III. Strong Economic Recovery and Reform Momentum

Inflation Continued to Ease Manageable inflation environment

- Headline inflation averaged 6.0% in 2023. Inflation dropped further to 2.8% year-on-year in January 2024 from 3.9% in December 2023 as domestic supply conditions improve. Latest inflation outturn is within the Government's average inflation target range of 2.0-4.0% for the year.
- In the latest policy meeting on 15 February 2024, the Monetary Board (MB) decided to maintain BSP's Target Reverse Repurchase (RRP) Rate at 6.50%. The MB noted that the outlook for inflation was broadly unchanged. The latest risk-adjusted inflation forecast for 2024 eased to 3.9% from 4.2% in the previous meeting in December. For 2025, the risk-adjusted inflation forecast is relatively steady at 3.5% from 3.4%. The BSP's latest survey of external forecasters shows inflation expectations to be more firmly anchored, with mean forecasts remaining within the target range for both 2024 and 2025. Meanwhile, the risks to the inflation outlook have receded but remain tilted toward the upside. In consideration of the prevailing risks, the MB deems it appropriate to keep the BSP's monetary policy settings unchanged in the near term amid the improvement in inflation conditions. The BSP also continues to support the National Government's non-monetary measures to address supply-side pressures on prices and sustain the disinflation process. The BSP remains ready to adjust monetary policy settings as necessary in keeping with its primary mandate to safeguard price stability.

Note: Starting 2022, the Philippine Statistics Authority (PSA) adjusted the base year from 2012 to 2018, reflecting the changing household consumption patterns of Filipinos.

IV. Robust External Accounts

Opportunities for Regional Trade, Investment to Support External Accounts

Philippines: A strategic point of access to key markets

Critical entry point to over 680mn people in the ASEAN Market

Natural gateway to the East-Asian economies

Situated at the crossroads of international shipping and air lanes

Reachable within 3-4 hours by plane within most countries in Asia

Philippines' Foreign Trade Agreements (FTA)

US: 70% of Philippine exports enter the US duty-free under the US' Generalized System of Preferences (GSP)

EU: duty-free access for 6,274 tariff lines under GSP+ Program; the Philippines is the only ASEAN country with GSP+

ASEAN Free Trade Area, comprising Brunei Darussalam, Laos, Indonesia, Malaysia, Myanmar, Philippines, Singapore, Thailand, and Vietnam, has lower intra-regional tariffs of 0-5%

ASEAN Partners: China, South Korea, Japan, India, Australia-New Zealand, and Hong Kong

European Free Trade Association (EFTA): Switzerland, Norway, Iceland, and Liechtenstein

PH-South Korea Free Trade Agreement (for signing): Includes tariff reductions and technical cooperation on smart farming, film production and EVs

Regional Comprehensive Economic Partnership (RCEP)

Ratified by the Philippines on 21 February 2023 and entered into force on 02 June 2023

Philippine Institute for Development Studies (PIDS) research found that Philippines and Vietnam are the top gainers of RCEP deal

RCEP is expected to open markets for 92% of Philippines' products

Improves export competitiveness of the Philippines' key products of interests, such as agricultural products, automotive parts, and garments

Improves levels of market access; provides a specific chapter for MSMEs; includes simplified and business-friendly customs procedure for trade; enhanced cooperation on e-commerce

Provides a platform to encourage more investments and service providers in vital sectors, such as manufacturing, creative sectors, financial services, research and development, IT-BPO, and energy, among others

V. Stable and Resilient Banking System

Enabling Islamic banking reforms unlock greater financial inclusion for inclusive growth

RA 11439, An Act Providing for the Regulation and Organization of Islamic Banks

Prudential regulations provide an enabling regulatory environment and a level playing field for Islamic banking

- Guidelines on the Establishment of Islamic Banks (IBs) and Islamic banking Units (IBUs), Circular No. 1069, Series of 2019
- Shari’ah Governance Framework for IBs and IBUs, Circular No. 1070, Series of 2019
- Guidelines on the Management of Liquidity Risk by IBs and IBUs, Circular No. 1116, Series of 2021
- Guidelines for Reporting Islamic Banking and Finance Transactions/Arrangements, Circular No. 1139, Series of 2022
- Modified Minimum Capitalization of Conventional Banks with IBU, Circular No. 1173, Series of 2023

Monetary Board approved the issuance of the first Islamic banking unit license to a conventional bank, bringing the total number of Islamic banking players in the country to 2.

Whole-of-Government Approach

Nationwide capacity-building programs and awareness campaigns— virtual and in-person briefings and information sessions—have increased engagement with potential new players.

Islamic banking is seen to expand the Philippines’ financial inclusion agenda, particularly in the Bangsamoro Autonomous Region in Muslim Mindanao, the most unbanked region in the country.

