b. The credit policy shall clearly define the types of information and reports to be generated, frequency of reporting, deadline of submission, and the users/recipients of and personnel responsible for the preparation of such information and reports.

c. FIs shall provide sufficient controls to ensure integrity of the MIS. Reports shall be periodically reviewed to ensure adequacy of scope and reliability and accuracy of the information generated. Internal audit shall also periodically assess the controls over MIS.

Credit monitoring. FIs shall develop and implement comprehensive processes, procedures and information systems to effectively monitor the condition and quality of individual credits and group of credits across the FIs' various portfolios. These shall include criteria that identify and report problem credits to reasonably assure that they are appropriately monitored as well as administered and provided for.

a. The system shall be able to, among others, provide measures to ensure that the board and management are kept informed of the current financial condition of the borrower and the various credit portfolios; loan covenants are consistently adhered to; cash flow projections meet repayment requirements; prudential and internal limits are not exceeded; portfolios are stress-tested; and potential problem credits and other transactions are identified. Exceptions, breaches and potential problems noted shall be promptly reported to management for corrective action, possible classification and/or provisioning and more frequent monitoring.

b. Personnel or unit assigned to monitor, on an ongoing basis, credit quality and underlying physical collateral and financial guarantees shall ensure that relevant information is communicated to those personnel or unit assigned to provide internal credit risk ratings.

c. FIs shall perform post-validation of the actual use of funds to determine that credits were drawn down for their intended purposes. Should funds be diverted for purposes other than what has been applied for and approved, the FI shall immediately re-evaluate its approval or if necessary, terminate the credit accommodation and demand immediate repayment of the obligation.

d. FIs shall monitor individual and aggregate exposures against prudential and internal limits on a regular basis. Large exposures shall be subject to more intensive monitoring.

e. FIs shall develop a system that allows monitoring of asset quality indicators (e.g. non-performing loans, collateral values, etc.) and trends in loan growth to identify potential weaknesses in the portfolio.

IV. Maintaining an Appropriate Credit Control Process

Credit review process

a. FIs shall implement an independent and objective credit review process to determine that credits are granted in accordance with the FI's policies; assess the overall asset quality, including appropriateness of classification and adequacy of loan-loss provisioning; determine trends; and identify problems (e.g., risk concentration, risk migration, deficiencies in credit administration and monitoring processes).

b. FIs may employ an appropriate sampling methodology to determine the scope of credit review. At a minimum, credit review shall be conducted on all individual obligors with substantial exposures, and on a consolidated group basis to factor in the business connections among related entities in a borrowing group. Credit review for credits that are similar in purpose or risk characteristics may be performed on a portfolio basis. The portfolio sample selected for review shall provide reasonable assurance that all major credit risk issues have been assessed and valid conclusions can be drawn. Moreover, sampling methodology shall be documented and periodically reviewed to ensure its quality and minimize bias.

c. Credit review shall also evaluate credit administration function and ensure that credit files are complete and updated, and all loan approvals and other necessary documents have been obtained.

d. Credit reviews shall be performed at least annually, and more frequently for substantial exposures, new accounts and classified accounts. Assessments shall be promptly discussed with the officers responsible for the credit activities and escalated to senior management.

e. Results of the credit review shall be promptly reported to the board of directors or the appropriate board-level committee for their appropriate action. The board shall mandate and track the implementation of corrective action in instances of unresolved deficiencies and breaches in policies and procedures. Deficiencies shall be addressed in a timely manner and monitored until resolved/corrected.

Credit classification and provisioning.

a. *Classification of loans and other credit accommodations*[1]. FIs shall have in place a reliable credit classification system to promptly identify deteriorating credit exposures and determine appropriate allowance for credit losses. Classification can be done on the basis of internal credit risk rating system, including payment delinquency status. All credit classifications, not only those reflecting severe credit deterioration, shall be considered in determining the appropriate allowance for credit losses.

(1) All FIs shall map their classification of loans and other credit accommodations against the regulatory classification criteria provided below. However, FIs are encouraged and not precluded from using additional criteria appropriate to their internal credit risk rating system provided they are consistent with the regulatory classification as follows:

(a) *Pass.* These are loans and other credit accommodations that do not have a greater-than-normal credit risk. The borrower has the apparent ability and willingness to satisfy his obligations in full and therefore no loss in ultimate collection is anticipated.

(b) *Especially mentioned (EM)*. These are loans and other credit accommodations that have potential weaknesses that deserve management's close attention. If left uncorrected, these weaknesses may affect the repayment of the loan. Some degree of structural weakness may be found in virtually any aspect of the loan arrangement or type of loan, and the presence of one (or more) need not be indicative of an overall credit weakness deserving criticism. Instead, the FI must evaluate the relative importance of such factors in the context of the borrower's overall financial strength, the condition of the borrower's industry or market, and the borrower's total relationship with the FI. Basic characteristics include, but are not limited to, any of the following:

(i) Deficiencies in underwriting, documentation, structure and/or credit administration that can compromise an FI's ability to control credit relationship if economic or other events adversely affect the borrower;

(ii) Continuous renewal/extension without reduction in principal, except when the capacity to pay of the borrower has been clearly re-established;

(iii) Adverse economic or market conditions, that in the future may affect the borrower's ability to meet scheduled repayments. Loans and other credit accommodations affected by these characteristics may retain the EM classification in the next examination should the same adverse conditions persist, provided that the loans remain current; or

(iv) Intermittent delays or inadequate repayment of principal, interest or periodic amortizations of loans and other credit accommodations granted by the FI or by other FIs, where such information is available.

(c) *Substandard***.** These are loans and other credit accommodations that have well-defined weakness/(es), that may jeopardize repayment/liquidation in full, either in respect of the business, cash flow or financial position, which may include adverse trends or developments that affect willingness or repayment ability of the borrower. Basic characteristics include any of the following:

(i) Weak financial condition and results of operation that leads to the borrower's inability to generate sufficient cash flow for debt servicing, except for start-up firms which shall be evaluated on a case-to-case basis;

(ii) Past due secured loans and other credit accommodations where properties offered as collateral have been found with defects as to ownership or with other adverse information;

(iii) Breach of any key financial covenants/agreements that will adversely affect the capacity to pay of the borrower; or

(iv) Classified *"Especially Mentioned"* as of the last credit review without adequate corrective action.

(d) *Doubtful.* These are loans and other credit accommodations that exhibit more severe weaknesses than those classified as *"Substandard"*, whose characteristics on the basis of currently known facts, conditions and values make collection or liquidation highly improbable, however, the exact amount remains undeterminable as yet. Classification as *"Loss"* is deferred because of specific pending factors which may strengthen the assets. Some basic characteristics include any of the following:

[1] Other credit accommodations include other credits such as accounts receivables, sales contract receivables, accrued interest receivables and advances.

(i) Secured loans and other credit accommodations where properties offered as collateral are either subject to an adverse claim rendering settlement of the loan through foreclosure doubtful or whose values have materially declined without the borrower offering additional collateral for the loan/s to cover the deficiency; or

(ii) Loans and other credit accommodations wherein the possibility of loss is extremely high but because of certain important and reasonable pending factors (i.e., merger, acquisition, or liquidation procedures, capital infusion, perfecting liens on additional collateral, and refinancing plans) that may work to the advantage and strengthening of the asset, its classification as an estimated loss is deferred until the next credit review.

(e) *Loss***.** These are loans and other credit accommodations which are considered uncollectible or worthless and of such little value that their continuance as bankable assets is not warranted although the loans may have some recovery or salvage value. This shall be viewed as a transitional category for loans and other credit accommodations which have been identified as requiring write-off during the current reporting period even though partial recovery may be obtained in the future. Their basic characteristics include any of the following:

(i) When the borrower's and co-makers'/guarantors' whereabouts are unknown, or they are insolvent, or their earning power is permanently impaired; or
(ii) Where the collaterals securing the loans are without recoverable values.

(2) Split classification may apply for non-performing secured loans and other credit accommodations, depending on the recoverability and liquidity of the collateral. The secured portion may be classified as *"Substandard"* or *"Doubtful",* as appropriate, while the unsecured portion shall be classified *"Loss"* if there is no other source of payment other than the collateral.

(3) In the case of syndicated loans, each participating FI shall maintain credit information on the borrower, and grade and make provision for its portion of the syndicated loan in accordance with the requirements of these guidelines. The lead FI shall provide participating FIs with the credit information on the borrower upon request by the participating FI and inform the latter if the loan will be classified so as to achieve uniform classification of the syndicated loan.

(4) FIs may upgrade a classified loan or restore it to a pass rating; *Provided,* That it does so on the basis of a written policy on the upgrading of classification or rating and the credit review function is reliable and effective. Such policy shall include a comprehensive analysis of the repayment capability/financial strength of the borrower and the corrective actions made on the weaknesses noted to support the upgrade in classification. Upgrading may be supported by the following developments:

(a) When all arrears or missed payments on principal and interests including penalties have been cleared rendering the account to be fully compliant with the original terms of the loan;

(b) Upon establishing that the weaknesses were substantially addressed and that the borrower has exhibited a sustained trend of improvement and willingness and capability to fully pay its loans and advances in a timely manner to justify the upgrade;

(c) Offering of new or additional collateral security; or

(d) In the case of restructured loans, the classification shall only be upgraded after establishing a satisfactory track record of at least six (6) consecutive payments of the required amortization of principal and interest, or until the borrower has sufficiently exhibited that the loan will be fully repaid (continued collection in accordance with the terms of the loans is expected) and the loan meets the criteria of lower loan classification.

b. *Loan loss estimation methodology, provisioning and allowance for credit losses*

(1) All FIs shall develop and document a sound loan loss methodology that can reasonably estimate provisions for loans and other credit accommodations and risk assets in a timely manner, using their experience and research and this guidance to ensure that the specific and collective allowance for credit losses[1] (ACL) are adequate and approximates the expected losses in their credit portfolio.

[1] ACL represents the aggregate amount of individual and collectively assessed probable credit losses.

An FI's loan loss methodology shall consider the following:

(a) Written policies and procedures for the credit risk systems and controls inherent in the methodology, including roles and responsibilities of the FI's board of directors and senior management;

(b) A detailed analysis of the entire loan portfolio, including off-balance sheet facilities, performed on a regular basis;

(c) A realistic view of its lending activities and adequately consider uncertainty and risks inherent in those activities in preparing accounting information. Loan accounting policies and practices shall be selected and applied in a consistent way that reasonably assures that loan and loan loss provision information is reliable and verifiable;

(d) Identification of loans to be evaluated individually and segmentation of the remaining portfolio into groups of loans with similar credit risk characteristics for collective assessment.

(i) *Individually assessed loans*. FIs shall establish a materiality threshold for significant credit exposures that will warrant an individual assessment, which threshold shall be regularly reviewed.

The loan loss estimates shall reflect consideration of the facts and circumstances that affect the repayment of each individual loan as of the evaluation date. The following factors are relevant in estimating loan losses for individually assessed loans:

(aa) Significant financial difficulty of the borrower;
(bb) Probable bankruptcy or other financial reorganization of the borrower;
(cc) Breach of contract, such as a default or delinquency in interest or principal payments; or
(dd) Concession granted by the FI, for economic or legal reasons relating to the borrower's financial difficulty, which would not otherwise be considered.

The methodology shall include procedures describing the determination and measurement of the amount of any impairment, the impairment measurement techniques available and steps performed to determine which technique is most appropriate in a given situation.

(ii) *Collectively assessed loans*. FIs may use different methods to group loans for the purpose of assessing credit risk and valuation. More sophisticated credit risk assessment models or methodologies for estimating expected future cash flows, including credit risk grading processes, may combine several of the following characteristics: loan type, product type, market segment, estimated default probabilities or credit risk grading and classification, collateral type, geographical location and past-due status.

Estimated credit losses shall reflect consideration of the FI's historical net charge-off rate[1] of the groups, adjusted for changes in trends, conditions and other relevant factors that affect repayment of the loans in these groups as of the evaluation date, and applied consistently over time;

(e) Methods used to determine whether and how loans individually evaluated, but not considered to be individually impaired, shall be grouped with other loan (excluding individually assessed loans that are impaired) that share similar credit risk characteristics for collective impairment evaluation;

(f) The quality and net realizable values of physical collateral and other financial guarantees and credit risk mitigants incorporated in the loan agreement, where applicable;

(g) Address the methods used to validate models for credit risk assessment;

(h) The analyses, estimates, reviews and other provisioning methodology functions shall be performed by competent and well-trained personnel and be well documented, with clear explanations of the supporting analyses and rationale; and

(i) *Use experienced credit judgment*. Assessment of expected losses shall not be based solely on prescriptive rules or formula but must be enhanced with experienced credit judgment by the appropriate levels of management[2] inasmuch as historical loss experience or observable data may be limited or not fully relevant to current circumstances. However, the scope for actual discretion shall be prudently within the following constraints:

[1] The historical net charge-off rate is generally based on the annualized historical gross loan charge-offs, less recoveries, recorded by the FI.
[2] There may be instances when no adjustments are needed to the data in the recognition and measurement of loan losses because the data are consistent with current conditions.

(i) Experienced credit judgments shall be subject to established policies and procedures;
(ii) With approved and documented analytical framework for assessing loan quality applied consistently over time;
(iii) Estimates shall be based on reasonable and verifiable assumptions and supported by adequate documentation; and
(iv) Assumptions concerning the impact on borrowers of changes in general economic activity, both favorable and unfavorable, shall be made with sufficient prudence.

The method of determining loan loss provisions shall reasonably assure the timely recognition of loan losses. While historical loss experience and recent economic conditions are a reasonable starting point for the institution's analysis, these factors are not, by themselves, sufficient basis to determine the appropriate level of aggregate loan loss provisions. Management shall also consider any current factors that are likely to cause loan losses to differ from historical loss experience, including changes in the following:

- Lending policies and procedures, including underwriting standards and collection, charge-off, and recovery practices;

- International, national and local economic and business conditions and developments, including the condition of various market segments;

- Trend, volume and severity of past due loans and loans graded as low quality, as well as trends in the volume of impaired loans, troubled debt restructurings and other loan modifications;

- The experience, ability, and depth of lending management and staff;

- Changes related to new market segments and products;

- Quality of the FI's loan review system and the degree of oversight by senior management and board of directors;

- The existence and effect of any concentrations of credit, and changes in the level of such concentrations; and

- Credit risk profile of the loan portfolio as a whole as well as the effect of external factors such as competition and legal and regulatory requirements on the level of estimated credit losses in the FI's current portfolio.

Experienced credit judgment shall also be used to determine an acceptable period that will yield reliable historical loss rates as loss rate periods shall not be restricted to a fixed time period to determine the average historical loss experience for any group of loans with similar credit risk characteristics. An FI shall maintain sufficient historical loss data over a full credit cycle to provide robust and meaningful statistical loan loss estimates for establishing the level of collective impairment losses for each group of loans with similar credit risk characteristics. When applying experienced credit judgment, an FI shall provide a sound rationale for excluding any historical loss data that is deemed not representative of the performance of the portfolio.

(2) FIs with credit operations that may not economically justify a more sophisticated loan loss estimation methodology or whose practices fell short of expected standards shall, at a minimum, be subject to the regulatory guidelines in setting up allowance for credit losses prescribed in *Appendix N-11*: *Provided,* That the FIs notify the appropriate supervising department of the Bangko Sentral of this preference. Nevertheless, such FIs shall still use experienced credit judgment, subject to the criteria prescribed in this Section, in determining the ACL.

(3) FIs shall set up general loan loss provision equivalent to one percent (1%) of the outstanding balance of individually and collectively assessed loans for which no specific provisions are made and/or for which the estimated loan losses are less than one percent (<1%), less loans which are considered non-risk under existing laws, rules and regulations.

(4) FIs shall ensure the adequacy of the individual and collective ACL for the entire loan portfolio. They shall have a policy for the regular review of the ACL, which shall be conducted at least semi-annually after considering results of the credit review, level of classified loans, delinquency reports, historical losses and market conditions. Failure to make adequate provisions for estimated future losses results in material misrepresentation of an FI's financial condition.

Credit workout and remedial management of problem credits FIs shall develop and maintain a disciplined and vigorous process for the early identification and intervention for potential or existing problem credits. The process shall ensure that timely and adequate management action is taken to maintain the quality of the credit portfolio, prevent further deterioration, and minimize the likelihood of future losses.

a. *Problem credits* refer to credits that display signs of potential problems and/or well-defined weaknesses such as those not performing according to the terms of the contract, or with credit quality impairment, or deficiencies relating to their approval and/or conduct that are not in keeping with sound and prudent credit policies. These shall include past due loans, non-performing loans and restructured loans.

b. FIs shall adopt appropriate and cost effective workout, restructuring or remedial management policies, processes and strategies to revive and recover problem credits. The strategies shall take into account the specific condition of the obligor and the FI's interest, and shall be approved by the board of directors or management, in accordance with internal policy.

c. At a minimum, the policies and strategies shall cover the following areas:

(1) authority and responsibilities of officers and staff in managing problem credits;
(2) collection strategy to be adopted for different types of loans;
(3) restructuring and handling of restructured accounts and/or loans for workout;
(4) supervision and monitoring of loan recovery performance;
(5) management and disposal of ROPA, including appraisal process;
(6) management information system to support the reporting, monitoring and decision making processes;
(7) defined timelines and provision for regular monitoring; and
(8) other strategies, such as the use of collection agencies, and criteria for hiring a consultant on problem credits.

d. Restructuring strategies

(1) Restructuring may be resorted to for the purpose of lessening the financial difficulty of the obligor towards full settlement of his obligation, and restructuring agreements shall always take into account the borrower's capacity to pay his obligation and available credit enhancements such as financial guarantees and physical collateral. Thus, except in special cases which also require approval by the Monetary Board, such as loans funded by foreign currency obligations, FIs shall have full discretion on whether to restructure loans in order to provide flexibility in arranging the repayment of such loans without impairing or endangering the FI's interest.

(2) Accounts shall not be restructured unless the financial capacity of the obligor to repay has been re-established, the events or crises that triggered the financial stress had been identified, and the nature and extent of protection of the FI's exposure had been determined, to justify the need for restructuring.

(3) At a minimum, the classification and provisioning of a loan, prior to the execution of the restructuring agreement shall be retained until the borrower has sufficiently exhibited that the loan will be fully repaid.

(4) A second restructuring of a loan shall be allowed only if there are reasonable justifications: *Provided,* That it shall be considered a non-performing loan and classified, at least, *"Substandard".* The restoration to a performing loan status and/or upgrading of loan classification, e.g., from *"Substandard"* to *"Especially Mentioned",* may be allowed if circumstances warrant an upgrading in accordance with this Section.

(5) When restructuring of exposures to DOSRI and other related parties is pursued, this shall be upon terms not less favorable to the FI than those offered to others and shall be approved by the board, excluding the concerned director.

(6) Physical collaterals offered, such as real estate, shall be appraised by an independent appraisal company (not a subsidiary or an affiliate of the FI) acceptable to the Bangko Sentral at the time of restructuring and every year thereafter to ensure that current market values are being used. A credit exposure benchmark of P1.0 million for simple FIs and P5.0 million for all other FIs shall be observed, such that physical collaterals for credit exposures beyond this amount will require an independent appraisal.

e. Problem credits, including restructured accounts, shall be subjected to more frequent review and monitoring. Regular reports on the status of loan accounts and progress of any remedial plan shall be submitted to senior management to facilitate an informed decision whether escalated remedial actions are called for.

Writing off problem credits. Policies for writing off problem credits must be approved by the board of directors in accordance with defined policies, and shall incorporate, at a minimum, well-defined criteria (i.e., circumstances, conditions and historical write-off experience) under which credit exposures may be written off. Procedures shall explicitly narrate and document the necessary operational steps and processes to execute the policies.

Policies and procedures shall be periodically reviewed and if necessary, revised in a timely manner to address material internal changes (e.g., change in business focus) or external circumstances (e.g., changes in economic conditions).

FIs shall write off problem credits, regardless of amount, against ACL or current operations within a reasonable period as soon as such problem credits are determined to be worthless as defined in the FIs' written policies. However, problem credits to DOSRI shall be written off only upon prior approval of the Monetary Board.

Policies shall define and establish the reasonable period of time within which to write off loans already classified as *"Loss".* There shall be no undue delay in implementing write-offs. Notice of write-off of problem credits shall be submitted in the prescribed form to the appropriate supervising department of the Bangko Sentral within thirty (30) business days after every write-off with a sworn statement signed by the President of the FI or officer of equivalent rank that write-off did not include transactions with DOSRI and was undertaken in accordance with board-approved internal credit policy.

An effective monitoring and reporting system shall be in place to monitor debts written off and future recoveries. Progress on recovery shall be periodically reported to the board and senior management. A database of loan accounts written off shall be maintained and must be periodically reviewed for updates on individual loan obligor's information.

Enforcement actions. The Bangko Sentral reserves the right to deploy its range of supervisory tools to promote adherence to standards and principles set forth in these guidelines, bring about timely corrective actions and compliance with Bangko Sentral directives and ensure that FIs continuously observe the said standards. Persistent non-observance of the provisions of Sec. 122-N, which may lead to material misstatement of the financial condition or illiquidity of the FI, may be a ground for declaration of unsafe or unsound activities under Section 56 of R. A. No. 8791 and subject the FI to appropriate sanctions.

Enforcement actions shall be based on a holistic assessment to determine if FIs adopt appropriate risk management practices and maintain capital commensurate with the risk assumed based on existing rules and regulations. These may include, but are not limited to, the following:

a. *Corrective actions.* These are measures intended to primarily require FIs to rectify any deviations from the standards and principles expected in the conduct of its credit risk-taking activities to address the negative impact of such deviation. Corrective actions generally include issuance of specific directives to address supervisory concerns within a reasonable timeframe.

b. *Sanctions.* The Monetary Board may impose sanctions on an FI and/or its Board, directors and officers, as provided under existing laws, Bangko Sentral rules and regulations proportionate to the gravity/seriousness of offense.

c. *Other enforcement actions.* Subject to prior Monetary Board approval, the Bangko Sentral, when warranted, may deploy other enforcement actions such as:

   (1) Initiation into the prompt corrective action (PCA) framework whenever grounds for PCA exist;

   (2) Issuance of cease and desist order (CDO) in case of persistence of unsafe/unsound banking and/or violation of any banking law or any order, instruction or regulation issued by the Monetary Board or any order, instruction or ruling issued by the Governor;

   (3) Additional capital infusion in case hazardous lending practices resulted in excessive provisions for credit losses leading to capital deficiency;

   (4) Requiring the FI to gross up the amount of required allowance for credit losses based on the examination of a representative sample of loans, if in the course of the Bangko Sentral examination, a high incidence of non-reporting/concealment of past due and/or problem loans is noted; or

   (5) Other appropriate non-monetary enforcement actions that the Monetary Board may impose.

123-N MARKET RISK MANAGEMENT

The guidelines on market risk management for QBs as shown in *Appendix Q-43* shall govern the market risk management of FIs to the extent applicable.

The guidelines set forth the expectations of the Bangko Sentral with respect to the management of market risk and are intended to provide more consistency in how the risk-focused supervision is applied to this risk. FIs are expected to have an integrated approach to risk management to identify, measure, monitor and control risks. Market risk should be reviewed together with other risks to determine overall risk profile.

The Bangko Sentral is aware of the increasing diversity of financial products and that industry techniques for measuring and managing market risk are continuously evolving. As such, the guidelines are intended for general application; specific application will depend to some extent on the size, complexity and range of activities undertaken by individual FIs.

124-N LIQUIDITY RISK MANAGEMENT

The guidelines on liquidity risk management for QBs as shown in *Appendix Q-44* shall govern the liquidity risk management of BSFIs to the extent applicable.

The guidelines set forth the expectations of the Bangko Sentral with respect to the management of liquidity risk and are intended to provide more consistency in how the risk-focused supervision function is applied to this risk. BSFIs are expected to have an integrated approach to risk management to identify, measure, monitor and control risks. Liquidity risk should be reviewed together with other risks to determine overall risk profile.

These guidelines are intended for general application; specific application will depend on the size and sophistication of a particular BSFI and the nature and complexity of its activities.

125-N OPERATIONAL RISK MANAGEMENT[1]

It is the thrust of the Bangko Sentral to promote the adoption of effective risk management systems to sustain the safe and sound operations of its supervised financial institutions (BSFIs). Cognizant that operational risk is inherent in all activities, products and services, and is closely tied in with other types of risks (e.g., credit, liquidity and market risks), the Bangko Sentral is issuing these guidelines to clearly set out its expectations and define the minimum prudential requirements on operational risk management. These guidelines align existing regulations to the extent possible, with international standards[2] and best practices. Bangko Sentral expects its BSFIs to adopt an operational risk management framework, as part of the enterprise-wide risk management system, that is suited to their size, complexity of operations, and risk profile.

Definition of operational risk. *Operational risk* refers to the risk of loss resulting from inadequate or failed internal processes, people and systems; or from external events. This definition includes legal risk, but excludes strategic and reputational risk. Operational risk is inherent in all activities, products and services, and cuts across multiple activities and business lines within the financial institution and across the different entities in a banking group or conglomerate where the financial institution belongs.

Duties and responsibilities.

a. *Board of directors.* Consistent with the principles embodied under Sec. 132, the duties and responsibilities of the board of directors in relation to the effective management of risk include the establishment of a comprehensive and effective operational risk management framework as part of the enterprise-wide risk management system. In this regard, the board of directors shall:

(1) Ensure that it is aware of and understands the nature and complexity of the major operational risks in the BSFI's business and operating environment, including risks arising from transactions or relationships with third parties, vendors, suppliers including outsourced service providers, and clients of services provided. This should include understanding of both the financial and non-financial impact of operational risk to which the BSFI is exposed to;

(2) Approve the operational risk management framework which shall form part of the BSFI's enterprise-wide risk management system and shall cover all business lines and functions of the BSFI, including outsourced services and services provided to external parties. The operational risk management framework should include an enterprise-wide definition of operational risk, which should be consistent with the definition under Sec. 125-N, governance, and reporting structures including the roles and responsibilities of all personnel, feedback mechanism, as well as standards and tools for operational risk management. In this respect, the board shall:

(a) Define the operational risk management strategy and ensure that it is aligned with the BSFI's overall business objectives. Relative to this, the board should set and provide clear guidance on the BSFI's operational risk appetite (i.e., the level of operational risk the BSFI is willing to take and able to manage in pursuit of its business objectives as well as the type of risks that are not acceptable to the board and management), which should consider all material risk exposures as well as the BSFI's financial condition and strategic direction;

[1] BSFIs shall comply with the foregoing standards on operational risk management within a period of two (2) years from 05 February 2016. In this regard, a BSFI should be able to show its plan of actions with specific timelines, as well as the status of initiatives being undertaken to fully comply with the provisions of Sec. 125-N.

[2] Embodied in the relevant documents issued by the Basel Committee on Banking Supervision.

(b) Approve appropriate thresholds or limits to ensure that the level of operational risk is maintained within tolerance and at prudent levels and supported by adequate capital. Relative to this, the board shall approve policy on resolving limit breaches which should cover escalation procedures for approving or investigating breaches, approving authorities, and requirements in reporting to the appropriate level of management or the board;

(c) Ensure that operational risk is appropriately considered in the capital adequacy assessment process;

(d) Ensure that it receives adequate information on material developments in the operational risk profile of the BSFI, including pertinent information on the current and emerging operational risk exposures and vulnerabilities as well as information on the effectiveness of the operational risk management framework. The board must challenge the quality and comprehensiveness of the operational risk information it receives. It should also be satisfied with the reliability of the said information and the monitoring system for operational risk;

(e) Ensure that business objectives, risk appetite, the operational risk management framework, and the respective roles and responsibilities of personnel and officers at all levels in terms of implementing the operational risk management framework, are properly disseminated, clearly communicated/discussed, and understood by personnel concerned;

(f) Provide senior management with clear guidance and direction regarding the principles underlying the operational risk management framework. The board shall ensure that senior management appropriately implements policies, processes and procedures, and provides feedback on the operational risk management process. In this regard, the board shall establish a feedback and reporting system that will allow employees to raise their concerns without fear of negative consequences; and

(g) Ensure that the operational risk management framework is subject to effective and comprehensive independent review, on a periodic basis, by operationally independent, appropriately trained, and competent staff to ensure that it remains commensurate with the BSFI's risk profile and continues to be adequate and effective in managing operational risk. The review should take into account the changes in business and operating environment, material changes in systems, business activity or volume of transactions, quality of control environment, effectiveness of risk management or mitigation strategies, loss experience, and the frequency, volume or nature of breaches in limits or any policy.

(3) Provide adequate oversight on all outsourcing activities and ensure effective management of risks arising from these activities. In this regard, the board of directors shall approve a framework governing outsourcing activities, which includes a system to evaluate the risk and materiality of all existing and prospective outsourcing engagements and the policies that apply to such arrangements;

(4) Ensure observance of expectations and requirements prescribed under relevant laws, rules and regulations, industry-set standards, and policies on internal control, internal audit, and disclosure;

(5) Promote a culture of high standards of ethical behavior. The board shall adopt a code of conduct of ethical behaviors with corresponding disciplinary actions for non- compliance, which should cover, among others, guidance and protocols on conflicts of interest situations, safeguarding of confidential information, and use of sensitive information. The board should likewise institute tools, methodologies, and practices in order to ensure compliance and adherence to the standards by all employees including the senior officers and the board itself. In this regard, employees should be required to acknowledge in writing that they have read, understood, and will observe the code of conduct;

(6) Ensure that business and risk management activities, including the operational risk management function, are carried out by adequate and qualified staff with the necessary experience, technical capabilities, and competence. Moreover, the board shall ensure that employees and officers in all areas of operations have a high degree of integrity.

For this purpose, the board shall approve appropriate hiring and selection policies and processes, adopt a continuing professional development program, and institutionalize a framework for continuing assessment of fitness and propriety of employees. These policies, processes and programs should reinforce the conduct and values being promoted in the organization.

Further, the board shall oversee the design and implementation of remuneration policies. It shall ensure that the remuneration policies do not encourage excessive risk-taking or provide incentives to people to perform contrary to the desired risk management values. It shall also ensure that remuneration policies are appropriate and aligned with the BSFI's long-term strategic direction and risk appetite, as well as with relevant legal or regulatory requirements;

(7) Ensure that all units in the organization have adequate resources, including personnel complement, and are supported by appropriate technological systems. The use of technological systems must be commensurate to the activities being undertaken; and

(8) Oversee implementation of a sound business continuity management framework. The board should create and promote an organizational culture that places high priority on business continuity. This shall include providing sufficient financial and human resources associated with the BSFI's business continuity initiatives.

b. *Senior management.* Senior management shall be responsible for the implementation and consistent adherence by all personnel to the operational risk management framework approved by the board of directors. In this respect, senior management shall:

(1) Translate the approved operational risk management framework into specific policies and processes covering all businesses and functions of the BSFI, including outsourced services and services provided to external parties. Said policies should be clearly documented, approved by the board of directors and communicated to personnel at all levels. Policies should include, among others:

(a) Definition of operational risk and operational risk loss. This should be supported by common operational risk taxonomy that includes the operational risk event type and causes of losses to facilitate the consistent identification of operational risks across the BSFI as well as the management of operational risk in an integrated manner;

(b) Appropriate governance and oversight structures, reporting lines, and accountabilities for managing operational risks;

(c) Clear description of risk limits and thresholds that correspond to the BSFI's approved operational risk appetite and tolerance;

(d) Risk mitigation strategies and tools for maintaining risks within the thresholds and limits set;

(e) Approach to operational risk identification, assessment, monitoring and reporting that utilizes appropriate operational risk management tools. This should include an outline of the reporting framework and types of data/information to be included in the risk management reports; and

(f) Requirement for the conduct of independent review of the framework as well as its implementation, on a periodic basis, and whenever there are material changes in the BSFI's operational risk profile.

(2) Communicate individual roles and responsibilities of personnel. It is important that personnel at all levels understand their respective roles in the operational risk management process. In this regard, senior management should clearly assign authority, responsibility, and reporting relationships to encourage and maintain accountability, and ensure that the necessary resources are available to manage operational risk effectively;

(3) Establish systems to report, track, escalate, and resolve issues; and set the frequency of operational risk management reporting considering the level and type of risks involved as well as the pace and nature of the operating environment of the BSFI;

(4) Assess the appropriateness of the operational risk management process in light of the changing business environment and nature of risks arising from business activities or functions;

(5) Ensure that sufficient number of personnel, technical support, and other resources are devoted for operational risk management such that the BSFI's activities are conducted by qualified personnel with the necessary experience and technical capabilities. It shall also ensure that personnel responsible for monitoring and enforcing compliance with the BSFI's operational risk policy as well as the compliance and internal audit units have authority independent from the units they review and are knowledgeable about the different areas of operations; and

(6) Establish policies, standards and processes for an effective business continuity management.

c. *Business units.* Business line management and personnel, as the first line of defense, are responsible on a day-to-day basis for identifying, managing and reporting operational risks inherent in the products, activities, processes and systems for which they are accountable. In this regard, business line management shall ensure that:

(1) Internal controls and practices within their business lines are consistent with the enterprise-wide policies and procedures to support the management of operational risk;

(2) Business line specific policies, processes, and procedures are adequate and effectively implemented, and personnel are adequate and competent to manage operational risk for all material products, activities, and processes;

(3) Operational risk management framework within each business line reflects the scope of that business line and its inherent operational complexity and operational risk profile;

(4) Risk mitigation strategies and processes as approved by the board and senior management are established and executed;

(5) Internal controls, and operational risk mitigation strategies and processes are periodically reviewed within the business units to effectively manage operational risks within approved risk tolerance, and consistent with enterprise-wide policies and procedures established. There must be clear expectations and processes established to ensure prompt escalation and actions to address any gap or issue identified; and

(6) Operational risk-related information (e.g., loss events, incidents, et. al.) are adequately and timely communicated/coordinated to Operational Risk Management Function (ORMF) for risk monitoring and reporting, in addition to the usual reporting to senior management and/or board.

Roles and Functions.

a. *Operational Risk Management Function.* BSFIs are not required to create an ORMF. However, the board of directors is expected to discuss operational risk issues during its board meetings with discussions adequately documented in the minutes of meetings. The board of directors of NBFIs and trust corporations may, at its own discretion, or as directed by the appropriate supervising department of the Bangko Sentral, create a Risk Management Unit (RMU) or assign specific personnel under said unit to handle operational risk concerns. The specific personnel or RMU shall directly report to the head of the RMU or to the board-level Risk Oversight Committee (ROC), as appropriate. The ROC or the board shall be responsible for assessing the annual performance of the unit taking into account how said unit carried out its duties and responsibilities. The ORMF shall be supported by a board-approved charter that defines its stature, authority, and independence.

The ORMF shall primarily assist management in meeting its responsibility to understand and manage operational risk exposures and ensure the development and consistent implementation of operational risk policies, processes, and procedures throughout the institution. In this regard, the ORMF shall:

(1) Recommend to the board of directors and senior management appropriate policies and procedures relating to operational risk management and controls;
(2) Design and implement the operational risk assessment methodology tools and risk reporting system of the institution;
(3) Coordinate risk management activities across the institution;
(4) Consolidate all relevant operational risk information/reports to be elevated/presented to the board and senior management;
(5) Provide operational risk management training and advice to business units on operational risk management issues; and
(6) Coordinate with compliance function, internal audit, and external audit on operational risk matters.

ORMF personnel should have technical proficiency, appropriate educational background, and exposure to enable them to effectively perform the unit's mandate. BSFIs shall have in place a training program to keep its personnel up-to-date on different operational risk issues and challenges.

b. *Compliance function.* The compliance function shall conduct an independent assessment of the compliance with relevant laws, rules and regulations, as well as internal policies of the institution, and determine areas that may potentially result in risk of loss due to inadequate or failed internal processes, systems, and people. The latter includes inappropriate conduct/behavior of personnel, officers, and the board, that may lead to fraud or any form of business disruption. The compliance function shall assess whether the identified operational risk exposure by the business units or by the function itself shall affect the franchise value of the institution. In this regard, it shall advise and assist management in establishing guidance on the appropriate implementation of relevant laws, rules and regulations, and internal policies.

c. *Internal audit.* Internal audit shall conduct an independent assessment of the operational risk management framework, including the implementation of operational risk management policies and procedures. The board of directors, either directly or indirectly through the board-level Audit Committee shall ensure that the scope and frequency of audit is appropriate to the risk exposures. Any operational risk issue identified and reported in the audit process should be addressed by senior management in a timely and effective manner, or raised to the attention of the board as appropriate.

Operational risk management framework. BSFIs shall have in place an appropriate operational risk management framework, as part of the enterprise-wide risk management system, that is effective and efficient in identifying, assessing, monitoring and controlling/mitigating operational risk. They shall ensure that their operational risk management framework is commensurate with the complexity of their operations, range of products and services, organizational structure, and risk profile.

a. *Risk identification and assessment.* Risk identification and assessment are fundamental elements of an effective operational risk management system. Effective risk identification shall consider both internal factors (such as BSFI structure, nature of activities, the quality of human resources, organizational changes and employee turnover, among others) and external factors (such as changes in the broader environment and the industry, advances in technology, and developments in political, legal, and economic factors, among others). Risk identification and assessment allow the BSFI to better understand its risk profile and allocate risk management resources and strategies more effectively. Since the business lines are expected to have the best knowledge of their risk exposures and processes, these units should play a major role in the identification and assessment of operational risk.

(1) BSFIs shall consider the following loss event-type categories as part of their risk identification and assessment processes:

(a) Internal fraud, e.g., intentional misreporting of positions, employee theft, and insider trading on an employee's own account;

(b) External fraud, e.g., robbery, forgery, check kiting, and damage from computer hacking;

(c) Employment practices and workplace safety, e.g., workers compensation claims, violation of health and safety rules, organized labor activities, discrimination claims, and general liability;

(d) Clients, products and business practices, e.g., fiduciary breaches, misuse of confidential customer information, improper trading activities on the BSFI's account, money laundering, and sale of unauthorized products;

(e) Damage to physical assets, e.g., terrorism, vandalism, earthquakes, fires and floods;

(f) Business disruption and system failures, e.g., hardware and software failures, telecommunication problems, and utility outages; and

(g) Execution, delivery, and process management, e.g., data entry errors, collateral management failures, incomplete legal documentation, unapproved access given to client accounts, non-client counterparty misperformance, and vendor disputes.

(2) BSFIs shall adopt tools and mechanisms that are appropriate to their size, complexity of operations and risk profile to properly identify and assess operational risk. The tools that may be used for identifying and assessing operational risk may include, but not limited to:

(i) *Results of internal/external audit and supervisory issues raised in the Bangko Sentral Report of Examination (ROE)* – Internal audit surfaces issues on effectiveness of internal control, risk management, and governance systems and processes of an organization, while external audit focuses on control weaknesses and susceptibility of the BSFI to material misstatements in the financial statements. On the other hand, the Bangko Sentral ROE highlights deficiencies in the risk management systems and governance processes as well as issues on compliance with relevant laws, rules and regulations, which could have adverse effects on the safety and soundness of the BSFI;

(ii) *Internal loss data collection and analysis* – Internal operational loss data provides meaningful information for assessing BSFI's exposure to operational risk and the effectiveness of internal controls. Analysis of loss events can provide insights into the causes of large losses and information on whether control failures are isolated or pervasive. BSFIs may consider mapping internal loss data to the following business lines:

(i) Corporate finance;
(ii) Trading and sales;
(iii) Retail banking;
(iv) Commercial banking;
(v) Payment and settlement;
(vi) Agency services;
(vii) Asset management; and
(viii) Retail brokerage.

Loss events linked to credit and market risk may also relate to operational issues and should be segmented in order to obtain a more comprehensive view of the BSFI's operational risk exposure;

(iii) *Risk Self Assessments (RSA)/Risk Control Self Assessments (RCSA)* – RSA is a tool to assess processes underlying BSFI's operations against a library of potential threats and vulnerabilities including their potential impact. A similar approach, RCSA, typically evaluates inherent risk (the risk before controls are considered), the effectiveness of the control environment, and residual risk (the risk exposure after controls are considered). Scorecards on RCSAs may be developed by allocating weights to residual risks to provide a means of translating the RCSA output into metrics that will give a relative ranking of the control environment;

(iv) *Business process mappings* – These help identify key steps in business processes, activities, and organizational functions as well as the key risk points in the BSFI's overall business process. Process maps can reveal individual risks, risk interdependencies, and areas of control or risk management weakness. They can also help prioritize subsequent management action;

(v) *Risk and performance indicators* – Risk and performance indicators, such as Key Risk Indicators (KRIs) and Key Performance Indicators (KPIs), provide an insight into a BSFI's emerging risk exposure. KRIs are used to monitor the main drivers of exposure associated with key risks that contribute to early detection of heightened risk, ongoing monitoring of their movements, and preemptive reactions as necessary. KPIs, on the other hand, provide insight into the status of operational processes, which may in turn provide insights into operational weaknesses, failures, and potential loss. Risk and performance indicators are often used with escalation triggers to warn when risk levels approach or exceed acceptable ranges and prompt mitigation plans;

(vi) *Scenario analysis* – This refers to the process of obtaining expert opinion of business line and risk managers to identify potential operational risk events and assess the potential outcome. Scenario analysis is an effective tool when considering potential sources of significant operational risk and the need for additional risk management controls or mitigation solutions. Given the subjectivity of the scenario process, a robust governance framework is essential to ensure the integrity and consistency of the process;

(vii) *Model measurement* – Larger BSFIs may deem it useful to quantify their operational risk exposures by using the output of the risk assessment tools as inputs into a model that estimates operational risk exposure. The results of the model can be used in an economic capital process and can be allocated to business lines to link risk and return; and

(viii) *Comparative analysis* – Comparative analysis consists of comparing the results of the various assessment tools to provide a more comprehensive view of the BSFI's operational risk profile.

Comparison of external loss data, if available, such as industry experiences, vis-à-vis BSFI's internal loss data can also be made to explore possible weaknesses in the financial institution's control environment and enable it to consider previously unidentified risk exposures.

In choosing among these tools, each BSFI must carefully consider what is proportionate to its size, risk profile, and complexity of operations. Data/information gathered from these tools should enable BSFIs to make a thorough causal analysis, identify control gaps, and consequently adopt appropriate corrective actions.

BSFIs are expected to adopt at the minimum, the (i) results of internal/external audit and supervisory issues raised in the Bangko Sentral ROE; and (ii) internal loss data collection and analysis.

(3) BSFIs shall develop databases to accumulate at least a five (5)-year history of operational risk losses which can be fed back into the operational risk management process. Apart from capturing events that resulted to actual loss, BSFIs shall also gather potential loss or near-misses[1]. Said database of loss events provides basis for analysis which can help direct corrective action to improve the control environment, as well as determine risk mitigating actions. BSFIs should assess the depth of its data collection which is vital in understanding the risk environment. The loss event database shall at a minimum disclose the following:

(a) Short description of the event;
(b) Loss event type category;
(c) Department/Unit/Branch sustaining the loss;
(d) Business line classification;
(e) Date of occurrence;
(f) Date of discovery;

[1] *Potential loss* is an initial estimate of the loss that the bank may have sustained at the time of discovery of the event. *Near miss* is an adverse operational risk event which was not prevented by internal controls but did not result in an actual adverse impact (financial or reputational) due to chance, recovery or other external factors.

(g) Date of booking of actual losses;
(h) Actual loss amount or potential loss amount, if a near-miss event;
(i) Amount recovered and date of recovery;
(j) Causes of the event (e.g., control weaknesses identified)
(k) Consequence of the loss event (e.g., market loss, fees paid to a counterparty, a lawsuit or damage to the BSFI's reputation); and
(l) Action(s) taken.

BSFIs shall define appropriate thresholds for internal loss data collection and must be able to justify the same. Thresholds should be reasonable and should not omit any operational loss event data that is material for operational risk exposure and for effective risk management. BSFIs shall ensure that the choice of threshold should not adversely impact the credibility and accuracy of operational risk measurement.

(4) BSFIs shall determine based on the results of the risk assessment process whether the risks are within the scope of its operational risk management strategy and policies. It shall identify the risk exposures that are unacceptable or are outside its risk appetite and/or risk management capacity, and design and prioritize appropriate risk mitigation and corrective actions with clear accountabilities, roles and responsibilities for implementation within reasonable timelines.

(5) BSFIs shall continually assess its operational risk exposures in order to gain broader recognition and understanding of their effects. It shall consider the following factors in the assessment:

(a) Expected and unexpected changes to the BSFI's operating environment;
(b) Actual operational loss events that could have resulted in substantial losses/damage but were avoided (e.g., near misses) or recovered;
(c) Reported external operational losses and incidents which have damaged investor confidence and caused serious reputational harm;
(d) Areas of concern or unusual volumes or high number of exceptions; and
(e) Results of internal assessment of risks and controls.

(6) BSFIs shall ensure that their risk management and control infrastructure keep pace with the growth of or changes in their business activities, i.e., when they engage in any new activity; introduce a new product; enter new or unfamiliar markets; implement new business processes or technology systems; establish subsidiaries/branches that are geographically remote from the head office; and/or embark on an aggressive growth strategy by acquiring problem BSFIs to rapidly increase branch network during a short period of time. BSFIs should have relevant policies and procedures that address the process for review and approval of new products, activities, processes and systems. The review and approval process shall consider the following:

(a) Inherent risks in the new product, service, or activity;
(b) Changes to the BSFI's operational risk profile, appetite and tolerance, including the impact on existing products or activities;
(c) Necessary controls, risk management processes, and risk mitigation strategies;
(d) Any residual risk; and
(e) Procedures and metrics to measure, monitor, and manage the risk of the new product or activity.

b. *Risk monitoring and reporting.* BSFIs shall implement a process to regularly monitor their operational risk profiles and material exposures to losses on a continuing basis. The process shall take into account both qualitative and quantitative assessment of exposure to all types of operational risk, assess the quality and appropriateness of corrective or mitigating actions, and ensure that adequate controls and systems are in place to identify and address problems before they become major concerns.

(1) Risk monitoring should be an integral part of a BSFI's activities, the frequency of which should reflect the risks involved in these activities as well as the frequency and nature of changes in the operating environment. The results of the monitoring activities, findings of compliance, internal audit and risk management functions, management letters issued by external auditors, and reports generated by supervisory authorities, as appropriate, should be included in regular reports to the board and the senior management to ensure that timely and appropriate measures are undertaken to address the issues/findings.

(2) Management shall ensure that regular reports on operational risk are received on a timely basis and in a form and format that will aid in the monitoring and control of their business areas. The board should receive sufficient high-level information to enable it to understand the BSFI's overall operational risk profile and focus on the material and strategic implications for the business.

(3) Management reports should contain relevant internal financial, operational, and compliance data, as well as external market information about events and conditions that are relevant to decision making. They should aim to provide information such as:

(a) The critical operational risks facing, or potentially facing, the BSFI (e.g., as shown in KRIs and their trend data, changes in risk and control self-assessments, comments in audit/compliance review reports, etc.);

(b) Major risk events/loss experience, issues identified and intended remedial actions;

(c) The status and/or effectiveness of actions taken; and

(d) Exception reporting (covering among others authorized and unauthorized deviations from the BSFI's operational risk policy and likely or actual breaches in pre-defined thresholds for operational exposures and losses).

(4) Reports should be analyzed with a view to improving existing management performance as well as developing new risk management policies, procedures and practices. Moreover, to ensure the usefulness and reliability of the reports received, management should regularly verify the timeliness, accuracy, and relevance of reporting systems and internal controls in general.

(5) Management should keep track of the information provided in the reports, particularly the loss data, to establish a framework for systematically tracking and recording the frequency, severity and other relevant information on loss events.

c. *Risk control and mitigation.* Strong control environment is key to effective risk control and mitigation. In this respect, BSFIs are expected to adhere to the standards set forth under pertinent provisions of Secs. 131-N and 132-N on Internal Control and Internal Audit.

BSFIs shall decide whether to use appropriate procedures to control and/or mitigate the risks, or bear the significant risks that have been identified. In those instances where internal controls do not adequately address risk and accepting the risk is not a reasonable option, BSFIs may seek to transfer the risk to another party such as through insurance. Relative thereto, the board shall determine the maximum loss exposure the BSFI is willing to take and has the capacity to assume, and should perform an annual review of the BSFI's risk and insurance management program.

BSFIs, however, should not consider risk transfer tools as substitute but as complementary tools to sound controls and risk management system. Management shall also assess the extent to which risk mitigation tools such as insurance reduces risk, transfer the risk to another business sector or area, or create a new risk (e.g., counterparty risk).

Management of human resource-related risk. One of the major sources of operational risk is "people risk". In this regard, BSFIs shall embed in their enterprise-wide risk management framework measures to identify, measure, monitor, and control human resource related risks. BSFIs shall ensure that there are adequate policies and risk management and control measures in the following areas:

a. *Recruitment and selection.* The board shall establish efficient process that will facilitate timely recruitment and selection of personnel from a broad pool of candidates with appropriate educational background, skills, experience, character, integrity and competencies to fulfill the duties and responsibilities of the function. This process shall include:

(1) *Adoption of a risk-focused screening process.* Management shall develop a risk-focused approach for its pre-employment background screening where an appropriate level of screening is employed based on factors like the position, reputational risk implication, and responsibilities associated with a particular position. The sensitivity of the position and authorities given to certain positions, including those in the branches, or the access level of an individual employee may warrant additional background screening procedures. These shall include, among others, verification of character references, criminal records, psychological evaluation, past employment, credentials, and professional qualifications. Information gathered shall enable BSFIs to have sufficient understanding of the applicant's personal background and character, conflict of interest, and susceptibility to collusion, fraud, or illegal activities.

BSFIs shall likewise adopt a policy that sets out the expected actions from Management when pre-employment screening processes detect that the applicant has provided inaccurate or false information.

(2) *Screening the applicants against the Bangko Sentral records.* As part of the background screening procedures, the Human Resource Department of the BSFI shall require all those who passed the initial stages of pre-employment screening to accomplish the Authorization Form for Querying (AFQ) the Bangko Sentral Records

shown in *Appendix Q-44.* Any information gathered from the Bangko Sentral records shall be considered in the decision to consider the fitness and propriety of the applicant for the position.

Screening the applicants against the records of the Bangko Sentral shall only be part of and shall not be the sole source of information for pre-employment screening.

(3) *Alignment with organization culture.* Management shall also ensure that the BSFI's culture, values and expectations on behavior are compatible with those of its employees so that there is unity of direction and purpose.

b. *Performance management*. The board shall establish effective performance management framework that will ensure that personnel's performance is at par with the standards set by the board/senior management. Results of performance evaluation should be linked to other human resource activities such as training and development, remuneration, and succession planning. These should likewise form part of the assessment of the continuing fitness and propriety of personnel in carrying out their respective duties and responsibilities.

The board shall likewise establish effective mechanism that leverages on existing controls or reports to facilitate assessment of continuing fitness and propriety of personnel, taking into account factors that may affect the performance of an individual. For instance, the financial circumstances of an employee who will be responsible for the custody of, or handling cash related transactions, shall be taken into consideration in the evaluation of his continuing qualification. This mechanism shall enable the BSFI to detect suspicious behaviors of personnel such as reluctance or refusal to take vacation leaves; involvement of personnel in cases with frequent overrides of internal controls, established limits or approving authorities, and high incidence of circumventions of policy; changes in employees' conduct; unusual activities in operations; and sudden or significant changes in lifestyle, standard of living, and spending habits that are inconsistent with the salary, financial position, and level of indebtedness of the personnel concerned.

The assessment of continuing fitness and propriety of personnel should take into account factors that may affect the performance of an individual. For instance, the financial circumstances of an employee who will be responsible for the custody of, or handling of cash related transactions, shall be taken into consideration in the evaluation of his continuing qualification.

c. *Training and development.* The board shall establish training and development programs that will ensure continuing development of employees' knowledge, competence, and skill. Results of gaps assessment in the performance evaluation/appraisal process can be used in the creation of training and development programs for employees.

d. *Remuneration and compensation.* The board shall establish sound remuneration and compensation policies that can be used by the institution to attract/recruit and retain highly qualified workplace. Said policies should appropriately motivate personnel and discourage excessive risk taking. This can be achieved through timely assessment of performance and competencies based on set standards. Results of performance assessment/appraisal can be used in the organization's remuneration decisions.

e. *Succession planning.* The board shall establish an effective succession planning program. The program should include a system for identifying and developing potential successors for key and/or critical positions in an organization, through systematic evaluation process and training. This will require identifying critical skills and competencies; assessing gaps; and designing developing, and delivering training and development programs to build or improve critical skills and competencies. The program should be adequately documented to facilitate monitoring and assessment of its implementation.

f. *Adequacy of complement.* The board shall establish effective strategic manpower planning to ensure that there is adequate and right manpower complement to meet the strategic goals and operational plans of the organization.

g. *Disciplinary actions.* The board, officers and all employees are expected to conform to prescribed ethical culture and guidelines, meet performance standards, and to behave ethically/appropriately in the workplace. Disciplinary or corrective actions may be taken to improve/arrest unacceptable behavior or performance. Disciplinary action must be in accordance with the laws and the applicable rules.

h. *Separation from service.* The board shall establish policies and procedures governing the separation of employees from service (e.g., termination, dismissal, retrenchment, retirement, or resignation), which should include transfer of accountabilities and/or salient information (e.g., client data, business strategies and formula, other trade secrets, etc.) to the successor, and clearance requirements. Policies may also include "non-compete" clauses, in accordance with existing laws.

The Human Resource Department shall assist the board in fulfilling its oversight responsibilities in the areas of recruitment, manpower planning, personnel development, performance appraisal, remuneration, termination, retrenchment and other key human resource issues.

Management of information technology-related risk. BSFIs shall refer to Sec. 126-N for the management of information technology-related risk.

Management of integrity of prudential reports or reports submitted to Bangko Sentral. BSFI shall adopt a prudential reporting framework that ensures the integrity of information submitted to the Bangko Sentral. They shall establish a system for ensuring effective compliance with the standards prescribed by the Bangko Sentral on acceptable reporting quality. BSFIs shall likewise maintain adequate documentation of the processes and procedures covering the prudential reporting framework and conduct a periodic review of their continuing relevance.

Management should be cognizant of relevant guidelines that may be issued by the Bangko Sentral relative to issues on the integrity and accuracy of prudential reports. Persistent concerns on the integrity and accuracy of prudential reports including failure to comply with the directives of the Bangko Sentral in this respect may be considered by the Bangko Sentral as conducting business in an unsafe or unsound manner, subject to applicable provision of laws and regulations.

Management of legal risk exposures. BSFIs shall adopt a system for identifying and assessing legal risks related to business line functions as well as products and services offered. This shall include a process for assessing the BSFI's rights and obligations in contractual relationships and in ensuring that all agreements/contracts entered into by the BSFI conform with legal and regulatory requirements and that no party is unduly disadvantaged. This shall also include the assessment of trends of customer complaints to determine potential legal risk exposures.

There should be a system in place to manage outstanding legal cases involving the BSFI or any of its directors and officers, with respect to suits filed in line with the performance of their duties. Said system should cover a periodic review of the status of cases, an assessment of potential outcome including probable liability or receivable, and regular reporting of the same to the appropriate level of management and the board.

Management of operational risk arising from financial inclusion initiatives. BSFIs that provide financial services to the unserved and underserved sector generally handle small and voluminous transactions, which have inherently high operational risk. Incremental operational risk also comes from the higher number of personnel or from the use of technology-based platform to effectively and efficiently deliver financial services. BSFIs are expected to identify and understand the distinct operational risk arising from the products and services they offer or innovative delivery channels they use. They should also be cognizant of potential transformation or transfer or risk exposures. In this regard, BSFIs shall adopt an operational risk management framework appropriate to the nature and scale of their operations. Said framework shall consider the principles embodied in this Section designed to suit the BSFI's business model and ensure sustained delivery of financial services to the unserved and underserved sector.

Notification/Reporting to Bangko Sentral. BSFIs shall notify the appropriate supervising department of the Bangko Sentral, within ten (10) calendar days from the date of discovery, of any operational risk event[1] that may result in any of the following:

a. Significant operational losses or exposures;
b. Activation of business continuity plan; or
c. Any material change in business and operating environment.

Upon receipt of notification, the Bangko Sentral may require, if warranted, the reporting BSFI to submit a report detailing the causes and impact of such events and an acceptable action plan to address the issue and any other weakness identified.

Supervisory Enforcement Actions. Consistent with Sec. 002-Q, the Bangko Sentral may deploy enforcement actions to promote adherence with the requirements set forth in this Section and bring about timely corrective actions. The Bangko Sentral may issue directives to improve the operational risk management system, or impose sanctions to limit the level of or suspend any business activity that has adverse effects on the safety or soundness of the BSFI, among others. Sanctions may likewise be imposed on a BSFI and/or its directors, officers and/or employees.

(Circular Nos. 1112 dated 8 April 2021, 930 dated 18 November 2016, and 900 dated 18 January 2016)

126-N INFORMATION TECHNOLOGY RISK MANAGEMENT[2]

The enhanced guidelines on ITRM keep abreast with the aggressive and widespread adoption of technology in the financial service industry and consequently strengthen existing Bangko Sentral framework for IT risk supervision. ITRM should be considered a component and integrated with the institutions' risk management program. The guidelines likewise provide practical plans to address risks associated with emerging trends in technology and growing concerns on cyber security.

[1] As enumerated under item *"a.(1)"* of Sec. 125-N on Operational risk management framework.

[2] BSFIs shall comply with the enhanced Guidelines on Information Security Management within a period of one (1) year from the effectivity date of Circular No. 982 Series of 2017. In this regard, a BSFI should be able to show its plan of actions with specific timelines, as well as the status of initiatives being undertaken to fully comply with the provision of this circular, upon request of the Bangko Sentral starting December 2017.

Policy statement. The rapid pace of digital innovation has significantly reshaped the financial services landscape. BSFIs employ advances in technology to sharpen business insights, enhance operational efficiencies, and deliver innovative financial products and services in line with emerging market trends and evolving client needs. Technological developments also enable greater access to financial services that promote an inclusive and responsive digital financial ecosystem. As technological innovations become more deeply entrenched in business models, infrastructure, and delivery channels, system-related failures and malfunctions can create major operational disruptions in BSFIs. Social media platforms may further complicate matters as news of disruptions as well as customer complaints can spread at unprecedented speeds. Further, cyber-threats and attacks confronting the financial services industry pose added risks that can undermine public trust and confidence in the financial system.

In line with their growing technology usage and dependence at the back of a dynamic operating and cyber-threat environment, BSFIs should establish robust and effective technology risk management processes, governance structures, and cybersecurity controls. This is to ensure that the benefits derived from technological innovations can be fully optimized without compromising financial stability, operational resilience, and consumer protection.

Purpose and scope. The enhanced guidelines aim to provide guidance in managing risks associated with use of technology. The guidelines outlined are based on international standards and recognized principles of international practice for ITRM and shall serve as Bangko Sentral's baseline requirement for all BSFIs.

The guidelines shall apply to BSFIs which include banks, non-banks with quasi-banking function (NBQB), non-bank electronic money issuers and other non-bank institutions which under existing Bangko Sentral rules and regulations and special laws are subject to Bangko Sentral supervision and/or regulation. Moreover, subject guidelines shall also apply to BSFIs with offshore data processing as may be appropriate to their situation. The framework covers different facets of ITRM, some of which are supplemented with detailed guidelines in *Appendices Q-61, Q-62, Q-63, Q-64, Q-65 and Q-66.* The Bangko Sentral shall keep the Appendices updated and, in the future, issue additional regulations on new and emerging products, services, delivery channels, and other significant applications of technology.

Subject guidelines, including the *Appendices Q-61, Q-62, Q-63, Q-64, Q-65 and Q-66*, are not "one-size-fits-all" and implementation of these need to be risk-based and commensurate with the size, nature and types of products and services and complexity of IT operations of the individual BSFIs. BSFIs shall exercise sound judgment in determining applicable provisions relevant to their risk profile.

IT Profile Classification. To ensure that IT risk management system, governance structure and processes are commensurate with the attendant IT risks, the Bangko Sentral shall determine the IT profile of all BSFIs and classify them as "Complex", "Moderate" or "Simple". The IT profile refers to the inherent risk of a BSFI before application of any mitigating controls, and is assessed taking into consideration the following factors:

a. *IT infrastructure and operations.* Inherent IT risks of a BSFI largely depend on the degree of automation of core processes and applications, the size of branch networks, and the characteristics of its IT organization. BSFIs with larger branch networks and more complex organizational structures usually require a higher degree of reliance on IT systems/infrastructure, which in turn, carry higher levels of inherent IT risks. Interconnectivity risks also play a factor in determining IT risk levels since added connections to third party networks increase complexity as well as exposure to potential information security/cybersecurity risks. These include participation in electronic payment systems and interconnections with other financial institutions, business partners, customers, and third party service providers, among others.

b. *Digital/Electronic financial products and services.* Digital/electronic financial products and services provided to the BSFI's corporate and retail clients, by their very nature, can have a direct impact on IT risks, including information security/cybersecurity risks. This is because these products and services are normally provided via the internet or public networks which are inherently risky. Digital/electronic financial products and services include ATM debit, prepaid and credit cards and e-channels such as ATM terminals, point-of-sale (POS) terminals, internet banking and mobile banking facilities, among others. BSFIs that are more aggressive in providing such services are expected to have greater IT risks.

c. *IT projects and initiatives.* The extent and nature of the BSFI's IT projects prospectively impact IT risk exposure and complexity. For instance, developing or acquiring a new core banking system is considered a major project that if not adequately managed and overseen, may heighten inherent IT risks. Also, IT projects and initiatives entail the use of current resources in terms of funding and manpower that might affect existing IT operations and risk profile.

d. *Outsourced services.* While outsourcing in general does not diminish the BSFI's responsibility over the function/service outsourced, outsourcing poses an added dimension to IT and information security risks. For this reason, outsourcing arrangements require a higher degree of oversight, due diligence, and risk management controls. Outsourcing core IT services and functions via cloud computing platforms may further intensify IT and information security risks.

e. *Systemic importance.* The systemic importance of a BSFI is a critical determinant in assessing inherent IT and information security/cybersecurity risks since BSFIs identified as "Domestic Systemically Important Banks" or D-SIBs are essentially larger in size and have more complex operations and product offerings. Moreover, cyber-attacks against D-SIBs can have serious implications to financial and economic stability that may undermine public trust and confidence in the financial system.

f. *Threats.* The volume, type, and severity of cyber-attacks and fraud targeting a specific BSFI affects IT and cybersecurity risk profiles. Some BSFIs may be more prone to attacks compared to others by virtue of their asset size, customer base, systemic importance, and other factors. Thus, BSFIs that are likely targets of these types of threats should have greater degree of cyber-preparedness and resilience.

A general description for each IT profile classification is outlined as follows:

IT Profile Classification	General Description/Attributes
Complex	A BSFI with highly complex IT profile uses technology extensively in supporting mission-critical business processes and delivering financial products and services. It has ubiquitous branch network in the country and offers a wide array of digital/electronic financial products and services to a large number of corporate and retail clients. It is highly interconnected with external third party stakeholders and actively participates in electronic payment systems and networks, usually involving large-value transfers. Business strategies and objectives are largely anchored on IT platforms, digital innovation, and technology-based solutions. It is also aggressively utilizing/exploring emerging technologies such as cloud computing, social media and big data technologies.
Moderate	A BSFI classified as moderately complex uses technology to some extent, but not as aggressively as those classified as highly complex. Its branch network, IT organization and structure, and extent of IT projects are also relatively less significant than those of highly complex BSFIs. IT applications and systems are integrated but primarily support traditional banking products and services. It may offer basic digital/electronic products and services, such as ATM terminals/card-based products, to a limited number of clients.
Simple	A BSFI classified as simple generally has very limited use of technology with minimal interconnectivity to its clients and other institutions. Likewise, branch network or geographic presence is confined to a specific locality. IT applications and systems are stand-alone or are not fully integrated and e-banking products and services are rarely offered. A simple BSFI also has few IT personnel and customer base

The IT profile of rural banks, cooperative banks, NBFIs, and non-bank institutions shall be classified as “Simple”, unless notified by the Bangko Sentral of a higher classification. For other BSFIs, the Bangko Sentral shall notify in writing their assigned classification within a reasonable timeline from the effectivity of this Circular. The Bangko Sentral-assigned classification shall remain effective until such time that the Bangko Sentral informs the concerned BSFI of a change in classification.

The Bangko Sentral assessment and classification process should not preclude BSFIs from assessing their own IT profile classification on an ongoing basis. All BSFIs are required to have periodic and rigorous self-assessment exercises using more robust data sets and variables as part of their information security risk management system.

IT Rating System. The Bangko Sentral, in the course of its on-site examination activities, shall evaluate BSFIs’ ITRM system and measure the results based on Bangko Sentral’s IT rating system. A composite rating is assigned based on a “1” to “4” numerical scale, as follows:

4	BSFIs with this rating exhibit strong performance in every respect. Noted weaknesses in IT are minor in nature and can be easily corrected during the normal course of business.
3	BSFIs with this rating exhibit satisfactory performance but may demonstrate modest weaknesses in operating performance, monitoring, management processes or system development.
2	BSFIs with this rating exhibit less than satisfactory performance and require considerable degree of supervision due to a combination of weaknesses that may range from moderate to severe.
1	BSFIs with this rating exhibit deficient IT environment that may impair the future viability of the entity, thereby requiring immediate remedial action.

Definition of terms. In these guidelines, terms are used with the following meanings:

a. *Advanced persistent threat or APT* shall refer to a sophisticated form of attack that involves coordinating multiple methods of identifying and exploiting a target's vulnerabilities over an extended period to do harm.

b. *Card skimming* shall refer to the illegal copying of information from the magnetic stripe of a credit or ATM card to gain access to accounts.

c. *Cloud computing* shall refer to a model for enabling ubiquitous, convenient, and on-demand network access to a shared pool of configurable computing resources that can be rapidly provisioned and released with minimal management effort or service provider interaction.

d. *Compromised State* A state wherein someone or something has maliciously broken into networks, systems and computers which raises doubt as to the integrity of information assets, such as, but not limited to, program files, image files, and operating system files.

e. *Cyber-threat* shall refer to a deliberate act of omission or commission by any person carried out using the internet and/or other electronic channels, in order to communicate false or fraudulent representations to prospective victims, to conduct fraudulent transactions, or to illegally obtain proprietary data or information related to the institution, their customers and other stakeholders. Cyber-threat can be used synonymously with cyber-fraud, cyber-attack or cyber--related incidents.

f. *Cybersecurity* shall refer to technologies, processes, and practices designed to protect a BSFI's information assets and consumers by preventing, detecting, and responding to cyber-attacks.

g. *Data Breach* An incident in which sensitive, protected or confidential data or information has potentially been viewed, stolen, leaked, used, or destroyed by unauthorized persons.

h. *Defense-in-depth* shall refer to a security strategy or design of deploying security controls over multiple or various layers across the network, systems, and applications such that a failure in one control would be compensated by another control in the next layer. This approach effectively delays or disrupts an attacker's ability to progress within the attack sequence.

i. *Distributed denial of Service (DDoS)* shall refer to a type of attack which makes use of the capacity limitation of enterprise networks, systems or ingress with extreme traffic loads.

j. *Hacking* Unauthorized access into or interference in networks, systems and computers without the knowledge and consent of the system/information owner.

k. *Information security program (ISP)* shall refer to information security policies, standards and procedures, security operations, technologies, organizational structures, and information security awareness and training programs aimed at protecting a BSFI's information assets and supporting infrastructure from internal and external threats.

l. *Information security strategic plan (ISSP)* shall refer to the roadmap to guide a BSFI in transforming the current state of security to the desired state taking into account business goals and strategies.

m. *Information security risk management (ISRM)* shall refer to the process of identifying, assessing, mitigating, managing, and monitoring information security risks, including cyber-risk, to ensure these are within acceptable levels. It should be integrated into the BSFI's ISP and enterprise-wide risk management system.

n. *Malware* shall refer to malicious software that compromises the confidentiality, availability or integrity of information systems, networks or data. Examples of malware include ransomware, trojans, adware, botnets, bugs, and spyware, among others.

o. *Pharming* A form of cyber-attack that redirects a website traffic to another fake website to obtain user credentials and information.

p. *Phishing* shall refer to the use of electronic communications such as e-mail to masquerade with trusted identity to capture sensitive information to gain access to accounts. It involves tricking customers into giving sensitive information through fraudulent emails or websites.

q. *Reportable Major Cyber-related Incidents* Any cyber-related incidents that meet the criteria for reporting/notification to the Bangko Sentral as laid out in Item a(2)(a)of the Reports under Sec 126-N.

r. *Security operations center (SOC)* shall refer to a unit or function that provides centralized visibility, continuous monitoring, and rapid response and recovery procedures on security incidents and events.

s. *Spearphishing* A more advanced type of phishing attack which is customized to a particular target (e.g., executives, privileged users, etc.).

t. *Threat Actor* A person, group or nation/state/government that carries out or intends to carry out damaging acts against another party. An advanced threat actor shall refer to a person, organized group, or nation/state/government that (a) possesses superior capabilities, resources and skills to launch sophisticated cyber-attacks; or (b) seeks military and/or intelligence information for cyber-espionage purposes.

u. Threat intelligence shall refer to the process of gathering and analyzing information about the proficiencies, tactics, and motives of malicious actors/attackers that enables a BSFI to institute appropriate countermeasures quickly.

Description of IT-related risks. As BSFIs increase their reliance on IT to deliver products and services, inappropriate usage of IT resources may have significant risk exposures. While IT does not trigger new types of risks, it brings in new dimensions to traditional banking risks (i.e., strategic risk, credit risk, market risk, liquidity risk and operational risk) that require new or enhanced control activities (e.g., a failure of a credit risk measurement application is an IT failure and, therefore, a systems failure in the sense of operational risk). Moreover, IT is an implied part of any system of internal controls, regardless of the type of risk and, consequently, forms an important element in organization-wide risk management. Among the risks associated with the use of IT are the following:

a. *Operational risk* is the risk to earnings and capital arising from problems with service or product delivery. This risk is a function of internal controls, IT systems, employee integrity and operating processes. Operational risk exists in all products and services;

b. *Strategic risk* is the risk to earnings and capital arising from adverse business decisions on IT-related investments or improper implementation of those decisions. The risk is a function of the compatibility of an organization's strategic goals, the business strategies developed to achieve those goals, the resources deployed against these goals and the quality of implementation. The resources needed to carry out business strategies are both tangible and intangible which include communication channels, operating systems, delivery networks and managerial capacities and capabilities;

c. *Reputational risk* is the risk to earnings and capital arising from negative public opinion. This affects the institution's ability to establish new relationships or services or continue servicing existing relationships. The risk can expose the institution to litigation, financial loss or damage to its reputation; and

d. *Compliance risk* is the risk to earnings and capital arising from the violations of, or non-conformance with laws, rules and regulations, prescribed practices or ethical standards. Compliance risk also arises in situations where the laws and rules governing certain products activities of the BSFI's clients may be ambiguous or untested. Compliance risk exposes the institution to monetary penalties, non-monetary sanctions and possibility of contracts being annulled or declared unenforceable.

IT Risk Management System (ITRMS). As BSFIs become more dependent on IT systems and processes, technology risks and information security issues have become progressively more complex and pressing in recent years. Information security is just as important as the new technologies being installed by BSFIs. As progress in technology shifts to higher gear, the trend in cyber-attacks, intrusions, and other form of incidents on computer systems shows that it will not only persist but will continue to increase in frequency and spread in magnitude.

Management of IT risks and information security issues becomes a necessity and an important part of BSFIs' risk management system. BSFIs are therefore required to establish a robust ITRM system covering four (4) key components: 1) IT governance, 2) risk identification and assessment 3) IT controls implementation, and 4) risk measurement and monitoring.

a. *IT Governance.* This is an integral part of BSFIs' governance framework and consists of the leadership and organizational structures and processes that ensure the alignment of IT strategic plan with BSFIs' business strategy, optimization of resources management, IT value delivery, performance measurement and the effective and efficient use of IT to achieve business objectives and effective IT risk management implementation. BSFIs must establish an effective IT governance framework covering the following:

(1) *Oversight and organization of IT functions.* Accountability is a key concern of IT governance and this can be obtained with an organizational structure that has well-defined roles for the responsibility of information, business processes, applications, IT infrastructure, etc.

The Board of Directors is ultimately responsible for understanding the IT risks confronted by a BSFI and ensuring that they are properly managed, whereas the Senior Management is accountable for designing and implementing the ITRMS approved by the Board. For Complex BSFIs, the Board may delegate to an IT Steering Committee (ITSC) or its equivalent IT oversight function to cohesively monitor IT performance and institute appropriate actions to ensure achievement of desired results. The ITSC, at a minimum, should have as members a non-executive Board director who oversees the institution's IT function, the head of IT group/department, and the highest rank officer who oversees the business user groups. The head of control groups should participate in ITSC meetings in advisory capacity only.

A charter should be ratified by the Board to clearly define the roles and responsibilities of the ITSC. Formal minutes of meeting should be maintained to document its discussions and decisions. The ITSC should regularly provide adequate information to the Board regarding IT performance, status of major IT projects or other significant issues to enable the Board to make well-informed decisions about the BSFIs' IT operations.

BSFIs should develop an IT strategic plan that is aligned with the institution's business strategy. This should be undertaken to manage and direct all IT resources in line with the business strategy and priorities. IT strategic plan should focus on long term goals covering three (3)- to five (5)-year horizon and should be sufficiently supplemented by tactical IT plans which specify concise objectives, action plans and tasks that are understood and accepted by both business and IT. The IT strategic plan should be formally documented, endorsed by the Board and communicated to all stakeholders. It should be reviewed and updated regularly for new risks or opportunities to maximize the value of IT to the institution.

BSFIs should also create an organization of IT functions that will effectively deliver IT services to business units. For "Complex" BSFIs, a full-time IT Head or equivalent rank should be designated to take the lead in key IT initiatives and oversee the effectiveness of the IT organization. In addition to managing the delivery of day-to-day IT services, the IT Head should also oversee the IT budget and maintain responsibility for performance management, IT acquisition oversight, professional development and training. The IT Head should be a member of executive management with direct involvement in key decisions for the BSFI and usually reports directly to the President or Chief Executive Officer.

A clear description of roles and responsibilities for individual IT functions should be documented and approved by the Board. Proper segregation of duties within and among the various IT functions should be implemented to reduce the possibility for an individual to compromise a critical process. A mechanism should be in place to ensure that personnel are performing only the functions relevant to their respective jobs and positions. In the event that an institution finds it difficult to segregate certain IT control responsibilities, it should put in place adequate compensating controls (e.g. peer reviews) to mitigate the associated risks.

(2) *IT policies, procedures and standards.* IT controls, policies, and procedures are the foundation of IT governance structure. It helps articulate the rules and procedures for making IT decisions, and helps to set, attain, and monitor IT objectives.

BSFIs should adopt and enforce IT-related policies and procedures that are well-defined and frequently communicated to establish and delineate duties and responsibilities of personnel for better coordination, effective and consistent performance of tasks, and quicker training of new employees. Management should ensure that policies, procedures, and systems are current and well-documented. The ITSC should review IT policies, procedures, and standards at least on an annual basis. Any updates and changes should be clearly documented and properly approved. IT policies and procedures should include at least the following areas:

- IT Governance/Management;
- Development and Acquisition;
- IT Operations;
- Communication networks;
- Information security;
- Electronic Banking/Electronic Products and Services; and
- IT Outsourcing/Vendor Management.

For simple BSFIs, some of the above areas (i.e., development, electronic banking, etc.) may not be applicable, thus sound judgment should be employed to ensure that the BSFI's IT policies and procedures have adequately covered all applicable areas.

(3) *IT audit.* Audit plays a key role in assisting the Board in the discharge of its corporate governance responsibilities by performing an independent assessment of technology risk management process and IT controls.

Auditors provide an assurance that important control mechanisms are in place for detecting deficiencies and managing risks in the implementation of IT. They should be qualified to assess the specific risks that arise from specific uses of IT. BSFIs should establish effective audit programs that cover IT risk exposures throughout the organization, risk-focused, promote sound IT controls, ensure the timely resolution of audit deficiencies and periodic reporting to the Board on the effectiveness of the institution's IT risk management, internal controls, and IT governance. Regardless of size and complexity, the IT audit program should cover the following:

- Independence of the IT audit function and its reporting relationship to the Board or its Audit Committee;
- Expertise and size of the audit staff relative to the IT environment;

- Identification of the IT audit universe, risk assessment, scope, and frequency of IT audits;
- Processes in place to ensure timely tracking and resolution of reported weaknesses; and
- Documentation of IT audits, including work papers, audit reports, and follow-up.

In case in-house IT audit expertise is not available, such as for a simple BSFI, the IT audit support may be performed by external specialists and auditors of other institutions consistent with existing Bangko Sentral rules and regulations on outsourcing. (Detailed guidelines/standards on IT Audit are shown in *Appendix Q-61*).

(4) *Staff competence and training.* The rapid development in technology demands appropriate, skilled personnel to remain competent and meet the required level of expertise on an ongoing basis.

BSFIs should have an effective IT human resources management plan that meets the requirements for IT and the business lines it supports. Management should allocate sufficient resources to hire and train employees to ensure that they have the expertise necessary to perform their job and achieve organizational goals and objectives.

Management needs to ensure that staffing levels are sufficient to handle present and expected work demands, and to cater reasonably for staff turnover. Appropriate succession and transition strategies for key officers and personnel should be in place to provide for a smooth transition in the event of turnover in vital IT management or operations functions.

(5) *Management Information Systems (MIS).* The BSFIs' IT organization often provides an important support role for their MIS. Accurate and timely MIS reports are an essential component of prudent and reasonable business decisions. At the most senior levels, MIS provides the data and information to help the Board and management make strategic decisions. At other levels, MIS allows management to monitor the institution's activities and distribute information to other employees, customers, and members of management.

Advances in technology have increased the volume of information available to management and directors for planning and decision-making. However, if technology is not properly managed, the potential for inaccurate reporting and flawed decision making increases. Because report generation systems can rely on manual data entry or extract data from many different financial and transaction systems, management should establish appropriate control procedures to ensure information is correct, relevant, and adequately protected. Since MIS can originate from multiple equipment platforms and systems, the controls should ensure all information systems have sufficient and appropriate controls to maintain the integrity of the information and the processing environment. Sound fundamental principles for MIS review include proper internal controls, operating procedures, safeguards, and audit coverage.

(6) *IT risk management function.* Management of risk is a cornerstone of IT Governance. BSFIs should have a policy requiring the conduct of identification, measurement, monitoring and controlling of IT risks for each business function/service on a periodic basis. BSFIs should define and assign these critical roles to a risk management unit or to a group of persons from different units collectively performing the tasks defined for this function.

The function should have a formal technology risk acknowledgement and acceptance process by the owner of risk to help facilitate the process of reviewing, evaluating and approving any major incidents of non-compliance with IT control policies. The process can be supported by the following:

- a description of risk being considered for acknowledgement by owner of risk and an assessment of the risk that is being accepted;
- identification of mitigating controls;
- formulation of a remedial plan to reduce risk; and
- approval of risk acknowledgement from the owner of the risk and senior management.

ITRM processes should be integrated into the enterprise-wide risk management processes to allow BSFIs to make well-informed decisions involving business plans and strategies, risk responses, risk tolerance levels and capital management, among others.

b. *Risk identification and assessment.* BSFIs should maintain a risk assessment process that drives response selection and controls implementation. An effective IT assessment process begins with the identification of the current and prospective IT risk exposures arising from the institution's IT environment and related processes. The assessments should identify all information assets, any foreseeable internal and external threats to these assets, the likelihood of the threats, and the adequacy of existing controls to mitigate the identified risks. Management should continually compare its risk exposure to the value of its business activities to determine acceptable risk levels. Once management understands the institution's IT environment and analyzes the risk, it should rank the risks and prioritize its response. The probability of occurrence and the magnitude of impact provide the foundation for reducing risk exposures or establishing mitigating controls for safe, sound, and efficient IT operations appropriate to the complexity of the

organization. Periodic risk assessment process should be done at the enterprise-wide level and an effective monitoring program for the risk mitigation activities should be manifested through mitigation or corrective action plans, assignment of responsibilities and accountability and management reporting.

c. *IT controls implementation.* Controls comprise of policies, procedures, practices and organizational structures designed to provide reasonable assurance that business objectives will be achieved and undesired events will be mitigated. Management should establish an adequate and effective system of internal controls based on the degree of exposure and the potential risk of loss arising from the use of IT. Controls for IT environment generally should address the overall integrity of the environment and should include clear and measurable performance goals, the allocation of specific responsibilities for key project implementation, and independent mechanisms that will both measure risks and minimize excessive risk-taking. BSFI Management should implement satisfactory control practices that address the following as part of its overall IT risk mitigation strategy: 1) Information security; 2) Project management/development and acquisition and change management; 3) IT operations; 4) IT outsourcing/Vendor management; and 5) Electronic banking, Electronic payments, Electronic money and other Electronic products and services.

(1) *Information security.* Information is a vital asset of a BSFI that must be adequately protected and managed to preserve its confidentiality, integrity and availability. Considering the crucial role information plays in supporting business goals and objectives, driving core operations and critical decision-making, information security is intrinsically linked to the overall safety and soundness of BSFIs. Thus, the BSFI needs to put in place a robust, resilient and enterprise- wide framework for ISRM supported by effective information security governance and oversight mechanisms. Information security risk exposures must be managed to within acceptable levels through a dynamic interplay of people, policies and processes, and technologies and must be integrated with the enterprise-wide risk management system.

Management should adopt a holistic, integrated and cyclical approach to managing information security risks. An ISRM framework should be in place encompassing key elements and phases with effective governance mechanisms to oversee the entire process. The framework represents a continuing cycle that should evolve over time taking into account changes in the operating and business environment as well as the overall cyber-threat landscape.

Figure 1. Information Security Risk Management Framework

The ISRM framework is based upon the following underlying fundamental principles and concepts:

(a) *Strong leadership and effective Information Security (IS) governance and oversight.* The BSFI's Board and Senior Management set the overall tone and strategic direction for information security by providing strong leadership, effective information security governance and oversight. They should take the lead in establishing an information security culture that regards security as an intrinsic part of the BSFI's core business and operations. Instilling a strong security culture ensures that security controls, processes, and measures are deeply embedded into the institution's lines of business, products, services and processes, including its employees and external relationships. The Board and Senior Management should adopt the right mindset and understand the crucial role of information security in supporting/achieving business goals and objectives. Towards this end, they should oversee the development of an information security strategic plan (ISSP) to clearly articulate security strategies and objectives aligned with business plans.

The BSFI should maintain a comprehensive, well-designed and effective information security program (ISP) that is commensurate with its operational and IT profile complexity. To ensure its effectiveness and sustainability, the ISP should have strong support from the Board and Senior Management as well as cooperation of all concerned stakeholders. Management should see to it that adequate resources, organizational functions/capabilities, policies, standards, and procedures as well as the supporting infrastructure commensurate with the BSFI's IT risk complexity and appetite are available and optimized to effectively implement the ISSP and ISP. Lastly, the Board and Senior Management should appoint a Chief Information Security Officer (CISO), a senior level executive with sufficient authority within the institution, who will be responsible and accountable for the organization-wide ISP.

(b) *Integrated, holistic and risk-based approach.* The ISRM should form an integral part of the BSFI's ISP and enterprise risk management system. It encompasses the people, policies and processes, and technology elements in the organization that should be harmonized to support information security goals and objectives. Information security is not achieved by merely focusing on technology or one aspect and no one element is superior over the other. Each of these elements must work together to achieve the desired security posture and manage information security risks to acceptable levels. In line with the increasing interconnectivity of BSFIs and other industry players, the ISRM should also consider security controls and requirements over third party service providers, customers, banks, and other third party stakeholders which are linked or have access to the BSFI's network and systems. This is because threat actors may launch their attacks on the BSFI through these third party networks.

Likewise, the ISRM including cyber-risk management programs should be commensurate with the inherent risks involved. This means that the BSFI's information security controls and maturity levels should be commensurate with its operations and complexity of IT profile. In this regard, in determining whether a certain control requirement is applicable to the BSFI, it shall first assess the complexity of its IT profile pursuant to Sec. 126-N. BSFIs with complex IT profile are expected to implement the more advanced security control measures and be at the higher levels of the information security/cyber-maturity curve. BSFIs may also refer to leading standards and frameworks issued by standard-setting bodies[1] on information security and cybersecurity in designing their ISRM.

(c) *Continuing cycle.* The ISRM involves a continuing cycle consisting of the following six (6) major phases:

(i) *Identify*. The starting point of the cycle is the identification of the BSFI's information security as well as cyber-related risks. Under this phase, management needs to identify its business processes and functions, information assets classified as to sensitivity and criticality, threats and vulnerabilities, interconnections, and security architecture. Identification of these factors facilitates BSFI's understanding and assessment of its inherent information security and cyber risks which are key inputs in determining, designing, and implementing the appropriate risk treatment options.

(ii) *Prevent.* After identifying these key factors and assessing the information security and cyber risks, the prevent phase comes into play where adequate protection mechanisms and controls are designed and implemented. These include measures ranging from baseline to advanced tools and approaches such as defense-in-depth, malware prevention, access controls and cybersecurity awareness programs, among others. These preventive controls are generally categorized into three (3) types, as follows:

(aa) *Administrative controls* – refer to the policies, standards, and procedures in place which articulate Management's intent, expectations, and direction on information security. It also includes security practices designed to prevent unwarranted employee behavior.

(bb) *Physical and environmental controls* – pertains to the security controls and measures implemented to protect physical infrastructure such as data centers, computer facilities, and equipment from damage, unauthorized access or environmental hazards.

(cc) *Technical controls* - refer to the logical security controls, security tools, and technologies to ensure that the confidentiality, integrity, and availability objectives for information assets are achieved.

(iii) *Detect*. Detection capabilities should also be in place as prevention alone is not sufficient. As demonstrated in recent cyber-attacks, the ability of an institution to quickly detect anomalous activities and evaluate the scope of an attack is an important aspect in significantly reducing negative impacts. Management should design and implement effective detection controls over the BSFI's networks, critical systems and applications, access points, and confidential information.

[1] US National Institute of Standards and Technology (NIST), ISO/IEC, ISACA and Committee on Payments and Market Infrastructures (CPMI), among others.

(iv) *Respond.* The response phase is triggered upon confirmation of an occurrence of a cyber-attack or security incident affecting the BSFI and its customers. With the growing incidence of sophisticated cybercrimes and threats, the BSFI should be prepared to respond quickly considering that cyber-attacks are no longer a remote possibility. Therefore, it should develop comprehensive, updated, and tested incident response plans supported by well-trained incident responders, investigators, and forensic data collectors. Through adequate response capabilities, the BSFI should be able to minimize and contain the damage and impact arising from security incidents, immediately restore critical systems and services, and facilitate investigation to determine root causes.

(v) *Recover.* This phase encompasses both the resumption of activities at a level which is considered "good enough for a certain period of time" and full recovery, i.e., an eventual return to full service. Management should be able to establish back-up facilities and recovery strategies to ensure the continuity of critical operations. During the recovery phase, it should ensure that information processed using back-up facilities and alternate sites still meet acceptable levels of security. To achieve cyber resilience, the BSFI should consider information security incidents and cyber-related attack scenarios in its business continuity management and recovery processes.

