I. Key Investment Highlights

Firm commitment to reform for sustained robust growth

- Legislative reforms aim to attract foreign investment, boost competitiveness, and strengthen business environment to spur growth and raise GDP per capita.
- Comprehensive measures target infrastructure and education gaps while accelerating digital transformation.

Diversified economic base provides insulation from external shocks and supports high and stable growth

- Large services sector and improving domestic investment climate mitigate exposure to global trade shocks, with tariffs focused on merchandise goods exports.
- Favourable geostrategic location positions country as regional logistics and trading hub

Deployment of growth-enhancing public finance reforms

- Comprehensive reforms strengthen the tax system, leading to enhanced revenue mobilization and fiscal sustainability.
- Medium-Term Fiscal Framework guides fiscal consolidation efforts and supports sustainable debt burden.
- Moderate general government debt burden relative to regional and rating peers

Resilient service receipts and remittance flows, ample buffers, and moderate external debt burden support favorable external position

- Resilient remittances flows and strong services exports support balance of payments.
- Favourable prospects for increased FDI inflows driven by liberalization reforms
- Large foreign exchange reserves provide robust buffer against global headwinds.
- Manageable external debt burden lowers vulnerability to external shocks.

Stable and resilient banking system provides reliable support to economic activities

- Well-capitalized and liquid banking system underpinned by stable deposit base

II. Six-Year Game Plan for Economic Transformation

Charting a More Inclusive and Resilient Economy

The Marcos Jr. administration's medium term macroeconomic and fiscal objectives

Debt-to-GDP	▪ 56.3% by 2028
Country Income Status	▪ Upper middle-income by 2025
Infrastructure Spending-to-GDP	▪ 5.0% - 6.0% for 2023-2028

II. Six-Year Game Plan for Economic Transformation

Philippine Development Plan (PDP) 2023-2028

8-point agenda for the near term to protect purchasing power and mitigate socioeconomic scarring

Protect the purchasing power of families

- Ensure food security
- Reduce transport and logistics cost
- Reduce energy cost

Reduce vulnerability and mitigate scarring from COVID-19 pandemic

- Ensure capacity of healthcare in case of surges
- Strengthen social protection
- Address learning losses

Ensure sound macroeconomic fundamentals

- Improve bureaucratic efficiency and sound fiscal management
- Ensure a resilient and innovative financial sector

Create more jobs

- Promote investments
- Improve infrastructure
- Ensure energy security

Create quality jobs

- Increase employability
- Enhance the digital economy
- Advance R&D and innovation

Create green jobs

- Pursue a green and blue economy
- Establish livable and sustainable communities

