Banking and quasi-banking institutions which are subject to examination by the Bangko Sentral shall pay to the Bangko Sentral, within the first thirty (30) days of each year, an annual fee in an amount equal to a percentage as may be prescribed by the Monetary Board of its average total assets during the preceding year as shown on its end-of-month balance sheets, after deducting cash on hand and amounts due from banks, including the Bangko Sentral and banks abroad.

SEC. 29. Appointment of Conservator. – Whenever, on the basis of a report submitted by the appropriate supervising or examining department, the Monetary Board finds that a bank or a quasi-bank is in a state of continuing inability or unwillingness to maintain a condition of liquidity deemed adequate to protect the interest of depositors and creditors, the Monetary Board may appoint a conservator with such powers as the Monetary Board shall deem necessary to take charge of the assets, liabilities, and the management thereof, reorganize the management, collect all monies and debts due said institution, and exercise all powers necessary to restore its viability. The conservator shall report and be responsible to the Monetary Board and shall have the power to overrule or revoke the actions of the previous management and board of directors of the bank or quasi-bank.

The conservator should be competent and knowledgeable in bank operations and management. The conservatorship shall not exceed one (1) year.

The conservator shall receive remuneration to be fixed by the Monetary Board in an amount not to exceed two-thirds (2/3) of the salary of the president of the institution in one (1) year, payable in twelve (12) equal monthly payments: *Provided*, That, if at any time within the one-year period, the conservatorship is terminated on the ground that the institution can operate on its own, the conservator shall receive the balance of the remuneration which he would have received up to the end of the year; but if the conservatorship is terminated on other grounds, the conservator shall not be entitled to such remaining balance. The Monetary Board may appoint a conservator connected with the Bangko Sentral, in which case he shall not be entitled to receive any remuneration or emolument from the Bangko Sentral during the conservatorship. The expenses attendant to the conservatorship shall be borne by the bank or quasi-bank concerned.

The Monetary Board shall terminate the conservatorship when it is satisfied that the institution can continue to operate on its own and the conservatorship is no longer necessary. The conservatorship shall likewise be terminated should the Monetary Board, on the basis of the report of the conservator or of its own findings, determine that the continuance in business of the institution would involve probable loss to its depositors or creditors, in which case the provisions of Section 30 shall apply.

SEC. 30. *Proceedings in Receivership and Liquidation.* – Whenever, upon report of the head of the supervising or examining department, the Monetary Board finds that a bank or quasi-bank:

(a) is unable to pay its liabilities as they become due in the ordinary course of business: *Provided*, That this shall not include inability to pay caused by extraordinary demands induced by financial panic in the banking community;

(b) has insufficient realizable assets, as determined by the Bangko Sentral, to meet its liabilities; or

(c) cannot continue in business without involving probable losses to its depositors or creditors; or

(d) has willfully violated a cease and desist order under Section 37 that has become final, involving acts or transactions which amount to fraud or a dissipation of the assets of the institution; in which cases, the Monetary Board may summarily and without need for prior hearing forbid the institution from doing business in the Philippines and designate the Philippine Deposit Insurance Corporation as receiver of the banking institution.

For a quasi-bank, any person of recognized competence in banking or finance may be designated as receiver.

The receiver shall immediately gather and take charge of all the assets and liabilities of the institution, administer the same for the benefit of its creditors, and exercise the general powers of a receiver under the Revised Rules of Court but shall not, with the exception of administrative expenditures, pay or commit any act that will involve the transfer or disposition of any asset of the institution: *Provided*, That the receiver may deposit or place the funds of the institution in nonspeculative investments. The receiver shall determine as soon as possible, but not later than ninety (90) days from take-over, whether the institution may be rehabilitated or otherwise placed in such a condition so that it may be permitted to resume business with safety to its depositors and creditors and the general public: *Provided*, That any determination for the resumption of business of the institution shall be subject to prior approval of the Monetary Board.

If the receiver determines that the institution cannot be rehabilitated or permitted to resume business in accordance with the next preceding paragraph, the Monetary Board shall notify in writing the board of directors of its findings and direct the receiver to proceed with the liquidation of the institution. The receiver shall:

(1) file *ex parte* with the proper regional trial court, and without requirement of prior notice or any other action, a petition for assistance in the liquidation of the institution pursuant to a

liquidation plan adopted by the Philippine Deposit Insurance Corporation for general application to all closed banks. In case of quasi-banks, the liquidation plan shall be adopted by the Monetary Board. Upon acquiring jurisdiction, the court shall, upon motion by the receiver after due notice, adjudicate disputed claims against the institution, assist the enforcement of individual liabilities of the stockholders, directors and officers, and decide on other issues as may be material to implement the liquidation plan adopted. The receiver shall pay the cost of the proceedings from the assets of the institution.

The assets of an institution under receivership or liquidation shall be deemed in *custodia legis* in the hands of the receiver and shall, from the moment the institution was placed under such receivership or liquidation, be exempt from any order of garnishment, levy, attachment, or execution.