(vi) *Test.* The BSFI needs to continually assess and test controls and security measures implemented under the prevent, detect, respond, and recover phases to ensure that these are effective and working as intended. Likewise, a comprehensive, systematic and layered testing and assurance program covering security processes and technologies should be in place. This is to ensure that the ISRM is on track in providing appropriate level of information security commensurate to the BSFIs' IT profile complexity. This phase also ensures that both the ISSP and ISP remain effective vis-a-vis the fast-evolving cyber-threat landscape.

(d) *Cyber threat intelligence and collaboration.* In response *to* the growing cyber-threat landscape, BSFIs need to step up their information security posture and resilience beyond their respective networks. Likewise, BSFIs need to enhance situational awareness that would provide a keen sense of the threat landscape as it relates to their IT risk and cyber-risk profiles, operating complexities, and business models. Further, BSFIs need to collaborate with each other, including regulators, law enforcement agencies, and other third party stakeholders for a collective, coordinated, and strategic response through information sharing and collaboration. Information sharing allows BSFIs to enhance threat intelligence that enables quick identification, prevention and response to emerging and persistent threats. (Detailed guidelines/standards on information security are shown in *Appendix Q-62*).

(2) *Project management/development and acquisition and change management.* BSFIs should establish a framework for management of IT-related projects. The framework should clearly specify the appropriate project management methodology that will govern the process of developing, implementing and maintaining major IT systems. The methodology, on the other hand, should cover allocation of responsibilities, activity breakdown, budgeting of time and resources, milestones, checkpoints, key dependencies, quality assurance, risk assessment and approvals, among others. In the acquisition and/or development of IT solutions, BSFIs should ensure that business and regulatory requirements are satisfied. (Detailed guidelines/standards on Project Management/Development and Acquisition and Change Management are shown in *Appendix Q-63*).

(3) *IT operations.* IT has become an integral part of the day-to-day business operation, automating and providing support to nearly all of the business processes and functions within the institution. Therefore, the IT systems should be reliable, secure and available when needed which translates to high levels of service and dependency on IT to operate.

One of the primary responsibilities of IT operations management is to ensure the institution’s current and planned infrastructure is sufficient to accomplish its strategic plans. BSFI management should ensure that IT operates in a safe, sound, and efficient manner throughout the institution. Given that most IT systems are interconnected and interdependent, failure to adequately supervise any part of the IT environment can heighten potential risks for all elements of IT operations and the performance of the critical business lines of the BSFIs. Such scenario necessitates the coordination of IT controls throughout the institution’s operating environment. (Detailed guidelines/standards on IT Operations are shown in *Appendix Q-64*)

(4) *IT outsourcing/vendor management program.* IT outsourcing refers to any contractual agreement between a BSFI and a service provider or vendor for the latter to create, maintain, or reengineer the institution’s IT architecture, systems and related processes on a continuing basis. A BSFI may outsource IT systems and processes except those functions expressly prohibited by existing regulations. The decision to outsource should fit into the institution’s overall strategic plan and corporate objectives and said arrangement should comply with the provisions of existing Bangko Sentral rules and regulations on outsourcing. Although the technology needed to support business objectives is often a critical factor in deciding to outsource, managing such relationships should be viewed as an enterprise-wide corporate management issue, rather than a mere IT issue.

While IT outsourcing transfers operational responsibility to the service provider, the BSFIs retain ultimate responsibility for the outsourced activity. Moreover, the risks associated with the outsourced activity may be realized in a different manner than if the functions were inside the institution resulting in the need for controls designed to monitor such risks. BSFI management should implement an effective outsourcing oversight program that provides the framework for management to understand, monitor, measure, and control the risks associated with outsourcing. BSFIs outsourcing IT services should have a comprehensive outsourcing risk management process which provides guidance on the following areas: 1) risk assessment; 2) selection of service providers; 3) contract review; and 4) monitoring of service providers. Detailed guidelines/standards on IT Outsourcing/Vendor Management and on the adoption of outsourced cloud computing model are shown in *Appendix Q-65*.

(5) *Electronic products and services.* The evolution in technology revolutionized the way banking and financial products and services are delivered. Physical barriers were brought down enabling clients to access their accounts, make transactions or gather information on financial products and services anywhere they are, at any time of the day and at their own convenience. As development in technology continues to accelerate, innovative electronic products and services are foreseen to bring more accessibility and efficiency. However, BSFIs may be confronted with challenges relating to capacity, availability and reliability of the electronic services. Likewise, fraudulent activities via electronic channels are also rising in number.

BSFIs should protect customers from fraudulent schemes done electronically. Otherwise, consumer confidence to use electronic channels as safe and reliable method of making transactions will be eroded. To mitigate the impact of cyber fraud, BSFIs should adopt aggressive security posture such as the following:

(a) The entire ATM system shall be upgraded/converted to allow adoption of end-to-end Triple DES (3DES) encryption standards by 01 January 2015. The 3DES encryption standards shall cover the whole ATM network which consists of the host processors, switches, host security module (HSM), automated teller machines (ATMs), point-of-sale (POS) terminals and all communication links connected to the network; and

(b) ATMs to be installed after 14 September 2013 should be 3DES compliant; and

(c) ATMs, POS terminals and payment cards are also vulnerable to skimming attacks due to the lack of deployment of globally recognized EMV enabled technology by BSFIs. Magnetic stripe only ATMs, POS Terminals and cards are largely defenseless against modern fraud techniques. Therefore, all concerned BSFIs should shift from magnetic stripe technology to EMV chip-enabled cards, POS Terminals and ATMs. The entire payment card network should be migrated to EMV by 01 January 2017. This requirement shall cover both issuing and acquiring programs of concerned BSFIs. A written and Board- approved EMV migration plan should be submitted to Bangko Sentral within six (6) months from 22 August 2013. The guidelines on EMV Implementation are shown in *Appendix N-17*. The guidelines on EMV Card Fraud Liability Shift Framework (ECFLSF) are in *Appendix N-18*.

The guidelines on EMV implementation are shown in Appendix N-17. The guidelines on EMV Card Fraud Liability Shift Framework (ECFLSF) are shown in Appendix N-18. Detailed guidelines/standards on Electronic Products and Services are shown in *Appendix Q-66.*

d. *Risk measurement and monitoring.* BSFI Management should monitor IT risks and the effectiveness of established controls through periodic measurement of IT activities based on internally established standards and industry benchmarks to assess the effectiveness and efficiency of existing operations. Timely, accurate, and complete risk monitoring and assessment reports should be submitted to management to provide assurance that established controls are functioning effectively, resources are operating properly and used efficiently and IT operations are performing within established parameters. Any deviation noted in the process should be evaluated and management should initiate remedial action to address underlying causes. The scope and frequency of these performance measurement activities will depend on the complexity of the BSFI's IT risk profile and should cover, among others, the following:

(1) *Performance vis-à-vis approved IT strategic plan.* As part of both planning and monitoring mechanisms, BSFI management should periodically assess its uses of IT as part of overall business planning. Such an enterprise-wide and ongoing approach helps to ensure that all major IT projects are consistent with the BSFI's overall strategic goals. Periodic monitoring of IT performance against established plans shall confirm whether IT strategic plans remain in alignment with the business strategy and the IT performance supports the planned strategy.

(2) *Performance benchmarks/service levels***.** BSFIs should establish performance benchmarks or standards for IT functions and monitor them on a regular basis. Such monitoring can identify potential problem areas and provide assurance that IT functions are meeting the objectives. Areas to consider include system and network availability, data center availability, system reruns, out of balance conditions, response time, error rates, data entry volumes, special requests, and problem reports.

Management should properly define services and service level agreements (SLA) that must be monitored and measured in terms understandable to the business units. SLA with business units and IT department should be established to provide a baseline to measure IT performance.

(3) *Quality assurance/quality control*. BSFI should establish quality assurance (QA) and quality control (QC) procedures for all significant activities, both internal and external, to ensure that IT is delivering value to business in a cost effective manner and promotes continuous improvement through ongoing monitoring. QA activities ensure that product conforms to specification and is fit for use while QC procedures identify weaknesses in work products and to avoid the resource drain and expense of redoing a task. The personnel performing QA and QC reviews should be independent of the product/process being reviewed and use quantifiable indicators to ensure objective assessment of the effectiveness of IT activities in delivering IT capabilities and services.

(4) *Policy compliance.* BSFIs should develop, implement, and monitor processes to measure IT compliance with their established policies and standards as well as regulatory requirements. In addition to the traditional reliance on internal and third party audit functions, BSFIs should perform self-assessments on a periodic basis to gauge performance which often lead to early identification of emerging or changing risks requiring policy changes and updates.

(5) *External assessment program.* Complex BSFIs may also seek regular assurance that IT assets are appropriately secured and that their IT security risk management framework is effective. This may be executed through a formal external assessment program that facilitates a systematic assessment of the IT security risk and control environment over time.

Reporting and notification standards. In line with the increased reliance on and adoption of technology by BSFIs, along with growing concerns on cybersecurity, BSFIs should submit regular and event-driven reports covering technology-related information as well as incidence of major cyber-attacks and operational disruptions. This will enable the Bangko Sentral to have an enhanced visibility on the changing IT risk landscape and to proactively ensure that the impact and risks arising from cyber-related incidents and operational disruptions are minimized and contained to avert potential systemic risks to the financial system.

a. Reporting requirement. BSFIs are required to submit to the Bangko Sentral the following reports/information:

(1) Periodic reports. BSFIs shall submit an Annual IT Profile, as listed in *Appendix 7*, electronically to the appropriate supervising department of the Bangko Sentral within twenty-five (25) calendar days from the end of reference year.

(2) Event-driven reports. BSFIs shall notify the Bangko Sentral upon discovery of any of the following:

(a) Reportable Major Cyber-related Incidents. These cover all events which may seriously jeopardize the confidentiality, integrity or availability of critical information, data or systems of BSFIs, including their customers and other stakeholders. Reporting of such incidents to the Bangko Sentral should form part of the incident management plan of BSFIs.

An incident is considered a reportable major cyber-related incident, if after assessing the nature of the incident or attack, the BSFI has determined that the same:

(i) resulted in an unauthorized access and infiltration into the BSFI's internal network (i.e., hacking, advanced persistent threats, presence of malware);
(ii) involved a system-level compromise (i.e., attacks on BSFI's core systems, as opposed to phishing attempts of individual clients);
(iii) affected a significant number of customer accounts simultaneously;
(iv) involved significant data loss or massive data breach;
(v) indicated spearphishing attacks targeting the BSFIs' directors, senior executives, officers, or privileged users;
(vi) resulted in the unavailability of critical systems/services (e.g., Distributed Denial of Service (DDoS) attack resulting in service outage);
(vii) inflicted material financial losses to the BSFIs, their customers and other stakeholders; or
(viii) has been suspected to be perpetrated by an advanced threat actor.

(b) Disruptions of financial services and operations. These include disruption of critical operations which lasts for more than two (2) hours due to internal and external threats, which may be natural, man-made or technical in origin. Such scenarios usually involve loss of personnel, technology, alternate site, and service providers. Causes of such interruptions include, but are not limited to, fire, earthquakes, flood, typhoon, long-term power outage, technical malfunctions, pandemics and other threats.

Security events/attacks which are normally prevented by security systems/devices need not be reported to the Bangko Sentral, except if the same involve significant financial value and/or multitude of customer accounts beyond BSFI's reasonable threshold levels. For instance, an attempt to fraudulently transfer funds involving large sums of money requires immediate notification to the Bangko Sentral as this can be a signal of impending attacks to other BSFIs.

b. Procedure for event-driven reporting. The following procedures shall be followed by BSFIs in reporting reportable major cyber-related incidents and/or disruptions of financial services and operations stated in Item "*a(2)"* of this Section:

(1) The BSFIs' Compliance Officer and/or BSFI-designated Officer shall notify the appropriate supervising department of the Bangko Sentral within two (2) hours from discovery of the reportable major cyber-related incidents and/or disruptions of financial services and operations stated in Item "*a(2)*" of this Section, in accordance with *Appendix N-1*.

(2) The BSFIs shall disclose, at the minimum, the nature of the incident and the specific system or business function involved.

(3) Within twenty-four (24) hours from the time of the discovery of the reportable major cyber-related incident and/or disruption, a follow-up report should be sent to the appropriate supervising department of the Bangko Sentral through e-mail indicating the following, as applicable:

(a) nature of the incident;
(b) manner and time of initial detection;
(c) impact of the incident based on initial assessment (e.g., length of downtime, number of affected customers/accounts, number of complaints received, value of transactions involved);
(d) initial response or actions taken/to be taken (e.g., conduct of root cause analysis) with respect to the incident; and
(e) information if the incident resulted in activation of the Business Continuity Plan (BCP) and/or Crisis Management Plan (CMP).

c. Verification of root cause. Depending on the nature and severity of the reported incident/disruption, the Bangko Sentral may require BSFIs to provide additional information or updates until the matter is satisfactorily resolved. Likewise, the Bangko Sentral may conduct special examination or overseeing inspection, if necessary, to verify root cause of the incident, assess the impact to the BSFI and the financial system as a whole, identify areas for improvement to prevent recurrence of the incident, and promote enterprise and industry-wide operational resilience.

d. Compliance with reporting of crimes and losses. Compliance with event-driven report requirement shall not excuse BSFIs from complying with the existing rules on the reporting of crimes and losses under Sec. 173 and *Appendix Q-5/S-3*. Likewise, any cyber-related incident which does not qualify as a reportable major cyber-related incident and other disruptions arising from crimes and losses must be reported to the Bangko Sentral in accordance with the aforesaid regulations. Operational risk events which are covered under Item a(2) on the event-driven reporting and notification requirements shall no longer require separate reporting and notification pursuant to Sec. 125-N (*Notification/reporting to Bangko Sentral*).

Information gathering. Should the conduct of in-depth studies and research on certain technology development or key area of concern relating to technology risk and cybersecurity be warranted, the Bangko Sentral, from time to time, may request BSFIs to submit specific data and information thereon through surveys, questionnaires or other means.

Sanctions and penalties. BSFIs should make available all policies and procedures and other documents/requirements related to the foregoing during on-site examination as well as provide copies thereof to the Bangko Sentral when a written request is made to determine their compliance with this Section.

Consistent with Sec. 002-Q, the Bangko Sentral may deploy enforcement actions to promote adherence with the requirements set forth in Sec. 126-N and bring about timely corrective actions. Any violation of the provisions of this Section, its appendices and annexes, shall subject the BSFI and/or its directors, officers, and/or employees to the monetary and non-monetary sanctions, as provided under existing laws, Bangko Sentral rules and regulations. Enforcement actions shall be imposed on the basis of the overall assessment of BSFIs' ITRMS. Whenever a BSFI's ITRMS is rated "1" pursuant to Sec. 126-N, the following additional sanctions may be imposed:

a. Non-compliance with the requirements in Item b of Reports of Sec. 126-N will be subject to "High" penalty level monetary sanctions pursuant to Sec. 126-N. Consistent with Sec. 002-Q, the Bangko Sentral may deploy applicable enforcement actions on the BSFI and/or its directors, officers, and/or employees for violations on this requirement.

b. Annual IT Profile and other periodic reports which have been considered as erroneous, delayed or unsubmitted shall be subject to the penalties for *Category B* reports under Sec. 171 (*Sanctions on Reports for Non-compliance with the Reporting Standards*) of the MORB.

On the requirement to adopt multi-factor authentication techniques for sensitive communications and/or high risk transactions pursuant to Item *"4.1.2"* of *Appendix Q-66*, the Bangko Sentral may issue directives to improve authentication and authorization procedures for sensitive communications and/or high risk transactions, or impose sanctions to limit the level of or suspend any electronic products and services that are not compliant with such requirements.

(Circular Nos. 1051 dated 27 September 2019, 1019 dated 31 October 2018, 982 dated 09 November 2017, and 958 dated 25 April 2017)

127-N BUSINESS CONTINUITY MANAGEMENT[1]

BSFIs can be adversely affected by disruption of critical operations due to internal and external threats, which may be natural, man-made or technical in origin. Extreme events may cause major disruptions whose impact are very broad in scope, duration or both and can pose a substantial risk to the continued operation of BSFIs. Because BSFIs play a crucial role in the financial system and economy as a whole, it is important to ensure that their operations can withstand the effects of major disruptions. Thus, BSFIs need to have a comprehensive business continuity management (BCM) process as an integral part of their operational risk management system. A well-designed BCM process enables BSFIs to resume critical operations swiftly and minimize operational, financial, legal, reputational, and other material risks arising from a disruption. This also helps mitigate systemic risks as well as maintain public trust and confidence in the financial system.

Purpose, applicability, and scope. The guidelines aim to promote sound management of business continuity risks. These align existing regulations, to the extent possible, with leading standards and recognized principles on BCM, and shall serve as the Bangko Sentral's baseline requirement for all BSFIs.

The guidelines shall apply to BSFIs which include banks, NBQB, non-bank electronic money issuers and other non-bank institutions which under existing Bangko Sentral rules and regulations and special laws are subject to Bangko Sentral supervision and/or regulation. Moreover, subject guidelines shall also apply to BSFIs with offshore data processing as may be appropriate to their situation.

Definition of terms. In these guidelines, terms are used with the following meanings:

a. *Alternate and business recovery sites* shall refer to standby facilities for use during disruption of critical operations to ensure business continuity. These provide work space and/or the necessary technology environment needed to process business-critical information. Organizations may have more than one (1) alternate site. In some cases, alternate sites may involve facilities that are used for normal day-to-day operations but which are able to accommodate additional business processes when a primary location becomes inoperable. Examples of alternate sites include relocation and disaster recovery sites, whether managed directly or maintained by a third party for a BSFI or for use by multiple organizations.

b. *Business continuity* shall refer to a state of continued, uninterrupted operation of a business.

c. *BCM* shall refer to an enterprise-wide framework encompassing policies, standards, facilities, personnel and practices that provides for continuous functioning of the institution during disruptions. It is proportionate to the BSFI's internal and external risk exposures and tailored to the nature, scale, and complexity of its business.

d. *Business continuity plan (BCP)/Plan* shall refer to a documented plan detailing the orderly and expeditious process of recovery, resumption, and restoration of business functions in the event of disruptions. It should be able to cover and establish linkages among its multiple components, such as communication plan, crisis management plan, contingency funding plan, and technology recovery plan.

e. *Business impact analysis (BIA)* shall refer to the process of identifying and measuring (quantitatively and qualitatively) the business impact or loss of business processes in the event of a disruption. It is used to identify recovery priorities, recovery resource requirements, essential staff, and dependencies (internal and external) to be incorporated in the plan.

f. *Crisis* shall refer to a situation that requires urgent action due to its disruptive impact on the BSFI's core activities or business and operating environment.

g. *Crisis management plan (CMP)* shall refer to a documented plan detailing the actions to be taken when a crisis strikes a BSFI and designed to maintain order amidst the confusion surrounding such situations. During and immediately after a crisis, the members of the crisis management team will convene and activate the plan to attain control over the crisis and minimize its impact to operations.

[1] BSFIs shall comply with the foregoing standards on BCM within a period of one (1) year from 11 April 2017. In this regard, a BSFI should be able to show its plan of actions with specific timelines, as well as the status of initiatives being undertaken to fully comply with the provisions of Sec. 127-N starting July 2017, upon request of the Bangko Sentral.

h. *Critical process* shall refer to any activity, function or service, which when lost would materially affect the continued operation of the BSFI.

i. *Cyber resilience* shall refer to an organization's ability to anticipate, handle, adapt to, and/or recover from evolving cyber threats.

j. *Events* shall refer to disruption scenarios such as loss of people, technology, alternate site, and service providers.

k. *Pandemic* shall refer to epidemics or outbreaks in humans of infectious diseases that have the ability to spread rapidly over large areas, possibly worldwide.

l. *Recovery point objective (RPO)* shall refer to acceptable amount of data loss should a disruption occur without severe impact on the recovery of operations.

m. *Recovery time objective (RTO)* shall refer to the period of time following an incident within which a product, system or business process must be resumed or resources must be recovered.

n. *Resilience* shall refer to the ability of an organization to anticipate, handle, adapt to and/or recover from a disruption and resume operations.

o. *Risk assessment* shall refer to the process involving the identification and assessment of potential threats and vulnerabilities that could severely interrupt a BSFI's business activities and the corresponding likelihood and magnitude of impact on business processes.

p. *Technology recovery plan (TRP)/disaster recovery plan (DRP)* shall refer to a documented plan detailing the technology strategy and requirements during recovery for business and support functions. The relevant regulations are in Item *"3.3.2.13"* of *Appendix Q-64*.

Roles and responsibilities.

a. *Board of directors and senior management.* The BSFI's board and senior management are responsible for overseeing the implementation of a sound BCM process, which involves the creation and promotion of an organizational culture that places high priority on business continuity. This should be reinforced by providing sufficient financial and human resources associated with the BSFI's business continuity initiatives. Senior management should establish BCM policies, standards, and processes, which must be duly endorsed to and approved by the board.

Awareness training and periodic reporting to board and senior management on matters related to business continuity are equally important to ensure their continuing commitment and support. At a minimum, periodic management reports should include the following: (1) implementation status of the BCP; (2) incident reports; (3) plan test results; (4) changes to the plan; and (5) related action items to strengthen the BSFI's ability to recover during disruptions.

b. *BCM coordinator/unit.* Coordination and supervision of all business continuity activities should be assigned to a competent individual and/or unit with technical knowledge and experience consistent with the nature and complexity of the BSFI's business activities. A complex[1] BSFI may need a BCM unit with a team of departmental liaisons throughout the organization. For a simple BSFI, an individual BCM coordinator may suffice. While the BCM coordinator/unit may recommend initiatives or activities to be prioritized, the board and senior management are ultimately responsible for understanding the critical business processes and subsequently establishing plans to meet business process requirements in a safe and sound manner.

c. *BSFI personnel.* BSFI personnel should understand their roles and responsibilities on the prevention of crisis and recovery of business operations during disruptions. Business and support functions should allocate responsibilities for managing disruptions and provide clear guidance regarding the succession of authority to account for unavailability of key personnel in the event of a disruption.

d. *Audit.* An independent review of the BSFI's BCM framework and corresponding plans should be periodically performed with frequency based on a sound risk assessment process. This is to ensure that significant policy revisions resulting from changes in the operating environment, lessons learned from plan tests, and internal and regulatory audit recommendations have been considered. Moreover, plan testing exercises should be independently observed, verified, and evaluated to ensure reasonableness and validity of the testing process and the accuracy of test results.

[1] Pursuant to Sec. 147-Q on IT profile classification, BSFIs are classified as *"simple"* but maybe re-classified as "*complex*" depending on extent or degree of reliance of core business function to technology.

Business continuity management framework. BSFIs should adopt a cyclical, process-oriented BCM framework, which, at a minimum, should include five (5) phases, namely: BIA and risk assessment, strategy formulation, plan development, plan testing, and personnel training and plan maintenance. This framework represents a continuous cycle that should evolve over time based on changes in business and operating environment, audit recommendations, and test results. This framework should cover each business function and the technology that supports it. Other related policies, standards, and processes should also be integrated in the overall BCM framework.

Figure 1. Business Continuity Management Process

a. *Business impact analysis and risk assessment.* A comprehensive BIA and risk assessment should be undertaken to serve as the foundation in the development of the plan. The BIA entails determining and assessing the potential impact of disruptions to critical business functions, processes, and their interdependencies through work-flow analyses, enterprise-wide interviews, and/or inventory questions. Accordingly, the BSFI should determine the recovery priority, RTO, RPO, and the minimum level of resources required to ensure continuity of its operations consistent with the criticality of business function and technology that supports it. The BSFI should then conduct risk assessment incorporating the results of the BIA and evaluating the probability and severity of a wide-range of plausible threat scenarios in order to come up with recovery strategies that are commensurate with the nature, scale, and complexity of its business functions.

Domestic systemically important banks (D-SIBs). To minimize the extent or impact of a D-SIB's failure in the financial system, BSFIs identified as D-SIBs by the Bangko Sentral, pursuant to Sec. 126-Q, should set the RTO for each of their critical processes to a maximum of four (4) hours from the point of disruption. For non-D-SIB BSFIs, the RTO of critical processes should be primarily driven by their BIA and risk assessment.

b. *Strategy formulation.* Recovery and resumption strategies to achieve the agreed time-frame and deliver the minimum required services as identified in the BIA should be defined, approved, and tested. The minimum requirements for the provision of essential business and technology service levels during disruptions should be established by concerned business and support functions.

(1) *Recovery strategy.* As business resumption relies primarily on the recovery of technology resources, adequate provisions should be in place to ensure systems availability and recoverability during disruptions as prescribed under *Appendix Q-64*. Recovery strategies should be able to meet the agreed requirements between business units and support functions for the provision of essential business and technology service levels.

(2) *Continuity of operations/business resumption strategy.* The business continuity models adopted by the BSFI to handle prolonged disruptions should be based on the risk assessment of its business environment and the characteristics of its operations. The resumption strategies and resource requirements should be approved by the board as recommended by senior management or the relevant board committees to ensure alignment with corporate goals and business objectives.

c. *Plan development.* Plans are an important, tangible evidence of the BSFI's business continuity initiatives. The objective of the plan is to provide detailed guidelines and procedures on response and management of a crisis, recovery of critical business services and functions and to ultimately resume to normal operations. The plan should be formulated on an enterprise-wide basis, reviewed and approved by the board and senior management at least annually and disseminated to all concerned employees. The plan should include provisions for both short-term and prolonged disruptions.

A well-written plan should describe the various types of events or scenarios that could prompt BCP activation. It should include, at a minimum, the following components:

(1) Escalation, declaration and notification procedures;

(2) Responsibilities and procedures to be followed by each continuity or recovery teams and their members. The procedures should enable the BSFI to respond swiftly to a crisis (i.e., a crisis management plan) and to recover and resume the critical processes outlined in the plan within the stipulated time frame during disruptions;

(3) A list of resources required to recover critical processes in the event of a major disruption. This would include, but not limited to: (a) key recovery personnel; (b) computer hardware and software; (c) communication systems; (d) office equipment; and € vital records and data;

(4) Relevant information about the alternate and recovery sites; and

(5) Procedures for restoring normal business operations. This should include the orderly entry of all business transactions and records during disruption into the relevant systems up to completion of all verification and reconciliation procedures.

Communication is a critical aspect of a BCP. In this respect, the BSFI should include a communication plan for notifying all relevant internal and external stakeholders (e.g., employees, customers, vendors, regulators, counterparties, and key service providers, media and the public) following a disruption. The BSFI should maintain an up-to-date call tree and contact list of key personnel and service providers, including communication flow and channels for internal and external stakeholders. Clear and effective communication will facilitate escalation for appropriate management action and instruction to all concerned and help manage reputational risks. The BSFI should consider alternate methods of communication and preparation of pre-determined messages tailored to a number of plausible disruption scenarios to ensure various stakeholders are timely, consistently, and effectively informed.

A crisis management plan should be included in the BCP to assist senior management in dealing with and containing an emergency and avoid spillover effects to the business. Senior management should identify potential crisis scenarios and develop corresponding crisis management procedures. This includes identifying a mix of individuals from various departments who are authorized to make instantaneous decisions during crisis situations. This team shall be responsible for the actual declaration of an event, activation of the plan, and internal and external communication process.

When outsourcing plan development, management should ensure that the chosen service provider has the expertise required to analyze the business needs of the BSFI and that the arrangement conforms with legal and regulatory requirements. The service provider should be able to design executable strategies relevant to the BSFI's risk environment and design education and training programs necessary to achieve successful BCP deployment.

d. *Plan testing*

(1) *Types of testing methods.* Plan testing is a vital element of the BCM. It ensures that the plan remains accurate, relevant, and operable. Tests should be conducted periodically, with the nature, scope, and frequency determined by the criticality of the applications, business processes, and support functions. In some cases, plan tests may be warranted due to changes in BSFI's business, responsibilities, systems, software, hardware, personnel, facilities, or the external environment.

Testing methods can vary from simple to complex each bearing its own characteristics, objectives, and benefits. Types of testing methods in order of increasing complexity include:

(a) *Tabletop exercise/structured walk-through test* – the primary objective is to ensure that critical personnel from all areas are familiar with the plan and that it accurately reflects the BSFI's ability to recover from a disruption.

(b) *Walk-through drill/simulation test* – similar to a tabletop exercise but with a more focused application. During this test, participants choose a specific scenario to which relevant plan provisions shall be applied.

(c) *Communication/Call tree test* – an exercise that validates the capability of crisis management teams to respond to specific events and the effectiveness of the call tree notification process in disseminating information to employees, vendors, and key clients.

(d) *Alternate site test/exercise* - tests the capability of staff, systems, and facilities located at alternate sites to effectively support production processing and workloads.

(e) *Component test/exercise* - A testing activity designed to validate the continuity of individual systems, processes, or functions, in isolation.

(f) *Functional drill/parallel test* – test to determine capability of alternate site and BSFI employees to support strategy as defined in the plan, which involves actual mobilization of personnel, establishing communications, and recovery processing.

(g) *Enterprise-wide full-interruption/full-scale test* – the most comprehensive type of test encompassing the entire organization and requires activation of all the components of the plan at the same time to simulate a real-life emergency and processing data and transactions using back-up media at the recovery site.

(2) *Test policy/plan.* Testing should be viewed as a continuously evolving cycle. The BSFI should incorporate the results of BIA and risk assessment and work towards a testing strategy that increases in scope and complexity to address a variety of threat scenarios. Test scenarios should vary from isolated system failures to wide-scale disruptions and promote testing its primary and alternate facilities, as well as with key counterparties and third-party service providers.

A testing policy should define roles and responsibilities for the implementation and evaluation of the testing program. Test plans with pre-determined goals and test criteria should be developed for each testing activity. It should clearly define the objectives of testing, identify the functions, systems, or processes to be tested and the criteria for assessing what constitutes a successful test. Formal testing documentation (i.e., test plans, test scenarios, test procedures, test results) should be prepared to ensure thoroughness and effectiveness of testing and properly maintained for audit and review purposes.

(3) *Annual enterprise-wide business continuity testing.* The BSFI must conduct an enterprise-wide business continuity test at least annually, or more frequently depending on changes in the operating environment, to ensure its plan's relevance, effectiveness, and operational viability. The scope of testing should be comprehensive to cover the major components of the plan as well as coordination and interfaces among important parties.

(4) *Analysis and report of test result.* Plan tests, including successes, failures, and lessons learned, should be thoroughly analyzed to promote continuous BCM improvement. Exceptions noted should be documented and corrective actions should be closely monitored to ensure that they are implemented in a timely manner by concerned parties, including the board of directors and senior management, business line management, risk management, IT management, and other internal stakeholders.

e. *Personnel training and plan maintenance.*

(1) *Training program.* A business continuity training program should be provided to all concerned employees to promote awareness, familiarity, and understanding of their roles and responsibilities in the event of a disruption. The training program should be offered on a continuing basis for existing and new employees and should be updated to address changes to the plan.

(2) *Plan maintenance.* Plans and results of BIA and risk assessment should be reviewed and updated on an ongoing basis (at least annually or when necessary) so that they remain consistent with the BSFI's current operations and business strategies. BCM-related documents (i.e., BCP, test program, policy guidelines, and program requirements) should be subject to change management process to ensure these are updated with proper approval and documentation with respect to any significant changes in the business environment or as a result of audit findings.

Other policies, standards and processes. The following policies, standards and processes should be integrated into the BCM process:

a. *Pandemic planning.* Similar to natural disasters or technical disruptions, pandemics may also interrupt a BSFI's business activities. However, the difficulty in determining a pandemic's scope and duration present additional challenges in ensuring resilience and continuity of a BSFI's operations.

Generally, pandemic plans are integrated in the BSFI's BCP and follow the same BCM process with additional considerations, such as:

(1) *Business impact analysis and risk assessment.* The BCM process should consider pandemics as early as the BIA and risk assessment phase. The BIA and risk assessment should be updated to incorporate complexities that may arise from pandemics, such as (a) increasing level of absenteeism based on a pandemic's severity; and (b) the need for another layer of contingency plans as regular disaster or emergency response methods are no longer feasible.

(2) *Strategy formulation.* To complement strategies for natural and technical disruptions, the following should be given due consideration when planning for pandemics:

(a) *Trigger events* – Trigger events and strategies should be defined depending on the nature of a pandemic. Pandemic planning should have the flexibility to accommodate varying degrees of epidemic or outbreak as pandemics normally occur in waves or phases and of varying severity.

(b) *Remote access capability* – In the event of a pandemic, enabling remote access may be one of the primary strategies available to a BSFI. To support a telecommuting strategy, the BSFI should ensure adequate capacity, bandwidth and authentication mechanisms in its technological infrastructure against expected network traffic or volume of transactions.

(c) *External parties* – With pandemics not limited to the BSFI, establishing working relationships with external parties is an essential component. In addition to the communication plan for all relevant internal and external stakeholders, the BSFI should establish open relationships and communication channels with local public health and emergency response teams or other government authorities. The BSFI should inform concerned parties of any potential outbreaks and, at the same time, be aware of any developments in the expected scope and duration of a pandemic.

(d) *Employee awareness* – As information becomes available from reputable sources or local agencies, the BSFI should ensure that steps to limit or reduce the risk of being affected by the pandemic are cascaded to its employees.

(3) *Plan development.* Pandemic plans should be commensurate to the nature, size and complexity of a BSFI's business activities and have sufficient flexibility to address the various scenarios that may arise. At a minimum, the pandemic plan should include:

(a) Strategy that is scalable dependent on the extent and depth of the outbreak;
(b) Preventive measures, including monitoring of current environment and hygiene tools available to employees;
(c) Communication plan with internal and external stakeholders, including concerned local public health teams and government agencies; and
(d) Tools, systems and procedures available to ensure continuity of its critical operations even with the unavailability of BSFI's staff for prolonged periods.

(4) *Plan testing.* Test policy/plan should include strategies to assess capability to continue critical operations, systems and applications even in the event of a severe pandemic. When regular tests are unable to cover pandemic scenarios, separate pandemic plan tests should be carried out.

(5) *Personnel training and plan maintenance.* The plan should be updated as developments and information become available. As needed, employee training programs should cover pandemic risks, including the roles and responsibilities of each employee during pandemic situations.

b. *Cyber resilience.* Cyber-threats and attacks against the financial services industry have become increasingly widespread, sophisticated and coordinated. Recent cyber-attacks worldwide highlight, not only the degree of disruption to a BSFI's operations, but also the extent of reputational damage which could undermine public trust and confidence. As such, the BSFI should consider the potential impact of these cyber events into its BCM process and institute adequate cyber resilience capabilities.

Given the unique characteristics of cyber-threats and attacks, traditional back-up and recovery arrangements adopted by the BSFI may no longer be sufficient and even increase the damage to the BSFIs' network, operations and critical information assets. In worst case scenarios, back-up systems and alternate recovery sites are likewise affected rendering both sites inoperable. To ensure cyber resilience, the BSFI should take into consideration a wide-range of cyber-threat scenarios perpetrated from diverse threat sources (e.g., skilled hackers, insiders, state-sponsored groups) which seek to compromise the confidentiality, availability and integrity of its information assets and networks. Defensive strategies and innovative recovery arrangements should be explored that are commensurate with the BSFI's cyber-security risk exposures and aligned with its information security program in accordance with *Appendix Q-62*.

c. *Information security.* Mitigation strategies should consider security controls to manage risks that may arise once an event triggers plan activation. Security during disasters and disruptions is an important consideration to manage risks arising from the change in working environment. The relevant guidelines/standards on information security that may be considered in strategy formulation and/or in choosing alternate sites are in *Appendix Q-62*.

d. *Interdependencies.* An effective plan coordinates across its many internal and external components, identifies potential process or system dependencies, and mitigates risks from interdependencies. The BSFI may have very complex operating and recovery environment wherein interdependencies need to be duly considered, such as telecommunications, third party service providers, and recovery site. Given the critical resources and services that are being shared with the BSFI or other entities, additional mitigating controls and recovery strategies need to be integrated in the plan.

e. *Liquidity risk management.* Sound liquidity risk management practices enable a BSFI to maintain availability of funds even in times of financial stress or adverse changes in market conditions. In the event of a business disruption, sound liquidity risk management practices should similarly apply. The BSFI should ensure it has sufficient liquidity to support its recovery strategies and continue supporting the delivery of basic banking services to the clients pending full business resumption. Guidelines on liquidity risk management are in *Appendix Q-43*.

f. *Project management.* Senior management should ensure that availability and business continuity requirements are considered at the planning and development stages of new business products and services and other critical technology processes, such as systems development and acquisition, and change management.

g. *Event/problem management.* Operations personnel should be properly trained to recognize events that could trigger implementation of the plan. Although an event may not initially activate the plan, it may become necessary as conditions and circumstances change. Management should train and test BSFI personnel to implement and perform appropriate business continuity procedures within the timeframes of the plan.

h. *Outsourcing.* When a BSFI enters into an outsourcing arrangement, it should put due consideration on the business continuity and disaster recovery arrangements of the service provider to ensure continuity of operations. Detailed guidelines/standards on business continuity considerations for outsourcing arrangements are in *Appendix Q-65*.

i. *Insurance.* Insurance is an option available to a BSFI for recovery of losses that cannot be completely prevented and the expenses related to recovering from a disruption. The BSFI should regularly review the adequacy and coverage of its insurance policies in reducing any foreseeable risks caused by disruptive events, such as loss of offices, critical facilities and equipment, and casualty. Insurance policies may also need to address the BSFI's legal responsibilities for failing to deliver services to its customers and counterparties. To facilitate the claims process, the BSFI should create and retain a comprehensive hardware and software inventory list in a secure off-site location and detailed expenses should be documented to support insurance claims**.**

Supervisory enforcement actions. BSFIs should make available all policies and procedures and other documents/information related to the foregoing during on-site examination as well as provide copies thereof to the regulator when a written request is made to determine compliance.

Consistent with Sec. 002-Q, the Bangko Sentral may deploy enforcement actions to promote adherence with the requirements set forth in Sec. 127-N and bring about timely corrective actions. The Bangko Sentral may issue directives to improve the BCM process, or impose sanctions to limit the level of or suspend any business activity that has adverse effects on the safety and soundness of the BSFI, among others. Monetary and non-monetary sanctions, as provided under existing laws, Bangko Sentral rules and regulations, may likewise be imposed on a BSFI and/or its directors, officers and/or employees for violation of subject Sec. 127-N.

(Circular No. 951 dated 20 March 2017)

128-N SOCIAL MEDIA RISK MANAGEMENT[1]

Social media, a low-cost solution capable of disseminating real-time information via the internet, presents vast opportunities for growth, customer engagement and business benefits as usage, customer reach and adoption scale up and become widespread and ubiquitous. Considering these potential benefits alongside exponential growth in the number of social media users and its massive reach, BSFIs have started to leverage on social media platform/s to promote their business and improve customer interaction experience to help drive business objectives/strategies.

Similar to any new technology, however, social media introduces a new attack vector which may expose BSFIs to compliance, legal, reputational, strategic, and operational risks. Risks in social media include susceptibility to account take-over, malware distribution, brand bashing, inadvertent disclosure of sensitive information and privacy violation, among other possible threats. As such, BSFIs should adopt an appropriate risk management system, commensurate to the extent and degree of their social media usage, to effectively identify, measure, manage and monitor risks arising from the use of social media platforms. This should form an integral part of their operational risk management system.

[1] BSFIs shall comply with the foregoing standards on social media risk management within a period of six (6) months from 04 April 2017. In this regard, a BSFI should be able to show, upon request of the Bangko Sentral, its plan of actions with specific timelines, as well as the status of initiatives being undertaken to fully comply with the provisions of this Section.

***Applicability and scope*.** The guidelines underscore the importance of having a well-defined social media risk management strategy in supporting BSFI's overall business goals and objectives. These guidelines align existing regulations, to the extent possible, with leading standards and recognized principles. They outline the minimum standards/basic principles that shall govern the BSFI's framework to aid in the sound management of risks associated with the use of social media for official purpose or employees' personal use, within and outside the organization.

It is not intended to provide procedural specifics or a "one-size-fits-all" solution for carrying out compliance and risk management responsibilities. Each BSFI is therefore expected to establish its own risk management strategy; suitable to its size, risk tolerance level, and the nature and scope of social media activities engaged in.

The guidelines shall apply to all BSFIs which include banks, NBQB, non-bank electronic money issuers, and other non-bank institutions which under existing Bangko Sentral rules and regulations and special laws are subject to Bangko Sentral supervision and/or regulation.

Definition of terms. In these guidelines, terms are used with the following meanings:

a. *Attack vector* shall refer to the path or means by which an attacker can gain access to a computer system in order to deliver a malicious code (e.g., virus, worms, trojans).

b. *Non-technical controls* shall refer to management, administration, and operational controls employed that are manual and procedural in nature (e.g., security-related policies and procedures; operational procedures; personnel, physical, and environmental security controls; performance management and measurement).

c. *Risk assessment* shall refer to the process involving the identification and assessment of potential threats and vulnerabilities related to the use of social media and determination of the likelihood that the threat will occur as well as the corresponding impact to the business should the threat occur.

d. *Social media* shall refer to online communication channels dedicated to community-based content generation and sharing, interaction, and collaboration.

e. *Social media platform* shall refer to any form of interactive communication medium wherein users can generate and disseminate content (e.g., text, images, audio, video) through social networks using the internet. Examples of popular social media platform categories include the following:

   (1) Social networking (e.g., Facebook, Linkedln)
   (2) Micro-blogging (e.g., Twitter, Tumblr)
   (3) Blogging (e.g., Wordpress, Blogger)
   (4) Photo Sharing (e.g., Flicker, Instagram, Pinterest)
   (5) Video Sharing (e.g., Youtube, Vimeo, Vine)
   (6) Crowdsourcing (e.g., Ushahidi, Inc.)

f. *Technical controls* shall refer to the controls incorporated into the computer hardware, software, or firmware to aid in the effective implementation of policies and standards (e.g., access control, authentication, web scanner/crawler).

Social media risk management system. BSFIs should establish an appropriate framework that will result in sound social media governance and risk management. At a minimum, the framework shall include the following elements:

a. Clearly defined governance structure indicating the roles and responsibilities of the board of directors and senior management in setting the direction on the BSFI's use of social media, including its alignment to the BSFI's strategic goals/plans; establishing adequate standards, policies, procedures, and controls; and implementing ongoing risk assessment of social media-related activities.

   The board of directors shall be primarily responsible for defining the BSFI's risk tolerance level, understanding the nature and degree of risks the BSFI will be exposed to, and ensuring that these risks are properly addressed. Moreover, the board of directors, as part of its duties, shall approve and oversee the design and implementation of the social media strategy; related standards, policies and procedures; and means to ensure compliance with said standards and/or policies as well as applicable laws and regulations. Senior management, on the other hand, shall be responsible for the implementation of the social media risk management system approved by the board of directors.

   The governance process should also include reporting mechanisms to the board of directors and/or senior management to enable periodic evaluation of the effectiveness of the BSFI's social media strategy/program, in terms of achieving its stated objectives, and measures put in place to manage the risks related to its use.

b. Policies and procedures governing the following, among others:

(1) Scope and definition of social media;

(2) Social media regulatory landscape reflecting applicable laws, rules and regulations for compliance;

(3) Individuals and/or composition of the team/s who will be responsible for the creation, maintenance, and monitoring of the BSFI's proprietary social media sites/pages. Their corresponding roles and accountabilities should also be clearly defined;

(4) Content management and approval process;

(5) Ongoing assessment, management, and monitoring of risks associated with social media-related activities;

(6) Acceptable use as well as prohibitions/restrictions on the business/official use of social media platforms. These guidelines shall likewise apply to the employees'[1] personal use of social media, insofar as it may impact the BSFI's operations, reputation and/or compliance with applicable laws and regulations. These should cover matters such as, but not limited to, expectations, ethical behavior, types/nature and extent of BSFI and/or customer-related information that can be posted, statements that can or cannot be made about or in behalf of the institution, comments that should not be made about a competitor, and corresponding sanctions/penalties for inappropriate use of social media and committing non-permissible activities;

(7) Use and monitoring of the BSFI's proprietary social media sites/pages to ensure compliance with applicable laws, regulations and internal policies;

(8) Monitoring and recording of suspicious transactions and customer activities on the BSFI's proprietary social media sites/pages;

(9) Adoption of technical and non-technical controls to address risks associated with the use of social media platform/s including methodologies to manage risks from online postings, edits, replies and retention;

(10) Due diligence process for selecting, managing and continuous monitoring of third-party service providers (TSP) that administer the BSFI's social media site(s)/page(s). In addition, the specific roles and responsibilities of the TSP, including liabilities and accountabilities for errors, omissions, fraud, and other instances, resulting from the TSP's actions, which may adversely affect the BSFI, should also be defined;

(11) Social media crisis management plan and escalation procedures;

(12) Enterprise-wide employee training and awareness programs covering relevant topics such as the BSFI's social media use policies, employee roles and responsibilities and non-permissible activities;

(13) Records retention of social media data; and

(14) Communication of the BSFI's official social media sites/pages to its customers to avoid confusion and being misled to unofficial sites.

c. Specific roles and responsibilities of the risk management, consumer protection, audit and compliance functions to ensure that social media risks are adequately managed and integrated in the BSFI's enterprise-wide risk management systems.

BSFIs that do not utilize social media should nevertheless have clear policies and measures in place to address the potential reputational risks that may arise within the various social media platforms and provide guidance on employee use of social media.

Compliance with relevant regulations. BSFIs, in formulating and implementing their social media policies, should ensure compliance with the applicable requirements of Bangko Sentral rules and regulations on financial consumer protection, especially those relating to disclosures and transparency in advertising and promotional materials, protection of client information, effective recourse, and financial education and awareness. They should likewise conform with the relevant provisions of Bangko Sentral outsourcing framework should they decide to outsource the conduct of social media-related activities to a service provider.

[1] Include the BSFI's employees, contractual employees and/or project hires, and third-party service providers.

The use of social media platforms, including information gathered therein, for the conduct of account origination activities should comply with applicable rules and regulations, especially on the provisions relating to customer identification procedures under the existing anti-money laundering rules and regulations. In the event that BSFIs opt to use social media for processing financial transactions, the applicable Bangko Sentral rules and regulations on electronic payment and financial services and technology risk management should likewise be observed to ensure security, reliability and authenticity of such transactions.

The regulations mentioned herein are not exhaustive. It is the BSFI's responsibility to ensure that all applicable laws and regulations relevant to the activities it will choose to engage in using social media will be adequately complied with. Moreover, the BSFI is expected to stay abreast of and continuously adapt to changes in the regulatory requirements.

Supervisory enforcement actions. BSFIs should make available all policies and procedures and other documents/information related to the foregoing during the on-site examination as well as provide copies thereof when a written request is made to determine compliance.

Consistent with Sec. 002-Q, the Bangko Sentral may deploy enforcement actions to promote adherence with the requirements set forth in Sec. 128-N and bring about timely corrective actions. The Bangko Sentral may issue directives to improve the social media risk management system or impose monetary and non-monetary sanctions on a BSFI and/or its directors, officers and/or employees.

(Circular No. 1033 dated 22 February 2019 and 949 dated 15 March 2017)

129-N REPUTATIONAL RISK MANAGEMENT

The guidelines on reputational risk management for QBs under Sec. 151-Q shall govern the reputational risk management of BSFIs to the extent applicable.

The guidelines set out the supervisory expectations and the minimum prudential requirements in managing reputational risk. A BSFI is expected to adopt a reputational risk management framework that is commensurate to its size, nature and complexity of operations, overall risk profile, and systemic importance.

(Circular No. 1114 dated 16 April 2021)

130-N GUIDELINES FOR THE ADOPTION OF OPEN FINANCE FRAMEWORK[1]

Policy Statement. It is the thrust of the Bangko Sentral to promote an enabling environment that fosters innovation, encourages competition, and advances financial inclusion while safeguarding the integrity and stability of the financial system. In line with this, the Bangko Sentral is introducing the Open Finance Framework that aims to empower customers by giving them better control over their personal and financial data catalyzing the development of products and services that are responsive to their needs.

The Open Finance Framework espouses consent-driven data portability, interoperability, and collaborative partnerships among financial institutions and third-party providers (TPPs). Under the framework, financial institutions and TPPs can leverage on permissioned-access customer financial information to develop bespoke financial products and services for customers. The Open Finance Framework subscribes to the principle that "customers are the owners of personal and transaction data" hence, information shall only be shared with the consent of the customers.

Coverage. The Open Finance Framework covers technology, products, services, information, and policies that enable customers to securely share their financial data with qualified parties, either BSP-supervised financial institutions (BSFIs) or TPPs.

Definition of Terms. The terms used in this Section shall be defined as follows:

a. *Account Information Service Provider (AISP)* refers to an information technology service and/or software solution provider that processes data and provides an alternative access point to multiple sources of data other than payment transactions;

b. *Application Programming Interfaces (APIs)* refer to a set of rules and specifications for software programs to communicate with each other, forming an interface between different programs to facilitate interaction;

c. *Customer-permissioned data* refers to data held by Participants (e.g., customer transactions, personal identification data, and customer financial history) that are permissioned by the Participants' customer to be accessed by a third party (and possibly shared onwards with fourth parties if covered by the customer's consent);

[1] All existing API arrangements prior to the issuance of Circular No. 1122 dated 17 June 2021, they shall comply with the applicable requirements prescribed herein within one (1) year from 13 July 2022. In cases awaiting policy-setting or further clarifications, compliance timetable shall be further determined by the OFOC.

d. *Open Finance* refers to leveraging on and sharing of customer-permissioned data among banks, other financial institutions, and TPPs to develop innovative financial solutions, such as among others, those that provide real-time payments, promote greater transparency to account holders, and provide marketing and cross-selling opportunities to banks, other financial institutions, and TPPs;

e. *Open Finance Standards* refer to the recommended standards in implementing the Open Finance Framework that takes into account various factors, including the financial industry's level of readiness to adopt such standards and the overall benefits arising from such standardization;

f. *Open API*, also known as external or public API, refers to a software technology interface that provides a means of accessing data based on a public standard;

g. *Open Data* refers to publicly obtainable data that is published by Participants, including, but not limited to financial products, service information, and other public information;

h. *Open Access* refers to allowing authorized third parties to access consented data without needing to establish a business relationship with the Open API publisher;

i. *Payment Initiation Service Provider (PISP)* refers to a registered operator of payment systems (OPS), as defined under Republic Act (R.A.) No. 11127 – The National Payments Systems Act and clarified in Part 1, Section 101 of the Manual of Regulations for Payment Systems (MORPS), that carries out payment orders at the request of payment service users in connection with payment accounts held at other payment service providers;

j. *Third party providers* or TPPs refers to any external legal entity such as service providers, integrators, solutions vendors, and/or infrastructure support that interact with BSFIs to provide services to customers. They are classified as either AISP and/or PISP, however, other TPP classification may be created by the Open Finance Oversight Committee (OFOC), as deemed applicable;

k. *Participant* refers to the entities covered by the Open Finance Framework such as the BSFIs and TPPs;

l. *Open API publisher* refers to the Participant that keeps/is the custodian of customer data;

m. *Third party* refers to the Participant who has open access to customer-permissioned data residing in another Participant (publisher) through the Open API; and

n. *Fourth party* refers to an outsourcing partner or a service provider of a third party.

Governance Framework. The Bangko Sentral shall recognize an Open Finance Oversight Committee (OFOC), an industry-led self-governing body, that shall exercise governance over the activities and Participants of the Open Finance Ecosystem. The OFOC shall be subject to the regulation and supervision of the Bangko Sentral.

The Bangko Sentral shall facilitate the establishment of the OFOC in coordination with industry stakeholders. For this purpose, the initial set of members of the OFOC shall be comprised of representatives from each bank classification, non-bank financial institutions, electronic money issuers, operators of payment systems, TPPs, and other relevant sectors, as determined by the Bangko Sentral. The OFOC shall:

a. Adopt membership and participation rules that are non-discriminatory to ensure that key areas of interest of the financial industry are adequately represented and that all members and applicants for membership are treated fairly and consistently.

b. Define the functions, roles, and responsibilities of the Committee and the Participants. It shall adopt policies in monitoring Participants' compliance with the established policies and in handling non-compliance thereto including the corresponding sanctions or penalties for non-compliance.

c. Adopt standards, agreements, policies, and guidelines (Conventions) governing the Open Finance Framework which shall be consistent with relevant laws, rules and regulations and regional/global standards. At the minimum, these shall cover the following:

   (1) Registration/On-boarding of non-BSFI Participants;
   (2) API standards reference or other equivalent documentation;
   (3) Authorization, authentication, and encryption requirements for each product/service tier;
   (4) Disclosure and transparency requirements as prescribed under Sec. 702-N of the MORNBFI;
   (5) Consent management;
   (6) Protection of client information including responsible data handling as well as data privacy and protection;
   (7) Reciprocity arrangement among Participants;
   (8) Economic model; and

(9) Consumer protection and effective recourse as prescribed under Part Seven (7) of the N-Regulations of the MORNBFI.

d. Cooperate with and extend fullest assistance permissible to the Bangko Sentral and other regulators in enforcing applicable laws and regulations, in promoting adherence to this Framework.

Consistent with the provisions of Sec. 001-N, the Bangko Sentral reserves the right to deploy its range of supervisory tools to promote adherence to the requirements and expectation set forth in this Framework. In this regard, the Bangko Sentral may issue directives to or impose sanctions against the OFOC, such as suspension or revocation of any authority of the OFOC (including any or all of its generally authorized activities), without prior notice, to promote the safety and soundness of the financial system and/or to protect Participants, its customers, or the general public.

Registration Standards. BSFIs with a composite rating of at least "3" under the Supervisory Assessment Framework (SAFr), or its equivalent, are automatically eligible to become Participants of the Open Finance Ecosystem. On the other hand, those that do not meet the minimum rating must secure prior Bangko Sentral approval to participate in the Open Finance Ecosystem. Participants which are not under the regulation and supervision of the Bangko Sentral shall comply with the applicable registration requirements set by the OFOC, pursuant to pertinent laws, rules and regulations of the Bangko Sentral and other relevant authorities. Participants shall be responsible for ensuring fourth party compliance with applicable laws, rules and regulations.

Open Finance Standards. The OFOC shall issue guidelines aimed at ensuring that:

a. access to and participation in the standard-setting process, including any planning and consultation activities, is non-discriminatory;
b. the standards development process is transparent; and
c. the Open Finance Standards will be accessible to all qualified parties.

The API standards reference or other equivalent documentation that shall be developed by the OFOC shall meet the recommended technical standards to facilitate industry-wide adoption, and shall cover, at a minimum, the following:

(1) *API Architecture Standards.* These shall comprise, among others, reference for Open API specifications, including communication protocols, and architecture types. Participants are encouraged to adopt recognized industry-wide architectural styles such as Representational State Transfer (REST) and Simple Object Access Protocol (SOAP);

Data Standards. These shall include data formats, data structures, and related data protection and privacy rules to enable Participants to share data and information accurately and efficiently. Participants shall adopt data formats which are recognized by the industry such as, but not limited to, JavaScript Object Notation (JSON), Extensible Markup Language (XML), Comma Separated Values (CSV), and Structured Query Language (SQL). The "data dictionary" shall be published online, with sufficient level of detail to facilitate third party understanding and adoption;

(2) *Security Standards.* These shall cover minimum security compliance requirements, guidelines, and specifications that must be met by Participants, including authentication, authorization, and encryption. Participants should always refer to industry sound practices, relevant regulatory, and internal requirements, and apply holistic controls on information and cybersecurity based on a risk- and principles-based approach to protect their systems as well as financial and consumer data. At a minimum, Participants shall adopt the latest and robust authorization and authentication protocols that are adequate for the risks presented by Open Access, such as, but not limited to, multi-factor authentication, Transport Layer Security (TLS)/Advanced Encryption Standard (AES)/Hashed Message Authentication Code (HMAC) encryption standards and OAuth 2.0 authentication standard. Participants should use more secure methods for sharing data, such as token-based authentication through APIs. The API must be designed in such a way that the end-user access shall be limited to data that the end-user has permission to see or process. These access rights must be appropriately recorded, verified, measured, and audited. In terms of secure hosting, PCI DSS and ISO 27001 are most desired; and

(3) *Outsourcing Standards.* These shall refer to the management of risks arising from outsourcing activities particularly those involving data disclosure and confidentiality, data privacy and protection, data management such as procedures for accessing and processing data, obtaining consent, contract management, security, performance monitoring and business continuity, among others.

Adoption of Open Finance Standards and Publication of Open APIs. All Participants that intend to provide Open Access shall adopt the Open Finance Standards and shall comply with relevant laws and pertinent BSP regulations particularly on Outsourcing, Operational Risk Management, IT Risk Management, Internal Control, Anti-Money Laundering/Countering the Financing of Terrorism, Financial Consumer Protection, and sound corporate governance principles, among others.

Open Finance Standards may be revised periodically to address emerging issues or to improve the Open API functionalities. To facilitate third party adoption, Participants shall publish detailed Open API documentation and ensure consistency with the latest version of Open Finance Standards.

Tiered Approach towards Open Finance Standards Adoption. Open Finance Standards shall be classified into five (5) tiers based on data sensitivity, data type, and data holder type. The tiers are not necessarily sequential, and multiple implementations may occur simultaneously.

a. *Tier 1* – Product and Service Information. Refers to "read-only" information on financial data and other details of financial products/services that is readily accessible online and can be freely used, reused, and redistributed by any entity such as deposit/lending rates, credit card offerings, service charges and other public data.

b. *Tier 2* – Subscription and New Account Applications. Includes customer acquisition and account opening processes, along with facilitating digital application and submission of supporting documents. Applications for deposits, loans, debit/credit cards, and other financial products are covered under this category.

c. *Tier 3* – Account Information. Refers to personal (e.g., name, registered address, phone numbers, etc.) and financial information provided by a customer at any given time or other details pertaining to the account of authenticated customers for stand-alone or aggregated views. This consists of, but are not limited to, data types such as account balance, credit card outstanding balance, transaction records, credit limit change, and credit score.

d. *Tier 4* – Transactions. Covers payments and other financial transactions such as scheduled payments and transfers initiated by customers.

e. *Tier 5* – Others. Covers other more complex financial products or use cases and those that are not covered by tiers 1-4.

Cooperative Regulatory Oversight. The Bangko Sentral duly recognizes that other regulatory/supervisory authorities may be involved in the Open Finance Framework as this would involve other Participants that are not under the supervisory ambit of the Bangko Sentral. In this regard, the Bangko Sentral shall coordinate with the concerned regulatory authority with respect to the implementation of the Open Finance Framework.

Regulatory Sandbox

The Bangko Sentral seeks to provide a regulatory environment that is conducive for the deployment of innovative financial services, including the development of standards for Open Finance. In line with this, the Bangko Sentral will permit innovation in Open Finance, such as but not limited to, the development of an industry API sandbox, in which Open APIs can be deployed and tested in a live environment and within specified parameters and timeframes.

Recommendation to Build a Central API Sandbox. While API providers will be encouraged to develop local sandboxes, it is recognized that costs may present a barrier and further incentives may be required. Thus, the Bangko Sentral encourages the OFOC to establish a central sandbox for testing developers and for other purposes related to local sandbox development (e.g., outsourcing sandbox development to trusted parties). The OFOC shall ensure that the central sandbox (i) implements all levels of security for APIs and (ii) contains a set of executable tests that API developers can use to validate compliance. The OFOC shall provide the executable tests to developers free of charge so that barriers to entry are avoided.

The OFOC shall maintain a list of approved Use Case API Services[1] with defined technical and security standards. This list shall include clear mechanisms and guidelines for providing the API services (e.g., basic APIs such as Authentication, Account Information, Transfers, etc.). The Use Case list per API service is a list that will be regularly updated based on new API innovations that have been reviewed by the Bangko Sentral or other relevant governing body.

Consumer Protection. Participants shall adopt customer awareness measures to, at the minimum, educate their customers on the following: (i) safeguarding of information; (ii) use of the Open API; (iii) actual fees and charges related to the access of information and performance of transactions; (iv) fair and equitable terms and conditions; (v) products and services appropriate to the capacity and risk appetite of the consumer; and (vi) problem resolution procedures. Participants shall disclose, prior to entering an initial transaction and on an ongoing basis, all material risks to their clients in a manner that is clear, fair and not misleading. Participants shall carry out initiatives to give consumers the knowledge, skills, and confidence to understand and evaluate the information they receive and empower them to make informed financial decisions.

[1] All existing API arrangements prior to the issuance of Circular No. 1122 dated 17 June 2021, they shall comply with the applicable requirements prescribed herein within one (1) year from 13 July 2022. In cases awaiting policy-setting or further clarifications, compliance timetable shall be further determined by the OFOC.

Data Privacy and Data Protection. Each contract relating to the implementation or use of Open API shall contain a clause for the recognition by each party that the customers have ownership over their data being collected and processed through the transaction, and that they have all the rights enumerated under R.A. No. 10173 (Data Privacy Act of 2012). This views that while customer and transaction data are in the custody of the Open API publisher, their rights to control the use of such data is limited to the boundaries of the consent the customer provided. All Participants shall comply with relevant requirements of the Data Privacy Act of 2012, its Implementing Rules and Regulations, and other National Privacy Commission issuances.

Dispute Mechanism*.* Participants shall have an adequate, prompt, and effective mechanism or procedure for handling and resolving disputes covering Open Finance issues aligned with agreed Conventions, as applicable.

User Consent and access to opt-in and opt-out mechanisms*.* Proper mechanisms shall be in place to ensure customers' private information is not used for purposes that are against their interests. The customers should, at all times, not only be educated and informed but they must also consent to how their data is being used and be provided with opt-in and opt-out mechanisms if and when they want to withdraw or modify the scope of their consent. Customers must be periodically informed as to how the Participants have utilized their permissioned data within a given period. Proper mechanisms based on industry standards shall be in place in providing a consent management portal/service that is interoperable, open, and has extensible information structure for recording obtained consents, consent duration, timestamp and opted-in/opted-out services, among others.

(Circular No. 1122 dated 17 June 2021)

D. INTERNAL CONTROL AND AUDIT

131-N INTERNAL CONTROL FRAMEWORK

Internal control is a process designed and effected by the board of directors, senior management, and all levels of personnel to provide reasonable assurance on the achievement of objectives through efficient and effective operations; reliable, complete and timely financial and management information; and compliance with applicable laws, regulations, supervisory requirements, and the organization's policies and procedures.

FIs shall have in place adequate and effective internal control framework for the conduct of their business taking into account their size, risk profile and complexity of operations. The internal control framework shall embody management oversight and control culture; risk recognition and assessment; control activities; information and communication; and monitoring activities and correcting deficiencies.

Management oversight and control culture. Consistent with the principles provided under Sec. 132 of the MORB, the board of directors and senior management shall be responsible for promoting high ethical and integrity standards; establishing the appropriate culture that emphasizes, demonstrates and promotes the importance of internal control; and designing and implementing processes for the prevention and detection of fraud.

a. The board of directors shall be ultimately responsible for ensuring that senior management establishes and maintains an adequate, effective and efficient internal control framework commensurate with the size, risk profile and complexity of operations of the FI. The board of directors shall also ensure that the internal audit function has an appropriate stature and authority within the FI and is provided with adequate resources to enable it to effectively carry-out its assignments with objectivity.

   Further, the board of directors shall, on a periodic basis:

   (1) conduct discussions with management on the effectiveness of the internal control system;

   (2) review evaluations made by the audit committee on the assessment of effectiveness of internal control made by management, internal auditors and external auditors;

   (3) ensure that management has promptly followed up on recommendations and concerns expressed by auditors and supervisory authorities on internal control weaknesses; and

   (4) review and approve the remuneration of the head and personnel of the internal audit function. Said remuneration shall be in accordance with the FI's remuneration policies and practices and shall be structured in such a way that these do not create conflicts of interest or compromise independence and objectivity.

b. The audit committee shall be responsible for overseeing senior management in establishing and maintaining an adequate, effective and efficient internal control framework. It shall ensure that systems and processes are designed to provide assurance in areas including reporting, monitoring compliance with laws, regulations and internal policies, efficiency and effectiveness of operations and safeguarding of assets.

The audit committee shall oversee the internal audit function and shall be responsible for:

(1) monitoring and reviewing the effectiveness of the internal audit function;

(2) approving the internal audit plan, scope and budget;

(3) reviewing the internal audit reports and the corresponding recommendations to address the weaknesses noted, discussing the same with the head of the internal audit function and reporting significant matters to the board of directors;

(4) ensuring that the internal audit function maintains an open communication with senior management, the audit committee, external auditors, and the supervisory authority;

(5) reviewing discoveries of fraud and violations of laws and regulations as raised by the internal audit function;

(6) reporting to the board of directors the annual performance appraisal of the head of the internal audit function;

(7) recommending for approval of the board of directors the annual remuneration of the head of the internal audit function and key internal auditors;

(8) appointing, reappointing or removing the head of the internal audit function and key internal auditors; and

(9) selecting and overseeing the performance of the internal audit service providers.

In particular, the audit committee shall be responsible for:

(1) ensuring the independence of the internal audit service provider;

(2) reporting to the board of directors on the status of accomplishments of the outsourced internal audit activities, including significant findings noted during the conduct of the internal audit;

(3) ensuring that the internal audit service provider comply with sound internal auditing standards such as the Institute of Internal Auditors' *International Standards for the Professional Practice of Internal Auditing* and other supplemental standards issued by regulatory authorities/government agencies, as well as with relevant code of ethics;

(4) ensuring that the audit plan is aligned with the overall plan strategy and budget of the FI and is based on robust risk assessment; and

(5) ensuring that the internal audit service provider has adequate human resources with sufficient qualifications and skills necessary to accomplish the internal audit activities.

c. Senior management shall be responsible for maintaining, monitoring and evaluating the adequacy and effectiveness of the internal control system on an ongoing basis, and for reporting on the effectiveness of internal controls on a periodic basis. Management shall develop a process that identifies, measures, monitors and controls risks that are inherent to the operations of the FI; maintain an organizational structure that clearly assigns responsibility, authority and reporting relationships; ensure that delegated responsibilities are effectively carried out; implement internal control policies and ensure that activities are conducted by qualified personnel with the necessary experience and competence. Management shall ensure that FI personnel undertake continuing professional development and that there is an appropriate balance in the skills and resources of the front office, back office, and control functions. Moreover, Management shall promptly inform the internal audit function of the significant changes in the FI's risk management systems, policies and processes.

d. All personnel need to understand their roles and responsibilities in the internal control process. They should be fully accountable in carrying out their responsibilities effectively and they should communicate to the appropriate level of management any problem in operations, action or behavior that is inconsistent with documented internal control processes and code of ethics.

Risk recognition and assessment. An effective internal control system shall identify, evaluate and continually assess all material risks that could affect the achievement of the FI's performance, information and compliance objectives. The potential for fraud shall be considered in assessing the risks to the achievement of said objectives. Further, the risk assessment shall cover all risks facing the FI, which include, among others, credit; country and transfer; market; interest rate; liquidity; operational; compliance; legal; and reputational risks.

Effective risk assessment identifies and considers both internal (e.g., complexity of the organization's structure, nature of the FI's activities and personnel profile) and external (e.g., economic conditions, technological developments and changes in the industry) factors that could affect the internal control framework. The risk assessment shall be conducted at the level of individual business units and across all FI activities/groups/units and subsidiaries, in the case of a parent FI. Internal controls shall be revised to address any new or previously uncontrolled or unidentified risks.

Control activities. Control activities shall form part of the daily activities of the FI and all levels of personnel in the FI. Control activities are designed and implemented to address the risks identified in the risk assessment process. These involve the establishment of control policies and procedures, and verification that these are being complied with.

FIs shall have in place control activities defined at every business level, which shall include a system that provides for top and functional level reviews; checking compliance with exposure limits and follow-up on noncompliance; a system of approvals and authorizations, which shall include the approval process for new products and services; and a system of verification and reconciliation.

Control activities complement existing policies, procedures and other control systems in place such as, among others, having clearly defined organizational structure and reporting lines, and arrangements for delegating authority; adequate accounting policies, records and processes; robust physical and environmental controls for tangible assets and access controls to information assets; and appropriate segregation of conflicting functions.

a. *Clear arrangements for delegating authority.* The functions and scope of authority and responsibility of each personnel should be adequately defined, documented and clearly communicated. The extent to which authorities may be delegated and the corresponding accountabilities of the personnel involved shall be approved by the appropriate level of management or the board of directors.

b. *Adequate accounting policies, records and processes.* FIs shall maintain adequate financial policies, records and processes. These records shall be kept up-to-date and contain sufficient detail to establish an audit trail. Further, FIs shall conduct independent balancing and reconciliation of records and reports to ensure the integrity of the reported data and balances. FIs shall also put in place a reliable information system that covers all of its significant activities which shall allow the board of directors and management access to data and information relevant to decision making such as, among others, financial, operations, risk management, compliance and market information. Moreover, these systems shall be secured, monitored independently and supported by adequate contingency arrangements.

c. *Robust physical and environmental controls to tangible assets and access controls to information assets.* FIs shall adopt policies and practices to safeguard their tangible and information assets. These shall include, but shall not be limited to:

    (1) identifying officers with authorities to sign for and on behalf of the FI. Signing authorities shall be approved by the board of directors and the extent of authority at each level shall be clearly defined;

    (2) implementing joint custody on certain assets. Joint custody shall mean the processing of transactions in the presence, and under the direct observation of a second person. Both persons shall be equally accountable for the physical protection of the items and records involved: *Provided*, That persons who are related to each other within the third degree of consanguinity or affinity shall not be made joint custodians;

    (3) adopting dual control wherein the work of one (1) person is to be verified by a second person to ensure that the transaction is properly authorized, recorded and settled;

    (4) incorporating sequence number control in the accounting system which shall also be used in promissory notes, checks and other similar instruments. Management shall also put in place appropriate controls to monitor the usage, safekeeping and recording of accountable forms;

    (5) restricting access to information assets by classifying information as to degree of sensitivity and criticality and identifying information owners or personnel with authorities to access particular classifications based on job responsibilities and the necessity to fulfill one's duties; and

    (6) implementing authentication and access controls prior to granting access to information such as, among others, implementing password rules. This shall be supplemented by appropriate monitoring mechanisms that will allow audit of use of information assets.

d. Segregation of conflicting functions. FIs shall ensure that areas of potential conflicts of interest shall be identified, minimized and subjected to independent monitoring. Further, appropriate segregation of functions shall be observed in identified areas that may pose potential conflict of interest. Moreover, periodic reviews of responsibilities and functions shall be conducted to ensure that personnel are not in a position to conceal inappropriate actions.

Examples of internal control measures are in *Appendix Q-72*.

Information and communication. An effective internal control system requires that there are adequate and comprehensive internal financial, operational and compliance data, as well as external information about events and conditions that are relevant to decision making. Information shall be reliable, timely, accessible, and provided in a consistent format. FIs shall have in place a reliable management information system that covers significant activities of the FI and has the capability to generate relevant and quality information to support the functioning of internal control.

FIs shall also establish effective channels of communication to ensure that all personnel fully understand and adhere to policies and procedures and control measures relevant to their duties and responsibilities and that relevant information is reaching the appropriate personnel. Management shall also ensure that all personnel are cognizant of their duty to promptly report any deficiency to appropriate levels of management or to the board of directors, where required. These shall enable them to quickly respond to changing conditions and avoid unnecessary costs.

Monitoring activities and correcting deficiencies. The overall effectiveness of the internal controls shall be monitored on an ongoing basis. Monitoring functions and activities shall be adequately defined by management, integrated in the operating environment and should produce regular reports for review. In this regard, all levels of review shall be adequately documented and results thereof reported on a timely basis to the appropriate level of management.

Evaluations of the effectiveness of the internal control system and the corresponding monitoring activities may be done by personnel from the same operational area in the form of self- assessment or from other areas such as internal audit: *Provided*, That, self-assessment done by business units shall be subject to independent validation.

Evaluations done shall be adequately documented and internal control deficiencies and weaknesses identified shall be reported on a timely basis to the appropriate level of management or the board of directors, where necessary, and addressed promptly.

132-N INTERNAL AUDIT FUNCTION

Internal audit is an independent, objective assurance and consulting function established to examine, evaluate and improve the effectiveness of internal control, risk management and governance systems and processes of an organization, which helps management and the board of directors in protecting the FI and its reputation. The internal audit function shall both assess and complement operational management, risk management, compliance and other control functions. In this respect, internal audit shall be conducted in frequencies commensurate with the assessed levels of risk in specific FI areas.

a. *Permanency of the internal audit function*. Each FI shall have a permanent internal audit function. In the case of group structures involving a parent bank and subsidiary or affiliate BSFI, the internal audit function shall either be established in each of the BSFI or centrally by the parent bank.

b. *Internal audit function in group structures.* In case each Bangko Sentral- supervised financial institution belonging to group structures has its own internal audit function, said internal audit function shall be accountable to the financial institution's own board of directors and shall likewise report to the head of the internal audit function of the parent bank within a reasonable period and frequency prescribed by the board of directors of the parent bank.

   On the other hand, in case the parent bank's internal audit function shall cover the internal audit activities in the subsidiary or affiliate BSFI institution, the board of directors of the parent bank shall ensure that the scope of internal audit activities is adequate considering the size, risk profile and complexity of operations of the subsidiary or affiliate concerned.

   The establishment of internal audit function centrally by the parent bank in group structures shall not fall under the outsourcing framework as provided under Sec. 112 of the MORB. In this respect, the head of the internal audit function of the parent bank shall define the internal audit strategies, methodology, scope and quality assurance measures for the entire group: *Provided,* That this shall be done in consultation and coordination with the respective board of directors and of the subsidiary or affiliate BSFI: *Provided, further,* That the board of directors of the subsidiary or affiliate BSFI shall remain ultimately responsible for the performance of the internal audit activities.

c. *Outsourcing of internal audit activities.* FIs may outsource, in accordance with the Bangko Sentral regulations on outsourcing, internal audit activities covering all areas of its operations: *Provided*, That the board of directors of the FI shall remain ultimately responsible for the conduct of effective internal audit: *Provided, further,* That the internal audit activity shall not be outsourced to the FI's own external auditor/audit firm nor to internal audit service provider that was previously engaged by the FI in the same area intended to be covered by the internal audit activity that will be outsourced, without a one-year "cooling off" period.

Qualifications of the head of the internal audit function. The head of the internal audit function must have an unassailable integrity, relevant education/experience/training, and has an understanding of the risk exposures of the FI, as well as competence to audit all areas of its operations. He must also possess the following qualifications:

a. The head of the internal audit function of a UB or a KB must be a Certified Public Accountant (CPA) or a Certified Internal Auditor (CIA) and must have at least five (5) years experience in the regular audit (internal or external) of a UB or KB as auditor-in-charge, senior auditor or audit manager. He must possess the knowledge, skills, and other competencies to examine all areas in which the institution operates. Professional competence as well as continuing training and education shall be required to face up to the increasing complexity and diversity of the institution's operations.

b. The head of the internal audit function of a complex TB, RB and Coop Bank; QB and trust entity must be a graduate of any accounting, business, finance or economics course with technical proficiency on the conduct of internal audit and must have at least five (5) years experience in the regular audit (internal or external) of a TB, national Coop Bank, QB or trust entity or, at least three (3) years experience in the regular audit (internal or external) of a UB or KB.

c. The head of the internal audit function of a simple or non-complex TB, RB and Coop Bank; and NSSLA must be a graduate of any accounting, business, finance or economics course with technical proficiency on the conduct of internal audit and must have at least two (2) years experience in the regular audit (internal or external) of a UB, KB, TB, RB, Coop Bank, QB or NSSLA.

A qualified head of the internal audit function of a UB or a KB shall be qualified to audit TBs, RB, Coop Banks, QBs, trust entities, NSSLAs, subsidiaries and affiliates engaged in allied activities, and other financial institutions under Bangko Sentral supervision. A qualified internal auditor of a complex TB, RB, and Coop Bank; QB and trust entity shall likewise be qualified to audit non-complex TB, RB and Coop Bank and NSSLA.

The head of the internal audit function shall be appointed/reappointed or replaced with prior approval of the audit committee. In cases, when the head of the internal audit function will be replaced, the FI shall report the same and the corresponding reason for replacement, to the appropriate supervising department of the Bangko Sentral within five (5) days from the time it has been approved by the board of directors.

Duties and responsibilities of the head of the internal audit function or the chief audit executive.

a. To demonstrate appropriate leadership and have the necessary skills to fulfill his responsibilities for maintaining the unit's independence and objectivity;

b. To be accountable to the board of directors or audit committee on all matters related to the performance of its mandate as provided in the internal audit charter. The head of the internal audit function shall submit a report to the audit committee or board of directors on the status of accomplishments of the internal audit unit, including findings noted during the conduct of the internal audit as well as status of compliance of concerned departments/units;

c. To ensure that the internal audit function complies with sound internal auditing standards such as the Institute of Internal Auditors' *International Standards for the Professional Practice of Internal Auditing* and other supplemental standards issued by regulatory authorities/government agencies, as well as with relevant code of ethics;

d. To develop an audit plan based on robust risk assessment, including inputs from the board of directors, audit committee and senior management and ensure that such plan is comprehensive and adequately covers regulatory matters. The head of the internal audit function shall also ensure that the audit plan, including any revisions thereto, shall be approved by the audit committee; and

e. To ensure that the internal audit function has adequate human resources with sufficient qualifications and skills necessary to accomplish its mandate. In this regard, the head of the internal audit function shall periodically assess and monitor the skill-set of the internal audit function and ensure that there is an adequate development program for the internal audit staff that shall enable them to meet the growing technical complexity of FI's operations.

Professional competence and ethics of the internal audit function. The internal audit function shall be comprised of professional and competent individuals who collectively have the knowledge and experience necessary in the conduct of an effective internal audit on all areas of FI's operations. The skill set of the internal audit staff shall be complemented with appropriate audit methodologies and tools as well as sufficient knowledge of auditing techniques in the conduct of audit activities.

All internal audit personnel shall act with integrity in carrying-out their duties and responsibilities. They should respect the confidentiality of information acquired in the course of the performance of their duties and should not use it for personal gain or malicious actions. Moreover, internal audit personnel shall avoid conflicts of interest. Internally-recruited internal auditors shall not engage in auditing activities for which they have had previous responsibility before a one-year "cooling off" period has elapsed. The internal audit personnel shall adhere at all times to the FI's Code of Ethics as well as to an established code of ethics for internal auditors such as that of the Institute of Internal Auditors.

***Independence and objectivity of the internal audit function*.** The internal audit function must be independent of the activities audited and from day-to-day internal control process. It must be free to report audit results, findings, opinions, appraisals and other information through clear reporting line to the board of directors or audit committee. It shall have authority to directly access and communicate with any officer or employee, to examine any activity or entity of the bank, as well as to access any records, files or data whenever relevant to the exercise of its assignment.

If independence or objectivity of internal audit function is impaired, in fact or appearance, the details of the impairment must be disclosed to the audit committee. Impairment to organizational independence and individual objectivity may include, but is not limited to, personal conflict of interest, scope limitations, restrictions on access to records, personnel, and properties, and resource limitations, such as funding.

The internal audit function shall inform senior management of the results of its audits and assessment. Senior management may consult the internal auditor on matters related to risks and internal controls without tainting the latter's independence: *Provided*, That the internal auditor shall not be involved in the development or implementation of policies and procedures, preparation of reports or execution of activities that fall within the scope of his review.

Staff of the internal audit function shall be periodically rotated, whenever practicable, and without jeopardizing competence and expertise to avoid unwarranted effects of continuously performing similar tasks or routine jobs that may affect the internal auditor's judgment and objectivity.

Internal audit charter. FIs shall have an internal audit charter approved by the board of directors. The internal audit charter shall be periodically reviewed by the head of the internal audit function and any changes thereto shall be approved by the board of directors. The internal audit charter shall establish, among others, the following:

a. Purpose, stature and authority, and responsibilities of the internal audit function as well as its relations with other control functions in the FI. The charter shall recognize the authority of the internal audit function, to initiate direct communication with any FI personnel; to examine any activity or entity; and to access any records, files, data and physical properties of the FI, in performing its duties and responsibilities;

b. Standards of independence, objectivity, professional competence and due professional care, and professional ethics;

c. Guidelines or criteria for outsourcing internal audit activities to external experts;

d. Guidelines for consulting or advisory services that may be provided by the internal audit function;

e. Responsibilities and accountabilities of the head of the internal audit function;

f. Requirement to comply with sound internal auditing standards such as the Institute of Internal Auditor's *International Standards for the Professional Practice of Internal Auditing* and other supplemental standards issued by regulatory authorities/government agencies, as well as with relevant code of ethics; and

g. Guidelines for coordination with the external auditor and supervisory authority.

***Scope*.** All processes, systems, units, and activities, including outsourced services, shall fall within the overall scope of the internal audit function. The scope of internal audit shall cover, among others, the following:

a. Evaluation of the adequacy, efficiency and effectiveness of internal control, risk management and governance systems in the context of current and potential future risks;

b. Review of the reliability, effectiveness and integrity of management and financial information systems, including the electronic information system and electronic banking services;

c. Review of the systems and procedures of safeguarding the bank's physical and information assets;

d. Review of compliance of trading activities with relevant laws, rules and regulations;

e. Review of the compliance system and the implementation of established policies and procedures; and

f. Review of areas of interest to regulators such as, among others monitoring of compliance with relevant laws, rules and regulations, including but not limited to the assessment of the adequacy of capital and provisions; liquidity level; regulatory and internal reporting.

133-N FRAMEWORK ON THE SELECTION OF EXTERNAL AUDITORS

Policy Statement. The Bangko Sentral considers the external auditing profession as a partner in promoting the integrity of financial reports and transparency in the financial system. In this light, the Bangko Sentral is issuing this framework on the selection of external auditors (individual practitioners and audit firms) for Bangko Sentral Supervised Financial Institutions (BSFIs) in line with its cooperative arrangements with the Securities and Exchange Commission (SEC), Insurance Commission (IC), and Philippine Deposit Insurance Corporation (PDIC), under the auspices of the Financial Sector Forum (FSF).

Appointment of External Auditors of BSFIs

a. BSFIs shall engage the services of an external auditor included in the List of Selected External Auditors for BSFIs. In this respect, a BSFI shall only appoint an external auditor belonging to the same category or from categories higher than the category of the BSFI concerned as provided in this section: *Provided*, That the Monetary Board may require the BSFI to appoint an external auditor from higher categories as part of the Bangko Sentral's supervisory action on the BSFI. The external auditor appointed by the BSFI shall likewise audit the BSFI's trust department as well as its subsidiaries and affiliates engaged in allied activities, as applicable.

b. External Auditors shall be classified into three categories and shall extend their services to BSFIs belonging to the same category or from categories lower than the category of the external auditor, as follows:

(1) Group A

(a) UBs/KBs
(b) Foreign banks and branches or subsidiaries of foreign banks
(c) Banks, trust departments and trust corporations with additional derivatives authority, pursuant to Sec. 613 of the MORB

(2) Group B

(a) TBs
(b) NBFIs with quasi-banking license
(c) Trust departments and trust corporations

(3) Group C

(a) RBs and Coop Banks
(b) Non-stock Savings and Loan Associations
(c) Pawnshops
(d) Remittance and Transfer Companies (RTCs)/Money Changers/Foreign Exchange Dealers (MCs/FXDs), including Virtual Currency Exchanges and Electronic Money Issuers
(e) Credit Card Issuers/Acquirers

The above categories shall include their subsidiaries and affiliates engaged in allied activities and other financial institutions subject to Bangko Sentral's consolidated supervision.

c. External auditors applying for first time inclusion or renewal of inclusion in the List of Selected External Auditors for BSFIs shall submit their application to the SEC. The application shall be subject to the requirements set out by the SEC as agreed upon by the Bangko Sentral, SEC, IC and PDIC.

d. The inclusion in the List of Selected External Auditors for BSFIs shall be valid for five (5) years or for a shorter period prescribed by the financial sector supervisors.

e. The Bangko Sentral shall periodically evaluate the performance of the external auditor through an assessment of the quality of the BSFI's audited financial statements and its compliance with the requirements provided under this Section. The results of assessment shall serve as basis for the continuing inclusion of external auditors in the List of Selected External Auditors for BSFIs.

f. The external auditor, including the engagement and quality control partners of the audit firm, of the BSFI shall be rotated in accordance with the relevant provisions of the Code of Ethics for Professional Accountants in the Philippines as adopted by the Philippine Board of Accountancy.

Audit Engagement and Reportorial Requirements

a. The BSFI's Audit Committee/board of directors/board of trustees shall ensure that the scope of external audit work appropriately covers areas relevant to BSFI's operations and risk exposures. These include the following:

(1) Review of the adoption of applicable reporting framework as well as the assessment of the accuracy, adequacy, and reliability of accounting records and financial reports;
(2) Assessment of the propriety and adequacy of disclosures in the financial statements;
(3) Assessment of the adequacy and effectiveness of internal controls and risk management systems;
(4) Assessment of the quality of capital in relation to risk exposures; and
(5) Evaluation of the quality of corporate governance.

b. The engagement contract of BSFIs with the external auditor shall include, at a minimum, the following provisions:

(1) That disclosure of information, such as those enumerated under Item *"c"* of this Section (*Audit engagement and reportorial requirements*), by the external auditor to the Bangko Sentral and/or other financial sector supervisors shall not constitute a breach of confidentiality on the part of the external auditor nor shall it be a ground for civil, criminal, or disciplinary proceedings against the external auditor;

(2) That the external auditor shall be allowed read-only access to the Bangko Sentral's Report of Examination on the BSFI and that the external auditor shall appropriately consider the contents thereof and maintain its confidentiality; and

(3) That the BSFI concerned and external auditor shall comply with all the requirements under this Section.

The engagement contract shall be made available by the BSFI to the Bangko Sentral upon request.

c. The external auditor shall report to the appropriate supervising department of the Bangko Sentral within fifteen (15) calendar days upon discovery of any matter adversely affecting the condition or soundness of the BSFI, such as, but not limited to the following cases:

(1) Any material finding involving fraud or error;

(2) Actual or potential losses, the aggregate of which amounts to at least ten percent (10%) of the consolidated total assets of the BSFI;

(3) Significant doubt as to the ability of the BSFI to continue as a going concern;

(4) Material breach of laws or Bangko Sentral rules and regulations such as but not limited to prescribed capital and liquidity ratios, significant deficiency in allowance for credit losses, material weaknesses in fair value measurement methodology, and significant vulnerabilities to money laundering and combating the financing of terrorism;

(5) Material internal control weaknesses which may lead to financial reporting problems; and

(6) Findings on matters of corporate governance that may require urgent action by the Bangko Sentral.

Where a thorough investigation or evaluation of facts is necessary on the noted case, an initial report shall be submitted within the prescribed timeline: *Provided*, That a complete report is submitted not later than fifteen (15) calendar days from completion of investigation or evaluation.

In case there are no matters to report, the external auditor shall submit to the appropriate supervising department of the Bangko Sentral, not later than 120 calendar days after the close of the calendar year or the fiscal year adopted by the BSFI, a certification that there is none to report.

d. The board of directors and management of the BSFI shall be primarily responsible for the financial statements submitted to the Bangko Sentral. External auditors are expected to conduct the audit of financial statements in accordance with the provisions of the Philippine Standards on Auditing.

e. The external auditor shall directly inform the appropriate supervising department of the Bangko Sentral of the pre-termination of the engagement contract or his/her resignation/replacements as external auditor as well as the reasons thereto, within fifteen (15) calendar days of the pre-termination of the contract or his/her resignation/replacement.