Ensure a level playing field

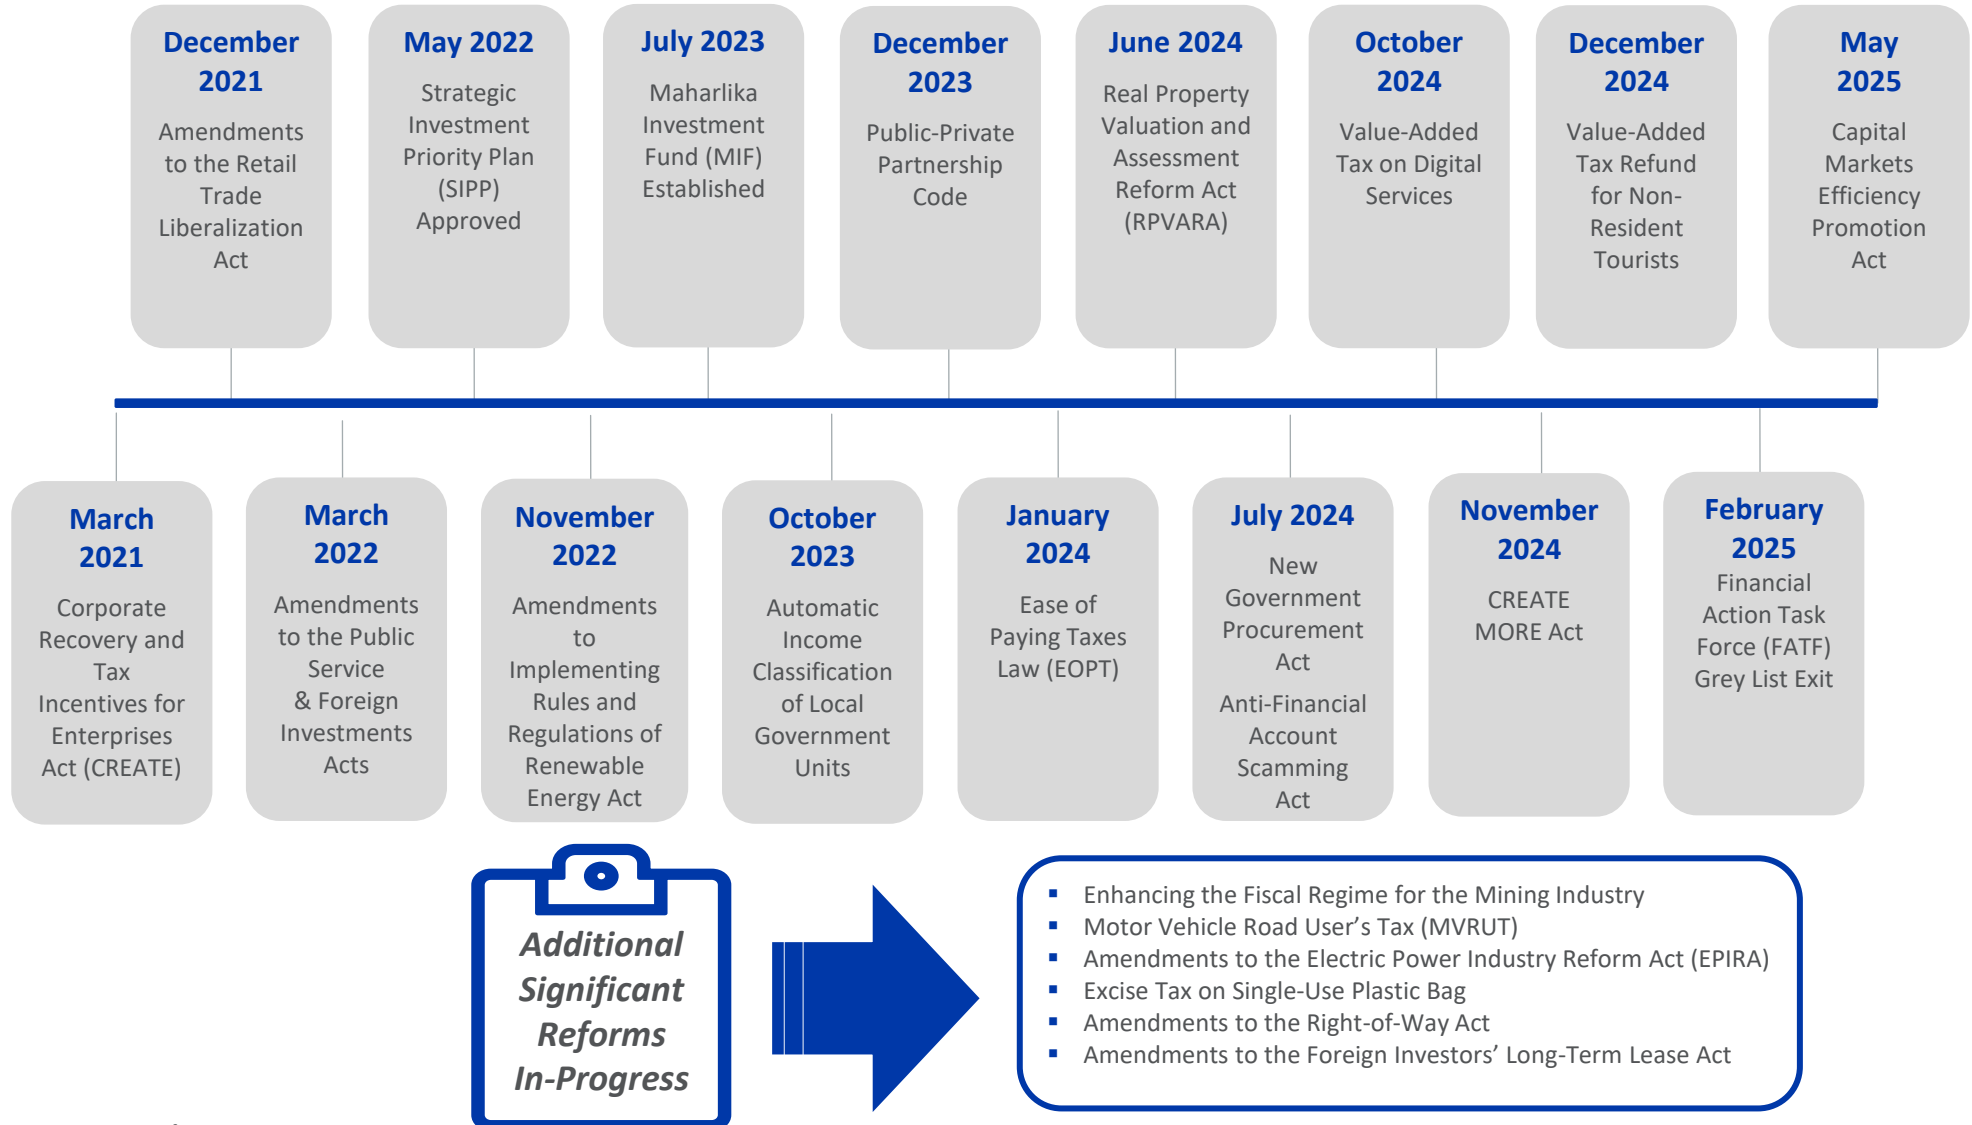

- Strengthen market competition
- Reduce barriers to entry and limits to entrepreneurship

Uphold public order and safety, peace, and security

- Protect and develop conflict-affected communities
- Safeguard people's life from criminality
- Provide protection and safety from natural hazards and security threats
- Uphold and protect territorial integrity and sovereignty

III. Timeline of Recent Major Reforms

To further open up economy, improve business environment, boost revenue mobilization

V. Sustained Robust Growth and Reform Momentum

Sustained growth momentum owing to sound fundamentals and guided by a robust roadmap

Philippines remains one of fastest growing economies in Southeast Asia

V. Sustained Robust Growth and Reform Momentum

Domestic demand remained a key pillar of growth

Demand-side growth rates (% , Constant 2018 prices)

Industry and services drive growth; increased investments in agriculture sector to enhance productivity and resilience

Supply-side growth rates (% , Constant 2018 prices)

Steady growth of domestic demand fuels economy

V. Sustained Robust Growth and Reform Momentum

Manageable inflation environment

Headline CPI (yoy, %), 2018 = 100

On 28 May 2023, President Ferdinand R. Marcos Jr. signed Executive Order (EO) No. 28 creating the Inter-Agency Committee on Inflation and Market Outlook to beef up the government's efforts to ease inflation and improve the economy.

Latest ^{1/}:
1.3% (May 2025)
1.9% (Jan- May 2025)

- May 2025: Inflation slowed further to 1.3% from 1.4% in April, mainly due to lower electricity rates and petroleum price rollbacks reducing non-food prices
- April 2025: BSP reduced Target Reverse Repurchase Rate by 25bps to 5.50%.** Risks to inflation outlook have eased, continue to be broadly balanced from 2025 to 2027. Upside pressures come from possible increases in transport charges, meat prices, and utility rates. Meanwhile, downside risks are linked to continuing effects of lower tariffs on rice imports and expected impact of weaker global demand
- Inflation projected to remain within target over policy horizon.** Risk adjusted inflation forecasts as of latest MB Meeting on 10 April 2025

