

The Philippine Economic Briefing (PEB), a flagship activity of the Bangko Sentral ng Pilipinas' (BSP) Investor Relations Group (IRG), aims to update the local financial and business communities on the latest developments in the economy as well as priority programs and policies of the BSP and the national government.

The post-State of the Nation (SONA) PEB, in particular, is an important platform to discuss the economic agenda of the administration and share the Philippines' development story with the financial and business communities.

On 26 July 2023, the BSP IRG conducted the second post-SONA PEB in Manila and featured economic development officials. With the theme "Agenda for Prosperity: Economic Transformation toward Inclusivity and Sustainability," the post-SONA PEB discussed the President's pronouncements in his second SONA and the economic agenda of the administration.

To update regional stakeholders of the developments in the Philippine economy, the BSP, together with the Department of Finance, will also hold domestic roadshows for the post-SONA PEB at key growth centers in Davao, Cebu, and Ilocos Norte.

The post-SONA PEBs will focus on the government's economic and social transformation agenda through three panel discussions, namely: 1) A Fast-Growing and Forward-Looking Economy; 2) Building Better and Smarter for the Future; and 3) Reinventorize (*Job Creation*). Accelerate (*Poverty Reduction*). Transform (*the Economy to Upper Middle-Income Status*).