Supervisory Enforcement Action

The Bangko Sentral reserves the right to deploy its range of supervisory enforcement actions to promote adherence with the requirements set forth in this Section and bring about timely corrective actions. For this purpose, the Bangko Sentral may issue directives or impose sanctions on BSFIs and/or its directors/trustees who approved the appointment of the external auditor, who/which are not in the List of Selected External Auditors for BSFIs, and/or for non-compliance with the provisions of this Section. The Bangko Sentral may likewise shorten the period of validity of inclusion of an external auditor in the List of Selected External Auditors for BSFIs, suspend, or delist external auditors from its List of Selected External Auditors for BSFIs based on the results of assessment of the quality of audited financial statements (AFS) as well as non-compliance with the provisions of this Section. The guidelines on the supervision/delisting of external auditor in the list of selected external auditors for BSFIs is prescribed in *Appendix N-5.*

Transitory provisions

a. External auditors whose inclusion in the List of Selected External Auditors for BSFIs is valid to cover the audit of 2018 financial statements are hereby given one (1) year extension on their inclusion in the List of Selected External Auditors for BSFIs allowing them to engage in the audit of the 2019 financial statements.

b. All applications (new and renewal) for inclusion in the List of Selected External Auditors for BSFIs to cover in the audit of 2020 financial statements and thereafter shall be filed with the SEC starting June 2019.

(Circular No. 1040 dated 20 May 2019)

134-N AUDITED FINANCIAL STATEMENTS

The Bangko Sentral recognizes that external auditors play a vital role in contributing to the conduct of effective supervision and sustaining the confidence of the public in the financial system. In this light, the regulations on financial audit aim to enhance the quality of information channeled to the supervisory process and ultimately promote fairness, transparency and accuracy in financial reporting.

The following rules shall govern the submission of audited financial statements (AFS) of NBFIs.

For purposes of this Section, AFS shall include the balance sheets, income statements, statements of changes in equity, statements of cash flows, notes to financial statements, and the opinion of the external auditor.

Financial Audit. NBFIs shall cause an annual financial audit by an external auditor included in the List of Selected External Auditors for BSFIs not later than thirty (30) calendar days after the close of the calendar year or the fiscal year adopted by the NBFI. The AFS shall be submitted by the NBFI, to the appropriate supervising department of the Bangko Sentral, not later than 120 calendar days after the close of the calendar year or the fiscal year adopted by the NBFI, accompanied by the documentary requirements as enumerated under *Appendix N-21*.

In addition, the external auditor shall be required by the NBFI to submit to the proprietor/partners/board of directors a Letter of Comments (LOC) indicating any material weakness or breach in the institution's internal control and risk management systems not later than 120 calendar days after the close of the calendar year or fiscal year adopted by the NBFI. If no material weakness or breach is noted to warrant the issuance of an LOC, a certification under oath stating that no material weakness or breach in the internal control and risk management systems was noted in the course of the audit of the NBFI shall be submitted in its stead, together with the AFS.

Material weakness shall be defined as a significant control deficiency, or combination of deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be detected or prevented by the institution's internal control. A material weakness does not mean that a material misstatement has occurred or will occur, but that it could occur. A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the institution's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles. The phrase "more than remote likelihood" shall mean that future events are likely to occur or are reasonably possible to occur.

The proprietor/partners/board of directors, in a regular or special meeting, shall consider and act on the AFS and the LOC and shall submit, not later than 120 calendar days after the close of the calendar year or fiscal year adopted by the NBFI, a copy of its resolution (containing the date of receipt of the AFS and LOC by the proprietor/partners/board of directors) to the appropriate supervising department of the Bangko Sentral. The resolution shall show the action(s) taken on the AFS and the findings and recommendations stated in the LOC, if any.

Government-owned or -controlled NBFIs including their subsidiaries and affiliates under Bangko Sentral supervision, which are under the concurrent jurisdiction of the Commision on Audit (COA) shall be exempt from the aforementioned annual financial audit by an external auditor included in the List of Selected External Auditors for BSFIs: *Provided*, That, when warranted by supervisory concern such as material weakness/breach in internal control and/or risk management systems, the Monetary Board may, upon recommendation of the appropriate supervising department of the Bangko Sentral, require the financial audit to be conducted by an external auditor included in the List of Selected External Auditors for BSFIs, at the expense of the NBFI: *Provided, further*, That when circumstances such as, but not limited to loans from multilateral FIs, privatization, or public listing warrant, the financial audit of the institution concerned by an external auditor included in the List of Selected External Auditors for BSFIs may also be allowed.

NBFIs under the concurrent jurisdiction of the Bangko Sentral and COA shall, however, submit a copy of the annual audit report (AAR) of the COA to the appropriate supervising department of the Bangko Sentral within forty (40) calendar days after receipt of the AAR by the board of directors. The AAR shall be accompanied by the: (a) certification by the institution concerned on the date of receipt of the AAR by the board of directors; (b) reconciliation statement between the AFS in the AAR and the balance sheet and income statement of QB and trust department submitted to the Bangko Sentral, including copies of adjusting entries on the reconciling items; and (c) other information that may be required by the Bangko Sentral. The board of directors of said institutions, in a regular or special meeting, shall consider and act on the AAR, as well as on the comments and observations and shall submit, within thirty (30) banking days after receipt of the report, a copy of its resolution to the appropriate supervising department of the Bangko Sentral. The resolution shall show the action(s) taken on the report, including on the comments and observations and the names of the directors present and absent, among other things.

The AFS required to be submitted shall in all respect be Philippine Financial Reporting Standards (PFRS)/PAS-compliant. The guidelines under Sec. 141-N shall be adopted.

NBFIs as well as external auditors shall strictly observe the requirements in the submission of the AFS and reports required to be submitted under *Appendix N-21.*

The reports and certifications of institutions concerned, schedules and attachments required under this Section (*Financial Audit*) shall be considered as Category *B* reports, delayed submission of which shall be subject to the penalties under Item *"b.ii"* of Sec. 143-N *(Sanctions in case of willful delay in the submission of reports).*

Posting of audited financial statements. NBFIs shall post in conspicuous places in their head offices, all their branches and other offices, as well as in their respective websites, their latest AFS.

(Circular Nos. 1075 dated 07 February 2019 and 911 dated 02 May 2016)

E. REPORTING GOVERNANCE

141-N PHILIPPINE FINANCIAL REPORTING STANDARDS

Statement of Policy. It is the thrust of the Bangko Sentral to align its financial reporting requirements with standards and practices that are widely accepted internationally to promote fairness, transparency, and accountability in the financial industry. In this light, the Bangko Sentral is issuing guidelines governing the adoption of the PFRS, aimed at ensuring consistency of application and comparability of financial reports across the industry.

a. *Adoption of PFRS.* Bangko Sentral Supervised Financial Institutions (BSFIs) shall adopt PFRS in recording transactions and in the preparation of financial statements and reports to the Bangko Sentral. However, in cases where there are differences between Bangko Sentral regulations and PFRS as when more than one (1) option are allowed or certain maximum or minimum limits are prescribed by PFRS, the option or limit prescribed by the Bangko Sentral shall be adopted by BSFIs. These include the accounting treatment of "Government Grants".

   Government grants extended in the form of loans bearing nil or below-market rate of interest shall be measured upon initial recognition at its fair value (i.e. the present value of the future cash flows of the financial instrument discounted using the market interest rate). The difference between the fair value and the net proceeds of the loan shall be recorded under "Unearned Income-Others", and shall be recognized as income on a systematic basis over the period of the loan necessary to match with the related cost for which the grants are intended to compensate.

b. *Preparation of prudential reports.* For prudential reporting, BSFIs shall adopt in all respect the PFRS except in the following cases:

   (1) In preparing consolidated financial statements, only investments in financial allied subsidiaries except insurance subsidiaries shall be consolidated with the financial statements of the parent bank on a line-by-line basis; while insurance and non-financial allied subsidiaries shall be accounted for using the equity method. Investments in financial/non-financial allied/non-allied associates and joint ventures shall be accounted for

using the equity method in accordance with the provisions of Philippine Accounting Standards (PAS) 28 "Investments in Associates and Joint Ventures".

In preparing solo/separate financial statements, investments in financial/non-financial allied/non-allied subsidiaries/associates, including insurance subsidiaries/associates, shall be accounted for using the equity method as described in PAS 28.

(2) BSFIs shall recognize adequate and timely allowance for credit losses at all times. In this respect, BSFIs shall adopt the principles provided under the Enhanced Standards on Credit Risk Management under Sec. 122-N as well as the provisions of *Appendix N-16* in measuring credit losses.

c. *Preparation of Audited Financial Statements (AFS).* AFS shall in all respect be PFRS compliant and shall be submitted to the Bangko Sentral in accordance with the provisions of Sec. 134-N.

BSFIs shall submit to the Bangko Sentral adjusting entries reconciling the balances in the financial statements for prudential reporting with those in the AFS.

d. *Guidelines on the adoption of PFRS 9 Financial Instruments.* BSFIs shall adopt, as part of the PFRS framework, PFRS 9: Financial Instruments upon its mandatory effectivity date of 01 January 2018.

For this purpose, BSFIs shall be governed by the following:

(1) Consistent with the duties and responsibilities of the board of directors provided under Sec. 132-Q, the board of directors or any equivalent governing body in the case of branches of foreign banks, shall ensure that the BSFI appropriately and consistently adopts PFRS 9 as part of its reporting governance process. In this respect, the board shall assess the impact of PFRS 9 on business strategies and risk management systems and ensure availability of sufficient resources, including capacity building initiatives, in adopting the standard.

The board shall approve policies and guidelines relative to the adoption of PFRS 9, which shall cover responsibilities of the different units in the BSFI (e.g., Treasury, Risk Management, Financial Controllership) as well as the extent of participation or involvement of third parties in the adoption process. The board shall likewise ensure that adequate control measures are in place to ensure the integrity of reports.

(2) Management shall implement the policies set by the board related to the adoption of PFRS 9 and ensure that sound professional judgment is exercised in implementing the provisions of the standard. Management shall provide feedback to the board on the effectiveness of implementation of PFRS 9.

(3) BSFIs shall be guided by the provisions of Appendix 27/Appendix Q-22 on "Guidelines on the Adoption of Philippine Financial Reporting Standards 9 (PFRS 9) – Classification and Measurement" and Appendix N-16 on "Impairment" in implementing the provisions of PFRS 9.

e. *Enforcement Actions*. Consistent with Sec. 127-N, the Bangko Sentral reserves the right to deploy its range of supervisory tools and enforcement actions to promote adherence with the requirements set out in this Section and bring about timely corrective actions to ensure appropriate and consistent adoption of PFRS. In this respect, the Bangko Sentral may issue directives or impose sanctions on the BSFI and/or its directors, officers and/or employees concerned for noted supervisory issues on the adoption of PFRS 9.

Prudential reports affected by non-adherence to the provisions of this Section shall be subject to penalties/sanctions provided under Sec. 143-N.

f. *Transitory Provisions*. BSFIs shall observe the following transition rules:

(1) BSFIs shall apply PFRS 9, retrospectively, in accordance with the transition requirements and guidance provided under PFRS 9 and PAS 8 "*Changes in Accounting Policies, Changes in Accounting Estimates and Errors".* BSFIs shall be guided by the provisions of PAS 8 if the retrospective application is impracticable.

(2) A BSFI that applied the earlier versions of PFRS 9 (2009), PFRS 9 (2010) or PFRS 9 (2013) shall be allowed to reclassify its financial assets provided that the reclassification requirements under the standard are met.

(3) A BSFI is expected to comply with the reportorial and disclosure requirements of the Securities and Exchange Commission on the adoption of PFRS 9.

(Circular Nos. 1023 dated 4 December 2018, 1011 dated 14 August 2018, 915 dated 05 July 2016, and 912 dated 27 May 2016)

142-N ACCOUNTING FOR FINANCIAL INSTITUTION PREMISES; OTHER FIXED ASSETS

FI premises, furniture, fixture and equipment shall be accounted for using the cost model under PAS 16 "Property, Plant and Equipment."

143-N REPORTS

NBFIs without quasi-banking functions but are subsidiaries/affiliates of banks and QBs and investment houses without quasi-banking functions but with trust operations shall submit to the appropriate supervising department of the Bangko Sentral the reports listed in *Appendix N-1* in the forms as may be prescribed by the Deputy Governor of the appropriate sector of the Bangko Sentral.

Any change in, or amendment to, the articles of incorporation, by-laws or material documents required to be submitted to the Bangko Sentral shall be reported by submitting copies of the amended articles of incorporation, by-laws, or material documents to the appropriate supervising department of the Bangko Sentral within fifteen (15) days following such change.

Categories and signatories of reports. Reports required to be submitted to the Bangko Sentral are classified into *Categories A-2* and *B* reports as indicated in the list of reports required to be submitted to the Bangko Sentral in *Appendix N-1.*

Appendix N-2 prescribes the signatories for each report category and the requirements on signatory authorization. Reports submitted by NBFIs in computer media shall be subject to the same requirements.

A report submitted to the Bangko Sentral under the signature of an officer who is not authorized in accordance with the requirements in this Section shall be considered as not having been submitted.

Manner of filing. The submission of the reports shall be effected by filing them personally with the appropriate supervising department of the Bangko Sentral or with the Bangko Sentral Regional Offices/Units, or by sending them by registered mail or special delivery through private couriers unless otherwise specified in the circular or memorandum of the Bangko Sentral.

Sanctions in case of willful delay in the submission of reports.

a. *Definition of terms.* For purposes of this Section, the following definitions shall apply:

   (1) *Report* shall refer to any report or statement required of an NBFI to be submitted to the Bangko Sentral periodically or within a specified period.

   (2) *Willful delay in the submission of reports* shall refer to the failure of an NBFI to submit a report on time. Failure to submit a report on time due to fortuitous events, such as fire and other natural calamities and public disorders, including strike or lockout affecting an NBFI as defined in the Labor Code or national emergency affecting operations of NBFIs, shall not be considered as willful delay.

b. *Fines for willful delay in submission of reports.* NBFIs incurring willful delay in the submission of required reports shall pay a fine in accordance with the following schedule:

I. For Categories A-2 reports Per day of default until the report is filed	P300
II. For Category B reports Per day of default until the report is filed	P 60

Delay or default shall start to run on the day following the last day required for the submission of reports. However, should the last day of filing fall on a non-working day in the locality where the reporting FI is situated, delay or default shall start to run on the day following the next working day. The due date/deadline for submission of reports to Bangko Sentral as prescribed under Sec. 143-N governing the frequency and deadlines indicated in *Appendix N-1* shall be automatically moved to the next business day whenever a half-day suspension of business operations in government offices is declared due to an emergency such as typhoon, floods, etc.

For purposes of establishing delay or default, the date of acknowledgment by the appropriate supervising department of the Bangko Sentral or the Bangko Sentral Regional Offices/Units appearing on the copies of such reports filed or submitted, or the date of mailing postmarked on the envelope/the date of registry/special delivery receipt, as the case may be, shall be considered as the date of filing by the NBFI.

c. *Manner of payment or collection of fines* – NBFIs shall, within fifteen (15) calendar days from receipt of the statement of account from the appropriate department of the Bangko Sentral, pay the fines imposed thereon for willful delay on the submission of reports.

144-N PUBLICATION REQUIREMENTS

The quarterly CSOC of a trust entity and its subsidiaries and affiliates shall be published side by side with the statement of condition of its head office and its branches/other offices as of such dates as the Bangko Sentral may require within twenty (20) working days from receipt of call letter, in any newspaper of general circulation in the country in the prescribed format.

The CSOC of a QB/trust entity and its subsidiaries and associates shall conform with the guidelines of PAS 27 "Consolidated and Separate Financial Statements", except that for purposes of consolidated financial statements, only investments in financial allied subsidiaries except insurance subsidiaries shall be consolidated on a line-by-line basis; while insurance and non-financial allied subsidiaries shall be accounted for using the equity method. Financial/non-financial allied/non-allied associates shall be accounted for using the equity method in accordance with the provisions of PAS 28 "Investments in Associates". For purposes of separate financial statements, investments in financial/non-financial allied/non-allied subsidiaries/associates, including insurance subsidiaries/associates, shall be accounted for using the equity method.

PART TWO

BORROWING OPERATIONS

201-N WITHOUT RECOURSE TRANSACTIONS

Borrowing by NBFIs from twenty (20) or more lenders for the purpose of relending or purchase of receivables or other obligations, which constitutes quasi-banking functions, shall be subject to prior Bangko Sentral authority on performance of quasi-banking functions under Bangko Sentral regulations.

Quasi-banking functions. *Quasi-banking functions* shall consist of the following:

a. Borrowing funds for the borrower's own account;
b. Twenty (20) or more lenders at any one (1) time;
c. Methods of borrowing: issuance, endorsement, or acceptance of debt instruments of any kind, other than deposits, such as:

   (1) acceptances;
   (2) promissory notes;
   (3) participations;
   (4) certificates of assignment or similar instruments with recourse;
   (5) trust certificates;
   (6) repurchase agreements; and
   (7) such other instruments as the Monetary Board may determine; and

d. Purpose:

   (1) relending, or
   (2) purchasing receivables or other obligations.

As used in the definition of *quasi-banking functions,* the following terms and phrases shall be understood, as follows:

Borrowing shall refer to all forms of obtaining or raising funds through any of the methods and for any of the purposes provided in Item *"c"* and *"d"* above whether the borrower's liability thereby is treated as real or contingent.

For the borrower's own account shall refer to the assumption of liability in one's own capacity and not in representation, or as an agent or trustee, of another.

Lenders shall refer to individuals and corporate entities that are not banks, quasi-banks or other financial intermediaries as provided under Sec. 101-Q (*Financial intermediaries*).

Purchasing of receivables or other obligations shall refer to the acquisition of claims collectible in money or securities of any amount and maturity from domestic or foreign sources.

Relending shall refer to the extension of loans by an institution with antecedent borrowing transactions. Relending shall be presumed in the absence of express stipulation, when the institution is regularly engaged in lending.

Regularly engaged in lending shall refer to the practice of extending loans, advances, discounts or rediscounts as a matter of business, i.e., continuous or consistent lending as distinguished from isolated lending transactions.

The following guidelines shall govern lender count on borrowings or funds mobilized by NBFIs not performing quasi-banking functions:

a. For purposes of ascertaining the number of lenders/placers to determine whether or not an NBFI is engaged in quasi-banking functions, the names of payees on the face of each debt instrument shall serve as the primary basis for counting the lenders/placers except when proof to the contrary is adduced such as the official receipts or documents other than the debt instrument itself. In such case the actual/real lenders/placers as appearing in such proof, shall be the basis for counting the number of lenders/placers.

   In a debt instrument issued to two (2) or more named payees under an *and/or* and *or* arrangement, the number of payees appearing on the instrument shall be the basis for counting the number of lenders/placers: *Provided, however,* That a debt instrument issued in the name of a husband and wife followed by the word *spouses*, whether under an *and, and/or* or *or* arrangement or in the name of a designated payee under an *in trust for* (ITF) arrangement shall be counted as one borrowing/placement.

b. Each debt instrument payable to bearer shall be counted as one (1) lender/placer, except when the NBFI can prove that there is only one (1) owner for several debt instruments so payable.

c. Two (2) or more debt instruments issued to the same payee, irrespective of the date and amount shall be counted as one (1) borrowing or placement.

d. Debt instruments underwritten by investment houses or traded by securities dealers/brokers whether on a firm, standby or best efforts basis shall be counted on the basis of the number or purchasers thereof and shall not be treated as having been issued solely to the underwriter or trader: *Provided, however,* That in case of unsold debt instruments in a firm commitment underwriting, the underwriter shall be counted as a lender.

e. Each buyer, assignee, and/or indorsee shall be counted in determining the number of lenders/placers of funds mobilized through sale, assignment, and/or indorsement of securities or receivables on a without recourse basis whenever the terms and/or attendant documentation, practice, or circumstances indicate that the sale, assignment, and/or indorsement thereof legally obligates the NBFI not performing quasi-banking functions to repurchase or reacquire the securities/receivables sold, assigned, indorsed or to pay the buyer, assignee, or indorsee at some subsequent time.

f. Funds obtained by way of advances from stockholders, directors, or officers, regardless of nature, shall be considered borrowed funds or funds mobilized and such stockholders, directors or officers shall be counted in determining the number of lenders/placers.

***Transactions not considered quasi-banking*.** The following shall not constitute quasi-banking:

a. Borrowing by commercial, industrial and other non-financial companies, through the means listed in Sec. 201-N for the limited purpose of financing their own needs or the needs of their agents or dealers; and

b. The mere buying and selling without recourse of instruments mentioned in Sec. 201-N: *Provided,* That:

(1) The institution selling without recourse shall indicate or stamp in conspicuous print on the instrument/s, as well as on the confirmation of sale, the phrase *without recourse* or *sans recourse* and the following statement:

(Name of non-bank) assumes no liability for the payment,
directly or indirectly, of this instrument.

(2) In the absence of the phrase *without recourse* or sans *recourse* and the above-required accompanying statement, the instrument so issued, endorsed or accepted shall automatically be considered as falling within the purview of the rules on quasi-banking:

Provided, further, That any of the following practices or practices similar and/or tantamount thereto in connection with a without recourse transaction renders such transaction as with recourse and within the purview of the rules on quasi-banking.

(a) Issuance of postdated checks by a financial intermediary, whether for its own account or as an agent of the debt instrument issuer, in payment of the debt instrument sold, assigned or transferred without recourse;

(b) Issuance by a financial intermediary of any form of guaranty on sale transactions or on negotiations or assignment of debt instruments without recourse; or

(c) Payment with the funds of the financial intermediary which assigned, sold or transferred the debt instrument without recourse, unless the financial intermediary can show that the issuer has with the said financial intermediary funds corresponding to the amount of the obligation.

Any investment house violating the provisions of this Section shall be subject to the sanctions provided in Sections 12 and 16 of P.D. No. 129, as amended.

Delivery of securities.

a. Securities sold on a without recourse basis under this Section shall be delivered to a Bangko Sentral - accredited securities custodian or an SEC-authorized central securities depository in accordance with the following guidelines:

(1) The securities shall be delivered by the seller directly to the purchaser or to the purchaser's designated BSP-accredited securities custodian or SEC-authorized central securities depository.

(2) If the securities sold are certificated, delivery shall be effected physically to the purchaser, or to the purchaser's designated Bangko Sentral-accredited custodian. The certificate must be transferred to and registered under the name of the purchaser and properly recorded in the registry book.

The securities custodian shall hold the securities in the name of the buyer: *Provided*, That a bank authorized by the Bangko Sentral to perform securities custodianship function or a SEC-authorized central securities depository may not be allowed to be securities custodian/depository of securities issued by said securities custodian or central securities depository or of securities in bearer form.

b. The guidelines on the delivery of government securities to the investor's principal securities account with the National Registry of Scripless Securities (NRoSS) are in *Appendix Q-38*.

(Circular Nos. 1121 dated 08 June 2021 and 1061 dated 25 November 2019)

202-N DISCLOSURE OF REMITTANCE CHARGES AND OTHER RELEVANT INFORMATION[1]

It is the policy of the Bangko Sental to promote the efficient delivery of competitively-priced remittance services by banks and other remittance service providers by promoting competition and the use of innovative payment systems, strengthening the financial infrastructure, enhancing access to formal remittance channels in the source and destination countries, deepening the financial literacy of consumers, and improving transparency in remittance transactions, consistent with sound practices.

Towards this end, NBFIs under Bangko Sentral supervision, including FXDs/MCs and RAs, providing overseas remittance services shall disclose to the remittance sender and to the recipient/beneficiary, the following minimum items of information regarding remittance transactions, as defined herein:

a. *Transfer/remittance fee*-charge for processing/sending the remittance from the country of origin to the country of destination and/or charge for receiving the remittance at the country of destination;
b. *Exchange rate*-rate of conversion from foreign currency to local currency, e.g., peso-dollar rate;
c. *Exchange rate differential/spread*-foreign exchange mark-up or the difference between the prevailing Bangko Sentral reference/guiding rate and the exchange conversion rate;
d. *Other currency conversion charges*-commissions or service fees, if any;
e. *Other related charges*-e.g., surcharges, postage, text message or telegram;
f. *Amount/currency paid out in the recipient country*-exact amount of money the recipient should receive in local currency or foreign currency; and
g. *Delivery time to recipients/beneficiaries*-delivery period of remittance to beneficiary stated in number of days, hours or minutes.

Non-bank remittance service providers shall likewise post said information in their respective websites and display them prominently in conspicuous places within their premises and/or remittance/service centers.

In case of domestic remittance transactions, all fees to the transactions shall be charged upfront by all NBFIs under Bangko Sentral supervision from the sender/remitter's end, with appropriate disclosure to the sender/remitter of the components of the fees being charged. This does not preclude the Bangko Sentral-supervised NBFI and/or other participants to the domestic remittance transaction from charging service fees. Domestic remittance transaction, for this purpose, is a transfer of funds between a sender/remitter and a beneficiary who are both within the Philippines, and is not covered by electronic payment transaction as defined under the NRPS Framework.

(Circular Nos. 980 dated 6 November 2017 and 952 dated 22 March 2017)

[1] The NBFIs shall have until 27 April 2017 to comply with the provision of this Section.

PART THREE

LOANS, INVESTMENTS AND SPECIAL CREDITS

301-N GRANT OF LOANS AND OTHER CREDIT ACCOMMODATIONS

In addition to the principles and standards provided under Sec. 122-N, the following regulations shall be observed in the grant of loans and other credit accommodations.

Additional requirements. FIs shall require submission and maintain on file updated ITRs of the borrower, and his co-maker, if applicable, duly stamped as received by the BIR together with supporting financial statements, as applicable. FIs shall likewise require borrowers to execute a waiver of confidentiality of client information and/or an authority of the FI to conduct random verification with the BIR in order to establish authenticity of these documents.

Should the document(s) submitted prove to be spurious or incorrect in material detail, the FI may terminate any loan or other credit accommodation granted on the basis of said document(s) and shall have the right to demand immediate repayment or liquidation of the obligation.

The required submission of such documents shall not cover the following credit exposures:

a. *Microfinance loans* as defined under Sec. 314 of the MORB;

b. Loans to registered BMBEs;

c. Interbank loans;

d. Loans secured by hold-outs on or assignment of deposits or other assets considered non-risk by the Monetary Board;

e. Loans to individuals who are not required to file ITRs under BIR regulations, as follows:

   (1) Individuals whose gross compensation income does not exceed their total personal and additional exemptions, or whose compensation income derived from one (1) employer does not exceed P60,000 and the income tax on which has been correctly withheld;

   (2) Those whose income has been subjected to final withholding tax;

   (3) Senior citizens not required to file a return pursuant to R.A. No. 7432, as amended by R.A. No. 9257, in relation to the provisions of the NIRC or the Tax Reform Act of 1997; and

   (4) An individual who is exempt from income tax pursuant to the provisions of the NIRC and other laws, general or special;

f. Loans to borrowers, whose only source of income is compensation and the corresponding taxes on which has been withheld at source: *Provided*, That the borrowers submitted, in lieu of the ITR, a copy of their Employer's Certificate of Compensation Payment/Tax Withheld (BIR Form 2316) or their payslips for at least three (3) months immediately preceding the date of loan application;

g. Loans and other credit accommodations not exceeding P3.0 million; or

h. Loans to start up enterprise borrowers during the first three (3) years of their operations or banking relationship.

Prohibited use of loan proceeds. NBFIs are prohibited from requiring their borrowers to acquire shares of stock of the lending NBFI out of the loan or other credit accommodation proceeds from the same NBFI.

Signatories. NBFIs shall require that loans and other credit accommodations be made under the signature of the principal borrower and, in the case of unsecured loans and other credit accommodations to an individual borrower, at least one (1) co-maker, except that a co-maker is not required when the principal borrower has the financial capacity and a good track record of paying his obligations.

Accrual of interest earned on loans and other credit accommodations. Accrual of interest earned on non-performing loans and other credit accommodations shall not be allowed.

Accrued interest receivable shall be classified in accordance with their respective loan accounts and provided with *Allowance for Uncollected Interest on Loans.*

Minimum required disclosure. NBFIs shall provide a table of the applicable fees, penalties and interest rates on loan transactions, including the period covered by and the manner of and reason for the imposition of such penalties, fees and interest, fees and applicable conversion reference rates for third currency transactions, in plain sight and language, on materials for marketing loans such as brochures, flyers, primers and advertising materials, on loan application forms, and on billing statements: *Provided,* That these disclosures are in addition to the full disclosure of the fees, charges and interest rates in the terms and conditions of the loan agreement found elsewhere on the application form and billing statement: *Provided, further,* That such table of fees, penalties and interest rates shall be printed in plain language and in bold black letters against a light or white background, and using the minimum Arial 12 theme font and size, or its equivalent in readability, and on the first page, if the applicable document has more than one (1) page.

Unfair collection practices. NBFIs, collection agencies, counsels and other agents may resort to all reasonable and legally permissible means to collect amounts due them under the loan agreement: *Provided,* That in the exercise of their rights and performance of duties, they must observe good faith and reasonable conduct and refrain from engaging in unscrupulous or untoward acts. Without limiting the general application of the foregoing, the following conduct is a violation of this Section:

a. the use or threat of violence or other criminal means to harm the physical person, reputation, or property of any person;

b. the use of obscenities, insults, or profane language which amount to a criminal act or offense under applicable laws;

c. disclosure of the names of borrowers who allegedly refuse to pay debts, except as allowed under Sec. 301-N on Confidentiality of Information;

d. threat to take any action that cannot legally be taken;

e. communicating or threat to communicate to any person credit information which is known to be false, including failure to communicate that a debt is being disputed;

f. any false representation or deceptive means to collect or attempt to collect any debt or to obtain information concerning a borrower; and

g. making contact at unreasonable/inconvenient times or hours which shall be defined as contact before 6:00 A.M. or after 10:00 P.M., unless the account is past due for more than sixty (60) days or the borrower has given express permission or said times are the only reasonable or convenient opportunities for contact.

NBFIs shall inform their borrowers in writing of the endorsement of the collection of their account to a collection agency/agent, or the endorsement of their account from one (1) collection agency/agent to another, at least seven (7) days prior to the actual endorsement. The notification shall include the full name of the collection agency and its contact details: *Provided*, That the required notification in writing shall be included in the terms and conditions of the loan agreement. NBFIs shall adopt policies and procedures to ensure that personnel handling the collection of accounts, whether these are in-house collectors, or third-party collection agents, shall disclose his/her full name/true identity to the borrower.

Confidentiality of Information. NBFIs shall keep strictly confidential the data on the borrower or consumer, except under the following circumstances:

a. disclosure of information is with the consent of the borrower or consumer;
b. release, submission or exchange of customer information with other financial institutions, credit information bureaus, lenders, their subsidiaries and affiliates;
c. upon orders of court of competent jurisdiction or any government office or agency authorized by law, or under such conditions as may be prescribed by the Monetary Board;
d. disclosure to collection agencies, counsels and other agents of the NBFIs to enforce its rights against the borrower;
e. disclosure to third party service providers solely for the purpose of assisting or rendering services to the NBFI in the administration of its lending business; and
f. disclosure to third parties such as insurance companies, solely for the purpose of insuring the NBFI from borrower default or other credit loss, and the borrower from fraud or unauthorized charges.

Dissemination of Relevant Information. FIs shall ensure that all persons to whom credit is extended are well informed of the salient provisions of R.A. No. 3765, otherwise known as the "Truth in Lending Act" as contained in the revised format of disclosure statement in *Appendix N-19* through any acceptable medium of communication such as, but not limited to, posters, brochures, pamphlets, leaflets, educational videos, corporate websites, infographics and social media platforms. Said information must be conspicuously displayed and made available at all times, in physical or electronic format, to all persons to whom credit is extended by FIs subject to the consumer protection standards and social media risk management guidelines. Such medium of communication shall include an explicit notification that the disclosure statement in writing is a required attachment to the credit transaction contract which FIs shall provide all persons to whom credit is extended with a copy of said disclosure statement prior to the consummation of the credit transaction.

Sanctions. Any violation of the provisions of Sec. 301-N on Additional Requirements, Prohibited Use of Loan Proceeds and Signatories shall be subject to the sanctions provided under Sections 36 and 37 of R.A. No. 7653.

Violation of the provisions of Sec. 301-N on Minimum Required Disclosure, Unfair Collection Practices and Confidentiality of Information shall be subject to any or all of the following sanctions depending upon their severity:

a. *First offense.* Reprimand for the directors/officers responsible for the violation;
b. *Second offense.* Disqualification of the NBFI concerned from the credit facilities of the Bangko Sentral except as may be allowed under Section 84 of R. A. No. 7653;

c. *Subsequent offense/s:*

   (1) Prohibition on the NBFI concerned from the extension of additional credit accommodation against personal security; and
   (2) Penalties and sanctions provided under Sections 36 and 37 of R. A. No. 7653.

(Circular Nos. 1052 dated 2 October 2019 and 1011 dated 14 August 2018)

302-N UPDATING OF INFORMATION PROVIDED TO CREDIT INFORMATION BUREAUS

FIs which have provided adverse information, such as the past due or litigation status of loan accounts, to credit information bureaus, or any organization performing similar functions, shall submit monthly reports to these bureaus or organizations on the full payment or settlement of the previously reported accounts within five (5) business days from the end of the month when such full payment was received. For this purpose, it shall be the responsibility of the reporting FIs to ensure that their disclosure of any information about their borrowers/clients is with the consent of borrowers/clients concerned.

303-N PAST DUE ACCOUNTS AND NON-PERFORMING LOANS[1]

The following regulations shall guide BSFIs in determining their past due accounts and non-performing loans.

Definition of terms. For purposes of this Section, the following definitions shall apply:

a. *Restructured loans* shall refer to loans and other credit accommodations the original contractual terms and conditions of which have been modified in accordance with a formal restructuring agreement that sets forth a revised schedule of payments for the purpose of lessening the financial difficulty of the borrower and maximizing collection and realizable economic value on an obligation within a reasonable period of time. The modification may include, but is not limited to, change in principal due, maturity, interest rate and other charges, collateral, or other terms and conditions.

b. *Items in litigation* shall refer to loans or other credit accommodations for which cases, such as collection or foreclosure, have been filed in court or sheriff's office, as the case may be. The loan or other credit accommodation shall remain in this account during the pendency of the proceedings, until full payment, restructuring of the obligation, foreclosure of the collateral, or such other disposition is made as would cause such proceedings to cease.

Accounts considered past due. As a general rule, loans, investments, receivables, or any financial asset, including restructured loans, shall be considered past due when any principal and/or interest or installment due, or portions thereof, are not paid at their contractual due date, in which case, the total outstanding balance thereof shall be considered as past due. However, BSFIs may provide a cure period on a credit product-specific basis, not to exceed thirty (30) days within which to allow the obligors or borrowers to catch up on their late payment without being considered as past due: *Provided,* That any cure period policy shall be based on verifiable collection experience and reasonable judgment that support tolerance of occasional payment delays: *Provided, further,* That the observance of a cure period policy shall not preclude the timely adverse classification of an account that has developed material credit weakness/es, and that BSFIs shall regularly review the reasonableness of its cure period policy. For microfinance and other small loans that feature high frequency payments, the cure period allowable by policy shall not exceed ten (10) days.

[1] Effective from 10 February 2017 up to 31 December 2017, BSFIs shall make the necessary revisions in their management information and reporting systems relating to past due and non-performing loans. Effective 01 January 2018, past due and NPLs shall be mandatorily reported in accordance with the requirements of this Section.

Non-performing loans. Loans, investments, receivables, or any financial asset shall be considered non-performing, even without any missed contractual payments, when it is considered impaired under existing accounting standards[1] , classified as doubtful or loss, in litigation, and/or there is evidence that full repayment of principal and interest is unlikely without foreclosure of collateral, if any. All other loans, even if not considered impaired, shall be considered non-performing if any principal and/or interest are unpaid for more than ninety (90) days from contractual due date, or accrued interests for more than ninety (90) days have been capitalized, refinanced, or delayed by agreement.

Microfinance and other small loans with similar credit characteristics shall be considered non-performing after contractual due date or after it has become past due.

Restructured loans shall be considered non-performing. However, if prior to restructuring, the loans were categorized as performing, such classification shall be retained.

Non-performing loans, investments, receivables, or any financial asset (and/or any replacement loan) shall remain classified as such until (a) there is sufficient evidence to support that full collection of principal and interests is probable and payments of interest and/or principal are received for at least six (6) months; or (b) written-off.

(Circular No. 941 dated 20 January 2017)

304-N SECURED LOANS AND OTHER CREDIT ACCOMMODATIONS

A loan may be considered secured by collateral to the extent the estimated value of net proceeds at disposition of such collateral can be used without legal impediment to settle the principal and accrued interest of such loan: *Provided,* That such collateral must have an established market and the valuation methodology used is sound, and *Provided, further,* That in the case of real estate collateral, the maximum collateral value shall be sixty percent (60%) of its value as appraised by an appraiser acceptable to the Bangko Sentral.

A loan may also be considered as secured to the extent covered by a third party financial guarantee or surety arrangement where the credit enhancement provider is itself considered to be of high credit quality (credit rating of at least AA or equivalent) or is recognized by the Bangko Sentral as eligible guarantor under existing regulations.

Finally, a loan may be secured by a combination of acceptable collateral and guarantee arrangements as defined above, provided such arrangements are independent of one another for credit enhancement purposes.

(Circular No. 914 dated 23 June 2016)

305-N AGRICULTURAL VALUE CHAIN FINANCING FRAMEWORK[2]

The Bangko Sentral supports the promotion of agricultural value chain financing as an effective and organized approach to channel financing to the agriculture and fisheries sectors and promote financial inclusion. By encouraging the linking of various actors/players in an agricultural value chain, credit risk of participating smallholder farmers/fisherfolks can be reduced. As a result, this type of financing would facilitate and allow small farmers/fisherfolks to have, if not more, access to credit. This is expected to further improve productivity in the agriculture and fisheries sectors and at the same time uplift the lives of these marginalized farmers/fisherfolks.

The provisions covering the agricultural value chain financing framework shall be implemented in consonance with Sec. 122-N.

Definition of terms. For purposes of this Section, the following definitions shall apply:

a. *Value chain* - refers to a set of actors/players, e.g., producers (farmers/fisherfolks), traders, suppliers, processors, aggregators, who conduct linked sequence of value-adding activities involved in bringing a product from its raw material stage to the final consumers;

b. *Value chain finance* - refers to the financial flows to those actors/players from both within the value chain and financial flows to those actors/players from the outside as a result of their being linked within a value chain;

[1] Applicable accounting standard is PAS 39 until 31 December 2017 and International Financial Reporting Standards (IFRS) 9 starting 01 January 2018. A financial asset or a group of financial assets is impaired when there is objective evidence that its recoverable value is less than its carrying amount, as a result of one or more loss events that occurred after the initial recognition of the asset and that the loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated. It may not be possible to identify a single, discrete event that caused the impairment. Rather, the combined effect of several events may have caused the impairment.

[2] The following provisions in Sec. 305-N on Definition of Terms, Features of Agricultural Value Chain Financing Program and Regulatory Incentives covering the agricultural value chain financing framework shall be implemented in consonance with Sec. 122-N.

c. *Agricultural value chain analysis* - refers to the assessment of actors/players, e.g., from input suppliers to producers to processors and to traders, their interests and the factors influencing the performance of a particular value chain, e.g., palay, corn, livestock, marine products, as a whole, as opposed to only examining targeted sections of the chain; it also includes understanding the nature of the chain, identifying the weakest and strongest links along the chain and the business models as shown in *Appendix N-13*; and

d. *Value chain aggregator* - refers to any value chain actor/player or any entity outside the value chain which initiates the formalization and/or organization of a value chain and/or which offers services that aim to strengthen existing value chains.

Features of agricultural value chain financing program. Consistent with existing provisions on sound credit risk management practices, the Bangko Sentral hereby recognizes agricultural value chain financing programs that have the following features:

a. *Agricultural value chain policy and procedures.* The BSFIs shall put in place adequate policies and procedures which cover the identification of value chains, comprehensive value chain analysis, and the design of appropriate financial products and services, among others;

b. *Types of credit products.* BSFIs can design and/or offer appropriate financial products either to a specific actor/player or to various actors/players of the value chain model simultaneously. In addition to the traditional loans and discounts that BSFIs are currently offering, the following products and financial services may also be made available to agricultural value chain actors/players:

(1) *Trade-receivables finance* - a BSFI advances working capital to agribusiness (supplier, processor, marketing and export) companies against accounts receivable or confirmed orders to producers. Receivables financing takes into account the strength of the buyer's purchases and repayment history;

(2) *Factoring* - a financial transaction whereby a business sell its accounts receivable or contracts of sales of goods at a discount to an appropriate BSFI, called a factor, who pays the business minus a factor discount and collects the receivables when due; and

(3) *Warehouse receipts* - farmers and other value chain enterprises receive a receipt from a certified warehouse that can be used as collateral to access a loan from an appropriate BSFI against the security of goods in an independently controlled warehouse.

c. *Loan disbursement.* Loan releases may take the following forms depending on the role that the borrower takes in the value chain and the risks to be addressed by the BSFI:

(1) *Cash disbursements* - the most common practice which may be completed in one transaction or in installments;

(2) *Loan proceeds transfer to suppliers* - under this scheme the BSFI prefers to deal with the supplier directly to control loan utilization and, therefore, prefer to transfer the loan proceeds straight to the supplier upon full acceptance of the buyer (borrower). In case the supplier is a related party, the BSFI shall ensure that the term and conditions of the loan are not less favorable to the borrower than those offered by other lenders; and

(3) *Anchor firm (institutional buyer) triggered loan release* - loan release to the borrower will be endorsed by the anchor firm to ensure the adoption of the technology protocol required by the buyer (anchor firm). This would optimize productivity by the farmer-borrower and the technology adopted conforms with the requirements of the buyer; thus, reduce rejects on the deliveries of the produce.

d. *Disaster contingency mechanism.* In light of the vulnerability of the agriculture and fisheries sectors which could result to significant credit losses to financial institutions, if not managed well, the BSFI may put in place a disaster contingency mechanism that anticipates such events and provides response mechanisms to mitigate the impact of such inherent risks. The disaster contingency mechanism can provide timely relief to a borrower to facilitate recovery. This mechanism shall be adequately documented with clear policies and guidelines.

Provided such built-in contingency mechanism is prudently designed, its activation shall not automatically trigger adverse loan classification and past due loan recognition so as to manage credit losses to the BSFI and minimize burden on the client. Any new financing granted under such schemes will also not be adversely classified. However, such credit should be closely monitored and appropriate corrective measure should be taken once it becomes clear that recoverability is impaired.

e. *Other features.* The following activities may also be allowed:

(1) Director/s, officer/s and/or stockholder/s of BSFIs engaged in agricultural value chain financing may own and/or control: (i) private entities that would act as aggregators to facilitate the formation of value chains, and (ii) economically-linked entities that are also actors/players in the value chain: *Provided*, That all transactions with such entities shall be in the ordinary course of business and not undertaken on more favorable economic terms to such related parties than similar transactions with non-related parties under similar circumstances. These transactions shall comply and adhere to existing regulations pertaining to DOSRI loans and/or related-party transactions; and

(2) The BSFI, if necessary, may initiate the formulation of formal agreement(s) with qualified value chain actors/players to protect the interests of all parties involved.

Regulatory incentives. To encourage BSFIs to engage in agricultural value chain financing, the following incentives shall apply; provided in, Sec. 305-N on the Features of Agricultural Value Chain Financing Program is complied with:

a. Loans granted to agricultural value chain actor(s)/player(s), who are qualified borrowers under Sec. 331 of the MORB, shall be considered as either direct or allowable alternative compliance to the mandatory agriculture and agrarian reform credit allocation; and

b. Increase in SBL for an additional twenty-five percent (25%) for loans, other credit accommodations and guarantees granted to entities, which act as value chain aggregators of the lending banks' clients, and/or economically-linked entities that are also actors/players in the value chain; *Provided*, That the additional twenty-five percent (25%) will apply only to non-director/s, officer/s, stockholder/s, and related interest/s (DOSRI)/related party transaction (RPT) loans: *Provided*, *further,* That such increase in the SBL for an additional twenty-five percent (25%) shall only be a period of three (3) years starting 02 April 2016[1], subject to review after said period.

(Circular No. 908 dated 14 March 2016)

306-N INVESTMENTS IN DEBT AND MARKETABLE EQUITY SECURITIES

The classification, accounting procedures, valuation, sales and transfers of investments in debt securities and marketable equity securities shall be in accordance with the guidelines in *Appendices Q-22* and *Q-23.*

Penalties and sanctions. The following penalties and sanctions shall be imposed on FIs and concerned officers found to violate the provisions of these regulations:

a. Fines of P2,000/day to be imposed on NBFIs for each violation, reckoned from the date the violation was committed up to the date it was corrected; and
b. Sanctions to be imposed on concerned officers:

(1) First offense – reprimand the officers responsible for the violation; and
(2) Subsequent offenses – suspension of ninety (90) days without pay for officers responsible for the violation.

Marking to market of financial instruments. Financial instruments that are required to be classified and measured at fair value, within the scope of Philippine Financial Reporting Standards (PFRS) 9 under *Appendix Q-23*, shall be marked-to-market in accordance with the provisions of PFRS 13 on Fair Value Measurement and the related rules and regulations issued by the Securities and Exchange Commission. The marked-to-market guidelines for debt and equity securities are set out in *Appendix Q-23*.

BSFIs and the concerned officers found to have violated the provisions of these regulations shall be subject to the enforcement actions under Sec. 141-N.

(Circular No. 1021 dated 15 November 2018)

307-N SALE/TRANSFER AND INVESTMENT TRANSACTIONS OF BSFIs PURSUANT TO R.A. NO. 11523, OTHERWISE KNOWN AS THE FINANCIAL INSTITUTIONS STRATEGIC TRANSFER (FIST) ACT

Policy Statement.

This Section sets forth the guidelines governing the sale/transfer and investment transactions of banks, and other institutions licensed by the Bangko Sentral to perform (i) quasi-banking functions and (ii) credit-granting activities, including but not limited to pawnshops, non-stock savings and loan associations, and non-bank credit card issuers pursuant to R.A. No. 11523, otherwise known as the FIST Act and its IRR. The implementation of the FIST Act reinforces the BSFIs' primary role of providing financial services and liquidity to support households, business enterprises and productive sectors of the

[1] Effectivity 4 April 2016.

economy by allowing BSFIs to dispose of their NPAs and increase their liquidity and risk-bearing capacity.

Sale/transfer transactions of non-performing assets (NPAs) by BSFIs for purposes of availing of the tax exemptions and incentives/privileges under the FIST Act shall comply with the provisions under this Section.

Definition of Terms.

For purposes of this Section, the following definitions shall apply:

a. **Certificate of Eligibility (COE)** refers to the certificate issued by the Bangko Sentral as to the eligibility of the non-performing loan (NPL) or real and other properties acquired (ROPA) for purposes of availing the tax exemptions and privileges pursuant to the provisions of the FIST Act.

b. **Data Package** refers to the set of documents prescribed by the Securities and Exchange Commission (SEC) under Rule No. 5.1.j of the IRR and the additional documentation required under this Section (*Sale and Transfer of Assets*), which must be prepared and made available by the selling BSFI in respect of the sale/transfer of NPAs to FIST Corporations (FISTCs)/individuals. The Data Package should contain, among others, scanned copy of all pertinent documents and the particulars of each property or loan account being sold and should be made electronically available to potential bidders.

c. **FISTC** refers to a stock corporation organized in accordance with R.A. No. 11232, otherwise known as the "Revised Corporation Code of the Philippines", the provisions of Section 4 of the FIST Act and Rule 4 of the IRR. It is incorporated primarily to invest in or acquire NPAs of financial institutions under the FIST Act. With respect to foreign FISTCs, existing laws on ownership of real properties shall apply.

d. **Individual** refers to a natural person who, subject to certain conditions, is entitled to the tax exemptions, incentives, and fee privileges under the FIST Act.

e. **NPAs** refers to the NPLs and ROPA of BSFIs. NPAs are those NPLs and ROPA that are classified as such under the FIST Act on or before 31 December 2022.

f. **NPLs** refer to secured or unsecured loans and other receivables, including restructured loans and sales contracts receivables (SCRs), whose principal and/or interest have remained unpaid for at least ninety (90) days after they have become past due or any of the events of default under the loan agreement/restructuring agreement/sales contract, as applicable, has occurred.

   NPLs shall also include loans that are classified as items in litigation on or before 31 December 2022 for which collection and foreclosure cases have been filed or are subject to pending cases that seek to restrain foreclosure or consolidation of title of foreclosure assets, or where a restraining order or injunction has been issued to prevent foreclosure of mortgage or consolidation of title of foreclosed assets.

g. **ROPAs** refer to real and other properties acquired by a BSFI in settlement of loans and receivables, including real properties, shares of stocks, and personal properties which have been acquired by way of dation in payment (dacion en pago) or judicial or extra-judicial foreclosure or execution of judgment or enforcement of security interest.

h. **SCRs** refer to the amortized cost of assets acquired in settlement of loans through foreclosure or dation in payment and subsequently sold on installment basis whereby the title to the said property is transferred to the buyers only upon full payment of the agreed selling price.

i. **Special Purpose Vehicles (SPVs)** refers to entities created under R.A. No. 9182, as amended, otherwise known as "The Special Purpose Vehicle (SPV) Act of 2002", primarily incorporated to invest in or acquire NPAs of financial institutions under the SPV Act, whose application for reconfirmation has been approved by the SEC.

j. **True sale** refers to a sale wherein the selling BSFI transfers or sells its NPAs to an individual/FISTC, without recourse for cash or property in exchange for the transferee or sale, and without prejudice to the BSFI and the FISTC agreeing on sharing of profits and subject to the following results:

   (1) The transferor transfers full legal and beneficial title to and relinquishes effective control over the transferred NPAs; and
   (2) The transferred NPAs are legally isolated and put beyond the reach of the transferor and its creditors;

   Provided, That the transferring BSFI shall not have direct or indirect control, of the transferring FISTC: *Provided, further,* That the selling BSFI does not have legal or beneficial ownership of more than ten percent (10%) of the (a) total number of outstanding shares of stock entitled to vote in the election of directors; and (b) the total number of outstanding shares of stock, whether or not entitled to vote, of the transferee FISTC.

For purposes of determining existence of control, the provisions of Sec. 131-Q shall apply.

All references to FISTCs in subsequent provisions of this Section shall also refer to SPVs as defined under this Section (*Definition of Terms*).

Issuance of COEs.

A BSFI which intends to avail of the tax exemptions and fee privileges under the FIST Act shall apply for a COE in accordance with the Bangko Sentral's guidelines for obtaining a COE[1] under the FIST Act. The following transactions shall require a COE:

a. The sale/transfer of NPAs by a BSFI to a FISTC;

b. The dation in payment (dacion en pago) of NPL by a borrower or third party on behalf of the borrower to a BSFI; and

c. The sale/transfer of NPL (secured by a real estate mortgage on a residential unit or an empty lot) or ROPA (single family residential unit or an empty lot) by a BSFI to an individual: *Provided,* That an individual is limited to only one acquisition of NPA (either NPL or ROPA).

Notice, Manner and Nature of Sale/Transfer of NPAs

The following provisions on notice, manner and nature of sale/transfer of NPAs under Sections 12 and 13 of the FIST Act and Rules 12 and 13 of the IRR shall apply:

a. *Prior Notice.* No transfer of NPLs to a FISTC/individual shall take effect unless the BSFI concerned gives prior notice to the borrowers of the NPLs and all persons actually or constructively known to the BSFI to be holding prior encumbrances upon the assets mortgaged or subject to security interest. The BSFI's notification to the borrower shall include a breakdown of his/her loan and related credit obligations that shall be the subject of the sale/transfer. Such notice shall be in writing and made in accordance with the 2019 Revised Rules of Civil Procedure, including Rule 13, Sections 5-15 and 17 on the modes and proof of service, Rule 14, Section 12 on the service upon domestic private juridical entity. The borrower shall be given a period of almost thirty (30) calendar days upon receipt of notice from the BSFI to restructure or renegotiate the loan under such terms and conditions as may be agreed upon by the borrower and the BSFI concerned.

b. *Sale/Transfer of Assets*

A selling BSFI shall provide prospective bidders, including individuals and FISTCs, with a data package as defined under this Section (*Definition of Terms*). At a minimum, the data package shall include the documents prescribed under Rule 5.1.j of the IRR and the following documents, if available:

(1) For NPLs:

(a) Promissory Note/Pawn ticket;
(b) Restructuring Agreement, debt settlement agreement and other loan agreements of similar nature; and
(c) Chattel Mortgage and Security Agreement, third-party financial guarantee or surety arrangement.

(2) For ROPA:

(a) Proof of property's ownership, e.g., Transfer Certificate of Title (TCT), with registered real estate mortgage (REM), tax declaration for unregistered land, Certificate of Stocks or other certificate/proof of participation in securities, Official Receipt/Certificate of Registration for motor vehicle;

(b) Certificate of Sale (COS) for Extra-judicial foreclosure/Notarized Deed of Dacion in case of dation in payment/judgment in case of judicial foreclosure for real estate ROPA with unconsolidated land title; and

(c) Latest Real Estate Tax Receipt.

(3) For SCRs:

(a) Notarized Sales Contract;

(b) Proof of property's ownership, e.g., TCT, with REM, tax declaration for unregistered land, Certificate of Stocks or other certificate/proof of participation in securities, Official Receipt/Certificate of Registration for motor vehicle;

[1] Issued under Memorandum No. M-2021-034 dated 4 June 2021 *(Guidelines for Obtaining a Certificate of Eligibility (COE) under Republic Act (R.A.) No. 11523, otherwise known as the Financial Institutions Strategic Transfer (FIST) Act).*

(c) COS for Extra-judicial foreclosure/Notarized Deed of Dacion in case of dation in payment/judgment in case of judicial foreclosure for real estate ROPA with unconsolidated land title; and

(d) Latest Real Estate Tax Receipt.

All sales or transfers of NPAs by a BSFI shall meet the definition of a true sale under this Section (*Definition of Terms*) and shall be made in accordance with the provisions of Section 13 of the FIST Act and Rule 13 of the IRR. Sales/Transfers of NPAs shall be in the nature of a "true sale" after proper notice in accordance with the procedure provided under this Section (*Notice, Manner and Nature of Sale/Transfer of NPAs*), without need for the borrower's consent: *Provided,* That in the transfer of the NPLs, the provisions on the right of the debtor to reimburse the assignee or transferee under Article 1634 of the New Civil Code shall not apply: *Provided, further,* That after the sale, the FISTC/individual shall assume all legally transferrable rights and obligations of the transferring BSFI.

The Bangko Sentral shall not issue the COE to a BSFI in case of its non-compliance with the FIST Act, its IRR, and this Section, including, but not limited to, the following: (1) the asset subject of the sale/transfer transaction does not meet the definition of an NPA under this Section (*Definition of Terms*), or (2) the sale/transfer transaction (i) does not meet the definition of a "true sale", (ii) falls under the transactions not considered "true sale" under *Appendix N-26,* or (iii) is presumed to be not a "true sale" transaction under the same Appendix, based on documents submitted/presented relative to its COE application, without prejudice to the submission by the BSFI of a new application/request with complete requirements and accurate documents.

Moreover, the Bangko Sentral reserves its authority to pass upon the "true sale" nature of the sale/transfer even after the issuance of the COE, and revoke a COE already issued upon finding of any violation of the "true sale" nature of the transaction.

The guidelines in determining whether the sale/transfer satisfies the requirements of a "true sale" is in *Appendix N-26.*

b. *Subsequent notice.*

Within fifteen (15) business days after the execution of the NPL's sale or transfer documents, the transferring BSFI shall inform the borrower, in writing sent to the latter's last known address or email address, of the fact of the sale or transfer of the NPLs. Non-compliance with the post-notification requirements shall not invalidate the sale or transfer of NPLs but shall subject the erring BSFI to appropriate sanctions and penalties under the FIST Act and its IRR, as well as other pertinent laws, rules, and regulations.

c. *Subsequent transfers.*

The re-acquisition of the NPA by the borrower or owner from the FISTC, individual, or subsequent transferee other than by the exercise of the right of redemption as provided for in Section 20 of the FIST Act and Rule 20 of the IRR shall be in accordance with the terms and conditions as may be agreed upon by them.

Investment Transactions of a BSFI.

A BSFI may subscribe to, acquire or hold Investment Unit Instruments (IUIs) issued by a FISTC in accordance with Section 11 of the FIST Act, Rule 11 of the IRR, and other applicable Bangko Sentral rules and regulations: *Provided,* That a transferor-BSFI cannot acquire the IUIs of the transferee-FISTC: *Provided, further,* That the parent, subsidiaries, affiliates or stockholders, directors, officers, or any related interest of the selling BSFI or the parent's subsidiaries, affiliates or stockholders, directors, officers, or any related interest shall not acquire or hold, directly or indirectly, the IUIs of the FISTC that acquired the NPAs of the BSFI.

The definition of the parties mentioned under this Section (*Investment Transactions of a BSFI*) is in *Appendix N-27.*

A BSFI may acquire or hold IUIs issued by a FISTC in the minimum amount of ₱10 million. A BSFI may also subscribe to, acquire, or hold shares and other securities that are not considered as IUIs and are issued by a FISTC, subject to the provisions of the FIST Act, its IRR and other applicable Bangko Sentral regulations.

A bank's equity investment in a FISTC shall be considered an investment in a non-financial allied undertaking and shall be subject to the provisions of Sec. 375 and the prudential limits and restrictions under Sec. 378 of the MORB.

Prudential Relief Measures on the Sale/Transfer of NPAs

BSFIs may avail of the prudential relief measures that shall be granted by the Bangko Sentral in relation to their NPA sale/transfer transactions.

Limitations on Amount Available for Dividends

BSFIs may carry-over any loss incurred as a result of the result of the transfer of an NPA within a period of not more than two-years from the date of effectivity of the FIST Act (i.e., on 18 February 2021) for a period of five (5) consecutive taxable years immediately following the year of the transfer that resulted to such loss: *Provided,* That the loss meets the requirements under Section 17 of the FIST Act and Rule 17.1 of the IRR: *Provided, further,* That the tax savings derived by a BSFI from this net operating loss carry-over shall not be made available for dividend declaration under Sec. 123-Q but shall be retained as a form of capital build-up pursuant to Section 17 of the FIST Act and Rule 17.2 of the IRR.

Prudential Report

BSFIs that avail of the tax exemptions and incentives/privileges under the FIST Act shall submit a Monthly Report on the Sale/Transfer and Investment Transactions of BSFIs under the FIST Act to the Bangko Sentral. The report shall be considered a Category B report and shall be submitted within twenty (20) business days after end of reference month. The submission of the aforementioned report shall be subject to the guidelines provided under Sec. 143-N.

Penalties and Administrative Sanctions

A BSFI and/or its concerned directors, officers, and employees who violate any provision of the FIST Act, its IRR, and this Section, or who, in a notice or certification, makes any untruthful statement of a material fact or omits to state a material fact, or who violate the required "true sale" nature of the sale/transfer of NPAs shall be penalized pursuant to Sections 18 and 24 of the FIST Act, Rules 18 and 24 of the IRR; Section 37 of R.A. No. 7653, or "The New Central Bank Act", as amended, and other applicable laws, without prejudice to the enforcement actions that may be deployed by the Bangko Sentral consistent with Sec. 001-N (*Supervisory enforcement policy*).

(Circular No. 1117 dated 27 May 2021)

PART FOUR

ELECTRONIC SERVICES AND OPERATIONS

401-N ELECTRONIC PAYMENT AND FINANCIAL SERVICES

The guidelines concerning electronic activities, as may be applicable, are found in Sec. 701-Q.

Requirements for the grant of authority to offer EPFS. Pursuant to Sec. 101-N on the Bangko Sentral Policy and Regulations on Licensing, BSFIs that intend to offer EPFS shall obtain the appropriate authority/license, as follows:

Classification	Category of License/Authority
Advanced EPFS	Type A[1]/B[2]
Basic EPFS	Type C

BSFIs shall observe the "Guidelines on Licensing of Electronic Payment and Financial Services" shown in *Appendix Q-89*.

Reportorial requirements. BSFIs shall provide the Bangko Sentral with the required data and updates on their EPFS.

a. *Required Reports.* The following reports shall be submitted to the appropriate supervising department of the Bangko Sentral in the manner prescribed under *Appendix N-1*:

   (1) EPFS Transactions and Indicators; and
   (2) Changes and Enhancements in EPFS

b. *Sanctions*. Failure to comply with the reportorial requirements shall subject the concerned BSFI to applicable sanctions for "Erroneous/Delayed/Erroneous and Delayed/Unsubmitted reports" as prescribed under Sec. 143-N.

Enforcement action. Failure to comply with the provisions of this Section shall cause the concerned BSFI to be subject to enforcement action in accordance with Sec. 002-Q and Sec. 101-N (*Enforcement actions*).

(Circular No. 1033 dated 22 February 2019)

402-N ISSUANCE AND OPERATIONS OF ELECTRONIC MONEY

The following guidelines shall govern the issuance of electronic money (e-money) and the operations of electronic money issuers (EMIs).

Policy statement. It is the policy of the Bangko Sentral to foster the development of efficient and convenient retail payment and fund transfer mechanisms in the Philippines. The availability and acceptance of e-money as a retail payment medium will be promoted by providing the necessary safeguards and controls to mitigate the risks associated in an e-money business.

Definitions.

E-money shall mean monetary value as represented by a claim on its issuer, that is –

a. electronically stored in an instrument or device;
b. issued against receipt of funds of an amount not lesser in value than the monetary value issued;
c. accepted as a means of payment by persons or entities other than the issuer;
d. withdrawable in cash or cash equivalent; and
e. issued in accordance with this Section.

Electronic money issuer shall be classified as follows:

a. Banks (hereinafter called EMI-Bank);
b. NBFI supervised by the Bangko Sentral (hereinafter called EMI-NBFI); and
c. Non-bank institutions registered with the Bangko Sentral as a money transfer agent under Sec. 901-N (hereinafter called EMI-Others).

[1] This applies to BSFIs that *can* be assessed against the prudential criteria provided in the Policy and Regulations on Licensing. These applicants must have been examined by the Bangko Sentral.

[2] This applies to proponents that *cannot* be assessed against the prudential criteria provided in the Policy and Regulations on Licensing. These include newly-established BSFIs and new applicants for an authority to operate as "Electronic Money Issuer-Others".

For purposes of this Section:

a. *Electronic instruments or devices* shall mean cash cards e-wallets accessible via mobile phones or other access device, stored value cards, and other similar products.
b. E-money issued by NBFIs shall not be considered as deposits.

Prior Bangko Sentral approval. NBFIs planning to be an EMI-NBFI shall comply with the requirements of Sec. 401-N and Sec. 102-N, when applicable.

NBFIs planning to be an EMI-Others shall register with the Bangko Sentral as a money transfer agent in accordance with the provisions of Sec. 901-N. To qualify for registration, they have to comply with the following requirements:

a. They must be a stock corporation with a minimum paid-up capital of P100 million;

b. They shall engage only in the business of e-money and other activities related or incidental to the business of e-money, such as money transfer/remittance. An existing entity engaged in activities not related to the business of e-money but wishing to act as EMI-Others must do so through a separate entity duly incorporated exclusively for such purpose;

c. They shall not engage in the extension of credit, unless they comply with the provisions of this Section (*Quasi-bank license requirement*);

d. To further protect the e-money holders and ensure that e-money redemptions are adequately met at all times, the entity should have sufficient liquid assets equal to the amount of outstanding e-money issued. The liquid assets should remain unencumbered and may take any of the following forms:

   (1) bank deposits separately maintained for liquidity purposes;
   (2) government securities set aside for the purpose; and
   (3) such other liquid assets as the Bangko Sentral may allow.

   Records pertaining to the above liquid assets shall be made available for inspection by Bangko Sentral at any time and the confidentiality of bank deposits and government securities shall be waived.

e. The Bangko Sentral shall be allowed access to review the e-money systems and databases of the entity. Whenever the circumstances warrant, such access shall extend to the agents, partners, service providers or outsourced entities of the EMI-Others in view of their participation in the e-money business; and

f. EMI-Others shall submit to the SDC, its AFS within thirty (30) days from date of report of its external auditors.

In case the NBFI is already registered with the Bangko Sentral as a money transfer agent, it is required to meet the additional requirements mentioned above to qualify as EMI-Others.

Common provisions. In addition to the provisions under Sec. 701-Q (*Compliance with relevant regulations*), EMIs shall comply with the following requirements:

a. E-money instrument issued shall be subject to aggregate monthly load limit of P100,000 unless a higher amount has been approved by Bangko Sentral. In case an EMI issues several e-money instruments to a person (e-money holder), the total amount loaded in all the e-money instruments shall be consolidated in determining compliance with the aggregate monthly load limit;

b. EMIs shall put in place a system to maintain accurate and complete record of e-money instruments issued, the identity of e-money holders, and the individual and consolidated balances thereof. The system must have the capability to monitor the movement of e-money transactions and link e-money instruments issued to common e-money holders. The susceptibility of a system to intentional or unintentional misreporting of transaction and balances shall be sufficient ground for imposition by the Bangko Sentral of sanctions, as may be applicable.

c. E-money may only be redeemed at face value. It shall not earn interest nor rewards and other similar incentives convertible to cash, nor be purchased at a discount. E-money is not considered a deposit hence it is not insured with the PDIC.

d. EMIs shall ensure that e-money instruments clearly identify the issuer who is ultimately responsible to the e-money holders. This shall be communicated to the client who shall acknowledge the same in writing.

e. It is the responsibility of EMIs to ensure that their distributors/e-money agents comply with all applicable requirements of the Anti-Money Laundering laws, rules and regulations.

f. EMIs shall provide an acceptable redress mechanism to address the complaints of its customers.

g. EMIs shall disclose in writing and its customers shall signify agreement to the information embodied in Item "c" above upon their participation in the e-money system. In addition, it shall provide clear guidance in English and Filipino on consumers' right of redemption, including conditions and fees for redemption, if any. Information on available redress procedures for complaints together with the address and contact information of the issuer shall also be provided.

h. Prior to the issuance of e-money, EMIs should ensure that the following minimum systems and controls are in place:

(1) Sound and prudent management, administrative and accounting procedures and adequate internal control mechanisms;
(2) Properly-designed computer systems which are thoroughly tested prior to implementation;
(3) Appropriate security policies and measures intended to safeguard the integrity, authenticity and confidentiality of data and operating processes;
(4) Adequate business continuity and disaster recovery plan; and
(5) Effective audit function to provide periodic review of the security control environment and critical systems.

i. EMIs shall provide the SDC quarterly statements containing, among others, information on investments, volume of transactions, total outstanding e-money balances, and liquid assets in such forms as may be prescribed later on.

j. EMIs shall notify Bangko Sentral in writing of any change or enhancement in the e-money facility thirty (30) days prior to implementation. If said change or enhancement requires prior Bangko Sentral approval, the same shall be evaluated accordingly. Any change or enhancement that shall expand the scope or change the nature of the e-money instrument shall be subject to prior approval of the Deputy Governor of the appropriate supervising department of the Bangko Sentral. These changes or enhancements may include the following:

(1) Additional capabilities of the e-money instrument/s, like access to new channels (e.g., inclusion of internet channel in addition to merchant Point of Sale terminals);
(2) Change in technology service providers and other major partners in the e-money business (excluding partner merchants), if any; and
(3) Other changes or enhancements.

Quasi-bank license requirement. EMI-NBFIs and EMI-Others that engage in lending activities must secure a quasi-banking license from the Bangko Sentral.

Sanctions. Monetary penalties and other sanctions for the following violations committed by EMI-NBFIs shall be imposed:

Nature of Violation/Exception	Sanction/Penalties
1. Issuing e-money without prior Bangko Sentral approval	Applicable penalties under Sections 36 & 37 of R.A. No. 7653; Watchlisting of owners/partners/ principal officers
2. Violation of any of the provisions of R.A. No. 9160 (Anti-Money Laundering Law of 2001 as amended by R.A. No. 9194) and its implementing rules and regulations	Applicable penalties prescribed under the Act
3. Violation/s of this Section	Penalties and sanctions under the abovementioned laws and other applicable laws, rules and regulations

In addition, the susceptibility of a system to intentional or unintentional misreporting of transactions and balances shall be sufficient ground for appropriate Bangko Sentral action or imposition of sanctions, whenever applicable.

Outsourcing of services by Electronic Money Issuers (EMIs) to Electronic Money Network Service Providers (EMNSP). The guidelines on outsourcing of services by EMIs to EMNSP are shown in *Appendix Q-56.*

Sanctions. Violations committed by EMIs pertaining to outsourcing activities to EMNSP shall be subject to appropriate monetary penalties under Sec. 1102-Q and/or other non-monetary sanction under Section 37 of R.A. No. 7653.

(Circular Nos. 1033 dated 22 February 2019 and 988 dated 20 December 2017)

PART FIVE

REGULATIONS ON PAYMENT SYSTEMS

501-N NATIONAL RETAIL PAYMENT SYSTEM

Adoption of NRPS Framework. It is the policy of the Bangko Sentral to promote the establishment of a safe, efficient, and reliable retail payment system in the Philippines. Towards this end, the Bangko Sentral adopts the National Retail Payment System (NRPS) Framework consistent with Bangko Sentral regulations on risk management in light of the complex interplay of different types of risk arising from the rapid evolution of retail payment activities of Bangko Sentral supervised financial institutions (BSFIs). The NRPS vision will help achieve higher economic growth and enhance the overall competitiveness of our economy.

In carrying out retail payment-related activities, BSFIs shall adhere to the NRPS Framework as set forth in this Section and *Appendix N-15.* This framework requires BSFIs to ensure that the retail payment systems they participate in demonstrate sound risk management, and effective and efficient interoperability. BSFIs shall comply with Bangko Sentral rules and regulations, particularly on information technology, consumer protection, and anti-money laundering/combating the financing of terrorism (AML/CFT).

Definition of terms.

a. *Automated Clearing House (ACH)* – a multilateral agreement among ACH participants governing the clearing and settlement of payment orders for a specific payment stream.

b. *ACH Participant* – a financial institution duly licensed by the Bangko Sentral that is a PSMB member, and undertakes clearing in and is a signatory to at least one (1) ACH.

c. *ACH Participant Group (ACH-PG)* – a group organized by ACH participants for a payment stream or a group of similar payment streams for the purpose of approving and implementing the clearing rules and agreements applicable to a specific payment stream. It also liaises and consults with other parties in relation to clearing.

d. *Channel* – the means by which an electronic financial product or service is delivered. *E.g.,* internet, phone, ATM.

e. *Clearing* – the process of transmitting, reconciling and, in some cases, confirming payment orders prior to settlement, and the establishment of the final obligations for settlement.

f. *Clearing Switch Operator (CSO)* – provides clearing switch services.

g. *Direct clearing participant* – a financial institution that is: (a) duly licensed by the Bangko Sentral and is authorized to provide electronic financial and payment services; (b) engaged in holding of funds of customers in the form of accounts (bank account or electronic money account); (c) clears transactions through an ACH and is the participant ultimately responsible for obligations generated from cleared transactions; and (d) has a demand deposit account with the Bangko Sentral and a PhilPaSS member, or is sponsored into settlement by a qualified sponsor which is a member of PhilPaSS and maintains a DDA with the Bangko Sentral, to settle its clearing obligations.

h. *Electronic payment* – synonymous to electronic fund transfer (EFT); refers to transfers of funds between two transaction accounts in the same or different BSFIs which are initiated and received using electronic devices and channels to transmit payment instructions. This excludes domestic remittance transaction under existing Bangko Sentral regulations.

i. *Fund* – any unit of value that forms the consideration or object of transactions.

j. *Interoperability* – enables financial products and services belonging to a particular scheme or business model to be used or interoperated between other schemes or business models usually of another institution. While interoperability often times require technical compatibility between systems, it can only take effect once commercial/business interconnectivity agreements have been completed.

k. *National Retail Payment System (NRPS)* – a policy and regulatory framework that aims to establish a safe, efficient, and reliable retail payment system in the Philippines.

l. *Payment instrument* – any instrument, whether tangible or intangible, that enables a person to transfer funds.

m. *Payment order* – an order or message requesting the transfer of funds to the order of the payee.

n. *Payment system* – the set of payment instruments, processes, procedures and participants that ensures the circulation of money or movement/transfer of funds.

o. *Payment System Management Body (PSMB)* – a private industry-led self-governing body that is duly recognized by the Bangko Sentral to develop and enforce rules and agreements pertaining to members' clearing and settlement activities in accordance with the NRPS Framework and applicable Bangko Sentral regulations. The body shall be comprised of retail payment industry participants which are direct clearing participants. This body shall be a juridical entity that is not-for-profit and with the power to set and implement rules pertaining to members' clearing activities.

p. *Point of Interaction (POI)* – a hardware and/or software whereby a customer or user is able to query or initiate a transaction from his account. Examples of POI include kiosk, smart device, etc.

q. *Retail payments* – payments that meet at least one of the following characteristics: (i) the payment is not directly related to a financial market transaction; (ii) the settlement is not time-critical; (iii) the payer, the payee, or both are individuals or non-financial organizations; and (iv) either the payer, the payee, or both are not direct participants in the payment system that is processing the payment. This definition of retail payment includes person-to-person, person-to-business, business-to-person, business-to-business, person/business-to-government, and government-to-person/business payments.[1]

r. *Settlement* – an act that discharges obligations in respect of fund transfers between two (2) or more parties.

s. *Sponsored into Settlement Member* – PSMB members who undertake settlement in at least one (1) ACH by engaging the settlement services of an ACH participant that can directly settle transactions through PhilPaSS.

t. *Settlement sponsor bank or Sponsoring bank* – PSMB members who undertake settlement directly through PhilPaSS.

u. *Working Group*-In the context of an ACH, it is a group organized for a specific payment stream under an ACH Participant Group. The ACH Working Group is responsible for drawing up, reviewing or revising the rules and agreements applicable to a specific ACH.

Purpose and scope. The NRPS Framework shall apply to all BSFIs which meet regulatory requirements and the criteria set on a per Automated Clearing House (ACH) basis under the NRPS framework.

The NRPS framework covers all retail payment-related activities, mechanisms, institutions and users. It applies to all domestic payments which are denominated in Philippine Peso (Php), and which may be for payments of goods and services, domestic remittances or fund transfers.

Retail payments under the NRPS Framework are payments that meet at least one of the following characteristics:

a. the payment is not directly related to a financial market transaction;
b. the settlement is not time-critical;
c. the payer, the payee, or both are individuals or non-financial organizations; and
d. either the payer, the payee, or both are not direct participants in the payment system that is processing the payment.

NRPS key principles. Under the NRPS framework, sound governance shall be performed by a payment system management body (PSMB), an industry-led self-governing body that is duly recognized and overseen by the Bangko Sentral. In the absence of a PSMB which conforms to the NRPS principles in *Appendix N-15,* the functions of providing sound governance to the retail payment system participated in by BSFIs shall be discharged by the Bangko Sentral. Clearing switch operators shall not participate in the governance of the payment system.

All clearing shall be done within the NRPS governance structure, wherein exclusive bilateral clearing arrangements are not allowed.

Non-discriminatory participation shall be espoused in the retail payment system. Hence, all BSFIs are highly encouraged to join the NRPS governance structure provided they meet the qualification criteria.

A reasonable market-based and transparent pricing mechanism shall be adopted by all BSFIs participating in the NRPS governance structure.

Further details on the key principles are embodied in the NRPS Framework shown in *Appendix N-15*.

[1] Developing a comprehensive National Retail Payments Strategy, Financial Infrastructure Service Line Payment Systems Policy and Research, World Bank, October 2012, available at http:/siteresources.worldbank.org/FINANCIALSECTOR/Resources/Developing_a_comprehensive_national_retail_payments_strategy_for_GPW_10_20%28vl%29.pdf.

Specific rules applicable to transactions performed under the NRPS framework. The following rules shall apply to retail payment transactions which are cleared and settled in accordance with the NRPS Framework:

a. Minimum requirements to offer Electronic Payment and Financial Services (EPFS). EPFS shall require notification to or approval by the Bangko Sentral in accordance with Sec. 401-N. To offer EPFS, BSFIs shall conform to the following requirements:

   (1) BSFIs shall make electronic payments available in all its delivery channels whenever applicable;

   (2) BSFIs shall enable its clients to move/receive funds to/from accounts with other BSFIs, or, at a minimum, receive funds. Movement of funds between BSFIs shall be carried out through participation in an ACH;

   (3) BSFIs shall immediately credit the account of its clients after receipt of clearing advice; and

   (4) BSFIs shall conform to Sec. 401-N, the IT Risk Management Standards and Guidelines on electronic banking, electronic payment, electronic money and other electronic products and services provided in *Appendix Q-66*.

b. Fees on transactions. The BSFI's board of directors shall adopt a policy on the imposition of any fee on electronic payment transactions. The policy shall include the basis and quantitative support for the setting of fees and rationalization of the fee structure or amount. Imposition of fees for transactions performed by BSFIs that meet the requirements in Item "*a*" of this Section shall be consistent with the following:

   (1) On consumer pricing-

      (a) BSFIs shall adopt reasonable and fair market-based pricing models, which do not arise from agreements with other BSFIs to fix the price of product or service delivery.

      (b) The service fees for electronic payments are expected to be lower than the fees collected from transactions made manually or over-the-counter (OTC) as electronic payments are considered to provide more efficient and cost--effective means of delivering service.

      (c) The recipient shall not pay for electronic crediting to recipient's account and the recipient shall receive the amount in full. Such account to account fund transfers shall not be considered as domestic remittance transactions under Sec. 202-N.

   (2) The BSFI shall disclose to the Bangko Sentral the details of all fees that will be charged to the client. This will be posted in an electronic bulletin board of fees for transactions performed under the NRPS framework. The bulletin board shall be maintained by the Bangko Sentral in its website for enhanced transparency and competitiveness.

c. Anti-Money Laundering Requirements. All BSFIs shall observe applicable AML/CFT requirements under Part Six of the MORNBFI for all transactions performed under the NRPS framework. As part of on-going monitoring of customers and their transactions, the following rules shall apply to transactions performed under the NRPS framework by BSFIs that meet the requirements in Item "*a*" above:

   (1) The *originating institution (OI)* shall be responsible for monitoring, including appropriate watchlist screening or monitoring, its own client's transactions. It is the responsibility of the OI to ensure that the account name of the source account and the amount are consistent with the Sender Name and the amount indicated in the Payment Instruction sent by the OI.

   (2) The *receiving institution (RI)* shall be responsible for monitoring, including appropriate watchlist screening or monitoring, its own client's transactions. It is the responsibility of the RI to ensure that the actual account number credited and the amount are consistent with the Beneficiary Account Number and the amount indicated in the Payment Instruction received by the RI.

   (3) On the basis of the above, account number matching will suffice for domestic account-to-account electronic payments. OIs and RIs shall ensure that customers are informed that account number matching will suffice to implement a transaction, and OIs and RIs shall be held free and harmless from liability for their reliance on account number matching.

d. BSFIs participating in the NRPS governance structure are required to comply with existing regulations of the Bangko Sentral.

Reports. BSFIs participating in the NRPS governance structure shall comply with requirements, which will be covered by a separate issuance.

Examination of BSFIs. BSFIs shall make available all policies, procedures and other documents/information related to this Section during the on-site examination, as well as provide copies thereof when a written request is made by the Bangko Sentral.

Sanctions. Consistent with Sec. 002-Q, the Bangko Sentral may deploy enforcement actions to promote adherence to the requirements set forth in Sec. 501-N and bring about timely corrective actions. The Bangko Sentral may issue directives to enforce compliance with the NRPS Framework or impose sanctions to limit the level of or suspend any business activity that has adverse effects on the safety and soundness of the BSFI, among others.

Any violation of this Section shall subject the BSFI and/or its directors, officers and/or employees to the monetary and non-monetary sanctions under Section 37 of Republic Act (R.A.) No. 7653, including but not limited to the following depending on the gravity of the violation committed and the circumstances attendant thereto:

a. Suspension of offering new electronic financial products and services;
b. Suspension/revocation of authority to provide electronic financial products and services; and
c. Suspension/revocation of authority to settle through the Philippine Payments and Settlements System.

(Circular Nos. 1033 dated 22 February 2019, 1022 dated 26 November 2018, and 980 dated 6 November 2017)

502-N SETTLEMENT OF INSTANT RETAIL PAYMENT

Policy Statement. It is the thrust of the Bangko Sentral to ensure efficiency of payment systems in the country. In line with this thrust, the Bangko Sentral requires Bangko Sentral-Supervised Financial Institutions (BSFIs) participating in an automated clearing house (ACH) for instant retail payments to ensure that this ACH provides for certainty of settlement of the multilateral clearing obligations of the clearing participants. The settlement scheme agreed upon by the clearing participants shall form an integral part of the comprehensive credit risk management for instant retail payment services.

For the purpose of this Section, an instant retail payment, otherwise known as fast payment, is defined as an electronic payment in which the transmission of the payment message and the availability of "final" funds to the payee occur in real time or near-real time on as near to a 24-hour and seven-day (24/7) basis as possible[1]. Moreover, as used in this Section, clearing participants shall refer to direct clearing participants.

Minimum requirements for the operation of a settlement mechanism for instant retail payments. The settlement mechanism for instant payments shall meet the following minimum requirements:

a. A clearing participant or its settlement sponsor shall maintain with the Bangko Sentral a demand deposit account (DDA) which shall be used specifically for the settlement of the clearing participant's net clearing obligations arising from instant retail payments;

b. The clearing participant or its settlement sponsor shall prefund the settlement of its net clearing obligation through the DDA stated above, ensuring that such account can sufficiently cover said obligation at any point during a settlement cycle. When prefunding, the clearing participant/settlement sponsor shall consider increasing the fund in its account for longer settlement cycles such as during weekends and holidays;

c. The clearing participants shall agree on thresholds which shall be the bases of the Clearing Switch Operator (CSO) to execute a notification process that enables the clearing participants to efficiently monitor movements in their instant retail payment positions, and at the same time alerts them to place additional funds in their DDAs particularly when the ultimate threshold is breached;

d. The service contract between the clearing participants and the CSO shall include, at a minimum, the following provisions:

   (1) The CSO shall record the clearing participants' DDA balances obtained from the Bangko Sentral at the start of every settlement cycle and monitor the clearing participants' net clearing obligations against their respective account balances;

   (2) Should the instant retail payments position (Funds in the DDA minus net clearing obligation/withdrawal from the DDA) of any of the clearing participants breach their agreed-upon thresholds, the CSO shall immediately send an electronic notification to the concerned clearing participant; and

[1] Based on the paper "Fast payments-Enhancing the speed and availability of retail payments" of the Committee on Payments and Market Infrastructures, Bank for International Settlements

(3) Any instant retail payment which is not fully covered by the corresponding DDA or which will result in a negative instant retail payments position shall be rejected by the CSO. A clearing participant with an instant retail payments position of zero shall be suspended from carrying out further outgoing instant payment transactions until said participant registers a positive position on account of its incoming payment transactions and/or subsequent deposits into its DDA;

e. Should the clearing participants determine that the funds in their DDAs for instant retail payments are excessive after taking into account their highest potential clearing obligations, the clearing participants shall be allowed to withdraw from their DDAs to enable them to make optimal use of their funds; and

f. The Bangko Sentral shall not be precluded from deploying applicable regulatory enforcement actions to concerned clearing participants notwithstanding the inclusion of sanctions in the ACH for non-compliance with the clearing participants' agreed-upon settlement mechanism.

Risk management. In view of the risks involved in the prescribed settlement mechanism for instant retail payments, including the possibility that a rejected payment transaction of a client due to prefunding issues may give rise to serious reputational damages to the concerned clearing participant, the BSFIs participating in the instant retail payment ACH shall ensure that they have the necessary operational and liquidity risk management measures in place. Such measures shall be designed in accordance with the guidelines provided under Sec. 125-N on Operational Risk Management, and Sec. 124-N on Liquidity Risk Management.

Supervisory enforcement action. Consistent with Section 002-Q, the Bangko Sentral may deploy enforcement actions to promote compliance with the requirements set forth in this Section and ensure timely implementation of preventive or corrective measures as needed. As part of its enforcement actions, the Bangko Sentral may issue directives or impose sanctions which limit the level of or suspend any business activity that adversely affects the safety and soundness of a BSFI.

(Circular No. 1000 dated 23 April 2018)

503-N PARTICIPATION IN AUTOMATED CLEARING HOUSES (ACHS)

BSFIs that have been licensed to offer funds transfer services shall make these services interoperable by participating in an ACH. Prior to its participation, a BSFI shall observe the following guidelines:

a. Secure a Confirmation of Eligibility (COE) by submitting to the Bangko Sentral through the appropriate supervising department of the Bangko Sentral a letter of intent to participate in an identified ACH. This letter shall be accompanied by a certification (*Annex A of Appendix Q-89*) signed by the president (or any officer of equivalent rank and function) and chief compliance officer (CCO).

If the BSFI is not yet a member of the Payment System Management Body (PSMB), it shall also indicate in its letter that it intends to become a member of this body;

b. Submit the following minimum documentary requirements to the PSMB duly recognized by the Bangko Sentral.

(1) Valid COE. A COE shall be valid for a period of six (6) months from date of issuance;

(2) Corporate Secretary's Certificate (or equivalent document in the case of foreign bank branches) on the approval of the board of directors (or equivalent management committee in the case of foreign bank branches) of the participation of the BSFI in the ACH; and

(3) Copy of the agreement with the bank sponsoring the BSFI into settlement, if applicable; and

c. Comply with any other requirements set by the PSMB or provided in the ACH.

(Circular No. 1033 dated 22 February 2019)

PART SIX

ANTI-MONEY LAUNDERING REGULATIONS

601-N ANTI-MONEY LAUNDERING REGULATIONS

Covered persons, including their subsidiaries and affiliates, shall comply with the provisions of Part 9 of Q-Regulations, R.A. No. 9160 [Anti-Money Laundering Act (AMLA) of 2001], as amended, and its Implementing Rules and Regulations (IRR).

Sanctions and penalties. The provisions of Part 9 of the Q-Regulations on sanctions and penalties are applicable for violation of the provisions of the AMLA.

(Circular No. 950 dated 15 March 2017)

602-N VALID IDENTIFICATION CARDS FOR FINANCIAL TRANSACTIONS

The provisions of Part 9 of the Q-Regulations on valid identification documents shall apply to all types of financial transactions by NBFIs, including financial transactions involving OFWs.

PART SEVEN

FINANCIAL CONSUMER PROTECTION

701-N FINANCIAL CONSUMER PROTECTION FRAMEWORK[1]

Policy Statement. The Framework is in line with the responsibility of the Bangko Sentral under Section 3 of R.A. No. 7653, as amended by R.A. No. 11211, to promote broad and convenient access to high quality financial services and consider the interest of the general public. Bangko Sentral aims to ensure that financial service providers conduct ethical business practices and do not engage in practices that may cause harm to the consumer as well as consider consumer outcomes in the conduct of their business. Practices that harm consumers introduce risks not only at the level of the financial institution but also to the overall health of the financial sector particularly through decreased public trust and confidence. A well-informed and protected consumer can better benefit from the financial services received and be a more responsible client.