VI. Strong Foundation for Digital Payments

Enabling environment for a safe, efficient, and reliable payment systems

- National Payment Systems Act or RA 11127 provides a legal and regulatory framework to support the BSP in fulfilling its enhanced mandate of ensuring that payment systems function safely, efficiently, and reliably
- Amendments to the New Central Bank Act or RA 11211 empower the BSP to oversee payment and settlement systems, including critical financial market infrastructure

Regulatory approach

- *Registration and licensing framework of digital banks and virtual asset service providers. Approval of six (6) digital banks is expected to promote market efficiency and expand a broad range of financial services aimed at acceleration of financial digitalization*
- *Adoption of Payment System Oversight Framework (PSOF) as the second leg of the National Payment Systems Act (NPSA)*
- *Regulatory Sandbox Framework to foster an enabling environment for responsible innovation aimed at promoting the development of an inclusive digital financial ecosystem, complemented by a sound risk management system*
- *Consumer protection and digital literacy*

Digital Payments Transformation Roadmap 2020-2023 to transform the Philippines from a cash-heavy to a cash-lite economy

Goals, objectives, policy initiatives

70% of Filipino adults to have transaction/formal accounts by 2023

65% in 2022 from 56% in 2021 and 29% in 2019

50% of financial transactions done digitally by 2023

42.1% in 2022 from 10% in 2018

- More innovative digital financial products and services, enabled by a digital ID (Philippine Identification System), and supported by the Payments and Settlements System for real-time processing of financial transactions

VI. Strong Foundation for Digital Payments

Roadmap anchored on 3 Pillars for the development of the Next Generation Payment Settlement System

Digital Payments Streams	Digital Finance Infrastructure	Digital Governance Standards
- Catalyze broader adoption of digital payments among consumers and businesses - QR Ph, Paleng-QR Ph Plus, E-Gov Facility (P2G, B2G), Bills Pay, Request to Pay, Direct Debit Facilities 	- Enhance key infrastructure that supports the expansion of an inclusive, digital payments ecosystem - National ID System – PhilSys, PhilPaSS, Open banking 	- Promote responsible digital innovations - Open Banking and Application Programming Interfaces Standards, Adoption of ISO 20022 Standards, Cybersecurity Policies and Measures, Use of Data Policy

- The fiscal program reflects a gradual increase in revenue collections fueled by continued implementation of existing tax measures and tax administration reforms, bolstered by robust economic growth. The deficit in 2022 was 7.3% of GDP, lower than the previous year's 8.6%, and projected to decline further to 5.1% in 2024.
- The Philippines is leveraging its strong track record of revenue improvement and prudent expenditure management to return to fiscal consolidation (i.e., to reduce deficit and debt stock accumulation) in the medium-term.

VIII. Infrastructure Program

Forging Stronger Partnerships with the Private Sector

Key Reforms to Foster Public-Private Partnerships

RA 11966 – An Act Providing for the Public-Private Partnership (PPP) Code of the Philippines

Further institutionalize the partnership between the public and private sectors, recognizing the private sector's indispensable role in nation-building and sustainable development. It aims to strengthen the government's PPP program by consolidating all legal frameworks and creating a unified system that will further enhance private sector participation. The PPP code is aimed at addressing fragmented legal frameworks for PPPs. The goal is to ensure high-quality PPP projects and mitigate risks during implementation

Access RA 11966 through the QR code below:

“Public-Private Partnerships or PPPs hold great potential for that (infrastructure projects) expansion, for infrastructure development, and for innovation.” – President Ferdinand Marcos Jr.

- The PPP Code was signed into law by President Marcos, Jr. on 5 December 2023 and took effect last 23 December 2023.
- The PPP Governing Board (PPPGb) shall serve as the Implementing Rules and Regulations (IRR) Committee and is tasked to issue the PPP Code's IRR by 23 March 2024

Key Reforms under the PPP Code

- Strengthen enabling PPP institutions, such as the PPP Governing Board, the PPP Center, the Project Development and Monitoring Facility (PDMF), and the newly created PPP Risk Management Fund (RMF) for enhance sustainability of the PPP Program
- Strengthen the use of the PDMF and provide more assistance to PPP projects as needed, subject to approval by the PPP Governing Board.
- Institutionalize the PPP RMF, a facility created for the payment of contingent liabilities arising from PPPs.
- Update project approval thresholds for Build-Operate-Transfer (BOT) projects, which were last set 29 years ago, while allowing the NEDA Investment Coordination Committee to review, evaluate, and update these threshold amounts.
- Uphold and retain local autonomy while providing mechanisms to ensure harmonized investment programming between the local government units and the national government. Unsolicited proposals are allowed in the list of PPP projects without new concept or technology requirement, subject to reimbursement of the government's development costs

Promoting the Philippine economy at home and abroad

The IRG undertakes a range of initiatives to build awareness among domestic and international investment audiences on the Government's economic reform program, promote specific investment opportunities in the Philippines, and facilitate information exchange and dialogue between the Government's key economic policy decision-makers and domestic/international investors. These initiatives include:

- Regular Economic Briefings to update the business community, media, and industry organizations on the country's economic performance
- Investor Roadshows to bring the Government's resilient economic performance record, commitment to sound economic management, and responsible reform to members of the international financial community
- Media Briefings to raise awareness on the Government's progress in economic reforms and plans for ongoing reforms
- Government Policy Roadshows to increase the business community's understanding of government policy measures to generate support for the policy implementation process
- Investor Teleconferences to provide timely updates on key economic performance indicators
- E-mail service to keep investors and other investors abreast of data releases on a regular basis
- An English Language Microsite, <https://www.bsp.gov.ph/Pages/IRO.aspx>, to provide a wide range of easily accessible information about the Philippines' economic performance and the government's economic policies