The actions of the Monetary Board taken under this section or under Section 29 of this Act shall be final and executory, and may not be restrained or set aside by the court except on petition for *certiorari* on the ground that the action taken was in excess of jurisdiction or with such grave abuse of discretion as to amount to lack or excess of jurisdiction. The petition for *certiorari* may only be filed by the stockholders of record representing the majority of the capital stock within ten (10) days from receipt by the board of directors of the institution of the order directing receivership, liquidation or conservatorship.

The designation of a conservator under Section 29 of this Act or the appointment of a receiver under this section shall be vested exclusively with the Monetary Board. Furthermore, the designation of a conservator is not a precondition to the designation of a receiver.

SEC. 31. *Distribution of Assets.* – In case of liquidation of a bank or quasi-bank, after payment of the cost of proceedings, including reasonable expenses and fees of the receiver to be allowed by the court, the receiver shall pay the debts of such institution, under order of the court, in accordance with the rules on concurrence and preference of credit as provided in the Civil Code.

SEC. 32. *Disposition of Revenues and Earnings.* – All revenues and earnings realized by the receiver in winding up the affairs and administering the assets of any bank or quasi-bank within the purview of this Act shall be used to pay the costs, fees and expenses mentioned in the preceding section, salaries of such personnel whose employment is rendered necessary in the discharge of the liquidation together with other additional expenses caused thereby. The balance of revenues and earnings, after the payment of all said expenses, shall form part of the assets available for payment to creditors.

SEC. 33. *Disposition of Banking Franchise.* – The Bangko Sentral may, if public interest so requires, award to an institution, upon such terms and conditions as the Monetary Board may approve, the banking franchise of a bank under liquidation to operate in the area where said bank or its branches were previously operating: *Provided*, That whatever proceeds may be realized from such award shall be subject to the appropriate exclusive disposition of the Monetary Board.

SEC. 34. *Refusal to Make Reports or Permit Examination.*
– Any officer, owner, agent, manager, director or officer-in-charge of any institution subject to the supervision or examination by the Bangko Sentral within the purview of this Act who, being required in writing by the Monetary Board or by the head of the supervising and examining department willfully refuses to file the required report or permit any lawful examination into the affairs of such institution shall be punished by a fine of not less than Fifty thousand pesos (P50,000) nor more than One hundred thousand pesos (P100,000) or by imprisonment of not less than one (1) year nor more than five (5) years, or both, in the discretion of the court.

SEC. 62. *Power to Define Terms.* – For purposes of this article and of this Act, the Monetary Board shall formulate definitions of monetary aggregates, credit and prices and shall make public such definitions and any changes thereof.

SEC. 63. *Action When Abnormal Movements Occur in the Monetary Aggregates, Credit, or Price Level.* – Whenever abnormal movements in the monetary aggregates, in credit, or in prices endanger the stability of the Philippine economy or important sectors thereof, the Monetary Board shall:

(a) take such remedial measures as are appropriate and within the powers granted to the Monetary Board and the Bangko Sentral under the provisions of this Act; and

(b) submit to the President of the Philippines and the Congress, and make public, a detailed report which shall include, as a minimum, a description and analysis of:

(1) the causes of the rise or fall of the monetary aggregates, of credit or of prices;

(2) the extent to which the changes in the monetary aggregates, in credit, or in prices have been reflected in changes in the level of domestic output, employment, wages and economic activity in general, and the nature and significance of any such changes; and

(3) the measures which the Monetary Board has taken and the other monetary, fiscal or administrative measures which it recommends to be adopted.

Whenever the monetary aggregates, or the level of credit, increases or decreases by more than fifteen percent (15%), or the cost of living index increases by more than ten percent (10%), in relation to the level existing at the end of the corresponding month of the preceding year, or even though any of these quantitative guidelines have not been reached when in its judgement the circumstances so warrant, the Monetary Board shall submit the reports mentioned in this section, and shall state therein whether, in the opinion of the Board, said changes in the monetary aggregates, credit or cost of living represent a threat to the stability of the Philippine economy or of important sectors thereof.

The Monetary Board shall continue to submit periodic reports to the President of the Philippines and to Congress until it considers that the monetary, credit or price disturbances have disappeared or have been adequately controlled.

ARTICLE II. *INTERNATIONAL MONETARY STABILIZATION*

SEC. 64. *International Monetary Stabilization.* – The *Bangko Sentral* shall exercise its powers under this Act to preserve the international value of the peso and to maintain its convertibility into other freely convertible currencies primarily for, although not necessarily limited to, current payments for foreign trade and invisibles.

SEC. 65. *International Reserves.* – In order to maintain the international stability and convertibility of the Philippine peso, the *Bangko Sentral* shall maintain international reserves adequate to meet any foreseeable net demands on the *Bangko Sentral* for foreign currencies.

In judging the adequacy of the international reserves, the Monetary Board shall be guided by the prospective receipts and payments of foreign exchange by the Philippines. The Board shall give special attention to the volume and maturity of the *Bangko Sentral*'s own liabilities in foreign currencies, to the volume and

maturity of the foreign exchange assets and liabilities of other banks operating in the Philippines and, insofar as they are known or can be estimated, the volume and maturity of the foreign exchange assets and liabilities of all other persons and entities in the Philippines.