The Framework establishes the guidelines and expectations from Bangko Sentral supervised financial institutions (BSFIs) to institutionalize consumer protection as an integral component of corporate governance and culture as well as risk management. The objective of the Framework is for BSFIs to manage the risks of financial loss that are detrimental to the financial consumers or consumer protection risks inherent to the BSFIs' operations that, if not properly managed, would affect other relevant risks, such as compliance, reputational, legal, operational and credit risks.

***Scope and Applicability*.** The Framework applies to all BSFIs in the conduct of their business. The BSFIs' adoption of the Framework shall be proportionate to their asset size, structure, nature of products and services, and complexity of operations.

***Consumer protection risk management system* (CPRMS).** A BSFI should have a CPRMS that is integrated into the BSFI's enterprise-wide risk management processes and risk governance framework. The CPRMS includes the governance structure, policies, processes, measurement and control procedures to ensure that consumer protection risks are identified, measured, monitored, and mitigated. A carefully devised, implemented, and monitored CPRMS provides the foundation for ensuring the BSFI's adherence to consumer protection standards of conduct and compliance with consumer protection laws, rules and regulations, thereby, ensuring that identified risks to the BSFI and associated risk of financial harm or loss to consumers are properly managed.

Consumer Protection Oversight.

a. *Responsibilities of the Board of Director (Board).* The Board shall be primarily responsible for approving and overseeing the implementation of the BSFI's CPRMS. The Board's responsibilities shall include the following:

   (1) Approve the CPRMS and consumer assistance mechanism (CAM) that takes into consideration the BSFI's business model, market, product lines, and relationships with third parties that may give rise to consumer protection risks;

   (2) Promote a culture of ethical behavior and adherence to the highest standards of fair and responsible dealing with consumers;

   (3) Ensure that adequate information and actions taken are reported on a regular basis in terms of the measurement of consumer protection related risks, reports from the CAM as well as other material consumer related developments that will impact the BSFI;

   (4) Ensure the adequate provision of resources and effective implementation of personnel training and competency requirements;

   (5) Approve remuneration and compensation packages structured to encourage responsible business conduct, fair treatment and avoidance/mitigation of conflicts of interest; and

   (6) Review periodically the implementation and effectiveness of the CPRMS including how findings are reported and whether the audit mechanisms are in place to enable adequate oversight, and put in place a regular mechanism to review the relevance of the CPRMS in case of changes in the BSFI business model and/or operating environment.

[1] BSFIs shall be given six (6) months from 26 September 2019 to: (1) perform a gap analysis of their current consumer protection practices vis-i-vis this Section and (2) propose an action plan duly approved by the Board of Directors to achieve full compliance within a reasonable period of time but in no case longer than one (1) year from 26 September 2019.

b. *Responsibilities of Senior Management.* The Senior Management shall be responsible for ensuring that the practices of the BSFIs are aligned with the approved consumer protection policies and risk management system and consistently displayed throughout the BSFI's place of business particularly across all business units that deal directly with consumers. In this regard, the Senior Management shall:

(1) Ensure that approved CPRMS and CAM policies and procedures are clearly documented, properly understood and appropriately implemented across all levels and business units.

(2) Establish an effective monitoring and management information system to regularly measure, aggregate, and analyze consumer related issues to determine the level of consumer protection risk. An appropriate and clear reporting and escalation mechanism should also be integrated in the risk governance framework. The management information system shall be able to:

(a) Provide adequate information on the performance and quality of the BSFI's CAM that allows for identification of emerging consumer issues and root cause analysis;

(b) Determine the level of consumer protection risk exposure through assessment of its implementation of the Consumer Protection Standards of Conduct (i.e. transparency and disclosure, protection of client information, fair treatment, effective recourse and financial learning and awareness);

(c) Identify and monitor, in a timely manner, consumer protection risk exposures approaching risks of loss to financial consumers, legal and reputational risk as well as other related risks; and

(d) Identify and assess emerging or increasing consumer risks that affect the BSFI such as through social media monitoring and market monitoring.

(3) Ensure that adequate systems and controls are in place to promptly identify issues that affect the consumer across all phases of the relationship with the consumer;

(4) Ascertain that weaknesses in the consumer protection practices or consumer protection emerging risks are addressed and corrective actions are taken in a timely manner; and

(5) Ensure observance of expectations and requirements prescribed under relevant regulations on compliance and internal audit.

(Circular Nos. 1048 dated 6 September 2019, 972 dated 22 August 2017, 890 dated 02 November 2015, and 857 dated 21 November 2014)

702-N POLICIES AND PROCEDURES, CONSUMER PROTECTION STANDARDS OF CONDUCT

The CPRMS and CAM should ensure systematic application of policies and procedures, including the Consumer Protection Standards of Conduct (Standards). The Standards should reflect the core principles, which BSFIs must observe at all times in their dealings with financial consumers: *Provided, further*, That these Standards should be embedded into the corporate culture of the BSFI, enhancing further its defined governance framework while addressing conflicts that are inimical to the interests of the financial consumer.

Disclosure and transparency.[1] BSFIs must ensure that their consumers have a reasonable holistic understanding of the products and services, which they may be acquiring or availing. In this context, full disclosure and utmost transparency, to the extent allowed under applicable laws and regulations, are the critical elements that empower the consumer to make comparison and informed financial decisions. This is made possible by providing the consumer with ready access to information that accurately represents the nature and structure of the product or service, its terms and conditions, as well as its fundamental benefits and risks.

The BSFI demonstrates adherence to appropriate and adequate disclosure and transparency when:

a. The manner of disclosure, whether in advertising materials, terms and conditions, and other forms of communication, are clear, concise, accurate, understandable and not misleading.

b. Information are disclosed before, during and after a sale of a financial product or service and during key stages of the relationship with the consumer; especially if there are any changes in the terms and conditions.

c. Terms and Conditions contain all significant provisions of the financial product or service giving prominence to key features/facts. It includes the following with specific details relating to the type of product or service being offered:

[1] This Section should be read in conjunction with existing regulations related to disclosure and transparency of key information on loan and investment products and services, regulations on the conduct of treasury and trust activities of BSFIs and regulations governing fees on retail bank product/services and dormant deposit accounts.

(1) Information on risks, return, possible warnings, any waiver of rights and limitations of liabilities, consumer's rights and responsibilities, consequences of failure to meet obligations, rights and responsibilities of the BSFI, involvement of authorized agents, any conflict of interest by BSFI staff, cancellation and product portability, among others;

(2) The full price or cost to the consumer including all interest, fees, charges, and penalties. The terms and conditions must clearly state whether interest, fees, charges, and penalties can change over time. The method for computing said interest, fees, charges, and penalties shall be disclosed consistent with existing regulations; and

(3) For more complex products, such as investment products, the key features as well as costs and risks shall be highlighted in a key facts statement or Product Highlight Sheet (PHS). The PHS shall enable comparison with other products and shall be provided at no additional cost. Before the consumer signs any contract, the BSFI should ensure that the consumer has freely signed a statement to the effect that the consumer has duly received, read, and understood the PHS.

d. Advertising materials are not false, misleading, or contain deceptive statements or omit key information that may materially and/or adversely affect the decision of the consumer to avail of a service or acquire a product. BSFIs are responsible for all the statements made in said advertising materials.

e. The terms and conditions, advertising materials and other communications contain the following:

(1) Contact and information of the BSFI's internal complaints handling unit; and
(2) Statement that the BSFI is a regulated entity and contact information of the regulator.

f. Communication of the BSFI staff is conducted in such a manner that clients can understand the terms of the contract and their rights and obligations, taking into consideration client segments that may have financial literacy limitations.

g. Adequate time is given to consumers to review, ask questions and receive information to fully understand the terms and conditions prior to signing the contract or executing the transaction. BSFI should ensure that documents signed by the consumer are completely filled out and have no blank terms. The consumer should be given a copy of each of the documents he/she signed (including, but not limited to the contract) with all terms and conditions. The consumer should also be provided with proof of the transaction, whether printed or in electronic copy at the option of the consumer, immediately after the transaction has been completed.

h. Statements of Account or Billing Statements are provided regularly in a convenient manner to the consumer, or through the channel through which the product was sold, commensurate to the type of product and terms.

i. Notifications in writing (or electronic form) and through other channels are provided to the consumer with regard to any of the key features and terms of the product, the nature and extent of the change and its potential impact on the consumer. This notification requirement also apply to similar changes to any condition/s specified in the contract. Nonetheless, this does not cover financial products that have been identified at the inception to be subject to floating interest rate all throughout their life cycle as long as basis has not changed.

The principles of the above standards for disclosure and transparency shall be applicable even to products and services offered electronically as well as to products catering to different market segments with particular consideration for segments that may have limited financial literacy.

Protection of client Information.[1] Financial consumers have the right to expect that their financial transactions, as well as relevant personal information disclosed in the course of a transaction, are kept confidential and are secured. Towards this end, BSFIs must ensure that they have well-articulated information security guidelines, well-defined protocols, a secure database, and periodically re-validated procedures in handling the personal information of their financial consumers. This should be an end-to-end process that should cover, among others, the array of information that will be pre-identified and collected, the purpose and manner of gathering each information, the Information Technology (IT)-security infrastructure of the BSFI, and the protocols for disclosure, both within the BSFI and especially to third parties.

The BSFI demonstrates the ability to protect client information if it is able to:

a. Have a written privacy policy to safeguard its customers' personal information. This policy should govern the gathering, processing, use, distribution, storage, and eventual disposal of client information and the identification of levels of permissible access to consumer's data for employees. The BSFI should ensure that privacy policies and sanctions for violations are implemented and strictly enforced.

b. Ensure that privacy policies are regularly communicated throughout the organization.

[1] This Section should be read in conjunction with existing regulations on IT Risk Management System and laws and regulations on data privacy.

c. Have appropriate systems in place to protect the confidentiality and security of the personal data of its consumers against any threat or hazard to the security or integrity of the information and against unauthorized access. This includes a written information security plan that describes its program to protect consumer personal information. The plan must be appropriate to its size and complexity, nature and scope of its activities, and the sensitivity of customer information it handles.

d. Have a strong IT System in place to protect the confidentiality, security, accuracy, and integrity of customer's personal information. This includes network and software design, as well as information processing, database storage, transmission, retrieval, and disposal. Security must be maintained throughout the life-cycle of consumer information, from data entry to disposal, and provide clear policies and procedures on data breaches including mechanisms to compensate consumers.

e. Subject to the provisions of existing laws and regulations on data privacy, send written communication to its consumers informing and explaining how it will use and share the consumer's personal information.

f. Obtain the consumers' written consent, unless in situations allowed as an exception by law or Bangko Sentral-issued regulations on confidentiality of consumer's information, before sharing consumers' personal information with third parties such as credit bureau, collection agencies, marketing and promotional partners, financial technologies that use a varied range of consumer data and other relevant external parties.

g. Provide access to consumers to the information shared and allow consumers to challenge the accuracy and completeness of the information and have these amended as appropriate.

Fair treatment. This principle ensures that financial consumers are treated fairly, honestly, and professionally at all stages of its relationship with the BSFI. BSFIs shall adopt mechanisms to safeguard the interest of their consumers which shall include rules regarding ethical staff behavior, acceptable selling practices, fair and equitable terms and conditions, provision of products and services appropriate to the capacity and risk appetite of the consumers, among others, and incorporate the same in their policies and procedures, control functions and agreements with outsourced third parties.

The BSFI demonstrates the principle of fair treatment towards financial consumers if the policies and practices observe the following:

a. Terms and conditions are not unfair in that there is significant imbalance in the parties' rights and obligations arising under the contract, to the detriment of the consumer.

b. Product and services are offered with skill, due care and diligence and shall consider the consumers' financial situation, needs, capabilities and overall risk profile. Adequate product suitability and affordability mechanisms shall be in place subject to existing rules and regulations. lf the requested products are of higher risk rating than a consumer's risk tolerance assessment results, the BSFI should draw the consumer's attention to the risk mismatch and provide a written disclosure of consequences which is accepted by the client. Product bundling should also take into consideration the product suitability and should not unduly limit consumer choice.

c. Adequate product approval are in place to ensure that products and services are fit for the targeted consumer. Product development, review, distribution and after sales process shall take into consideration the risks to consumers.

d. BSFIs do not unduly limit a consumer's ability to cancel or transfer the product to another provider as disclosed in the terms and conditions. As may be appropriate, BSFIs shall provide the consumer who is a natural person with a cooling off period subject to the following conditions:

   (1) The "cooling-off' period shall be for a reasonable number of days, of at least two (2) banking days, immediately following the submission of any agreement or contract, particularly for financial instruments with a remaining term of at least one (1) year: *Provided,* That consumers with aggregate investment size of P500 thousand and above are excluded from invoking the cooling off period: *Provided, further*, That securities "traded" or "to be traded" are exempt from the coverage of the cooling-off period.

   (2) Consumers may be permitted to cancel the agreement without penalty of any kind upon his or her written notice to the BSFI during the cooling-off period. The BSFI may however collect or recover reasonable amount of processing fees. Conditions and fees for products with automatic right to cooling off must be appropriately determined, discussed and explained to consumers.

e. BSFI staff treats consumers with professional competence and in a manner that is fair and responsible. The BSFI shall:

   (1) Incorporate in its Code of Conduct (Code) the values and standards that uphold protection of consumers and embed the Consumer Protection Standards of Conduct; and have process in place to detect, respond to and enforce sanctions on violations thereof.

(2) Align its recruitment and training policies around professional, fair and responsible treatment of clients, for instance:

(a) BSFI staff receives adequate training suitable for the complexity of the products or services they sell and are able to explain the key features of the product, including statutory and regulatory requirements.

(b) BSFI staff does not use deceptive or high pressure/aggressive sales techniques and should not force clients to sign contracts or rush into a financial deal without the benefit of shopping around.

(c) BSFI staff involved in collections, as well as agents contracted for the purpose, receives training in acceptable debt collection practices and loan recovery procedures consistent with existing relevant regulations.

(d) BSFI staff does not employ practices that discriminate or take advantage of difficulties faced by, vulnerable groups such as the low-income earners, and persons with disability.

(e) Establish policies and procedures that aim to protect consumers' deposits and other assets against internal or external fraud or misuse and have mechanisms in place to manage and resolve actual conflicts of interest with respect to compensation policies that arise in the interaction between their staff and agents and their consumers and potential consumers.

(3) Include ethical behavior, professional conduct, and quality of interaction with consumers as part of staff performance evaluations.

(4) Ensure that the remuneration structure for staff of BSFI and authorized agent is in a manner that encourages responsible business conduct, fair treatment and avoidance/mitigation of conflicts of interest.

(5) Perform appropriate due diligence before selecting the authorized agents/outsourced parties taking into account the agents' integrity, professionalism, financial soundness, operational capability and capacity, and compatibility with the FI's corporate culture and implement controls to monitor the agents' performance on a continuous basis.

Effective recourse. Financial consumers should be provided with accessible, affordable, independent, fair, accountable, timely, and efficient means for resolving complaints with their financial transactions. BSFIs should have in place mechanisms for complaint handling and redress, and may employ various modalities or technological innovations.

The BSFI demonstrates the ability to provide effective recourse if it is able to:

a. Establish an effective Consumer Assistance Management System (CAMS) designed to receive, record, evaluate, resolve, monitor and report consumer complaints, concerns, inquiries or requests to be implemented by a designated officer, unit, group or department commensurate to the size, structure, nature of products and services, and complexity of operations, ensuring that there is no conflict of interest.

b. Establish, maintain and implement internal policies and practices for a reasonable and prompt handling of consumer concern.

c. Make available a wide range of channels in which consumers can conveniently lodge their complaints, inquiries and requests; and put in place a dedicated helpdesk or hotline for the said purpose.

d. Maintain a management information system for the complaints from consumers that allows for consolidation, comparison and analysis on a regular basis including investigating whether complaints indicate an isolated issue or a more widespread issue for consumers. This analysis and reports of consumer complaints must have clear reporting and escalation structure within the BSFI's risk governance framework. The complaints reports shall be submitted in accordance with the existing regulations.

e. Establish clear policies on investigation, resolution and restitution of complaints and making the process clear to the consumer.

f. Ensure that information on the consumer assistance channels and applicable timelines for handling concerns are published in the following:

(1) Terms and Conditions of a BSFIs product or service;
(2) Various channels of service delivery; and
(3) Conspicuous places within the premises of BSFIs and their branches/other offices.

g. Provide for adequate resources to handle financial consumer complaints efficiently and effectively. Staff handling complaints should have appropriate experience, knowledge, and expertise. Depending on the BSFI's size and complexity of operation, a Senior staff member should be appointed to be in charge of the complaint handling process.

Financial education and awareness. Financial education initiatives give consumers the knowledge, skills, and confidence to understand and evaluate the information they receive and empower them to make informed financial decisions.

Because BSFIs deal directly with financial consumers, they have the reach, expertise, and established relationships ideal to deliver financial education, distinct and separate from information about their products. BSFIs should provide basic information on consumers' and the BSFI's rights and responsibilities.

BSFIs should demonstrate efforts at financial education, which may include digital literacy for products offered electronically, with the presence of programs whether as specific initiatives or as aspects embedded in their regular interface with consumers.

(Circular Nos. 1048 dated 06 September 2019, 1003 dated 16 May 2018, 930 dated 18 November 2016, 898 dated 14 January 2016, 890 dated 02 November 2015, and 857 dated 21 November 2014)

703-N ENFORCEMENT ACTIONS

Consistent with Sec. 002-Q, the Bangko Sentral may deploy enforcement actions to promote adherence to the Bangko Sentral Regulations on Financial Consumer Protection.

(Circular Nos. 1048 dated 06 September 2019, 890 dated 02 November 2015, and 857 dated 21 November 2014)

PART EIGHT

OTHER REGULATIONS

801-N FORWARD AND SWAP TRANSACTIONS

(Deleted by Circular No. 1119 dated 07 June 2021)

802-N PHILIPPINE AND FOREIGN CURRENCY NOTES AND COINS

The rules and regulations that shall govern the treatment and disposition of counterfeit Philippine and foreign currency notes and coins, the reproduction and/or use of facsimiles of legal tender Philippine currency notes and coins, the replacement and redemption of legal tender Philippine currency notes and coins considered mutilated or unfit for circulation, and the treatment and disposition of Philippine currency notes and coins called in for replacement are provided in Sec. 1111-Q.

803-N PERSONAL EQUITY AND RETIREMENT ACCOUNT (PERA) MARKET PARTICIPANTS AND PERA INVESTMENT PRODUCTS

The guidelines on the qualification/accreditation of PERA Market Participants and PERA Investment Products which are being issued pursuant to R.A. No. 9505, also known as the PERA Act of 2008 (PERA Act), and its implementing Rules and Regulations (the PERA Rules) are provided in Sec. 1121-Q.

804-N BATAS PAMBANSA BLG. 344 – AN ACT TO ENHANCE THE MOBILITY OF DISABLED PERSONS BY REQUIRING CERTAIN BUILDINGS, INSTITUTIONS, ESTABLISHMENTS AND PUBLIC UTILITIES TO INSTALL FACILITIES AND OTHER DEVICES

In order to promote the realization of the rights of disabled persons to participate fully in the social life and the development of the societies in which they live and the enjoyment of the opportunities available to other citizens, no license or permit for the construction, repair or renovation of public and private buildings for public use, educational institutions, airports, sports and recreation centers and complexes, shopping centers or establishments, public parking places, workplaces, public utilities, shall be granted or issued unless the owner or operator thereof shall install and incorporate in such building, establishment or public utility, such architectural facilities or structural features as shall reasonably enhance the mobility of disabled persons such as sidewalks, ramps, railings and the like. If feasible, all such existing buildings, institutions, establishments, or public utilities may be renovated or altered to enable the disabled persons to have access to them.

805-N REPUBLIC ACT NO. 9994 – AN ACT GRANTING ADDITIONAL BENEFITS AND PRIVILEGES TO SENIOR CITIZENS, FURTHER AMENDING REPUBLIC ACT NO. 7432 OF 1992, AS AMENDED BY REPUBLIC ACT NO. 9257 OF 2003

To be able to give full support to the improvement of the total well-being of the elderly and their full participation in society, and to motivate and encourage them to contribute to nation building, senior citizens shall be provided with express lanes in all branches and offices of NBFIs. If the provision of express lanes is logistically impossible in any particular branch or office of any NBFI, said branch or office shall ensure that senior citizens are accorded priority service. The provision of express lanes and/or priority service shall be made known to the general public through a clearly written notice prominently displayed in the transaction counters of all NBFI branches and/or offices.

806-N OTHER PAYMENTS ON NBFIs

Payments to the Bangko Sentral. NBFIs shall make payments for transactions, including penalties and other charges, other than those required to be paid through the NBFIs' DDA, in accordance with the manner of payment provided in the billing notice, or through any such acceptable means of payment as may be provided in pertinent advisories issued by the Bangko Sentral. Such payments shall be accompanied by the appropriate form as shown in *Appendix Q-26.*

(Circular No. 1125 dated 20 August 2021)

PART NINE

REGULATIONS SPECIFIC TO MONEY SERVICE BUSINESS OPERATIONS

901-N MONEY SERVICE BUSINESS OPERATIONS

The following rules and regulations shall govern the operations and reporting obligations of non-bank entities engaged in remittance, money changing, and/or foreign exchange dealing, pursuant to Section 3 in relation to Section 11 of R.A. No. 9160 [The Anti-Money Laundering Act (AMLA) of 2001], Section 3(c) of R.A. No. 10168 (The Terrorism Financing Prevention and Suppression Act of 2012), and their Implementing Rules and Regulations, and Section 80 of R.A. No. 7653 , as amended (The New Central Bank Act).

***Definition of terms*.**

a. *Remittance and Transfer Company (RTC)* – refers to any entity that provides Money or Value Transfer Service (MVTS). *MVTS* refers to financial services that involve the acceptance of cash, cheques, other monetary instruments or other stores of value and the payment of a corresponding sum in cash or other form to a beneficiary by means of a communication, message, transfer, or through a clearing network. This includes the following:

   (1) *Remittance Agent (RA)* – refers to any entity that operates a remittance business network which includes any or combination of the following:

      (a) *Remittance Direct Agent (RDA)* - refers to any entity that is covered by a direct contracted remittance agreement or similar agreement to act in behalf of a third party engaged in remittance business.
      (b) *Remittance Network Provider (RNP)* – refers to any entity that provides a network of Remittance Sub-Agents to perform remittance services to RTC.
      (c) Such other similar entities as may be determined by the Monetary Board.

      For the purpose of this Section, entities functioning as an RA as herein defined shall be registered as such, notwithstanding whether they are also acting as Remittance Sub-Agent (RSA).

   (2) *Remittance Platform Provider (RPP)* – refers to any entity that provides a shared or common platform/IT infrastructure and maintains settlement accounts in order to provide funds for remittance transactions within its network.

      Foreign RPP shall do business in the Philippines through its locally incorporated subsidiary: *Provided*, That an existing foreign RPP doing business in the Philippines shall have two (2) years within which to incorporate a local subsidiary: *Provided, further,* That in the meantime that the foreign RPP does not have a locally incorporated subsidiary, it shall constitute a resident agent which shall, among others, be liable for all its obligations in the Philippines.

   (3) *E-Money Issuer (EMI)* – refers to any entity authorized by the Bangko Sentral under Sec. 702 of the MORB which provides money transfer or remittance services using electronic stored money value system and similar digital financial services.

b. *Remittance Sub-Agent (RSA)* – refers to any person authorized by the RTC to perform certain relevant undertakings in the remittance business. This includes any person that is allowed by an RDA, RANP, and/or EMI to do any part of the remittance business in their behalf.

   An RSA shall no longer be required to register with the Bangko Sentral. However, the RTC shall comply with the notification requirements as provided in Sec. 901-N (*Notification requirements*, Item "*(b)*")

c. *Money Changer (MC)/Foreign Exchange Dealer (FXD)* – refers to any entity who engages in money changing/foreign exchange dealing business. This includes authorized agent banks' subsidiary/affiliate forex corporations (AAB-forex corps), among others.

d. *Remittance business* – refers to the transferring of funds or facilitating the movement of funds or monetary instruments from the sender or originator to a receiver or beneficiary locally and/or internationally and undertaken by any financial institution.

e. *Money changing/Foreign exchange dealing* – refers to the buying or selling of currencies in exchange for another currency.

f. *Monetary instrument* – refers to:

(1) Coins or currency of legal tender of the Philippines, or of any other country;
(2) Drafts, checks, and notes; and
(3) Other similar instruments where title thereto passes to another by endorsement, assignment or delivery.

g. *Head office* – refers to the principal or main place of business of an RTC/MC/FXD.

h. *Branch* – refers to any company-owned office or place of business other than the Head Office of an RTC/MC/FXD.

i. *RSA office* – for purposes of this Section, it shall be considered as an extension office of an RTC. It includes the head office and branches of an RSA.

j. *Offices* – refer collectively to the head office, branches and RSA office where money changing/foreign exchange dealing and/or remittance transactions shall be conducted.

Requirements for registration. RTCs/MCs/FXDs shall be registered with the Bangko Sentral before they can operate. All existing RTCs/MCs/FXDs shall apply/re-apply for registration.

a. *Registration of RTCs/MCs/FXDs*. For registration purposes, RTCs/MCs/FXDs shall be classified into six (6) categories with the following criteria:

Type	Classification	Benchmark Capital
A	Large-Scale Operator - Remittance Agent with or without money changing/foreign exchange dealing operations with average monthly network volume of transactions of at least P75.00 million	At least P50.00 million
B	Small-Scale Operator - Remittance Agent with or without money changing/foreign exchange dealing operations with average monthly network volume of transactions of less than P75.00 million	Less than P50.00 million
C	E-Money Issuer as authorized under Sec. 702 of MORB	P100.00 million
D	Remittance Platform Provider	P10.00 million
E	Large-Scale Operator - Money Changer/Foreign Exchange Dealer with average monthly network volume of transactions of at least P50.00 million	At least P10.00 million
F	Small-Scale Operator – Money Changer/Foreign Exchange Dealer with average monthly network volume of transactions of less than P50.00 million	Less than P10.00 million

RTCs/MCs/FXDs shall submit the Application for Registration and Notarized Deed of Undertaking *(Appendix N-8)* to the appropriate supervising department of the Bangko Sentral.

RTCs/MCs/FXDs shall adhere to the registration procedures contained in *Appendix N-7.*

b. *Issuance of Bangko Sentral Certificate of Registration (COR) and Metal Plate.* RTCs/MCs/FXDs shall be issued with the corresponding COR upon fulfillment of the registration requirements. Within three (3) months from the date of issuance of the COR, a Bangko Sentral-registered RTC/MC/FXD shall commence operations.

However, the Bangko Sentral shall not issue a COR in cases of the following:

(1) Failure to provide the complete required documents; and
(2) Any of the RTC/MC/FXD's proprietors, or any of its partners, directors, or principal officers, as applicable, is not fit and proper.

In considering the application for COR, the Bangko Sentral shall take into account the fitness and propriety of the proprietor, partner, directors, or principal officers. In determining whether a person is fit and proper, regard shall be given to the following: integrity/probity, market reputation, competence, and financial capacity.

A metal plate bearing the unique registration number of the RTC/MC/FXD shall be issued to each RTC/MC/FXD head office. The Bangko Sentral reserves the right to collect reasonable amount to cover the cost of production/issuance of the metal plate.

c. *Accreditation of RSA.* Duly registered RTCs may accredit their own RSAs: *Provided,* That: (i) the engagement of RSA's remittance services is directly related to the accomplishment of RTC's business plan/strategy; and (ii) appropriate risk management policies and procedures pertaining to the aforementioned engagement are in place.

The RSA shall be considered as part of the network of its accrediting RTC. RSAs are also subject to effective continuing oversight of their RTCs. RTC shall conduct appropriate due diligence in the accreditation of its RSAs and shall be responsible for the RSAs' compliance with all applicable anti-money laundering (AML)/combating the financing of terrorism (CFT) rules and regulations.

Relative to the engagement of RSA, the policies and procedures, at a minimum, shall contain the following:

(1) Selection criteria and process in the accreditation of an RSA. The selection criteria shall take into account, among others, the necessary permits/authorization to perform the remittance business, and the fitness and propriety of the proprietor, partners, directors, or principal officers of an RSA. In determining whether a person is fit and proper, regard shall be given to the following: integrity/probity, market reputation, competence, and financial capacity;

(2) Regular operational review on RSA's compliance with applicable laws, rules and regulations, especially on compliance with AML/CFT and consumer protection requirements and performance in carrying out remittance activities; and

(3) Delisting of an RSA or termination of a remittance contract.

A relationship or remittance arrangement with an RSA shall be supported by a notarized remittance agreement. The contract shall clearly identify the roles and duties of each party including, among others, the responsibilities to comply with relevant Bangko Sentral rules and regulations particularly on AML/CFT and consumer protection requirements. It should also stipulate therein that the RSA shall allow the Bangko Sentral to have access on the remittance system, records and other relevant information.

The RTC shall ensure that its RSA offices shall maintain a signage posted conspicuously in their premises, indicating that the RSA is an accredited agent of the RTC.

d. *Mandatory training requirement.* The proprietors[1], partners, directors, president or officer of equivalent rank and function, over-all head of the money service business operation and the head of the compliance unit shall attend a seminar on AML/CFT laws, rules and regulations, before start of operations, conducted by the Bangko Sentral, Anti-Money Laundering Council (AMLC), or any reputable training provider[2].

Notification requirements. RTCs/MCs/FXDs shall inform the appropriate supervising department of the Bangko Sentral of the following events:

a. *Commencement of operations.* RTC/MC/FXD shall notify within five (5) business days from the start of operations of its head office.

b. *New offices*. RTC shall submit a list of all its new branches and accredited RSAs on a monthly basis within five (5) business days from end of the reference month.

c. *New/Terminated tie-up partner/s.* RTC shall submit a list of all its new and terminated local/foreign remittance tie-up partners during the month within five (5) business days from the end of the reference month.

The relationship or remittance arrangement with the tie-up partner/s shall be supported by remittance agreement/s which shall be notarized or consularized if originated/signed abroad. RTC shall ascertain that its tie-up partner is authorized to engage in remittance business by the appropriate supervising/ licensing authority and is compliant with the AML/CFT laws of the country where it operates. All remittance agreements shall be made readily available during examination or upon request of the Bangko Sentral without delay.

d. *Change of tie-up partner/s.* RTC shall notify within five (5) business days from the addition and/or termination of tie-up partner/s and shall submit the following documents, if applicable:

[1] Refer to owner of single proprietorship MSBs

[2] Refers to an entity which has an adequate track record of successfully conducting training programs preferably on financial institution-oriented courses, including AML/CFT training. For this purpose, the RTC/MC/FXD shall be responsible in ascertaining whether the training provider is reputable as herein defined.

(1) Notarized tie-up agreement/s which shall be consularized if originated/signed abroad; and
(2) Proof that the RTC or counterparty is authorized to engage in the remittance business and is subject to the anti-money laundering laws of the country where it operates.

e. *Transfer of location.* RTC/MC/FXD shall notify within five (5) business days from actual date of transfer.

f. *Closure of office.* RTC/MC/FXD shall notify within five (5) business days from the actual date of closure.

g. *Closure of business.* RTC/MC/FXD shall notify within five (5) business days from the actual date of closure and shall submit the following documents:

(1) Certification by the owner or partnership/board resolution, as the case may be, authorizing/attesting the closure of RTC/MC/FXD; and
(2) Original copy of Bangko Sentral COR issued to RTC/MC/FXD.

Change of registered/business name. RTC/MC/FXD shall not change its registered/business name without submitting to the appropriate supervising department of the Bangko Sentral the following documents:

a. COR from the Department of Trade and Industry (DTI), Securities and Exchange Commission (SEC) or Cooperative Development Authority (CDA), as the case may be, indicating the new business/registered name; and
b. Original copy of Bangko Sentral COR issued under the old name.

The Bangko Sentral shall issue a new COR indicating the new registered/business name of the RTC/MC/FXD.

Change of ownership or control. RTC/MC/FXD shall obtain prior approval from the Bangko Sentral for any change in: ownership of a sole proprietorship or partnership; or control of a corporation. *Control* shall refer to any transaction involving voting shares of stock of an RTC/MC/FXD that will result in ownership or control of at least twenty percent (20%) of voting shares of stock of RTC/MC/FXD by any person, whether natural or juridical, or which will enable such person to elect, or be elected as, a director of such RTC/MC/FXD. RTC/MC/FXD shall submit the names of its proposed new owner/s or controlling shareholder for evaluation. Failure to seek prior approval may result in cancellation of registration.

Reports.

a. *Required reports.* RTCs/MCs/FXDs shall maintain records and submit the following required reports, duly certified by the proprietor/managing partner/president or any officer of equivalent rank, to the appropriate supervising department of the Bangko Sentral:

(1) Semestral report of operating, and closed/delisted RTC/MC/FXD offices which shall be submitted within ten (10) business days from the end of the reference semester;

(2) Audited financial statements (AFS), accompanied by the documentary requirements as enumerated under *Appendix N-21*, which shall be submitted not later than 120 calendar days after the close of the reference calendar/fiscal year adopted by the RTC/MC/FXD. However, RTCs/MCs/FXDs classified as type "F" (small-scale operator-money changer/foreign exchange dealer with average monthly network volume of transactions of less than P50 million and with less than P10 million capital) are not required to submit AFS to the Bangko Sentral and its annual financial audit may be conducted by external auditor other than those included in the List of Selected External Auditors for BSFIs: *Provided,* That the AFS shall be made readily available to the Bangko Sentral during examination, or whenever requested. Financial audit of RTCs/MCs/FXDs, except those with type "F" license, shall be rendered by an external auditor included in the List of Selected External Auditors for BSFIs. RTCs/MCs/FXDs as well as external auditors shall strictly observe the requirements in the submission of the AFS and reports under Secs. 134-N, 133-N and *Appendix N-21*.

In addition, RTCs/MCs/FXDs shall include supplementary information at the end of the notes to the financial statements as prescribed under Annex C of *Appendix N-21*.

(3) Quarterly reports on the total value of money changing/foreign exchange transactions which shall be submitted within ten (10) business days from the end of the reference quarter; and

(4) Quarterly reports on the total value of foreign and domestic remittance transactions which shall be submitted within ten (10) business days from the end of the reference quarter.

(5) Report on Crimes/Losses (RCL) which shall be electronically submitted within ten (10) calendar days from knowledge of the crime/incident.

Reporting and Notification Guidelines on Crime/Losses

a. MSBs shall report on the following matters to the Bangko Sentral:

(1) Crimes whether consummated, frustrated or attempted against property/facilities (such as robbery, theft, swindling or estafa, forgery and other deceits) and other crimes involving loss/ destruction of property of the MSB when the amount involved in each crime is P20,000 or more.

Crimes involving MSB personnel, regardless of amount and whether or not such crimes resulted in the loss/destruction of property of the MSB, shall likewise be reported to the Bangko Sentral.

(2) Incidents involving material loss, destruction or damage to the MSB's property/facilities, other than arising from a crime, where the amount involved per incident is P20,000 or more.

(3) *Definition of terms*. For the purpose of this regulation, the following definitions shall apply:

(a) Swindling (*Estafa*) - a crime committed by a person who defrauds another causing the latter to suffer damage by any of the following means:

(i) with unfaithfulness or abuse of confidence;
(ii) by false pretense or fraudulent acts executed prior to or simultaneously with the commission of the fraud; or
(iii) through other fraudulent means and other forms of swindling, under Articles 315 to 317 of the Revised Penal Code, as amended.

(b) *Theft* - a crime committed by a person who, with intent to gain but without violence against or intimidation of persons nor force upon things, shall take personal property of another without the latter's consent pursuant to Article 308 and other pertinent provisions of Chapter III, Title X of the Revised Penal Code, as amended.

(c) *Robbery* - a crime committed by a person who, with intent to gain, shall take any personal property belonging to another, by means of violence against or intimidation of any person, or using force upon anything pursuant to Article 295 and other pertinent provisions of Chapter 1, Title X of the Revised Penal Code, as amended.

(d) *Falsification* - a crime committed by a person who falsifies a document by

(i) Counterfeiting or imitating any handwriting, signature or rubric;

(ii) Causing it to appear that persons have participated in any act or proceeding when they did not in fact so participate;

(ii) Attributing to persons who have participated in an act or proceeding statements other than those in fact made by them;

(iii) Making untruthful statements in a narration of facts;

(iv) Altering true dates;

(v) Making any alteration or intercalation in a genuine document which changes its meaning;

(vi) Issuing in an authenticated form a document purporting to be a copy of an original document when no such original exists, or including in such a copy a statement contrary to, or different from, that of the genuine original; or

(vii) Intercalating any instrument or note relative to the issuance thereof in a protocol, registry, or official book and other acts falling under Articles 169, 171, 172 and 178 of the Revised Penal Code, as amended.

(e) *Credit-card related crimes* – crimes arising through the use of credit cards.

(f) *Other crimes that may cause loss to the MSB* - crimes committed that cannot be appropriately classified under any of the above classifications.

(g) *Negligence* - the failure to exercise the care which an ordinarily prudent person would use under the circumstances in the discharge of the duty then resting upon him.

(h) *Non-crime related loss* – Incidents that may cause the MSB to suffer a loss arising from fortuitous events.

(i) *Insider* - person involved include proprietor/partners/directors/ principal officers and other personnel directly involved in Money Service Business Operations.

(j) *Outsider* - persons involved other than an insider.

(k) *Perpetrator* - a person, whether an insider or outsider, who is responsible for the commission of crime either by direct participation, inducement or cooperation, including accomplices and accessories as defined under Articles 18 and 19 of the Revised Penal Code, as amended.

(l) *Victim* - an insider or outsider other than the perpetrator, who is the aggrieved party to the crime and may as a result of the incident, suffered the loss.

(m) *Attempted crime* - a crime is attempted when the perpetrator commences the commission of the crime directly by overt acts and does not perform all of the acts of execution which should produce the crime by reason of some cause or accident other than his own desistance under Article 6 of the Revised Penal Code, as amended.

(n) *Frustrated crime* - a crime is classified as frustrated, when the perpetrator performs all the acts of execution which would produce the crime as a consequence but which, nevertheless, do not produce it by reason of causes independent of the will of the perpetrator under Article 6 of the Revised Penal Code, as amended.

(o) *Consummated crime* - a crime is consummated when all the acts necessary for the execution and accomplishment of the crime was performed. As a result, the MSB may have suffered a loss, the recoverable portion of which should be deducted to arrive at the probable loss incurred by the MSB.

(p) *Termination of the investigation* – an investigation is said to be terminated when all the material facts/information which are sufficient to support a conclusion relative to the matters involved have already been gathered and a finding/conclusion may be made based on the gathered information.

b. The following guidelines shall be observed in the preparation and submission of the report.

(1) The Branch or Head Office's R C L shall be submitted electronically to the Bangko Sentral in the email address to be provided by FSS within ten (10) calendar days from knowledge of the crime or incident through the MSB's Head Office and shall be certified correct by the compliance officer or officer of equivalent rank and function. When the deadline falls on a non-business day, the report shall be submitted on the immediately following business day.

Supporting documents (e.g., police report on the investigation of the incident) shall be made readily available by the MSB during Bangko Sentral examination or as requested by the Bangko Sentral.

(b) Where a thorough investigation and evaluation of facts is necessary to complete the report, an initial report electronically submitted in the email address to be provided by FSS within the said deadline of ten (10) calendar days may be accepted: *Provided*, That a complete report is electronically submitted in the email address to be provided by FSS not later than twenty (20) calendar days from termination of investigation.

Moreover, an RCL with incomplete information shall be considered as erroneous report, and the MSB concerned shall be required to submit an amended report subject to penalties on late reporting for Category B reports under Sec. 901-N.

b. *Delayed/erroneous/unsubmitted report.* Violation of the foregoing reporting requirements consisting of erroneous, delayed or unsubmitted reports, shall subject the RTC/MC/FXD concerned to the appropriate penalties after observance of due process.

A submitted report that, upon validation by the Bangko Sentral, is found to be non-compliant with the reporting requirements prescribed herein or in subsequent guidelines shall be considered as willful failure or refusal to comply with a regulation and shall be classified as "*Erroneous*". On the other hand, a report that was able to comply with the reporting requirements or guidelines of this regulation after the submission deadline for said report may be considered as willful delay and shall be classified as "*Delayed*". Finally, a report that was not able to comply with the reporting requirements or guidelines of this regulation by the time the next report becomes due or upon the lapse of thirty (30) business days from the report's submission deadline, whichever comes first, may be considered as willful failure or refusal to comply with a regulation and shall be classified as "*Unsubmitted*".

The reports required under this Section shall be considered *Unsubmitted* after the lapse of thirty (30) business days from the submission deadline.

Internal control. RTCs/MCs/FXDs shall maintain an internal control system commensurate to the nature, size and complexity of their respective businesses.

Fees. Registration and annual service fees shall be paid by RTCs/MCs/FXDs to the Bangko Sentral.

a. *Registration fee.* The one-time, non-refundable registration fee for RTCs/MCs/FXDs shall be as follows:

Type	Registration Fee
A	P100,000
B	P20,000
C	P100,000
D	P100,000
E	P100,000
F	P20,000

Further, except for EMIs, a non-refundable supplemental registration fee of P1,000 shall be paid for each office other than the head office.

b. *Annual service fee.* RTCs/MCs/FXDs shall pay, not later than March of every year, commencing in 2018 the following as annual service fee for continued registration:

Type	Annual Service Fee
A	P100,000
B	P20,000
C	P300,000 and/or as determined by the Monetary Board
D	P100,000
E	P100,000
F	P20,000

c. *Processing fee for replacement of Bangko Sentral COR*. A non-refundable processing fee of P1,000 shall be assessed for replacement of Bangko Sentral COR for whatever reason.

Transactional requirements for RTCs/MCs/FXDs.

a. *Regulation on large value pay-outs.* Large value pay-outs of more than P500,000 or its foreign currency equivalent, in any single transaction with customers or counterparties, shall only be made via check payment or direct credit to deposit accounts.

b. *Sale of foreign currencies.* MCs/FXDs, except AAB-forex corps, shall be allowed to sell foreign currencies in an amount not exceeding USD10,000 or its equivalent and not to exceed USD50,000 or its equivalent per month per customer. Exemption or higher limits may be granted by the appropriate supervising department of the Bangko Sentral if justified by the business model of the MC/FXD. The MCs/FXDs shall also require an accomplished application form and submission/presentation of supporting documents listed in Item "*A*" of *Appendix N-10* for the sale of foreign exchange in the amount exceeding USD10,000 or its equivalent for non-trade current account purposes. For sale of foreign exchange for all other purposes, FXDs/MCs shall require submission of an accomplished application form and supporting documents listed in Items *"B to D*" of *Appendix N-10,* regardless of the amount involved.

***Sanctions*.** Monetary penalties and other sanctions committed by erring RTCs/MCs/FXDs shall be imposed for the following violations:

Nature of Violation/Exception	Possible Sanctions/Penalties
a. Operating without prior Bangko Sentral registration	• Applicable penalty prescribed under Section 36 of R.A. No. 7653 (New Central Bank Act) • Disqualification from registration
b. Violation of any of the provisions of R.A. No. 9160 (Anti-Money Laundering Act of 2001, as amended) and its revised implementing rules and regulations	• Written reprimand • Disqualification from holding any position in any Bangko Sentral supervised or regulated institution • Applicable penalty prescribed under the Act • Cancellation of registration
c. Violation of any provisions/requirements of this Section	• Penalties and sanctions under applicable laws, rules, and regulations • Cancellation of registration
d. Erroneous/delayed/unsubmitted report	• Monetary penalty of P60 for each occurence (in case of Erroneous report) or for each day (in case of Delayed or Unsubmitted reports) which will accummulate until such time the report has been

Nature of Violation/Exception	Possible Sanctions/Penalties
	determined compliant with the reporting requirements prescribed herein or in subsequent guidelines

For a report initially considered *Erroneous* but subsequently complied with the reporting requirements or guidelines within the prescribed deadline, the penalty shall be derived by multiplying the penalty of ₱60 against the number of times the subject report was submitted before being considered compliant.

For *Delayed reports*, the penalty of ₱60 shall be multiplied by the number of calendar days delayed. If the report is initially considered *Erroneous* but was able to comply with the reporting requirements or guidelines but after the prescribed deadline (i.e., *Delayed*), the penalty shall be the sum of the penalty for being *Erroneous* before deadline and the penalty for being *Delayed* as previously described.

For *Unsubmitted* reports, computation of the penalty shall be based on three times (3x) the number of days applied for determining a report to be unsubmitted [i.e., Thirty (30) days].

Transitory provisions. All Bangko Sentral Certificate of Registration (CORs) issued prior to 10 February 2017, to Remittance and Transfer Companies (RTCs)/Money Changers(MCs)/Foreign Exchange Dealers (FXDs) shall remain effective until 30 April 2018. Thereafter, they shall be considered automatically cancelled.

(Circular Nos. 1104 dated 27 November 2020, 1075 dated 07 February 2020, 1039 dated 3 May 2019, 991 dated 26 January 2018, 968 dated 10 August 2017, and 942 dated 20 January 2017)

902-N VIRTUAL ASSET SERVICE PROVIDERS (VASP)[1]

Policy Statement. It is the policy of the Bangko Sentral to provide an environment that encourages financial innovation while safeguarding the integrity and stability of the financial system. The Bangko Sentral recognizes that virtual asset (VA) systems have the potential to revolutionize the delivery of financial services by providing faster and more economical means to transfer funds, both domestic and international, and may further support financial inclusion. These benefits, however, should be considered along with the attendant risks in VAs considering the higher degree of anonymity involved, the velocity of transactions, volatility of prices, and global accessibility. It is for these reasons that the Bangko Sentral shall ensure that the VA systems shall not be misused and that the Philippines shall not be used for money laundering (ML), terrorist financing (TF) and proliferation financing (PF) activities. In addition, VA transactions also pose other risks, such as information technology (IT) risks, consumer protection, and financial stability concerns, among others.

Furthermore, the Bangko Sentral recognizes that once fiat currency is exchanged or converted into VA, it becomes easily transferrable, facilitating expedient movement or transfer of funds and payment services, among others. In this manner, VASPs, are considered as money service businesses that are subject to the regulatory authority and examination powers of the Bangko Sentral under R.A. No. 7653, as amended by R.A. No. 11211.

This Section shall govern the operations and reporting obligations of VASPs in the Philippines.

Scope. These guidelines shall cover VASPs, as defined in this Section, that offer their services or engage in VASP activities in the Philippines. These guidelines do not cover business involved in the participation and provision of financial services related to an issuer's offer and/or sale of a VA, which fall within the jurisdiction of Securities and Exchange Commission (SEC), and entities solely acting on their own behalf (i.e., not engaged in the business of actively facilitating VA-related activities for the account of others).

The guidelines outlined in this Section are based on leading standards such as the Financial Action Task Force Recommendations on anti-money laundering and counter-terrorist financial standards, as well as other recognized risk management principles, and shall serve as Bangko Sentral's baseline requirement for all VASPs.

Definition of terms. The terms as used in this Section shall be defined, as follows:

a. *Virtual asset* refers to any type of digital unit that can be digitally traded, or transferred, and can be used for payment or investment purposes. It can be defined as a "property", "proceeds", "funds", "funds or other assets", and other "corresponding value". It is used as a medium of exchange or a form of digitally stored value created by agreement within the community of VA users. VAs shall be broadly construed to include digital units of exchange that (i) have a centralized repository or administrator; (ii) are decentralized and have no centralized repository or

[1] Bangko Sentral-registered Virtual Currency Exchanges, as well as VASPs currently operating without Bangko Sentral approval, shall apply for a Certificate of Authority not later than three months from 10 February 2021. Upon submission of the application, said entities may continue to operate their business unless instructed otherwise.

All VASPs must also comply with the applicable requirements prescribed in this Section within six (6) months from 10 February 2021. Failure to comply with these requirements shall subject the entity to the appropriate enforcement action provided under Sec. 001-N.

administrator; or (iii) may be created or obtained by computing or manufacturing effort. VAs are not issued nor guaranteed by any jurisdiction and do not have legal tender status.

For purposes of these guidelines, digital units of exchange that is used for (i) the payment of goods and services solely provided by its issuer or a limited set of merchants specified by its issuer (e.g., gift checks); or (ii) the payment of virtual goods and services within an online game (e.g., gaming tokens) shall not be considered as VAs. Also, virtual currencies as previously defined in Bangko Sentral Circular No. 944 *(Guidelines for Virtual Currency Exchanges)* shall now be referred to as VAs.

b. *Virtual Asset Service Provider (VASP)* refers to any entity that offers services or engages in activities that provide facility for the transfer or exchange of VA, which involve conduct of one or more of the following activities:

(1) exchange between VAs and fiat currencies;
(2) exchange between one or more forms of VAs;
(3) transfer of VAs; and
(4) safekeeping and/or administration of VAs or instruments enabling control over VAs.

Virtual Currency Exchange as previously defined in Bangko Sentral Circular No. 944 *(Guidelines for Virtual Currency Exchanges)* shall now be referred to as VASPs.

c. *VA Custodians* refers to a VASP performing the act of Item "b(4)" above.

d. *Fiat currency* refers to government-issued currency that is designated as legal tender in its country of issuance through government decree, regulation, or law.

e. *Money Service Business (MSB)* refers to financial services that involve the acceptance of cash, checks, other monetary instruments or other stores of value, and the payment of a corresponding sum in cash or other form to a beneficiary by means of a communication, message, transfer, or through a clearing network to which the service provider belongs.

Requirements for the issuance of a Certificate of Authority (COA). A VASP shall secure a COA to operate as an MSB, pursuant to and upon compliance with the requirements under Sec. 901-N. In the course of COA application, the Bangko Sentral shall take into account and extend its evaluation over the fitness and propriety of the VASP's beneficial owners.

A VASP shall also adhere to the registration procedures under *Appendix N-7* and submit the Application for Registration and Notarized Deeds of Undertaking (*Appendices N-8 and N-9*) to the Bangko Sentral through the appropriate supervising department of the Bangko Sentral.

The VASP shall comply with pertinent Bangko Sentral rules and regulations on Outsourcing (Sec. 102-N), Liquidity Risk Management (Sec. 124-N), Operational Risk Management (Sec. 125-N), IT Risk Management including the area of IT Outsourcing/Vendor Management Program (Sec. 126-N), Business Continuity Management (Sec. 127-N), Internal Control (Sec. 131-N), Anti-Money Laundering (Secs. 601-N and 602-N), Financial Consumer Protection (Secs 701-N, 702-N, and 703-N), and sound corporate governance principles, among others.

Capitalization. VASPs shall have a minimum paid-in capital as follows:

Category	Minimum Required Capital
VASP with safekeeping and/or administration services for VAs (i.e., VA Custodian) as defined in this Section.	₱50.0 million
VASP without safekeeping and/or administration services for VAs	₱10.0 million

Registration and Annual Service Fees. A VASP shall pay the registration and annual service fees as provided under Sec. 901-N***.***

Wallet Security. VASPs providing wallet services for holding and storing VAs must establish an adequate cybersecurity framework and adopt appropriate security measures/controls in their VA platform to ensure confidentiality, integrity and availability of data/information uploaded, stored, processed and transmitted into and out of the system and protect the infrastructure from malware, cyber-attacks and other evolving and emerging threats. Likewise, the framework shall cover provisions on the protection of fiat currency, if any, and VA wallets against cyberthreats and other technology risks.

Technology Outsourcing. VASPs shall adopt a sound risk management system to mitigate risks arising from outsourcing (i.e., confidentiality of information, data privacy, data management, contract management, security, performance monitoring and business continuity, among others). The VASP shall be responsible for the performance of the service in the same manner and to the same extent as if it were directly performing the said activity.

Internal Control. All VASPs shall maintain an internal control system commensurate to the nature, size and complexity of their respective businesses. Critical control functions such as risk management, audit, compliance, anti-money laundering, information security and other essential roles must be performed by competent officers. The suitability of the board of directors and management must also be assessed in adherence to sound corporate governance procedures (e.g., fitness and propriety tests).

Financial Consumer Protection. VASPs shall adopt customer awareness measures to educate their customers which includes, among others: (i) safeguarding of VA and/or fiat currency wallets as well as protection of client information such as log-in credentials; (ii) use of the mobile platform and wallets; (iii) actual fees and charges related to the use of the mobile platform and withdrawal transactions; and (iv) problem resolution procedures.

VASPs shall clearly communicate and explain to their customers the terms of conditions prescribing the manner on how the losses and liabilities from security breachers, system failure, or human error will be settled between the VASP and its customers.

VASPs shall disclose, prior to entering into an initial transaction and on an ongoing basis, all material risks to their clients in a manner that is clear, fair and not misleading. Disclosure shall provide information regarding the risks associated with the acquisition, possession, and trading of VAs. VASPs shall also disclose whether they are holding VAs in custody and the attendant risks or whether the customers have full control and responsibility of protecting and safeguarding their VAs. Lastly, VASPs shall adopt a mechanism in handling customer complaints and ensure that effective controls are in place for timely resolution thereof.

Customer due diligence. VASPs shall conduct customer due diligence when (1) it establishes business relations with any customer; (2) undertakes any occasional but relevant business transaction for any customer who has not otherwise established business relation with the VASP; (3) where there is suspicion of money laundering or terrorist financing; or (4) where there is doubt about the veracity or adequacy of previously obtained customer identification data.

Relevant business transaction shall mean any single transaction amounting to ₱5,000 or more, or two or more transactions believed to be linked and with an aggregate value of ₱5,000 or more. For this purpose, the VASP should have appropriate system to identify and determine occasional customer or transaction.

Additional Requirements. A VASP shall only engage with other VASPs, financial institutions, and/or remittance and transfer companies that are duly authorized and licensed by the appropriate regulatory authorities. VASPs shall establish a robust due diligence and accreditation process in selecting the VAs that will be listed or traded in their platform. In addition, VASPs shall adopt a fraud risk management system which sophistication and effectiveness are commensurate to the risks associated with particular VA types or specific VA activities. VASPs shall also comply with the requirements, rules and regulations of the Bangko Sentral regarding the application for registration and activities requiring prior Bangko Sentral approval or notification.

Clearing and settlement of transactions of VASP, as well as other activities inherent to their business models, shall only be undertaken with regulated VASPs and platforms to ensure that all VASP activities are executed within an unbroken chain of regulated entities.

A VASP that created and maintains fiat wallets to facilitate the conversion or exchange of fiat currency to VA or vice versa shall maintain sufficient unencumbered liquid assets to ensure that VA redemptions are adequately met at all times. The VASP shall have in place control mechanisms to ensure prompt recording of receipt of fiat money.

VA Custodians wholly responsible for custody of customers' VAs, either through proprietary or outsource arrangements, shall adopt measures to ensure adequate reserves for the VAs held in custody. Said VA Custodians shall adopt effective mechanism to properly record and segregate customers' VAs from their proprietary VAs.

In cases when the conduct of in-depth studies and further data collection pursuant to the Bangko Sentral's mandates be warranted, VASPs shall comply with additional requests to submit specific data and information thereon through surveys, questionnaires or other means.

VASPs shall also comply with applicable rules that may be issued by other regulatory authorities.

Transactional Requirements for VASPs. VASPs and other BSFIs that engage in or facilitate VA transfers shall consider all VA transfer transactions as cross-border wire transfers and shall comply with pertinent rules on wire transfers as stated in Part Six (AML Regulations) of this Manual.

For VA transfers amount to ₱50,000.00 or more, or its equivalent in foreign currency, the originating institution in a VA transfer must obtain and hold the required and accurate originator information as well as the required beneficiary information, and transmit said information to the beneficiary institution. Beneficiary institutions must obtain and hold required originator information as well as required and accurate beneficiary information. All the information gathered shall be made available on request to competent authorities.

The required information for VA transfers, including transactions associated with a VA transfer, includes the following:

a. originator's name (i.e., the sending customer);
b. originator's account number used to process the transaction (e.g., the VA wallet);

c. originator's physical (geographical) address, or national identity number, or customer identification number (i.e., not a transaction number) that uniquely identifies the originator to the ordering institution, or date and place of birth;
d. beneficiary's name; and
e. beneficiary account number where such an account is used to process the transaction (e.g., the VA wallet).

The required information must be transmitted immediately and in a secure manner. VASPs shall uphold the confidentiality, integrity and availability of the required information to facilitate recordkeeping and use of such information by receiving VASPs or other covered entities, as well as to prevent unauthorized disclosure. Entities should also submit the required information simultaneously or concurrently with the transfer itself.

For large value pay-outs of more than P500,000 or its equivalent in foreign currency, in any single transaction with customers or counterparties, enhanced due diligence shall be conducted and said pay-outs shall only be made via check payment or direct credit to deposit accounts or account to account transfer using electronic fund transfer facilities.

Notification and Reporting Requirements. A VASP shall comply with the notification and reporting requirements as prescribed under Sec. 901-N.

In addition, a VASP shall maintain records and submit the following reports to the appropriate supervising department of the Bangko Sentral:

Nature of Report	Frequency	Due Date
1. AFS (audited by an external auditor included in the List of Selected External Auditors for BSFIs)	Annually	Not later than 120 calendar days after the close of the reference calendar or fiscal year subject to the provisions under Sec. 901-N (*Reports*)
2. Quarterly Report on Total Volume and Value of VCs transacted*	Quarterly	Ten (10) business days from end of reference quarter
3. List of operating offices and websites*	Quarterly	Ten (10) business days from end of reference quarter

**Duly certified by the Proprietor/Managing Partner/President or any officer of equivalent rank*

A VASP shall ensure that transaction and due diligence records are maintained for a period of at least five (5) years and adhere to other guidelines issued by the Bangko Sentral on the maintenance of records.

Sanctions. Appropriate monetary penalties, sanctions and other enforcement action/s specified under Sec. 901-N shall be imposed on the VASP, their directors and/or officers for the noted violations.

(Circular No. 1108 dated 26 January 2021, M-2019-006 dated 14 March 2019, Circular Nos. 1075 dated 7 February 2020, 1039 dated 3 May 2019 and 944 dated 06 February 2017)

PART TEN

OTHER REGULATIONS APPLICABLE TO SPECIFIC TYPES OF NON-BANK FINANCIAL INSTITUTIONS

1001-N MINIMUM CAPITAL FOR INVESTMENT HOUSES

Investment houses not performing quasi-banking functions shall also be subject to the minimum capital requirement in Sec. 121-Q.

1002-N SECURITIES CUSTODIANSHIP AND SECURITIES REGISTRY OPERATIONS

Policy statement. It is the policy of the Bangko Sentral to promote the protection of investors in order to gain their confidence and encourage their participation in the development of the domestic capital market. Therefore, the following rules and regulations are promulgated to enhance transparency of securities transactions with the end in view of protecting investors.

Definition of Terms. The following definitions shall apply:

a. *Securities custodian* is a financial institution accredited by the Bangko Sentral that is designated by investor to perform the functions of safekeeping, holding title to the securities in a nominee capacity, reports rendition, mark-to-market valuation, collection and payment of dividends, interest earnings or proceeds from the sale/redemption/maturity of securities held under custodianship, and representation of the client in corporate actions. It may also perform the value-added service as a securities lending agent, subject to the conditions specified under this Section.

b. *Securities registry* is a financial institution duly authorized by the Bangko Sentral and the Securities and Exchange Commission (SEC) that is designated or appointed by an issuer of securities to maintain the securities registry book either in electronic or in printed form. It records the initial issuance of the securities and subsequent transfers of ownership and issues registry confirmations to the buyers/holders.

c. *Self-managed custodianship arrangement* refers to an arrangement where securities sold to or managed on behalf of a BSFI's clients are maintained under a BSFI's own unit performing securities custodian services.

d. *Central securities depository (CSD)* is an entity duly-authorized by the SEC that provides securities accounts, central safekeeping services, and asset services, which may include the administration of corporate actions and redemptions, and helps ensure the integrity of securities issues.

e. *International Central Securities Depository (ICSD)* refers to a central securities depository (CSD) such as Clearstream and Euroclear, where foreign currency denominated Philippine securities, such as the Republic of the Philippines and US dollar denominated bonds, are held under custody. Dealers and banks in the Philippines usually maintain accounts with the ICSDs that will facilitate settlement and safekeeping of the covered securities under this regulation.

f. *Omnibus securities custodianship account* is an account structure where securities or collateral belonging to some or all customers of a securities custodian is commingled and held in a single account that is segregated from the account that holds the assets of the BSFI acting as custodian. The ultimate ownership of all the assets in the account is maintained by the custodian in its books of records.

Applicability of this regulation. This regulation shall govern securities custodianship and securities registry operations of non-bank financial institutions (NBFIs) under Bangko Sentral supervision. It shall cover all their transactions in securities as defined in Section 3 of the Securities Regulation Code (SRC), whether exempt or required to be registered with the SEC, that are sold, borrowed, purchased, traded, held under custody or otherwise transacted in the Philippines where at least one (1) of the parties is a NBFI under Bangko Sentral supervision. However, this regulation shall not cover the operations of stock and transfer agents duly registered with the SEC pursuant to the provisions of SRC Rule 36-4.1 and whose only function is to maintain the stock and transfer book for shares of stock.

Application for authority. A NBFI applying for authority engage in securities custodianship and/or securities registry operations shall submit the following documents to the appropriate supervising department of the Bangko Sentral:

a. Notification letter signed by the president or officer of equivalent rank that the BSFI will engage in securities custodianship operations. For this purpose, the notification letter shall describe the unit that will handle the securities custodianship operations and how the BSFI complies with Item *"b"* of the prequalification requirements;

b. Corporate secretary's certificate on the approval of the board of directors (or equivalent management committee in the case of foreign bank branches) to engage in securities custodianship operations; and

c. Certification signed by the president or officer of equivalent rank and the chief compliance officer (CCO) certifying that the institution has complied with all the:

(1) prudential criteria prescribed under Sec. 101-N; and
(2) pre-qualification requirements for a securities custodian and securities registry under this Section.

The Bangko Sentral reserves the right to issue a notice of objection, within 30 calendar days from receipt of the notification letter and other required documents from the NBFI, to the application for authority to engage in securities custodianship operations and/or securities registry operations. In this regard, the NBFI that did not receive any notice of objection from the Bangko Sentral within the said 30-day period may proceed with the securities custodianship and/or securities registry operations.

Pre-qualification requirements for a securities custodian/registry.

a. The securities custodian/registry must be a universal/commercial bank (U/KB), an investment house with quasi-banking authority (IHQB), or a non-bank financial institution (NBFI) under the Bangko Sentral supervision with a trust authority, or a stand-alone trust corporation. A U/KB or an IHQB may propose to offer securities custodianship services either through the bank/investment house (IH) proper or its trust department;

b. The securities custodianship operations shall be conducted in a unit that is separate from the securities underwriting, dealing, or brokering operations of the BSFI;

c. The securities custodian must have adequate information technology (IT) infrastructure to ensure the protection, safety and integrity of client assets;

(1) It can maintain an electronic registry dedicated to recording of accountabilities to its clients; and
(2) It must also have an updated, comprehensive and secured IT security system network and telecommunication facilities that will:

(a) Limit access only to authorized users;
(b) Preserve data integrity; and
(c) Provide for audit trail of transactions.

d. At the minimum, it maintains the following documents/information which shall be made available upon request by the appropriate supervising department of the Bangko Sentral:

(1) relevant standard custody/registry agreement and other documents. In the case of self-managed securities custodianship arrangements, these shall include the written consent of the owner of securities to said arrangement;

(2) policies, procedures, and organizational structure related to the custody/registry business; and

(3) transaction records

e. It shall be headed by a qualified person with at least two (2) years of experience in treasury, trust, or custody/registry operations;

f. Its system can interface with the: (1) clearing and settlement system of any recognized exchange in the country that settles securities transactions on a Delivery-versus-Payment (DvP) basis, and (2) with a payment system that facilitates real time gross settlement of securities transactions; and

g. A securities custodian which offers the value-added service of lending securities that are sold, offered for sale or distributed within the Philippines, must be a duly-licensed lending agent registered with the SEC.

Functions and responsibilities of a securities custodian. A securities custodian shall have the following basic functions and responsibilities:

a. Safekeeps the securities of the client;

b. Holds title to the securities in a nominee capacity;

c. Executes purchase, sale and other related instructions;

d. Conducts at least a monthly reconciliation for securities custodians and an end-of-day reconciliation in the case of self-managed securities custodians to ensure that all securities custodianship positions are properly recorded and accounted for;

e. Confirms tax withheld;

f. Represents clients in corporate actions in accordance with the direction provided by the securities owner;

g. Conducts mark-to-market valuation and statement rendition;

h. Does earmarking of encumbrances or liens such as, but not limited to, Deeds of Assignment and court orders; and

i. Acts as a collecting and paying agent in respect of dividends, interest earnings or proceeds from the sale/redemption/maturity of securities held under custodianship: *Provided*, That the custodian shall immediately make known to the securities owner all collections received and payments made with respect to the securities under custody.

j. In addition to the above basic functions, it may perform the value-added service as a securities lending agent: *Provided*, That it complies with the Item *"(g)"* of the prequalification requirements for a securities custodian/registry under this Section: *Provided*, *further,* That the securities custodian complies with the SEC regulations governing securities lending transactions and with the guidelines of the organized market in which the deal is transacted; *Provided finally*, That the service shall be covered by a Securities Lending Authorization Agreement (SLAA) which shall be attached to the custody contract.

Functions and responsibilities of a securities registry.

a. Maintains an electronic registry book;
b. Delivers confirmation of transactions and other documents within agreed trading periods;
c. Issues registry confirmations for transfers of ownership as it occurs;
d. Prepares regular statement of securities balances at such frequency as may be required by the owner on record but not less frequent than every quarter; and
e. Follows appropriate legal documentation to govern its relationship with the Issuer.

***Protection of securities of the customer*.** A custodian must incorporate the following procedures in the discharge of its functions in order to protect the securities of the customer:

a. *Full disclosure to clients.* Selling or dealing banks or other BSFIs authorized to transact in securities with clients shall inform their clients of the arrangements for the custody of their securities. The selling or dealing bank or BSFI must inform their clients that the choice of securities custodian or CSD is the sole prerogative of the securities purchaser or investor. It shall also provide the complete list of all Bangko Sentral-accredited custodians or SEC-authorized central securities depositories to its clients. The transacting bank or BSFI may, however, indicate to their clients their preferred arrangements.

The securities custodian shall ensure that its clients are informed of the relevant laws and regulations that are applicable to the securities custodianship arrangement as well as the client's rights over the securities held in custody by the NBFI.

b. *Accounting and recording for securities*. Custodians must employ accounting and safekeeping procedures that fully protect customer securities. It is essential that custodians segregate customer securities from one another and from its proprietary holdings to protect the same from the claims of its general creditors.

The securities account in the registry shall be recorded at the nominal amount of Php1.00. Such securities account shall reflect the name and relevant customer information of the individual clients.

For securities held at CSDs/ICSDs on behalf of clients, the account in the CSD/ICSD shall reflect the name and relevant customer information of individual clients to the extent practicable. An omnibus account for clients that is segregated from that of the custodian's proprietary assets, shall be allowed provided that the name and relevant customer information of the individual clients are reflected in the records of the custodian that maintains the account in the CSD/ICSD.

c. *Documentation*. The appropriate documentation for securities custodianship shall be made and it shall clearly define, among others, the authority, role, responsibilities, fees and provision for succession in the event the securities custodian can no longer discharge its functions. It shall be accepted in writing by the counterparties.

The governing securities custodianship agreement shall be pre-numbered and this number shall be referred to in all amendments and supplements thereto. The securities custodianship agreement shall contain at the minimum the; (a) rights and obligations of the parties; (b) fees for the services offered by the custodian/depository; and (c) scope and term/period of the Agreement.

The securities purchasers/owners may, designate/appoint a representative or agent for the purpose of opening of the custodianship/securities deposit account and the execution of trade transactions (i.e., buying and selling instructions including relaying of instructions to the custodian/CSD to receive or deliver securities in order to consummate the buy/sell transactions).

In addition, a BSFI offering self-managed securities custodianship arrangement shall: (i) secure a written consent from the client designating the BSFI as the custodian for securities bought; (ii) tag the securities as non-tradeable unless with prior consent of the clients; and (iii) subject the arrangement to periodic review or audit by a third party.

d. Confirmation of custody. The securities custodian shall issue a custody confirmation to the purchaser or borrower of securities to evidence receipt or transfer of securities as they occur. It shall contain, as a minimum, the following information on the securities under custody:

(1) Owner of securities;
(2) Issuer;
(3) Securities type and type of transactions (free deliver/free receipt, receive vs. payment/deliver vs. payment);
(4) Identification or serial numbers;
(5) Quantity;
(6) Face value;
(7) Settlement Amount;
(8) Trade Date;
(9) Counterparty; and
(10) Other information, which may be requested by the parties.

e. *Periodic reporting.* The client statements of accounts (SOA) shall be prepared either in print or electronic form on a quarterly basis. In the case of self-managed securities custodians, it shall be prepared at least on a monthly basis. The SOA shall also be prepared at such interval as the owner of securities will require; *Provided*, that it shall not be less frequent than the quarterly or monthly reporting requirement. The SOA shall be delivered to the registered owner's home/email address on record. Said statement shall present detailed information such as, but not limited to, inventory of securities of the client held under custody, outstanding, and market values.

Independence of the securities custodian and securities registry. A BSFI authorized to offer securities custodianship/securities registry services are prohibited from performing the said services for its own securities issued. A BSFI performing custodianship/securities registry services for a related party shall ensure that appropriate safeguards and controls as provided under Section 136 on related party transactions shall be instituted to prevent conflict of interest on the said arrangement.

National Registry of Scripless Securities of the Bureau of the Treasury. The National Registry of Scripless Securities (NRoSS), operated by the Bureau of the Treasury which is acting as a registry for government securities is deemed to be automatically accredited for purposes of this Section and is likewise exempted from the independence requirement under this Section (Independence of the securities custodian and securities registry). Securities registered under the NRoSS shall be delivered in accordance with the guidelines set forth in *Appendix Q-38.*

Confidentiality. A Bangko Sentral-accredited securities custodian/registry shall not disclose to any unauthorized person any information relative to the securities under its custodianship/registry. The management shall likewise ensure the confidentiality of client accounts of the custody or registry unit from other units within the same organization.

Compliance with Anti-Money Laundering laws/regulations. Compliance with the requirements on Republic Act (R.A) No. 9160, otherwise known as the "Anti-Money Laundering (AML) Act of 2001", as amended, by Bangko Sentral -accredited securities custodians/securities registries or SEC-authorized central securities depositories shall be governed by AML rules and regulations issued by their supervising authorities, such as the Bangko Sentral or the SEC.

For purposes of compliance with the customer identification, record keeping, and reporting of covered and suspicious transactions, a Bangko Sentral - accredited custodian may rely on referral by the seller issuer of securities: *Provided*, That it maintains a record of such referral together with the minimum identification, information/documents required under the law and its implementing rules and regulations; *Provided, further*, That, the ultimate responsibility for customer due diligence (CDD) and record-keeping remains with such Bangko Sentral-accredited securities custodian.

Securities subject to pledge and/or deed of assignment as of 14 October 2004 (date of Circular 457), may be held by a lending NBFI up to the original maturity of the loan or full payment thereof, whichever comes earlier.

Additionally, a Bangko Sentral-accredited securities custodian/securities registry or SEC-authorized central securities depository may rely on the customer identification process undertaken by a third party pursuant to existing AML rules and regulations. Notwithstanding the above, the custodian, registry or CSD is not precluded from conducting its own Know-Your-Customer (KYC) activities and maintaining direct holding of the KYC information/documents of its clients.

Basic security deposit. Securities held under custodianship whether booked in the Trust Department or carried in the regular books of the NBFI shall be subject to a security deposit for faithful performance of duties at the rate of 1/25 of one percent (1%) of the total face value or P500,000 whichever is higher.

However, securities held under custodianship where the custodian also performs securities lending as agent shall be subject to a higher basic security deposit of one percent (1%) of the total face value of securities held under custodianship.

Compliance shall be in the form of eligible government securities deposited with the Bangko Sentral, pursuant to existing regulations governing security for the faithful performance of trust and other fiduciary business under Sec. 416-Q.

Required Reports. An accredited securities custodian shall comply with reportorial requirements, prescribed under Item *"b"* of Sec. 416-Q *(Compliance with the basic security deposit requirement)*

Supervisory enforcement action. Consistent with Sec. 001-N, the Bangko Sentral reserves the right to deploy a range of supervisory tools to ensure compliance with the requirements set forth in these guidelines. Non-compliance with, and any other violations of these guidelines shall constitute reasonable grounds for the Bangko Sentral to deploy its enforcement tools, including but not limited to, citing a BSFI for conducting business in an unsafe or unsound manner should its activities result in abnormal risk to the institution. A BSFI may likewise be directed to refrain from engaging in or be suspended from securities custodianship and/or securities registry operations if there are serious supervisory issues. Sanctions may be imposed on the BSFI and responsible persons, including monetary sanctions against the BSFI and/or erring directors, officers, and employees under Sec. 806-N.

(Circular Nos. 1121 dated 8 June 2021, 1032 dated 15 February 2019, 998 dated 1 March 2018, and 873 dated 25 March 2015)

1003-N TRUST AND OTHER FIDUCIARY ACTIVITIES

Trust operations and investment management activities of NBFIs not performing quasi-banking functions shall be subject to the applicable regulations on such activities of NBFIs performing quasi-banking functions in Part IV of the *Q*-Regulations, to the regulations in the other parts of the Q-Regulations addressed also to trust entities and to the regulations implementing the Truth in Lending Act in Sec. 305-Q.

Sanctions. Pursuant to Section 91 of R.A. No. 8791, the Monetary Board may impose sanctions and monetary penalty for any violation of the provisions of the Q-Regulations pertaining to trust entities and the regulations implementing the Truth in Lending Act in 305-Q. This is without prejudice to the imposition of other sanctions as the Monetary Board may consider warranted that may include the suspension or revocation of an institution's authority to engage in trust and other fiduciary business or in investment management activities, and such other sanctions as may be provided by law. If the offender is a director or officer of the trust entity, the Monetary Board may also suspend or remove such director or officer. If the violation is committed by a corporation, such corporation may be dissolved by *quo warranto* proceedings instituted by the Solicitor General.

The guidelines for the imposition of monetary penalty shown under Sec. 1102-Q shall govern the imposition of monetary penalty for violations/offenses with administrative sanctions falling under Section 37 of R.A. No. 7653 on NBFIs not performing quasi-banking functions, their directors and/or officers.

(Circular Nos. 1031 dated 7 February 2019 and 988 dated 20 December 2017)

1004-N RULES OF PROCEDURE ON ADMINISTRATIVE CASES INVOLVING DIRECTORS AND OFFICERS OF TRUST ENTITIES

The rules of procedure on administrative cases involving directors and officers of QBs in Sec. 137-Q shall apply to directors and officers of trust entities.

1005-N ACTING AS TRUSTEE ON ANY MORTGAGE OR BOND ISSUANCE BY ANY MUNICIPALITY, GOCC, OR ANY BODY POLITIC

a. *Applicability*. NBFIs duly accredited by the Bangko Sentral may act as trustee on any mortgage or bond issued by any municipality, GOCC, or any body politic.

b. *Application for accreditation*. An NBFI desiring to act as trustee on any mortgage or bond issued by any municipality, GOCC, or any body politic shall file an application for accreditation with the appropriate supervising department of the Bangko Sentral. The application shall be signed by the president or officer of equivalent rank of the NBFI and shall be accompanied by the following documents:

   (1) certified true copy of the resolution of the institution's board of directors authorizing the application; and
   (2) a certification signed by the president or officer of equivalent rank that the institution has complied with all the qualification requirements for accreditation.

c. *Qualification requirements*. An NBFI applying for accreditation to act as trustee on any mortgage or bond issued by any municipality, GOCC, or any body politic must comply with the requirements in *Appendix N-6*.

d. *Independence of the trustee.* An NBFI is prohibited from acting as trustee of a mortgage or bond issuance if any elective or appointive official of the LGU, GOCC, or body politic which issued said mortgage or bond and/or his related interests own such number of shares of the NBFI that will allow him or his related interests to elect at least one (1) member of the board of directors of such NBFI or is directly or indirectly the registered or beneficial owner of more than ten percent (10%) of any class of its equity security.

e. *Investment and management of the funds.* A domestic NBFI designated as trustee of a mortgage or bond issuance may hold and manage, in accordance with the provisions of the trust indenture or agreement, the proceeds of the mortgage or bond issuance and such assets and funds of the issuing municipality, GOCC, or body politic as may be required to be delivered to the trustee under the trust indenture/agreement, subject to the following conditions/restrictions:

(1) Pending the utilization of such funds pursuant to the provisions of the trust indenture/agreement, the same shall only be (i) deposited in any bank authorized to accept deposits from the Government or government entities: *Provided*, That the depository bank is not a subsidiary or affiliate of the trustee NBFI, or (ii) invested in peso-denominated treasury bills acquired/purchased from any securities dealer/entity, other than the trustee or any of its unit/department, its subsidiary or affiliate.

(2) Investments of funds constituting or forming part of the sinking fund created as the primary source for the payment of the principal and interests due the mortgage or bonds shall also be limited to deposits in any bank authorized to accept deposits from the Government or government entities and investments in government securities that are consistent with such purpose which must be acquired/purchased from any securities dealer/entity, other than the trustee or any of its unit/department, its subsidiary or affiliate.

f. *Waiver of confidentiality*. An NBFI designated as trustee of any mortgage or bond issued by any municipality, GOCC, or any body politic shall submit to the appropriate supervising department of the Bangko Sentral a waiver of the confidentiality of information under Sections 2 and 3 of R.A. No. 1405, as amended, duly executed by the issuer of the mortgage or bond in favor of the Bangko Sentral.

g. *Reportorial requirements*. An NBFI authorized by the Bangko Sentral to act as trustee of the proceeds of mortgage or bond issuance of a municipality, GOCC, or body politic shall comply with reportorial requirements that may be prescribed by the Bangko Sentral.

h. *Applicability of the rules and regulations on trust, other fiduciary business and investment management activities*. The provisions of the Rules and Regulations on Trust, Other Fiduciary Business and Investment Management Activities not inconsistent with the provisions of this Section shall form part of these rules.

i. *Sanctions*. Without prejudice to the penal and administrative sanctions provided for under Sections 36 and 37, respectively, of R.A. No. 7653, violation of any provision of this Section shall be subject to the following sanctions/penalties depending on the gravity of the offense:

(1) *First offense* –

(a) Fine of up to P10,000 a day for the institution for each violation reckoned from the date the violation was committed up to the date it was corrected; and
(b) Reprimand for the directors/officers responsible for the violation.

(2) *Second offense* –

(a) Fine of up to P20,000 a day for the institution for each violation reckoned from the date the violation was committed up to the date it was corrected;
(b) Suspension for ninety (90) days without pay for directors/officers responsible for the violation; and
(c) Revocation of the authority to act as trustee on any mortgage or bond issuance by any municipality, GOCC, or body politic.

(3) *Subsequent offense* –

(a) Fine of up to P30,000 a day for the institution for each violation reckoned from the date the violation was committed up to the date it was corrected;
(b) Suspension or revocation of the trust license;
(c) Suspension for 120 days without pay of the directors/officers responsible for the violation.

1006-N BANK DOSRI RULES AND REGULATIONS APPLICABLE TO GOVERNMENT BORROWINGS IN GOVERNMENT-OWNED OR -CONTROLLED FINANCIAL INSTITUTIONS

The provisions of Secs. 341 to 349 of the MORB, to the extent applicable, shall also apply to loans, other credit accommodations, and guarantees granted to the National Government or Republic of the Philippines, its political subdivisions and instrumentalities as well as GOCCs, subject to the following clarifications:

a. Loans, other credit accommodations, and guarantees to the Republic of the Philippines and/or its agencies/departments/bureaus shall be considered: (1) non-risk; and (2) not subject to any ceiling;

b. Loans, other credit accommodations, and/or guarantees to: (1) GOCCs; and (2) corporations where the Republic of the Philippines, its agencies/departments/bureaus, and/or GOCCs own at least twenty percent (20%) of the subscribed capital stock shall be considered indirect borrowings of the Republic of the Philippines and shall form part of the individual ceiling as well as the aggregate ceiling: *Provided*, That the following loans, other credit accommodations, and/or guarantees to GOCCs and corporations where the Republic of the Philippines, its agencies/departments/bureaus, and/or GOCCs own at least twenty percent (20%) of the subscribed capital stock, shall be excluded from the thirty percent (30%) ceiling on unsecured loans under Secs. 344 and 345 of the MORB:

   (1) Loans, other credit accommodations, and/or guarantees for the purpose of undertaking priority infrastructure projects consistent with the Medium-Term Development Plan/Medium-Term Public Investment Program of the National Government, duly certified as such by the Secretary of Socio-Economic Planning;

   (2) Loans, other credit accommodations, and/or guarantees granted to participating financial institutions (PFIs) in the lending programs of the government wherein the funds borrowed are intended for relending to other PFIs or end-user borrowers; and

   (3) Loans, other credit accommodations, and/or guarantees granted for the purpose of providing (i) wholesale and retail loans to the agricultural sector and MSMEs; and/or (ii) rediscounting and guarantee facilities for loans granted to the said sector or enterprises;

c. Loans, other credit accommodations, and/or guarantees granted to state universities and colleges (SUCs) shall be excluded from the thirty percent (30%) ceiling on unsecured loans under Secs. 344 and 345 of the MORB;

d. In view of the fiscal autonomy granted under R.A. No. 7653 and the independence prescribed under the Constitution, the Bangko Sentral shall be considered an independent entity, hence, not a related interest of the Republic of the Philippines and/or its agencies/departments/bureaus. Loans, other credit accommodations and guarantees of the Bangko Sentral shall be considered: (1) non-risk; and (2) not subject to any ceiling;

e. LGUs shall be considered separate from the Republic of the Philippines, other government entities, and from one another due to the full autonomy in the exercise of their proprietary functions and in the management of their economic enterprises granted to them under the Local Government Code of the Philippines, subject to certain limitations provided by law, hence, not a related interest of the Republic of the Philippines and/or its agencies/departments/bureaus;

f. Local Water Districts (LWDs), although GOCCs shall be considered separate from the Republic of the Philippines, other government entities, and from one another due to their fiscal independence from the National Government, hence, not related interests of the Republic of the Philippines and/or its agencies/department/bureaus, for purposes of these regulations;

g. A director who acts as a government representative in the lending institution shall not be excluded in the deliberation as well as in the determination of majority of the directors in cases of loans, other credit accommodations, and guarantees to the Republic of the Philippines and/or its agencies/departments/bureaus; and

h. A director of the lending institution shall be excluded in the deliberation as well as in the determination of majority of the directors in cases of loans, other credit accommodations, and guarantees to the borrowing government entity other than the Republic of the Philippines, its agencies, departments or bureaus where said director is also a director, officer or stockholder under existing DOSRI regulations.

GUIDELINES ON PRESCRIBED REPORTS SIGNATORIES AND SIGNATORY AUTHORIZATION
***(Appendix to Sec. 143-N on Reports*)**

Category A-2 reports of head offices shall be signed by the president, executive vice-presidents, vice-presidents or officers holding equivalent positions. Such reports of other offices/units (such as branches) shall be signed by their respective managers/officers in-charge. Likewise, the signing authority in this category shall be contained in a resolution approved by the board of directors in the format prescribed in *Appendix N-3.*

Category B reports shall be signed by officers or their alternates, who shall be duly designated in a resolution approved by the board of directors in the format as prescribed in *Appendix N-4.*

Copies of the board resolutions on the report signatory designations shall be submitted to the appropriate supervising department of the Bangko Sentral within three (3) days from the date of resolution.

FORMAT OF RESOLUTION FOR SIGNATORIES OF CATEGORY A-2 REPORTS
***(Appendix to Sec. 143-N on Categories and signatories of reports*)**

Resolution No. _____

Whereas, it is required under Sec. 143-N (*Categories and signatories of reports)* that Category A-2 reports of head offices be signed by the president, executive vice-presidents, vice-presidents or officers holding equivalent positions, and that such reports of other offices be signed by the respective managers/officers-in-charge;

Whereas, it is also required that aforesaid officers of the institution be authorized under a resolution duly approved by the institution's Board of Directors;

Whereas, we, the members of the Board of Directors of (Name of Institution), are conscious that, in designating the officials who would sign said Category A-2 reports, we are actually empowering and authorizing said officers to represent and act for or in behalf of the Board of Directors in particular and (Name of Institution) in general;

Whereas, this Board has full faith and confidence in the institution's President (and/or the Executive Vice-President, etc., as the case may be) and, therefore, assumes responsibility for all the acts which may be performed by aforesaid officers under their delegated authority;

Now, therefore, we, the members of the Board of Directors, resolve, as it is hereby resolved that:

Name of Officer	Specimen Signature	Position Title	Report No.

are hereby authorized to sign the Category A-2 reports of _____
(Name of Institution)

Done in the City of_____, Philippines, this____day of_____, 20____.

GUIDELINES ON THE SUSPENSION/DELISTING OF EXTERNAL AUDITOR IN THE LIST OF SELECTED EXTERNAL AUDITORS FOR BANGKO SENTRAL SUPERVISED FINANCIAL INSTITUTIONS (BSFIs)

(Appendix to Sec. 133-N on Framework on the Selection of External Auditors)

Section 1. Grounds for Suspension/Delisting of External Auditors

An external auditor included in the List of Selected Auditors for BSFIs shall be suspended or delisted by the Bangko Sentral, without prejudice to the imposition of other sanctions by the Securities and Exchange Commission (SEC)[1], under any of the following grounds:

a. Gross negligence in the conduct of the audit or failure to comply with the Philippine Standards on Auditing and such other issuances of the Auditing and Assurance Standards Council;

b. Issuance of an unqualified opinion which is not supported by full compliance by the auditee with the applicable financial reporting framework due to material deficiencies or misstatements in the financial statements;

c. Conduct of an audit despite the lack or eventual loss of independence as provided for under the Code of Ethics for Professional Accountants in the Philippines;

d. Conduct of any non-audit services for his statutory audit clients, if he has not undertaken the safeguards to reduce the threat to his independence;

e. Any material misrepresentation in the reports submitted to the Bangko Sentral;

f. Failure to comply with the provisions set forth under Sec. 133-N;

g. Refusal for no valid reason, upon lawful order of the Bangko Sentral, to submit requested documents in connection with an ongoing investigation. The external auditor shall, however, be made aware of such investigation; and

h. Failure to obtain from the Securities and Exchange Commission an accreditation appropriate to the client's category provided under Sec. 133-N on the appointment of external auditor.

Section 2. Procedures and Effects of Delisting/Suspension

a. On the basis of the results of the assessment of the quality of audited financial statements and evidence on the existence of the grounds for suspension or delisting under Section 1 above, the external auditor shall be notified in writing by the appropriate supervising department of the Bangko Sentral of the existence of the ground for his/her suspension or delisting in the List of Selected External Auditors for BSFIs and shall be allowed to submit within fifteen (15) calendar days from receipt of such notice an explanation on why he/she should not be suspended/delisted, together with the evidence in support of his/her position.

