIGN EXCHANGE POSITION OF BANKS

Section 96. General Policy. It is the policy of the BSP to promote the growth and development of the foreign exchange market. It is also recognized that banks are the main players in this market, primarily in their role as “market-makers”37. Thus, in order to ensure that banks are able to provide ample liquidity in the market but, at the

37 There are two facets to this role. First, banks must be able to quote rates to their customers at which they stand ready to buy and sell currencies. Second, banks themselves may take open positions in currencies.
same time, conduct their business in a sound manner, and guard against speculative activity, limits on their net open foreign exchange position are instituted.

Section 97. Definition of Terms

“Open Foreign Exchange Position” shall refer to the extent that banks' foreign exchange assets do not match their foreign exchange liabilities. An open position may either be "positive", "long", or "overbought" (i.e., foreign exchange assets exceed foreign exchange liabilities) or "negative", "short", or "oversold" (i.e., foreign exchange liabilities exceed foreign exchange assets).

“Unimpaired capital of a local bank” shall refer to a bank’s total capital as defined under Section X111 of the MORB.

“Permanently assigned capital” shall refer to the minimum capital required for branches of foreign banks in the Philippines to be inwardly remitted and converted into pesos.

Starting 1 January 2020, the “unimpaired capital of foreign bank branches” shall refer to the capital of a foreign bank branch as defined under Subsection X105.4 of the MORB.

Foreign bank branches established in the Philippines prior to Republic Act No. 10641 shall be given until 31 December 2019 to calculate the unimpaired capital as the sum of “permanently assigned capital” and the “Net Due To Head Office” account for purposes of computing foreign exchange position: Provided, That the amount of Net Due To Head Office that may be added to the permanently assigned capital of foreign bank branches that are UBs shall not exceed the equivalent of six (6) times the permanently assigned capital. Provided further: That the amount of Net Due To Head Office that may be added to the permanently assigned capital of foreign bank branches that are KBs shall not exceed the equivalent of eight (8) times the permanently assigned capital.

The “unimpaired capital of foreign bank subsidiaries” shall be the same as the unimpaired capital for local banks as provided under the pertinent provisions of the MORB.

(As amended under Circular No. 937 dated 27 December 2016)

Section 98. Allowable Open Foreign Exchange Position. Banks’ allowable open foreign exchange position (either overbought or oversold) shall be the lower of 20 percent (20%) of their unimpaired capital or USD50 million.

Any excess of the allowable limit shall be settled on a daily basis.
Penalties on excess overbought and oversold positions of banks when PDS trading is suspended shall be waived.

Section 99. Computation of Foreign Exchange Position. Banks' open foreign exchange position shall be computed daily based on their FX Form 1. The guidelines on the computation of foreign exchange position of banks and reporting requirements are outlined in Appendix 19.

Section 100. Sanctions. The following sanctions shall be imposed on banks found in violation of the net open foreign exchange position limits:

a. A bank is considered immediately in violation of the open foreign exchange position limit on the day it exceeds such limit. Such bank shall be subject to the following monetary penalties:

<table>
<thead>
<tr>
<th>Per Calendar Month</th>
<th>Daily Penalty</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st calendar day of violation</td>
<td>PHP10,000.00</td>
</tr>
<tr>
<td>2nd calendar day of violation</td>
<td>PHP20,000.00</td>
</tr>
<tr>
<td>3rd calendar day of violation, and onwards, or if the excess open foreign exchange position of the bank is thirty percent (30%) or more of the allowable limit in any calendar day, regardless of whether a bank is in first, second, third or more days of violation</td>
<td>PHP30,000.00</td>
</tr>
</tbody>
</table>

b. In addition, the following non-monetary sanctions shall be imposed on the bank committing violations considered as:

1) “chronic”, that is, when the violation continues beyond three (3) banking days within a calendar month, but the excess position is less than thirty percent (30%) of the allowable limit; and
2) “abusive”, that is, when the violation continues beyond three (3) banking days within a calendar month and the excess position is thirty percent (30%) or more of the allowable limit.

**Non-Monetary Sanctions**

“chronic” violation suspension of the bank’s rediscounting privileges, cash dividend declaration and branching privileges until the violation is corrected but in no case shall such suspension be less than 30 calendar days.
“abusive” violation suspension of the bank’s rediscounting privileges, cash dividend declaration and branching privileges until the violation is corrected but in no case shall such suspension be less than 60 calendar days.

c. The Monetary Board may impose other non-monetary sanctions on a bank for violations determined by BSP as “chronic” or “abusive” on a case-to-case basis, pursuant to Section 37 of Republic Act No. 7653.