SEC. 66. *Composition of the International Reserves.* – The international reserves of the Bangko Sentral may include but shall not be limited to the following assets:

(a) gold; and

(b) assets in foreign currencies in the form of: documents and instruments customarily employed for the international transfer of funds; demand and time deposits in central banks, treasuries and commercial banks abroad; foreign government securities; and foreign notes and coins.

The Monetary Board shall endeavor to hold the foreign exchange resources of the Bangko Sentral in freely convertible currencies; moreover, the Board shall give particular consideration to the prospects of continued strength and convertibility of the currencies in which the reserve is maintained, as well as to the anticipated demands for such currencies. The Monetary Board shall issue regulations determining the other qualifications which foreign exchange assets must meet in order to be included in the international reserves of the Bangko Sentral.

The Bangko Sentral shall be free to convert any of the assets in its international reserves into other assets as described in subsections (a) and (b) of this section.

SEC. 67. *Action When the International Stability of the Peso Is Threatened.* – Whenever the international reserve of the Bangko Sentral falls to a level which the Monetary Board considers inadequate to meet the prospective net demands on the Bangko Sentral for foreign currencies, or whenever the international reserve appears to be in imminent danger of falling to such a

level, or whenever the international reserve is falling as a result of payments or remittances abroad which, in the opinion of the Monetary Board, are contrary to the national welfare, the Monetary Board shall:

(a) take such remedial measures as are appropriate and within the powers granted to the Monetary Board and the Bangko Sentral under the provisions of this Act; and

(b) submit to the President of the Philippines and to Congress a detailed report which shall include, as a minimum, a description and analysis of:

(1) the nature and causes of the existing or imminent decline;

(2) the remedial measures already taken or to be taken by the Monetary Board;

(3) the monetary, fiscal or administrative measures further proposed; and

(4) the character and extent of the cooperation required from other government agencies for the successful execution of the policies of the Monetary Board.

If the resultant actions fail to check the deterioration of the reserve position of the Bangko Sentral, or if the deterioration cannot be checked except by chronic restrictions on exchange and trade transactions or by sacrifice of the domestic objectives of a balanced and sustainable growth of the economy, the Monetary Board shall propose to the President, with appropriate notice to Congress, such additional action as it deems necessary to restore equilibrium in the international balance of payments of the Philippines.

The Monetary Board shall submit periodic reports to the President and to Congress until the threat to the international monetary stability of the Philippines has disappeared.

SEC. 69. *Purchases and Sales of Gold.* – The Bangko Sentral may buy and sell gold in any form, subject to such regulations as the Monetary Board may issue.

The purchases and sales of gold authorized by this section shall be made in the national currency at the prevailing international market price as determined by the Monetary Board.

SEC. 70. *Purchases and Sales of Foreign Exchange.* – The *Bangko Sentral* may buy and sell foreign notes and coins, and documents and instruments of types customarily employed for the international transfer of funds. The *Bangko Sentral* may engage in future exchange operations.

- (b) the Government, its political subdivisions and instrumentalities;
- (c) foreign or international financial institutions;
- (d) foreign governments and their instrumentalities; and

(e) other entities or persons which the Monetary Board is hereby empowered to authorize as foreign exchange dealers, subject to such rules and regulations as the Monetary Board shall prescribe.

In order to maintain the convertibility of the peso, the Bangko Sentral may, at the request of any banking institution operating in the Philippines, buy any quantity of foreign exchange offered, and sell any quantity of foreign exchange demanded by such institution, provided that the foreign currencies so offered or demanded are freely convertible into gold or United States dollars. This requirement shall not apply to demands for foreign notes and coins.

The Bangko Sentral shall effect its exchange transactions between foreign currencies and the Philippine peso at the rates determined in accordance with the provisions of Section 74 of this Act.

SEC. 71. Foreign Asset Position of the Bangko Sentral. – The Bangko Sentral shall endeavor to maintain at all times a net positive foreign asset position so that its gross foreign exchange assets will always exceed its gross foreign liabilities. In the event that the equivalent amount in pesos of the foreign exchange liabilities of the Bangko Sentral exceed twice the equivalent amount in pesos of the foreign exchange assets of the bank, the Bangko Sentral shall, within sixty (60) days from the date the limit is exceeded, submit a report to the Congress stating the origin of these liabilities, and the manner in which they will be paid.

SEC. 72. Emergency Restrictions on Exchange Operations. – In order to achieve the primary objective of the Bangko Sentral as set forth in Section 3 of this Act, or protect the international reserves of the Bangko Sentral in the imminence of, or during an exchange crisis, or in time of national emergency and to give the Monetary Board and the Government time in which to take constructive measures to forestall, combat, or overcome such a crisis or emergency, the Monetary Board, with the concurrence of at least five (5) of its members and with the approval of the President of the Philippines, may temporarily

suspend or restrict sales of exchange by the Bangko Sentral, and may subject all transactions in gold and foreign exchange to license by the Bangko Sentral, and may require that any foreign exchange thereafter obtained by any person residing or entity operating in the Philippines be delivered to the Bangko Sentral or to any bank or agent designated by the Bangko Sentral for the purpose, at the effective exchange rate or rates: *Provided, however,* That foreign currency deposits made under Republic Act No. 6426 shall be exempt from these requirements.