   An external auditor shall only be suspended or delisted after due notice and opportunity to defend/clear himself/herself.

b. Failure of the external auditor concerned to reply within the period prescribed under Item "a" above, shall be considered as a waiver on his/her part of the opportunity to defend/clear himself/herself. In this respect, the appropriate supervising department of the Bangko Sentral shall proceed with the evaluation of the case based on available records/evidence.

c. Upon approval by the Monetary Board, the external auditor concerned shall be informed in writing by the appropriate supervising department of the Bangko Sentral of his/her suspension or delisting in the List of Selected External Auditors for BSFIs.

d. A suspended or delisted external auditor shall be automatically included in the Bangko Sentral's Watchlist Disqualification File "B" (temporary).

e. The Securities and Exchange Commission shall be immediately informed of the suspension or delisting of the external auditor.

f. Suspended external auditors may re-apply for inclusion in the List of the Selected External Auditors for BSFIs after the lapse of five (5) years from the date of effectivity of the suspension.

(Circular No. 1040 dated 20 May 2019)

[1] Accrediting Agency duly designated by the member-agency of the Financial Sector Forum, comprising of the Bangko Sentral ng Pilipinas, Securities and Exchange Commission, Insurance Commission, and Philippine Deposit Insurance Corporation.

QUALIFICATION REQUIREMENTS
FOR A BANK/NON-BANK FINANCIAL INSTITUTION APPLYING FOR
ACCREDITATION TO ACT AS TRUSTEE ON ANY MORTGAGE OR BOND
ISSUED BY ANY MUNICIPALITY, GOVERNMENT-OWNED OR
CONTROLLED CORPORATION, OR ANY BODY POLITIC
***(Appendix to Sec. 1005-N*)**

A bank/NBFI applying for accreditation to act as trustee on any mortgage or bond issued by any municipality, government- owned or controlled corporation, or any body politic must comply with the following requirements:

a. It must be a bank or NBFI under Bangko Sentral supervision;

b. It must have a license to engage in trust and other fiduciary business;

c. It must have complied with the minimum capital accounts required under existing regulations, as follows:

UBs and KBs	The amount required under existing regulations or such amount as may be required by the Monetary Board in the future.
Branches of Foreign Banks	The amount required under Foreign Banks existing regulations.
Thrift Banks	₱650.0 million or such amounts as may be required by the Monetary Board in the future.
NBFIs	Adjusted capital of at least ₱300.0 million or such amount as may be required by the Monetary Board in the future.

d. Its risk-based capital adequacy ratio is not lower than twelve percent (12%) at the time of filing the application;

e. The articles of incorporation or governing charter of the institution shall include among its powers or purposes, acting as trustee or administering any trust or holding property in trust or on deposit for the use, or in behalf of others;

f. The by-laws of the institution shall include among others, provisions on the following:

(1) The organization plan or structure of the department, office or unit which shall conduct the trust and other fiduciary business of the institution;
(2) The creation of a trust committee, the appointment of a trust officer and subordinate officers of the trust department; and
(3) A clear definition of the duties and responsibilities as well as the line and staff functional relationships of the various units, officers and staff within the organization.

g. The bank's operation during the preceding calendar year and for the period immediately preceding the date of application has been profitable;

h. It has not incurred net weekly reserve deficiencies during the eight (8) weeks period immediately preceding the date of application;

i. It has generally complied with banking laws, rules and regulations, orders or instructions of the Monetary Board and/or Bangko Sentral Management in the last two preceding examinations prior to the date of application, particularly on the following:

(1) election of at least two (2) independent director;
(2) attendance by every member of the board of directors in a special seminar for board of directors conducted or accredited by the Bangko Sentral;
(3) the ceilings on credit accommodations to DOSRI;
(4) liquidity floor requirements for government deposits;
(5) single borrower's loan limit; and
(6) investment in bank premises and other fixed assets.

j. It maintains adequate provisions for probable losses commensurate to the quality of its assets portfolio but not lower than the required allowance for credit losses as determined by the Bangko Sentral;

k. It does not have float items outstanding for more than sixty (60) calendar days in the “Due From/To Head Office/Branches/Other Offices” accounts and the “Due from Bangko Sentral” account exceeding one percent (1%) of the total resources as of date of application;

l. It has established a risk management system appropriate to its operations characterized by clear delineation of responsibility for risk management, adequate risk measurement systems, appropriately structured risk limits, effective internal controls and complete, timely and efficient risk reporting system;

m. It has a CAMELS Composite Rating of at least "3" in the last regular examination with management rating of not lower than "3"; and

n. It is a member of the PDIC in good standing (for banks only).

Compliance with the foregoing as well as with other requirements under existing regulations shall be maintained up to the time the trust license is granted. A bank that fails in this respect shall be required to show compliance for another test period of the same duration.

REGISTRATION PROCEDURES FOR RTC/MC/FXD

***(Appendix to Sec. 901-N on Money Service Business Operations and Sec. 902-N on Virtual Asset Service Providers*)**

Registration constitutes a two-stage process. Stage 1 is a preliminary screening process for Bangko Sentral to determine if applicant is eligible for registration. In Stage 2, the eligible applicant is invited to submit supporting documents to complete the registration process.

A. First Stage

The new applicant shall submit the following for evaluation:

1. Application letter;
2. Business plan including target markets; and
3. List of owners/controlling shareholders, directors, and principal officers, as applicable.

B. Second Stage

If the applicant is deemed eligible in Stage 1, the applicant shall be invited to submit a notarized Application for Registration to Operate a Money Service Business, accompanied by the following documents:

1. Notarized Deed of Undertaking (*Appendix N-8*);

2. Compliance with fitness and propriety requirements by the proprietor, partners, directors, president or officer of equivalent rank and function, and over-all head of the money service business operation and the head of the compliance unit, as the case maybe. For this purpose, applicants shall be required to submit the following:

    a. Personal Data and Authorization Form *(Appendix N-9)*;
    b. NBI Clearance, or its equivalent, if issued in foreign jurisdiction; and
    c. Proof of attendance to the mandatory training on anti-money laundering/combating the financing of terrorism;

3. Business license/permit for the current period[1]; and

4. Proof of provisional registration with the Anti-Money Laundering Council Secretariat.

(Circular Nos. 1108 dated 26 January 2021, 1039 dated 3 May 2019, and 942 dated 20 January 2017)

[1] The entity name, business address and activity(ies) indicated therein should be consistent with the business registration with the DTI/SEC/CDA, as applicable. The details in said business permit shall be used as basis in the issuance of Certificate of Registration.

DEED OF UNDERTAKING

(Appendix to Sec. 901-N on Money Service Business Operations and Sec. 902-N on Virtual Asset Service Providers)

I/We (the Proprietor/Partners/Members of the Board of Directors) and key executive officers of (Name of Institution), a legal entity duly authorized to operate under the laws of the Philippines, with principal place of business at_____, by these presents, do hereby obligate ourselves, individually and collectively, to undertake and ensure:

1. Strict compliance with all the requirements, rules and regulations of the Bangko Sentral regarding the registration and operations of money service business, as well as the provisions of Republic Act (R.A.) No. 9160 [The Anti-Money Laundering Act (AMLA) of 2001], as amended, R.A. No. 10168 (The Terrorism Financing Prevention and Suppression Act of 2012) and their implementing rules and regulations;

2. Responsibility for any violation of the provisions of R.A. No. 9160 (The AMLA of 2001), as amended, R.A. No. 10168 (The Terrorism Financing Prevention and Suppression Act of 2012), and their implementing rules and regulations, and for possible sanctions prescribed under Section 36 of R.A. No. 7653, as amended, (The New Central Bank Act) and other applicable laws, rules and regulations;

3. Financial capacity to organize and operate a money service business and full compliance with the minimum capitalization prescribed under Sec. 901-N (*Requirements for registration*);

4. Compliance with the requirements on customer due diligence, covered and suspicious transaction reporting, and record keeping and retention;

5. Development, adoption and dissemination to all employees concerned of a Money Laundering and Terrorist Financing Prevention Program (MTPP);

6. Exclusive use of bank account/s in the name of the registered entity in its official business transactions and to provide a certified list of all bank account/s supported by confirmation from depository bank/s which shall be subject to Bangko Sentral inspection/ examination for anti-money laundering (AML)/combating the financing of terrorism (CFT) purposes;

7. Notification of the appropriate supervising department of the Bangko Sentral within the prescribed deadline of the following events: (a) commencement of operations; (b) change of registered/business name; (c) new office/s; (d) new/terminated tie-up partner/s; (e) transfer of location of office/s; (f) additional money service business; (g) closure of office/s; and (h) closure of business;

8. Prior approval from the appropriate supervising department of the Bangko Sentral for any change in ownership or control;

9. Strict compliance with the requirements of maintenance of records and submission of required reports;

10. Maintenance of an internal control system commensurate to the nature, size and complexity of the business;

11. Adoption of minimum standards of consumer protection in the areas of disclosure and transparency, protection of client information, fair treatment, effective recourse and financial education pursuant to the MORNBFI - N Regulations;

12. Compliance with the applicable provisions of the Information Technology Risk Management Framework of the MORNBFI - N Regulations;

13. Payment to the Bangko Sentral of the following fees: (a) registration fee; (b) annual service fee; (c) metal plate; and (d) processing fee for the replacement of Bangko Sentral Certificate of Registration;

14. Strict compliance with the transactional requirements on the large value pay-outs and the sale of foreign currencies, and obtaining prior approval from the appropriate supervising department of the Bangko Sentral before transacting higher limits on the sale of foreign currencies;

15. Strict compliance with possible monetary sanctions/penalties and other sanctions as imposed by the Bangko Sentral;

16. Submission of the complete list of our foreign or local counterparties, including their contact details (i.e., business address, contact person and its numbers) *(this provision is applicable to Remittance and Transfer Company [RTC] only);*

17. Contracting with counterparty(ies) that is/are licensed/authorized/ registered to engage in remittance business and is/are subject to the AML/CFT laws of the country where it operates *(this provision is applicable to RTC only);*

18. Responsibility for the Remittance Sub-Agent's compliance with all applicable AML/CFT laws, rules and regulations (this provision is applicable to RTC only);

19. Timely renewal of the business permits of all of its offices, which indicate the line of business, from the city or municipality having territorial jurisdiction over the place of establishment and operation of the respective offices; and

20. Attendance of the proprietor, partners, directors, president or officer of equivalent rank and function and head of the money service business operation and the compliance unit to a seminar on AML/CFT laws, rules and regulations, before start of operations, conducted by the Bangko Sentral, AML Council Secretariat, or any reputable training provider.

For this purpose, [Name of Institution] shall be responsible in ascertaining whether the external training provider has an adequate track record of successfully conducting training programs preferably on financial institution-oriented courses including, but not limited to, AML/CFT training.

21. Net peso revenues of embassies/consulates of foreign countries	Statement of net peso revenues (Peso revenues less expenses) certified by the Embassy's/Consulate's authorized officer
22. FX obligations of Philippine credit card companies to international credit card companies/non-resident merchants	Summary billings
23. Support of dependents abroad	a. Consular certificate or its equivalent documents to prove that the dependent is permanently residing abroad not earlier than one (1) year from FX application date; and b. Certified true copy of birth certificate, marriage contract, adoption papers, whichever is applicable.

24. Subscriptions to foreign magazines or periodicals	Billing statement
25. Membership dues and registration fees to associations abroad	a. Proof of membership; and b. Billing statement
26. Mail fees	a. Copy of contract or agreement; and b. Billing statement

B. Sale of foreign exchange for payment of foreign/foreign currency loans, regardless of amount	
Purposes	**Documents Required (All originals except as indicated)**
Foreign/foreign currency loan payments Payments related to guarantees and similar arrangements including Risk Take Over Arrangements (RTO)	Billing statement from creditor. Amounts that may be purchased shall be limited to maturing amounts on scheduled due dates. Remittance of FX purchased shall coincide with the due dates of the obligations to be serviced. FX-selling entity shall stamp "FX SOLD", date of sale and the amount/s sold on the original billing statement.
Resulting FX liabilities arising from guarantees and similar arrangements including RTO not involving foreign/FCDU loans.	Copies of: a. Arrangements guarantee/similar arrangement; b. Stand by Letter of Credit (SLC) or guarantee contract or agreement; c. Proof/notice of original obligor's default and creditor's call on the guarantee; and d. Billing statement from the non-resident or local bank guarantor
Payments related to Build-Operate-Transfer and similar financing schemes with transfer arrangements Regular Fees	Copies of: a. Covering arrangements/contracts; and b. Billing statement from private sector project company/proponent.

C. Sale of foreign exchange for capital repatriation/remittance of dividends/profits/earnings, outward investments and residents' investments in foreign currency-denominated bonds/notes issued by the Republic of the Philippines and other Philippine entities, regardless of amount	
Purposes	**Documents Required (All originals except as indicated)**
1. Capital repatriation of: a. Portfolio investments in: i. PSE-listed securities; ii. Peso government securities; iii. Money market instruments (MMI); iv. Peso bank deposits	 Broker's sales invoice Confirmation of purchase for peso government securities Matured contract for MMI Proof of withdrawal of deposit or matured certificate of deposit, as applicable.

b. Foreign direct equity investment	a. Photocopy of proof of sale or relevant documents showing the amount to be repatriated; in case of dissolution/capital reduction, proof of distribution of funds/assets such as statement of net assets in liquidation; b. Detailed computation of the amount applied for in the attached format (Attachment 1) prepared by the selling stockholder's representative; and c. Photocopy of pertinent audited financial statements
2. Remittance of dividends/profits/ earnings/interests	a. Photocopy of PSE-cash dividends notice interests and Philippine Central Depository (PCD) printout of cash dividend payment or computation of interest earned issued by MMI issuer or bank; b. Photocopy of secretary's sworn statement on the board resolution covering the dividend declaration; c. Photocopy of latest audited financial statements or interim financial statements covering the dividend declaration period (for direct foreign equity investments)
3. Resident's outward investment	
a. Direct equity investments	a. Photocopy of investment proposal/agreement, or subscription agreement; and b. Photocopy of deed of sale or assignment of the investments
b. Portfolio investments	a. Photocopy of subscription agreement, or bond/stock offering; b. Swift payment order instruction from the counterparty/broker/trader indicating the name of payee and type/kind of investment authenticated by the broker/trader; and c. Photocopy of investor's order to broke/trader to buy the securities
4. Residents' investments in FX-denominated bonds/notes issued by the Republic of the Philippines and other Philippine entities	a. Photocopy of subscription agreement or bond offering; b. Swift payment order instruction from the counterparty/broker/trader indicating the name of payee and type/kind of investment authenticated by the broker/ trader; and c. Photocopy of investor's order to broker/trader to buy the securities.

D. Sale of foreign exchange for payment of importations, regardless of amount.	
Purposes	**Documents Required (All originals except as indicated)**
Payment of merchandise import	a. Bill of lading or airway bill covering the merchandise imports; and b. Commercial invoice

BASIC GUIDELINES IN SETTING UP OF ALLOWANCE FOR CREDIT LOSSES
(Appendix to Sec. 122-N (Credit classification and provisioning))

BSFIs with credit operations that may not economically justify a more sophisticated loan loss estimation methodology or where practices fall short of expected standards shall, at a minimum, be subject to the following guidelines:

As a general rule, Especially Mentioned and Substandard – Underperforming [e.g., substandard accounts that are unpaid or with missed payment of less than ninety (90) days] shall be considered as Stage 2 accounts, while Substandard Non-performing, Doubtful, and Loss accounts shall be considered as Stage 3 accounts.

I. Individually Assessed Credit Exposures[1]

1. Loans and other credit exposures with unpaid principal and/or interest shall be classified and provided with allowance for credit losses (ACL) based on the number of days of missed payments as follows:

   For unsecured loans and other credit exposures:

No. of Days Unpaid/with Missed Payment	Classification	Minimum ACL	Stage
31 – 90 days	Substandard (underperforming)	10%	2
91 – 120 days	Substandard (non-performing)	25%	3
121 – 180 days	Doubtful	50%	3
181 days and over	Loss	100%	3

   For secured loans and other credit exposures:

No. of Days Unpaid/with Missed Payment	Classification	Minimum ACL	Stage
31 – 90 days*	Substandard (underperforming)	10%	2
91 – 180 days*	Substandard (non-performing)	10%	3
181 – 365 days	Substandard (non-performing)	25%	3
Over a year – 5 years	Doubtful	50%	3
Over 5 years	Loss	100%	3
** When there is imminent possibility of foreclosure and expectation of loss, ACL shall be increased to 25%.*			

   Provided, That where the quality of physical collaterals or financial guarantees securing the loans and advances are determined to be insufficient, weak or without recoverable values, such loans and advances shall be treated as if these are unsecured.

2. Loans and other credit exposures that exhibit the characteristics for classified accounts described under Sec. 122-N *(Credit classification and provisioning)* shall be provided with ACL as follows:

Classification	Minimum ACL	Stage
Especially Mentioned	5%	2
Substandard – Secured	10%	2 or 3[2]
Substandard – Unsecured	25%	2 or 3[2]
Doubtful	50%	3
Loss	100%	3

3. Unsecured loans and other credit accommodations classified as "Substandard" in the last two (2) internal credit reviews which have been continuously renewed/extended without reduction in principal and is not in process of

[1] Other credit exposures include exposures under the scope of PFRS 9, such as investments in debt securities measured at fair value through other comprehensive income and amortized cost, loan commitments, sales contract receivables, accounts receivables, accrued interest receivables, and advances.
[2] The stage depends on whether the accounts are classified as non-performing (Stage 3) or underperforming (Stage 2).

collection, shall be downgraded to "Doubtful" classification and provided with a fifty percent (50%) allowance for credit losses;

4. Loans and other credit accommodations under litigation which have been classified as "Pass" prior to the litigation process shall be classified as "Substandard" and provided with twenty percent (25%) allowance for credit losses.

5. Loans and other credit accommodations that were previously classified as "Pass" but were subsequently restructured shall have a minimum classification of EM and provided with a five percent (5%) allowance for credit losses, except for loans which are considered non- risk under existing laws, rules and regulations.

6. Classified loans and other credit accommodations that were subsequently restructured shall retain their classification and provisioning until the borrower has sufficiently exhibited that the loan will be fully repaid.

II. Collectively Assessed Loans[1] and Other Credit Exposures

1. Current "Pass" loans and other credit accommodations should be provided with a reasonable level of collective allowance, using historical loss experience adjusted for current conditions.

2. Loans and other credit exposures with unpaid principal and/or interest shall be classified and provided with ACL based on the number of days of missed payments as follows:

<u>For unsecured loans and other credit exposures:</u>

No. of Days Unpaid/with Missed Payment*	Classification	Minimum ACL	Stage
1 – 30 days	Especially Mentioned	2%	2
31 – 60 days / 1st restructuring	Substandard	25%	2 or 3[2]
61 – 90 days	Doubtful	50%	3[3]
91 days and over / 2nd restructuring	Loss	100%	3

** Par for microfinance loans*

<u>For secured and other credit exposures:</u>

No. of Days Unpaid/with Missed Payment	Classification	ACL %		Stage
		Other types of collateral	Secured by real estate	
31 – 90 days	Substandard (underperforming)	10	10	2
91 – 120 days	Substandard (non-performing)	25	15	3
121 – 360 days	Doubtful	50	25	3
361 days – 5 years	Loss	100	50	3
Over 5 years	Loss	100	100	3

Provided, That where the quality of physical collaterals or financial guarantees securing the loans and advances are determined to be insufficient, weak or without recoverable values, such loans and advances shall be treated as if these are unsecured.

[1] This includes microfinance loans, micro enterprises and small business loans and consumer loans such as salary loans, credit card receivables, auto loans, housing loans and other consumption loans, and other loan types which fall below the FI's materiality threshold for individual assessment

[2] The stage depends on whether the accounts are classified as non-performing (Stage 3) or underperforming (Stage 2).

[3] Sec. 304*(Accounts considered non-performing)*/303-Q/303-N*(Non-performing loans)* provides that doubtful accounts are considered as non-performing hence, shall be classified under Stage 3 notwithstanding the number of missed amortizations.

GUIDELINES AND PROCEDURES GOVERNING THE CONSUMER ASSISTANCE MANAGEMENT SYSTEM (CAMS) OF BSP-SUPERVISED FINANCIAL INSTITUTIONS

AGRICULTURE VALUE CHAIN - BUSINESS MODELS
***(Appendix to Sec. 305-N on Agricultural Value Chain Financing Framework*)**

The agriculture value chain business models are characterized by the main driver of the value chain, and its rationale or objectives. The following are the typical organizational models for smallholder production:

Model	Driver of organization	Rationale
Producer-driven (Association)	- small-scale producers, especially when formed into groups such as associations or cooperatives;	- access to new markets; - obtain higher market price; - stabilize and secure market position
Buyer-driven	- processors; - exporters; - retailers; - traders, wholesalers and other traditional market actors	- assure supply; - increase supply volumes; - supply more discerning customers - meeting market niches and interests
Facilitator-driven	- NGOs and other support agencies; - National and local governments	- 'make markets work for the poor'; - Regional and local development
Integrated	- lead firms; - supermarkets; - multi-nationals	- new and higher value markets; - low prices for good quality; - market monopolies

GUIDELINES ON GRANTING OF A LICENSE/AUTHORITY
(Appendix to Sec. 101-N)

I. Guiding principle

The Bangko Sentral, the licensing authority, has the power to set criteria and reject applications that do not comply with the criteria/standards set. In this light, the Bangko Sentral is providing the following guidelines on its licensing process to establish accountability and promote transparency to banks and BSFIs wishing to apply for any licenses/authorities within the jurisdiction of the Bangko Sentral. These guidelines also aim to provide more consistency in how risk-focused supervision is applied to licensing process.

The Bangko Sentral will not restrict the scope of risk-taking activities of BSFIs consequent of the licenses and/or authorities granted: *Provided,* That these licenses and/or authorities are in line with their business model and strategic direction: *Provided, further,* That BSFIs demonstrate the capacity and ability to implement these strategies.

As indicated in the new licensing policy, applications for licenses and/or authorities are categorized as follows:

a. *Type "A"* – applications for licenses and/or authorities where compliance with the defined prudential requirements/criteria described in Sec. 101-N is a pre-condition for applicants to be considered eligible;

b. *Type "B"* – applications for licenses and/or authorities processed regardless of risk profile; and

c. *Type "C"* -activities which no longer require submission of applications and processing but shall be subject to submission of reports/certification/notification within stated deadlines. However, compliance with pre-qualification requirements is subject to post verification and any false information and/or mispresentation may be a basis for the imposition of appropriate enforcement actions described in Sec. 101-N.

II. Guidelines and procedures

1. *Process flow*. The licensing application process involves four (4) stages, to wit:

a. *Stage 1. Eligibility test and assessment.* The Bangko Sentral shall consider an applicant's eligibility for licenses/authorities categorized as *Type "A"* in accordance with the standards and/or prudential criteria described in Sec. 101-N *(Prudential criteria)*; and whether approval thereof is consistent with applicable laws, rules, regulations, policies and safety and soundness considerations.

In this regard, BSFIs shall signify to the appropriate supervising department of the Bangko Sentral its interest to apply for a license(s) or authority/ies. However, the Bangko Sentral expects each BSFI to have conducted self-assessment vis-à-vis prudential criteria and/or requirements to determine whether it is eligible and/or qualified to apply for any specific license/authority, prior to signifying its interest.

BSFIs with CAMELS composite rating of below "3", or under PCA or rehabilitation may still be considered eligible, on a case by case basis, upon showing valid justifications and/or verifiable evidence of significant compliance with the comprehensive PCA plan (PCAP)/rehabilitation plan approved by the Bangko Sentral and/or if licenses and/or authorities applied for are vital to the implementation of the PCAP/rehabilitation plan.

b. *Stage 2. Application.* The BSFI upon receipt of notice and/or confirmation from the Bangko Sentral of its eligibility can now formally submit its application letter together with the documentary requirements, as applicable to the license/authority applied for. Applications with incomplete documentation will be returned without prejudice to re-submission of a complete application and collection of applicable fees.

c. *Stage 3. Processing.* Upon receipt of a complete application, the appropriate supervising department of the Bangko Sentral shall proceed in preparing the memorandum elevating to the appropriate approving authority of the Bangko Sentral its recommended action/s.

d. *Stage 4. Decision.* Within five (5) working days upon approval and/or confirmation from the appropriate authority of the Bangko Sentral, BSFIs shall expect to be notified of the decision on their request/application.

The Bangko Sentral may request information and/or documents aside from the minimum documentary requirements for each type of license/authority to arrive at an informed decision. It may also conduct limited inspection or validation, when warranted.

The Bangko Sentral may approve any application of an eligible applicant after evaluating the application and considering relevant factors. Likewise, the Bangko Sentral may deny applications if (a) significant supervisory or compliance concerns exist or (b) the applicants fail to provide material information necessary to make an informed decision.

2. *Responsibility*

The Bangko Sentral expects each applicant to prepare accurately and completely each application/certification/reports submitted to the appropriate supervising department of the Bangko Sentral.

By virtue of the application, the applicant authorizes the Bangko Sentral to conduct an on-site evaluation or inspection for the purpose of ascertaining compliance with relevant laws, rules, regulations and/or directives, and/or applicant's risk management capabilities, when warranted.

For this purpose, the applicant shall include in its application letter the authorization in favor of the Bangko Sentral giving its consent to the conduct of on-site verification of the documents and/or representations stated in the application filed in connection with the license or authority applied for.

3. *Fees*

An applicant, depending on its classification and type of license/authority applied for, shall be assessed the following fees per application:

i. *Processing fee* -shall be charged upon filing of an application and is non-refundable. In case of re-submission of application that is returned for incomplete documentation, another processing fee shall be charged anew; and

ii. *Licensing fee* -shall be charged to certain application upon approval.

The licensing fee shall be net of the processing fee.

For banks, assessed fees shall be debited from the applicants' demand deposit account with the Bangko Sentral upon the lapse of fifteen (15) calendar days reckoned from receipt of Bangko Sentral's decision on its request/application. For this purpose, banks shall, upon filing of an application, state in its application letter the authority to debit their demand deposit account with the Bangko Sentral for the applicable fees to the license or authority applied for. Otherwise, assessed fees shall be paid to the Bangko Sentral.

4. Post decision

Unless otherwise prescribed by the Bangko Sentral, an applicant may file a new application for a denied and/or withdrawn application after the lapse of six (6) months reckoned from the date of denial/withdrawal: *Provided*, That any weaknesses, deficiencies and/or non-compliance with any laws, rules, regulations and/or directives that made the applicants ineligible have already been satisfactorily addressed.

(Circular No. 947 dated 15 February 2017)

NATIONAL RETAIL PAYMENT SYSTEM (NRPS) FRAMEWORK
[Appendix to Sec. 501-N (Adoption of NPRD Framework)]

A. NRPS Framework

The NRPS is a policy and regulatory framework that aims to establish a safe, efficient, and reliable electronic retail payment system in the Philippines. Given that retail payment systems contribute to the stability and efficiency of the financial system as a whole, the attainment of the NRPS vision will help achieve higher economic growth and enhance overall competitiveness of our economy.

With the rapid evolution of retail payments due to advancements in technology, retail payments related activities of BSFIs introduced a complex interplay of different types of risks. Thus, while the Bangko Sentral promotes the modernization of the country's retail payment system in accordance with the NRPS Framework, it is critical to ensure that enabling policies and a multifaceted approach to strengthening risk management are timely adopted, and greater attention is devoted to retail payments activities of BSFIs such as clearing and settlement.

In carrying out these activities, BSFIs are expected to adhere to the NRPS Framework and measures aimed at strengthening risk management as set forth in Sec. 803 and this Appendix. Hence, the retail payment system and activities that BSFIs participate in should establish the following:

1. Strengthened risk management through a better, holistic and multi-stakeholder approach to governance, and an enhanced transparency of clearing and settlement transactions classified according to risk profile.

2. Augmented efficiencies and effectiveness in the retail payment system by minimizing duplicative efforts, promoting interoperability among retail payment system participants, standardizing clearing and settlement rules, and harmonizing various initiatives towards the achievement of the shared goals of safe, reliable and efficient retail payment system.

3. Continued compliance with Bangko Sentral rules and regulations particularly on information technology, consumer protection, and AML/CFT.

Retail payments under the NRPS Framework are payments that meet at least one of the following characteristics: (i) the payment is not directly related to a financial market transaction; (ii) the settlement is not time-critical; (iii) the payer, the payee, or both are individuals or non-financial organizations; and (iv) either the payer, the payee, or both are not direct participants in the payment system that is processing the payment. This definition of retail payment includes person-to-person, person-to-business, business-to-person, business-to-business, person/business-to-government, and government-to-person/business payments.[1] On the other hand, large-value payments refer to payments, generally of very large amounts, which are mainly exchanged between banks or between participants of financial markets and that usually require urgent and timely settlement.

The Bangko Sentral, as a central bank, generally plays a variety of essential roles in the payment system by being an operator of the real-time gross settlement system (RTGS), an overseer in core payment arrangements, a user and participant of payment services, and, most critically, a catalyst for payment system reform. lt is through the performance of these roles that the Bangko Sentral seeks to acquire a broader and holistic perspective on the role and the status of the payment system in the financial system and the economy in accordance with one of the pillars of central banking of promoting safe and efficient payment systems in the country.

1. Key Principles

    a. Governance of the payment system shall be separate and distinct from the actual clearing operations to enable the retail payment system participants to effectively and efficiently deploy resources to focused and specialized activities. The governance of the payment system includes the establishment and implementation of standards and rules among payment system participants.

    b. Sound governance shall be performed by an industry-led self-governing body that is duly recognized and overseen by the Bangko Sentral.

    c. All qualified BSFIs may apply to be direct clearing participants and, as such, participate in the governance structure.

[1] Developing a comprehensive National Retail Payments Strategy, Financial Infrastructure Systems Policy and Research, World Bank, October 2012, available at http://siteresources.worldbank.org/FINANCIALSECTOR/Resources/Developing_a_ comprehensive_national_retail_payments_strategy_for_G PW _IO _20%2BvL%29.pdf.

d. All clearing participants shall subscribe to and comply with the PSMB-formulated principles, policies, and business rules that will govern the payments system.

e. All clearing shall be done within the NRPS governance structure. Bilateral clearing arrangements outside of the NRPS governance structure are considered as undertakings that carry risks that cannot be identified, measured, monitored and/or controlled, nor can said undertakings be properly considered in attaining a holistic perspective and improving governance of the retail payment system. Hence, bilateral arrangements outside of the NRPS governance structure shall not be allowed and failure to comply therewith shall result in deployment of appropriate supervisory actions from the Bangko Sentral.

f. All significant retail payment streams shall be covered by an ACH.

g. Non-discriminatory participation shall be espoused in the retail payment system by allowing all qualified direct clearing participants to participate in the formulation of standards and rules, as well as participate in business arrangements.

h. A reasonable market-based and transparent pricing mechanism shall be adopted by all BSFIs which are clearing participants. Reasonable service fees shall be allowed only for actual services rendered directly related to the delivery of electronic financial and payment services to clients of a BSFI.

i. Bangko Sentral policies and supervisory actions, not directly involving payments governance within the scope of the PSMB, shall be addressed directly to the individual payment system participants as BSFIs.

2. Objectives:

a. To enable effective and efficient interface and interoperability using shared and resilient infrastructure;
b. To foster innovation and new business models;
c. To promote fair access and competition amongst NRPS participants;
d. To facilitate the provision of a wide range of payment products and services with needed certainty, affordability (based on a reasonable market-based pricing methodology) and trust; and
e. To make relevant information on retail payment system available to concerned stakeholders.

The NRPS Framework espouses the cooperation of different competitors, or what is known as *"coopetition"*, in the domestic retail payments by delineating areas to be covered between the cooperative and the competitive spheres.

It is recognized that certain areas are dedicated for cooperation and collaboration among BSFIs participating in the retail payment system towards the common goals of safety, efficiency, reliability and resiliency. This cooperative sphere centers on the clearing and settlement activities of BSFIs which shall collaborate through the formulation and implementation of clearing and settlement standards, rules, and agreements under a formal governance structure that conforms to the NRPS principles.

To complement the cooperative sphere is the competitive sphere where the NRPS principles promote competition through innovation in the delivery of quality and cost-effective financial products and services, the creation of new business models customized to the needs of target consumers, and the development of services with a higher level of security, among others. The competitive sphere shall be governed by reasonable, transparent and effective consumer pricing mechanisms to allow BSFIs cost-recovery and fair financial returns. Each BSFI shall be responsible for prescribing its pricing mechanisms for its financial products and services taking into consideration, among others, the nature of the product or service, the market segment to be served and the costs incurred to provide such product or service.

B. Governance - PSMB

The PSMB is an industry-led self-governing body that is duly recognized and overseen by the Bangko Sentral.

To attain a holistic perspective and multi-stakeholder organized structure that would bring about good governance in the retail payment system, BSFIs shall adhere to the following key principles when engaging in clearing activities and must do so only within the NRPS governance structure.

1. Key Principles

a. The retail payment transactions covered under the NRPS governance structure shall be as follows:

i. For card-based instruments, the card shall be both issued and acquired locally; and
ii. For online, mobile, or other electronic payment instructions/instruments, the account of payer (sender) and account of payee (recipient) shall be both maintained with BSFIs that are licensed to offer EFPS.

b. The PSMB shall be a not-for-profit juridical entity.

c. The PSMB shall adopt a Charter in consultation with the Bangko Sentral.

d. The PSMB membership criteria shall, at all times, be consistent with the NRPS Framework and Bangko Sentral regulations, in addition to the following principles:

   i. All qualified direct clearing participants should be members of the PSMB.
   ii. To be a PSMB member, a BSFI shall be a participant in at least one (1) ACH and actively participate in an ACH within one (1) month of joining the PSMB.
   iii. Each PSMB member shall be entitled to only one (1) vote.

e. The PSMB shall be funded by the members on an agreed basis.

f. The PSMB shall be governed by a PSMB board which shall observe the following principles:

   i. The PSMB board shall have multi-stakeholder representation in accordance with the volume of the risk-taking activities, such as clearing volume, within a specified time frame [e.g., immediately preceding twenty-four (24) months]. The basis for computing the clearing volume across all ACHs or payment streams shall include all payment streams with clearing activities as of the date when the election of the PSMB board is called, except if a valid reason is shown to limit the parameters.

   ii. The PSMB board shall also abide by sound corporate governance practices which may include, but is not limited to, allocating seat/s for independent board member/s or board member/s that represent/s the broader public interest and has/have competence and experience in the payments field.

   iii. The PSMB board members shall appoint as official representative their chief executive officer (CEO) and designate a formal alternate who can act with full authority (e.g., voting, approval, decision-making, and others).

   iv. Each PSMB board member shall have one (1) vote.

   v. No two (2) PSMB board members shall come from the same group of companies where one is majority-owned or controlled by the other company.

   vi. The Chairperson shall be elected among PSMB board members and shall not serve for two (2) successive terms.

g. The PSMB shall be independent from the clearing switch operator/s with respect to business operations.

h. All BSFIs that are part of the NRPS governance structure shall subscribe to and comply with the PSMB-formulated principles, policies, and business rules that will govern the payments system provided such PSMB-formulated principles, policies and business rules are in conformity with the NRPS Framework and principles as well as applicable laws and regulations.

2. Objectives

a. The PSMB will provide sound governance to the retail payment system and serve as a forum of collaboration for ensuring appropriate conditions for retail payments in the country. Towards this end, the PSMB will perform these functions with respect to its members:

   i. Ensure compliance by PSMB members with criteria, standards and rules promulgated and adopted by the PSMB's membership and PSMB board, as applicable.

   ii. Set policies and standards on clearing activities of PSMB members.

   iii. Standardize retail clearing agreements across payment streams, which may include minimum guideline on the content of service level agreements with CSOs.

   iv. Manage members' conformance to multilateral retail clearing agreements.

   v. Review applications for establishment of ACHs and to accordingly approve the formation thereof to ensure, among others, that the NRPS principle of a payment stream falling only under one (1) ACH is observed by PSMB members.

vi. Prescribe policies and rules to promote visibility of retail clearing and resulting settlement positions to manage risks resulting from or associated with clearing and settlement activities.

vii. Set forth policies, rules and/or standards to ensure that no anti-competitive activities occur in clearing operations of PSMB members.

viii. Promote fair access to the payment system amongst PSMB members.

ix. Enable effective and efficient interface and interoperability using shared and resilient infrastructure.

x. Establish a dispute resolution mechanism for PSMB members on matters not covered or cannot be resolved under the ACH dispute resolution framework.

xi. Provide a clearing environment that will support payments innovation and the adoption of new business models by the payment system participants.

C. Automated Clearing House (ACH)

The ACH is a multilateral legally binding agreement amongst clearing participants. The ACH shall govern clearing and settlement determination.

To promote interoperability and standardize clearing and settlement rules and procedures, BSFIs are expected to observe the following key principles in forming and participating in ACHs under the NRPS governance structure.

1. Key Principles

   a. ACHs shall be created and differentiated based on payment streams, which comprise of payment instruments or instructions, business rules, clearing activities and risk considerations which are of similar nature or which create similar risk profiles.

   b. A payment stream can fall under only one (1) ACH.

   c. The formation of and participation in an ACH shall be open to all qualified clearing participants.

   d. The formation of an ACH shall be considered a business arrangement to be agreed upon between participants of an ACH.

   e. An ACH shall engage the services of only one (1) clearing switch operator.

   f. PSMB members may be part of more than one (1) ACH Participant Group and/or participate in more than one (1) AcH, provided the PSMB member meets the requirements for participating in such ACH.

   g. At least two (2) direct clearing participants can initiate the creation of an ACH subject to the recognition of the PSMB Board, or in the absence of a PSMB, the Bangko Sentral.

2. Salient Features

   a. ACH participants shall elect representatives to an ACH Participant Group, which once recognized by the PSMB, shall draw up and implement ACH rules and agreements and contract a qualified clearing switch operator. To assist in drafting the ACH agreements, the Participant Group may nominate a Working Group to formulate draft agreements subject to the former's approval.

   b. The assignment of a new ACH to an existing or new ACH Participant Group shall be approved by the PSMB Board.

   c. Where a new ACH Participant Group has to be formed, it shall be recognized by the PSMB Board once its charter has been accepted by the ACH participants and meets the PSMB criteria for an ACH Participant Group.

D. Clearing Switch Operator (CSO)

The CSO provides clearing switch services.

To augment efficiencies in the retail payment system while ensuring a robust and resilient infrastructure underlying retail payment transactions of BSFIs, BSFIs should observe the following key principles in engaging the services of CSOs relative to the delivery of a retail payment product or service within the NRPS governance structure.

1. Key Principles

    a. The operations of the CSO that services an ACH shall be limited to the provision of clearing and other services that do not compete with services offered by BSFIs participating in the ACH.

    b. Clearing switch operations shall be conducted effectively and efficiently consistent with international standards as this is a critical prerequisite for the functioning of all the various systems supporting and underlying retail payment services.

    c. The CSO shall have a reliable, resilient, robust, and secure infrastructure to ensure consistency and continuity of services under different operating conditions.

    d. The CSO shall be a duly licensed entity in the Philippines. Entities organized under the laws of countries other than the Philippines shall secure a license to do business in the Philippines and comply with the Foreign Investments Act of 1991 as well as other applicable laws and regulations.

    e. A CSO can extend service to multiple ACHs.

    f. Each ACH, through their designated CSO, shall individually settle their clearing results through the RTGS system operated by the Bangko Sentral.

(Circular No. 980 dated 06 November 2017)

GUIDELINES ON THE ADOPTION OF PHILIPPINE FINANCIAL REPORTING STANDARDS 9 (PFRS 9) FINANCIAL INSTRUMENTS – IMPAIRMENT

Section 1. Expected Credit Loss Model

Bangko Sentral supervised financial institutions (BSFIs) shall adopt the expected credit loss (ECL) model in measuring credit impairment, in accordance with the provisions of PFRS 9. In this respect, BSFIs shall recognize credit impairment/allowance for credit losses even before an objective evidence of impairment becomes apparent. BSFIs shall consider past events, current conditions, and forecasts of future economic conditions in assessing impairment.

a) BSFIs shall apply the ECL model on credit exposures covered by PFRS 9, which include the following:

- loans and receivables that are measured at amortized cost;
- investments in debt instruments that are measured at amortized cost or at fair value through other comprehensive income (FVOCI); and
- credit commitments and financial guarantee contracts that are not measured at fair value through profit or loss (FVTPL).

b) Credit exposures shall be classified into three stages using the following time horizons in measuring ECL:

Stage of credit impairment	Characteristics	Time horizon in measuring ECL
Stage 1	- Credit exposures that are considered "performing" and with no significant increase in credit risk since initial recognition or with low credit risk	Twelve (12) months
Stage 2	- Credit exposures that are considered "under-performing" or not yet non-performing but with significant increase in credit risk since initial recognition	Lifetime
Stage 3	- Credit exposures with objective evidence of impairment, thus, considered as "non-performing"	Lifetime

c) BSFIs shall promptly recognize and maintain adequate allowance for credit losses at all times. It shall adopt the principles provided under the Enhanced Standards on Credit Risk Management[1] in implementing sound and robust credit risk measurement methodologies that adequately considers ECL. In this respect, the ECL methodology shall not be considered as a separate and distinct process but as an important element of the entire credit risk management process.

Section 2. Twelve (12)-Month ECL

a) BSFIs shall consider reasonable and supportable information, including forward-looking information that affect credit risk in estimating the 12-month ECL. BSFIs shall exercise experienced credit judgment and consider both qualitative and quantitative information that may affect the assessment.

b) Zero allowance for exposures under Stage 1 shall be rare. It shall be expected only for exposures with zero percent (0%) credit risk-weight under the Risk-Based Capital Adequacy Framework, such as Philippine peso-denominated exposures to the Philippine National Government and the Bangko Sentral.

Section 3. Lifetime ECL

a) BSFIs shall evaluate the change in the risk of default occurring over the expected life of the exposures in assessing whether these shall be moved to a lifetime ECL measure.[2] Although collateral will be used to measure the loss given a default, this should not be primarily used in measuring risk of a default or in transferring to different stages.

[1] Section X178 and Section 4178Q/4197N of the Manual of Regulations for Banks (MORB) and the Manual of Regulations for Non-Bank Financial Institutions (MORNBFI), respectively.

[2] PFRS 9 paragraph 5.5.9 provides that the assessment should be made in terms of the risk of a default and not on the expected credit loss (i.e., before consideration of the effects of credit risk mitigants such as collaterals or guarantees).

b) BSFIs shall measure lifetime ECL of the following:

- exposures that have significantly increased their credit risk from origination (Stage 2); and
- non-performing exposures (Stage 3).

Section 4. Assessment of forward-looking information

BSFIs shall clearly demonstrate how forward-looking information, including macroeconomic factors, have been reflected in the ECL assessment and how these are linked to the credit risk drivers of the exposures. Experienced credit judgment is essential in assessing the soundness of forward-looking information and in ensuring that these are adequately supported.

Section 5. Transfers from Stage 1 to Stage 2 – Assessment of significant increase in credit risk

BSFIs shall transfer credit exposures from Stage 1 to Stage 2 if there is significant increase in credit risk from initial recognition.

a) BSFIs shall establish well-defined criteria on what constitutes significant increase in credit risk. BSFIs shall consider a wide range of information, which includes among others, information on macroeconomic conditions, economic sector and the geographical region relevant to the borrower, and other factors that are borrower-specific. The criteria on what constitutes significant increase in credit risk shall consider, at a minimum, the list provided in PFRS 9.

b) BSFIs shall classify exposures to Stage 2 if the exposures have potential weaknesses, based on current and/or forward-looking information, that warrant management's close attention. Said weaknesses, if left uncorrected, may affect the repayment of these exposures. BSFIs shall also classify exposures to Stage 2 if there are adverse or foreseen adverse economic or market conditions that may affect the counterparty's ability to meet the scheduled repayments in the future.

c) The Bangko Sentral shall apply the following indicators of significant increase in credit risk in BSFIs noted to have weak credit loss methodologies:

- exposures considered especially mentioned under Sec 122-N (*Credit classification and provisioning*);
- exposures with missed payment for more than thirty (30) days; and
- exposures with risk ratings downgraded by at least two (2) grades (e.g., exposure with risk rating of "3" on the origination date was downgraded to risk rating of "5" on the reporting date) for BSFIs with below fifteen (15)-risk rating grades, and three (3) grades for BSFIs with fifteen (15) or above risk rating grades.

Section 6. Transfers from Lifetime ECL to Twelve (12)-month ECL

BSFIs shall transfer the exposures from Stage 3 (non-performing) to Stage 1 (performing) when there is sufficient evidence to support their full collection. Exposures should exhibit both the quantitative and qualitative indicators of probable collection prior their transfer. The quantitative indicator is characterized by payments made within an observation period (e.g., regularly pays during the minimum observation period). The qualitative indicator pertains to the results of assessment of the borrower's financial capacity (e.g., improvement in counterparty's situation).

As a general rule, full collection is probable when payments of interest and/or principal are received for at least six (6) months.

BSFIs shall observe the following guidelines for exposures that were restructured:

a) Non-performing restructured exposures that have exhibited improvement in creditworthiness of the counterparty may only be transferred from Stage 3 to Stage 1 after a total of one (1) year probation period [i.e., six (6) months in Stage 3 before transferring to Stage 2, and another six (6) months in Stage 2 before transferring to Stage 1; or directly from Stage 3 to Stage 1, without passing through Stage 2, after twelve (12) months]; and

b) Restructured accounts classified as "performing" prior to restructuring shall be initially classified under Stage 2. The transfer from Stage 2 to Stage 1 will follow the six (6)-month rule mentioned in Item "a" of this Section.

Section 7. Multiple exposures to specific counterparties

In measuring the ECL of multiple exposures to a single counterparty or multiple exposures to counterparties belonging to a group of related entities, the following shall apply:

a) *Exposures to non-retail counterparties*. BSFIs with multiple exposures to a non-retail counterparty shall measure ECL at the counterparty level. In particular, the BSFI shall consider all exposures to a counterparty as subject to lifetime ECL when any of its material exposure is subjected to lifetime ECL;

b) *Exposures to a retail counterparty*. BSFIs with multiple exposures to a retail counterparty shall measure ECL at the transaction level. In particular, the BSFI may classify one transaction under Stage 1 and another transaction under Stage 3. However, BSFIs are not precluded from taking into account the potential of cross default, such that if one exposure is classified under Stage 3 all the other exposures may be classified under Stage 3; and

c) *Exposures to counterparties belonging to a group of related entities.* BSFIs with multiple exposures to counterparties that belong to the same group of related entities shall measure ECL at the counterparty level (per entity). BSFIs shall likewise consider the status of the other counterparties belonging to the same group in determining the stage under which the exposures shall be classified.

Section 8. Recognition of Income

For purposes of preparing the prudential reports (e.g., Financial Reporting Package and Capital Adequacy Ratio report), BSFIs shall not recognize interest income on non-performing exposures, except when payment is received.

On the other hand, interest income recognized on non-performing exposures (Stage 3 accounts) for purposes of preparing the audited financial statements (AFS) shall be disclosed in the AFS. This shall likewise be included in the list of reconciling items between the prudential reports and the AFS that is being submitted to the Bangko Sentral.

Section 9. Off-balance sheet financial items

As a general rule, BSFIs shall recognize the ECLs on off-balance sheet exposures as a liability and booked as "Provisions - Others".

On credit facilities with partial drawdown (e.g., with loan balance and an undrawn commitment), BSFIs shall observe the following rules in accordance with PFRS 7 (Financial Instruments: Disclosures):

a) If the BSFI cannot separately identify the ECL attributable to the drawn and undrawn commitment, the provision for ECL on the off-balance sheet accounts shall be presented together with the allowance for the financial asset (contra-asset); and

b) If the combined ECL exceeds the gross carrying amount of the financial asset, the ECL should be recognized as "Provisions - Others" (liability).

BSFIs shall look beyond the contractual date when estimating the expected losses of facilities with both loan and undrawn commitment components such as the credit card portfolio.

Section 10. Application to simple BSFIs

BSFIs with simple operations shall adopt simple loan loss methodologies fundamentally anchored on the principle of recognizing ECL. In this respect, BSFIs shall look beyond the past due/missed amortizations in classifying exposures and in providing allowance for credit losses. On the other hand, BSFIs with credit operations that may not economically justify adoption of said simple loan loss estimation methodology that is compliant with PFRS 9 shall, at a minimum, be subject to the regulatory guidelines in setting up allowance for credit losses prescribed under the Appendix N-11.

Section 11. General and Specific Provisions for Loan Accounts

a) BSFIs shall treat Stage 1 provisions for loan accounts as General Provision (GP), while Stages 2 and 3 provisions shall be treated as Specific Provisions (SP).

b) BSFIs shall set up general loan loss provision (GLLP) equivalent to 1 percent (1%) of all outstanding Stage 1 on-balance sheet loans, except for accounts considered as credit risk-free under existing regulations. BSFIs are not required to provide a 1 percent (1%) GP on other credit exposures covered by PFRS 9 such as off-balance sheet accounts and investments.

c) Allowance for credit losses for Stages 1, 2, and 3 accounts shall be recognized in the profit or loss statement. In cases when the computed allowance for credit losses on Stage 1 accounts is less than the 1 percent GP required, the deficiency shall be recognized by appropriating the Retained Earnings (RE)[3] account. GP recognized in profit or loss as allowance for credit losses for Stage 1 accounts and the amount appropriated in RE shall be considered as Tier 2 capital subject to the limit provided under the Capital Adequacy Ratio (CAR) framework[4].

d) BSFIs that use the guidelines provided under Appendix N-11 in determining allowance for credit losses shall book the entire amount of GP in profit or loss.

[3] BSFIs shall use Retained Earnings Reserve – Others as temporary account of Retained Earnings- General Provision (RE-GP).

[4] As a temporary presentation in CAR reports, the Retained Earnings (RE) included in Common Equity Tier (CET)/Core Tier 1 shall be net of RE-GP. In computing Tier 2 Capital, the General Loan Loss Provision (GLLP) shall include the RE-GP. However, the GLLP added back to on-balance sheet assets subject to risk-weight shall not include the RE-GP since when appropriating the RE, total assets is not affected.

e) BSFIs shall charge against RE the increase in ECL – SP as of 01 January 2018 as a result of the change in accounting policy.

Section 12. Expectations from Trust Entities

Consistent with the expectations from BSFIs on the adoption of PFRS 9, as provided under item "d" of Sec 172 (*Philippine Financial Reporting Standards/Philippine Accounting Standards)* of the MORB, Sec. 171-Q 172 (*Philippine Financial Reporting Standards/ Philippine Accounting Standards)* and Sec. 141-N, the board of directors of a trust entity (TE) shall ensure that the TE appropriately and consistently adopts PFRS 9 as part of its reporting governance process.

In this respect, the board of directors shall approve policies and guidelines relative to the impairment of financial assets under management of the TE.

The TE shall adhere to the requirements of PFRS 9 on impairment and the guidelines provided herein, to the extent applicable to the trust operations. Pursuant to item c of Section 1 of these guidelines (Expected Credit Loss Model), a TE shall promptly recognize and maintain adequate allowance for credit losses at all times.

Consistent with the provisions under Section 10 of these guidelines (Application to simple BSFIs), the following provisions shall apply to TEs:

a) A TE with simple operations shall adopt simple loan loss methodologies fundamentally anchored on the principle of recognizing ECL. In this respect, the TE shall look beyond the past due/missed amortizations in classifying exposures and in providing allowance for credit losses.

b) A TE with credit operations that may not economically justify adoption of said simple loan loss estimation methodology that is compliant with PFRS 9 shall, at a minimum, be subject to the regulatory guidelines in setting up allowance for credit losses prescribed under the revised Appendix N-11.

GUIDELINES ON EUROPAY, MASTERCARD AND VISA (EMV) IMPLEMENTATION

(Appendix to Sec. 126-N [IT Risk Management System])

A. Background

In response to the increasing sophistication of frauds perpetrated through magnetic stripe (magstripe), international payment networks have orchestrated the shift towards EMV chip-enabled card. The EMV is an interoperability standard for chipbearing smart card technology defined by EMVCo in 1994, adoption of which has resulted to significant reduction in card frauds due to skimming[1] and counterfeiting.

To outpace and manage fraudsters' shift towards jurisdictions that are still using magstripe, Bangko Sentral supervised financial institutions (BSFIs) via Circular No. 808 dated 22 August 2013 were required to migrate their entire payment network to the more secure EMV chip-enabled cards

B. Statement of Policy

It is the policy of the BSP to foster the development of safe, secure, efficient, and reliable retail payment systems, protect the integrity and confidentiality of customer accounts and information and uphold consumer protection.

C. Scope

These guidelines shall govern the migration to and implementation of EMV of all BSFIs with debit card issuing and acquiring functions. For credit card, only cash advance transaction at Automated Teller Machines (ATMs) shall be covered since other credit card transactions are governed by the rules of the international payment networks.

It is incumbent upon all affected BSFIs to ensure that other key players in the domestic payment network comply with these guidelines.

For purposes of the subject guidelines, payment transactions covered are limited to card present and contact transactions in ATMs, POS terminals and other similar devices. Guidelines governing card-not-present as well as contactless transactions shall be issued separately.

D. Definition of Terms

1. *EMV,* which stands for Europay, MasterCard and Visa, is a global standard for credit, debit and prepaid payment cards based on chip card technology. EMV chip-based payment cards, also known as smart cards, contain an embedded microprocessor, a type of small computer. The microprocessor chip contains the information needed to use the card for payment, and is protected by various security features. Chip cards are a more secure alternative to traditional magstripe payment cards.

   lmplementing EMV shall address the deficiencies inherent in magstripe by reducing fraud arising from counterfeit, lost and stolen card information through the following features:

   a. Authentication of the chip card to ensure that the card is genuine so as to protect against counterfeit fraud for on line-authorized transactions;
   b. Digitally signing payment data for transaction integrity;
   c. More robust cardholder verification to protect against lost and stolen card fraud for EMV transactions in all acceptance environments.

2. *Acquiring institution (acquirer)* is a bank or financial institution that processes credit or debit card transactions via ATM or POS terminals.

3. *Bangko Sentrol Supervised Financial Institutions (BSFIs)* include banks, non-banks with quasi-banking function (NBQB), non-bank electronic money issuers and other non-bank institutions which under existing Bangko Sentral rules and regulations and special laws are subject to Bangko Sentral supervision and/or regulation.

4. *Co-branded cards* are Philippine-issued cards affiliated with international payment networks.

5. *Debit cards* are payment cards linked to bank deposit or prepaid/electronic money (e-money) accounts.

[1] Skimming is the illegal copying of information from the magnetic stripe of a payment card to gain access to accounts.

6. *Domestic payment* network includes BSFIs as well as other key players such as merchants, providers of ATMs, point-of-sale (POS) terminals and similar devices, card vendors, card personalization bureaus and domestic switches responsible for processing and handling domestic transactions.

7. *Domestic switches* refer to BancNet and Megalink.

8. *EMV chip* liability shift means that the liability and responsibility for counterfeit or fraudulent transaction shall shift to the BSFI who is not EMV-compliant.

9. *EMVCo* is the governing body that manages the EMV specification.

10. *Hybrid cards* are payment cards that have both EMV chip and magstripe.

11. *International payment* networks refer to the payment networks that have global establishment. For purposes of subject guidelines, recognized international networks shall refer to Visa, Mastercard, UnionPay, Diners/Discover, American Express, and Japan Credit Bureau (JCB).

12. *Interoperability* refers to the ability of Philippine cardholders to transact at Philippine ATM and POS terminals, regardless of network affiliation or branding of the card.

13. *Issuing institution (issuer)* is a bank or non-bank financial institution that issues payment cards, whether proprietary or co-branded, to consumers.

14. *Payment cards* are cards that can be used by cardholders and accepted by terminals to withdraw cash and/or make payment for purchase of goods or services, fund transfer and other financial transactions. Typically, payment cards are electronically linked deposit, prepaid or loan/credit accounts.

15. *Philippine domestic EMV specification* refers to the specification or standards based on EMV that shall be adopted in the Philippine financial market for the proprietary or non-co-branded cards.

16. *Proprietary cords* are Philippine-issued cards without international payment network affiliation.

17. *Technical fallback* is a state in which a chip cannot be used and another type of entry, such as magstripe, is used to complete a transaction.

E. General Rule

In line with the declaration of policy, BSFIs, in migrating to EMV, shall consider the following:

1. BSFIs shall maintain interoperability of the domestic payment network;

2. The Philippine EMV implementation shall use established EMV specification as follows:

   a. Issuers of proprietary cards shall use the Philippine domestic EMV specification; and
   b. Issuers of co-branded cards shall use the EMV specification of their affiliated international payment network.

3. At a minimum, all debit accepting devices shall acquire/accept Philippine issued proprietary cards using the Philippine domestic EMV specification of members/participants of the domestic switches;

4. The domestic payment network shall ensure continued interoperability and acceptance of Philippine EMV cards using the Philippine domestic EMV specification on Philippine EMV deployed acceptance devices;[1] and

5. BSFIs shall strengthen consumer protection by adequately handling and containing consumer concerns and complaints arising from fraudulent schemes done electronically.

F. The Philippine Domestic EMV Specification

With the main objectives of maintaining interoperability and reducing card fraud, BSFIs shall adopt a Philippine domestic EMV specification for proprietary cards. The domestic EMV specification should:

- Adopt the EMV specification according to EMVCo;
- Apply to ATM and domestic debit POS transactions;

[1] Include EMV-compliant ATMs, POS terminals and other similar devices.

- Support contact transactions;
- Support online card authentication to ensure that transactions are made using a valid card;
- Support online authorization to enable issuer to manage fraud and credit risk at the transaction level;
- Support online PIN cardholder verification method;
- Support technical fallback to magstripe in the interim, as provided in Section I of these guidelines, without prejudice to the issuer's decision to process/approve fallback transactions.

G. Minimum Operational Requirements

1. Issuing institutions shall:

   a. Ensure that they have the technical systems and network necessary to process and handle EMV transactions;
   b. Support EMV data elements in authorization messages;
   c. Define chip cards feature, functionality and interface capability;
   d. Enhance risk management systems to leverage chip;
   e. Determine the card migration strategy;
   f. Update customer support and operational systems to support chip cards;
   g. Be certified for network interfaces and card personalization by a certification body organized by BSFIs pursuant to these guidelines;
   h. Replace card base; and
   i. Educate the consumers.

2. Acquiring institutions shall:

   a. Ensure that card-accepting devices are EMV-certified to support the acquiring and routing of Philippine-issued debit cards using the Philippine domestic EMV specification;
   b. Ensure that P|N-entry devices are Payment Card Industry PIN Transaction Security (PC|-PTS)[1] compliant; and
   c. Enable a debit POS environment that supports online PIN for Philippine-issued debit cards.

3. Domestic switches shall:

   a. Establish infrastructure and systems that are EMV-compliant and able to support switched EMV transactions from domestic interconnected networks;
   b. Ensure continued support to existing transaction sets and functions provided to consumers;
   c. Enhance efforts to educate their members on EMV collaboration and seek effective alignment of strategy and design principles; and
   d. Ensure continued ability to support, in the interim, transactions in magstripe format subject to liability shift policies acceptable to Bangko Sentral, the standards of which shall be covered in subsequent guidelines.

H. Detailed Guidelines, Policies and Processes

BSFIs shall agree on and implement detailed technical and operational requirements, policies and procedures that are acceptable to the BSP, the standards of which shall be covered in subsequent guidelines, and aligned with subject EMV Implementation Guidelines, covering but not limited to the following:

1. Philippine Application ldentifier (AlD);
2. Single Common AlD, Single Common Card Personalization Profile and Single Common Terminal Configuration for domestic transactions;
3. Transaction routing;
4. Testing and certification
5. Dispute and fraud risk management; and
6. Other processes affected by the EMV migration.

I. Hybrid Card, Fallback Function and EMV Liability Shift

While the EMV infrastructure and environment are in the process of achieving full stability, hybrid cards may still be acceptable as a fallback option in cases when the EMV chip or terminal is unable to process domestic chip transactions. In this regard, BSFIs shall formulate a liability shift framework that is acceptable to the Bangko Sentral.

[1] A security requirement of the Payment Card Industry (PCl) regarding testing of PIN-entry devices using predefined standards to get certification.

J. Updated EMV Migration Plan

Any changes arising from the aforementioned guidelines shall be incorporated in the EMV Migration Plan and all affected BSFIs shall resubmit their updated plan to Bangko Sentral's Core Information Technology Specialist Group (CITSG) within sixty (60) calendar days from the date of the Circular.

All BSFIs shall support migration to EMV standards. Consequently, all cards issued and card-accepting devices should be EMV-compliant.

EMV CARD FRAUD LIABILITY SHIFT FRAMEWORK (ECFLSF)

I. Introduction

This document outlines the Bangko Sentral's guidelines implementing the EMV Card Fraud Liability Shift Framework (ECFLSF). Pursuant to Sec. 126-N and *Appendix N-17*, Bangko Sentral Supervised Financial Institutions (BSFIs) should shift from the magnetic stripe (magstripe) technology to EMV-compliant cards, POS terminals and ATMs. The immediate impact and benefit on the adoption of EMV technology is the reduction in card fraud resulting from counterfeit or skimming attacks.

While migration efforts to shift to EMV technology are ongoing, the use of magstripe in payment cards and/or card-accepting devices shall be allowed subject to card fraud liability shift. This means that the BSFIs which have not yet or have partially adopted the EMV technology shall be held responsible for losses associated with the use of a counterfeit card in a card-present environment.

II. Statement of Policy

It is the policy of the Bangko Sentral to foster the development of safe, secure, efficient and reliable retail payment systems, protect the integrity and confidentiality of customer accounts and information and uphold consumer protection.

Towards this end, the Bangko Sentral requires all concerned BSFIs to migrate to a more secure payment technology and sets forth subject principles for allocation of card fraud liability with the aim of ensuring compliance of the different retail payment system participants with the Bangko Sentral's EMV migration requirement. Pending full migration to the EMV technology, the ECFLSF shall likewise accelerate the dispute resolution and restitution process for customers who have valid claims arising from counterfeit fraud or skimming attacks.

III. Applicability and Scope

These guidelines shall apply to all BSFIs with debit and credit card issuing and acquiring functions and shall govern the allocation of liability associated with fraudulent transactions arising from counterfeit cards beginning 1 January 2O17, subject to the conduct of proper investigation by the concerned participant/s of the payment card network. The coverage shall be limited to card-present and contact transactions of Philippine-issued payment cards used domestically in automated teller machines (ATMs), point-of-sale (POS) terminals, and other similar devices routed to either domestic or international payment networks.

Consequently, the ECFLSF shall not apply to card-not-present and contactless transactions. Furthermore, foreign-issued payment cards used domestically and Philippine-issued payment cards used abroad shall not be covered as these are already subject to the existing liability shift and chargeback rules of the international payment networks.

IV. Definition of Terms

For purpose of these guidelines, the following definitions shall apply:

1) *Acquiring institution (Acquirer),* is a bank or non-financial institution that processes credit or debit card transactions via ATMs, POS terminals, and other similar devices.

2) *EMV compliant device or terminal* is a device or terminal that has, or is connected to, a contact chip card reader, has an EMV application, certified, and is able to process EMV transactions.

3) *Co-branded cards* are Philippine-issued cards affiliated with international payment networks.

4) *Counterfeit card* is an imitation or falsification of a genuine magstripe card or EMV chip card with track data copied from a hybrid EMV card.

5) *Debit cards* are payment cards linked to bank deposit or prepaid/electronic money (e-money) accounts.

6) *Fallback to magstripe transaction occurs* when the chip on the card is not being read by a terminal. Thls is similar to technical fallback, which is defined in *Appendix N-17* as a state in which the chip cannot be used and another type of entry, such as magstripe, is used to complete a transaction.

7) *Hybrid cards* are payment cards that have both EMV chip and magstripe.

8) *International payment networks* refer to the payment networks that have global establishment. For purposes of subject guidelines, recognized international networks shall refer to Visa, Mastercard, UnionPay, Diners/Discover, American Express, and Japan Credit Bureau (JCB).

9) *Issuing institution (Issuer)* is a bank or non-bank financial institution that issues payment cards, whether proprietary or co-branded, to consumers.

10) *Payment cards* are cards that can be used by cardholders and accepted by terminals to withdraw cash and/or make payment for purchase of goods or services, fund transfer and other financial transactions. Typically, payment cards are electronically-linked to deposit, prepaid or loan/credit accounts.

V. Guiding Principles

1) The adoption of EMV technology is designed to reduce and mitigate risks arising from counterfeit card fraud. While it remains virtually impossible to create a counterfeit EMV card that can be used to conduct an EMV payment transaction successfully, the presence of magstripe in a hybrid EMV card makes it still vulnerable to counterfeit attacks.

2) A BSFI that has enabled the most secure EMV options shall be protected from financial liability arising from losses on counterfeit card fraud. The liability for this type of fraud shall shift to the BSFI which is not or is partially compliant with the EMV migration requirement.

3) To resolve the issue on the allocation of card fraud liability using the guidelines described herein, the involved parties (such as issuer, acquirer, and payment network) should, first, characterize the fraud committed, and then, assess the technology being employed, in light of the applicable payment network rules. The party supporting EMV technology will prevail and in case of a technology-tie (neither or both parties are EMV compliant), the liability for fraudulent transactions generally remains with the Issuer.

VI. Allocation of Card Fraud Liability

Allocation of liability for counterfeit card fraud is summarized in the following table:

	Card Capabilities	Acceptance Device Support	Scenario	Liability
1	Magnetic stripe only	Magnetic stripe only	Magnetic card transaction was completed	Issuer
2	Magnetic stripe only	EMV compliant	Magnetic card transaction was completed	Issuer
3	EMV compliant hybrid card	Magnetic stripe only	Magnetic card transaction was completed	Acquirer[1]
4	EMV compliant hybrid card	EMV compliant	Fallback transaction; Magnetic card transaction was completed	Issuer

The information provided above shall be considered as a general guide as each fraudulent transaction shall be separately investigated on. Likewise, the domestic and international payment networks may come up with other scenarios and probable conditions that illustrate how liability is assigned on counterfeit card fraud using different combinations of card and acceptance device capabilities. However, the resolution of such scenarios/conditions should follow the principles espoused in these guidelines.

VII. Consumer Protection and Complaints Handling and Resolution

1) The participants in the domestic payment network (such as issuer, acquirer, and payment network) should collaborate and devise detailed rules and procedures including arbitration mechanisms to operationalize the ECFLSF. Accordingly, a body responsible for strictly implementing the above-mentioned detailed rules and procedures on ECFLSF should be constituted.

[1] When an Acquirer accepts a magstripe card that was counterfeited with track data copied from an EMV compliant hybrid card and the counterfeit card is used at a device/terminal that is not EMV-compliant, resulting in a transaction to be successfully processed, the Acquirer is liable for any chargeback resulting from such fraud.

2) Cardholders' complaints and/or requests for chargeback as a result of counterfeit card shall be considered as complex complaint/request defined in *Appendix N-12* and hence, shall follow the standards provided in such regulations, except for the processing and resolution timeline which should be within 10 days instead of 45 days.

3) Issuers and Acquirers should ensure that affiliated international payment networks align their existing liability and chargeback rules with the ECFLSF insofar as Philippine-issued payment cards used in the domestic payment environment are concerned.

Guidelines on Submission of Information Technology (IT) Profile Report

In order to build the baseline information of IT systems of Philippine banks and to risk profile the complexity of IT operations based on technology-related products and services offered, delivery channels, and processes involved, all banks are required to accomplish and submit annually an IT Profile Report as of 31 December of the reference year.

In accordance with Sec. 148 of the MORB on Technology Risk Management, the following shall be observed in the submission of the IT Profile Report:

1. The IT Profile reporting template can be accessed at http://www.bsp.gov.ph/frp/templates. Reports shall be submitted on an annual basis within twenty-five (25) calendar days from the end of reference year. (Attached as Annex A is sample format of IT Profile Report.)

2. The IT Profile report shall be submitted electronically to the following e-mail addresses:

E-mail Address	Type of Reporting Institution
sdckb-itprofile@bsp.gov.ph	Universal/Commercial Banks (U/KBs)
sdctb-itprofile@bsp.gov.ph	Thrift Banks (TBs)
sdcrb-itprofile@bsp.gov.ph	Rural/Cooperative Banks (R/CBs)

3. The following format shall be used for the subject of the e-mail: "ITPROFILE <bankname>, <reference period>", e.g.:

To	: sdctb-itprofile@bsp.gov.ph
cc	:
Subject	: ITPROFILE <bankname>, 31 December 20yy

4. The certification, duly notarized and signed by the authorized official of the reporting institution, shall be sent within the prescribed submission deadline to the Director of the Department of Supervisory Analytics (DSA) via facsimile at (632) 708-7554 or 708-7558.

5. Within the same period prescribed in Item 1, Institutions that are unable to transmit their IT Profile Report electronically may submit the same report in compact disc (CD), together with the aforementioned certification through messengerial or postal services. Said report shall be submitted to the following:

   The Director
   Department of Supervisory Analytics
   Bangko Sentral ng Pilipinas
   11th Floor, Multi-Storey Building
   BSP Complex, A. Mabini Street
   Malate, Manila 1004

6. The IT Profile Report template and other relevant attachments are also available upon request at the Bangko Sentral Department of Supervisory Analytics through the above-mentioned e-mail addressed and/or postal address.

Guidelines on the Electronic Submission of the Report on Crimes and/or Losses (RCL)

Pursuant to existing regulations prescribing the reporting of cyber related fraud as well as other crime related incidents to the BSP and in line with on-going initiatives of maximizing available Information Technology infrastructure for regulatory reporting, the following guidelines shall be observed in submitting the RCL:

1. Reportable incidents shall be transmitted electronically using the data entry template (DET) prescribed for the updated RCL. The prescribed DET and its supporting Control Prooflist (CP) for the Initial Report and Final Report, respectively, and the User Guide as relevant reference for accomplishing the DET can be downloaded from http://www.bsp.gov.ph/ses/reporting_templates or requested directly from the Department of Supervisory Analytics (DSA). The Control Prooflist for the initial and final RCL need not be notarized.

2. The updated RCL reporting structure and its corresponding DET considered the reportable cyber fraud incidents as well as other incidents required under Secs. 148 *(Reports)* and 173 *(Report on crimes/losses)*.

3. The DET for the RCL (DET-RCL) together with the corresponding scanned CP in Portable Document Format (PDF) duly notarized and signed by the authorized official of the reporting bank shall be electronically transmitted within the existing deadline prescribed for Initial Report and Final Report, as the case may be, to the following prescribed e-mail addresses:

Type of Institution	E-mail Address
Universal and Commercial Banks	sdckb-rcl@bsp.gov.ph
Thrift Banks	sdctb-rcl@bsp.gov.ph
Rural and Cooperative Banks	sdcrb-rcl@bsp.gov.ph

4. The following format shall be used for the subject of the e-mail:

   <report name>space<bank name>space<control no.>space<report status>, e.g.:

   To : sdctb-rcl@bsp.gov.ph (example for thrift banks)
   Subject : RCL <Bank A> 102016-0001 INITIAL

   using the following required format for the filenames:
   <reference no.>_<report status>.<file extension>, e.g.:

   - RCL_000250_102016-0001_INITIAL.xls and
   - RCL_000250_102016-0001_INITIAL.pdf

5. Each email transmission shall correspond to only one (1) DET-RCL file as multiple RCL cases in a single email transmission will be automatically rejected, thus considered unsubmitted. Each DET-RCL transmission shall be accompanied by its corresponding CP as described in item 3. DET-RCL files which are transmitted without the required CP shall be deemed unsubmitted.

6. Hard copy submission of the RCL shall no longer be accepted. Nevertheless, within the same prescribed period, banks that are unable to transmit electronically may submit their DET-RCL and its accompanying CP in compact discs (CD) through messengerial or postal services. The DET-RCL and its accompanying CP shall be submitted to:

   The Director
   Department of Supervisory Analytics
   Bangko Sentral ng Pilipinas
   11th Floor, Multi-Storey Building
   BSP Complex, A. Mabini Street
   Malate, Manila 1004

7. Report submissions that do not conform to the above prescribed procedures shall not be accepted and will be considered non-compliant with the Bangko Sentral reporting standards as provided under Sec. 171. It likewise follows that only files prescribed by the Bangko Sentral for the RCL shall be accepted as compliant with the existing reportorial requirements subject to validation and applicable penalties for erroneous, delayed, or unsubmitted reporting.

FORMAT OF DISCLOSURE STATEMENT ON SMALL BUSINESS/RETAIL/CONSUMER CREDIT

(Appendix to Sec. 301-N)

_____
(Business Name of Creditor)

DISCLOSURE STATEMENT ON CREDIT TRANSACTION
(As Required under R.A. No. 3765, Truth in Lending Act)

NAME OF BORROWER_____
ADDRESS _____

1. CREDIT TRANSACTION AMOUNT	**₱ XXX**

GUIDELINES ON THE IMPOSITION OF MONETARY PENALTIES ON NBFIs, AND/OR THEIR DIRECTORS, OFFICERS AND/OR EMPLOYEES FOR VIOLATIONS OF BANKING AND OTHER APPLICABLE LAWS WITH SANCTIONS FALLING UNDER SECTION 37 OF REPUBLIC ACT NO. 7653 (THE NEW CENTRAL BANK ACT), AS AMENDED

(Appendix to Sec. 003-N on Monetary Penalties on NBFIs, and/or their Directors, Officers, and/or Employees)

The following are the guidelines on the imposition of monetary penalties on NBFIs, and/or their directors, officers and/or employees.

I. *Definition of Terms*. For purposes of this Appendix, the following definitions shall apply:

a. *Transactional violation* refers to an act or omission constituting a violation of any applicable law or any order, instruction/directive or regulation issued by the Monetary Board, or any order, instruction/directive or ruling by the Governor which is consummated and concluded in a single instance/occasion.

For licensing-related violations, transactional violation refers to the failure to obtain approval prior to engaging in an activity which the institution is qualified to undertake at the onset, based on eligibility test and assessment of compliance with the prudential criteria set forth under existing Bangko Sentral rules and regulations.

b. *Continuing violation* refers to an act or omission constituting a violation of any applicable law or any order, instruction/directive or regulation issued by the Monetary Board, or any order, instruction/directive or ruling by the Governor in which the violation persists or lingers over time from the instant the particular act was committed or omitted until the violation is stopped.

For licensing-related violations, continuing violation refers to an act which the institution is not qualified to undertake at the onset based on eligibility test and assessment of compliance with the prudential criteria set forth under existing Bangko Sentral rules and regulations.

II. Imposition and Payment of Monetary Penalties.

a. In accordance with Section 37 of R.A. No. 7653, as amended, monetary penalties may be imposed against NBFIs and/or their directors, officers and/or employees for any willful violation of its charter or bylaws; willful delay in the submission of reports or publications thereof as required by law, rules and regulations; any refusal to permit examination into the affairs of the institution; any willful making of a false or misleading statement to the Monetary Board or the appropriate supervising and examining department or its examiners; any willful failure or refusal to comply with, or violation of, any banking law or any order, instruction or regulation issued by the Monetary Board, or any order, instruction or ruling by the Governor; or any commission of irregularities, and/or conducting business in an unsafe or unsound manner as may be determined by the Monetary Board.

In the absence of specific provision under other applicable laws or Bangko Sentral rules and regulations prescribing the imposable monetary penalty for the above-mentioned violations/offenses, NBFIs, and/or their directors, officers and/or employees may be imposed a maximum monetary penalty of P1 million for each transactional violation or P100 thousand per calendar day for violations of a continuing nature as provided under Section 37 of R.A. No. 7653, as amended. Further, in case profit is gained or loss is avoided as a result of the violation, the Bangko Sentral may impose a fine of no more than three (3) times the profit gained or loss avoided on top of the aforementioned monetary penalty.

The Bangko Sentral considers the attendant circumstances of the case, including aggravating and mitigating factors, in the guided exercise of supervisory discretion to reach a reasonable and proportionate monetary penalty that best achieve the Bangko Sentral's supervisory objectives. These factors include the: (1) nature, gravity and seriousness of the violation or irregularity; (2) financial and/or non-financial impact of the violation or irregularity to the NBFI, its industry and/or the financial system; (3) intentionality, frequency and duration of the violation or irregularity; and (4) measures undertaken to stop or correct the violation or irregularity.

The appropriate department of the Bangko Sentral shall notify the NBFI, and/or director, officer and/or employee concerned of the violation, together with a directive for the NBFI, and/or director, officer and/or employee concerned to show cause within fifteen (15) business days from receipt of the letter why no monetary penalty under Section 37 of R.A. No. 7653, as amended, should be imposed. The recommendation to impose monetary penalties shall be approved by the Governor or the Monetary Board, as the case may be, pursuant to Section 37 of R.A. No. 7653, as amended: *Provided*, That monetary penalties against directors, officers and/or employees shall be approved only by the Monetary Board. The decision of the Governor/Monetary Board shall be communicated to the NBFI, and/or director, officer and/or employee concerned.

However, the Bangko Sentral is not precluded from imposing non-monetary sanctions along with monetary penalties if circumstances so warrant.

b. *Basis for the computation of the period or duration of penalty.* The computation of the period or duration of all penalties shall be based on calendar days. For this purpose the terms "per banking day", "per business day", "per day" and/or "a day" as used in this Manual, and other Bangko Sentral rules and regulations shall mean "per calendar day" and/or "calendar day" as the case may be.

c. *Payment of Monetary Penalties.* NBFIs, and/or their directors, officers and/or employees shall pay the monetary penalties within fifteen (15) calendar days from receipt of the notice of the decision of the Governor imposing said monetary penalties, and payment thereof shall not be suspended by the filing of an appeal to the Monetary Board.

Monetary penalties imposed by original decisions of the Monetary Board shall be paid within fifteen (15) calendar days from the last day to file a motion for reconsideration where none has been filed or within fifteen (15) calendar days from receipt of the notice of the decision of the Monetary Board affirming the decision on motion for reconsideration, as the case may be.

For uniform implementation of the above regulations, the following procedural guidelines shall be observed:

(1) Upon approval of the fines/penalties by the Governor/Monetary Board, the Department/Office concerned shall send the Statement of Account (SOA)/billing letter to the NBFI with an advice that the penalty should be paid in full within fifteen (15) calendar days from receipt of SOA/billing letter. For NBFIs which maintain a DDA with the Bangko Sentral, the amount of the penalty/ies that remain unpaid shall be automatically debited from their DDA after the lapse of the fifteen (15)-calendar day period within which to pay the monetary penalties. The NBFI shall likewise be advised that penalty or portion thereof which remained unpaid after the lapse of said fifteen (15)-day period shall be subject to additional charge of six percent (6%) per annum reckoned from the business day immediately following the end of the fifteen (15)-day period up to the day of actual payment.

(2) On the business day immediately following the end of said fifteen (15)-day period, unpaid penalties shall be automatically debited, without additional charge, against the NBFI's DDA with the Bangko Sentral by the Comptrollership Sub-sector (CoSS) based on the amount booked by the Department/Office concerned after first confirming with the CoSS the sufficiency of the NBFI's DDA balance to cover the amount of the penalty.

(3) If, based on its confirmation with the CoSS, the Department/Office concerned received information that the NBFI's DDA balance is insufficient to cover the amount of the penalty, it shall accordingly advise and request the NBFI to immediately fund its DDA.

(4) As soon as it is funded, the NBFI's DDA shall be debited by the CoSS for the amount of the penalty, plus the six percent (6%) additional charge for late payment of the penalty reckoned from the business day immediately following the end of the fifteen (15)-day period up to the day of actual payment, based on the amount booked by the Department/Office concerned.

(5) In the absence of DDA with the Bangko Sentral, penalties shall be paid through any acceptable means of payment and in accordance with the provisions of Sec. 806-N.

(6) In the case of penalty/ies imposed on NBFI directors, officers, and/or employees, the employer NBFI and said directors, officers, and/or employees shall be advised by the appropriate supervising department of the Bangko Sentral that the employer NBFI's DDA with the Bangko Sentral shall be debited for the amount of the penalty as advance payment in behalf of the director, officer, and/or employee whose penalty/ies remain unpaid after the lapse of fifteen (15) calendar days within which to pay the monetary penalty. In case the director, officer, and/or employee is no longer connected with the NBFI, payment thereof shall be for the account of the director, officer, and/or employee who shall pay directly to the Bangko Sentral through any such acceptable means of payment in accordance with the provisions of Sec. 806-N. The procedures under Items *"2", "3"* and *"4"* hereof shall likewise apply.

III. *Appeal or Motion for Reconsideration.*

The imposition of monetary penalties by the Governor shall be final and executory until reversed, modified or lifted by the Monetary Board on appeal. The appeal shall be filed within fifteen (15) calendar days from receipt of the notice of the decision, copy furnished the appropriate department of the Bangko Sentral. No motion for reconsideration of the decision of the Governor or of the Monetary Board on appeal shall be allowed.

Original decisions of the Monetary Board imposing monetary penalties shall become final and executory after fifteen (15) calendar days from receipt of the Monetary Board decision, unless a motion for reconsideration is timely filed, copy furnished the appropriate department of the Bangko Sentral.

The appeal or the motion for reconsideration shall be in writing and shall specify the findings or conclusions in the decision which are not supported by the evidence or which are contrary to law, making express reference to the evidence or to the provisions of law alleged to be contrary to such findings or conclusions.

A *pro forma* appeal or motion for reconsideration shall be denied outright and shall not prevent the decision from attaining finality.

(Circular No. 1125 dated 20 August 2021)

CHECKLIST OF BANGKO SENTRAL REQUIREMENTS IN THE SUBMISSION OF AUDITED FINANCIAL STATEMENTS AND ANNUAL AUDIT REPORT

(Appendix to Sec. 134-N (Financial Audit) and Sec. 901-N (Reports))

Information/Data Required	Deadline for submission
A. Audited Financial Statements (AFS)	
1. AFS	Not later than 120 calendar days after the close of the calendar year or fiscal year adopted by the NBFIs/RTCs/MCs/FXDs.
2. Certification by the external auditor on compliance with Bangko Sentral requirements on a. Confidentiality clause pertinent to read-only access to the Report of Examination; and b. Disclosure under *Sec. 901-N (Reports)* and other information that may be required. This requirement shall only apply to RTC/MC/FXD.	For submission together with the AFS, not later than 120 calendar days after the close of the calendar year or fiscal year adopted by NBFIs/RTCs/MCs/FXDs.
3. Reconciliation statement, including copies of adjusting entries on the reconciling items, between the AFS and the prudential reports submitted to the Bangko Sentral (i.e., balance sheet and income statement for NBFI) following the format in Annexes A and B. This requirement shall not apply to RTC/MC/FXD.	For submission together with the AFS, not later than 120 calendar days after the close of the calendar year or fiscal year adopted by NBFI.
4. Letter of Comments (LOC)[1] indicating material weaknesses on internal control and risk management system as well as other issues, which may include findings on the quality of governance[2], that should be brought to the attention of the proprietor/partners/ management/board of directors along with the recommendations for corrective action. Otherwise, a certification by the external auditor that there are no issues noted in the course of the audit to warrant the submission of an LOC.	For submission together with the AFS, not later than 120 calendar days after the close of the calendar year or fiscal year adopted by the NBFIs/RTCs/MCs/FXDs.
5. Copy of the board resolution showing the actions on the AFS and the submitted LOC, if any. In the case of a single proprietorship RTCs/MCs/FXDs, the proprietor may instead issue a certification or report on action taken.	For submission together with the AFS, not later than 120 calendar days after the close of the calendar year or fiscal year adopted by the NBFIs/RTCs/MCs/FXDs.
6. The external auditor shall report directly to the Bangko Sentral the following: a. Any material finding involving fraud or error; b. Actual or potential losses the aggregate of which amounts to at least ten percent (10%) of the consolidated total assets of the NBFI; c. Significant doubt as to the ability of the NBFI to continue as a going concern; d. Material breach of laws or Bangko Sentral rules and regulations such as but not limited to prescribed capital and liquidity ratios, significant deficiency in allowance for credit losses, material weaknesses in fair value measurement	Within fifteen (15) calendar days from discovery.

[1] LOC or equivalent letter to proprietor/partners/management/board of directors

[2] Reportable issues on the quality of governance shall only pertain to financial reporting matter.

methodology, significant vulnerabilities to money laundering and countering the financing of terrorism; e. Material internal control weaknesses which may lead to financial reporting problems; and f. Findings on matters of corporate governance that may require urgent action by the Bangko Sentral.	
In case there are no matters to report (e.g., fraud, dishonesty, breach of laws, etc.) a notarized certification that there is none to report.	Not later than 120 calendar days after the close of the calendar year or fiscal year adopted by the NBFIs/RTCs/MCs/FXDs.
B. Annual Audit Report (AAR) - For NBFIs under the concurrent jurisdiction of the Bangko Sentral and COA	
1. AAR accompanied by: a. Certification by the institution concerned on the date of receipt of the AAR by the board of directors; b. Reconciliation statement between the AFS in the AAR and the Balance Sheet and Income Statement of NBFI and trust department submitted to the Bangko Sentral, including copies of adjusting entries on the reconciling items. c. Other information that may be required by the Bangko Sentral.	Within forty (40) calendar days after receipt of the AAR by the board of directors.
2. Copy of the board resolution showing the action taken on the AAR, as well as on the comments and observations, including the names of the directors present and absent, among other things.	Within 30 banking days after receipt of the AAR by the board of directors.

