- The fiscal program reflects a gradual increase in revenue collections fueled by continued implementation of existing tax measures and administration reforms, bolstered by robust economic growth. The government is looking into relaxing privatization rules to allow sales of idle assets and review of existing fees and charges to improve non-tax revenue collection. The deficit in 2023 was 6.2% of GDP, lower than the previous year's 7.3%, and projected to decline further to 5.6% in 2024.
- The Philippines is leveraging its strong track record of revenue improvement and prudent expenditure management to return to fiscal consolidation (i.e., reduce deficit and debt stock accumulation) in the medium-term.

Forging Stronger Partnerships with the Private Sector

RA 11966 – Public-Private Partnership (PPP) Code of the Philippines

“Public-Private Partnerships or PPPs hold great potential for that (infrastructure projects) expansion, for infrastructure development, and for innovation.” – President Ferdinand Marcos Jr.

- The PPP Code was signed into law by President Marcos, Jr. on 5 December 2023 and took effect on 23 December 2023.
- The Implementing Rules and Regulations (IRR) took effect on 6 April 2024

Access RA 11966 through the QR code below:

Key Reforms

- Strengthen enabling PPP institutions, such as the PPP Governing Board, the PPP Center, the Project Development and Monitoring Facility (PDMF), and the newly created PPP Risk Management Fund (RMF).
- Strengthen the use of the PDMF and provide more assistance to PPP projects as needed, subject to approval by the PPP Governing Board.
- Institutionalize the PPP RMF, a facility created for the payment of contingent liabilities arising from PPPs.
- Update project approval thresholds for Build-Operate-Transfer (BOT) projects, which were last set 29 years ago, while allowing the NEDA Investment Coordination Committee to review, evaluate, and update these threshold amounts.
- ✓ PPP projects costing PHP15bn(US\$263.2mn) and above (previously above PHP300mn/US\$5.3mn) will need the approval of the NEDA Board.
- Uphold and retain local autonomy while providing mechanisms to ensure harmonized investment programming between the local government units and the national government. Unsolicited proposals are allowed in the list of PPP projects without new concept or technology requirement, subject to reimbursement of the government’s development costs

Material Adverse Government Action (MAGA) refers to any act of the government which the Private Partner has no knowledge of, or could not be reasonably expected to have had knowledge of, prior to the effectivity of the PPP contract, and that occurs after the effectivity of the PPP contract, other than an act which is authorized or permitted under the PPP contract, which (1) specifically discriminates against the sector, industry, or project, and (2) has a significant negative effect on the ability of the Private Partner to comply with any of its obligations under the approved PPP contract. MAGA may include unanticipated regulatory risks. (Section 3, Item V of the PPP Code)

Promoting the Philippine economy at home and abroad

The IRG undertakes a range of initiatives to build awareness among domestic and international investment audiences on the Government's economic reform program, promote specific investment opportunities in the Philippines, and facilitate information exchange and dialogue between the Government's key economic policy decision-makers and domestic/international investors. These initiatives include:

- Regular Economic Briefings to update the business community, media, and industry organizations on the country's economic performance
- Investor Roadshows to bring the Government's resilient economic performance record, commitment to sound economic management, and responsible reform to members of the international financial community
- Media Briefings to raise awareness on the Government's progress in economic reforms and plans for ongoing reforms
- Government Policy Roadshows to increase the business community's understanding of government policy measures to generate support for the policy implementation process
- Investor Teleconferences to provide timely updates on key economic performance indicators
- E-mail service to keep investors and other investors abreast of data releases on a regular basis
- An English Language Microsite, <https://www.bsp.gov.ph/Pages/IRO.aspx>, to provide a wide range of easily accessible information about the Philippines' economic performance and the government's economic policies