SEC. 73. *Acquisition of Inconvertible Currencies.* – The Bangko Sentral shall avoid the acquisition and holding of currencies which are not freely convertible, and may acquire such currencies in an amount exceeding the minimum balance necessary to cover current demands for said currencies only when, and to the extent that, such acquisition is considered by the Monetary Board to be in the national interest. The Monetary Board shall determine the procedures which shall apply to the acquisition and disposition by the Bangko Sentral of foreign exchange which is not freely utilizable in the international market.

SEC. 74. *Exchange Rates.* – The Monetary Board shall determine the exchange rate policy of the country.

The Monetary Board shall determine the rates at which the Bangko Sentral shall buy and sell spot exchange, and shall establish deviation limits from the effective exchange rate or rates as it may deem proper. The Bangko Sentral shall not collect any additional commissions or charges of any sort, other than actual telegraphic or cable costs incurred by it.

The Monetary Board shall similarly determine the rates for other types of foreign exchange transactions by the Bangko Sentral, including purchases and sales of foreign notes and coins, but the margins between the effective exchange rates and the rates thus established may not exceed the corresponding margins for spot exchange transactions by more than the additional costs or expenses involved in each type of transactions.

SEC. 75. *Operations with Foreign Entities.* – The Monetary Board may authorize the Bangko Sentral to grant loans to and receive loans from foreign banks and other foreign or international entities, both public and private, and may engage in such other operations with these entities as are in the national interest and are appropriate to its character as a central bank. The Bangko Sentral may also act as agent or correspondent for such entities.

Upon authority of the Monetary Board, the Bangko Sentral may pledge any gold or other assets which it possesses as security against loans which it receives from foreign or international entities.

ARTICLE III. *REGULATION OF FOREIGN EXCHANGE
OPERATIONS OF THE BANKS*

SEC. 76. *Foreign Exchange Holdings of the Banks.* – In order that the Bangko Sentral may at all times have foreign exchange resources sufficient to enable it to maintain the international stability and convertibility of the peso, or in order to promote the domestic investment of bank resources, the Monetary Board may require the banks to sell to the Bangko Sentral or to other banks all or part of their surplus holdings of foreign exchange. Such transfers may be required for all foreign currencies or for only certain of such currencies, according to the decision of the Monetary Board. The transfers shall be made at the rates established under the provisions of Section 74 of this Act.

The Monetary Board may, whenever warranted, determine the net assets and net liabilities of banks and shall, in making such a determination, take into account the bank's networth, outstanding liabilities, actual and contingent, or such other financial or performance ratios as may be appropriate under the circumstances. Any such determination of net assets and net liabilities shall be applied to all banks uniformly and without discrimination.

SEC. 77. *Requirement of Balanced Currency Position.* – The Monetary Board may require the banks to maintain a

balanced position between their assets and liabilities in Philippine pesos or in any other currency or currencies in which they operate. The banks shall be granted a reasonable period of time in which to adjust their currency positions to any such requirement.

The powers granted under this section shall be exercised only when special circumstances make such action necessary, in the opinion of the Monetary Board, and shall be applied to all banks alike and without discrimination.

SEC. 78. Regulation of Non-spot Exchange Transactions. – In order to restrain the banks from taking speculative positions with respect to future fluctuations in foreign exchange rates, the Monetary Board may issue such regulations governing bank purchases and sales of non-spot exchange as it may consider necessary for said purpose.

SEC. 79. Other Exchange Profits and Losses. – The banks shall bear the risks of noncompliance with the terms of the foreign exchange documents and instruments which they buy or sell, and shall also bear any other typically commercial or banking risks, including exchange risks not assumed by the Bangko Sentral under the provisions of the preceding section.

SEC. 80. Information on Exchange Operations. – The banks shall report to the Bangko Sentral the volume and composition of their purchases and sales of gold and foreign exchange each day, and must furnish such additional information as the Bangko Sentral may request with reference to the movements in their accounts in foreign currencies.

The Monetary Board may also require other persons and entities to report to it currently all transactions or operations in gold, in any shape or form, and in foreign exchange whether entered into or undertaken by them directly or through agents, or to submit such data as may be required on operations or activities giving rise to or in connection with or relating to a gold or foreign exchange transaction. The Monetary Board shall prescribe the forms on which such declarations must be made.

The accuracy of the declarations may be verified by the Bangko Sentral by whatever inspection it may deem necessary.