DISCLOSURE REQUIREMENTS TO THE AUDITED FINANCIAL STATEMENTS (AFS)
[(Appendix to Sec. 901-N (Reports)]

I. RTCs/MCs/FXDs/VC Exchange

RTCs/MCs/FXDs/VC Exchange shall include the following supplementary information at the end of the notes to the financial statements:

(a) Total volume/value of remittance and/or money changing/foreign exchange transactions (absolute amount) for the reference year with breakdown as to: (1) domestic and/or foreign; and (2) transactions facilitated through VC, using the following template:

Type of Transactions	No. of transactions	Amount in USD	Amount in PHP
A. International Inward (Payout) Remittance Transactions			
B. International Outward (Send Out) Remittance Transactions			
C. Domestic Inward (Payout) Remittance Transactions			
D. Domestic Outward (Send Out) Remittance Transactions			
E. Foreign Currencies Bought			
F. Foreign Currencies Sold			
G. International Inward (Payout) Remittance Facilitated Through VC			
H. International Outward (Send Out) Remittance Facilitated Through VC			
I. Exchange of VC to Philippine Peso/Other Currency			
J. Exchange of Philippine Peso/Other Currency to VC			
K. Other VC Transactions (please specify)			

(b) Basic quantitative indicators of financial performance such as return on average equity and return on average assets, using the following formulas:

(1) Return on Average Equity (%) =

$$\frac{\text{Net Income (or Loss) after Income Tax} \times 100}{\text{Average Total Capital Accounts}}$$

Where:

$$\text{Average Total Capital Accounts} = \frac{\text{Total Capital Accounts Current calendar/fiscal year-end balance + Previous calendar/fiscal year-end balance}}{2}$$

(2) Return on Average Assets (%) =

$$\frac{\text{Net Income (or Loss) after Income Tax} \times 100}{\text{Average Total Assets}}$$

Where:

$$\text{Average Total Assets} = \frac{\text{Total Assets Current calendar/fiscal year-end balance + Previous calendar/fiscal year-end balance}}{2}$$

II. EMIs

EMIs shall include the following supplementary information at the end of the notes to the financial statements:

(a) Details of liabilities or borrowings, particularly on the number of creditors[1];

(b) If with corollary business, disclosure of total liabilities and income directly attributable to said business. EMIs with money service business operations shall also comply with disclosures required thereto under Sec. 901-N (*Reports*);

[1] Creditors except e-money holders

(c) Financial indicators, specifically return on average equity and average assets. For purposes of computing the financial indicators, refer to Item "*I.b"* above;

(d) Liquidity cover for the reference year using the following template:

Particulars	Amount in USD	Amount in PHP
A. Deposits and Investments		
1. Bank Deposits		
2. Government Securities		
3. Others (please specify)		
B. E-Money Balances		
Types of E-money cards/Instruments		
1. E-money in PhP		
2. E-money in other currencies (please specify)		
C. Excess (Deficiency) of Liquidity Cover		

(e) Total volume/value of e-money transactions (absolute amount) for the reference year using the following template:

Type of Transactions	No. of transactions	Amount in USD	Amount in PHP
A. E-Money Beginning Balance			
B. INFLOWS			
Conversion to E-Money			
1. Conversion from cash centers (OTC/Outlets/Local Partners)			
2. ATM/Mobile Banking/Internet Banking			
3. Remco Partners Abroad			
4. Pre-funding from local partners			
5. Others (please specify)			
C. OUTFLOWS			
Conversion to Currency			
1. Conversion from cash centers (OTC/Outlets/Local Partners)			
2. ATM/POS Withdrawals			
3. Sweeping of E-Money Wallet/Account			
4. Fund transfer from E-Wallet to Deposit Account			
5. Others (please specify)			
D. NET INFLOW/(OUTFLOW)			
E. End of reference year E-Money Balances			
F. Additional Information			
Usage

2. Bills Payments			
3. Transfers to Other Subscribers (P2P/W2W)			
4. Others (please specify)			

GUIDELINES IN DETERMINING A "TRUE SALE" TRANSACTION UNDER THE FIST ACT

(Appendix to Sec. 307-N)

The transfer by a BSFI of its NPAs to a FISTC or an individual shall be considered not a True Sale if the BSFI satisfies any of the enumerated below:

(a) Has direct or indirect management of the transferee FISTC;

(b) Has any of its directors, officers or employees on the board of the transferee FISTC;

(c) Is obligated to repurchase or substitute/exchange the NPA or any part of the pool of NPAs at any time, except in cases of a breach of representation or warranty of the BSFI;

(d) Is a Related Interest, as defined under Rule 11 of the FIST IRR, of the transferee FISTC;

(e) Has legal and beneficial ownership of more than ten percent (10%) of the (a) total number of outstanding shares of stock entitled to vote in the election of directors, and (b) the total number of outstanding shares of stock, whether or not entitled to vote, of the transferee FISTC; or

(f) Accepts the transferred NPAs as the FISTC's collateral for any unpaid balance of the consideration of the transfer of said NPAs.

Unless otherwise determined by the Bangko Sentral, the following shall be presumed not a True Sale, if the BSFI:

(a) Is made the beneficiary of a trust used as a vehicle for purchasing and securitizing the NPAs; or

(b) Pays further expenses in relation to the NPAs after said NPAs have been sold/transferred to the transferee FISTC/individual; or

(c) Extends, directly or indirectly, any credit facility, guaranty or any similar financial transaction to the transferee FISTC; or

(d) Extends any credit facility, guaranty or any similar financial transaction to any party for the purpose of investing in the equity or IUIs of the FISTC, or for acquiring the NPAs from the FISTC; or

(e) Extends any credit facility, guaranty or any similar financial transaction to any party for the purpose of acquiring the NPAs from the transferring FI; or

(f) Acts as trustee (BSFI's trust department) or if the trust department of any of the BSFI's subsidiaries/Affiliates, Parent bank or Parent bank's Subsidiaries/Affiliates acting as trustee, under any circumstances, in the securitization of NPAs that it has transferred to the FISTC; or

(g) Accepts as collateral for a loan extended by said BSFI the equity shares and IUIs of the FISTC that acquired its NPAs; or

(h) Enters into buy-back and other similar arrangements, or financial derivative transactions with similar effect, involving the NPAs or the securities backed by such NPAs; or

(i) Enters into any other transaction where the BSFI retains effective control over the transferred NPAs or shares in the losses of the FISTC; or

(j) Enters into a profit-sharing arrangement with a FISTC in relation to the sale/transfer of NPAs that will result in a sale/transfer transaction that does not meet the derecognition criteria under PFRS 9.

Provided: That, the extension of credit to an individual for the purpose of acquiring a single-family residential unit or an empty lot or ROPA or NPL secured by real estate mortgage on a residential unit or an empty lot shall be allowed and not considered a violation of the required "true sale" transaction.

For purposes of the foregoing, the term "any party" includes proxies, nominees, and voting trustees.

(Circular No. 1117 dated 27 May 2021)

DEFINITION OF TERMS IN RELATION TO A BSFI'S INVESTMENTS IN THE IUIS OF A FISTC

(Appendix to Sec. 307-N)

The following definition of terms shall apply in relation to a BSFI's investments in the IUIs of a FISTC:

1. *Affiliate* shall refer to an entity linked directly or indirectly, to a reporting entity through any one or a combination of any of the following:

   (a) Ownership, control or power to vote, whether by permanent or temporary proxy or voting trust, or other similar contracts, by a company of at least ten percent (10%) or more of the outstanding voting stock of the reporting entity or vice-versa;

   (b) Interlocking directorship or officerships, except in cases involving independent directors as defined under existing regulations;

   (c) Common stockholders owning at least ten percent (10%) of the outstanding voting stock of the reporting entity or vice-versa;

   (d) Management contract or any arrangement granting power to the reporting entity to direct or cause the direction of management and policies of the entity, or vice-versa.

2. *Control* exists if and only if the investor has all of the following:

   (a) Power to direct the relevant activities of the investee, which significantly affect the investee's returns;
   (b) Exposure, or rights, to variable returns from its involvement with the investee; and
   (c) The ability to use its power over the investee to affect the amount of the investor's returns.

3. *Related interest* shall refer to any of the following:

   (a) Spouse or relative within the first degree of consanguinity or affinity, or relative by legal adoption, of a director, officer or stockholder of the selling BSFI (or its parent);

   (b) Partnership of which a director, officer, or stockholder of a selling BSFI (or its parent) or his spouse or relative within the first degree of consanguinity or affinity, or relative by legal adoption, is a general partner;

   (c) Co-owner with the director, officer, stockholder or his spouse or relative within the first degree of consanguinity or affinity, or relative by legal adoption, of the property or interest or right mortgaged, pledged or assigned to secure the loans or other credit accommodations, except when the mortgage, pledge or assignment covers only said co-owner's undivided interest;

   (d) Corporation, association or firm of which any or a group of directors, officers, stockholders of the selling BSFI and/or their spouses or relatives within the first degree of consanguinity or affinity, or relative by legal adoption, hold or own at least twenty percent (20%) of the subscribed capital of such corporation, or of the equity of such association or firm; Provided, an entity may still be considered a related interest under this Rule notwithstanding ownership of less than 20% if such entity clearly demonstrates control in the operating and financial policy decisions of the selling Fl as provided in Rule 11.1.1.2 of the FIST IRR;

   (e) Corporation, association or firm wholly or majority-owned or controlled by any related entity or a group of related entities mentioned in 3(2) and 3(4) above;

   (f) Corporation, association or firm which owns or controls, directly or indirectly, whether singly or as part of a group of related interests at least twenty percent (20%) of the subscribed capital of a substantial stockholder of the selling BSFI (or its parent), or which controls majority interest of the selling BSFI (or its parent);

   (g) Corporation, association or firm which has an existing management contract or any similar arrangement with the parent of the selling BSFI (or its parent); and

   (h) Non-governmental organizations (NGOs)/foundations that are engaged in retail microfinance operations which are incorporated by any of the stockholders and/or directors and/or officers or related to the selling BSFI (or its parent).

4. *Subsidiary* refers to an entity that is controlled by another entity.

POWERS OF THE BANGKO SENTRAL

001 - T EXAMINATION BY THE BANGKO SENTRAL

The Bangko Sentral shall have supervision over, and conduct periodic or special examinations of trust corporations (TC).

The head and examiners of the appropriate supervising department of the Bangko Sentral are authorized to administer oaths to any director, officer or employee of TCs, and to compel the presentation of all books, documents, papers or records necessary in their judgment to ascertain the facts relative to the true condition of the institution as well as the books and records of persons and entities relative to or in connection with the operations, activities or transactions of the institution under examination, subject to the provision of existing laws and regulations.

The term "examination" shall refer to an investigation of an institution under the supervisory authority of the Bangko Sentral to determine whether the institution is operating on a safe and sound basis, inquire into its solvency and liquidity, and assess the effectiveness of its compliance function to ascertain that it is conducting business in accordance with laws and regulations. Consistent with a risk-based approach to supervision, the scope of examination may include but need not be limited to the following:

a. Appraisal of the overall quality of corporate governance;

b. Assessment of risk management system, which shall include the evaluation of the effectiveness of management oversight and self-assessment functions (e.g., internal audit, risk management and compliance), adequacy of policies, procedures, and limits, effectiveness of risk measurement, monitoring and management information system, and robustness of internal control;

c. Review of the institution's operations and overall risk profile;

d. Evaluation of financial performance, capital adequacy, asset quality and liquidity; and

e. Any other activity relevant to the above.

Regular or periodic examination shall be done once a year, with an interval of twelve (12) months from the last date thereof. Special examination may be conducted earlier, or at a shorter interval, when authorized by the Monetary Board by an affirmative vote of five (5) members.

In the full exercise of the supervisory powers of the Bangko Sentral, examination by the Bangko Sentral of institutions shall be complemented by overseeing thereof. In this regard, the term Overseeing shall refer to a limited investigation of an institution, or any investigation/s that is limited in scope, conducted to inquire into a particular area/aspect of an institution's operations, for the purpose of overseeing that laws and regulations are complied with, inquiring into the solvency and liquidity of the institution, enforcing prompt corrective action, or such other matters requiring immediate investigation: *Provided,* That (i) specific authorizations be issued by the Deputy Governor of the appropriate sector of the Bangko Sentral, and (ii) periodic summary reports on overseeings made be submitted by the Monetary Board.

(Circular Nos. 1066 dated 04 December 2019 and 903 dated 29 February 2016)

002 - T SUPERVISORY ENFORCEMENT POLICY

The Policy sets forth guidance on the Bangko Sentral's supervision-by-risk framework. It also puts together in a holistic manner all the enforcement tools available to the Bangko Sentral as contained in various laws and rules and regulations[1] and communicates the deployment thereof in a consistent manner by the Bangko Sentral in the course of performing its supervisory function. It further sets out the guiding principles and objectives behind the deployment of such enforcement actions.

Nothing in this Section shall be construed as superseding enforcement actions previously imposed against BSFIs pursuant to existing laws, Bangko Sentral rules and regulations.

a. Statement of Policy and Rationale. The Bangko Sentral is issuing this Supervisory Enforcement Policy to provide guidance on its supervision-by-risk framework. The Bangko Sentral recognizes that risk-taking is integral to a financial institution's business. The existence of risk is not necessarily a reason for concern so long as Management exhibits the ability to effectively manage that level of risk and operates the financial institution (FI) in a safe and sound manner. Thus, when risk is not properly managed, the Bangko Sentral may deploy a wide range of enforcement actions provided under existing laws, Bangko Sentral rules and regulations, taking into consideration the nature and extent of the supervisory issues and concerns and the level of cooperation provided by Management.

[1] Section 4 of R.A. No. 8791 (General Banking Law of 2000) defines the scope of Bangko Sentral's supervisory powers, which may be grouped into three categories; (i) issuance of rules; (ii) examination and investigation; and (iii) enforcement of Prompt Corrective Action (PCA).

The Bangko Sentral adopts a holistic approach to supervision with the objective of guiding FIs under its supervision to mitigate risk and achieve the desired changes.

Bangko Sentral's risk-based supervision, of which enforcement action is a key part, focuses on the safety and soundness of operations of the FIs. This policy sets forth the expectations of the Bangko Sentral when it deploys enforcement action and the consequences when expected actions are not performed within prescribed timelines.

Thus, this over-arching policy is needed - (a) as a collation of various enforcement actions already present in various laws, rules and regulations; (b) for better guidance of the FIs and the bank supervisors; and (c) as a means to broadcast to the banking/financial industry the consequences of failure to address the Bangko Sentral requirements and supervisory expectations.

b. Objectives of the Enforcement Policy. The Bangko Sentral's Supervisory Enforcement Policy aims to achieve the following two (2) key objectives:

(1) *Achieving the desired change*.

Effect a change in the overall condition and governance of Bangko Sentral-supervised FIs consistent with the expectations set under relevant laws and regulations; and

(2) *Mitigating Risk*.

Mitigate risks to the FIs and other stakeholders in order to maintain the stability of the financial system.

c. General Principles. The Bangko Sentral, in the deployment of enforcement actions, is guided by the following general principles:

(1) *Root cause diagnosis*. The enforcement action addresses the underlying cause of the supervisory issues and concerns.

(2) *Consistently matching the severity of enforcement action to the supervisory issue*. The deployment of appropriate enforcement action is commensurate to the severity of the supervisory issues and concerns. The severity of the supervisory issues and concerns is assessed in terms of prevalence[1] and persistence.

(3) *Successive or simultaneous deployment of enforcement actions*. Enforcement actions may be deployed successively or simultaneously taking into account the nature and seriousness of the difficulties encountered by the FIs and the ability and willingness of the FI's Management to address the supervisory issues and concerns.

(4) *Monitorability and follow-through*. The Bangko Sentral monitors the FI's progress/compliance with the expected actions to address the supervisory issues, concerns and problems.

(5) *Escalation of enforcement actions*. Enforcement actions may be escalated if the desired change is not achieved and the root causes of the FI's issues, concerns and problems are not addressed by the FI within prescribed timelines.

d. Categories of Enforcement Actions The three main categories of enforcement action are: (1) corrective actions, (2) sanctions and (3) other supervisory actions. These enforcement actions may be imposed singly or in combination with others.

(1) Corrective Actions. Corrective actions are enforcement actions intended to require the FI to address the underlying cause of supervisory issues, concerns and problems. These include the following:

(a) Bangko Sentral Directives Directives are basically orders and instructions communicated by the appropriate supervising department in Bangko Sentral requiring the FI to undertake a specific positive action or refrain from performing a particular activity within a prescribed timeline.

(b) Letter of Commitment (LOC). The LOC is an enforcement action where the FI's Board of Directors (Board) is required, upon approval and/or confirmation by the Monetary Board (MB), to make a written commitment to undertake a specific positive action or refrain from performing a particular activity within a given time period.

[1] Prevalence pertains to the pervasiveness of the supervisory issues, concerns and problems in relation to their impact on the FI's solvency, asset quality, operating performance and liquidity, among others.

The LOC is generally used to arrest emerging supervisory concerns before these develop into serious weaknesses or problems, or to address remaining supervisory issues and concerns.

(2) Sanctions. Sanctions that may be imposed on an FI and/or its directors and officers, as provided under existing laws, Bangko Sentral rules and regulations, are subject to the prior approval and/or confirmation by the MB. Such sanctions include the following:

(a) FIs

(i) Restrictions on Activities and Privileges
(ii) Suspension of Authorities, Privileges and Other Activities
(iii) Divestment and/or Unwinding
(iv) Monetary Sanction - Penalties/Fines Against the FI

(b) Directors and officers

(i) Reprimand
(ii) Restriction on Compensation and Benefits
(iii) Divestment
(iv) Suspension
(v) Disqualification
(vi) Removal
(vii) Monetary Penalties/Fines

The foregoing sanctions to individuals are without prejudice to the filing of separate civil or criminal actions against them, when appropriate.

(3) Other Supervisory Actions. Subject to prior MB approval, the Bangko Sentral, when warranted, may deploy other supervisory actions such as:

(a) Initiation into the PCA Framework;
(b) Issuance of a cease and desist order (CDO) against the FI as well as its directors and officers;
(c) Conservatorship; and
(d) Placement under Receivership.

e. Due Process. An integral part of the deployment of enforcement actions is the observance of due process in all cases.

The FI and/or its directors and officers are afforded fair and reasonable opportunity to explain their side and to submit evidence/s in support thereof, which are given due consideration in determining the appropriate enforcement action(s) to be imposed.

(Circular Nos. 1066 dated 04 December 2019 and 903 dated 29 February 2016)

003 - T PROMPT CORRECTIVE ACTION FRAMEWORK

The framework for the enforcement of prompt corrective action (PCA) on banks which is in *Appendix 68* of the MORB, shall govern the PCA taken on TCs to the extent applicable, or by analogy.

(Circular No. 1066 dated 04 December 2019)

004-T MONETARY PENALTIES ON BSFIs, AND/OR THEIR DIRECTORS, OFFICERS AND/OR EMPLOYEES

The Bangko Sentral recognizes the need to impose monetary penalties as one of the possible administrative sanctions to hold BSFIs, and/or their directors, officers and/or employees accountable for their conduct, deter future commission of violations, and achieve the overarching supervisory objectives of changed behavior and mitigated risks.

Pursuant to Section 37 of R.A. No. 7653, as amended, BSFIs, and/or their directors, officers and/or employees may be imposed a maximum monetary penalty of ₱1 million for each transactional violation or ₱100 thousand per calendar day for violations of a continuing nature. In case profit is gained or loss is avoided as a result of the violation, the Bangko Sentral may also impose a fine of no more than three (3) times the profit gained or loss avoided.

To ensure fairness, consistency and reasonableness in the imposition of monetary penalties, the Bangko Sentral takes into consideration the attendant circumstances of each case, such as the nature and gravity of the violation or irregularly and the size of the financial institution, including other aggravating and mitigation factors. Further, in accordance with Sec. 002-T, the Bangko Sentral may impose monetary penalties, singly or in combination with non-monetary sanctions, if appropriate.

The guidelines on the imposition of monetary penalties for violations in which sanctions fall under Section 37 of R.A. No. 7653 (The New Central Bank Act), as amended, and other applicable laws are in *Appendix T-7.*

(Circular No. 1125 dated 20 August 2021)

PART ONE

ORGANIZATION, MANAGEMENT, AND ADMINISTRATION

A. ESTABLISHMENT, POWERS, AND OPERATIONS OF TRUST CORPORATIONS

101 - T APPLICABLE REGULATIONS ON TRUST CORPORATIONS

Trust operations and investment management activities of trust corporations shall be subject to the applicable regulations in Parts Five 9Foreign Exchange Operations) , Six (Treasury and Money Market Operations), Seven (Electronic Payment and Financial Services), Eight (Anti-Money Laundering Operations) and ten (Financial Consumer Protections Framework) including the provisions of Sec. 002-Q (Supervisory Enforcement Policy) MORNBFI, unless otherwise provided in this Manual

(Circular No. 1048 dated 6 September 2019)

102 - T POLICY STATEMENT; DEFINITION OF TERMS

Policy Statement. It is the policy of the Bangko Sentral to promulgate rules and regulations necessary for the proper conduct and development of trust, other fiduciary business and investment management activities. Towards this end, authority to engage in trust, other fiduciary business and investment management activities shall be granted to all qualified trust corporations which meet the requirements provided herewith.

Definitions. For purposes of regulating the operations of a trust corporation, unless the context clearly connotes otherwise, the following shall have the meaning indicated:

a. *Trust entity* shall refer to a: (a) bank or non-bank financial institution (NBFI), through its specifically designated business unit to perform trust functions, or (b) trust corporation, authorized by the Bangko Sentral to engage in trust and other fiduciary business under Section 79 of Republic Act (R.A.) No. 8791 (The General Banking Law of 2000) or to perform investment management services under Section 53 of R.A. No. 8791.

b. A *trust corporation (TC)* shall be a stock corporation created, and duly authorized by the Monetary Board, to engage primarily in trust, other fiduciary business and investment management activities, which shall act as trustee or administer any trust or hold property in trust or on deposit for the use and benefit of others, and/or as financial consultant, investment adviser or portfolio manager.

   A TC may be a subsidiary or an affiliate of a bank and/or an NBFI: *Provided,* That the investing bank and/or NBFI cannot engage in trust, other fiduciary business and investment management activities through its separate and distinct department or other similar unit in the bank or NBFI and through a TC.

c. *Trust business* shall refer to any activity resulting from a trustor-trustee relationship (trusteeship) involving the appointment of a trustee by the trustor for the administration, holding, management of funds and/or properties of the trustor by the trustee for the use, benefit or advantage of the trustor or of others called beneficiaries.

d. *Other fiduciary business* shall refer to any activity resulting from a contract or agreement whereby the TC binds itself to render services or to act in a representative capacity such as in an agency, guardianship, administratorship of wills, properties and estates, executorship, receivership and other similar services which do not create or result in a trusteeship. Investment management activities, which are considered as among other fiduciary business, shall be separately defined in the succeeding item to highlight its being a major source of fiduciary business.

e. *Investment management activity* shall refer to any activity resulting from a contract or agreement primarily for financial return whereby the institution (the investment manager) binds itself to handle or manage investible funds or any investment portfolio in a representative capacity as financial or managing agent, adviser, consultant or administrator of financial or investment management, advisory, consultancy or any similar arrangement which does not create or result in a trusteeship.

f. *Investment management account* shall refer to an account where transactions arising from investment management activities are kept and recorded.

g. *Trust* is a relationship or an arrangement whereby a person called a trustee is appointed by a person called a trustor to administer, hold and manage funds and/or property of the trust or for the benefit of a beneficiary.

h. *Trust agreement* is an instrument in writing covering the terms and conditions of the trust.

i. *Trustee* is any person who holds legal title to the funds and/or property of a trust.

j. *Trustor* is any person who creates a trust.

k. *Beneficiary* is any person for whose benefit a trust is created.

l. *Fiduciary* shall refer to any person or entity engaged in any of the other fiduciary business as herein defined where no trustor-trustee relation exists.

m. *Agency* shall refer to a contract whereby a person binds himself to render some service or to do something in representation or on behalf of another, with the consent or authority of the latter.

n. *Principal* shall refer to the person who grants authority to another person called an agent, under a contract to enter into transactions in his behalf.

o. *Agent* shall refer to a person who acts in representation or on behalf of another person with the latter's authority.

p. *President* shall refer to the chief executive officer of the TC or to any other position of equivalent rank or position.

q. *Unit Investment Trust Fund (UITF)* shall refer to an open-ended pooled trust fund denominated in pesos or any acceptable currency, which are operated and administered by a trust entity and made available by participation. The term *Unit Investment Trust Funds* is synonymous to common trust funds. As an open-ended fund, participation or redemption is allowed as often as stated in its plan rules.

r. *Assets under management (AUM)* shall represent all funds, properties and securities, denominated in peso and other foreign currency, which the TC, acting as trustee, fiduciary and agent, shall manage, administer, hold, and/or take custody, for the use and/or benefit of persons other than the TC. In the performance of its trust, other fiduciary business and investment management activities (IMA), the assets under management of the TC shall be kept separate and distinct from the proprietary assets of the TC as well as from the general or other business owned and operated by its parent company, subsidiaries and related interest including all other funds, properties, and assets owned by such TC.

s. *Proprietary assets* shall refer to all assets, excluding assets under management, owned by the TC for the purpose of engaging in the business of trust, other fiduciary and investment management activities and maintaining the minimum capital requirement.

(Circular No. 1066 dated 04 December 2019)

103 - T ESTABLISHMENT, ORGANIZATION AND POWERS

A TC shall administer the funds or property under its custody with the diligence that a prudent man would exercise in the conduct of an enterprise of a like character with similar aims.

The TC must have suitable shareholders, adequate financial strength, a legal structure in line with its operations, and a management that is fit and proper to operate the corporation. Where the proposed owner or parent organization is a foreign-regulated financial institution, the prior consent of its home country supervisor should be obtained.

The incorporators/subscriber must be persons of integrity and of good credit reputation in the business community. The subscribers must have adequate and legitimate financial capacity to pay for their proposed subscriptions in the TC.

In addition, the incorporators/subscribers must not have been convicted of any crime involving moral turpitude, and unless otherwise allowed under the provisions of existing laws, are not officers or employees of a government agency, instrumentality, department or office charged with the supervision of, or the granting of credit to trust entities.

A TC shall ensure that it upholds consumer protection practices that adhere to the highest level of service standards, and observes fair and responsible dealings in the conduct of its trust business. In this regard, a TC shall adopt a board-approved consumer protection framework that is appropriate to its corporate structure, operations and risk profile.

Basic guidelines in establishing TCs. No person or entity shall be allowed to operate as a TC without prior authority from the Bangko Sentral.

a. *Organizational requirements*

(1) Articles of incorporation and by-laws. The articles of incorporation and by-laws of any TC, or any amendment thereto, shall not be registered with the Securities and Exchange Commission (SEC) unless accompanied by a certificate of authority to register issued by the Monetary Board.

(2) Application for authority to establish the TC. The incorporators/directors of the proposed TC shall file and submit to the Monetary Board through the appropriate supervising department of the Bangko Sentral an application for authority to establish a TC to primarily engage in trust, other fiduciary business and investment management activities, which shall be duly signed by all incorporators/directors, together with the following documents:

(a) Accomplished biographical data of each incorporator, subscriber, proposed director and officer;

(b) Certificate of net worth as of a date not earlier than ninety (90) days prior to the filing of the application of each of the subscriber. Such certificate shall indicate a minimum net worth that will demonstrate the certifying person's financial capacity to invest in the TC. A waiver of rights under R.A. No. 1405, as amended, shall also be submitted for purposes of verification of the declared net worth;

(c) Certified photocopies of Income Tax Returns (ITRs) for the last two (2) calendar years of each incorporator, subscriber, proposed director and officer or similar document from the home country in the case of non-Filipino citizens;

(d) Clearance from the National Bureau of Investigation (NBI) of each of the incorporator, subscriber, proposed director and officer or similar document from the home country in the case of non-Filipino citizens;

(e) For corporate subscribers, the following additional documents shall be submitted:

(i) Copy of the board resolution authorizing the corporation to invest in such TC and designating the person who will represent the corporation in connection therewith;

(ii) Copy of the latest articles of incorporation and by-laws duly stamped received by the SEC;

(iii) Updated list of directors and principal officers;

(iv) Current list of substantial or major shareholders, indicating the citizenship and the number, amount and percentage of the voting and non-voting shares held by them. For this purpose, substantial or major shareholder shall mean a person, whether natural or juridical, owning such number of shares that will allow him to elect at least one (1) member of the board of directors of a TC, or who is directly or indirectly the registered or beneficial owner of more than ten percent (10%) of any class of its equity security;

(v) A copy each of the corporation's audited financial statements for the last two (2) years prior to the filing of the application;

(vi) A copy of the corporation's annual report to the stockholders for the year immediately preceding the date of filing of the application;

(vii) Certified photocopies of the corporation's ITRs and BIR clearance for the last two (2) calendar years; and

(viii) For foreign corporations, in addition to Items "(e)i" to "(e)vi", it shall also submit (1) a certification from its home country's supervisory authority that it has no objection to the investment of such company in a TC in the Philippines and that adequate information on such foreign corporation shall be provided to the Bangko Sentral to the extent allowed under existing laws; (2) certification from the foreign bank/entity applicant's Corporate Secretary or any officer holding equivalent position that the bank/entity is established, reputable and financially sound; and (3) if the proposed ownership represents controlling interest[1] in the TC, certification from the foreign bank/entity applicant's Corporate Secretary or any officer holding equivalent position containing the information that the bank/entity is widely-owned and publicly-listed, duly authenticated by the Philippine Consulate;

[1] Control exists when the parent owns directly or indirectly through subsidiaries more than one-half (1/2) of the voting power of an enterprise unless, in exceptional circumstance, it can be clearly demonstrated that such ownership does not constitute control. Control may also exist even when ownership is one-half (1/2) or less of the voting power of an enterprise when there is: (i) power over more than one-half (1/2) of the voting rights by virtue of an agreement with other stockholders; or (ii) power to govern the financial and operating policies of the enterprise under a statute or an agreement; or (iii) power to appoint or remove the majority of the members of the board of directors or equivalent governing body; or (iv) power to cast the majority votes at meetings of the board of directors or equivalent governing body; or (v) any other arrangement similar to any of the above.

(f) Detailed plan of operation and economic justification for establishing a TC. The plan should describe and analyze the industry and the market area from which the TC expects to draw majority of its trust business and establish a strategy for its ongoing operation. It should also describe how the TC will be organized and controlled internally. Further, the plan should cover the marketing and distribution arrangements to be adopted by the TC which shall comply with Secs. 109-T and 110-T;

(g) Projected financial statements for the first five (5) years together with assumptions. These should be consistent with its proposed plan of operation and would show sufficient capital to support its strategy and operations;

(h) Detailed plan on how the subscribers would put up the required capitalization for the proposed TC; and

(i) Such other information that the Bangko Sentral may require.

In case of banks and NBFIs that decide to spin-off their trust department to a TC, in addition to the articles of incorporation, by-laws and the application for establishment of the proposed TC, the documentary requirements are as follows:

(a) Updated biographical data of each incorporator, subscriber, proposed director and officer;

(b) Certificate of net worth as of a date not earlier than ninety (90) days prior to the filing of the application of each of the subscriber. Such certificate shall indicate a minimum net worth that will demonstrate the certifying person's financial capacity to invest in the TC. A waiver of rights under R. A. No. 1405, as amended, shall also be submitted for purposes of verification of the declared net worth;

(c) Certified photocopies of ITRs for the last two (2) calendar years of each incorporator, subscriber, proposed director and officer or similar document from the home country in the case of non-Filipino citizens;

(d) Clearance from the NBI of each of the incorporator, subscriber, proposed director and officer or similar document from the home country in the case of non-Filipino citizens. However, the applicant may instead submit a certification that the incorporator, subscriber, proposed director and officer concerned has already undergone prior approval/confirmation by the Bangko Sentral as director and/or officer of a Bangko Sentral-supervised entity;

(e) Copy of the board resolution authorizing the trust department to spin-off into a TC and designating the person who will represent the corporation in connection therewith;

(f) In addition to the detailed plan of operation and economic justification for establishing a TC required under Item "*(2)(f)*", the plan shall include specific actions and timelines for the smooth transition of its operations including timelines for ample notification to clients;

(g) Detailed plan on how the bank/NBFI would put up the required capitalization for the proposed TC;

(h) For trust departments of foreign banks/foreign bank branches, it shall also submit a certification from its home country's supervisory authority that it has no objection to the spin-off of the trust department of said bank/foreign branches into a TC and that adequate information shall likewise be provided to the Bangko Sentral to the extent allowed under existing laws; and

(i) Such other information that the Bangko Sentral may require.

Application for establishment of a TC shall be subject to the following fees:

(a) Filing fee - A filing fee of P25,000.00 shall be charged upon filing of the application and is non-refundable;
(b) Processing fee - A processing fee of P100,000.00 shall be charged for accepted applications regardless whether the application is approved or denied. Processing fee shall be inclusive of the filing fee; and
(c) Licensing fee - A licensing fee of P500,000.00 shall be charged upon approval of the application. Licensing fee shall be inclusive of the processing fee.

In submitting its application, the applicant shall include a written authorization in favor of the Bangko Sentral giving consent to the conduct of verification/validation of the documents or representations stated in the application for the establishment of a TC.

The application shall be considered filed and submitted on a first-come, first-served basis: *Provided,* That all required documents are complete and properly accomplished. Otherwise, the application shall be returned unacted.

b. *Grounds for disapproval of application*. The Monetary Board may deny the application to organize a TC on the basis of any of the findings that:

(1) The TC is being organized for any purpose other than to engage in the business of a legitimate TC;
(2) The TC's detailed plan of operations is against the law, Bangko Sentral rules and regulations, and public policy; and
(3) There exist other reasons, which the Monetary Board may consider as sufficient ground for such disapproval.

c. *Requirements for the issuance of the certificates of authority to register and to operate.*

(1) Within thirty (30) days from receipt of advice of approval by the Monetary Board of its application for authority to establish a TC, the applicant shall pay a non-refundable license fee, as stated above, to the Bangko Sentral.

(2) Within sixty (60) days from receipt of advice of approval by the Monetary Board of their application for authority to establish a TC, the incorporators shall:

(a) Submit seven (7) copies of the articles of incorporation, treasurer's sworn statement and by-laws which shall include provisions on the appointment of a president, equivalent position/officer, and other subordinate officers, and a clear definition of their duties and responsibilities; and

(b) Deposit with any universal/commercial bank the initial paid-up capital of the proposed TC.

(3) Within thirty (30) days after the articles of incorporation and by-laws had been cleared by the Bangko Sentral, and the corresponding certificate of authority to register had been issued, the incorporators shall effect the filing and registration of said documents with the SEC.

(4) Within six (6) months from receipt of advice of approval by the Monetary Board/Governor of their application for authority to establish a TC, the incorporators shall secure the certificate of authority to operate the trust, other fiduciary business and investment management activities and submit to the appropriate supervising department of the Bangko Sentral the following:

(a) Proof of registration of articles of incorporation and by-laws;

(b) Certification of compliance with the conditions of approval duly signed by the incorporators, including the set-up of the required basic security deposit;

(c) Names and positions of individuals designated as chairman and members of the board of directors, president and other subordinate officers of the TC with their respective bio-data and statement of duties and responsibilities;

(d) Organizational chart which shows the names of departments/units with respective functions and responsibilities and designations of officers/employees including responsibilities of personnel within the said departments/units. The organizational chart should show clear accountability of the management structure and should provide for independent check and balance by the board of directors;

(e) Risk Management Manual, Manual on Consumer Protection Framework and Operations Manual embodying the policies, systems, and operating procedures of each department/unit in the organization, together with the certification of the president of the TC that the manuals were prepared and aligned with existing Bangko Sentral rules and regulations on risk management, consumer protection and trust, other fiduciary and investment management activities, and that the policies, systems and operating procedures in the manuals shall be implemented. A TC is expected to have in place, a risk management system that is appropriate to the nature and complexity of the TC's fiduciary activities and to ensure that the policies, systems and operating procedures in the manuals shall be implemented;

(f) Excerpts of the minutes of the organizational/director's meetings confirming all organizational and pre-opening transactions relative to activities undertaken by the TC to operate the trust, other fiduciary business and investment management activities (e.g., appointment of officers, and approval of authorized signatories);

(g) Alphabetical list of all stockholders with the number and percentage of voting stocks owned/held;

(h) List of natural persons/stockholders certified by the corporate secretary, owning voting stocks in the TC and are related to other identified stockholders within the first degree of consanguinity or affinity, indicating the combined percentage of voting stocks held by these persons in the particular TC, as well as juridical persons, including corporations that are wholly-owned or a majority of the stock of which is owned by any of such persons, including their wholly- or majority-owned subsidiaries;

(i) Certification by the president that no person who is the spouse or relative within the second degree of consanguinity or affinity of any person holding the position of chairman, president, chief executive officer, chief operating officer, executive vice-president, senior vice president or any position of equivalent rank, general manager treasurer, chief cashier, or chief accountant will be appointed to any of said positions in the TC; and

(j) Other documents/papers which may be required.

Commencement of trust, other fiduciary business and investment management activities. The authority to establish a TC shall be automatically revoked if the TC is not organized and opened for business within one (1) year from date of approval by the Monetary Board of their application for authority to operate a TC. A final extension may be granted upon presentation of justifiable reason for failure to open the TC within the prescribed period, and proof that the TC can be opened within the extension period.

In the case of spun-off trust departments of banks/NBFIs, it is understood that upon receipt of the certificate of authority to operate a TC, the trust license of the trust department shall be automatically revoked.

The TC shall submit a written notice to the appropriate supervising department of the Bangko Sentral of the actual date of commencement of trust, other fiduciary and investment management operations not later than ten (10) days from such operation.

Powers and scope of authority. A TC, with prior approval of the Monetary Board, shall engage in trust and other fiduciary business under Chapter IX of R.A. No. 8791 (The General Banking Law of 2000).

A TC may accept peso and foreign currency denominated accounts: *Provided,* That in the case of foreign currency denominated accounts, all relevant laws, rules and regulations issued by local regulatory agencies on such are complied with.

Limitations. Except for escrow services, property administratorship, safekeeping, collection and payment services, and other similar legitimate activities, a TC shall not accept and administer funds or property of any bank and/or quasi-bank, and/or act as trustee, fiduciary, financial consultant, investment adviser, or portfolio manager of such funds or property. It shall not, in any manner, allow itself to be a party to any transaction by which a bank or quasi-bank circumvent laws, rules and regulations. Moreover, a TC cannot engage in quasi-banking functions, particularly the borrowing of funds from the public for the purpose of relending the said funds. The TC, however, retains the right to borrow as is inherent to any duly registered corporate entity: *Provided, however*, That borrowing of a TC from its managed or trusteed accounts shall be prohibited.

(Circular Nos. 1066 dated 04 December 2019 and 903 dated 29 February 2016)

104 - T AUTHORITY RESULTING FROM MERGER OR CONSOLIDATION

In the merger of financial institutions (FI), one of which is a TC, the authority to engage in trust, other fiduciary business and investment management activities shall continue to be in effect if the surviving institution has such authority and the same has not been withdrawn or revoked by the Bangko Sentral. In case the surviving institution does not have previous authority, it shall secure the prior approval of the Monetary Board to engage in trust business as part of its application for merger to enable it to incorporate such among its powers or purpose clause in its articles of incorporation, articles of merger, by-laws and such other pertinent documents. In the consolidation of TCs where the resulting entity is an entirely new one, it shall secure from the Monetary Board an authority to engage in trust, other fiduciary business and investment management activities before it may engage in such business.

Mergers and consolidations including the terms and conditions thereof shall comply with the provisions of applicable law and are subject to approval by the Bangko Sentral.

The guidelines and procedures in the application for merger/consolidation as shown in *Appendix Q -52* of the MORNBFI shall be observed by TCs.

Rules on exchange of shares. As a general rule, the ratio of exchange of shares between or among the participants in a FI merger or consolidation shall be based on mutual agreement of the parties concerned. However, any appraisal increment reserve (revaluation reserve) arising from the revaluation of the fixed assets, as may be agreed upon by the parties shall be limited to premises, improvement, and equipment which are necessary for its immediate accommodation in the transaction of the FI's business. Such revaluation should be based on fair valuation of the property which shall be subject to review and approval by the Bangko Sentral.

(Circular No. 1066 dated 04 December 2019)

105 - T ESTABLISHMENT OF BRANCHES AND MARKETING OFFICES

A TC shall carry out its trust and other fiduciary business only at the place of business specified in its articles of incorporation. It may establish branch/es or marketing office/s in order to maximize the delivery of its products and services.

A branch shall refer to any permanent office or place of business in the Philippines other than the head office where a TC may perform activities and provide products and services that are within the scope of its authority and licenses. In this respect, a complete set of books and records shall be maintained in each branch.

A marketing office shall refer to any permanent office or place of business of a TC that is annexed to the head office or to a branch. It records its transactions in the books of the head office or the branch to which it is annexed.

Allowable activities of a marketing office. A marketing office may engage only in the following activities:

a. marketing, defined as the promotion and presentation of the TC's products and services to clients or prospective clients;
b. client profiling; and
c. preparation and receipt of documents for the opening and establishment of an account.

In addition, a marketing office may receive client funds and/or the corresponding instructions for subscription to and/or redemption/withdrawal of UITFs: *Provided,* That client funds may only be received once the client account has been created and approved.

Consistent with the expectation for the board and senior management to maintain an effective and efficient internal control framework, the TC shall adopt appropriate control mechanisms to ensure the protection of client funds. At a minimum, the TC shall ensure the segregation of functions of personnel handling funds and personnel handling client instructions. The TC shall likewise adopt policies and procedures for the handling of funds, including, but not limited to, accounting, periodic reconciliation, and reporting.

The board of directors of the TC shall approve the defined range of activities and services that shall be carried out in a marketing office: *Provided*, That the same shall not include the approval and opening of trust/fiduciary accounts: *Provided, further*, That the Management shall ensure that the accounting and reporting of activities and transactions of the marketing office to the head office/branch to which it is annexed is performed at least on a daily basis.

The TC shall likewise ensure that the activities of a marketing office are strictly undertaken in accordance with the Basic Standards set forth in *Appendix Q-49.*

Prerequisites for the grant of authority to establish a branch/marketing office. A TC may establish a branch/marketing office: *Provided*, That it meets the prudential criteria under Sec. 111-T.

No TC operating in the Philippines shall establish branches without the prior approval of the Monetary Board.

A TC may establish a marketing office/s upon giving prior notice to the Bangko Sentral. Such notification shall be transmitted to the appropriate supervising department of the Bangko Sentral not later than ten (10) banking days after the TC's Board of Directors has approved the TC's proposal to open a marketing office/s.

Prohibition. No application for establishment of new branch(es) shall be accepted if the TC has approved but unopened branch(es).

Documentary requirements. A TC seeking to establish a branch shall submit the following documents to the appropriate supervising department of the Bangko Sentral.

a. Application letter signed by the President of the TC, which shall indicate the number of branches to be established and the proposed location/s;
b. Corporate Secretary's Certificate attesting to the approval by the board of directors of the TC of the establishment of a branch/es; and
c. Certification/Undertaking signed by President that the TC is compliant with the prudential criteria under Sec. 111-T.

A TC seeking to open a marketing office/s shall support its letter of notification to the Bangko Sentral with Items *"b"* and *"c"* above: *Provided*, That the Corporate Secretary's Certificate referred to in Item "b" shall pertain to the approval by the board of directors of the establishment of a marketing office/s.

Filing/processing fee. A non-refundable filing fee of P2,000.00 shall be paid for each branch application. Moreover, a processing fee of P25,000.00 shall be paid for each branch application processed, regardless of the final decision of the Bangko Sentral.

Date of opening. Approved branch(es) shall be opened within six (6) months from the date of approval thereof and shall not be subject to any extension.

Requirement for opening branch(es)/marketing office(s). Not later than five (5) banking days from date of opening, the TC shall notify the appropriate supervising department of the Bangko Sentral of the actual date of opening of its branch/marketing office.

Relocation/closure of branch(es)/marketing office(s). Relocation/closure of branch(es)/marketing office/s may be effected only with prior notification to the Bangko Sentral in accordance with the following procedures:

a. Notice of the relocation/closure of the branch/marketing office signed by the president of the TC, together with a certified true copy of the resolution of the TC's board of directors authorizing said relocation/closure and stating the justifications/reasons thereof, shall be submitted by the TC to the appropriate supervising department of the Bangko Sentral;

b. Upon receipt of "no objection notice" from the Bangko Sentral but at least forty-five (45) calendar days prior to the closure, notice of relocation/closure shall be sent by the TC to the trustors' and other creditors' last known addresses by registered mail service of the Philippine Postal Corporation (Philpost) or delivery service of other mail couriers or electronic mail, and posters shall also be displayed in conspicuous places in the premises of the branch to be closed. Proofs of receipt of notice by the trustors and other creditors shall be kept on file and made available upon request of the Bangko Sentral; and

c. Within five (5) banking days from the date of relocation/closure of the branch/marketing office, a notice of such relocation/closure signed by the compliance officer with the rank of a vice president or equivalent rank, or by a higher ranking officer, together with a certification that the notification requirement in Item "*2*" above has been complied with, shall be submitted to the appropriate supervising department of the Bangko Sentral.

Sanctions. Any violation of the provisions of Sec. 105-T depending on the materiality or seriousness of the violation, may constitute a ground for considering the same as unsafe and unsound practice and may be a ground for cancellation of the franchise and closure of said branch/marketing office established herein without prejudice to the imposition of applicable criminal and administrative sanctions prescribed under Sections 36 and 37, respectively of R.A. No. 7653; and if any part of any certification submitted by the TC as required in this Section is found to be false, the following sanctions shall be imposed:

a. *On the trust corporation.* Suspension for one (1) year of the privilege to establish and/or open approved branches/marketing office, and/or relocate branches/marketing office.

b. *On the certifying officer.* A fine of P5,000 per day from the time the certification was made up to the time the certification was found to be false for each branch/marketing office opened, relocated, or closed without prejudice to the sanctions under Section 35 of R.A. No. 7653.

Enforcement actions. Consistent with Sec. 002-T, the Bangko Sentral reserves the right to deploy any of its supervisory tools to promote adherence to the requirements set forth in the foregoing rules and bring about timely corrective actions and compliance with Bangko Sentral directives. For this purpose, the Bangko Sentral may limit the activities and services offered by a branch/marketing office or revoke the franchise and close any branch/marketing office. If any part of the certification submitted by the TC, as required in this Section, is found to be false, the Bangko Sentral may also suspend the privilege of such TC to establish and/or open approved branches/marketing offices and/or relocate branches/marketing offices and impose sanctions on the certifying officers concerned, without prejudice to the sanctions under Section 35 of R.A. No.7653, as amended.

(Circular Nos. 1097 dated 21 September 2020 and 1066 dated 04 December 2019)

106 - T UNAUTHORIZED CONDUCT OF TRUST AND OTHER FIDUCIARY BUSINESS

If an entity is found to be engaged in unauthorized trust and other fiduciary business and/or investment management activities, whether as its primary, secondary or incidental business, the Monetary Board may proceed against such entity and/or its board of directors, and/or principal officers and/or majority stockholders in accordance with law.

The Monetary Board may take such action as it may deem proper such as, but may not be limited to, requiring the transfer or turnover of any trust and other fiduciary and/or investment management accounts to duly incorporated and licensed entities of choice by the trustor, beneficiary or client, as the case may be.

No entity shall advertise or represent itself as being engaged in trust and other fiduciary business or in investment management activities or represent itself as trustee or investment manager or use words of similar import and/or use in connection with its business title, the words trust, trust corporation, trust company, trust plan or words of similar import, without having obtained the required authority to do so.

TCs may be allowed to adopt any name that is not offensive or confusing to the public: *Provided,* That the words trust, trust corporation, trust company or words of similar import, is affixed in its business name.

(Circular No. 1066 dated 04 December 2019)

107 - T BUSINESS DAYS AND HOURS

Trust corporations may adopt such business days and hours as the y deem proper in the conduct of their operations: *Provided,* That such business days and hours are properly disclosed to clients/investor: *Provided, further,* That trust corporations shall post conspicuously at all times in their place of business their schedule of regular business days and hours.

(Circular No. 1066 dated 04 December 2019)

108 - T TRUST CORPORATION PREMISES; OTHER FIXED ASSETS

The regulations under Sec. 105-Q (except *Reclassification of real and other properties acquired to QB premises, furniture, fixture and equipment; Sanction*) shall be adopted for the premises and other fixed assets of the TC.

(Circular No. 1066 dated 04 December 2019)

109 - T MARKETING

General Policy. TC shall put in place sound policies and procedures covering its marketing arrangement giving primary consideration in upholding consumer protection in accordance with the Consumer Protection Framework of the Bangko Sentral. Such policies and procedures shall be embodied in a marketing plan and in case of significant changes to be made thereon, Trust Corporations shall notify the appropriate supervising department of the Bangko Sentral within thirty (30) calendar days prior to the implementation of such change.

Governance in marketing. In marketing its trust products, TC shall:

a. Establish policies and procedures covering the marketing of its trust products such as, but not limited to, verification and handling of client information, disclosures of key features of trust products, extent of authority of marketing personnel, and risk disclosures;

b. Be responsible for the conduct and regular training of its marketing personnel. For purposes of this Section, marketing Personnel shall mean any person performing marketing functions for the trust corporation;

c. Establish proper customer feedback and complaint-handling mechanisms; and

d. Comply with all laws and regulations applicable in the Philippines including labor laws, anti-money laundering rules, outsourcing and those governing the trust activities/services performed by the marketing personnel on the TC's behalf.

Marketing personnel. TC shall ensure that its marketing personnel are fit and proper, act within the bounds of their functions, and adhere to the Code of Ethics and Professional Standards required under Sec. 301-T. Accordingly, TC shall establish policies and procedures covering the following:

a. Duties and responsibilities of its marketing personnel;
b. Conduct of due diligence check on the fitness and propriety of its marketing personnel which includes monitoring and reviewing on an ongoing basis their performance; and
c. Conduct of continuing training and education especially on updates relative to the TC's trust products.

With respect to the marketing personnel themselves, they shall be required to:

(1) Undergo training program on trust, other fiduciary and investment management activities. This training program may be conducted by their respective trust entities or by the Trust Officers Association of the Philippines (TOAP) or any training provider acceptable to the Bangko Sentral. However, if the training is conducted by the trust entities, such training program shall be regularly reviewed/validated by TOAP. It is understood that all training materials shall be made available for review and/or validation, whenever necessary;

(2) Continuously update themselves on the features and characteristics of the trust products they are selling; and

(3) Conduct themselves with integrity, honesty and with proper representation to the clients of the TC.

In the case of UITF Marketing Personnel, the regulations provided under Sec. 414-Q shall apply.

Marketing materials. TC shall ensure that its marketing materials give a fair and balanced view of the trust product being offered. Marketing materials may be considered fair and balanced when they are clear and easily understood; highlight the purpose and risks of the product; and do not omit any material information that would cause the marketing materials to be misleading. All marketing materials should specify (a) that the same is a trust product and therefore not insured nor governed by the Philippine Deposit Insurance Corporation (PDIC); (b) that any loss/income is for the account of the client/investor; and (c) that the TC is not liable for losses unless upon willful default, bad faith or gross negligence.

Sec. 414-Q (*Minimum disclosure requirements*), on the minimum disclosure requirements shall be adopted by the TC, in so far as applicable to the trust product.

Complaints resolution. TCs, in the marketing and distribution of its products, shall establish systems and controls regarding the recording and handling of complaints. The provisions on Consumer Protection Framework of the Bangko Sentral shall apply.

Reports. TCs shall submit on an annual basis a certification signed by the president and the compliance officer that:

a. The appointed marketing personnel are fit and proper and has undergone the requisite training; and
b. The trust corporation has a policy on handling and ensuring the accountability, as well as a system of monitoring the activities and performance of its marketing personnel.

Said certification shall be submitted on or before 30 January of the following year and shall be considered a Category A-2 report.

(Circular Nos. 1066 dated 04 December 2019 and 1018 dated 26 October 2018)

110 - T DISTRIBUTION OF TRUST PRODUCTS

The trust products of a TC shall only be distributed by the TC itself, except for UITFs, which may be distributed as provided under this Section. The TC shall adopt a distribution arrangement that is consistent with its strategic plan of operation. Such arrangement shall be conducted in a manner that is not prohibited by laws, rules and regulations.

Regardless of the arrangements that the TC chooses to adopt, the TC should be able to demonstrate that the arrangement is properly managed. The arrangement should be properly documented and the related documentation shall be made available to the Bangko Sentral.

Third-party Distributors of UITFs. A TC may engage the following third parties to distribute its UITFs:

a. individual agents; and
b. institutional agents.

The distribution of UITFs through a bank shall be governed by the provisions on cross-selling under Sec. 113 of the MORB.

The use of a service provider, such as an electronic platform, to offer UITFs shall not be considered as a distribution arrangement. It shall be subject to the outsourcing framework provided under Sec. 112-T.

a. *Qualification Requirements.* The TC shall exercise prudence in the selection of third-party distributors. It shall ensure that a distributor meets the qualification requirements set out in this Section and that the distributor complies with such requirements on a continuing basis.

    (1) Individual agent. An individual agent must meet the qualifications for UITF marketing personnel as prescribed under Sec. 109-T.

    (2) Institutional agent. An institutional agent must be duly registered as a corporation with the SEC and actively operating. It must have the necessary authority from the appropriate regulatory agency to distribute financial products, must be in good financial standing, and must have the appropriate structure and adequate facilities to engage in the distribution of UITFs. All personnel of institutional agents involved in the distribution of UITFs must likewise meet the requirements prescribed under Sec. 109-T.

b. *Authority to engage third-party UITF distributors.* The engagement of a third-party distributor by a TC is considered a Type "C" activity under Sec. 111-T.

    A TC may engage a third-party distributor subject to notification to the Bangko Sentral and compliance with the prudential criteria prescribed under Sec. 111-T. For this purpose, the TC shall submit the following documents to the appropriate supervising department of the Bangko Sentral not later than ten (10) banking days after the TC's board of directors has approved the TC's proposal to distribute UITFs through a third-party:

(1) Notification letter signed by the president of the TC stating the intended mode of distribution;
(2) Corporate Secretary's certificate on the approval of the board of directors of the engagement of third-party distributors; and
(3) Certification signed by the president that the TC complies with the prudential criteria under Sec. 111-T, as well as pertinent laws, rules and regulations.

c. *Scope of activities and functions*. A distributor shall only perform activities allowed for a marketing office of a TC as provided under Sec. 105-T (*Allowable activities of a marketing office)*.

d. *Agreement*. The distribution activity shall be covered by a formal agreement between the TC and the third-party distributor. At a minimum, the following shall be set out in the agreement:

(1) Complete description of the activities to be performed;

(2) Distribution fee arrangement;

(3) Any restriction or prohibition regarding the performance by the distributor of its functions;

(4) Responsibility and accountability of the distributor for errors, omissions or fraud, and any fine or penalty related thereto;

(5) Delineation of responsibilities on the handling of customer complaints pertaining to, at a minimum, the products covered under the agreement (i.e., the UITFs) and the services performed by the distributor, and on the establishment of a redress mechanism;

(6) Ownership of, and access to, the relevant documents maintained by the distributor;

(7) The protection of confidentiality of all data and information related to the distribution activity, the liability/ies of the TC and the distributor, and the actions that the TC may take against the distributor for breach of confidentiality or any form of disclosure of confidential information;

(8) Amendment, pre-termination and cancellation of the agreement; and

(9) An undertaking to comply with the requirements under this Section.

e. *On-boarding process and maintenance of client information and records.* The on-boarding of clients through third-party distributors and the maintenance of client information and records shall be in accordance with the Basic Standards provided in *Appendix Q-49*. In addition, the following requirements shall apply.

(1) Individual agent - The individual agent shall conduct the client suitability assessment (CSA) process on behalf of the TC. The TC shall maintain and be responsible for the information gathered by the individual agent through the CSA and any related documents. The individual agent may likewise conduct the customer identification and verification process, including the gathering of the minimum information and performing face-to-face contact on behalf of the TC, subject to the rules on outsourcing under existing anti-money laundering and combating the financing of terrorism (AML/CFT) laws, rules and regulations: *Provided*, That the ultimate responsibility for knowing the customer still lies with the TC.

(2) Institutional agent - The institutional agent may adopt its own CSA process or that of the TC. The TC shall maintain and be responsible for the information gathered by the institutional agent through the CSA and any related documents.

A TC may rely on the institutional agent for the conduct of customer identification and verification, subject to the requirements provided under existing laws and regulations on AML/CFT: *Provided*, That the ultimate responsibility for knowing the customer still lies with the TC.

(3) General provisions - The TC shall adopt control mechanisms to ensure that the distributors observe the requirements under relevant laws, rules and regulations, including those governing securities activities, confidentiality of information, as well as the relevant requirements under the Basic Standards provided in *Appendix Q-49*, and the regulations on Financial Consumer Protection set out in Part Ten of the MORB.

The TC shall be responsible for the practices and activities of its distributors with respect to its UITFs. In cases where clients are prejudiced due to errors, omissions and fraud by the distributor, the TC shall provide the appropriate remedies or remuneration to clients as may be allowed under existing laws or regulations, without prejudice to the TC's right of recourse to the distributor regardless of the type of arrangement.

The TC shall ensure that the distributor/s adequately discloses to the public that he/it is authorized by the TC to distribute its UITF/s. Such disclosure shall remain in effect as long as the arrangement between the TC and the distributor remains active.

In addition to the requirements under this Section, the TC that enters into distribution arrangement shall be subject to the provisions on governance and the conduct of due diligence and periodic monitoring under Sec. 112-T and Sec. 147-Q, as applicable.

Enforcement actions. Consistent with Sec. 002-T, the Bangko Sentral reserves the right to deploy its range of supervisory tools and enforcement actions to promote adherence with the requirements set out in this Section and bring about timely corrective actions. In this respect, the Bangko Sentral may issue directives to improve the management of the distribution activity or impose sanctions to limit the level of or suspend any distribution activity. Sanctions may likewise be imposed on the TC and/or its directors, officers and/or employees.

(Circular Nos. 1097 dated 21 September 2020 and 1066 dated 04 December 2019)

B. SPECIAL AUTHORITIES

111 - T LICENSING

Statement of policy and objectives. Consistent with the mandate of the Bangko Sentral to promote a safe and sound banking system, the licensing process on permissible activities of BSFI is enhanced to align the process with international standards and best practices such as the "Core Principles for Effective Supervision" issued by the Basel Committee on Banking Supervision. The Bangko Sentral will not restrict the scope of risk-taking activities of BSFIs consequent of the licenses and/or authorities granted: *Provided,* That these licenses and/or authorities are in line with their business model and strategic direction: *Provided, further*, That these BSFIs demonstrate the capacity to implement these strategies and the ability to manage risks.

The enhanced policy guidelines set forth the expectations and criteria of the Bangko Sentral with respect to granting of licenses and authorities as well as its right to reject applications if the criteria set forth are not met by the applicant BSFIs ("applicants") or if the information provided is not adequate. The Bangko Sentral also reserves the right to withdraw or revoke the license and/or authority or enforce appropriate actions when an institution no longer meets the criteria or standards required to be met for the exercise of the license and/or authority.

These criteria are intended to incorporate the licensing process into Bangko Sentral's enforcement regime that is anchored on good governance, sound risk management system and effective control systems. Further, these criteria aim to provide more consistency on how the risk-focused supervision function is applied to the licensing process. This enhanced licensing policy aims to ensure that licenses and authorities are granted only to applicants that comply with the standards set.

It is also the thrust of these enhanced policy guidelines on granting licenses/authorities to establish Bangko Sentral's accountability and promote transparency on the licensing process which are consistent with its commitment to deliver prompt and efficient service.

Scope. Applications for licenses and/or authorities shall be categorized as follows:

a. *Type "A"* - applications for licenses and/or authorities where compliance with the defined prudential requirements/criteria described in Prudential Criteria Sec. 111-T (*Prudential Criteria*) is a pre-condition for applicants to be considered eligible;

b. *Type "B"* - applications for licenses and/or authorities processed regardless of risk profile; and

c. *Type "C"* - activities which no longer require submission of applications and processing but shall be subject to submission of reports/certification/notification within stated deadlines. However, compliance with pre-qualification requirements is subject to post verification and any false information and/or misrepresentation may be a basis for the imposition of appropriate enforcement actions described in Enforcement Actions Sec. 111-T (*Enforcement actions*). The Bangko Sentral shall use this information to continuously tailor its supervisory strategy for the supervised entities and to maintain and continuously update its institutional database.

Prudential criteria. The prudential criteria set forth in this Section shall be used in determining the eligibility of applicants to the licenses and/or authorities granted by the Bangko Sentral. Accordingly, the following minimum conditions must be met:

a. Applicant domestic banks must have a CAMELS composite rating of at least "*3*" and a "*Management*" rating of not lower than "*3*", branches of foreign banks must have a ROCA rating of at least "*3*", and BSFIs must have a RAS rating of at least "Acceptable". Whenever applicable, ratings equivalent to cited minimum rating grade requirements under appropriate rating systems (i.e., IT Rating Systems, Trust Rating Systems, among others) shall apply for certain licenses and/or authorities;

b. Applicants have no major supervisory concerns in governance, risk management systems, and internal controls and compliance system, and characterize/demonstrate the following:

(1) Governance

Applicants must display a culture of good corporate governance appropriate to its size, risk profile and complexity of operations. Board of directors and management, in their respective roles, provide an appropriate level and quality of oversight and support to all of the institution's activities. Sound management practices are observed and demonstrated through (a) active oversight and satisfactory performance by the board of directors and senior management, (b) appropriate policies, processes, and controls relative to the institution's size, complexity and risk profile, (c) maintenance of an independent and effective internal audit and compliance program as well as a sound internal control environment, and (d) effective risk monitoring and management information systems.

Applicants should not be found engaging in an activity which may be considered as conducting business in an unsafe and unsound manner. In cases where weaknesses, violations of law, policy and/or regulation exists, other than those considered unsafe or unsound practices, these should not be material to the safety and soundness of the institution, can be reasonably managed, and are being adequately addressed.

Quality of corporate governance shall be assessed based on the principles and framework set forth in the Guidelines in Assessing the Quality of Corporate Governance in BSFIs;

(2) Risk management system and internal controls

Applicants shall have a comprehensive risk management system approved by its board of directors (or equivalent management committee in the case of foreign bank branches) to identify, measure, evaluate, report and control or mitigate all material risks on a timely basis and to assess the adequacy of their capital in relation to their risk profile and market and macroeconomic conditions and whose sophistication are commensurate to the risks being monitored and controlled. The risk management system must be characterized by a clear delineation of responsibility for risk management, adequate risk measurement systems, appropriate risk limits structure, effective internal controls and complete, timely and efficient risk reporting systems.

Likewise, applicants shall have an effective and adequate system of internal controls for the conduct of their business taking into account their risk profile. These controls deal with organizational structure, accounting policies and processes, checks and balances, safeguarding of assets and investments and appropriate and effective internal audit and compliance functions. Standards and principles as well as the Bangko Sentral's expectations governing internal controls and audit under existing regulations shall apply in assessing the quality and effectiveness of the internal control systems of an applicant; and

(3) Compliance system

Applicants shall have a compliance system, appropriate to its size, risk profile and complexity of operations, designed to specifically identify and mitigate business risks[1] which may erode the franchise value of the institution. Compliance policies and procedures embodied in a Compliance Policy Manual should be sound and effectively implemented. Likewise, compliance monitoring and testing as well as review process should be robust to ensure BSFI conducts its business/operations in accordance with banking laws, rules and regulation and other laws relevant to banking such as securities laws and regulations. BSFI's should not have found significantly non-compliant with prudential requirements such as SBL, DOSRI limits, capital adequacy ratio requirements, among others.

Standards and principles set forth in the Compliance Rating System framework shall apply in assessing the quality of BSFI's compliance system; and

c. Applicants have complied with directives and/or not subject of specific directives and/or enforcement actions by the Bangko Sentral.

Applicants shall have corrected any findings of unsafe or unsound practices and have addressed any outstanding explicit directives from the Bangko Sentral and/or other relevant regulatory bodies, prohibiting the conduct of activities related to the licenses and/or authorities being applied, as of the date of application. Applicants with specific prohibitions to conduct certain activities shall not be eligible to apply for that particular license and/or authority.

[1] As defined under Sec. 161-Q (*Compliance function*), *business risk* refers to conditions which may be detrimental to the institution's business model and its ability to generate returns from operations, which in turn erodes its franchise value. Business risk includes reputation, compliance, market conduct and legal risks.

No application shall be accepted until such time that enforcement actions are formally lifted by the Bangko Sentral and/or other relevant regulatory bodies after applicants have demonstrated to the Bangko Sentral that safety and soundness concerns are satisfactorily addressed and/or until such time applicants become eligible.

Applications of BSFIs under rehabilitation and/or enhanced supervision status[1] shall be dealt with in accordance with the eligibility test described in *Section II.1(a) of Appendix T-5.*

BSFIs granted with licenses/authorities shall continuously comply with the abovementioned standards and requirements even after the license/authority has been granted; otherwise, any deviation or non-compliance may be a basis for the imposition of appropriate enforcement actions described in Sec. 111-T (*Enforcement Actions*).

The specific guidelines and procedures on the Bangko Sentral's licensing framework are shown in *Appendix T-5.*

Enforcement Actions. In line with the thrust of the Bangko Sentral to incorporate the licensing process into its enforcement regime, the Bangko Sentral reserves the right to deploy, as may be warranted, an adequate range of supervisory tools to ensure that grantees of licenses/authorities are and remain qualified to possess the same, bring about timely corrective actions and compliance with Bangko Sentral directives, and provide safety to depositors, creditors, other stakeholders as well as the public in general.

Enforcement actions that may be imposed include, but are not limited to:

a. Corrective action

Corrective actions are measures intended to primarily require BSFIs with approved licenses/authorities to rectify any deviations from the standards, principles and conditions expected for the exercise of the license and/or authority. Corrective actions may include, but are not limited to, issuance of directives and warnings.

b. Sanctions.

The Monetary Board may impose any of the sanctions enumerated hereunder or a combination thereof.

(1) Non-monetary

(a) *Suspension of activities.* The conduct of activities related to the licenses/authorities granted may be suspended if the Bangko Sentral determines that the concerned BSFI no longer meets the criteria or standards set; or

(b) *Revocation of licenses/authorities*. The license/authority granted may be revoked in cases where violation, non-compliance with criteria/standards and/or false information are noted which affects the safety and soundness of BSFIs' operations; and/or

(c) *Administrative sanctions*. The responsible directors/officers who approve transactions and/or decisions that resulted in violations of laws, rules and regulations, orders, and directives issued by the Monetary Board or the Governor may be subject to reprimand, temporary suspension, and/or disqualification of directors/officers.

The Monetary Board is not precluded to impose non-monetary sanctions other than those identified from Items "(a)" to "(c)"; and/or

(2) Monetary.

Monetary penalties may be imposed for any acts, omissions or transactions that are outside the permissible activities of the licenses/authorities granted or are in violation of laws, Bangko Sentral rules and regulations, orders and directives issued by the Bangko Sentral.

Type of license of permissible activities[2]. The type of license attached to permissible activities of Bangko Sentral supervised financial institutions (BSFIs) shall be as follows:

[1] Rehabilitation includes BSFIs under the Prompt Corrective Action (PCA), Rehabilitation Program, Letter of Commitment and any other similar cases where BSFIs are expected to comply specific terms and conditions to restore eligibility (safety and sound) status.

[2] **Transitory Provisions.** Applications filed with the Bangko Sentral prior to 6 March 2019 shall not be charged with processing and licensing fees provided under Sec. 111-Q (*Processing and licensing fees*). For application related to branching activities covered under Sec. 105 (*Processing and special licensing fees*), as amended, approved after 6 March 2019, the processing fees provided under the said Section, as amended, shall be collected upon approval of the application. Applications for Type C licenses received prior to 6 March 2019 shall be deemed to have complied with the notification/certification requirements if after thirty (30) banking days from 6 March 2019, the appropriate supervising department of the FSS does not advise the BSFI concerned of any deficiency on such application.

Type of License	Permissible Activity	Related Sections
A	Trust and Other Fiduciary Business	Sec. 302-T
B	Amendment of Articles of Incorporation (AOI) and By-Laws	Sec. 103-T (*Basic Guidelines in Establishing TCs*)
C		

Processing and Licensing Fees. All applications shall be charged with the following processing fees pursuant to Section II.3.i of *Appendix Q-77*:

Type of License/ Authority	Processing Fees for Non-Bank Financial Institutions
A	10,000
B	10,000

Certain Type A licenses shall be charged with the following licensing fees upon approval pursuant to Section II.3.ii of *Appendix Q-77*:

Type of License/ Authority	Licensing Fees* for Non-Bank Financial Institutions
A	50,000

*Licensing fee shall be net of the processing fee.

The foregoing tables shall not apply to licensing applications with separate fee structure under specific sections of this Manual.

(Circular Nos. 1033 dated 22 February 2019 and 1031 dated 07 February 2019)

112 - T MANAGEMENT CONTRACTS AND OUTSOURCING OF THE FUNCTIONS

Management Contracts. Subject to existing laws and regulations, all agreements whereby the affairs or operations of a TC will be carried out by another corporation, person or group of persons, shall be subject to prior Bangko Sentral approval.

The agreements referred to in the preceding paragraph shall not be entered into for a period longer than five (5) years.

Duties and Responsibilities of TCs and their Directors/Officers in All Cases of Outsourcing of Other Functions. The trust corporation shall ensure that outsourcing of activities will not compromise confidentiality or access to (client) sensitive information. Moreover, no trust corporation shall outsource inherent trust functions such as the administration and management of assets, strategic decision-making activities, and activities of similar import The rules on outsourcing of services as shown under Sec. 112 of the MORB and *Appendix Q-36*, in so far as applicable, shall apply.

(Circular No. 1097 dated 21 September 2020 and 1066 dated 04 December 2019)

C. CAPITALIZATION

121 - T MINIMUM REQUIRED CAPITAL

A TC shall have an unimpaired combined capital accounts of P300 million or 0.10% of the total book value of its AUM, whichever is higher: *Provided,* That the minimum paid-in capital shall be at least P300 million.

Capital build-up program. Upon incorporation/establishment, a TC may have an initial minimum paid-in capital of P100 million and shall be allowed to build-up capital over a period of five (5) years: *Provided,* That the minimum paid-in capital after five (5) years shall be at least P300 million: *Provided, further*, That the minimum capital during the capital build-up phase shall be determined as follows:

Calendar Year	Capital Requirements
Year 0- Upon incorporation/At inception	P100 million
End of Year 1	P140 million or 0.10% of AUM whichever is higher
End of Year 2	P180 million or 0.10% of AUM whichever is higher
End of Year 3	P220 million or 0.10% of AUM whichever is higher
End of Year 4	P260 million or 0.10% of AUM whichever is higher
End of Year 5 and onwards	P300 million or 0.10% and onwards of AUM whichever is higher.

The assets under management, for this purpose, shall be computed based on the average of the quarter-end balances of AUM for the calendar year.

For purposes of this Section, *combined capital accounts* shall mean the total capital stock, retained earnings, and profit and loss summary, net of (a) unbooked allowance for probable losses (which includes allowance for credit losses and impairment losses) on the allowable proprietary assets and (b) such other capital adjustments as may be required by the Bangko Sentral.

Sanctions. Whenever the paid-in or the combined capital accounts of the TC are deficient with respect to the preceding paragraphs, the TC may be subject to the sanctions/penalties provided under existing laws and Bangko Sentral rules and regulations. Moreover, the Monetary Board, after considering the report of the appropriate supervising department of the Bangko Sentral, shall require the TC to institute necessary corrective action(s) to address its capital deficiency. Until the TC complies with the minimum capital requirement, the Monetary Board may restrict the ability of the TC, to declare dividends and/or expand its business. The Monetary Board may revoke the license of the TC which fails to comply with the minimum capital requirement within the remedial period.

(Circular Nos. 1066 dated 04 December 2019 and 1027 dated 28 December 2018)

D. BASIC SECURITY DEPOSIT AND ALLOWABLE PROPRIETARY ASSETS

131 - T SECURITY FOR THE FAITHFUL PERFORMANCE OF TRUST AND OTHER FIDUCIARY BUSINESS AND INVESTMENT MANAGEMENT ACTIVITIES

Basic security deposit. Trust Corporation duly authorized by the Monetary Board, shall deposit with the Bangko Sentral eligible government securities, pursuant to this Section (Eligible Securities), as security for the faithful performance of trust and other fiduciary duties and investment management activities equivalent to 0.05% of the total book value of the AUM: *Provided*, That at no time shall the basic security deposit be less than P500,000. *Provided, further,* That after the first year of operation, the basic security deposit shall be based on the trust rating of the most recent report of examination of the Trust Corporation, as shown in the table below:

Trust Rating	Required Basic Security Deposit
4	P500,000 or 0.03% of the total book value of the AUM, whichever is higher.
3	P500,000 or 0.05% of the total book value of the AUM, whichever is higher.
2	P500,000 or 0.10% of the total book value of the AUM, whichever is higher.
1	P500,000 or 0.20% of the total book value of the AUM, whichever is higher.

The basic security deposit shall be in the form of government securities acceptable to the Bangko Sentral, pursuant to this Section (*Eligible Securities*).

Scripless securities under the Bureau of the Treasury (BTr) Registry may be used as basic security deposit for trust and other fiduciary duties.

The security for the faithful performance of Personal Equity and Retirement Account (PERA) Administrator shall be separately calculated as prescribed under Sec. 1121-Q.

Eligible securities. The provisions of Sec. 416-Q on eligible securities shall govern the basic security deposit requirement for faithful performance of trust and other fiduciary business and investment management activities of trust corporations.

Valuation of securities and basis of computation of the basic security deposit requirement. For the valuation of securities and basis of computation of the basic security deposit requirement, the provisions of Sec. 416-Q (*Valuation of securities and basis of computation of the basic security deposit requirement*) shall apply.

Compliance with the basic security deposit requirement.

a. Compliance[1]. The trust corporation shall ensure compliance with the required basic security deposit at all times. Any deficiency arising from a withdrawal, replacement or redemption transaction must be corrected through the immediate posting of additional securities. In case a deficiency is calculated at the end of the calendar quarter, the trust corporation shall have a grace period of thirty (30) calendar days reckoned from the end of the reference calendar quarter within which to deposit with the Bangko Sentral the additional securities required under this Section. In case of change in the trust rating, the reckoning period of the thirty (30) days shall be the quarter-end from receipt of the Report of Examination.

   (1) *Quarterly compliance.* The trust corporation shall comply with the basic security deposit requirement on a quarterly basis. In determining quarterly compliance, the fair value of government securities used as compliance with the basic security deposit requirement shall be reckoned as of the end of the calendar quarter and the base amount for the basic security deposit requirement provided under this Section on v*aluation of securities and basis of computation of the basic security deposit requirement* shall be applied.

[1] The provisions on quarterly compliance and compliance upon deposit, withdrawal, replacement or redemption became effective on 31 March 2018.

Haircuts for government securities prescribed under this Section *(Valuation of securities and basis of computation of the basic security deposit requirement)* shall be determined based on the remaining maturity of the security from the end of the reference quarter, and applied of the fair value of the government securities used as compliance with the basic security deposit.

The trust corporation shall have a thirty (30)-calendar day grace period after the end of every quarter within which to deposit with the Bangko Sentral, securities pursuant to existing regulations to comply with the basic security deposit requirement as of the preceding quarter-end.

(2) *Compliance upon deposit, withdrawal, replacement or redemption.* The trust corporation shall ensure compliance with the basic security deposit requirement after every deposit, withdrawal, replacement or redemption of government securities. The basic security deposit requirement shall be the amount computed as of the quarter-end preceding the date of deposit, withdrawal, replacement or redemption pursuant to this Section (*Valuation of securities and basis of computation of the basic security deposit requirement)*. The fair value of the remaining government securities, adjusted for relevant haircuts, shall be based on amounts reported as of the quarter-end preceding the date of deposit, withdrawal, replacement or redemption pursuant to this Section (*Valuation of securities and basis of computation of the basic security deposit requirement)*. The haircuts shall be determined based on the remaining maturity of the security from the quarter-end preceding the date of the securities transfer transaction.

Securities used as compliance with the basic security deposit requirement that are issued within the calendar quarter shall be valued at their purchase price, adjusted for relevant haircuts that are determined based on their remaining maturity as of the purchase date.

b. Required Reports. Trust corporations shall submit the following reports in accordance with *Appendix T-3*:

(1) Quarterly Report on Compliance with the Basic Security Deposit Requirement (BSD-Form-1); and
(2) Report on Basic Security Deposit Transactions (BSD-Form-2).

Trust corporations shall maintain adequate documentation (e.g., screenshots of fair values) to support the computation of their compliance with the basic security deposit requirement, which shall be made available to the Bangko Sentral upon request.

c. Other Procedural Requirements.

(1) Opening of a Securities Account. The guidelines on the opening of an account with the BTr Registry are provided in *Appendix Q-24*.

(2) Deposit, Withdrawal or Replacement. The trust corporation shall input the details of securities transfer transactions that are properly supported by notification reports in the BTr Registry to effect the deposit, withdrawal or replacement of securities on the intended date of transfer in the BTr Registry. The input of details of transactions shall be made on or before 12:00 noon for withdrawal or replacement transactions, and on or before 3:30 pm for deposit transactions, on the intended date of transfer as provided in the BSD-Form-2.

Withdrawal or replacement transactions entered after the cut-off time shall be processed on the next banking day: *Provided*, That the trust corporation re-enters the details of the withdrawal or replacement transaction on or before 12:00 noon of the next banking day: *Provided, further*, That deficiency in the basic security deposit arising from failure of the trust corporation to input details of withdrawal or replacement transactions in the BTr Registry on the intended date of transfer shall cause the imposition of sanctions/penalties under this Section (*Sanctions*). Failure to enter or re-enter the transaction details on the next banking day will result in the cancellation of the previously submitted BSD-Form-2. To effect withdrawal or replacement transactions, the trust corporation shall re-submit the BSD-Form-2 in accordance with the prescribed timelines.

(3) Administration of Proceeds from Deposited Securities. Coupon or interest payments and the redemption value of matured securities that are deposited with the Bangko Sentral shall be credited to the DDA of the trust corporation's settlement bank.

Trust corporations shall develop and maintain systems to ensure compliance with the required basic security deposit as prescribed in this Section (*Compliance with the basic security deposit requirement*).

Sanctions.

a. Without prejudice to the imposition of sanctions for capital deficiency, the following sanctions shall be imposed for any deficiency in the basic security deposit for the faithful performance of trust and other fiduciary duties and investment management activities:

(1) On the TC

(a) Daily monetary penalty of P1,000 or one tenth of one percent (1/10 of 1%) on the amount of the deficiency reckoned per calendar day, whichever is higher but not to exceed P10,000 per calendar day, shall be assessed on the Trust Corporation. A trust corporation which incurs a deficiency with the basic security deposit within the quarter, or reports a deficiency with the basic security deposit as of the end of the quarter and fails to deposit securities to comply with the said requirement within the thirty (30)-calendar day grace period, shall be considered deficient with the basic security deposit requirement from the date the deficiency is incurred up to the date the deficiency is corrected or the succeeding quarter-end, whichever comes earlier.

(b) Non-monetary penalty beginning with the third offense – Prohibition against the acceptance of new trust and other fiduciary accounts, introduction of new trust products or UITF, and/or from renewing expiring trust and other fiduciary contracts up to the time the violation is corrected.

(2) On the president and/or other officer(s) responsible for the deficiency/non-compliance.

(a) First offense - warning that subsequent violations shall be dealt with more severely;
(b) Second offense - written reprimand with a stern warning that subsequent violations shall be subject to suspension;
(c) Third offense - thirty (30) calendar day-suspension without pay; and
(d) Subsequent offense(s) - sixty (60) calendar day-suspension without pay.

b. Notwithstanding the execution of a basic security deposit, withdrawal, or replacement transaction, the Bangko Sentral is not precluded from imposing sanctions against the trust corporation for non-compliance with the regulations on the basic security deposit, if warranted.

(Circular Nos. 1066 dated 04 December 2019, 1032 dated 15 February 2019 and 998 dated 01 March 2018)

132 - T ALLOWABLE PROPRIETARY ASSETS

Assets owned by the TC shall be for the purpose of engaging in the business of trust, other fiduciary and investment management activities and for maintaining the minimum capital requirement. The TC shall not engage in any manner in proprietary trading and speculative investing activities. The allowable proprietary assets shall include eligible government securities deposited with the Bangko Sentral in compliance with the basic sescurity deposit requirement provided under Sec. 114-T.

The allowable proprietary assets shall consist of:

(1) Investments in eligible government securities earmarked as basic security deposits as defined under Sec. 114-T (*Eligible Securities*);

(2) Investments in securities issued by or guaranteed by the Philippine government, or the Bangko Sentral;

(3) Investments in bank deposits, and highly liquid and investment grade securities, including: (1) money market instruments, (2) those issued by central governments and central banks of foreign countries with the highest credit quality given by any two (2) internationally accepted rating agencies, and (3) securities issued by any supranational entity;

(4) Loans and other credit accommodations: (1) secured by obligations of the Philippine Government or of the Bangko Sentral; (2) fully guaranteed by the Philippine Government as to the payment of principal and interest; (3) secured by highly liquid and investment grade securities; (4) to the extent covered by the hold-out on or assignment of, bank deposits held in the Philippines; and (5) which the Monetary Board may from time to time specify as non-risk items;

(5) Real and other properties, including building, furniture and fixtures, safes, equipment, and other fixed assets, utilized/to be utilized by the TC in the conduct of its trust, other fiduciary business and investment management activities; and

(6) Other assets, not inconsistent with the provisions of paragraphs *"a"* to *"d"* hereof, which are deemed to be readily realizable and available for the payment of liabilities, losses or claims at values to be determined in accordance with existing Bangko Sentral guidelines.

For purposes of investing the allowable assets, the TC shall not: (a) commingle their proprietary funds or assets with the AUM and (b) invest the same in their own UITF or other trust products. The TC is expected to adopt policies and processes that will address relevant exposures as well as potential conflict of interest in the administration of fiduciary business.

(Circular No. 1066 dated 04 December 2019)

E. STOCK, STOCKHOLDERS, AND DIVIDENDS

141 - T SHARES OF STOCKS OF TCS

The following shall govern transactions affecting shares of stock of TCs and limits on stockholdings in a single TC.

Limits of stockholdings in a single TC. The stockholdings in any TC shall be subject to the limits as prescribed below:

a. Domestic stockholders

(1) Banks may own stockholdings of a TC: *Provided,* That the acquisition or investment in the equity of a TC shall be subject to all relevant laws, rules and regulations on equity investment of banks in a financial allied enterprise.

(2) Regulated non-bank entities engaged in finance, insurance, asset management and other similar activities acceptable to the Bangko Sentral may own up to 100% of the TC's stockholdings unless otherwise provided in their respective governing laws, charters and regulations.

(3) Filipino individuals and non-regulated domestic entities may each own up to forty percent (40%) of the voting stock of a TC. There shall be no ceiling on the aggregate ownership by Filipino individuals and non-regulated domestic entities in a TC.

c. Foreign stockholders may own stockholdings in a TC, subject to the limits as stated below:

(1) Unless otherwise provided by laws, charters and regulations, foreign banks and regulated foreign non-bank entities engaged in finance, insurance, asset management, and other similar activities acceptable to the Bangko Sentral may own more than forty percent (40%) up to 100% of the voting stock of a trust corporation, subject to the following factors:

(a) Strategic trade and investment relationships between the Philippines and the home country of the foreign bank/entity;
(b) Relationship between the applicant foreign bank/entity and the Philippines;
(c) Demonstrated capacity, global reputation for financial innovations and stability in a competitive environment of the applicant foreign bank/entity;
(d) Reciprocity enjoyed by Philippine banks and other financial institutions in the applicant's country; and
(e) Willingness to share technology.

(2) Others, such as individuals and other entities not identified above may own up to forty percent (40%) of the voting stock of a trust corporation: *Provided,* That the aggregate voting stock owned by foreign individuals and other entities not identified above shall not exceed forty percent (40%) of the outstanding voting stock of the trust corporation.

The limits as stated above are further subject to the limits imposed by the respective laws/regulations in the home country of investing companies or country of origin.

A foreign bank or non-bank entity seeking to operate in the Philippines shall satisfy the criteria in Item No. "*b(1)(c)*" above, i.e., demonstrated capacity, global reputation for financial innovations and stability in a competitive environment of the applicant foreign bank/entity: *Provided,* That if it has controlling interest in the TC, it must be widely-owned and publicly-listed in the country of origin, unless the foreign bank/entity is owned and controlled by the government of its country of origin.

The determination of whether a foreign bank/entity is widely-owned and publicly listed, established, reputable, and financially sound shall be based on the information derived from submitted documents. Further, if the foreign bank/entity is owned/controlled by a holding company, this requirement may apply to the holding company.

Moreover, the reciprocity rights enjoyed by Philippine banks and other financial institutions in the applicant's country shall be considered.

d. An individual and a non-regulated entity or entities which are wholly-owned, or a majority of the voting stock of which is owned, by him, may own only up to a combined forty percent (40%) of the voting stock of a TC.

e. Stockholdings of family groups or related interests. Individuals related to each other within the fourth degree of consanguinity or affinity, whether legitimate, illegitimate or common-law, shall be considered family groups or related interests but may each own up to forty percent (40%) of the voting stock of a trust corporation: *Provided,* That said relationship must be fully disclosed in all transactions by such individuals or family groups or related interests.

f. Two (2) or more corporations owned or controlled by the same family group or same group of persons shall be considered related interests but may each own up to forty percent (40%) of the voting stock of a trust corporation: *Provided,* That said relationship must be fully disclosed in all transactions by such corporations or related groups of persons with the trust corporation.

g. Determination of foreign-owned voting stock and citizenship of corporate stockholders in a trust corporation as well as the relationship of stockholders of a trust corporation.

(1) The percentage of foreign-owned voting stock in a trust corporation should be based on citizenship of individual stockholders, including beneficial owners[1] of shares being held by nominees, custodians and other vehicles; and

(2) The citizenship of the corporation, which is a stockholder of a trust corporation, shall follow the citizenship of the controlling stockholders of the corporation. For purposes hereof, the term "controlling stockholders" shall refer to stockholders holding more than fifty percent (50%) of the voting stock of the corporate stockholders of the trust corporation.

(3) The relationship of individuals who are stockholders of a trust corporation shall be determined in accordance with the provisions of Articles 963 to 966 of the Civil Code of the Philippines.

Transactions involving voting shares of stocks. The provisions relevant to the transactions involving voting shares of stocks as provided under Sec. 122 (*Transactions involving voting shares of stocks*) of the MORB, in so far as applicable to TC, shall apply.

(Circular Nos. 1066 dated 04 December 2019 and 903 dated 29 February 2016)

142 - T DIVIDENDS

No trust corporation shall declare dividends greater than its accumulated net profits then on hand, deducting therefrom its losses. At the time of declaration, the trust corporation shall have complied with the following:

a. Minimum capitalization;
b. Basic security deposit;
c. No net losses from operations in any one of the two calendar or fiscal years immediately preceding the date of dividend declaration; and
d. Has not committed any of the following major violations:

(1) Unsafe and unsound practices as defined under existing Bangko Sentral regulations;
(2) Uncorrected major violations/exceptions cited in the previous examination;
(3) Engaging in activities without the required prior approval or license from the Bangko Sentral such as, but not limited to derivatives; and
(4) Refusal to permit examination into the affairs of the institution or any willful making of a false or misleading statement to the Monetary Board or to the appropriate supervising department of the Bangko Sentral.

The provisions under Sec. 123-Q (*Definition of terms, Requirements on the declaration of dividends/net amount available for dividends* Item *"b", Reporting and verification, Recording of dividends,* and *Rules on declaration of stock dividends*), shall be adopted relative to dividends declaration of a trust corporation.

(Circular No. 1066 dated 04 December 2019)

F. CORPORATE GOVERNANCE

151 - T BOARD OF DIRECTORS

Definition; Qualifications; Powers; Duties and Responsibilities of the Board of Directors. Unless otherwise provided specifically, the provisions of Sec. 131-Q, Sec. 132-Q, and Sec. 133-Q in so far as applicable, shall be adopted.

***Qualifications of a director*.** In addition to the provisions of Sec. 132-Q (*Qualifications of a director*), the members of the Board are expected to be familiar with Philippine laws, rules and regulations, and best practices on trust business, as well as uphold at all times, ethical and good governance standards. Accordingly, the members of the board of directors shall possess the necessary technical expertise and relevant experience in such trust business which may be indicated by any of the following:

[1] Beneficial owner refers to natural person(s) who ultimately owns or controls a customer and/or the person on whose behalf a transaction is being conducted. It also incorporates those persons who exercise ultimate effective control over a legal person or arrangement.

a. At least one (1) year of actual experience in trust, other fiduciary business, or investment management activities;
b. At least three (3) years of professional experience in relevant field such as banking, finance, economics, law and risk management;
c. Completion of at least ninety (90) training hours on trust, other fiduciary business, or investment management activities acceptable to the Bangko Sentral; or
d. Completion of a relevant global or local professional certification program.