V. Sustained Robust Growth and Reform Momentum

Deepening Capital Markets to Improve Monetary Policy Transmission, Improve Price Discovery, and Increase Market Liquidity

Transparent and reliable financial market benchmarks

Use of Overnight Reference Rate as overnight benchmark rate

Launch of enhanced Interest Rate Swap market

- Creates benchmark yield curve to help banks and other lenders price loans at various maturities for long-term capital allocation
- 16 banks have committed to be market makers

Goal: inclusion of RPGBs in various indices

Enhance foreign investor access to peso-denominated government bonds, reduces friction cost

More efficient transmission of monetary policy

Global Master Repurchase Agreement (GMRA)-based RRP

- Expected to increase trading between banks and improve financial benchmarks

Expansion of counterparties

- More types of investors, like trust entities (UITFs and IMAs), to participate in the primary auction and secondary market trading of BSP Securities

Issuances and Taxation

Debt Issuance Strategy

- Concentrate issuances on key benchmark tenors and consolidate outstanding ISINs

Taxation Framework

- **Capital Markets Efficiency Promotion Act (RA 12214, S. 2025)** to streamline taxation, reduce transaction costs and increase market participation in both capital markets and collective investment schemes
 - Projected revenue: over PHP25bn from 2025 to 2030
- **Streamlined tax implementation under National Registry of Scripless Securities (NROSS)**
 - Foreign investors can open securities account ahead of future government securities purchases
 - Eliminates need for issuer (BTr) to submit confirmation propriety of withholding tax applied on income
 - Leverages tracking feature of NROSS, eliminates need for tax reclaims in cases where treaty rates are not applied

V. Sustained Robust Growth and Reform Momentum

Major Tax Reforms Fund Economic Recovery Programs and Attract Investments

Corporate Recovery and Tax Incentives for Enterprises to Maximize Opportunities for Reinvigorating the Economy (CREATE MORE) Act
(RA 12066, S. 2024)

CREATE Act (RA 11534, S. 2021)

Ease of Doing Business: Simplifies local taxation and clarifies the process for VAT and duty incentives, establishes a dedicated unit to support end-to-end tax compliance of RBEs, expands support for non-registered exporters and high value domestic market enterprises

Improves Tax Regime: For the Enhanced Deductions Regime, lowers corporate income tax to 20% from 25%, doubles power expense deductions, allows 50% additional deductions for reinvestment allowance for the tourism industry, adds a 50% deduction for tourism and trade fairs; net operating loss carry-over (NOLCO) deductions within 5 years; extends maximum period of incentives to 27 years

Efficient Approval Process: Increases investment capital approval threshold for investment promotion agencies to PHP15bn from PHP1bn, requiring only larger projects to go through FIRB

Largest fiscal stimulus for enterprises in the country's history

Provides an estimated US\$2bn of tax relief annually to corporate sector to sustain employment or use for investments

Provides hefty corporate income tax rate cuts

Tax cut for MSMEs (from 30% to 20%) and for all other corporations (from 30% to 25%)

Provides more flexibility in the grant of fiscal and non-fiscal incentives

Rationalizes fiscal incentives, creating an enhanced incentive package that is performance-based, time-bound, targeted, and transparent.

Projects granted with tax incentives by the Fiscal Incentives Review Board (FIRB)

68 projects as of December 2024 with total investment capital amounting to PHP38.2bn*

- mass housing
- operations of a subway project
- operations of a domestic roll-on/roll-off vessel

VI. Favorable External Position

Opportunities for Regional Trade, Investment to Support External Accounts

Philippines: A strategic point of access to key markets

Critical entry point to over 680mn people in the ASEAN Market

Natural gateway to the East-Asian economies

Situated at the crossroads of international shipping and air lanes

Reachable within 3-4 hours by plane within most countries in Asia

Foreign Trade Agreements (FTA)

Canada-GSP*: Exporters benefit from zero or reduced tariffs on a wide range of products, e.g., agricultural, manufacturing, etc.