(b) Production credits. - The Bangko Sentral may rediscount, discount, buy and sell bills, acceptances, promissory notes and other credit instruments having maturities of not more

than three hundred sixty (360) days from the date of their rediscount, discount or acquisition by the Bangko Sentral and resulting from transactions related to the production or processing of agricultural, animal, mineral, or industrial products. Documents or instruments acquired in accordance with this subsection shall be secured by a pledge of the respective crops or products: *Provided, however,* That the crops or products need not be pledged to secure the documents if the original loan granted by the Bangko Sentral is secured by a lien or mortgage on real estate property seventy percent (70%) of the appraised value of which equals or exceeds the amount of the loan granted.

(c) Other credits. - Special credit instruments not otherwise rediscountable under the immediately preceding subsections (a) and (b) may be eligible for rediscounting in accordance with rules and regulations which the Bangko Sentral shall prescribe. Whenever necessary, the Bangko Sentral shall provide funds from noninflationary sources: *Provided, however,* That the Monetary Board shall prescribe additional safeguards for disbursing these funds.

(d) Advances. - The Bangko Sentral may grant advances against the following kinds of collaterals for fixed periods which, with the exception of advances against the collateral named in clause (4) of the present subsection, shall not exceed one hundred eighty (180) days:

- (1) gold coins or bullion;
- (2) securities representing obligations of the Bangko Sentral or of other domestic credit institutions of recognized solvency;
- (3) the credit instruments to which reference is made in subsection (a) of this section;
- (4) the credit instruments to which reference is made in subsection (b) of this section, for periods which shall not exceed three hundred sixty (360) days;

(5) utilized portions of advances in current account covered by regular overdraft agreements related to operations included under subsections (a) and (b) of this section, and certified as to amount and liquidity by the institution soliciting the advance;

(6) negotiable treasury bills, certificates of indebtedness, notes and other negotiable obligations of the Government maturing within three (3) years from the date of the advance; and

(7) negotiable bonds issued by the Government of the Philippines, by Philippine provincial, city or municipal governments, or by any Philippine Government instrumentality, and having maturities of not more than ten (10) years from the date of the advance.

The rediscounts, discounts, loans and advances made in accordance with the provisions of this section may not be renewed or extended unless extraordinary circumstances fully justify such renewal or extension.

Advances made against the collateral named in clauses (6) and (7) of subsection (d) of this section may not exceed eighty percent (80%) of the current market value of the collateral.

C. SPECIAL CREDIT OPERATION

SEC. 83. *Loans for Liquidity Purposes.* – The Bangko Sentral may extend loans and advances to banking institutions for a period of not more than seven (7) days without any collateral for the purpose of providing liquidity to the banking system in times of need.

D. EMERGENCY CREDIT OPERATION

SEC. 84. *Emergency Loans and Advances.* – In periods of national and/or local emergency or of imminent financial panic which directly threaten monetary and banking stability, the Monetary Board may, by a vote of at least five (5) of its members, authorize the Bangko Sentral to grant extraordinary loans or advances to banking institutions secured by assets as defined hereunder: *Provided*, That while such loans or advances are

outstanding, the debtor institution shall not, except upon prior authorization by the Monetary Board, expand the total volume of its loans or investments.

The Monetary Board may, at its discretion, likewise authorize the Bangko Sentral to grant emergency loans or advances to banking institutions, even during normal periods, for the purpose of assisting a bank in a precarious financial condition or under serious financial pressures brought by unforeseen events, or events which, though foreseeable, could not be prevented by the bank concerned: *Provided, however,* That the Monetary Board has ascertained that the bank is not insolvent and has the assets defined hereunder to secure the advances: *Provided, further,* That a concurrent vote of at least five (5) members of the Monetary Board is obtained.

The amount of any emergency loan or advance shall not exceed the sum of fifty percent (50%) of total deposits and deposit substitutes of the banking institution and shall be disbursed in two (2) or more tranches. The amount of the first tranche shall be limited to twenty-five percent (25%) of the total deposit and deposit substitutes of the institution and shall be secured by government securities to the extent of their applicable loan values and other unencumbered first class collaterals which the Monetary Board may approve: *Provided,* That if as determined by the Monetary Board, the circumstances surrounding the emergency warrant a loan or advance greater than the amount provided hereinabove, the amount of the first tranche may exceed twenty-five percent (25%) of the bank's total deposit and deposit substitutes if the same is adequately secured by applicable loan values of government securities and unencumbered first class collaterals approved by the Monetary Board, and the principal stockholders of the institution furnish an acceptable undertaking to indemnify and hold harmless from suit a conservator whose appointment the Monetary Board may find necessary at any time.

Prior to the release of the first tranche, the banking institution shall submit to the Bangko Sentral a resolution of its board of directors authorizing the Bangko Sentral to evaluate

other assets of the banking institution certified by its external auditor to be good and available for collateral purposes should the release of the subsequent tranche be thereafter applied for.

The Monetary Board may, by a vote of at least five (5) of its members, authorize the release of a subsequent tranche on condition that the principal stockholders of the institution:

(a) furnish an acceptable undertaking to indemnify and hold harmless from suit a conservator whose appointment the Monetary Board may find necessary at any time; and

(b) provide acceptable security which, in the judgment of the Monetary Board, would be adequate to supplement, where necessary, the assets tendered by the banking institution to collateralize the subsequent tranche.

