¹ Revised

¹ Starting January 2008, a revised industry disaggregation of the MISSI indices will be adopted to conform to the 1994 PSIC groupings. Rubber and Plastic Products is now a new major sector consisting of two subsectors, namely: Rubber Products & Plastic Products. Rubber Products was previously a major sector while Plastic Products was one of the sub-sectors of Chemical Product.

² Due to closure of a big establishment which is setting the trend, index for the leather product sector went down.