EU-GSP+: Duty-free and reduced tariff access to the European market for over 6,200 products; only SEA country with GSP+

ASEAN Free Trade Area: lower intra-regional tariffs of 0-5%

Asia Pacific: China, Japan, India, Australia, New Zealand, and Hong Kong

European Free Trade Association (EFTA): Switzerland, Norway, Iceland, and Liechtenstein

UK DCTS:** Duty-free or reduced tariffs on eligible export goods; 0% import tariffs on 92% of all products

Korea: Entered into force in December 2024 expanding market for agricultural products, seafood, and electronic goods

Regional Comprehensive Economic Partnership (RCEP)

*Ratified by the Philippines on 21 February 2023
Entered into force on 02 June 2023*

Philippine Institute for Development Studies (PIDS) research found that Philippines and Vietnam are the top gainers of RCEP deal

Expected to open markets for 92% of Philippines' products

Improves export competitiveness of key products, such as agricultural products, automotive parts, and garments

Improves levels of market access; provides a specific chapter for MSMEs; includes simplified and business-friendly customs procedure for trade; enhances cooperation on e-commerce

Provides a platform to encourage more investments and service providers in vital sectors, e.g., manufacturing, creative sectors, financial services, research and development, IT-BPO, and energy, among others

VI. Favorable External Position

Managing Geopolitical Risks and Opportunities

Philippines: well-positioned to navigate global trade and geopolitical uncertainties

- Robust services sector, limited reliance on commodity exports, and diverse trade partnerships shield Philippines from impacts of US tariffs and external shocks.
- Comprehensive measures (e.g., PPP Code, Amendments to IRR of RE Act) to further develop infrastructure (including power) and education to boost growth, productivity and inclusivity.

**Economic
Diversification
and Reform**

- Philippines – crucial ally to United States in APAC, with historically close political and cultural ties. Alliance remains robust and benefits from continuing positive momentum in security, defense, and economic cooperation.
- Recent milestones: US Presidential Trade and Investment Mission (PTIM), launch of Luzon Economic Corridor (LEC) under Partnership for Global Infrastructure and Investment (PGI), and Indo-Pacific Economic Framework (IPEF) Investment Accelerator.
- Proposed US tariffs on Philippines (17%), among lowest in APAC, suggests country may stand to gain market share in regional trade activity.
- China and Philippines' Bilateral Consultation Mechanism - framework for regular meetings and peaceful dialogue to constructively manage disputes in West Philippine Sea and strengthen bilateral relations.

**Bilateral
Engagements
with U.S. and
China**

- As Association of Southeast Asian Nations (ASEAN) member, Philippines engages regional partners on economic and national security issues.
- Key agreements (e.g., ASEAN Trade in Goods Agreement, ASEAN Framework Agreement on Services, and ASEAN Comprehensive Investment Agreement) aim to facilitate free flow of goods, services, and investment within region

**Multilateral
Diplomacy**

VII. Sound and Stable Banking System

Strong asset expansion funded mostly by deposits

Total assets and deposit levels (PHP tn) of U/KBs

Improving loan demand while keeping asset quality manageable

Total loans outstanding, gross of BSP RRP agreements (PHP tn) and non-performing loans (NPL) ratio (%) of U/KBs

Strong capitalization well above international norms

Capital adequacy ratio (%) of U/KBs

Strong liquidity position to fund requirements during shocks

Liquidity coverage ratio (LCR) (%) of U/KBs on solo basis

VII. Sound and Stable Banking System

Exit from Financial Action Task Force (FATF)'s grey list underscores commitment to combat money laundering and terrorism financing

Expected benefits

- Facilitate faster processing of cross-border transactions, reduce compliance barriers, and enhance financial transparency
- Support businesses; strengthen country's' position as attractive FDI destination; and benefit Filipinos, particularly overseas Filipinos

Action plan items related to the Bangko Sentral ng Pilipinas (BSP) and BSP-supervised financial institutions (BSFIs)