In connection with the exercise of these powers, the prohibitions in Section 128 of this Act shall not apply insofar as it refers to acceptance as collateral of shares and their acquisition as a result of foreclosure proceedings, including the exercise of voting rights pertaining to said shares: *Provided, however,* That should the Bangko Sentral acquire any of the shares it has accepted as collateral as a result of foreclosure proceedings, the Bangko Sentral shall dispose of said shares by public bidding within one (1) year from the date of consolidation of title by the Bangko Sentral.

Whenever a financial institution incurs an overdraft in its account with the Bangko Sentral, the same shall be eliminated within the period prescribed in Section 102 of this Act.

E. CREDIT TERMS

SEC. 85. *Interest and Rediscount Rates.* – The Bangko Sentral shall collect interest and other appropriate charges on all loans and advances it extends, the closure, receivership or liquidation of the debtor-institution notwithstanding. This provision shall apply prospectively.

The Monetary Board shall fix the interest and rediscount rates to be charged by the Bangko Sentral on its credit operations in accordance with the character and term of the operation, but after due consideration has been given to the credit needs of the market, the composition of the Bangko Sentral's portfolio, and the general requirements of the national monetary policy. Interest and rediscount rates shall be applied to all banks of the same category uniformly and without discrimination.

SEC. 86. *Endorsement.* – The documents rediscounted, discounted, bought or accepted as collateral by the Bangko Sentral in the course of the credit operations authorized in this article shall bear the endorsement of the institution from which they are received.

SEC. 87. *Repayment of Credits.* – Documents rediscounted, discounted or accepted as collateral by the Bangko Sentral must be withdrawn by the borrowing institution on the dates of their maturities, or upon liquidation of the obligations which they represent or to which they relate whenever said obligations have been liquidated prior to their dates of maturity.

Banks shall have the right at any time to withdraw any documents which they have presented to the *Bangko Sentral* as collateral, upon payment in full of the corresponding debt to the *Bangko Sentral*, including interest charges.

SEC. 88. *Other Requirements.* – The Monetary Board may prescribe, within the general powers granted to it under this Act, additional conditions which borrowing institutions must satisfy in order to have access to the credit of the *Bangko Sentral*. These conditions may refer to the rates of interest charged by the banks, to the purposes for which their loans in general are destined, and to any other clearly definable aspect of the credit policy of the bank.

SEC. 89. *Provisional Advances to the National Government.* – The *Bangko Sentral* may make direct provisional advances with or without interest to the National Government to

finance expenditures authorized in its annual appropriation: *Provided*, That said advances shall be repaid before the end of three (3) months extendible by another three (3) months as the Monetary Board may allow following the date the National Government received such provisional advances and shall not, in their aggregate, exceed twenty percent (20%) of the average annual income of the borrower for the last three (3) preceding fiscal years.

ARTICLE V. *OPEN MARKET OPERATIONS FOR THE ACCOUNT OF THE BANGKO SENTRAL*

SEC. 90. *Principles of Open Market Operations.* – The open market purchases and sales of securities by the Bangko Sentral shall be made exclusively in accordance with its primary objective of achieving price stability.

SEC. 91. *Purchases and Sales of Government Securities.* – In order to achieve the objectives of the national monetary policy, the Bangko Sentral may, in accordance with the principle stated in Section 90 of this Act and with such rules and regulations as may be prescribed by the Monetary Board, buy and sell in the open market for its own account:

(a) evidences of indebtedness issued directly by the Government of the Philippines or by its political subdivisions; and

(b) evidences of indebtedness issued by government instrumentalities and fully guaranteed by the Government.

The evidences of indebtedness acquired under the provisions of this section must be freely negotiable and regularly serviced and must be available to the general public through banking institutions and local government treasuries in denominations of a thousand pesos or more.

SEC. 92. *Issue and Negotiation of Bangko Sentral Obligations.* – In order to provide the Bangko Sentral with effective instruments for open market operations, the Bangko Sentral may, subject to such rules and regulations as the Monetary Board may prescribe and in accordance with the principles stated in Section

90 of this Act, issue, place, buy and sell freely negotiable evidences of indebtedness of the Bangko Sentral: *Provided*, That issuance of such certificates of indebtedness shall be made only in cases of extraordinary movement in price levels. Said evidences of indebtedness may be issued directly against the international reserve of the Bangko Sentral or against the securities which it has acquired under the provisions of Section 91 of this Act, or may be issued without relation to specific types of assets of the Bangko Sentral.

The Monetary Board shall determine the interest rates, maturities and other characteristics of said obligations of the Bangko Sentral, and may, if it deems it advisable, denominate the obligations in gold or foreign currencies.

Subject to the principles stated in Section 90 of this Act, the evidences of indebtedness of the Bangko Sentral to which this section refers may be acquired by the Bangko Sentral before their maturity, either through purchases in the open market or through redemptions at par and by lot if the Bangko Sentral has reserved the right to make such redemptions. The evidences of indebtedness acquired or redeemed by the Bangko Sentral shall not be included among its assets, and shall be immediately retired and cancelled.