Duties and responsibilities of the board of directors. In addition to the provisions prescribed under Sec. 132-Q (*Specific duties and responsibilities of the board of directors*), and Sec. 133-Q *(Board-Level Committee)*, the board of directors shall conduct regular meetings at least once every quarter, or more frequently as necessary, depending on the size and complexity of the fiduciary business.

(Circular Nos. 1094 dated 07 September 2020, 1066 dated 04 December 2019 and 970 dated 22 August 2017)

152 - T OFFICERS

Definition; Qualifications; and Duties and Responsibilities of Officers. The definition, qualifications and duties of officers provided under Secs. 131-Q and 132-Q, shall be adopted for trust corporation, unless otherwise provided herein.

Moreover, in line with the fit and proper criterion of the abovementioned Section, the president who shall be appointed shall also possess the following qualifications:

a. At least five (5) years of actual management experience in trust, other fiduciary and investment management operations; or

b. At least five (5) years of actual experience as officer of a bank, NBFI or related field: *Provided,* That said officer passed the training program in trust, other fiduciary and investment management operations acceptable to the Bangko Sentral.

Officers of the TC with position of senior vice president and up, shall at least possess the requirement in Item *"(b)"* above.

The foregoing qualifications for officers shall be in addition to those required or prescribed under R. A. No. 8791, the Corporation Code of the Philippines (Batas Pambansa Blg. 68) and other existing applicable laws and regulations.

Duties and responsibilities of officers. The president shall have general supervision and direction of the business affairs of the TC; he/she shall be responsible in the management of the day-to-day activities of the TC. In this regard, the president shall provide supervision and direction in the following areas:

a. Adherence to the basic standards in the administration of trust, other fiduciary and investment management accounts pursuant to *Appendix Q-49*;
b. Development and implementation of relevant policies and procedures on fiduciary activities;
c. Observance of sound risk management practices and maintenance of necessary controls to protect assets under custody and held in trust or other fiduciary capacity;
d. Implementation of investment and other fiduciary activities in accordance with agreements with clients and parameters set by the BoD;
e. Regular reportorial requirements to the board of directors on business performance and other matters requiring its attention;
f. Maintenance of adequate books, records and files for each trust or other fiduciary account and provision of timely and regular disclosures to clients on the status of their accounts; and
g. Submission of periodic reports to regulatory agencies on the conduct of the trust operations.

The other duties and responsibilities for officers as provided under Sec. 134-Q (*Duties and responsibilities of officers*) shall likewise apply to the officers of the TC.

Prohibitions to become officer. No appointive or elective public official, whether full-time or part-time, shall at the same time serve as officer of the trust corporation.

Bio-data of Directors and Officers. The applicable provisions of Sec. 136-Q (*Bio-data of directors and officers,* Item "*(c)*") shall be adopted by the Trust Corporation.

(Circular Nos. 1066 dated 04 December 2019 and 970 dated 22 August 2017)

153 - T INTERLOCKING DIRECTORSHIP/OFFICERSHIP

The Bangko Sentral recognizes that effective sharing of managerial and technical expertise across institutions promotes economies of scale and organizational synergies, as well as broadens perspectives in strategy formulation and risk management. In this regard, Bangko Sentral-supervised financial institutions (BSFIs) are expected to have an effective

governance process in place to ensure that the benefits of having directors or officers with interlocking positions in other entities are optimized, that the concerned directors or officers devote sufficient time and attention necessary to effectively carry out their duties and responsibilities, and that excessive concentration of economic power, unfair competitive advantage, abusive practices, and conflict of interest situations are prevented.

a. Responsibilities of board of directors. Consistent with the standards and principles set forth in the corporate governance guidelines for BSFIs under Sec. 132-Q, the board of directors of BSFIs shall:

(1) Approve policy on having directors or officers with interlocking positions in other entities, which shall cover, among others, the following:

(a) Cases and the corresponding rationale when the BSFI shall allow/appoint directors or officers to have/with interlocking positions in other entities; the sectors or industries of the entities where the directors or officers may assume other positions; interlocking positions that may be held by directors or officers; and limit on the number of entities where the director or officer may hold interlocking positions.

Provided, That the limit to be set shall be consistent with Item "b" of Qualifications of a director under Sec. 132-Q;

(b) Measures to avoid excessive concentration of economic power, unfair competitive advantage and abusive practices. The policy shall also include the measures in handling conflict of interest situations;

(c) Requirement to obtain approval from the board of directors or the appropriate authority designated in the BSFI prior to acceptance of interlocking directorship/officership positions in other entities;

(d) Requirement to obtain proof of disclosure to and consent from all the involved entities on interlocking officership positions held outside the banking group/conglomerate; and

(e) Courses of action in case conflict of interest arise or when the performance of the director or officer has been affected by the interlocking positions held.

(2) Ensure effective governance process on the selection and appointment of directors and/or officers who are holding interlocking positions in other entities and in approving the acceptance of directors/officers of interlocking positions in other entities. The governance process shall cover continuous assessment of potential conflict of interest in the entities involved as well as the interlocking positions held.

(3) Ensure that directors and/or officers holding interlocking positions in other entities effectively carry out their duties and responsibilities in the BSFI. It shall be the responsibility of the board of directors to conduct a periodic performance evaluation of the concerned directors and officers measured against agreed upon standards for the position. The board of directors shall immediately take appropriate action should the results of performance evaluation reflect that the performance of the function in the BSFI has been adversely affected by the interlocking positions held by the director and/or officer.

(4) Ensure that the control functions (i.e., risk management, compliance, and internal audit) cover the assessment of adherence to internal policies and regulatory expectations on interlocking positions held by the directors and/or officers. For the interlocking positions held by heads of control functions, the assessment shall be performed by the board of directors or board-level committee to whom they functionally report to.

b. Factors to Consider on Interlocking Positions. BSFIs shall observe the following rules for interlocking positions held by directors and/or officers:

(1) *Interlocking directorships.* Interlocking directorships in BSFIs are allowed except in cases involving banks belonging to the same category. In this respect, interlocking directorship in banks belonging to the same category shall only be allowed if the banks: (i) are part of the same banking group; or (ii) have different business models and are serving different markets or clients.

For purposes of determining interlocking directorship, a director and his/her spouse, whether legitimate or common-law, shall be considered as one (1) and the same person.

(2) *Interlocking directorships and officerships.* Interlocking directorships and officerships are allowed provided that the positions do not pose conflict of interests. For this purpose, the appointment should be consistent with the policy adopted by the BSFI.

(3) Interlocking officerships. As a general rule, interlocking officerships shall not be allowed except:

(a) Held in the same capacity within a banking group as (i) corporate secretary, (ii) security officer, (iii) Chief Risk Officer, Chief Compliance Officer, Head of Internal Audit, or (iv) other positions performing similar functions as those in (i) to (iii) hereof; *Provided*, That: The assumption of interlocking officerships is consistent with the enterprise risk management approach of the BSFI and the banking group where the concerned entities belong.

(b) As corporate secretary or assistant corporate secretary between/among entities, which are not part of the same banking group/conglomerate; *Provided*, That:

(i) Proof of disclosure to and consent from all of the involved entities on the interlocking officerships are obtained; and

(ii) The positions do not pose conflict of interest and that the officer holding interlocking positions will still be able to devote sufficient time and attention to effectively carry out his/her duties and responsibilities.

(4) Consistent with Section 6 of Presidential Decree No. 129, as amended by Batas Pambansa Blg. 66, entitled "Governing the Establishment, Operation and Regulation of Investment Houses," the Bangko Sentral hereby allows interlocking directorship and officership between a bank and an investment house subject to the requirements of this Section and other applicable laws and regulations: *Provided, however,* That interlocking officerships between a bank and an investment house may only be allowed where the majority or all of the equity of the investment house is owned by the bank.

c. Approval of interlocking positions. The board of directors or the appropriate authority designated in the BSFI shall approve the interlocking positions held by directors and officers of a BSFI. The documents supporting the approval shall reflect the assessment done by the approving authority consistent with the policy adopted in the BSFI and the expectations in this Section.

d. Transitory Provisions. BSFIs shall reassess existing interlocking positions held by directors and officers, including those previously approved by the Bangko Sentral, considering the principles set out in this Section and the internal policy adopted. BSFIs shall address issues noted in the assessment of interlocking positions in the election of directors and appointment of officers to fully comply with the provisions of this Section by 30 June 2022.

e. Reports. BSFIs shall submit an annual report of all interlocking positions of its directors and officers within twenty (20) banking days from the end of each reference year starting 31 December 2021.

BSFIs shall keep a complete record of all interlocking positions of its directors and officers, and documentation of the assessments conducted by the board of directors or appropriate authority designated in the BSFI on existing and new interlocking positions, and shall maintain a system of updating said records which shall be made available during examination by the Bangko Sentral or when required for submission for verification.

f. Enforcement Actions. The Bangko Sentral shall deploy enforcement actions to promote adherence to the requirements set forth in this Section and bring about timely corrective actions. The Bangko Sentral shall issue directives or sanctions on the BSFI and responsible persons which may include restrictions or prohibitions from certain authorities/activities; and warning, reprimand, suspension, removal and disqualification of concerned BSFI directors, and officers. The Bangko Sentral shall disallow interlocking directorships and officerships or direct the BSFI to amend its internal policy on interlocking positions if the Bangko Sentral deems that the interlocking positions pose conflict of interest which give rise to excessive concentration of economic power, unfair competitive advantage, and abusive practices.

g. Secondment. A BSFI may second or transfer its employee to another entity for temporary assignment: *Provided*, That it has a board-approved policy on secondment and that the transfer of the employee is approved by the appropriate authority of the BSFI: *Provided, further*, That the secondee or the transferred employee shall relinquish all his duties, responsibilities, and authorities in the BSFI, and shall receive remuneration and other incentives from the host entity. BSFIs shall submit a notice within ten (10) banking days from the approval of secondments of employees to the appropriate supervising department of the Bangko Sentral.

h. Representatives of government. The provisions of this Section shall apply to representatives of the government or government-owned or controlled entities appointed as directors or officers in BSFIs, unless otherwise covered under existing laws.

(Circular Nos. 1129 dated 12 November 2021, 1066 dated 04 December 2019 and 953 dated 27 March 2017)

154 - T DISQUALIFICATIONS OF DIRECTORS AND OFFICERS

Disqualification of Directors and Officers. In so far as applicable, Sec. 137-Q shall be adopted by the trust corporation. In addition, Sec. 137-Q (*Persons disqualified to become directors/trustees, Persons disqualified to become officers*) as well as the following shall also be considered grounds for disqualification of directors and officers:

a. Negligence in the performance of the duties and responsibilities stipulated in the contract creating the trust, other fiduciary and investment management account and which directly or indirectly caused material loss/impairment of the managed trust, other fiduciary and investment management assets;

b. Entering into an arrangement or scheme which will compromise or prejudice the interest, rights and privileges of the trustor, principal and/or beneficiaries; and

c. Other grounds as may be approved by the Monetary Board.

The foregoing grounds for disqualification for directors shall be in addition to those prescribed under the Corporation Code of the Philippines (Batas Pambansa Blg. 68) and other existing applicable laws and regulations.

(Circular Nos. 1066 dated 04 December 2019 and 970 dated 22 August 2017)

155 - T RULES OF PROCEDURE ON ADMINISTRATIVE CASES INVOLVING DIRECTORS AND OFFICERS OF TC

Sec. 137-Q on the rules of procedure on administrative cases involving directors and officer of QBs shall likewise be adopted for TCs.

(Circular No. 1066 dated 04 December 2019)

G. RISK MANAGEMENT

161 - T RISK MANAGEMENT GUIDELINES

Risk Management Guidelines. Risk management guidelines for trust and other fiduciary business and investment management activities shall be governed by the applicable regulations under Secs. 142-Q , 144-Q , 145-Q and 147-Q , and by *Appendix Q-50*.

(Circular No. 1066 dated 04 December 2019)

162 - T CREDIT RISK MANAGEMENT

The guidelines on sound credit risk management practices as provided under Sec. 143-Q and the following Subtopics shall apply in so far as applicable to trust corporations:

Sec. 143-Q (*Evaluation of credit risk management system*)
Sec. 143-Q (*Role of the board and senior management*)
Sec. 143-Q (*Credit risk management structure*)
Sec. 143-Q (*Credit risk strategy*)
Sec. 143-Q (*Credit policies, processes and procedures*)

(Circular No. 1066 dated 04 December 2019)

163 - T OPERATIONAL RISK MANAGEMENT

Policy Statement.[1] It is the thrust of the Bangko Sentral to promote the adoption of effective risk management systems to sustain the safe and sound operations of its trust corporations. Cognizant that operational risk is inherent in all activities, products and services, and is closely tied in with other types of risks (e.g., credit, liquidity and market risks), the Bangko Sentral is issuing these guidelines to clearly set out its expectations and define the minimum prudential requirements on operational risk management. These guidelines align existing regulations to the extent possible, with international standards[2] and best practices. Bangko Sentral expects trust corporations to adopt an operational risk management framework, as part of the enterprise-wide risk management system, that is suited to their size, complexity of operations, and risk profile.

[1] Trust Corporations shall comply with the foregoing standards on operational risk management within a period of two (2) years from 05 February 2016. In this regard, a trust corporation should be able to show its plan of actions with specific timelines, as well as the status of initiatives being undertaken to fully comply with the provisions of Sec. 125-T.

[2] Embodied in the relevant documents issued by the Basel Committee on Banking Supervision

Definition of operational risk. *Operational risk* refers to the risk of loss resulting from inadequate or failed internal processes, people and systems; or from external events. This definition includes legal risk, but excludes strategic and reputational risk. Operational risk is inherent in all activities, products and services, and cuts across multiple activities and business lines within the financial institution and across the different entities in a banking group or conglomerate where the financial institution belongs.

Duties and responsibilities.

a. *Board of directors.* Consistent with the principles embodied under Sec. 151-T (*Powers/responsibilities and duties of board of directors*), the duties and responsibilities of the board of directors in relation to the effective management of risk include the establishment of a comprehensive and effective operational risk management framework as part of the enterprise-wide risk management system. In this regard, the board of directors shall:

(1) Ensure that it is aware of and understands the nature and complexity of the major operational risks in the trust corporation's business and operating environment, including risks arising from transactions or relationships with third parties, vendors, suppliers including outsourced service providers, and clients of services provided. This should include understanding of both the financial and non-financial impact of operational risk to which the trust corporation is exposed to;

(2) Approve the operational risk management framework which shall form part of the trust corporation's enterprise-wide risk management system and shall cover all business lines and functions of the trust corporation, including outsourced services and services provided to external parties. The operational risk management framework should include an enterprise-wide definition of operational risk, which should be consistent with the definition under Sec. 163-T (*Definition of Operation Risk*), governance, and reporting structures including the roles and responsibilities of all personnel, feedback mechanism, as well as standards and tools for operational risk management. In this respect, the board shall:

(a) Define the operational risk management strategy and ensure that it is aligned with the trust corporation's overall business objectives. Relative to this, the board should set and provide clear guidance on the trust corporation's operational risk appetite (i.e., the level of operational risk the trust corporation is willing to take and able to manage in pursuit of its business objectives as well as the type of risks that are not acceptable to the board and management), which should consider all material risk exposures as well as the trust corporation's financial condition and strategic direction;

(b) Approve appropriate thresholds or limits to ensure that the level of operational risk is maintained within tolerance and at prudent levels and supported by adequate capital. Relative to this, the board shall approve policy on resolving limit breaches which should cover escalation procedures for approving or investigating breaches, approving authorities, and requirements in reporting to the appropriate level of management or the board;

(c) Ensure that operational risk is appropriately considered in the capital adequacy assessment process;

(d) Ensure that it receives adequate information on material developments in the operational risk profile of the trust corporation, including pertinent information on the current and emerging operational risk exposures and vulnerabilities as well as information on the effectiveness of the operational risk management framework. The board must challenge the quality and comprehensiveness of the operational risk information it receives. It should also be satisfied with the reliability of the said information and the monitoring system for operational risk;

(e) Ensure that business objectives, risk appetite, the operational risk management framework, and the respective roles and responsibilities of personnel and officers at all levels in terms of implementing the operational risk management framework, are properly disseminated, clearly communicated/discussed, and understood by personnel concerned;

(f) Provide senior management with clear guidance and direction regarding the principles underlying the operational risk management framework. The board shall ensure that senior management appropriately implements policies, processes and procedures, and provides feedback on the operational risk management process. In this regard, the board shall establish a feedback and reporting system that will allow employees to raise their concerns without fear of negative consequences; and

(g) Ensure that the operational risk management framework is subject to effective and comprehensive independent review, on a periodic basis, by operationally independent, appropriately trained, and competent staff to ensure that it remains commensurate with the trust corporation's risk profile and continues to be adequate and effective in managing operational risk. The review should take into account the changes in business and operating environment, material changes in systems, business activity or volume of transactions, quality of control environment, effectiveness of risk management or mitigation strategies, loss experience, and the frequency, volume or nature of breaches in limits or any policy.

(3) Provide adequate oversight on all outsourcing activities and ensure effective management of risks arising from these activities. In this regard, the board of directors shall approve a framework governing outsourcing activities, which includes a system to evaluate the risk and materiality of all existing and prospective outsourcing engagements and the policies that apply to such arrangements;

(4) Ensure observance of expectations and requirements prescribed under relevant laws, rules, and regulations, industry-set standards, and policies on internal control, internal audit, and disclosure;

(5) Promote a culture of high standards of ethical behavior. The board shall adopt a code of conduct of ethical behaviors with corresponding disciplinary actions for non-compliance, which should cover, among others, guidance and protocols on conflicts of interest situations, safeguarding of confidential information, and use of sensitive information. The board should likewise institute tools, methodologies, and practices in order to ensure compliance and adherence to the standards by all employees including the senior officers and the board itself. In this regard, employees should be required to acknowledge in writing that they have read, understood, and will observe the code of conduct;

(6) Ensure that business and risk management activities, including the operational risk management function, are carried out by adequate and qualified staff with the necessary experience, technical capabilities, and competence. Moreover, the board shall ensure that employees and officers in all areas of operations have a high degree of integrity.

For this purpose, the board shall approve appropriate hiring and selection policies and processes, adopt a continuing professional development program, and institutionalize a framework for continuing assessment of fitness and propriety of employees. These policies, processes and programs should reinforce the conduct and values being promoted in the organization.

Further, the board shall oversee the design and implementation of remuneration policies. It shall ensure that the remuneration policies do not encourage excessive risk-taking or provide incentives to people to perform contrary to the desired risk management values. It shall also ensure that remuneration policies are appropriate and aligned with the trust corporation's long-term strategic direction and risk appetite, as well as with relevant legal or regulatory requirements;

(7) Ensure that all units in the organization have adequate resources, including personnel complement, and are supported by appropriate technological systems. The use of technological systems must be commensurate to the activities being undertaken; and

(8) Oversee implementation of a sound business continuity management framework. The board should create and promote an organizational culture that places high priority on business continuity. This shall include providing sufficient financial and human resources associated with the trust corporation's business continuity initiatives.

b. *Senior management*. Senior management shall be responsible for the implementation and consistent adherence by all personnel to the operational risk management framework approved by the board of directors. In this respect, senior management shall:

(1) Translate the approved operational risk management framework into specific policies and processes covering all businesses and functions of the trust corporation, including outsourced services and services provided to external parties. Said policies should be clearly documented, approved by the board of directors and communicated to personnel at all levels. Policies should include, among others:

(a) Definition of operational risk and operational risk loss. This should be supported by common operational risk taxonomy that includes the operational risk event type and causes of losses to facilitate the consistent identification of operational risks across the trust corporation as well as the management of operational risk in an integrated manner;

(b) Appropriate governance and oversight structures, reporting lines, and accountabilities for managing operational risks;

(c) Clear description of risk limits and thresholds that correspond to the BSFI's approved operational risk appetite and tolerance;

(d) Risk mitigation strategies and tools for maintaining risks within the thresholds and limits set;

(e) Approach to operational risk identification, assessment, monitoring and reporting that utilizes appropriate operational risk management tools. This should include an outline of the reporting framework and types of data/information to be included in the risk management reports; and

(f) Requirement for the conduct of independent review of the framework as well as its implementation, on a periodic basis, and whenever there are material changes in the trust corporation's operational risk profile.

(2) Communicate individual roles and responsibilities of personnel. It is important that personnel at all levels understand their respective roles in the operational risk management process. In this regard, senior management should clearly assign authority, responsibility, and reporting relationships to encourage and maintain accountability, and ensure that the necessary resources are available to manage operational risk effectively;

(3) Establish systems to report, track, escalate, and resolve issues; and set the frequency of operational risk management reporting considering the level and type of risks involved as well as the pace and nature of the operating environment of the trust corporation;

(4) Assess the appropriateness of the operational risk management process in light of the changing business environment and nature of risks arising from business activities or functions;

(5) Ensure that sufficient number of personnel, technical support, and other resources are devoted for operational risk management such that the trust corporation's activities are conducted by qualified personnel with the necessary experience and technical capabilities. It shall also ensure that personnel responsible for monitoring and enforcing compliance with the trust corporation's operational risk policy as well as the compliance and internal audit units have authority independent from the units they review and are knowledgeable about the different areas of operations; and

(6) Establish policies, standards and processes for an effective business continuity management.

c. *Business units.* Business line management and personnel, as the first line of defense, are responsible on a day-to-day basis for identifying, managing and reporting operational risks inherent in the products, activities, processes and systems for which they are accountable. In this regard, business line management shall ensure that:

(1) Internal controls and practices within their business lines are consistent with the enterprise-wide policies and procedures to support the management of operational risk;

(2) Business line specific policies, processes, and procedures are adequate and effectively implemented, and personnel are adequate and competent to manage operational risk for all material products, activities, and processes;

(3) Operational risk management framework within each business line reflects the scope of that business line and its inherent operational complexity and operational risk profile;

(4) Risk mitigation strategies and processes as approved by the board and senior management are established and executed;

(5) Internal controls, and operational risk mitigation strategies and processes are periodically reviewed within the business units to effectively manage operational risks within approved risk tolerance, and consistent with enterprise-wide policies and procedures established. There must be clear expectations and processes established to ensure prompt escalation and actions to address any gap or issue identified; and

(6) Operational risk-related information (e.g., loss events, incidents, et. al.) are adequately and timely communicated/coordinated to Operational Risk Management Function (ORMF) for risk monitoring and reporting, in addition to the usual reporting to senior management and/or board.

Roles and functions.

a. *Operational Risk Management Function*. Trust corporations are not required to create an ORMF. However, the board of directors is expected to discuss operational risk issues during its board meetings with discussions adequately documented in the minutes of meetings. The board of directors of trust corporations may, at its own discretion, or as directed by the appropriate supervising department of the Bangko Sentral, create a Risk Management Unit (RMU) or assign specific personnel under said unit to handle operational risk concerns. The specific personnel or RMU shall directly report to the head of the RMU or to the board-level Risk Oversight Committee (ROC), as appropriate. The ROC or the board shall be responsible for assessing the annual performance of the unit taking into account how said unit carried out its duties and responsibilities. The ORMF shall be supported by a board-approved charter that defines its stature, authority, and independence.

The ORMF shall primarily assist management in meeting its responsibility to understand and manage operational risk exposures and ensure the development and consistent implementation of operational risk policies, processes, and procedures throughout the institution. In this regard, the ORMF shall:

(1) Recommend to the board of directors and senior management appropriate policies and procedures relating to operational risk management and controls;
(2) Design and implement the operational risk assessment methodology tools and risk reporting system of the institution;
(3) Coordinate risk management activities across the institution;
(4) Consolidate all relevant operational risk information/reports to be elevated/presented to the board and senior management;
(5) Provide operational risk management training and advice to business units on operational risk management issues; and
(6) Coordinate with compliance function, internal audit, and external audit on operational risk matters.

ORMF personnel should have technical proficiency, appropriate educational background, and exposure to enable them to effectively perform the unit's mandate. Trust corporations shall have in place a training program to keep its personnel up-to-date on different operational risk issues and challenges.

b. *Compliance function*. The compliance function shall conduct an independent assessment of the compliance with relevant laws, rules and regulations, as well as internal policies of the institution, and determine areas that may potentially result in risk of loss due to inadequate or failed internal processes, systems, and people. The latter includes inappropriate conduct/behavior of personnel, officers, and the board, that may lead to fraud or any form of business disruption. The compliance function shall assess whether the identified operational risk exposure by the business units or by the function itself shall affect the franchise value of the institution. In this regard, it shall advise and assist management in establishing guidance on the appropriate implementation of relevant laws, rules and regulations, and internal policies.

c. *Internal audit*. Internal audit shall conduct an independent assessment of the operational risk management framework, including the implementation of operational risk management policies and procedures. The board of directors, either directly or indirectly through the board-level Audit Committee shall ensure that the scope and frequency of audit is appropriate to the risk exposures. Any operational risk issue identified and reported in the audit process should be addressed by senior management in a timely and effective manner, or raised to the attention of the board as appropriate.

Operational risk management framework. Trust corporations shall have in place an appropriate operational risk management framework, as part of the enterprise-wide risk management system, that is effective and efficient in identifying, assessing, monitoring and controlling/mitigating operational risk. They shall ensure that their operational risk management framework is commensurate with the complexity of their operations, range of products and services, organizational structure, and risk profile.

a. *Risk identification and assessment*. Risk identification and assessment are fundamental elements of an effective operational risk management system. Effective risk identification shall consider both internal factors (such as trust corporation structure, nature of activities, the quality of human resources, organizational changes and employee turnover, among others) and external factors (such as changes in the broader environment and the industry, advances in technology, and developments in political, legal, and economic factors, among others). Risk identification and assessment allow the trust corporation to better understand its risk profile and allocate risk management resources and strategies more effectively. Since the business lines are expected to have the best knowledge of their risk exposures and processes, these units should play a major role in the identification and assessment of operational risk.

(1) Trust corporations shall consider the following loss event-type categories as part of their risk identification and assessment processes:

(a) Internal fraud, e.g., intentional misreporting of positions, employee theft, and insider trading on an employee's own account;

(b) External fraud, e.g., robbery, forgery, check kiting, and damage from computer hacking;

(c) Employment practices and workplace safety, e.g., workers compensation claims, violation of health and safety rules, organized labor activities, discrimination claims, and general liability;

(d) Clients, products and business practices, e.g., fiduciary breaches, misuse of confidential customer information, improper trading activities on the trust corporation's account, money laundering, and sale of unauthorized products;

(e) Damage to physical assets, e.g., terrorism, vandalism, earthquakes, fires and floods;

(f) Business disruption and system failures, e.g., hardware and software failures, telecommunication problems, and utility outages; and

(g) Execution, delivery, and process management, e.g., data entry errors, collateral management failures, incomplete legal documentation, unapproved access given to client accounts, non-client counterparty misperformance, and vendor disputes.

(2) Trust corporations shall adopt tools and mechanisms that are appropriate to their size, complexity of operations and risk profile to properly identify and assess operational risk. The tools that may be used for identifying and assessing operational risk may include, but not limited to:

(a) *Results of internal/external audit and supervisory issues raised in the Bangko Sentral Report of Examination (ROE)* - Internal audit surfaces issues on effectiveness of internal control, risk management, and governance systems and processes of an organization, while external audit focuses on control weaknesses and susceptibility of the trust corporation to material misstatements in the financial statements. On the other hand, the Bangko Sentral ROE highlights deficiencies in the risk management systems and governance processes as well as issues on compliance with relevant laws, rules and regulations, which could have adverse effects on the safety and soundness of the trust corporation;

(b) *Internal loss data collection and analysis* – Internal operational loss data provides meaningful information for assessing trust corporation's exposure to operational risk and the effectiveness of internal controls. Analysis of loss events can provide insights into the causes of large losses and information on whether control failures are isolated or pervasive. Trust corporations may consider mapping internal loss data to the following business lines:

(i) Corporate finance;
(ii) Trading and sales;
(iii) Retail banking;
(iv) Commercial banking;
(v) Payment and settlement;
(vi) Agency services;
(vii) Asset management; and
(viii) Retail brokerage.

Loss events linked to credit and market risk may also relate to operational issues and should be segmented in order to obtain a more comprehensive view of the trust corporation's operational risk exposure;

(c) *Risk Self Assessments (RSA)/Risk Control Self Assessments (RCSA)* – RSA is a tool to assess processes underlying trust corporation's operations against a library of potential threats and vulnerabilities including their potential impact. A similar approach, RCSA, typically evaluates inherent risk (the risk before controls are considered), the effectiveness of the control environment, and residual risk (the risk exposure after controls are considered). Scorecards on RCSAs may be developed by allocating weights to residual risks to provide a means of translating the RCSA output into metrics that will give a relative ranking of the control environment;

(d) *Business process mappings* – These help identify the key steps in business processes, activities, and organizational functions as well as the key risk points in the trust corporation's overall business process. Process maps can reveal individual risks, risk interdependencies, and areas of control or risk management weakness. They can also help prioritize subsequent management action;

(e) *Risk and performance indicators* – Risk and performance indicators, such as Key Risk Indicators (KRIs) and Key Performance Indicators (KPIs), provide an insight into a trust corporation's emerging risk exposure. KRIs are used to monitor the main drivers of exposure associated with key risks that contribute to early detection of heightened risk, ongoing monitoring of their movements, and preemptive reactions as necessary. KPIs, on the other hand, provide insight into the status of operational processes, which may in turn provide insights into operational weaknesses, failures, and potential loss. Risk and performance indicators are often used with escalation triggers to warn when risk levels approach or exceed acceptable ranges and prompt mitigation plans;

(f) *Scenario analysis* – This refers to the process of obtaining expert opinion of business line and risk managers to identify potential operational risk events and assess the potential outcome. Scenario analysis is an effective tool when considering potential sources of significant operational risk and the need for additional risk management controls or mitigation solutions. Given the subjectivity of the scenario process, a robust governance framework is essential to ensure the integrity and consistency of the process;

(g) *Model measurement* – Larger Trust corporations may deem it useful to quantify their operational risk exposures by using the output of the risk assessment tools as inputs into a model that estimates operational risk exposure. The results of the model can be used in an economic capital process and can be allocated to business lines to link risk and return; and

(h) *Comparative analysis* – Comparative analysis consists of comparing the results of the various assessment tools to provide a more comprehensive view of the trust corporation 's operational risk profile.

Comparison of external loss data, if available, such as industry experiences, vis-à-vis trust corporation's internal loss data can also be made to explore possible weaknesses in the financial institution's control environment and enable it to consider previously unidentified risk exposures.

In choosing among these tools, each trust corporation must carefully consider what is proportionate to its size, risk profile, and complexity of operations. Data/information gathered from these tools should enable trust corporations to make a thorough causal analysis, identify control gaps, and consequently adopt appropriate corrective actions.

Trust corporations, are expected to adopt at the minimum, the (i) results of internal/external audit and supervisory issues raised in the Bangko Sentral ROE and (ii) internal loss data collection and analysis.

(3) Trust corporations shall develop databases to accumulate at least a five(5)-year history of operational risk losses which can be fed back into the operational risk management process. Apart from capturing events that resulted to actual loss, trust corporations shall also gather potential loss or near-misses[1]. Said database of loss events provides basis for analysis which can help direct corrective action to improve the control environment, as well as determine risk mitigating actions. Trust corporations should assess the depth of its data collection which is vital in understanding the risk environment. The loss event database shall at a minimum disclose the following:

(a) Short description of the event;
(b) Loss event type category;
(c) Department/Unit/Branch sustaining the loss;
(d) Business line classification;
(e) Date of occurrence;
(f) Date of discovery;
(g) Date of booking of actual losses;
(h) Actual loss amount or potential loss amount, if a near-miss event;
(i) Amount recovered and date of recovery;
(j) Causes of the event (e.g., control weaknesses identified);
(k) Consequence of the loss event (e.g., market loss, fees paid to a counterparty, a lawsuit or damage to the trust corporation's reputation); and
(l) Action(s) taken.

Trust corporations shall define appropriate thresholds for internal loss data collection and must be able to justify the same. Thresholds should be reasonable and should not omit any operational loss event data that is material for operational risk exposure and for effective risk management. Trust corporations shall ensure that the choice of threshold should not adversely impact the credibility and accuracy of operational risk measurement.

(4) Trust corporations shall determine based on the results of the risk assessment process whether the risks are within the scope of its operational risk management strategy and policies. It shall identify the risk exposures that are unacceptable or are outside its risk appetite and/or risk management capacity, and design and prioritize appropriate risk mitigation and corrective actions with clear accountabilities, roles and responsibilities for implementation within reasonable timelines.

(5) Trust corporations shall continually assess its operational risk exposures in order to gain broader recognition and understanding of their effects. It shall consider the following factors in the assessment:

(a) Expected and unexpected changes to the trust corporation's operating environment;
(b) Actual operational loss events that could have resulted in substantial losses/damage but were avoided (e.g., near misses) or recovered;
(c) Reported external operational losses and incidents which have damaged investor confidence and caused serious reputational harm;
(d) Areas of concern or unusual volumes or high number of exceptions; and
(e) Results of internal assessment of risks and controls.

(6) Trust corporations shall ensure that their risk management and control infrastructure keep pace with the growth of or changes in their business activities, i.e., when they engage in any new activity; introduce a new

[1] *Potential loss* is an initial estimate of the loss that the bank may have sustained at the time of discovery of the event. Near-miss is an adverse operational risk event which was not prevented by internal controls but did not result in an actual adverse impact (financial or reputational) due to chance, recovery or other external factors

product; enter new or unfamiliar markets; implement new business processes or technology systems; establish subsidiaries/branches that are geographically remote from the head office; and/or embark on an aggressive growth strategy by acquiring problem trust corporations to rapidly increase branch network during a short period of time. Trust corporations should have relevant policies and procedures that address the process for review and approval of new products, activities, processes and systems. The review and approval process shall consider the following:

(a) Inherent risks in the new product, service, or activity;
(b) Changes to the trust corporation's operational risk profile, appetite and tolerance, including the impact on existing products or activities;
(c) Necessary controls, risk management processes, and risk mitigation strategies;
(d) Any residual risk; and
(e) Procedures and metrics to measure, monitor, and manage the risk of the new product or activity.

b. *Risk monitoring and reporting*. Trust Corporations shall implement a process to regularly monitor their operational risk profiles and material exposures to losses on a continuing basis. The process shall take into account both qualitative and quantitative assessment of exposure to all types of operational risk, assess the quality and appropriateness of corrective or mitigating actions, and ensure that adequate controls and systems are in place to identify and address problems before they become major concerns.

(1) Risk monitoring should be an integral part of a trust corporation's activities, the frequency of which should reflect the risks involved in these activities as well as the frequency and nature of changes in the operating environment. The results of the monitoring activities, findings of compliance, internal audit and risk management functions, management letters issued by external auditors, and reports generated by supervisory authorities, as appropriate, should be included in regular reports to the board and the senior management to ensure that timely and appropriate measures are undertaken to address the issues/findings.

(2) Management shall ensure that regular reports on operational risk are received on a timely basis and in a form and format that will aid in the monitoring and control of their business areas. The board should receive sufficient high-level information to enable it to understand the trust corporation's overall operational risk profile and focus on the material and strategic implications for the business.

(3) Management reports should contain relevant internal financial, operational, and compliance data, as well as external market information about events and conditions that are relevant to decision making. They should aim to provide information such as:

(a) The critical operational risks facing, or potentially facing, the trust corporation (e.g., as shown in KRIs and their trend data, changes in risk and control self-assessments, comments in audit/compliance review reports, etc.);

(b) Major risk events/loss experience, issues identified and intended remedial actions;

(c) The status and/or effectiveness of actions taken; and

(d) Exception reporting (covering among others authorized and unauthorized deviations from the trust corporation's operational risk policy and likely or actual breaches in predefined thresholds for operational exposures and losses).

(4) Reports should be analyzed with a view to improving existing management performance as well as developing new risk management policies, procedures and practices. Moreover, to ensure the usefulness and reliability of the reports received, management should regularly verify the timeliness, accuracy, and relevance of reporting systems and internal controls in general.

(5) Management should keep track of the information provided in the reports, particularly the loss data, to establish a framework for systematically tracking and recording the frequency, severity and other relevant information on loss events.

c. *Risk control and mitigation*. Strong control environment is key to effective risk control and mitigation. In this respect, trust corporations are expected to adhere to the standards set forth under pertinent provisions of Sec. 172-T and Sec. 173-T on Internal Control and Internal Audit.

Trust corporations shall decide whether to use appropriate procedures to control and/or mitigate the risks, or bear the significant risks that have been identified. In those instances where internal controls do not adequately address risk and accepting the risk is not a reasonable option, trust corporations may seek to transfer the risk to another party such as through insurance. Relative thereto, the board shall determine the maximum loss exposure the trust corporation is willing to take and has the capacity to assume, and should perform an annual review of the trust corporation's risk and insurance management program.

Trust corporations, however, should not consider risk transfer tools as substitute but as complementary tools to sound controls and risk management system. Management shall also assess the extent to which risk mitigation tools such as insurance reduces risk, transfer the risk to another business sector or area, or create a new risk (e.g., counterparty risk).

Management of human resource-related risk. One of the major sources of operational risk is "people risk". In this regard, BSFIs shall embed in their enterprise-wide risk management framework measures to identify, measure, monitor, and control human resource related risks. BSFIs shall ensure that there are adequate policies and risk management and control measures in the following areas:

a. *Recruitment and selection*. The board shall establish efficient process that will facilitate timely recruitment and selection of personnel from a broad pool of candidates with appropriate educational background, skills, experience, character, integrity and competencies to fulfill the duties and responsibilities of the function. This process shall include:

   (1) *Adoption of risk-focused screening process.* Management shall develop a risk-focused approach for its pre-employment background screening where an appropriate level of screening is employed based on factors like the position, reputational risk implication, and responsibilities associated with a particular position. The sensitivity of the position and authorities given to certain positions, including those in the branches, or the access level of an individual employee may warrant additional background screening procedures. These shall include, among others, verification of character references, criminal records, psychological evaluation, past employment, credentials, and professional qualifications. Information gathered shall enable BSFIs to have sufficient understanding of the applicant's personal background and character, conflict of interest, and susceptibility to collusion, fraud, or illegal activities.

   BSFIs shall likewise adopt a policy that sets out the expected actions from Management when pre-employment screening processes detect that the applicant has provided inaccurate or false information.

   (2) *Screening the applicants against the Bangko Sentral records.* As part of the background screening procedures, the Human Resource Department of the BSFI shall require all those who passed the initial stages of pre-employment screening to accomplish the Authorization Form for Querying (AFQ) the Bangko Sentral Records shown in *Appendix 80.* Any information gathered from the Bangko Sentral records shall be considered in the decision to consider the fitness and propriety of the applicant for the position.

   Screening the applicants against the records of the Bangko Sentral shall only be part of and shall not be sole source of information for pre-employment screening.

   (3) *Alignment with organization culture.* Management shall also ensure that the BSFI's culture, values and expectations on behavior are compatible with those of its employees so that there is unity of direction and purpose.

b. *Performance management*. The board shall establish effective performance management framework that will ensure that personnel's performance is at par with the standards set by the board/senior management. Results of performance evaluation should be linked to other human resource activities such as training and development, remuneration, and succession planning. These should likewise form part of the assessment of the continuing fitness and propriety of personnel in carrying out their respective duties and responsibilities.

   The board shall likewise establish effective mechanism that leverages on existing controls or reports to facilitate assessment of continuing fitness and propriety of personnel, taking into account factors that may affect the performance of an individual. For instance, the financial circumstances of an employee who will be responsible for the custody of, or handling cash related transactions, shall be taken into consideration in the evaluation of his continuing qualifications. This mechanism shall enable the BSFI to detect suspicious behaviors of personnel such as reluctance or refusal to take vacation leaves; involvement of personnel in cases with frequent overrides of internal controls, established limits or approving authorities, and high incidence of circumventions of policy; changes in employees' conduct; unusual activities in operations; and sudden or significant changes in lifestyle, standard of living, and spending habits that are inconsistent with the salary, financial position, and level of indebtedness of the personnel concerned.

   The assessment of continuing fitness and propriety of personnel should take into account factors that may affect the performance of an individual. For instance, the financial circumstances of an employee who will be responsible for the custody of, or handling of cash related transactions, shall be taken into consideration in the evaluation of his continuing qualification.

c. *Training and development*. The board shall establish training and development programs that will ensure continuing development of employees' knowledge, competence, and skill. Results of gaps assessment in the performance evaluation/appraisal process can be used in the creation of training and development programs for employees.

d. *Remuneration and compensation*. The board shall establish sound remuneration and compensation policies that can be used by the institution to attract/recruit and retain highly qualified workforce. Said policies should appropriately motivate personnel and discourage excessive risk taking. This can be achieved through timely assessment of performance and competencies based on set standards. Results of performance assessment/appraisal can be used in the organization's remuneration decisions.

e. *Succession planning*. The board shall establish an effective succession planning program. The program should include a system for identifying and developing potential successors for key and or critical positions in an organization, through systematic evaluation process and training. This will require identifying critical skills and competencies; assessing gaps; and designing developing, and delivering training and development programs to build or improve critical skills and competencies. The program should be adequately documented to facilitate monitoring and assessment of its implementation.

f. *Adequacy of complement*. The board shall establish effective strategic manpower planning to ensure that there is adequate and right manpower complement to meet the strategic goals and operational plans of the organization.

g. *Disciplinary actions*. The board, officers and all employees are expected to conform to prescribed ethical culture and guidelines, meet performance standards, and to behave ethically/appropriately in the workplace. Disciplinary or corrective actions may be taken to improve/arrest unacceptable behavior or performance. Disciplinary action must be in accordance with the laws and the applicable rules.

h. *Separation from service*. The board shall establish policies and procedures governing the separation of employees from service (e.g., termination, dismissal, retrenchment, retirement, or resignation), which should include transfer of accountabilities and/or salient information (e.g., client data, business strategies and formula, other trade secrets, etc.) to the successor, and clearance requirements. Policies may also include "non-compete" clauses, in accordance with existing laws.

The Human Resource Department shall assist the board in fulfilling its oversight responsibilities in the areas of recruitment, manpower planning, personnel development, performance appraisal, remuneration, termination, retrenchment and other key human resource issues.

Management of information technology-related risk. Trust corporations shall refer to Sec. 147-Q for the management of information technology-related risk.

Management of integrity of prudential reports or reports submitted to Bangko Sentral. Trust corporation shall adopt a prudential reporting framework that ensures the integrity of information submitted to the Bangko Sentral. They shall establish a system for ensuring effective compliance with the standards prescribed by the Bangko Sentral on acceptable reporting quality. Trust corporations shall likewise maintain adequate documentation of the processes and procedures covering the prudential reporting framework and conduct a periodic review of their continuing relevance.

Management should be cognizant of relevant guidelines that may be issued by the Bangko Sentral relative to issues on the integrity and accuracy of prudential reports. Persistent concerns on the integrity and accuracy of prudential reports including failure to comply with the directives of the Bangko Sentral in this respect may be considered by the Bangko Sentral as conducting business in an unsafe or unsound manner, subject to applicable provision of laws and regulations.

Management of legal risk exposures. Trust corporations shall adopt a system for identifying and assessing legal risks related to business line functions as well as products and services offered. This shall include a process for assessing the trust corporation's rights and obligations in contractual relationships and in ensuring that all agreements/contracts entered into by the trust corporation conform with legal and regulatory requirements and that no party is unduly disadvantaged. This shall also include the assessment of trends of customer complaints to determine potential legal risk exposures.

There should be a system in place to manage outstanding legal cases involving the trust corporation or any of its directors and officers, with respect to suits filed in line with the performance of their duties. Said system should cover a periodic review of the status of cases, an assessment of potential outcome including probable liability or receivable, and regular reporting of the same to the appropriate level of management and the board.

Management of operational risk arising from financial inclusion initiatives. Trust corporations that provide financial services to the unserved and underserved sector generally handle small and voluminous transactions, which have inherently high operational risk. Incremental operational risk also comes from the higher number of personnel or from the use of technology-based platform to effectively and efficiently deliver financial services. Trust corporations are expected to identify and understand the distinct operational risk arising from the products and services they offer or innovative delivery channels they use. They should also be cognizant of potential transformation or transfer or risk exposures. In this regard, trust corporations shall adopt an operational risk management framework appropriate to the nature and scale of their operations. Said framework shall consider the principles embodied in this Section designed to suit the trust corporation's business model and ensure sustained delivery of financial services to the unserved and underserved sector.

Notification/Reporting to Bangko Sentral. Trust corporations shall notify the appropriate supervising department of the Bangko Sentral, within ten (10) calendar days from the date of discovery, of any operational risk event[1] that may result in any of the following:

a. Significant operational losses or exposures;
b. Activation of business continuity plan; or
c. Any material change in business and operating environment.

Upon receipt of notification, the Bangko Sentral may require, if warranted, the reporting trust corporation to submit a report detailing the causes and impact of such events and an acceptable action plan to address the issue and any other weakness identified.

Supervisory enforcement actions. Consistent with Sec. 002-T, the Bangko Sentral may deploy enforcement actions to promote adherence with the requirements set forth in this Section and bring about timely corrective actions. The Bangko Sentral may issue directives to improve the operational risk management system, or impose sanctions to limit the level of or suspend any business activity that has adverse effects on the safety or soundness of the trust corporation, among others. Sanctions may likewise be imposed on a trust corporation and/or its directors, officers and/or employees.

(Circular Nos. 1112 dated 8 April 2021,1066 dated 04 December 2019, 930 dated 18 November 2016, and 900 dated 18 January 2016)

164 - T BUSINESS CONTINUITY MANAGEMENT

Business Continuity Management; Policy Statement.[2] BSFIs can be adversely affected by disruption of critical operations due to internal and external threats, which may be natural, man-made or technical in origin. Extreme events may cause major disruptions whose impact are very broad in scope, duration or both and can pose a substantial risk to the continued operation of BSFIs. Because BSFIs play a crucial role in the financial system and economy as a whole, it is important to ensure that their operations can withstand the effects of major disruptions. Thus, BSFIs need to have a comprehensive business continuity management (BCM) process as an integral part of their operational risk management system. A well-designed BCM process enables BSFIs to resume critical operations swiftly and minimize operational, financial, legal, reputational, and other material risks arising from a disruption. This also helps mitigate systemic risks as well as maintain public trust and confidence in the financial system.

Purpose, applicability, and scope. The guidelines aim to promote sound management of business continuity risks. These align existing regulations, to the extent possible, with leading standards and recognized principles on BCM, and shall serve as the Bangko Sentral's baseline requirement for all BSFIs.

The guidelines shall apply to BSFIs which include banks, non-banks with quasi-banking function (NBQB), non-bank electronic money issuers and other non-bank institutions which under existing Bangko Sentral rules and regulations and special laws are subject to Bangko Sentral supervision and/or regulation. Moreover, subject guidelines shall also apply to BSFIs with offshore data processing as may be appropriate to their situation.

Definition of terms. In these guidelines, terms are used with the following meanings:

a. *Alternate and business recovery sites* shall refer to standby facilities for use during disruption of critical operations to ensure business continuity. These provide work space and/or the necessary technology environment needed to process business-critical information. Organizations may have more than one (1) alternate site. In some cases, alternate sites may involve facilities that are used for normal day-to-day operations but which are able to accommodate additional business processes when a primary location becomes inoperable. Examples of alternate sites include relocation and disaster recovery sites, whether managed directly or maintained by a third party for a BSFI or for use by multiple organizations.

b. *Business continuity* shall refer to a state of continued, uninterrupted operation of a business.

c. *BCM* shall refer to an enterprise-wide framework encompassing policies, standards, facilities, personnel and practices that provides for continuous functioning of the institution during disruptions. It is proportionate to the BSFI's internal and external risk exposures and tailored to the nature, scale, and complexity of its business.

d. *Business continuity plan (BCP)/plan* shall refer to a documented plan detailing the orderly and expeditious process of recovery, resumption, and restoration of business functions in the event of disruptions. It should be able to cover and establish linkages among its multiple components, such as communication plan, crisis management plan, contingency funding plan, and technology recovery plan.

[1] As enumerated under Sec. 125-T (*Operational risk management framework*), Item "*a.(1)*".

[2] BSFIs shall comply with the foregoing standards on BCM within a period of one (1) year from 11 April 2017. In this regard, a BSFI should be able to show its plan of actions with specific timelines, as well as the status of initiatives being undertaken to fully comply with the provisions of Sec. 126-T starting July 2017, upon request by the Bangko Sentral.

e. *Business impact analysis (BIA)* shall refer to the process of identifying and measuring (quantitatively and qualitatively) the business impact or loss of business processes in the event of a disruption. It is used to identify recovery priorities, recovery resource requirements, essential staff, and dependencies (internal and external) to be incorporated in the plan.

f. *Crisis* shall refer to a situation that requires urgent action due to its disruptive impact on the BSFI's core activities or business and operating environment.

g. *Crisis management plan (CMP)* shall refer to a documented plan detailing the actions to be taken when a crisis strikes a BSFI and designed to maintain order amidst the confusion surrounding such situations. During and immediately after a crisis, the members of the crisis management team will convene and activate the plan to attain control over the crisis and minimize its impact to operations.

h. *Critical process* shall refer to any activity, function or service, which when lost would materially affect the continued operation of the BSFI.

i. *Cyber resilience* shall refer to an organization's ability to anticipate, handle, adapt to, and/or recover from evolving cyber threats.

j. *Events* shall refer to disruption scenarios such as loss of people, technology, alternate site, and service providers.

k. *Pandemic* shall refer to epidemics or outbreaks in humans of infectious diseases that have the ability to spread rapidly over large areas, possibly worldwide.

l. *Recovery point objective (RPO)* shall refer to acceptable amount of data loss should a disruption occur without severe impact on the recovery of operations.

m. *Recovery time objective (RTO)* shall refer to the period of time following an incident within which a product, system or business process must be resumed or resources must be recovered.

n. *Resilience* shall refer to the ability of an organization to anticipate, handle, adapt to and/or recover from a disruption and resume operations.

o. *Risk assessment* shall refer to the process involving the identification and assessment of potential threats and vulnerabilities that could severely interrupt a BSFI's business activities and the corresponding likelihood and magnitude of impact on business processes.

p. *Technology recovery plan (TRP)/disaster recovery plan (DRP)* shall refer to a documented plan detailing the technology strategy and requirements during recovery for business and support functions. The relevant regulations are in Item *"3.3.2.13"* of Appendix *Q-64*.

Roles and responsibilities.

a. *Board of directors and senior management.* The BSFI's board and senior management are responsible for overseeing the implementation of a sound BCM process, which involves the creation and promotion of an organizational culture that places high priority on business continuity. This should be reinforced by providing sufficient financial and human resources associated with the BSFI's business continuity initiatives. Senior management should establish BCM policies, standards, and processes, which must be duly endorsed to and approved by the board.

Awareness training and periodic reporting to board and senior management on matters related to business continuity are equally important to ensure their continuing commitment and support. At a minimum, periodic management reports should include the following: (1) implementation status of the BCP; (2) incident reports; (3) plan test results; (4) changes to the plan; and (5) related action items to strengthen the BSFI's ability to recover during disruptions.

b. *BCM coordinator/unit.* Coordination and supervision of all business continuity activities should be assigned to a competent individual and/or unit with technical knowledge and experience consistent with the nature and complexity of the BSFI's business activities. A complex[1] BSFI may need a BCM unit with a team of departmental liaisons throughout the organization. For a simple BSFI, an individual BCM coordinator may suffice. While the BCM coordinator/unit may recommend initiatives or activities to be prioritized, the board and senior management are ultimately responsible for understanding the critical business processes and subsequently establishing plans to meet business process requirements in a safe and sound manner.

[1] Pursuant to Sec. 147-Q (*IT profile classification*). BSFIs are classified as "*simple*" but maybe re-classified as "*complex*" depending on extent or degree of reliance of core business functions or technology.

c. *BSFI personnel.* BSFI personnel should understand their roles and responsibilities on the prevention of crisis and recovery of business operations during disruptions. Business and support functions should allocate responsibilities for managing disruptions and provide clear guidance regarding the succession of authority to account for unavailability of key personnel in the event of a disruption.

(1) *Audit.* An independent review of the BSFI's BCM framework and corresponding plans should be periodically performed with frequency based on a sound risk assessment process. This is to ensure that significant policy revisions resulting from changes in the operating environment, lessons learned from plan tests, and internal and regulatory audit recommendations have been considered. Moreover, plan testing exercises should be independently observed, verified, and evaluated to ensure reasonableness and validity of the testing process and the accuracy of test results.

Figure 1. Business Continuity Management Process

Business continuity management framework. BSFIs should adopt a cyclical, process-oriented BCM framework, which, at a minimum, should include five (5) phases, namely: BIA and risk assessment, strategy formulation, plan development, plan testing, and personnel training and plan maintenance. This framework represents a continuous cycle that should evolve over time based on changes in business and operating environment, audit recommendations, and test results. This framework should cover each business function and the technology that supports it. Other related policies, standards, and processes should also be integrated in the overall BCM framework.

a. *Business impact analysis and risk assessment.* A comprehensive BIA and risk assessment should be undertaken to serve as the foundation in the development of the plan. The BIA entails determining and assessing the potential impact of disruptions to critical business functions, processes, and their interdependencies through work-flow analyses, enterprise-wide interviews, and/or inventory questions. Accordingly, the BSFI should determine the recovery priority, RTO, RPO, and the minimum level of resources required to ensure continuity of its operations consistent with the criticality of business function and technology that supports it. The BSFI should then conduct risk assessment incorporating the results of the BIA and evaluating the probability and severity of a wide-range of plausible threat scenarios in order to come up with recovery strategies that are commensurate with the nature, scale, and complexity of its business functions.

Domestic systemically important banks (D-SIBs). To minimize the extent or impact of a D-SIB's failure in the financial system, BSFIs identified as D-SIB by the Bangko Sentral, pursuant to Sec. 126-Q (*Domestic systematically important banks*), should set the RTO for each of their critical processes to a maximum of four (4) hours from the point of disruption. For non-D-SIB BSFIs, the RTO of critical processes should be primarily driven by their BIA and risk assessment.

b. *Strategy formulation*. Recovery and resumption strategies to achieve the agreed time-frame and deliver the minimum required services as identified in the BIA should be defined, approved, and tested. The minimum requirements for the provision of essential business and technology service levels during disruptions should be established by concerned business and support functions.

(1) *Recovery strategy*. As business resumption relies primarily on the recovery of technology resources, adequate provisions should be in place to ensure systems availability and recoverability during disruptions as prescribed under *Appendix Q-64*. Recovery strategies should be able to meet the agreed requirements between business units and support functions for the provision of essential business and technology service levels.

(2) *Continuity of operations/business resumption strategy*. The business continuity models adopted by the BSFI to handle prolonged disruptions should be based on the risk assessment of its business environment and the characteristics of its operations. The resumption strategies and resource requirements should be approved by the board as recommended by senior management or the relevant board committees to ensure alignment with corporate goals and business objectives.

c. *Plan development*. Plans are an important, tangible evidence of the BSFI's business continuity initiatives. The objective of the plan is to provide detailed guidelines and procedures on response and management of a crisis, recovery of critical business services and functions and to ultimately resume to normal operations. The plan should be formulated on an enterprise-wide basis, reviewed and approved by the board and senior management at least annually and disseminated to all concerned employees. The plan should include provisions for both short-term and prolonged disruptions.

A well-written plan should describe the various types of events or scenarios that could prompt BCP activation. It should include, at a minimum, the following components:

(1) Escalation, declaration and notification procedures;

(2) Responsibilities and procedures to be followed by each continuity or recovery teams and their members. The procedures should enable the BSFI to respond swiftly to a crisis (i.e., a crisis management plan) and to recover and resume the critical processes outlined in the plan within the stipulated time frame during disruptions;

(3) A list of resources required to recover critical processes in the event of a major disruption. This would include, but not limited to: (a) key recovery personnel; (b) computer hardware and software; (c) communication systems; (d) office equipment; and (e) vital records and data;

(4) Relevant information about the alternate and recovery sites; and

(5) Procedures for restoring normal business operations. This should include the orderly entry of all business transactions and records during disruption into the relevant systems up to completion of all verification and reconciliation procedures.

Communication is a critical aspect of a BCP. In this respect, the BSFI should include a communication plan for notifying all relevant internal and external stakeholders (e.g., employees, customers, vendors, regulators, counterparties, and key service providers, media and the public) following a disruption. The BSFI should maintain an up-to-date call tree and contact list of key personnel and service providers, including communication flow and channels for internal and external stakeholders. Clear and effective communication will facilitate escalation for appropriate management action and instruction to all concerned and help manage reputation risks. The BSFI should consider alternate methods of communication and preparation of pre-determined messages tailored to a number of plausible disruption scenarios to ensure various stakeholders are timely, consistently, and effectively informed.

A crisis management plan should be included in the BCP to assist senior management in dealing with and containing an emergency and avoid spillover effects to the business. Senior management should identify potential crisis scenarios and develop corresponding crisis management procedures. This includes identifying a mix of individuals from various departments who are authorized to make instantaneous decisions during crisis situations. This team shall be responsible for the actual declaration of an event, activation of the plan, and internal and external communication process.

When outsourcing plan development, management should ensure that the chosen service provider has the expertise required to analyze the business needs of the BSFI and that the arrangement conforms with legal and regulatory requirements. The service provider should be able to design executable strategies relevant to the BSFI's risk environment and design education and training programs necessary to achieve successful BCP deployment.

d. *Plan testing*

(1) *Types of testing methods*. Plan testing is a vital element of the BCM. It ensures that the plan remains accurate, relevant, and operable. Tests should be conducted periodically, with the nature, scope, and frequency determined by the criticality of the applications, business processes, and support functions. In some cases, plan tests may be warranted due to changes in BSFI's business, responsibilities, systems, software, hardware, personnel, facilities, or the external environment.

Testing methods can vary from simple to complex each bearing its own characteristics, objectives, and benefits. Types of testing methods in order of increasing complexity include:

(a) *Tabletop exercise/structured walk-through test* – the primary objective is to ensure that critical personnel from all areas are familiar with the plan and that it accurately reflects the BSFI's ability to recover from a disruption.

(b) *Walk-through drill/simulation test* - similar to a tabletop exercise but with a more focused application. During this test, participants choose a specific scenario to which relevant plan provisions shall be applied.

(c) *Communication/call tree test* – an exercise that validates the capability of crisis management teams to respond to specific events and the effectiveness of the call tree notification process in disseminating information to employees, vendors, and key clients.

(d) *Alternate site test/exercise* - tests the capability of staff, systems, and facilities, located at alternate sites to effectively support production processing and workloads.

(e) *Component test/exercise* - A testing activity designed to validate the continuity of individual systems, processes, or functions, in isolation.

(f) *Functional drill/parallel test* - test to determine capability of alternate site and BSFI employees to support strategy as defined in the plan, which involves actual mobilization of personnel, establishing communications, and recovery processing.

(g) *Enterprise-wide full-interruption/full-scale test* – the most comprehensive type of test encompassing the entire organization and requires activation of all the components of the plan at the same time to simulate a real-life emergency and processing data and transactions using back-up media at the recovery site.

(2) *Test policy/plan*. Testing should be viewed as a continuously evolving cycle. The BSFI should incorporate the results of BIA and risk assessment and work towards a testing strategy that increases in scope and complexity to address a variety of threat scenarios. Test scenarios should vary from isolated system failures to wide-scale disruptions and promote testing its primary and alternate facilities, as well as with key counterparties and third-party service providers.

A testing policy should define roles and responsibilities for the implementation and evaluation of the testing program. Test plans with pre-determined goals and test criteria should be developed for each testing activity. It should clearly define the objectives of testing, identify the functions, systems, or processes to be tested and the criteria for assessing what constitutes a successful test. Formal testing documentation (i.e., test plans, test scenarios, test procedures, test results) should be prepared to ensure thoroughness and effectiveness of testing and properly maintained for audit and review purposes.

(3) *Annual enterprise-wide business continuity testing*. The BSFI must conduct an enterprise-wide business continuity test at least annually, or more frequently depending on changes in the operating environment, to ensure its plan's relevance, effectiveness, and operational viability. The scope of testing should be comprehensive to cover the major components of the plan as well as coordination and interfaces among important parties.

(4) *Analysis and report of test result*. Plan tests, including successes, failures, and lessons learned, should be thoroughly analyzed to promote continuous BCM improvement. Exceptions noted should be documented and corrective actions should be closely monitored to ensure that they are implemented in a timely manner by concerned parties, including the board and senior management, business line management, risk management, IT management, and other internal stakeholders.

e. *Personnel training and plan maintenance.*

(1) *Training program*. A business continuity training program should be provided to all concerned employees to promote awareness, familiarity, and understanding of their roles and responsibilities in the event of a disruption. The training program should be offered on a continuing basis for existing and new employees and should be updated to address changes to the plan.

(2) *Plan maintenance*. Plans and results of BIA and risk assessment should be reviewed and updated on an ongoing basis (at least annually or when necessary) so that they remain consistent with the BSFI's current operations and business strategies. BCM-related documents (i.e., BCP, test program, policy guidelines, and program requirements) should be subject to change management process to ensure these are updated with proper approval and documentation with respect to any significant changes in the business environment or as a result of audit findings.

Other policies, standards and processes. The following policies, standards and processes should be integrated into the BCM process:

a. *Pandemic planning*. Similar to natural disasters or technical disruptions, pandemics may also interrupt a BSFI's business activities. However, the difficulty in determining a pandemic's scope and duration present additional challenges in ensuring resilience and continuity of a BSFI's operations.

Generally, pandemic plans are integrated in the BSFI's BCP and follow the same BCM process with additional considerations, such as:

(1) *Business impact analysis and risk assessment*. The BCM process should consider pandemics as early as the BIA and risk assessment phase. The BIA and risk assessment should be updated to incorporate complexities that may arise from pandemics, such as (a) increasing level of absenteeism based on a pandemic's severity; and (b) the need for another layer of contingency plans as regular disaster or emergency response methods are no longer feasible.

(2) *Strategy formulation*. To complement strategies for natural and technical disruptions, the following should be given due consideration when planning for pandemics:

(a) *Trigger events* – Trigger events and strategies should be defined depending on the nature of a pandemic. Pandemic planning should have the flexibility to accommodate varying degrees of epidemic or outbreak as pandemics normally occur in waves or phases and of varying severity.

(b) *Remote access capability* – In the event of a pandemic, enabling remote access may be one of the primary strategies available to a BSFI. To support a telecommuting strategy, the BSFI should ensure adequate capacity, bandwidth and authentication mechanisms in its technological infrastructure against expected network traffic or volume of transactions.

(c) *External parties* – With pandemics not limited to the BSFI, establishing working relationships with external parties is an essential component. In addition to the communication plan for all relevant internal and external stakeholders, the BSFI should establish open relationships and communication channels with local public health and emergency response teams or other government authorities. The BSFI should inform concerned parties of any potential outbreaks and, at the same time, be aware of any developments in the expected scope and duration of a pandemic.

(d) *Employee awareness* – As information becomes available from reputable sources or local agencies, the BSFI should ensure that steps to limit or reduce the risk of being affected by the pandemic are cascaded to its employees.

(3) *Plan development*. Pandemic plans should be commensurate to the nature, size and complexity of a BSFI's business activities and have sufficient flexibility to address the various scenarios that may arise. At a minimum, the pandemic plan should include:

(a) Strategy that is scalable dependent on the extent and depth of the outbreak;
(b) Preventive measures, including monitoring of current environment and hygiene tools available to employees;
(c) Communication plan with internal and external stakeholders, including concerned local public health teams and government agencies; and
(d) Tools, systems and procedures available to ensure continuity of its critical operations even with the unavailability of BSFI's staff for prolonged periods.

(4) *Plan testing*. Test policy/plan should include strategies to assess capability to continue critical operations, systems and applications even in the event of a severe pandemic. When regular tests are unable to cover pandemic scenarios, separate pandemic plan tests should be carried out.

(5) *Personnel training and plan maintenance*. The plan should be updated as developments and information become available. As needed, employee training programs should cover pandemic risks, including the roles and responsibilities of each employee during pandemic situations.

b. *Cyber resilience*. Cyber-threats and attacks against the financial services industry have become increasingly widespread, sophisticated and coordinated. Recent cyber-attacks worldwide highlight, not only the degree of disruption to a BSFI's operations, but also the extent of reputational damage which could undermine public trust and confidence. As such, the BSFI should consider the potential impact of these cyber events into its BCM process and institute adequate cyber resilience capabilities.

Given the unique characteristics of cyber-threats and attacks, traditional back-up and recovery arrangements adopted by the BSFI may no longer be sufficient and even increase the damage to the BSFIs' network, operations and critical information assets. In worst case scenarios, back-up systems and alternate recovery sites are likewise affected rendering both sites inoperable. To ensure cyber resilience, the BSFI should take into consideration a wide-range of cyber-threat scenarios perpetrated from diverse threat sources (e.g., skilled hackers, insiders, state-sponsored groups) which seek to compromise the confidentiality, availability and integrity of its information assets and networks. Defensive strategies and innovative recovery arrangements should be explored that are commensurate with the BSFI's cyber-security risk exposures and aligned with its information security program in accordance with *Appendix Q-62.*

c. *Information security*. Mitigation strategies should consider security controls to manage risks that may arise once an event triggers plan activation. Security during disasters and disruptions is an important consideration to manage risks arising from the change in working environment. The relevant guidelines/standards on information security that may be considered in strategy formulation and/or in choosing alternate sites are in *Appendix Q-62.*

d. *Interdependencies*. An effective plan coordinates across its many internal and external components, identifies potential process or system dependencies, and mitigates risks from interdependencies. The BSFI may have very complex operating and recovery environment wherein interdependencies need to be duly considered, such as telecommunications, third party service providers, and recovery site. Given the critical resources and services that are being shared with the BSFI or other entities, additional mitigating controls and recovery strategies need to be integrated in the plan.

e. *Liquidity risk management*. Sound liquidity risk management practices enable a BSFI to maintain availability of funds even in times of financial stress or adverse changes in market conditions. In the event of a business disruption, sound liquidity risk management practices should similarly apply. The BSFI should ensure it has sufficient liquidity to support its recovery strategies and continue supporting the delivery of basic banking services to the clients pending full business resumption. Guidelines on liquidity risk management are in *Appendix Q-43.*

f. *Project management*. Senior Management should ensure that availability and business continuity requirements are considered at the planning and development stages of new business products and services and other critical technology processes, such as systems development and acquisition, and change management.

g. *Event/problem management*. Operations personnel should be properly trained to recognize events that could trigger implementation of the plan. Although an event may not initially activate the plan, it may become necessary as conditions and circumstances change. Management should train and test BSFI personnel to implement and perform appropriate business continuity procedures within the timeframes of the plan.

h. *Outsourcing*. When a BSFI enters into an outsourcing arrangement, it should put due consideration on the business continuity and disaster recovery arrangements of the service provider to ensure continuity of operations. Detailed guidelines/standards on business continuity considerations for outsourcing arrangements are in *Appendix Q-65.*

i. *Insurance*. Insurance is an option available to a BSFI for recovery of losses that cannot be completely prevented and the expenses related to recovering from a disruption. The BSFI should regularly review the adequacy and coverage of its insurance policies in reducing any foreseeable risks caused by disruptive events, such as loss of offices, critical facilities and equipment, and casualty. Insurance policies may also need to address the BSFI's legal responsibilities for failing to deliver services to its customers and counterparties. To facilitate the claims process, the BSFI should create and retain a comprehensive hardware and software inventory list in a secure off-site location and detailed expenses should be documented to support insurance claims.

Supervisory enforcement actions. BSFIs should make available all policies and procedures and other documents/information related to the foregoing during on-site examination as well as provide copies thereof to the regulator when a written request is made to determine compliance.

Consistent with Sec. 002-T, the Bangko Sentral may deploy enforcement actions to promote adherence with the requirements set forth in Sec. 164-T and bring about timely corrective actions. The Bangko Sentral may issue directives to improve the BCM process, or impose sanctions to limit the level of or suspend any business activity that has adverse effects on the safety and soundness of the BSFI, among others. Monetary and non-monetary sanctions, as provided under existing laws, Bangko Sentral rules and regulations, may likewise be imposed on a BSFI and/or its directors, officers and/or employees for violation of subject Sec. 164-T.

(Circular Nos. 1066 dated 04 December 2019, 1051 dated 27 September 2019 and 951 dated 20 March 2017)

165 - T SOCIAL MEDIA RISK MANAGEMENT

Policy Statement.[1] Social media, a low-cost solution capable of disseminating real-time information via the internet, presents vast opportunities for growth, customer engagement and business benefits as usage, customer reach and adoption scale up and become widespread and ubiquitous. Considering these potential benefits alongside exponential growth in the number of social media users and its massive reach, BSFIs have started to leverage on social media platform/s to promote their business and improve customer interaction experience to help drive business objectives/strategies.

Similar to any new technology, however, social media introduces a new attack vector which may expose BSFIs to compliance, legal, reputational, strategic, and operational risks. Risks in social media include susceptibility to account take-over, malware distribution, brand bashing, inadvertent disclosure of sensitive information and privacy violation, among other possible threats. As such, BSFIs should adopt an appropriate risk management system, commensurate to the extent and degree of their social media usage, to effectively identify, measure, manage and monitor risks arising from the use of social media platforms. This should form an integral part of their operational risk management system.

***Applicability and scope*.** The guidelines underscore the importance of having a well-defined social media risk management strategy in supporting BSFI's overall business goals and objectives. These guidelines align existing regulations, to the extent possible, with leading standards and recognized principles. They outline the minimum standards/basic principles that shall govern the BSFI's framework to aid in the sound management of risks associated with the use of social media for official purpose or employees' personal use, within and outside the organization.

It is not intended to provide procedural specifics or a "one-size-fits-all" solution for carrying out compliance and risk management responsibilities. Each BSFI is therefore expected to establish its own risk management strategy; suitable to its size, risk tolerance level, and the nature and scope of social media activities engaged in.

The guidelines shall apply to all BSFIs which include banks, NBQB, non-bank electronic money issuers, and other non-bank institutions which under existing Bangko Sentral rules and regulations and special laws are subject to Bangko Sentral supervision and/or regulation.

Definition of terms. In these guidelines, terms are used with the following meanings:

a. *Attack vector* shall refer to the path or means by which an attacker can gain access to a computer system in order to deliver a malicious code (e.g., virus, worms, trojans).

b. *Non-technical controls* shall refer to management, administration, and operational controls employed that are manual and procedural in nature (e.g., security-related policies and procedures; operational procedures; personnel, physical, and environmental security controls; performance management and measurement).

c. *Risk assessment* shall refer to the process involving the identification and assessment of potential threats and vulnerabilities related to the use of social media and determination of the likelihood that the threat will occur as well as the corresponding impact to the business should the threat occur.

d. *Social media* shall refer to online communication channels dedicated to community-based content generation and sharing, interaction, and collaboration.

e. *Social media platform* shall refer to any form of interactive communication medium wherein users can generate and disseminate content (e.g., text, images, audio, video) through social networks using the internet. Examples of popular social media platform categories include the following:

   (1) Social networking (e.g., Facebook, LinkedIn)
   (2) Micro-blogging (e.g., Twitter, Tumblr)
   (3) Blogging (e.g., Wordpress, Blogger)
   (4) Photo Sharing (e.g., Flicker, Instagram, Pinterest)
   (5) Video Sharing (e.g., Youtube, Vimeo, Vine)
   (6) Crowdsourcing (e.g., Ushahidi, Inc.)

f. *Technical controls* shall refer to the controls incorporated into the computer hardware, software, or firmware to aid in the effective implementation of policies and standards (e.g., access control, authentication, web scanner/crawler).

[1] BSFIs shall comply with the foregoing standards on social media risk management within a period of six (6) months from 04 April 2017. In this regard, a BSFI should be able to show, upon request of the Bangko Sentral, its plan of actions with specific timelines, as well as the status of initiatives being undertaken to fully comply with the provisions of this Section.

Social media risk management system. BSFIs should establish an appropriate framework that will result in sound social media governance and risk management. At a minimum, the framework shall include the following elements:

a. Clearly defined governance structure indicating the roles and responsibilities of the board of directors and senior management in setting the direction on the BSFI's use of social media, including its alignment to the BSFI's strategic goals/plans; establishing adequate standards, policies, procedures, and controls; and implementing ongoing risk assessment of social media-related activities.

   The board of directors shall be primarily responsible for defining the BSFI's risk tolerance level, understanding the nature and degree of risks the BSFI will be exposed to, and ensuring that these risks are properly addressed. Moreover, the board of directors, as part of its duties, shall approve and oversee the design and implementation of the social media strategy; related standards, policies and procedures; and means to ensure compliance with said standards and/or policies as well as applicable laws and regulations. Senior management, on the other hand, shall be responsible for the implementation of the social media risk management system approved by the board of directors.

   The governance process should also include reporting mechanisms to the board of directors and/or senior management to enable periodic evaluation of the effectiveness of the BSFI's social media strategy/program, in terms of achieving its stated objectives, and measures put in place to manage the risks related to its use.

b. Policies and procedures governing the following, among others:

   (1) Scope and definition of social media;

   (2) Social media regulatory landscape reflecting applicable laws, rules and regulations for compliance;

   (3) Individuals and/or composition of the team/s who will be responsible for the creation, maintenance, and monitoring of the BSFI's proprietary social media sites/pages. Their corresponding roles and accountabilities should also be clearly defined;

   (4) Content management and approval process;

   (5) Ongoing assessment, management, and monitoring of risks associated with social media-related activities;

   (6) Acceptable use as well as prohibitions/restrictions on the business/official use of social media platforms. These guidelines shall likewise apply to the employees'[1] personal use of social media, insofar as it may impact the BSFI's operations, reputation and/or compliance with applicable laws and regulations. These should cover matters such as, but not limited to, expectations, ethical behavior, types/nature and extent of BSFI and/or customer-related information that can be posted, statements that can or cannot be made about or in behalf of the institution, comments that should not be made about a competitor, and corresponding sanctions/penalties for inappropriate use of social media and committing non-permissible activities;

   (7) Use and monitoring of the BSFI's proprietary social media sites/pages to ensure compliance with applicable laws, regulations and internal policies;

   (8) Monitoring and recording of suspicious transactions and customer activities on the BSFI's proprietary social media sites/pages;

   (9) Adoption of technical and non-technical controls to address risks associated with the use of social media platform/s including methodologies to manage risks from online postings, edits, replies and retention;

   (10) Due diligence process for selecting, managing and continuous monitoring of third-party service providers (TSP) that administer the BSFI's social media site(s)/page(s). In addition, the specific roles and responsibilities of the TSP, including liabilities and accountabilities for errors, omissions, fraud, and other instances, resulting from the TSP's actions, which may adversely affect the BSFI, should also be defined;

   (11) Social media crisis management plan and escalation procedures;

   (12) Enterprise-wide employee training and awareness programs covering relevant topics such as the BSFI's social media use policies, employee roles and responsibilities and non-permissible activities;

   (13) Records retention of social media data; and

   (14) Communication of the BSFI's official social media sites/pages to its customers to avoid confusion and being misled to unofficial sites.

[1] Include the BSFI's employees, contractual employees and/or project hires, and third-party service providers

c. Specific roles and responsibilities of the risk management, consumer protection, audit and compliance functions to ensure that social media risks are adequately managed and integrated in the BSFI's enterprise-wide risk management systems.

BSFIs that do not utilize social media should nevertheless have clear policies and measures in place to address the potential reputation risks that may arise within the various social media platforms and provide guidance on employee use of social media.

Compliance with relevant regulations. BSFIs, in formulating and implementing their social media policies, should ensure compliance with the applicable requirements of Bangko Sentral rules and regulations on financial consumer protection, especially those relating to disclosures and transparency in advertising and promotional materials, protection of client information, effective recourse, and financial education and awareness. They should likewise conform with the relevant provisions of Bangko Sentral's outsourcing framework should they decide to outsource the conduct of social media-related activities to a service provider.

The use of social media platforms, including information gathered therein, for the conduct of account origination activities should comply with applicable rules and regulations, especially on the provisions relating to customer identification procedures under the existing anti-money laundering rules and regulations. In the event that BSFIs opt to use social media for processing financial transactions, the applicable Bangko Sentral rules and regulations on electronic payment and financial services and technology risk management should likewise be observed to ensure security, reliability and authenticity of such transactions.

The regulations mentioned herein are not exhaustive. It is the BSFI's responsibility to ensure that all applicable laws and regulations relevant to the activities it will choose to engage in using social media will be adequately complied with. Moreover, the BSFI is expected to stay abreast of and continuously adapt to changes in the regulatory requirements.

Supervisory enforcement actions. BSFIs should make available all policies and procedures and other documents/information related to the foregoing during the on-site examination as well as provide copies thereof when a written request is made to determine compliance.

Consistent with Sec. 002-T, the Bangko Sentral may deploy enforcement actions to promote adherence with the requirements set forth in Sec. 165-T and bring about timely corrective actions. The Bangko Sentral may issue directives to improve the social media risk management system or impose monetary and non-monetary sanctions on a BSFI and/or its directors, officers and/or employees.

(Circular Nos. 1066 dated 04 December 2019, 1033 dated 22 February 2019 and 949 dated 15 March 2017)

166 – T REPUTATIONAL RISK MANAGEMENT

The guidelines on reputational risk management for QBs under Sec. 151-Q shall govern the reputational risk management of BSFIs to the extent applicable.

The guidelines set out the supervisory expectations and the minimum prudential requirements in managing reputational risk. A BSFI is expected to adopt a reputational risk management framework that is commensurate to its size, nature and complexity of operations, overall risk profile, and systemic importance.

(Circular No. 1114 dated 16 April 2021)

167 – T GUIDELINES FOR THE ADOPTION OF OPEN FINANCE FRAMEWORK[1]

Policy Statement. It is the thrust of the Bangko Sentral to promote an enabling environment that foster innovation, encourages coopetition, and advances financial inclusion while safeguarding the integrity and stability of the financial system. In line with this, the Bangko Sentral is introducing the Open Finance Framework that aims to empower customers by giving them better control over their personal and financial data catalyzing the development of products and services that are responsive to their needs.

The Open Finance Framework espouses consent-driven data portability, interoperability, and collaborative partnerships among financial institutions and third-party providers (TPPs). Under the framework, financial institutions and TPPs can leverage on permissioned-access customer financial information to develop bespoke financial products and services for customers. The Open Finance Framework subscribes to the principle that "customers are the owners of personal and transaction data" hence, information shall only be shared with the consent of the customers.

Coverage. The Open Finance Framework covers technology, products, services, information, and policies that enable customers to securely share their financial data with qualified parties, either BSP-supervised financial institutions (BSFIs) or TPPs.

[1] All existing API arrangements prior to the creation of this Section, i.e. 17 June 2021, they shall comply with the applicable requirements prescribed herein within one (1) year from 13 July 2021. In cases awaiting policy-setting or further clarifications, compliance timetable shall be further determined by the OFOC.

Definition of Terms. The terms used in this Section shall be defined as follows:

a. *Account Information Service Provider (AISP)* refers to an information technology service and/or software solution provider that processes data and provides an alternative access point to multiple sources of data other than payment transactions;

b. *Application Programming Interfaces (APIs)* refer to a set of rules and specifications for software programs to communicate with each other, forming an interface between different programs to facilitate interaction;

c. *Customer-permissioned data* refers to data held by Participants (e.g., customer transactions, personal identification data, and customer financial history) that are permissioned by the Participants' customer to be accessed by a third party (and possibly shared onwards with fourth parties if covered by the customer's consent);

d. *Open Finance* refers to leveraging on and sharing of customer-permissioned data among banks, other financial institutions, and TPPs to develop innovative financial solutions, such as among others, those that provide real-time payments, promote greater transparency to account holders, and provide marketing and cross-selling opportunities to banks, other financial institutions, and TPPs;

e. *Open Finance Standards* refer to the recommended standards in implementing the Open Finance Framework that takes into account various factors, including the financial industry's level of readiness to adopt such standards and the overall benefits arising from such standardization;

f. *Open API*, also known as external or public API, refers to a software technology interface that provides a means of accessing data based on a public standard;

g. *Open Data* refers to publicly obtainable data that is published by Participants, including, but not limited to financial products, service information, and other public information;

h. *Open Access* refers to allowing authorized third parties to access consented data without needing to establish a business relationship with the Open API publisher;

i. *Payment Initiation Service Provider (PISP)* refers to a registered operator of payment systems (OPS), as defined under Republic Act (R.A.) No. 11127 – The National Payments Systems Act and clarified in Part 1, Section 101 of the Manual of Regulations for Payment Systems (MORPS), that carries out payment orders at the request of payment service users in connection with payment accounts held at other payment service providers;

j. *Third party providers* or TPPs refers to any external legal entity such as service providers, integrators, solutions vendors, and/or infrastructure support that interact with BSFIs to provide services to customers. They are classified as either AISP and/or PISP, however, other TPP classification may be created by the Open Finance Oversight Committee (OFOC), as deemed applicable;

k. *Participant* refers to the entities covered by the Open Finance Framework such as the BSFIs and TPPs;

l. *Open API publisher* refers to the Participant that keeps/is the custodian of customer data;

m. *Third party* refers to the Participant who has open access to customer-permissioned data residing in another Participant (publisher) through the Open API; and

n. *Fourth party* refers to an outsourcing partner or a service provider of a third party.

Governance Framework. The Bangko Sentral shall recognize an Open Finance Oversight Committee (OFOC), an industry-led self-governing body, that shall exercise governance over the activities and Participants of the Open Finance Ecosystem. The OFOC shall be subject to the regulation and supervision of the Bangko Sentral.

The Bangko Sentral shall facilitate the establishment of the OFOC in coordination with industry stakeholders. For this purpose, the initial set of members of the OFOC shall be comprised of representatives from each bank classification, non-bank financial institutions, electronic money issuers, operators of payment systems, TPPs, and other relevant sectors, as determined by the Bangko Sentral. The OFOC shall:

a. Adopt membership and participation rules that are non-discriminatory to ensure that key areas of interest of the financial industry are adequately represented and that all members and applicants for membership are treated fairly and consistently.

b. Define the functions, roles, and responsibilities of the Committee and the Participants. It shall adopt policies in monitoring Participants' compliance with the established policies and in handling non-compliance thereto including the corresponding sanctions or penalties for non-compliance.

c. Adopt standards, agreements, policies, and guidelines (Conventions) governing the Open Finance Framework which shall be consistent with relevant laws, rules and regulations and regional/global standards. At the minimum, these shall cover the following:

(1) Registration/On-boarding of non-BSFI Participants;
(2) API standards reference or other equivalent documentation;
(3) Authorization, authentication, and encryption requirements for each product/service tier;
(4) Disclosure and transparency requirements as prescribed under Sec. 1002-Q of the MORNBFI;
(5) Consent management;
(6) Protection of client information including responsible data handling as well as data privacy and protection;
(7) Reciprocity arrangement among Participants;
(8) Economic model; and
(9) Consumer protection and effective recourse as prescribed under Part Ten of the Q-Regulations of the MORNBFI.

d. Cooperate with and extend fullest assistance permissible to the Bangko Sentral and other regulators in enforcing applicable laws and regulations, in promoting adherence to this Framework.

Consistent with the provisions of Sec. 002-T, the Bangko Sentral reserves the right to deploy its range of supervisory tools to promote adherence to the requirements and expectation set forth in this Framework. In this regard, the Bangko Sentral may issue directives to or impose sanctions against the OFOC, such as suspension or revocation of any authority of the OFOC (including any or all of its generally authorized activities), without prior notice, to promote the safety and soundness of the financial system and/or to protect Participants, its customers, or the general public.

Registration Standards. BSFIs with a composite rating of at least "3" under the Supervisory Assessment Framework (SAFr), or its equivalent, are automatically eligible to become Participants of the Open Finance Ecosystem. On the other hand, those that do not meet the minimum rating must secure prior Bangko Sentral approval to participate in the Open Finance Ecosystem. Participants which are not under the regulation and supervision of the Bangko Sentral shall comply with the applicable registration requirements set by the OFOC, pursuant to pertinent laws, rules and regulations of the Bangko Sentral and other relevant authorities. Participants shall be responsible for ensuring fourth party compliance with applicable laws, rules and regulations.

Open Finance Standards. The OFOC shall issue guidelines aimed at ensuring that:

a. access to and participation in the standard-setting process, including any planning and consultation activities, is non-discriminatory;
b. the standards development process is transparent; and
c. the Open Finance Standards will be accessible to all qualified parties.

The API standards reference or other equivalent documentation that shall be developed by the OFOC shall meet the recommended technical standards to facilitate industry-wide adoption, and shall cover, at a minimum, the following:

(1) *API Architecture Standards.* These shall comprise, among others, reference for Open API specifications, including communication protocols, and architecture types. Participants are encouraged to adopt recognized industry-wide architectural styles such as Representational State Transfer (REST) and Simple Object Access Protocol (SOAP);

Data Standards. These shall include data formats, data structures, and related data protection and privacy rules to enable Participants to share data and information accurately and efficiently. Participants shall adopt data formats which are recognized by the industry such as, but not limited to, JavaScript Object Notation (JSON), Extensible Markup Language (XML), Comma Separated Values (CSV), and Structured Query Language (SQL). The "data dictionary" shall be published online, with sufficient level of detail to facilitate third party understanding and adoption;

(2) *Security Standards.* These shall cover minimum security compliance requirements, guidelines, and specifications that must be met by Participants, including authentication, authorization, and encryption. Participants should always refer to industry sound practices, relevant regulatory, and internal requirements, and apply holistic controls on information and cybersecurity based on a risk- and principles-based approach to protect their systems as well as financial and consumer data. At a minimum, Participants shall adopt the latest and robust authorization and authentication protocols that are adequate for the risks presented by Open Access, such as, but not limited to, multi-factor authentication, Transport Layer Security (TLS)/Advanced Encryption Standard (AES)/Hashed Message Authentication Code (HMAC) encryption standards and OAuth 2.0 authentication standard. Participants should use more secure methods for sharing data, such as token-based authentication through APIs. The API must be designed in such a way that the end-user access shall be limited to data that the end-user has permission to see or process. These access rights must be appropriately recorded, verified, measured, and audited. In terms of secure hosting, PCI DSS and ISO 27001 are most desired; and

(3) *Outsourcing Standards.* These shall refer to the management of risks arising from outsourcing activities particularly those involving data disclosure and confidentiality, data privacy and protection, data management such as procedures for accessing and processing data, obtaining consent, contract management, security, performance monitoring and business continuity, among others.

Adoption of Open Finance Standards and Publication of Open APIs. All Participants that intend to provide Open Access shall adopt the Open Finance Standards and shall comply with relevant laws and pertinent Bangko Sentral regulations particularly on Outsourcing, Operational Risk Management, IT Risk Management, Internal Control, Anti-Money Laundering/Countering the Financing of Terrorism, Financial Consumer Protection, and sound corporate governance principles, among others.

Open Finance Standards may be revised periodically to address emerging issues or to improve the Open API functionalities. To facilitate third party adoption, Participants shall publish detailed Open API documentation and ensure consistency with the latest version of Open Finance Standards.