- Implementation of new registration requirements for money or value transfer services and application of sanctions to unregistered and illegal money remittance operators
- Enhancement of the effectiveness of the targeted financial sanctions framework for both terrorism financing and proliferation financing of weapons of mass destruction

Committed compliance with Anti-Money Laundering (AML)/Counter-Terrorism Financing/Counter-Proliferation Financing of Weapons of Mass Destruction (CTPF) standards

- Scale-up risk-based AML/CTPF supervision
- Strong engagement and collaboration with industry associations and BSFIs

VII. Sound and Stable Banking System

Islamic finance strengthens access to financial services, provides alternative banking and finance options

Enabling laws unlock greater financial inclusion for inclusive growth

- RA 11054, Organic Law for the Bangsamoro Autonomous Region in Muslim Mindanao (BARMM)
- IRR of Article XIII, Sections 32 and 34 of RA 11054, Joint Circular on the Establishment of the Shari'ah Supervisory Board in BARMM
- RA 11211, An Act Amending RA 7653, The New Central Bank Act
- RA 11439, An Act Providing for the Regulation and Organization of Islamic Banks
- RA 11840, An Act Amending RA 3591, The Philippine Deposit Insurance (PDIC) Charter

Complementary framework provides enabling regulatory environment and level playing field

- Guidelines on Establishment of Islamic Banks (IBs) and Islamic Banking Units (IBUs), Circular No. 1069, Series of 2019
- Shari'ah Governance Framework for IBs and IBUs, Circular No. 1070, Series of 2019

- Insurance Coverage for Islamic Deposits, Philippine Deposit Insurance Commission Bulletin, Series of 2024
- Issuance and Disclosure of Sukuk Bonds, Securities and Exchange Commission Exposure Draft, Series of 2024

Islamic Finance Opportunities

- Three (3) Islamic banking players and three (3) takaful operators operating in accordance with Shari'ah principles
- Successful Sovereign Sukuk issuance
- Promotes financial inclusion for all Filipinos
- Targets unbanked regions

VIII. Strong Foundation for Digital Payments

Enabling Environment for Safe, Efficient, and Reliable Payment Systems

- RA 11127, National Payment Systems Act (NPSA)
- RA 11211, Amendments to the New Central Bank Act empowers BSP to oversee payment and settlement systems
- RA 12010, Anti-Financial Account Scamming Act combats financial cybercrimes

Regulatory Approach

- *Registration and licensing framework of digital banks, electronic money issuers (EMIs), and virtual asset service providers. Monetary Board lifted moratoria on regular application for new EMIs – Non-Bank Financial Institutions (NBFI) in December 2024 and on grant of new digital banking licenses starting January 2025 (allowed maximum of 10 digital banks)*
- *Adoption of Payment System Oversight Framework (PSOF), which sets out a risk-based oversight approach over payment systems and financial market infrastructures*
- *Regulatory Sandbox Framework, which fosters an enabling environment for responsible innovation on inclusive digital financial ecosystem*
- *Consumer protection and digital literacy*

Digital Payments Transformation Roadmap steers from a cash-heavy to a cash-lite economy

Digital Payments Streams

- QR Ph, Paleng-QR Ph Plus, E-Gov Facility, Bills Pay, Request to Pay, Direct Debit Facilities, PESONet, Instapay

Digital Finance Infrastructure

- National ID System – PhilSys, PhilPaSS^{plus}, Open banking, Regulatory Sandbox

Digital Governance Standards

- Open Banking and Application Programming Interfaces Standards, Adoption of ISO 20022 Standards, Cybersecurity Policies, Use of Data Policy

- Growth-enhancing fiscal consolidation remains a priority. Declining deficit path to reach 3.7% in 2028, reflecting gradual increase in revenues supported by legislative measures including recently enacted VAT on Digital Services Act and tax administration reforms. Government to relax privatization rules to allow sale of idle assets; and review existing fees and charges to improve non-tax revenue collection.
- The Philippines to leverage on strong track record of revenue improvement and prudent expenditure management to return to fiscal consolidation (i.e., reduce deficit and debt stock accumulation) in the medium-term.