ARTICLE VI. *COMPOSITION OF BANGKO SENTRAL'S PORTFOLIO*

SEC. 93. *Review of the Bangko Sentral's Portfolio.* – At least once every month the Monetary Board shall review the portfolio of the Bangko Sentral in relation to its future credit policy.

In reviewing the Bangko Sentral's portfolio, the Monetary Board shall especially consider whether a sufficiently large part of the portfolio consists of assets with early maturities, in order that a contraction in Bangko Sentral credit may be effected promptly whenever the national monetary policy so requires.

ARTICLE VII. *BANK RESERVES*

SEC. 94. *Reserve Requirements.* – In order to control the volume of money created by the credit operations of the banking

system, all banks operating in the Philippines shall be required to maintain reserves against their deposit liabilities: *Provided*, That the Monetary Board may, at its discretion, also require all banks and/or quasi-banks to maintain reserves against funds held in trust and liabilities for deposit substitutes as defined in this Act. The required reserves of each bank shall be proportional to the volume of its deposit liabilities and shall ordinarily take the form of a deposit in the Bangko Sentral. Reserve requirements shall be applied to all banks of the same category uniformly and without discrimination.

Reserves against deposit substitutes, if imposed, shall be determined in the same manner as provided for reserve requirements against regular bank deposits, with respect to the imposition, increase, and computation of reserves.

The Monetary Board may exempt from reserve requirements deposits and deposit substitutes with remaining maturities of two (2) years or more, as well as interbank borrowings.

Since the requirement to maintain bank reserves is imposed primarily to control the volume of money, the Bangko Sentral shall not pay interest on the reserves maintained with it unless the Monetary Board decides otherwise as warranted by circumstances.

SEC. 95. *Definition of Deposit Substitutes.* – The term "deposit substitutes" is defined as an alternative form of obtaining funds from the public, other than deposits, through the issuance, endorsement, or acceptance of debt instruments for the borrower's own account, for the purpose of relending or purchasing of receivables and other obligations. These instruments may include, but need not be limited to, bankers acceptances, promissory notes, participations, certificates of assignment and similar instruments with recourse, and repurchase agreements. The Monetary Board shall determine what specific instruments shall be considered as deposit substitutes for the purposes of Section 94 of this Act: *Provided, however*, That deposit substitutes of commercial, industrial and other nonfinancial companies issued for the limited purpose of financing their own needs or the needs of their agents

or dealers shall not be covered by the provisions of Section 94 of this Act.

SEC. 96. *Required Reserves Against Peso Deposits.* – The Monetary Board may fix and, when it deems necessary, alter the minimum reserve ratios to peso deposits, as well as to deposit substitutes, which each bank and/or quasi-bank may maintain, and such ratio shall be applied uniformly to all banks of the same category as well as to quasi-banks.

SEC. 97. *Required Reserves Against Foreign Currency Deposits.* – The Monetary Board is similarly authorized to prescribe and modify the minimum reserve ratios applicable to deposits denominated in foreign currencies.

SEC. 98. *Reserves Against Unused Balances of Overdraft Lines.* – In order to facilitate Bangko Sentral control over the volume of bank credit, the Monetary Board may establish minimum reserve requirements for unused balances of overdraft lines.

The powers of the Monetary Board to prescribe and modify reserve requirements against unused balances of overdraft lines shall be the same as its powers with respect to reserve requirements against demand deposits.

SEC. 99. *Increase in Reserve Requirements.* – Whenever in the opinion of the Monetary Board it becomes necessary to increase reserve requirements against existing liabilities, the increase shall be made in a gradual manner and shall not exceed four percentage points in any thirty-day period. Banks and other affected financial institutions shall be notified reasonably in advance of the date on which such increase is to become effective.

SEC. 100. *Computation on Reserves.* – The reserve position of each bank or quasi-bank shall be calculated daily on the basis of the amount, at the close of business for the day, of the institution's reserves and the amount of its liability accounts against which reserves are required to be maintained: *Provided,* That with reference to holidays or nonbanking days, the reserve

position as calculated at the close of the business day immediately preceding such holidays and nonbanking days shall apply on such days.

For the purpose of computing the reserve position of each bank or quasi-bank, its principal office in the Philippines and all its branches and agencies located therein shall be considered as a single unit.

SEC. 101. *Reserve Deficiencies.* – Whenever the reserve position of any bank or quasi-bank, computed in the manner specified in the preceding section of this Act, is below the required minimum, the bank or quasi-bank shall pay the Bangko Sentral one-tenth of one percent (1/10 of 1%) per day on the amount of the deficiency or the prevailing ninety-one-day treasury bill rate plus three percentage points, whichever is higher: *Provided, however,* That banks and quasi-banks shall ordinarily be permitted to offset any reserve deficiency occurring on one or more days of the week with any excess reserves which they may hold on other days of the same week and shall be required to pay the penalty only on the average daily deficiency during the week. In cases of abuse, the Monetary Board may deny any bank or quasi-bank the privilege of offsetting reserve deficiencies in the aforesaid manner.

