

**List of Banks Offering Basic Deposit Accounts (BDAs)
As of Q3 2022**

BDA is a deposit product that meets the need of the unbanked and low-income sector for an affordable and easy-to-open account. It has a low opening amount of PHP 100 or less, no maintaining balance, no dormancy charges, and simple identification requirements.

The list of banks offering BDAs is updated quarterly based on bank reports submitted to the Bangko Sentral ng Pilipinas (BSP). Banks may have a different name or branding for their BDA product. This document is provided for informational purposes only and should not be construed as an endorsement of any banks in the list.