X. Infrastructure Program

Forging Stronger Partnerships with the Private Sector

RA 11966 – Public-Private Partnership (PPP) Code of the Philippines

“Public-Private Partnerships or PPPs hold great potential for that (infrastructure projects) expansion, for infrastructure development, and for innovation.” – President Ferdinand Marcos Jr.

Key Reforms

- Update project approval thresholds for Build-Operate-Transfer (BOT) projects, which were last set 29 years ago, while allowing DEPdev’s Investment Coordination Committee to review, evaluate, and update.
 - Projects costing PHP15bn (US\$263.2mn) and above (previously above PHP300mn/US\$5.3mn) will need Economy and Development Council’s approval
- Unsolicited proposals are allowed in list of PPP projects without new concept or technology requirement, subject to reimbursement of government’s development costs
- Uphold and retain local autonomy while providing mechanisms to ensure harmonized investment programming between local government units and the NG.

Material Adverse Government Action (MAGA) refers to any act of government which the Private Partner has no knowledge of, or could not be reasonably expected to have had knowledge of, prior to effectivity of the contract, and that occurs after effectivity of contract, other than an act which is authorized or permitted under the contract, which (1) specifically discriminates against the sector, industry, or project, and (2) has a significant negative effect on the ability of the Private Partner to comply with any of its obligations under the approved PPP contract. MAGA may include unanticipated regulatory risks - Section 3, Item V

Growth Drivers

- **Household consumption:** Easing inflation and more conducive financial environment; sustained labor market conditions; stable growth of remittances
- **Government spending:** Timely implementation of government programs and projects under 2025 National Budget; full implementation of New Government Procurement Act; PhilGEPS eMarketplace; and 2026 ASEAN Summit hosting
- **Investment:** Full implementation of the CREATE MORE Act; Improvements in ease of doing business through structural reforms; easing monetary and financial conditions; robust construction activities through Build, Better, More Program and Pambansang Pabahay Para sa Pilipino Program (National Housing Program); implementation of PPP Code; and Luzon Economic Corridor (LEC)
- **Net Exports:** Improved supply chain and wider market access through Regional Comprehensive Economic Partnership, LEC, Philippines-Korea Free Trade Agreements (FTA); forge strategic FTAs with other markets and venture to non-traditional exports products; tourism infrastructure and services upgrade; further expansion of IT-BPM
- **Agriculture:** Modernization of agriculture and agri-business over the medium term; better climate and weather outlook
- **Industry:** Expansion in manufacturing and construction, supported by the government's infrastructure development program, Electric Vehicle Incentives Strategy, and rising Artificial Intelligence (AI)-induced demand for electronic products; mining sector to benefit from growing demand for green metals
- **Services:** Sustain recovery in tourism-related industries, including transportation sector, accommodation and food service, and other services; upskill and reskill of workers to leverage on AI and sustain growth of IT-BPM sector; robust wholesale and retail trade amid easing inflation

XIII. Investor Relations Group

Promoting the Philippine Economy at Home and Abroad

The IRG undertakes a range of initiatives to build awareness among domestic and international investment audiences on the Government's economic reform program, promote specific investment opportunities in the Philippines, and facilitate information exchange and dialogue between the Government's key economic policy decision-makers and domestic/international investors. These initiatives include:

- Regular Economic Briefings to update the business community, media, and industry organizations on the country's economic performance
- Investor Roadshows to bring the Government's resilient economic performance record, commitment to sound economic management, and responsible reform to members of the international financial community
- Media Briefings to raise awareness on the Government's progress in economic reforms and plans for ongoing reforms
- Government Policy Roadshows to increase the business community's understanding of government policy measures to generate support for the policy implementation process
- Investor Teleconferences to provide timely updates on key economic performance indicators
- E-mail service to keep investors and other investors abreast of data releases on a regular basis
- An English Language Microsite, <https://www.bsp.gov.ph/Pages/IRO.aspx>, to provide a wide range of easily accessible information about the Philippines' economic performance and the government's economic policies