If a bank or quasi-bank chronically has a reserve deficiency, the Monetary Board may limit or prohibit the making of new loans or investments by the institution and may require that part or all of the net profits of the institution be assigned to surplus.

The Monetary Board may modify or set aside the reserve deficiency penalties provided in this section, for part or the entire period of a strike or lockout affecting a bank or a quasi-bank as defined in the Labor Code, or of a national emergency affecting operations of banks or quasi-banks. The Monetary Board may also modify or set aside reserved deficiency penalties for rehabilitation program of a bank.

SEC. 102. *Interbank Settlement.* – The Bangko Sentral shall establish facilities for interbank clearing under such rules

and regulations as the Monetary Board may prescribe: *Provided*, That the Bangko Sentral may charge administrative and other fees for the maintenance of such facilities.

The deposit reserves maintained by the banks in the Bangko Sentral in accordance with the provisions of Section 94 of this Act shall serve as basis for the clearing of checks and the settlement of interbank balances, subject to such rules and regulations as the Monetary Board may issue with respect to such operations: *Provided*, That any bank which incurs on overdrawing in its deposit account with the Bangko Sentral shall fully cover said overdraft, including interest thereon at a rate equivalent to one-tenth of one percent (1/10 of 1%) per day or the prevailing ninety-one-day treasury bill rate plus three percentage points, whichever is higher, not later than the next clearing day: *Provided, further*, That settlement of clearing balances shall not be effected for any account which continues to be overdrawn for five (5) consecutive banking days until such time as the overdrawing is fully covered or otherwise converted into an emergency loan or advance pursuant to the provisions of Section 84 of this Act: *Provided, finally*, That the appropriate clearing office shall be officially notified of banks with overdrawn balances. Banks with existing overdrafts with the Bangko Sentral as of the effectivity of this Act shall, within such period as may be prescribed by the Monetary Board, either convert the overdraft into an emergency loan or advance with a plan of payment, or settle such overdrafts, and that, upon failure to so comply herewith, the Bangko Sentral shall take such action against the bank as may be warranted under this Act.

SEC. 103. *Exemption from Attachment and other Purposes.* – Deposits maintained by banks with the Bangko Sentral as part of their reserve requirements shall be exempt from attachment, garnishment, or any other order or process of any court, government agency or any other administrative body issued to satisfy the claim of a party other than the Government, or its political subdivisions or instrumentalities.

ARTICLE VIII. *SELECTIVE REGULATION OF BANK
OPERATIONS*

SEC. 104. *Guiding Principle.* – The Monetary Board shall use the powers granted to it under this Act to ensure that the supply, availability and cost of money are in accord with the needs of the Philippine economy and that bank credit is not granted for speculative purposes prejudicial to the national interests. Regulations on bank operations shall be applied to all banks of the same category uniformly and without discrimination.

SEC. 105. *Margin Requirements Against Letters of Credit.* – The Monetary Board may at any time prescribe minimum cash margins for the opening of letters of credit, and may relate the size of the required margin to the nature of the transaction to be financed.

SEC. 106. *Required Security Against Bank Loans.* – In order to promote liquidity and solvency of the banking system, the Monetary Board may issue such regulations as it may deem necessary with respect to the maximum permissible maturities of the loans and investments which the banks may make, and the kind and amount of security to be required against the various types of credit operations of the banks.

SEC. 107. *Portfolio Ceilings.* – Whenever the Monetary Board considers it advisable to prevent or check an expansion of bank credit, the Board may place an upper limit on the amount of loans and investments which the banks may hold, or may place a limit on the rate of increase of such assets within specified periods of time. The Monetary Board may apply such limits to the loans and investments of each bank or to specific categories thereof.

In no case shall the Monetary Board establish limits which are below the value of the loans or investments of the banks on the date on which they are notified of such restrictions. The restrictions shall be applied to all banks uniformly and without discrimination.

SEC. 108. *Minimum Capital Ratios.* – The Monetary Board may prescribe minimum ratios which the capital and surplus of the bank must bear to the volume of their assets, or to specific categories thereof, and may alter said ratios whenever it deems necessary.

ARTICLE IX. *COORDINATION OF CREDIT POLICIES BY
GOVERNMENT INSTITUTIONS*

SEC. 109. *Coordination of Credit Policies.* – Government-owned corporations which perform banking or credit functions shall coordinate their general credit policies with those of the Monetary Board.

Toward this end, the Monetary Board may, whenever it deems it expedient, make suggestions or recommendations to such corporations for the more effective coordination of their policies with those of the Bangko Sentral.

SEC. 118. *Methods of Placing Government Securities.* – The Bangko Sentral may place the securities to which the preceding section refers through direct sale to financial institutions and the public.

The Bangko Sentral shall not be a member of any stock exchange or syndicate, but may intervene therein for the sole purpose of regulating their operations in the placing of government securities.