Tiered Approach towards Open Finance Standards Adoption. Open Finance Standards shall be classified into five (5) tiers based on data sensitivity, data type, and data holder type. The tiers are not necessarily sequential, and multiple implementations may occur simultaneously.

a. *Tier 1* – Product and Service Information. Refers to "read-only" information on financial data and other details of financial products/services that is readily accessible online and can be freely used, reused, and redistributed by any entity such as deposit/lending rates, credit card offerings, service charges and other public data.

b. *Tier 2* – Subscription and New Account Applications. Includes customer acquisition and account opening processes, along with facilitating digital application and submission of supporting documents. Applications for deposits, loans, debit/credit cards, and other financial products are covered under this category.

c. *Tier 3* – Account Information. Refers to personal (e.g., name, registered address, phone numbers, etc.) and financial information provided by a customer at any given time or other details pertaining to the account of authenticated customers for stand-alone or aggregated views. This consists of, but are not limited to, data types such as account balance, credit card outstanding balance, transaction records, credit limit change, and credit score.

d. *Tier 4* – Transactions. Covers payments and other financial transactions such as scheduled payments and transfers initiated by customers.

e. *Tier 5* – Others. Covers other more complex financial products or use cases and those that are not covered by tiers 1-4.

Cooperative Regulatory Oversight. The Bangko Sentral duly recognizes that other regulatory/supervisory authorities may be involved in the Open Finance Framework as this would involve other Participants that are not under the supervisory ambit of the Bangko Sentral. In this regard, the Bangko Sentral shall coordinate with the concerned regulatory authority with respect to the implementation of the Open Finance Framework.

Regulatory Sandbox

The Bangko Sentral seeks to provide a regulatory environment that is conducive for the deployment of innovative financial services, including the development of standards for Open Finance. In line with this, the Bangko Sentral will permit innovation in Open Finance, such as but not limited to, the development of an industry API sandbox, in which Open APIs can be deployed and tested in a live environment and within specified parameters and timeframes.

Recommendation to Build a Central API Sandbox. While API providers will be encouraged to develop local sandboxes, it is recognized that costs may present a barrier and further incentives may be required. Thus, the Bangko Sentral encourages the OFOC to establish a central sandbox for testing developers and for other purposes related to local sandbox development (e.g., outsourcing sandbox development to trusted parties). The OFOC shall ensure that the central sandbox (i) implements all levels of security for APIs and (ii) contains a set of executable tests that API developers can use to validate compliance. The OFOC shall provide the executable tests to developers free of charge so that barriers to entry are avoided.

The OFOC shall maintain a list of approved Use Case API Services[1] with defined technical and security standards. This list shall include clear mechanisms and guidelines for providing the API services (e.g., basic APIs such as Authentication, Account Information, Transfers, etc.). The Use Case list per API service is a list that will be regularly updated based on new API innovations that have been reviewed by the Bangko Sentral or other relevant governing body.

[1] All existing API arrangements prior to the issuance of Circular No. 1122 dated 17 June 2021, they shall comply with the applicable requirements prescribed herein within one (1) year from 13 July 2021. In cases awaiting policy-setting or further clarifications, compliance timetable shall be further determined by the OFOC.

Consumer Protection. Participants shall adopt customer awareness measures to, at the minimum, educate their customers on the following: (i) safeguarding of information; (ii) use of the Open API; (iii) actual fees and charges related to the access of information and performance of transactions; (iv) fair and equitable terms and conditions; (v) products and services appropriate to the capacity and risk appetite of the consumer; and (vi) problem resolution procedures. Participants shall disclose, prior to entering an initial transaction and on an ongoing basis, all material risks to their clients in a manner that is clear, fair and not misleading. Participants shall carry out initiatives to give consumers the knowledge, skills, and confidence to understand and evaluate the information they receive and empower them to make informed financial decisions.

Data Privacy and Data Protection. Each contract relating to the implementation or use of Open API shall contain a clause for the recognition by each party that the customers have ownership over their data being collected and processed through the transaction, and that they have all the rights enumerated under R.A. No. 10173 (Data Privacy Act of 2012). This views that while customer and transaction data are in the custody of the Open API publisher, their rights to control the use of such data is limited to the boundaries of the consent the customer provided. All Participants shall comply with relevant requirements of the Data Privacy Act of 2012, its Implementing Rules and Regulations, and other National Privacy Commission issuances.

Dispute Mechanism. Participants shall have an adequate, prompt, and effective mechanism or procedure for handling and resolving disputes covering Open Finance issues aligned with agreed Conventions, as applicable.

User Consent and access to opt-in and opt-out mechanisms. Proper mechanisms shall be in place to ensure customers' private information is not used for purposes that are against their interests. The customers should, at all times, not only be educated and informed but they must also consent to how their data is being used and be provided with opt-in and opt-out mechanisms if and when they want to withdraw or modify the scope of their consent. Customers must be periodically informed as to how the Participants have utilized their permissioned data within a given period. Proper mechanisms based on industry standards shall be in place in providing a consent management portal/service that is interoperable, open, and has extensible information structure for recording obtained consents, consent duration, timestamp and opted-in/opted-out services, among others.

(Circular No. 1122 dated 17 June 2021)

H. COMPLIANCE, INTERNAL CONTROL, AND AUDIT

171 - T COMPLIANCE SYSTEM

The applicable provisions under Sec. 161-Q (*Compliance program*) shall be adopted by the trust corporations.

(Circular Nos. 1066 dated 04 December 2019 and 972 dated 22 August 2017)

172 - T INTERNAL CONTROL SYSTEM

The applicable provisions under Sec. 162-Q shall be adopted by the trust corporations.

(Circular No. 1066 dated 04 December 2019)

173 - T INTERNAL AUDIT FUNCTION

Internal audit is an independent, objective assurance and consulting function established to examine, evaluate and improve the effectiveness of risk management, internal control, and governance processes of an organization.

The board of directors, in a resolution entered in its minutes, may adopt a suitable continuous audit system to supplement and/or replace the performance of an annual audit. The audit may be conducted in intervals commensurate with the assessed levels of risk in trust and investment management operations: *Provided,* That such intervals shall be supported and reassessed regularly to ensure appropriateness given the current risk and volume of the trust and investment management operations. In any case, the audit shall ascertain whether the institution's trust and other fiduciary business and investment management activities have been administered in accordance with laws, Bangko Sentral rules and regulations, and sound trust or fiduciary principles. The report of the audit, together with the actions thereon, shall be noted in the minutes of the trust corporation's board of directors. Other applicable provisions of Sec. 163-Q shall likewise be adopted by the trust corporation.

174 - T FRAMEWORK ON THE SELECTION OF EXTERNAL AUDITORS

Policy Statement. The Bangko Sentral considers the external auditing profession as a partner in promoting the integrity of financial reports and transparency in the financial system. In this light, the Bangko Sentral is issuing this framework on the selection of external auditors (individual practitioners and audit firms) for Bangko Sentral Supervised Financial Institutions (BSFIs) in line with its cooperative arrangements with the Securities and Exchange Commission (SEC), Insurance

Commission (IC), and Philippine Deposit Insurance Corporation (PDIC), under the auspices of the Financial Sector Forum (FSF).

Appointment of External Auditors of BSFIs

a. BSFIs shall engage the services of an external auditor included in the List of Selected External Auditors for BSFIs. In this respect, a BSFI shall only appoint an external auditor belonging to the same category or from categories higher than the category of the BSFI concerned as provided in this section: *Provided*, That the Monetary Board may require the BSFI to appoint an external auditor from higher categories as part of the Bangko Sentral's supervisory action on the BSFI. The external auditor appointed by the BSFI shall likewise audit the BSFI's trust department as well as its subsidiaries and affiliates engaged in allied activities, as applicable.

b. External Auditors shall be classified into three categories and shall extend their services to BSFIs belonging to the same category or from categories lower than the category of the external auditor, as follows:

(1) Group A

(a) UBs/KBs
(b) Foreign banks and branches or subsidiaries of foreign banks
(c) Banks, trust departments and trust corporations with additional derivatives authority, pursuant to Sec. 613 of the MORB

(2) Group B

(a) TBs
(b) NBFIs with quasi-banking license
(c) Trust departments and trust corporations

(3) Group C

(a) RBs and Coop Banks
(b) Non-stock Savings and Loan Associations
(c) Pawnshops
(d) Remittance and Transfer Companies (RTCs)/Money Changers/Foreign Exchange Dealers (MCs/FXDs), including Virtual Currency Exchanges and Electronic Money Issuers
(e) Credit Card Issuers/Acquirers

The above categories shall include their subsidiaries and affiliates engaged in allied activities and other financial institutions subject to Bangko Sentral's consolidated supervision.

c. External auditors applying for first time inclusion or renewal of inclusion in the List of Selected External Auditors for BSFIs shall submit their application to the SEC. The application shall be subject to the requirements set out by the SEC as agreed upon by the Bangko Sentral, SEC, IC and PDIC.

d. The inclusion in the List of Selected External Auditors for BSFIs shall be valid for five (5) years or for a shorter period prescribed by the financial sector supervisors.

e. The Bangko Sentral shall periodically evaluate the performance of the external auditor through an assessment of the quality of the BSFI's audited financial statements and its compliance with the requirements provided under this Section. The results of assessment shall serve as basis for the continuing inclusion of external auditors in the List of Selected External Auditors for BSFIs.

f. The external auditor, including the engagement and quality control partners of the audit firm, of the BSFI shall be rotated in accordance with the relevant provisions of the Code of Ethics for Professional Accountants in the Philippines as adopted by the Philippine Board of Accountancy.

Audit Engagement and Reportorial Requirements

a. The BSFI's Audit Committee/board of directors/board of trustees shall ensure that the scope of external audit work appropriately covers areas relevant to BSFI's operations and risk exposures. These include the following:

(1) Review of the adoption of applicable reporting framework as well as the assessment of the accuracy, adequacy, and reliability of accounting records and financial reports;
(2) Assessment of the propriety and adequacy of disclosures in the financial statements;
(3) Assessment of the adequacy and effectiveness of internal controls and risk management systems;
(4) Assessment of the quality of capital in relation to risk exposures; and
(5) Evaluation of the quality of corporate governance.

b. The engagement contract of BSFIs with the external auditor shall include, at a minimum, the following provisions:

(1) That disclosure of information, such as those enumerated under Item *"c"* of this Section (*Audit engagement and reportorial requirements*), by the external auditor to the Bangko Sentral and/or other financial sector supervisors shall not constitute a breach of confidentiality on the part of the external auditor nor shall it be a ground for civil, criminal, or disciplinary proceedings against the external auditor;

(2) That the external auditor shall be allowed read-only access to the Bangko Sentral's Report of Examination on the BSFI and that the external auditor shall appropriately consider the contents thereof and maintain its confidentiality; and

(3) That the BSFI concerned and external auditor shall comply with all the requirements under this Section. The engagement contract shall be made available by the BSFI to the Bangko Sentral upon request.

c. The external auditor shall report to the appropriate supervising department of the Bangko Sentral within fifteen (15) calendar days upon discovery of any matter adversely affecting the condition or soundness of the BSFI, such as, but not limited to the following cases:

(1) Any material finding involving fraud or error;

(2) Actual or potential losses, the aggregate of which amounts to at least ten percent (10%) of the consolidated total assets of the BSFI;

(3) Significant doubt as to the ability of the BSFI to continue as a going concern;

(4) Material breach of laws or Bangko Sentral rules and regulations such as but not limited to prescribed capital and liquidity ratios, significant deficiency in allowance for credit losses, material weaknesses in fair value measurement methodology, and significant vulnerabilities to money laundering and combating the financing of terrorism;

(5) Material internal control weaknesses which may lead to financial reporting problems; and

(6) Findings on matters of corporate governance that may require urgent action by the Bangko Sentral.

Where a thorough investigation or evaluation of facts is necessary on the noted case, an initial report shall be submitted within the prescribed timeline: Provided, That a complete report is submitted not later than fifteen (15) calendar days from completion of investigation or evaluation.

In case there are no matters to report, the external auditor shall submit to the appropriate supervising department of the Bangko Sentral, not later than 120 calendar days after the close of the calendar year or the fiscal year adopted by the BSFI, a certification that there is none to report.

d. The board of directors and management of the BSFI shall be primarily responsible for the financial statements submitted to the Bangko Sentral. External auditors are expected to conduct the audit of financial statements in accordance with the provisions of the Philippine Standards on Auditing.

e. The external auditor shall directly inform the appropriate supervising department of the Bangko Sentral of the pre-termination of the engagement contract or his/her resignation/replacements as external auditor as well as the reasons thereto, within fifteen (15) calendar days of the pre-termination of the contract or his/her resignation/replacement.

Supervisory Enforcement Action

The Bangko Sentral reserves the right to deploy its range of supervisory enforcement actions to promote adherence with the requirements set forth in this Section and bring about timely corrective actions. For this purpose, the Bangko Sentral may issue directives or impose sanctions on BSFIs and/or its directors/trustees who approved the appointment of the external auditor, who/which are not in the List of Selected External Auditors for BSFIs, and/or for non-compliance with the provisions of this Section. The Bangko Sentral may likewise shorten the period of validity of inclusion of an external auditor in the List of Selected External Auditors for BSFIs, suspend, or delist external auditors from its List of Selected External Auditors for BSFIs based on the results of assessment of the quality of audited financial statements (AFS) as well as non-compliance with the provisions of this Section. The guidelines on the supervision/delisting of external auditor in the list of selected external auditors for BSFIs is prescribed in *Appendix Q-30/S-7/N-5.*

Transitory provisions

a. External auditors whose inclusion in the List of Selected External Auditors for BSFIs is valid to cover the audit of 2018 financial statements are hereby given one (1) year extension on their inclusion in the List of Selected External Auditors for BSFIs allowing them to engage in the audit of the 2019 financial statements.

b. All applications (new and renewal) for inclusion in the List of Selected External Auditors for BSFIs to cover in the audit of 2020 financial statements and thereafter shall be filed with the SEC starting June 2019.

(Circular Nos. 1066 dated 04 December 2019 and 1040 dated 20 May 2019)

I. REPORTING GOVERNANCE

181 - T AUDITED FINANCIAL STATEMENTS OF TCs; FINANCIAL AUDIT

The Bangko Sentral recognizes that external auditors play a vital role in contributing to the conduct of effective supervision and sustaining the confidence of the public in the financial system. In this light, the regulations on financial audit aim to enhance the quality of information channeled to the supervisory process and ultimately promote fairness, transparency and accuracy in financial reporting.

The following rules shall govern the submission of audited financial statements (AFS) of trust corporations (TCs).

For purposes of this Section, AFS shall include the balance sheets, income statement, statement of changes in accountabilities, notes to financial statements, and the opinion of the external auditor.

Financial Audit. TCs shall cause an annual financial audit by an external auditor included in the List of Selected External Auditors for BSFIs not later than thirty (30) calendar days after the close of the calendar year or the fiscal year adopted by the TC. The financial audit shall cover the financial statements of both the TC proper and the trust and managed funds of the TC.

The AFS shall be submitted by the TC, to the appropriate supervising department of the Bangko Sentral, not later than 120 calendar days after the close of the calendar year or the fiscal year adopted by the TC, accompanied by the documentary requirements as enumerated under *Appendix T-6*.

In addition, the external auditor shall be required by the TC to submit to the board of directors a Letter of Comments (LOC) indicating any material weakness or breach in the institution's internal control and risk management systems not later than 120 calendar days after the close of the calendar year or fiscal year adopted by the TC. If no material weakness or breach is noted to warrant the issuance of an LOC, a certification under oath stating that no material weakness or breach in the internal control and risk management systems was noted in the course of the audit of the TC shall be submitted in its stead, together with the AFS.

Material weakness shall be defined as a significant control deficiency, or combination of deficiencies that results in more than a remote likelihood that a material misstatement of the financial statements will not be detected or prevented by the institution's internal control. A material weakness does not mean that a material misstatement has occurred or will occur, but that it could occur. A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the institution's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles. The phrase "more than remote likelihood" shall mean that future events are likely to occur or are reasonably possible to occur.

The board of directors, in a regular or special meeting, shall consider and act on the AFS and the LOC and shall submit not later than 120 calendar days after the close of the calendar year or fiscal year adopted by the TC, a copy of its resolution (containing the date of receipt of the AFS and LOC by the board of directors) to the appropriate supervising department of the Bangko Sentral. The resolution shall show the action(s) taken on the AFS and the findings and recommendations stated in the LOC, if any.

Government-owned or-controlled TCs including their subsidiaries and affiliates under Bangko Sentral supervision which are under the concurrent jurisdiction of the Commission on Audit (COA) shall be exempt from the aforementioned annual financial audit by an external auditor included in the List of Selected External Auditors for BSFIs: *Provided,* That, when warranted by the supervisory concern such as material weakness/breach in internal control and/or risk management systems, the Monetary Board may, upon recommendation of the appropriate supervising department of the Bangko Sentral, require the financial audit to be conducted by an external auditor included in the List of Selected External Auditors for BSFIs, at the expense of the TC concerned: *Provided, further,* That when circumstances such as, but not limited to loans from multilateral FIs, privatization, or public listing warrant, the financial audit of the institution concerned by an external auditor included in the List of Selected External Auditors for BSFIs may also be allowed.

TCs under the concurrent jurisdiction of the Bangko Sentral and COA shall, however, submit a copy of the annual audit report (AAR) of the COA to the appropriate supervising department of the Bangko Sentral within forty (40) calendar days after receipt of the AAR by the board of directors. The AAR shall be accompanied by the: (a) certification by the institution concerned on the date of receipt of the AAR by the board of directors; (b) reconciliation statement between the AFS in the AAR and the balance sheet and income statement of TC and trust department submitted to the Bangko Sentral, including copies of adjusting entries on the reconciling items; and (c) other information that may be required by the Bangko Sentral. The board of directors of said institutions, in a regular or special meeting, shall consider and act on the AAR, as well as on the comments and observations and shall submit, within thirty (30) banking days after receipt of the report, a copy of its resolution to the appropriate supervising department of the Bangko Sentral. The resolution shall show the action(s) taken on the report, including on the comments and observations and the names of the directors present and absent, among other things.

The AFS required to be submitted shall in all respect be Philippine Financial Reporting Standards (PFRS)/PAS-compliant.

TCs as well as external auditors shall strictly observe the requirements in the submission of the AFS and reports required to be submitted under *Appendix T-6.*

The reports and certifications of institutions concerned, schedules and attachments required under this Section shall be considered as *Category B reports*, delayed submissions of which shall be subject to the penalties under Item *"b.ii"* of Sec. 172-Q *(Sanctions in case of willful delay in the submission of reports/refusal to permit examination).*

Posting of audited financial statements. TCs shall post in conspicuous places in their head offices, all their branches and other offices, as well as in their respective websites, their latest AFS.

Disclosure requirements in the notes to the audited financial statements. TCs shall disclose the information prescribed under Annex C of *Appendix T-5* in the AFS.

(Circular No. 1075 dated 07 February 2020 and 1066 dated 04 December 2019)

182 - T RECORDS

TCs shall have a true and accurate account, record or statement of their daily transactions. The TC shall also keep books and records on trust, other fiduciary and IMAs separate and distinct from the books and records of its proprietary accounts and shall strictly follow and implement the FRPTI prescribed by the Bangko Sentral.

The making of any false entry or the willful omission of entries relevant to any transaction is a ground for the imposition of administrative sanctions under Section 37 of R.A. No. 7653, without prejudice to the criminal liability of the director or officer responsible therefor under Sections 35 and 36 of R.A. No. 7653 and/or the applicable provisions of the Revised Penal Code. Records shall be up-to-date and shall contain sufficient detail so that an audit trail is established. Other provisions of Sec. 171-Q and 435-Q shall be adopted in so far as applicable to the TC.

(Circular No. 1066 dated 04 December 2019)

183 - T REPORTS/MANNER OF FILING

The applicable provisions of Sec. 172-Q shall be adopted by the TC, except that, instead of *Appendix Q-3*, the applicable reports for TCs are those enumerated under *Appendix T-4.*

The TC, if a subsidiary/affiliate of a bank, is required to submit a quarterly report to the appropriate supervising department of the Bangko Sentral on its financial transactions with the bank within twenty (20) calendar days after the end of the reference quarter.

(Circular No. 1066 dated 04 December 2019)

J. UNSAFE OR UNSOUND CONDUCT OF BUSINESS

191 - T CONDUCTING BUSINESS IN UNSAFE OR UNSOUND MANNER

Sec. 419-Q, on unsafe and unsound practices shall be adopted for trust corporations.

(Circular No. 1066 dated 04 December 2019)

K. LIQUIDATION AND RECEIVERSHIP

192 - T VOLUNTARY LIQUIDATION

A TC which intends to surrender its trust license shall file with the Bangko Sentral a certified copy of the resolution of its board of directors manifesting such intention. The appropriate supervising department of the Bangko Sentral shall then

conduct an examination of the TC's trust, other fiduciary business and investment management activities. If the TC is found to have satisfactorily discharged its duties and responsibilities as trustee, fiduciary or investment manager, and has provided for the orderly closure or transfer of its trust, fiduciary or IMAs, the Monetary Board, on the basis of the recommendation of the examining department, shall order the revocation of the institution's authority to engage in trust and other fiduciary management activities.

TCs shall adopt the provisions of *Appendix Q-60* on the guidelines on voluntary liquidation.

(Circular No. 1066 dated 04 December 2019)

193 - T RECEIVERSHIP AND INVOLUNTARY LIQUIDATION

The Monetary Board, after considering the report of the appropriate supervising department of the Bangko Sentral, may revoke the TC's authority to engage in trust, other fiduciary business and investment management activities in accordance with Section 37 of R.A. No. 7653. Upon revocation of the trust, other fiduciary and investment management license, the TC shall be required to wind down and liquidate its trust, other fiduciary business and investment management activities, and distribute proceeds thereof to its clients. It shall be unlawful for any such TC to thereafter perform or engage in trust, other fiduciary business and investment management activities.

Whenever a receiver is appointed by the Monetary Board for a TC, the receiver shall, pursuant to the instructions of the Monetary Board, proceed to close the trust, other fiduciary and IMAs promptly and/or transfer all other accounts to substitute trustees, fiduciaries or investment managers acceptable to the trustors, beneficiaries, principals or other parties in interest: *Provided,* That where the trustee, fiduciary or investment manager is acting as such under appointment by a court, the receiver shall proceed pursuant to the instructions of said court.

The guidelines on receivership and liquidation of banks found in Sec. 192 of the MORB, shall apply to the placement of a trust corporation under receivership or liquidation, to the extent possibly, or by analogy.

In case of a TC which license has been revoked by the Monetary Board, any director or officer thereof

a. who refuses to turn over the corporation's records and assets under management to the appointed successor-trustee(s), or
b. who tampers with the corporation's records, or
c. who appropriates for himself for another party or destroys or causes the misappropriation and destruction of the TC's assets under management, or
d. who receives or permits or causes to be received in said corporation any part or all of the assets under management, or
e. who pays out or permits or causes to be transferred any part thereof,

shall be subject to the penal provisions of the R.A. No. 7653.

(Circular No. 1066 dated 04 December 2019)

PART TWO

ASSET MANAGEMENT OPERATIONS

201 - T MANAGEMENT OF RISK ASSETS/MINIMUM GUIDELINES ON INVESTMENT OPERATIONS

It shall be the responsibility of the board of directors of a trust corporation to formulate written policies on credit and investment activities, and risk diversification and to set the guidelines for evaluation of proprietary and fiduciary assets. Sound credit and investment processes are essential if a trust corporation is to perform its asset management function effectively and minimize the risk inherent in any credit and investment activity. The responsibility should be approached in a way that will provide assurance to the client, the stockholders and supervisory authorities that timely and adequate action will be taken to maintain the quality of the loan and investment portfolio and other fiduciary assets.

Circular No. 1066 dated 04 December 2019)

202 - T LOAN PORTFOLIO AND OTHER RISK ASSETS REVIEW SYSTEM

The following provisions of Sec. 143-Q on operating under a sound credit granting process shall be adopted, in so far as applicable to the TC:

Sec. 143-Q (*Credit approval process*)
Sec. 143-Q (*Credit granting and loan evaluation/analysis process and underwriting standards*)
Sec. 143-Q (*Renewal or extension of maturity date of credits*)
Sec. 143-Q (*Country and Transfer Risks*)
Sec. 143-Q (*Credit Administration*)
Sec. 143-Q (*Credit Risk Measurement, Validation and Stress Testing*)
Sec. 143-Q (*Credit Risk Management Information and Reporting Systems*)
Sec. 143-Q (*Credit Monitoring*)
Sec. 143-Q (*Credit Review Process*)
Sec. 143-Q (*Credit Classification and Provisioning*)
Sec. 143-Q (*Credit Workout and Remedial Management of Problem Credits*)
Sec. 143-Q (*Writing off problem credits*)
Sec. 143-Q (*Enforcement Actions*)

203 - T LARGE EXPOSURES

TCs are expected to adopt policies and processes that will identify, measure, monitor and control large exposures as well as potential conflict of interest in the administration of fiduciary business.

Large exposures should be kept under regular review to ensure quality and controls thereof to safeguard against credit risk concentrations.

Large exposures shall refer to exposures to counterparty or a group of related counterparties equal or greater than five percent (5%) of TC's combined capital account as defined under Sec. 113-T.

204 - T APPLICABLE REGULATIONS ON CREDIT AND INVESTMENT OPERATIONS

Unless otherwise provided herein, the following regulations in Part Two (Asset Management Operations) shall be adopted, in so far as applicable to the TC:

Sec. 301-Q	Grant of Loans and Other Credit Accommodations (except for Sec. 143-Q (*Credit granting and loan evaluation/analysis process and underwriting standards*))
Sec. 304-Q	Interest and Other Charges
Sec. 303-Q	Past Due Accounts and Non-Performing Loans, and Sec. 303-Q (*Exclusion from loan limit*, *Non-performing loans*, and *Updating of information provided to credit information bureaus*)
Sec. 305-Q	"Truth in Lending Act" Disclosure Requirement
Sec. 322-Q	Transactions Covered and Not Covered
Sec. 328-Q	Procedural and Reportorial Requirements
Sec. 361-Q	Purchase of Receivables and Other Obligations
Sec. 362-Q	Acquired Assets in Settlement of Loans (except Sec. 362-Q (*Joint Venture of QBs with Real Estate Development Companies*))

(Circular No. 941 dated 20 January 2017)

205 - T LOANS/CREDIT ACCOMMODATIONS TO DIRECTORS, OFFICERS, STOCKHOLDERS AND THEIR RELATED INTERESTS (DOSRI) AND RELATED PARTIES

Dealings of a TC with any of its DOSRI and related parties[1] shall be in the regular course of business and upon terms not less favorable to the trust corporation and/or its clients than those offered to others. DOSRI shall be defined in accordance with the definitions under Sec. 321-Q (*Definitions*) and Sections 12 and 13 of R.A. 8791 on related interests.

The TC is expected to clearly articulate policies and procedures on the handling of any transaction with DOSRI and other related parties ensuring that there is appropriate disclosure and effective compliance with existing laws, rules and regulations at all times and no stakeholder is unduly disadvantaged.

(Circular No. 970 dated 22 August 2017)

206 - T TRANSACTIONS NOT COVERED

The provisions under Sec. 322-Q (except its Subtopics) shall be adopted by the TC.

207 - T REPORTS

The TC shall submit a report to the appropriate supervising department covering transactions of the TC with its DOSRI and related parties within twenty (20) calendar days from end of the reference quarter. Moreover, TC's records on monitoring large exposures and loans to DOSRI and its related parties shall be made available to the Bangko Sentral examiners for verification at any given time. When warranted, the Bangko Sentral may impose additional reporting requirements on TC in relation to its large exposures and credit risk concentrations.

[1] As defined under Sec. 131-Q, Item "*(o)*"

PART THREE

TRUST, OTHER FIDUCIARY BUSINESS AND INVESTMENT MANAGEMENT ACTIVITIES

301 - T STATEMENT OF PRINCIPLES

The cardinal principle common to all trust and other fiduciary relationships is fidelity. Policies predicated upon this principle shall be directed towards observance of the following:

a. *Prudent administration*. The trust, investment management and other fiduciary accounts shall be administered in conformity with the intention and purpose of the client as manifested in the terms of the agreement, and with the skill, care, prudence and diligence necessary under the circumstance then prevailing that a prudent man acting in like capacity and familiar with such matters would exercise in the conduct of an enterprise of like character and with similar aims.

b. *Undivided loyalty and utmost care*. In the discharge of fiduciary responsibility, the interests of clients shall be placed above those of the TC. Clear policies and procedures shall be developed in dealing with conflict of interest situations. The fiduciary assets shall be objectively and fairly administered, invested and distributed giving due regard to the beneficiaries' respective interests.

c. *Non-delegation of responsibilities*. The administration of the trust, investment management, or fiduciary responsibilities or the performance of acts that should be personally performed shall not be delegated as the client's confidence is reposed on the TC.

d. *Preserving and protecting property*. Reasonable care and diligence shall be observed to preserve and protect the property entrusted. Fiduciary assets shall be kept legally separate and distinct from proprietary assets and from one fiduciary/trust/investment management account to another.

e. *Keeping and rendering accounts*. A true and accurate account or record of transactions entered into shall be kept. Reports on the trust, investment management and other fiduciary accounts shall be rendered to the trustor, principal, beneficiary or other party in interest, or the court concerned, or any party duly designated by a court order, as the case may be, in accordance with Sec. 435-Q (*Books, Records and Reports Required*). Likewise, all material facts within the knowledge or reasonably discoverable by the TC, particularly information that would enable clients to make well-informed decisions, shall be promptly transmitted/relayed to clients for them to protect their interests.

Furthermore, practices shall be carried out in accordance with the basic standards (*Appendix Q-49*) and risk management guidelines for trust, other fiduciary business and investment management activities *(Appendix Q-50).*

An institution incorporated or authorized to engage in trust and fiduciary business is under no obligation, either legal or moral, to accept any such business being offered nor has it the right to accept if the same is contrary to law, rules, regulations, public order and public policy. It shall advertise its services in a dignified manner and enter such business only when demand for such service is evident, when specially equipped to render such service and upon full appreciation of the responsibilities involved. It shall be ready and willing to give full disclosure of the services being offered and shall conduct its dealing with transparency. Harmonious relationship shall likewise be pursued with other professions to achieve the common goal of mutual service to the public and protection of its interest.

The TC shall formulate and adhere to a Code of Ethics and Professional Standards (Code and Standards), duly approved by the board of directors, that defines the ethical principles and professional conduct of fiduciary functions with the clients' best interest in mind. It shall be the responsibility of the board of directors of the TC to ensure strict conformance with the Code and Standards by all its directors, officers and personnel. To this end, the board of directors shall incorporate compliance procedures in its Code and Standards.

302 - T APPLICABLE REGULATIONS ON TRUST AND OTHER FIDUCIARY ACTIVITIES

Trust operations and investment management activities of trust corporations shall be subject to the applicable regulations in Parts Five (Foreign Exchange Operations), Six (Treasury and Money Market Operations), Seven (Electronic Operations and Other Services) and Nine (Anti-Money Laundering Operations) of the MORNBFI, unless otherwise provided in this Manual. The provisions of Sec. 613 of the MORB that are applicable to trust departments of universal and commercial banks shall apply to trust corporations.

In addition to the provisions in the "T" regulation, trust operations and other fiduciary activities, including investment management shall be subject to the following regulations provided under Part Four of the MORNBFI, in so far as applicable to the TC:

a. Sec. 438-Q Non-Trust, Non-Fiduciary and/or Investment Management Activities

b. Sec. 413-Q Trust and Other Fiduciary Business (except Sec. 413-Q (*Ceilings on loans; Tax-exempt Individual Trust Accounts*)

c. Sec. 414-Q Unit Investment Trust Funds

d. Sec. 415-Q Investment Management Activities (except on the required pre-numbered contractual agreement form; and except Sec. 415-Q (*Ceilings on Loans; Tax-exempt individual investment management accounts*)

e. Sec. 418-Q Required Retained Earnings Appropriation

f. Sec. 432-Q Custody of Assets

g. Sec. 433-Q Fees and Commissions

h. Sec. 434-Q Taxes

i. Sec. 435-Q Reports Required to Trustor, Beneficiary, Principal;

j. Sec. 499-Q Sanctions (For this purpose the guidelines for the imposition of monetary penalty as shown under Appendix T-2 shall be used by TCs).

k. Sec. 411-Q Authority to Perform Trust and Other Fiduciary Business

(Circular Nos. 1119 dated 07 June 2021, 1031 dated 07 February 2019, and 903 dated 29 February 2016)

Trust fund of pre-need companies. The rules and regulations on the acceptance, management and administration of trust funds of pre-need companies by TCs shall be governed by Chapter VIII of the Pre-need Code of the Philippines (Republic Act No. 9829).

(Circular Nos. 1119 dated 07 June 2021, 1031 dated 07 February 2019 and 903 dated 29 February 2016)

303 - T FOREIGN CURRENCY DENOMINATED TRUST, OTHER FIDUCIARY AND INVESTMENT MANAGEMENT ACCOUNTS

A TC may accept foreign currency-denominated (FCD) trust, other fiduciary and IMA accounts in any acceptable foreign currency.

For purposes of this Section, *"acceptable foreign exchange"* comprise those foreign currencies which are acceptable to and exchangeable at the Bangko Sentral and which form part of the international reserves of the country.

Applicability of rules and regulations. Unless otherwise revised by the provisions of this Section, the rules and regulations governing the administration of trust, other fiduciary or investment management accounts, including UITFs, shall be observed.

Allowable loans and Investments. FCD accounts may be invested in loans and investments as allowed under the written contract between the TC and its clients: *Provided,* That the loans and investments are allowed under existing Bangko Sentral regulations and are properly disclosed to trustors/principals/fund participants: *Provided further,* That the pertinent rules and regulations in the Manual of Regulations on Foreign Exchange Transactions (Part V of MORB) are complied with.

The TC shall adopt a written policy on the determination of the level of liquid assets appropriate to each client after considering the client's mandate/s or objective/s, given constraints and unique needs and circumstances. The Investment Policy Statement of each client shall show the basis for the client's liquidity requirement.

Accounting. TCs shall maintain a separate accounting for these foreign currency transactions that will enable preparation of the Balance Sheet and Income Statement covering said funds. FCD assets and accountabilities shall be recorded at their foreign currency amounts and their local currency equivalent using the Philippine Dealing System (PDS) Peso/US Dollar closing rate and the New York US Dollar/Third Currencies closing rate. For purposes of preparing the FCD financial statements, the TC shall use the US dollar (USD) as its functional currency. However, for purposes of consolidating the FCD financial statements with the Peso financial statements, these shall be translated into the presentation currency, i.e. Philippine Peso (PHP).

The TC shall also prepare financial reports to clients as required under Sec. 435-Q, reflecting dollar denominated assets and accountabilities and consolidated reports reflecting the peso and foreign currency (translated into Philippine Peso) denominated assets and accountabilities.

304 - T SECURITIES CUSTODIANSHIP AND SECURITIES REGISTRY OPERATIONS

The provisions under Sec.631-Q, shall apply to trust corporations (TC) applying for authority to conduct securities custodianship and securities registry operations.

(Circular No. 1121 dated 8 June 2021)

PART FOUR

OTHER REGULATIONS

401 - T ANNUAL SUPERVISION FEES

Trust Corporations shall pay to the Bangko Sentral an annual supervision fee of 0.01% of the average monthly balance of assets under management for the first three (3) years of the trust corporation's operations. However, a supervision fee of 0.02% of the average monthly balance of assets under management shall be imposed on the year and onwards. Securities held under custodianship shall be exempt from annual fees. The average monthly balance shall refer to the sum of the twelve (12) month-end balances of the preceding calendar year divided by a factor of twelve (12). Said annual supervision fee shall be paid by the trust corporations on or before end-February of every year. Non-payment of the supervisory fee within the prescribed period shall subject the concerned trust corporation to the sanctions prescribed under Section 37 of R.A. No. 7653.

(M-2021-023 dated 12 April 2021 and M-2019-010 dated 8 April 2019)

402 - T OTHER PAYMENTS OF TCs

Payments to the Bangko Sentral. TCs shall make payments for transactions, including penalties and other charges, other than those required to be paid through the TC's DDA, in accordance with the manner of payments provided in the billing notice, or through any such acceptable means of payment as may be provided in pertinent advisories issued by the Bangko Sentral. Such payments shall be accompanied by the appropriate form as shown in *Appendix Q-27.* Payments not accompanied by the required payment forms shall be presumed to be additions to reserves and shall be credited to the DDA of the paying TC.

Check payments shall be value-dated when the check is cleared.

(Circular No. 1125 dated 20 August 2021)

403 - T APPLICABLE REGULATIONS ON TCs

Trust operations and investment management activities of trust corporations shall be subject to the applicable regulations in Parts Five (Foreign Exchange Operations), Six (Treasury and Money Market Operations), Seven (Electronic Operations and Other Services) and Eight (Anti-Money Laundering Operations), and Ten (Financial Consumer Protection Framework) including the provisions of Section 002-T (Enforcement Actions) of the MORNBFI, unless otherwise provided in this Manual.

Transitory Provision.

Trust Corporations spun off from trust departments of banks/NBFIs, may continue to operate as a trust department within a reasonable period of time, to be determined by the Bangko Sentral, after the grant of the Authority to Operate as trust corporation. Necessary documentations and transfer of resources may be done during this period: *Provided,* That new services and/or products to be offered by the trust corporation during this period shall be rendered by the newly incorporated trust corporation: *Provided, further*, That all necessary arrangements, notices to clients/investors/creditors shall be made by the trust corporation immediately after receipt of approval from the Bangko Sentral of its Authority to Establish as a trust corporation.

Compliance with the required basic security deposit during and after transition period.

a. During transition period

   (1) Spun-off trust department shall maintain basic security deposit equivalent to one percent (1%) of its previous end-of-day balance of total trust, investment management, and other fiduciary assets;

   (2) The newly established trust corporation shall maintain basic security deposit equivalent to the higher of P500,000 or 0.05% of the previous end-of-day balance of total trust, investment management, and other fiduciary asset; and

   (3) A weekly report on the daily compliance with the required basic security deposit shall be submitted to the Bangko Sentral by the first business day following the reference calendar week (Monday to Sunday).

b. After the transition period

   (1) The newly established trust corporation shall maintain basic security deposit equivalent to the higher of P500,000 or 0.05% of the balance of the total trust, investment management, and other fiduciary assets as of the end of transition period until one (1) calendar quarter of operations; and

(2) Thereafter, the trust corporation shall maintain the required basic security deposit under Sec. 131-T (*Valuation of securities and basis of computation of the basic security deposit requirement*).

The trustee or fiduciary shall have ten (10) calendar days after end of day from the start of the transition period until one (1) calendar quarter of operation after end of the transition period within which to deposit with the Bangko Sentral the additional securities to comply with the required securities.

((Circular Nos. 1066 dated 04 December 2019, 1048 dated 08 September 2019, 1033 dated 22 February 2019 and 962 dated 08 June 2017)

404-T ELECTRONIC PAYMENT AND FINANCIAL SERVICES

Requirements for the grant of authority to offer EPFS. Pursuant to Sec. 111-T on the Bangko Sentral Policy and Regulations on Licensing, BSFIs that intend to offer EPFS shall obtain the appropriate authority/license, as follows:

Classification	Category of License/Authority
Advanced EPFS	Type A[1]/B[2]
Basic EPFS	Type C

BSFIs shall observe the "Guidelines on Licensing of Electronic Payment and Financial Services" shown in *Appendix Q-89*.

Reportorial requirements. BSFIs shall provide the Bangko Sentral with the required data and updates on their EPFS.

a. *Required Reports.* The following reports shall be submitted to the appropriate supervising department of the Bangko Sentral in the manner prescribed under *Appendix T-4*:

(1) EPFS Transactions and Indicators; and
(2) Changes and Enhancements in EPFS

b. *Sanctions*. Failure to comply with the reportorial requirements shall subject the concerned BSFI to applicable sanctions for "Erroneous/Delayed/Erroneous and Delayed/Unsubmitted reports" as prescribed under Sec. 111-T.

Enforcement action. Failure to comply with the provisions of this Section shall cause the concerned BSFI to be subject to enforcement action in accordance with Sec. 111-T (*Enforcement actions*).

(Circular No. 1033 dated 22 February 2019)

[1] This applies to BSFIs that *can* be assessed against the prudential criteria provided in the Policy and Regulations on Licensing. These applicants must have been examined by the Bangko Sentral.
[2] This applies to proponents that *cannot* be assessed against the prudential criteria provided in the Policy and Regulations on Licensing. These include newly-established BSFIs and new applicants for an authority to operate as "Electronic Money Issuer-Others".

GUIDELINES ON GRANTING OF LICENSE/AUTHORITY
(Appendix to Sec. 111-T [Statement of policy and objectives])

I. Guiding principle

The Bangko Sentral, the licensing authority, has the power to set criteria and reject applications that do not comply with the criteria/standards set. In this light, the Bangko Sentral is providing the following guidelines on its licensing process to establish accountability and promote transparency to banks and BSFIs wishing to apply for any licenses/authorities within the jurisdiction of the Bangko Sentral. These guidelines also aim to provide more consistency in how risk-focused supervision is applied to licensing process.

The Bangko Sentral will not restrict the scope of risk-taking activities of BSFIs consequent of the licenses and/or authorities granted: *Provided, That* these licenses and/or authorities are in line with their business model and strategic direction: *Provided, further,* That BSFIs demonstrate the capacity and ability to implement these strategies.

As indicated in the new licensing policy, applications for licenses and/or authorities are categorized as follows:

a. Type "A" – applications for licenses and/or authorities where compliance with the defined prudential requirements/criteria described in Sec. 111-T is a pre-condition for applicants to be considered eligible;

b. Type "B" – applications for licenses and/or authorities processed regardless of risk profile; and

c. Type "C" -activities which no longer require submission of applications and processing but shall be subject to submission of reports/certification/notification within stated deadlines. However, compliance with pre-qualification requirements is subject to post verification and any false information and/or mispresentation may be a basis for the imposition of appropriate enforcement actions described in Sec. 111-T.

II. Guidelines and procedures

1. Process flow. The licensing application process involves four (4) stages, to wit:

   a. Stage 1. Eligibility test and assessment. The Bangko Sentral shall consider an applicant's eligibility for licenses/authorities categorized as Type "A" in accordance with the standards and/or prudential criteria described in Sec. 111-T; and whether approval thereof is consistent with applicable laws, rules, regulations, policies and safety and soundness considerations.

      In this regard, BSFIs shall signify to the appropriate supervising department of the SES its interest to apply for a license(s) or authority/ies. However, the Bangko Sentral expects each BSFI to have conducted self-assessment vis-à-vis prudential criteria and/or requirements to determine whether it is eligible and/or qualified to apply for any specific license/authority, prior to signifying its interest.

      BSFIs with CAMELS composite rating of below "3", or under PCA or rehabilitation may still be considered eligible, on a case by case basis, upon showing valid justifications and/or verifiable evidence of significant compliance with the comprehensive PCA plan (PCAP)/rehabilitation plan approved by the Bangko Sentral and/or if licenses and/or authorities applied for are vital to the implementation of the PCAP/rehabilitation plan.

   b. Stage 2. Application. The BSFI upon receipt of notice and/or confirmation from the Bangko Sentral of its eligibility can now formally submit its application letter together with the documentary requirements, as applicable to the license/authority applied for. Applications with incomplete documentation will be returned without prejudice to re-submission of a complete application and collection of applicable fees.

   c. Stage 3. Processing. Upon receipt of a complete application, the appropriate supervising department of SES shall proceed in preparing the memorandum elevating to the appropriate approving authority of the Bangko Sentral its recommended action/s.

   d. Stage 4. Decision. Within five (5) working days upon approval and/or confirmation from the appropriate authority of the Bangko Sentral, BSFIs shall expect to be notified of the decision on their request/application.

      The Bangko Sentral may request information and/or documents aside from the minimum documentary requirements for each type of license/authority to arrive at an informed decision. It may also conduct limited inspection or validation, when warranted.

      The Bangko Sentral may approve any application of an eligible applicant after evaluating the application and considering relevant factors. Likewise, the Bangko Sentral may deny applications if (a) significant

supervisory or compliance concerns exist or (b) the applicants fail to provide material information necessary to make an informed decision.

2. Responsibility

The Bangko Sentral expects each applicant to prepare accurately and completely each application/certification/reports submitted to the appropriate department of the Bangko Sentral -SES.

By virtue of the application, the applicant authorizes the Bangko Sentral to conduct an on-site evaluation or inspection for the purpose of ascertaining compliance with relevant laws, rules, regulations and/or directives, and/or applicant's risk management capabilities, when warranted.

For this purpose, the applicant shall include in its application letter the authorization in favor of the Bangko Sentral giving its consent to the conduct of on-site verification of the documents and/or representations stated in the application filed in connection with the license or authority applied for.

3. Fees

An applicant, depending on its classification and type of license/authority applied for, shall be assessed the following fees per application:

i. Processing fee -shall be charged upon filing of an application and is non-refundable. In case of re-submission of application that is returned for incomplete documentation, another processing fee shall be charged anew; and

ii. Licensing fee -shall be charged to certain application upon approval.

The licensing fee shall be net of the processing fee.

For banks, assessed fees shall be debited from the applicants' demand deposit account with the Bangko Sentral upon the lapse of fifteen (15) calendar days reckoned from receipt of Bangko Sentral's decision on its request/application. For this purpose, banks shall, upon filing of an application, state in its application letter the authority to debit their demand deposit account with the Bangko Sentral for the applicable fees to the license or authority applied for. Otherwise, assessed fees shall be paid to the Bangko Sentral.

4. Post decision

Unless otherwise prescribed by the Bangko Sentral, an applicant may file a new application for a denied and/or withdrawn application after the lapse of six (6) months reckoned from the date of denial/withdrawal: *Provided*, That any weaknesses, deficiencies and/or non-compliance with any laws, rules, regulations and/or directives that made the applicants ineligible have already been satisfactorily addressed.

(Circular No. 947 dated 15 February 2017)

CHECKLIST OF BANGKO SENTRAL REQUIREMENTS IN THE SUBMISSION OF AUDITED FINANCIAL STATEMENTS AND ANNUAL AUDIT REPORT
(Appendix to Sec. 132-T (Financial Audit))

Information/Data Required	Deadline for submission
A. Audited Financial Statements (AFS)	
1. AFS	Not later than 120 calendar days after the close of the calendar year or fiscal year adopted by the TC.
2. Certification by the external auditor on compliance with Bangko Sentral requirements on: a. Confidentiality clause pertinent to read-only access to the Report of Examination; and b. Disclosure under Sec. 132-T *(Disclosure requirements in the notes to the audited financial statements)* and other information that may be required.	For submission together with the AFS, not later than 120 after the close of the calendar year or fiscal year adopted by the TC.
3. Reconciliation statement, including copies of adjusting entries on the reconciling items, following the formats in *Annexes A* and *B* of this Appendix, which shall be between the: (a) AFS and FRP; and (b) AFS and the FRP for Trust Institution (FRPTI) for each of the general categories of contractual relationships (i.e., UITF trust, institutional trust, and individual trust; other fiduciary; institutional-agency, and individual -agency; and special purpose trust) of the TC with its clients.	For submission together with the AFS, not later than 120 calendar days after the close of the calendar year or fiscal year adopted by the TC.
4. Letter of Comments (LOC)[1] indicating material weaknesses on internal control and risk management system as well as other issues, which may include findings on the quality of governance[2], that should be brought to the attention of the board/management along with the recommendations for corrective action. Otherwise, a certification by the external auditor that there are no issues noted in the course of the audit to warrant the submission of an LOC.	For submission together with the AFS, not later than 120 calendar days after the close of the calendar year or fiscal year adopted by the TC.
5. Copy of the board resolution showing the actions on the AFS and the submitted LOC, if any.	For submission together with the AFS, not later than 120 calendar days after the close of the calendar year or fiscal year adopted by the TC.
6. The external auditor shall report directly to the Bangko Sentral the following: a. Any material finding involving fraud or error; b. Actual or potential losses the aggregate of which amounts to at least ten percent (10%) of the consolidated total assets of the TC; c. Significant doubt as to the ability of the TC to continue as a going concern; d. Material breach of laws or Bangko Sentral rules and regulations such as but not limited to prescribed capital and liquidity ratios, significant deficiency in allowance for credit	Within fifteen (15) calendar days from discovery.

[1] LOC or equivalent letter to management/board of directors
[2] Reportable issues on the quality of governance shall only pertain to financial reporting matter.

losses, material weaknesses in fair value measurement methodology, significant vulnerabilities to money laundering and countering the financing of terrorism; e. Material internal control weaknesses which may lead to financial reporting problems; and f. Findings on matters of corporate governance that may require urgent action by the Bangko Sentral.	
In case there are no matters to report (e.g., fraud, dishonesty, breach of laws, etc.) a notarized certification that there is none to report.	Not later than 120 calendar days after the close of the calendar year or fiscal year adopted by the TC.
B. Annual Audit Report (AAR) - For TCs under the concurrent jurisdiction of the Bangko Sentral and COA	
1. AAR accompanied by: a. Certification by the institution concerned on the date of receipt of the AAR by the board of directors; b. Reconciliation statement, including copies of adjusting entries on the reconciling items, for the differences in amounts between the: (a) AFS and FRP; and (b) AFS and FRPTI for each of the general categories of contractual relationships (i.e., UITF trust, institutional trust, and individual trust; other fiduciary; institutional-agency, and individual-agency; and special purpose trust) of the TC with its clients; and c. Other information that may be required by the Bangko Sentral.	Within forty (40) calendar days after receipt of the AAR by the board of directors.
2. Copy of the board resolution showing the action taken on the AAR, as well as on the comments and observations, including the names of the directors present and absent, among other things.	Within 30 banking days after receipt of the AAR by the board of directors.

DISCLOSURE REQUIREMENTS TO THE AUDITED FINANCIAL STATEMENTS (AFS)
[(Appendix to Sec. 132-T Disclosure requirements in the notes to the audited financial statements)]

TCs shall include the following additional information in the AFS:

a. Notes to the financial statements:

(1) Minimum required capital pursuant to Sec. 113-T;

(2) Provisioning methodology and key assumptions in providing allowance for credit losses; and

(3) Accounting policies which shall include, but not limited to, general accounting principles and valuation policies for financial instruments and Real and Other Properties Acquired (ROPA).

b. Supplementary information:

(1) Basic quantitative indicators of financial performance such as return on average equity, return on average assets and percentage of total trust fees to total assets under management (AUM), using the following formulas:

(i) Return on Average Equity (%) =

$$\frac{\text{Net Income (or Loss) after Income Tax x 100}}{\text{Average Total Capital Accounts}}$$

Where:

$$\text{Average Total Capital Accounts} = \frac{\text{Total Capital Accounts Current calendar/fiscal year-end balance + Previous calendar/fiscal year-end balance}}{2}$$

(ii) Return on Average Assets (%) =

$$\frac{\text{Net Income (or Loss) after Income Tax x 100}}{\text{Average Total Assets}}$$

Where:

$$\text{Average Total Assets} = \frac{\text{Total Assets Current calendar/fiscal year-end balance + Previous calendar/fiscal year-end balance}}{2}$$

(iii) Percentage of total trust fees to total AUM (%) =

$$\frac{\text{Total Trust Fees x 100}}{\text{Total AUM}}$$

(2) Total outstanding investment, loans and other credit accommodations to TC's DOSRI and related parties with name of DOSRI/related parties, and breakdown, if applicable, as to (i) security (secured, including type of security; and unsecured) and (ii)status (performing and non-performing);

(3) Large exposures as defined under Section 203-T;

(4) Nature and amount of contingencies and commitments arising from off-balance sheet items, if any; and

(5) Aggregate amount of secured liabilities and assets pledged as security.

For Items "2", "3", "4", and "5", indicate if there is none to report.

GUIDELINES ON THE IMPOSITION OF MONETARY PENALTIES ON TCs, AND/OR THEIR DIRECTORS, OFFICERS AND/OR EMPLOYEES FOR VIOLATIONS OF BANKING AND OTHER APPLICABLE LAWS WITH SANCTIONS FALLING UNDER SECTION 37 OF REPUBLIC ACT NO. 7653 (THE NEW CENTRAL BANK ACT), AS AMENDED

(Appendix to Sec. 004-T on Monetary Penalties on TCs, and/or their Directors, Officers, and/or Employees)

The following are the guidelines on the imposition of monetary penalties on TCs, and/or their directors, officers and/or employees.

I. *Definition of Terms*. For purposes of this Appendix, the following definitions shall apply:

a. *Transactional violation* refers to an act or omission constituting a violation of any applicable law or any order, instruction/directive or regulation issued by the Monetary Board, or any order, instruction/directive or ruling by the Governor which is consummated and concluded in a single instance/occasion.

For licensing-related violations, transactional violation refers to the failure to obtain approval prior to engaging in an activity which the institution is qualified to undertake at the onset, based on eligibility test and assessment of compliance with the prudential criteria set forth under existing Bangko Sentral rules and regulations.

b. *Continuing violation* refers to an act or omission constituting a violation of any applicable law or any order, instruction/directive or regulation issued by the Monetary Board, or any order, instruction/directive or ruling by the Governor in which the violation persists or lingers over time from the instant the particular act was committed or omitted until the violation is stopped.

For licensing-related violations, continuing violation refers to an act which the institution is not qualified to undertake at the onset based on eligibility test and assessment of compliance with the prudential criteria set forth under existing Bangko Sentral rules and regulations.

II. Imposition and Payment of Monetary Penalties.

a. In accordance with Section 37 of R.A. No. 7653, as amended, monetary penalties may be imposed against TCs and/or their directors, officers and/or employees for any willful violation of its charter or bylaws; willful delay in the submission of reports or publications thereof as required by law, rules and regulations; any refusal to permit examination into the affairs of the institution; any willful making of a false or misleading statement to the Monetary Board or the appropriate supervising and examining department or its examiners; any willful failure or refusal to comply with, or violation of, any banking law or any order, instruction or regulation issued by the Monetary Board, or any order, instruction or ruling by the Governor; or any commission of irregularities, and/or conducting business in an unsafe or unsound manner as may be determined by the Monetary Board.

In the absence of specific provision under other applicable laws or Bangko Sentral rules and regulations prescribing the imposable monetary penalty for the above-mentioned violations/offenses, TCs, and/or their directors, officers and/or employees may be imposed a maximum monetary penalty of ₱1 million for each transactional violation or ₱100 thousand per calendar day for violations of a continuing nature as provided under Section 37 of R.A. No. 7653, as amended. Further, in case profit is gained or loss is avoided as a result of the violation, the Bangko Sentral may impose a fine of no more than three (3) times the profit gained or loss avoided on top of the aforementioned monetary penalty.

The Bangko Sentral considers the attendant circumstances of the case, including aggravating and mitigating factors, in the guided exercise of supervisory discretion to reach a reasonable and proportionate monetary penalty that best achieve the Bangko Sentral's supervisory objectives. These factors include the: (1) nature, gravity and seriousness of the violation or irregularity; (2) financial and/or non-financial impact of the violation or irregularity to the TC, its industry and/or the financial system; (3) intentionality, frequency and duration of the violation or irregularity; and (4) measures undertaken to stop or correct the violation or irregularity.

The appropriate department of the Bangko Sentral shall notify the TC, and/or director, officer and/or employee concerned of the violation, together with a directive for the TC, and/or director, officer and/or employee concerned to show cause within fifteen (15) business days from receipt of the letter why no monetary penalty under Section 37 of R.A. No. 7653, as amended, should be imposed. The recommendation to impose monetary penalties shall be approved by the Governor or the Monetary Board, as the case may be, pursuant to Section 37 of R.A. No. 7653, as amended: *Provided*, That monetary penalties against directors, officers and/or employees shall be approved only by the Monetary Board. The decision of the Governor/Monetary Board shall be communicated to the TC, and/or director, officer and/or employee concerned.

However, the Bangko Sentral is not precluded from imposing non-monetary sanctions along with monetary penalties if circumstances so warrant.

b. *Basis for the computation of the period or duration of penalty.* The computation of the period or duration of all penalties shall be based on calendar days. For this purpose the terms "per banking day", "per business day", "per day" and/or "a day" as used in this Manual, and other Bangko Sentral rules and regulations shall mean "per calendar day" and/or "calendar day" as the case may be.

c. *Payment of Monetary Penalties.* TCs, and/or their directors, officers and/or employees shall pay the monetary penalties within fifteen (15) calendar days from receipt of the notice of the decision of the Governor imposing said monetary penalties, and payment thereof shall not be suspended by the filing of an appeal to the Monetary Board.

Monetary penalties imposed by original decisions of the Monetary Board shall be paid within fifteen (15) calendar days from the last day to file a motion for reconsideration where none has been filed or within fifteen (15) calendar days from receipt of the notice of the decision of the Monetary Board affirming the decision on motion for reconsideration, as the case may be.

For uniform implementation of the above regulations, the following procedural guidelines shall be observed:

(1) Upon approval of the fines/penalties by the Governor/Monetary Board, the Department/Office concerned shall send the Statement of Account (SOA)/billing letter to the TC with an advice that the penalty should be paid in full within fifteen (15) calendar days from receipt of SOA/billing letter. For TCs which maintain a DDA with the Bangko Sentral, the amount of the penalty/ies that remain unpaid shall be automatically debited from their DDA after the lapse of the fifteen (15)-calendar day period within which to pay the monetary penalties. The TC shall likewise be advised that penalty or portion thereof which remained unpaid after the lapse of said fifteen (15)-day period shall be subject to additional charge of six percent (6%) per annum reckoned from the business day immediately following the end of the fifteen (15)-day period up to the day of actual payment.

(2) On the business day immediately following the end of said fifteen (15)-day period, unpaid penalties shall be automatically debited, without additional charge, against the TC's DDA with the Bangko Sentral by the Comptrollership Sub-sector (CoSS) based on the amount booked by the Department/Office concerned after first confirming with the CoSS the sufficiency of the TC's DDA balance to cover the amount of the penalty.

(3) If, based on its confirmation with the CoSS, the Department/Office concerned received information that the TC's DDA balance is insufficient to cover the amount of the penalty, it shall accordingly advise and request the TC to immediately fund its DDA.

(4) As soon as it is funded, the TC's DDA shall be debited by the CoSS for the amount of the penalty, plus the six percent (6%) additional charge for late payment of the penalty reckoned from the business day immediately following the end of the fifteen (15)-day period up to the day of actual payment, based on the amount booked by the Department/Office concerned.

(5) In the absence of DDA with the Bangko Sentral, penalties shall be paid through any acceptable means of payment and in accordance with the provisions of Sec. 402-T.

(6) In the case of penalty/ies imposed on TC directors, officers, and/or employees, the employer TC and said directors, officers, and/or employees shall be advised by the appropriate supervising department of the Bangko Sentral that the employer TC's DDA with the Bangko Sentral shall be debited for the amount of the penalty as advance payment on behalf of the director, officer, and/or employee whose penalty/ies remain unpaid after the lapse of fifteen (15) calendar days within which to pay the monetary penalty. In case the director, officer, and/or employee is no longer connected with the TC, payment thereof shall be for the account of the director, officer, and/or employee who shall pay directly to the Bangko Sentral through any such acceptable means of payment in accordance with the provisions of Sec. 402-T. The procedures under Items *"2", "3"* and *"4"* hereof shall likewise apply.

III. *Appeal or Motion for Reconsideration.*

The imposition of monetary penalties by the Governor shall be final and executory until reversed, modified or lifted by the Monetary Board on appeal. The appeal shall be filed within fifteen (15) calendar days from receipt of the notice of the decision, copy furnished the appropriate department of the Bangko Sentral. No motion for reconsideration of the decision of the Governor or of the Monetary Board on appeal shall be allowed.

Original decisions of the Monetary Board imposing monetary penalties shall become final and executory after fifteen (15) calendar days from receipt of the Monetary Board decision, unless a motion for reconsideration is timely filed, copy furnished the appropriate department of the Bangko Sentral.

The appeal or the motion for reconsideration shall be in writing and shall specify the findings or conclusions in the decision which are not supported by the evidence or which are contrary to law, making express reference to the evidence or to the provisions of law alleged to be contrary to such findings or conclusions.

A *pro forma* appeal or motion for reconsideration shall be denied outright and shall not prevent the decision from attaining finality.

POWERS OF THE BANGKO SENTRAL

001 – CC MONETARY PENALTIES ON BSFIs, AND/OR THEIR DIRECTORS, OFFICERS AND/OR EMPLOYEES

The Bangko Sentral recognized the need to impose monetary penalties as one of the possible administrative sanctions to hold BSFIs, and/or their directors, officers and/or employees accountable for their conduct, deter future commission of violations, and achieve the overarching supervisory objectives of changes behavior and mitigated risks.

Pursuant to Section 37 of R.A. No. 7653, as amended, BSFIs and/or their directors, officers and/or employees may be imposed a maximum monetary penalty of P1 million for each transactional violation or P100 thousand per calendar day for violations of a continuing nature. In case profit is gained or loss is avoided as a result of the violation, the Bangko Sentral may also impose a fine of no more than three (3) times the profit gained or loss avoided.

To ensure fairness, consistency and reasonableness in the imposition of monetary penalties, the Bangko Sentral takes into consideration the attendant circumstances of each case, such as the nature and gravity of the violation or irregularity and the size of the financial institution, including other aggravating and mitigating factors. Further, in accordance with Sec. 002-Q, the Bangko Sentral may impose monetary penalties, singly or in combination with non-monetary sanctions, if appropriate.

The guidelines on the imposition of monetary penalties for violations in which sanctions fall under Section 37 of R.A. No. 7653 (The New Central Bank Act), as amended, and other applicable laws are in *Appendix CC-6*

(Circular No. 1125 dated 20 August 2021)

PART ONE

ORGANIZATION, MANAGEMENT, AND ADMINISTRATION

101-CC CREDIT CARD OPERATIONS; GENERAL POLICY

Policy Statement. The Bangko Sentral shall foster the development of consumer credit through innovative products such as credit cards under conditions of fair and sound consumer credit practices. The Bangko Sentral likewise encourages competition and transparency to ensure more efficient delivery of services and fair dealings with customers.

The following rules and regulations shall govern the establishment and operations of all non-bank credit card issuers, acquirers and all credit card transactions.

Definition of terms.

a. *Credit card* refers to any card or other credit device, including its virtual representation, intended for the purpose of obtaining money, property, goods or services on credit.

b. *Minimum amount due or minimum payment required* refers to the minimum amount that the credit cardholder is required to pay on or before the payment due date for a particular billing period/cycle which may include:

(1) outstanding balance multiplied by the required payment percentage or a fixed amount, whichever is higher;
(2) any amount which is part of any fixed monthly installment that is charged to the card;
(3) any amount in excess of the credit line; and
(4) all past due amounts, if any.

c. *Default or delinquency* refers to non-payment of, or payment of an amount less than, the *"Minimum Amount Due"* or *"Minimum Payment Required",* or words of similar import, for at least three (3) billing cycles, in which case, the *"Total Amount Due"* or *"Outstanding Balance"* for the particular billing period as reflected in the monthly statement of account may be considered in default or delinquent.

d. *Acceleration clause* refers to any provision in the contract between the credit card issuer and the cardholder that gives the credit card issuer the right to demand the full settlement of the obligation in case of default or non-payment of any amount due, or for any valid reason.

e. *Subsidiary* refers to a corporation or firm more than fifty percent (50%) of the outstanding voting stock of which is directly or indirectly owned, controlled or held with power to vote by its parent corporation.

f. *Affiliate* refers to an entity linked directly or indirectly to a credit card issuer by means of:

(1) Ownership, control as defined under Item "*c*" of Sec. 131-Q *(Definition of terms)*, or power to vote of at least twenty percent (20%) of the outstanding voting stock of the entity, or vice-versa;

(2) Interlocking directorship or officership, where the concerned director or officer owns, controls, as defined under Item "*c*" of Sec. 131-Q *(Definition of terms)* or has the power to vote at least twenty percent (20%) of the outstanding voting stock of the entity;

(3) Common ownership whereby the common stockholders own at least ten percent (10%) of the outstanding voting stock of the credit card issuer and at least twenty percent (20%) of the outstanding voting stock of the other entity;

(4) Management contract or any arrangement granting power to the credit card issuer to direct or cause the direction of management and policies of the other entity; or

(5) Permanent proxy or voting trusts in favor of the credit card issuer constituting at least twenty percent (20%) of the outstanding voting stock of the entity, or vice versa.

g. *Simple annual rate* refers to the uniform percentage which represents the ratio between the finance charge and the amount to be financed under the assumption that the loan is payable in one (1) year with single payment upon maturity and there are no upfront deductions to principal.

For loans with terms different from the above assumptions, the effective annual interest rate shall be calculated and disclosed to the borrower as the relevant true cost of the loan comparable to the concept of simple annual rate.

For loans with contractual interest rates stated on monthly basis, the effective interest rate may be expressed as a monthly rate.

In accordance with the Philippine Accounting Standards (PAS) definition, *effective interest rate* is the rate that exactly discounts estimated future cash flows through the life of the loan to the net amount of loan proceeds. For consistency, methodology and standards for discounted cash flow models shall be prescribed to be used for the purpose.

h. *Credit card acquirer* refers to the institution that accepts and facilitates processing of the credit card transaction which is initially accepted by the merchant.

i. *Credit cardholder* refers to a person who owns and benefits from the use of a credit card.

j. *Credit card business activity report* refers to a report which contains the quantitative data on the credit card industry.

k. *Credit card issuer* refers to a corporation that offers the use of its credit card.

l. *Pre-approved credit cards* refer to unsolicited credit cards issued by credit card issuers to consumers who have not applied for such credit cards. Acts described under *Appendix CC-2* and other similar acts are deemed tantamount to the act of issuing pre-approved credit cards, notwithstanding any contrary stipulations in the contract.

m. *Application* refers to a request, documented in physical or electronic form with clear and explicit intention and consent of the applicant to avail of a credit card from a credit card issuer.

n. *Balance transfer* refers to the transfer of the balance in a credit card account with one (1) credit card issuer to another account under a different credit card issuer subject to terms mutually agreed upon by the parties concerned.

o. *Billing cycle/billing period* refers to the period of time between two (2) successive cut-off dates documented in a billing statement and defined under the terms and conditions of the credit card contract/agreement. A billing cycle/billing period shall comprise at least fifteen (15) calendar days.

p. *Card association or payment network or credit card network provider* refers to any company that provides credit card network such as, but not limited to American Express, VISA International, MasterCard International, JCB International, Diners Club and China Union Pay.

q. *Cash advances* refer to cash obtained by the cardholder from his/her credit card account, availed in any manner as stipulated in the credit card contract/agreement.

r. *Credit card limit* refers to the maximum total amount for purchases, cash advances, balance transfers, and finance charges, service fees, penalties, and other charges which can be charged to the credit card. It represents the total loan or credit that a credit card issuer can extend to a cardholder.

s. *Finance charges* refer to the interest charged to the cardholder on all credit card transactions in accordance with the terms and conditions specified in the agreement or contract on the use of the credit card.

t. *Installment purchases* refer to transactions wherein payment is amortized in parts over a fixed period.

u. *Industry association* refers to an association composed of companies engaged in the business of banking, finance, credit and/or payments.

v. *Membership fee* refers to the amount a credit card issuer charges the credit cardholder for the right to use its credit card and acquire access to other membership benefits. This may also be referred to as annual membership fee, annual fee, joining fee or application fee.

w. *Outstanding balance or total amount due* refers to the amount to be repaid as of statement cut-off date.

x. *Statement cut-off date* refers to the end date of a billing cycle, as determined by the credit card issuer, when account activities (such as purchases, payments, charges) during the billing cycle are summarized.

y. *Statement of account or billing statement* refers to the regular statement listing of the purchases, payments and other debits and credits made to the credit card account within the billing cycle.

z. *Supplementary card or extension card* refers to a credit card issued to another person whose credit limit is consolidated with the primary cardholder.

Authority to operate

a. A corporation, a non-bank subsidiary/affiliate of a bank or quasi-bank of good standing, or a finance/lending company duly registered with the Securities and Exchange Commission (SEC), and with the primary or secondary purpose to engage in the credit card business may engage in credit card operations only upon prior authority from the Monetary Board;

When the owner or parent organization of the applicant entity is a foreign-regulated financial institution or corporation, the prior consent of the foreign regulator/supervisor of the parent organization shall be obtained by the applicant entity.

b. A quasi-bank which intends to engage in credit card business, may operate as a credit card issuer subject to the requirements provided under Sec. 312 of the Manual of Regulations for Banks (MORB).

Additional requirements for non-bank entities applying as credit card issuers.

a. Minimal Capital Requirements.

Entities in Item *"a"* under this Section *(Authority to operate)* applying to become credit card issuers must be stock corporations with a minimum paid-up capital P100 million.

b. Application for Certificate of Authority to Engage in Credit Card Issuance.

Entities in Item "a" under this Section *(Authority to operate)*, represented by the incorporation/directors or the president or officer of equivalent rank, shall submit an application for a certificate of authority to engage in credit card issuance, together with documentary requirements and fees, to the appropriate supervising department of the Bangko Sentral. Application requirements are provided in *Appendix* CC-1.

Minimum requirements for the governance and risk management system of all credit card issuers. All credit card issuers must have adequate financial strength and fit and proper board and management. Unless otherwise provided specifically, applicable regulations on the Qualifications, Powers, Responsibilities and Duties of the Board of Directors/Officers, shall apply to directors and officers of all credit card issuers.

To effectively deliver services, credit card issuers must demonstrate technical and risk management capability to operate a credit card business. Credit card issuers shall establish a risk governance framework that includes policies, supported by appropriate processes and control procedures, designed to ensure that the risk arising from credit card operations are identified, aggregated, monitored and mitigated. The risk governance framework of credit card issuers shall be guided by Sec. 142-Q, as applicable.

At the minimum, the risk management and control systems on credit card operations shall cover:

a. Policies, procedures and management information systems for credit card operations. These shall include limits and thresholds on exposures considering the credit card issuer's approved credit risk appetite;

b. Organizational set up and the corresponding roles and responsibilities of personnel in the unit handling the credit card business;

c. Approach to identifying, assessing, aggregating, monitoring, and reporting risks arising from credit card operations using appropriate risk management tools. This shall likewise include risk mitigation strategies and tools for maintaining risks within thresholds and limits set;

d. Internal audit and other independent review of credit card operations; and

e. Policies and procedures including outsourcing arrangements necessary to ensure safe and sound operations in accordance with Bangko Sentral regulations on outsourcing under Sec. 111-Q and Sec. 102-N.

Written policies, procedures and internal control guidelines shall be established on the following aspects of credit card operations:

a. Requirements for application;
b. Solicitation and application processing;
c. Determination and approval of credit limits;
d. Issuance, distribution and activation of cards;
e. Supplementary or extension cards;
f. Cash advances;
g. Billing and payments;
h. Deferred payment program or special installment plans;

i. Collection of past due accounts;
j. Handling of accounts for write-off;
k. Suspension, cancellation and withdrawal or termination of card;
l. Renewal of cards, upgrade or downgrade of credit limit;
m. Lost or stolen cards and their replacement;
n. Accounts of DOSRI and employees;
o. Disposition of errors and/or questions about the billing statement, statement of account and other customers' complaints; and
p. Dealings with marketing agents/collection agents.

Minimum requirements for the issuance of credit cards Credit card issuers shall not issue pre-approved credit cards as provided under *Appendix CC-2* notwithstanding any contrary stipulations in the credit card contract/agreement with the cardholder.

Before issuing credit cards, credit card issuers shall conduct know-your-client (KYC) and customer identification procedures, consistent with applicable regulations; and exercise proper diligence in ascertaining that applicants possess good credit standing and are financially capable of fulfilling their credit commitments.

All credit card applications shall undergo a strict credit underwriting process, and information stated thereon shall be verified and validated by authorized personnel of credit card issuers, other than those handling marketing.

Information to be disclosed. Credit card issuers shall disclose to each of their existing and potential credit cardholders the following information:

a. the finance charges for unpaid amounts after payment due date to be paid by the cardholder;

b. other charges or fees, individually itemized, such as membership/renewal fees, processing fees, over-the-limit fees, collection fees, credit investigation fees and attorney's fees to be paid by the cardholder in connection with the transaction and incidental to the extension of credit;

c. the percentage that the interest/finance charge bears to the total amount to be financed expressed as a simple monthly or annual rate, or a monthly or annual effective interest rate, on the outstanding balance of the obligation, as described in Item *"g"* under this Section *(Late payment fees/penalty for late payment)*;

d. for installment loans, the number of installments, amount and due dates or payment schedules to repay the indebtedness;

e. the late payment fee/penalty for late payment or similar delinquency-related charges payable in the event of late payments, which shall be computed in accordance under this Section *(Late payment fees/penalty for late payment)*;

f. when one (1) or more periodic rates is used to compute interest: each such rate, the balances to which it is applicable, and the corresponding simple annual rate;

g. in cases when transactions are made in foreign currencies, or for dual currency accounts, or when payments are made in any currency other than the billing currency: the manner of conversion from transaction currency to billing currency, or a general description of the conversion rates;

h. a reminder to the cardholder in the billing statement, or its equivalent document, that payment of only the minimum amount due or any amount less than the total amount due for the billing cycle/billing period would mean the imposition of interest and/or other charges. A written statement in the following form must be printed in the billing statement:

> "Important Reminder: Paying less than the total amount due will increase the amount of interest and other charges you pay and the time it takes to repay your balance."

Credit card issuers may provide additional reminders to the cardholder, including but not limited to late payment fees that may be imposed on past due or delinquent accounts;

i. to the extent practicable, a detailed explanation and a clear illustration of the manner by which all interest, charges and fees are computed.

The credit card issuer shall notify the cardholder at least ninety (90) calendar days prior to any change in the manner of computation of the outstanding balance and the amount of fees to be imposed on the cardholder[1]. If

[1] Pursuant to MB Res No. 1185 dated 17 September 2020, credit card issuers need not notify their cardholders of the change in interest or finance charges imposed on all credit card transactions and the change in processing fees for credit card cash advances. The said waiver of notice requirement shall only apply to the change in interest or finance charges and the change in processing fees brought about by the imposition of the cap on interest or finance charge on all credit card transactions and the imposition of the maximum amount of processing fee on credit card cash advances which will take effect on 03 November 2020 in accordance with the said MB Resolution.

the cardholder finds the change to be unacceptable, he/she shall have the right to terminate his/her account with the credit card issuer, subject to under this Section *(Suspension, termination of effectivity and reactivation of credit cards; and termination of accounts)*;

j. a table of all applicable fees, penalties, interest rates, conversion reference rates for third currency transactions, and the reason for their imposition, on credit card application forms, billing statements, and in the terms and conditions of the credit card agreement; and

k. any other information that may be required by the Bangko Sentral.

The credit card issuer shall endeavour to convey the above information in a manner that is understandable to the credit cardholder: *Provided*, That the items enumerated above may be included in a billing statement on a quarterly basis at the minimum, in tabular format.

The table of fees, penalties, interest rates and reminder shall be printed in plain language, in bold black letters against a light or white background using the minimum Arial 12 theme font and size, or its equivalent in readability, and on the first page, if applicable document has more than one (1) page.

The credit card issuer shall ensure that all the above information, conveyed through written or electronic forms of communication, is easy to read for the average person. All marketing and advertising materials shall also disclose information that are consistent with the aforementioned provisions.

The credit card issuer shall put in place policies and procedures to ensure timely and effective delivery, either through physical or electronic means, of statement of accounts or billing statements, and other important information related to the credit card account of the cardholder.

Dissemination of Relevant Information. Banks operating as credit card issuer shall ensure that all persons to whom credit is extended are well informed of the salient provisions of Republic Act No. 3765, otherwise known as the "Truth in Lending Act" as contained in the revised format of disclosure statement in *Appendix 16* of the MORB through any acceptable medium of communication such as, but not limited to, posters, brochures, pamphlets, leaflets, educational videos, corporate websites, infographics and social media platforms. Said information much be conspicuously displayed and made available at all times, in physical or electric format, to all persons to whom credit is extended by banks operating as credit card issuers subject to the consumer protection standards and social media risk management guidelines. Such medium of communication shall include an explicit notification that the disclosure statement in writing is a required attachment to the credit transaction contract which banks operating as credit card issuer shall provide all persons to whom credit is extended with a copy of said disclosure statement prior to the consummation if the credit transaction.

Accrual of interest earned on loans. Accrual of interest earned on loans shall be subject to the provisions of Secs. 304-Q or 301-N (*Accrual of interest earned on loans*), as may be applicable.

Imposition of interest or finance changes. Credit card shall impose an interest or financial charge on all credit card transactions not to exceed an annual interest rate of twenty-four (24%) percent, except credit card installment loans which shall be subject to monthly add-on rate not exceeding one (1%) percent: *Provided,* That in the case of credit card cash advances, aside from the foregoing applicable maximum interest rate caps, no other charge or fee shall be imposed or collected apart from the processing fee in the maximum amount of Php 200.00 per transaction. Such maximum process fee and interest rates or finance charges shall be subject to review by the Bangko Sentral every six (6) months.

Credit card issuers shall only charge interest or finance charges arising from the non-payment in full or on time of the outstanding balance based on the unpaid amount of the outstanding balance as of statement cut-off date, but excluding:

a. the current billing cycle's purchase transactions reckoned from the previous cycle's statement cut-off date; and
b. deferred payments under zero-interest installment arrangements which are not yet due.

interest or finance charges shall be imposed on the unpaid outstanding balance as of cut-off date each time a cardholder pays less than, or does not pay on time, the outstanding balance stated in his/her statement of account. Such interest or finance charge shall continue to be imposed until the outstanding balance and applicable interest are fully paid.

For credit card cash advances, a cardholder may be charged cash advance fees and finance charge on the date that the cash is obtained, subject to terms and conditions under the credit card agreement or contract.

For a loan where the principal is payable in installments, interest per installment period shall be calculated based on the outstanding balance of the loan at the beginning of each installment period.

on all credit card transactions and the imposition of the maximum amount of processing fee on credit card cash advances which will take effect on 03 November 2020 in accordance with the said MB Resolution.

All credit card-related documents shall show repayment schedules in a manner consistent with this provision. Marketing and advertising materials shall likewise be consistent with this provision.

Payment due date. Payment due date, or the date on which payment of the minimum amount due must be made to the credit card issuer shall be specified in the statement of account or billing statement: *Provided,* That:

a. Payment due date shall be the same whatever the mode of payment: *Provided, further*, That payment through any authorized mode, or made to any accredited payment center of the credit card issuer shall be considered as payment to the credit card issuer made on the same date. Accordingly, Service Level Agreements between credit card issuers and their accredited payment centers shall be amended to operationalize this requirement.

b. Notwithstanding any provision in the credit card contract/agreement, if the payment due date falls on a weekend and regular national holidays, the payment due date shall be automatically moved to the next business day and payment thereon shall not be treated as late payment.

Deferral charges. The credit card issuer and the cardholder may, prior to the consummation of the transaction, agree in written or electronic form, to a deferral of all or part of one (1) or more unpaid installments; and the credit card issuer may collect a deferral charge which shall not exceed the rate previously disclosed pursuant to the provisions under this Section *(Information to be disclosed)*.

Late payment fees/penalty for late payment No late payment fees or penalty for late payment shall be collected from cardholders unless the collection thereof is fully disclosed in the contract/agreement between the credit card issuer and the cardholder: *Provided,* That such fees shall be based on the unpaid minimum amount due or a prescribed minimum fixed amount, whichever is lower: *Provided, further*, That said fees may be based on the total outstanding balance of the credit card obligation, including amounts payable under installment terms or deferred payment schemes, if the contract/agreement between the credit card issuer and the cardholder contains an "*acceleration clause*" as defined in Item "*d*" of Sec. 101-CC *(Definition of terms)*, and the total outstanding balance of the credit card is classified and reported as past due.

Confidentiality of information. Credit card issuers, their directors, officers, employees and agents shall keep strictly confidential the data on the cardholder, except under any of the following circumstances:

a. when disclosure of information is with the consent of the cardholder, which shall be stipulated in the application forms, the credit card contract/agreement, or any manner allowed by applicable laws, rules and regulations;

b. upon orders of a court of competent jurisdiction or any government office or agency authorized by law, or under such conditions as may be prescribed by the Bangko Sentral Monetary Board;

c. when the cardholder information is released, submitted or exchanged with credit information bureaus, industry associations or card associations or payment networks;

d. when disclosure to third party service providers is necessary for the sole purpose of assisting or rendering services to the credit card issuer in enforcing its rights against the cardholder;

e. when disclosure to third parties such as insurance companies is necessary for the sole purpose of insuring the credit card issuer from cardholder default or other credit loss, and the cardholder from fraud or unauthorized charges; and

f. when disclosure to third parties is for the purpose of investigating fraud or unauthorized activities or mitigating risk involving card issuance, use and acquiring.

The recipients of information described in Items "*a*" to "*f*" above shall likewise be bound to preserve the confidentiality of cardholder data.

The disclosure of cardholder information by credit card issuers to third parties shall be subject to applicable laws, rules and regulations on data privacy.

Suspension, termination of effectivity and reactivation of credit cards; and termination of accounts. Credit card issuers shall formulate criteria or parameters for suspension, revocation and reactivation of the right to use the card, and shall include in their contract/agreement with cardholders a provision authorizing the credit card issuer to suspend or terminate the credit card effectivity, if circumstances warrant.

A cardholder may cancel or terminate his/her credit card account with any credit card issuer anytime: Provided, That the cardholder either pays in full, or enters into another agreement for payment of the outstanding balace and new purchases, debits and deferred installments. Payment may be made either through a one-time payment or on installments within a fixed period of time: Provided, further, That repayment in installments shall only be generally subject to interest, unless there is a violation of the above-mentioned new agreement.

A credit card issuer may initiate suspension, cancellation or revocation of a credit card account for any valid reason, as indicated in the terms and conditions of the credit card agreement: Provided, That the cardholder is notified within seven (7) business days from the date of suspension/cancellation/revocation. The credit cardholder shall have the right to appeal the suspension/cancellation/revocation subject to mutual agreement with the credit card issuer.

Inspection of records covering credit card transaction; determination of credit card limit; and over-the-limit transactions. Credit card issuers shall make available for inspection or examination by the appropriate supervising department of the Bangko Sentral the complete and accurate files on card applicant/cardholder to support the consideration for approval of the application and determination of the credit limit, which shall be in accordance with the verified debt repayment ability and/or net worth of the card applicant/cardholder.

Credit card issuers shall determine, based on the credit standing, credit history and financial capacity of the cardholder, the credit limit to be extended to the cardholder. Credit card issuers may thereafter implement changes in the credit limit applicable on the account based on their policies: *Provided,* That the cardholder is notified of such changes: *Provided, further,* That any credit limit increase may be declined by the cardholder: *Provided, finally,* That the cardholder has the option to request for a credit limit adjustment upon submission of updated information, but subject to the approval of the credit card issuer.

If a cardholder breaches the credit limit by a new transaction, the transaction may be processed, subject to the discretion of the credit card issuer as guided by its policies: *Provided*, That fees on over-the-limit transactions, if any, are clearly and prominently disclosed in the table of fees and charges, pursuant to under this Section *(Information to be disclosed)*.

Offsets. A credit card issuer shall inform the cardholder, through the agreement, contract or any equivalent document governing the use of the credit card that, pursuant to the provisions of Articles 1278 to 1290 of the New Civil Code of the Philippines, as amended, the credit card issuer may offset any amount due and payable on the credit card against the cardholder's deposits with the credit card issuer, if any.

Handling of complaints, inquiries or requests. Credit card issuers shall establish a Consumer Assistance Unit within its organization, which shall be responsible for providing prompt action for the expeditious resolution of credit card related complaints, inquiries and requests.

a. *Billing Statement*. Credit card issuers shall give cardholders up to thirty (30) calendar days from statement date to report any error or discrepancy in their statement of account or billing statement. The manner of reporting or notice of any billing error or discrepancy to the credit card issuer may be through written, verbal or any documented means.

   The credit card issuer shall take action within ten (10) business days from receipt of such notice together with relevant documents or records in physical or electronic form from the cardholder.

   Within ninety (90) days after receipt of the notice, credit card issuers shall conduct a thorough investigation; shall make appropriate corrections in their records; and send a written explanation or clarification to the cardholder prior to taking any action to collect the contested amount, subject to the result of the investigation.

   Nothing in this Section shall be construed to prohibit any action by the credit card issuer to collect any amount which has not been indicated by the cardholder to contain a billing error.

b. Lost *or Stolen Cards*. In case a credit card is lost or stolen, any transaction made prior to reporting by the cardholder of the loss or theft of his/her card to the credit card issuer shall be for the account of the cardholder: *Provided*, That this is without prejudice to the right of the cardholder to dispute the transaction, which, if found to be an unauthorized or fraudulent transaction, shall be corrected or reversed by the credit card issuer, including any finance charges and other fees related thereto, in accordance with the procedures set forth in the aforementioned regulations.

Appropriate manner of collection and use of third party collection agents. Credit card issuers may resort to all reasonable and legally permissible means to collect amounts due them under the credit card agreement: *Provided*, That in the exercise of their rights and performance of duties, they must observe good faith, reasonable conduct and proper decorum, and refrain from engaging in unscrupulous acts.

Credit card issuers may engage qualified third party service providers/collection agents for the purpose of assisting or rendering services in the administration of the credit card business, including recovery of unpaid obligations and enforcement of rights against the cardholder: *Provided,* That the engagement is in accordance with regulations on outsourcing under Sec. 111-Q and Sec. 102-N, as applicable: *Provided, further,* That the outsourcing arrangement shall be covered by a Service Level Agreement covering the responsibilities and accountabilities of each party.

Notwithstanding any contractual agreement between a credit card issuer and service provider/collection agent, the credit card issuer shall be responsible to its customers for maintaining customer service standards, without prejudice to further recourse, if any, by the credit card issuer to the service provider/collection agent.

A credit card issuer or its service provider/collection agent may communicate with a credit cardholder in connection with the collection of any debt through acceptable and reasonable modes. They shall not harass, abuse or oppress any cardholder or any person, or engage in any unfair practices in the collection of credit card debt.

The following activities are considered as guidelines and are not irrebutably presumed to be unfair collection practices. Conversely, not all practices which might under the circumstances be termed unfair are mentioned here. The Monetary Board may now and then consider any other acts/omissions as unfair collection practices:

a. the use or threat of violence or other criminal means to harm a person, or his/her reputation or property;

b. the use of obscenities, insults, or profane language which amount to a criminal act or offense under applicable laws;

c. disclosure of the names of credit cardholders who allegedly refuse to pay debts, except as allowed under this Section *(Confidentiality of information)*;

d. threat to take any action that cannot legally be taken;

e. communicating or threatening to communicate to any person or entity, credit information which is known to be false, including failure to communicate that a debt is being disputed;

f. any false representation or deceptive means to collect or attempt to collect any debt, or to obtain information concerning a cardholder; and

g. making contact at unreasonable/inconvenient hours defined as contact before 6:00 A.M. or after 10:00 P.M., unless the cardholder has given express permission, or said times are the only reasonable or convenient opportunities for contact.

Credit card issuers shall inform their cardholder in writing of the endorsement of the collection of his/her account to a collection agency/agent, or the endorsement of the account from one (1) collection agency/agent to another, at least seven (7) business days prior to the actual endorsement. The notification shall include the full name of the collection agency and its contact details. The requirement to notify in writing shall be included in the terms and conditions of the credit card agreement: *Provided,* That the credit card issuer shall refer the collection of an account to only one collection agency/agent at any one time.

Credit card issuers shall adopt policies and procedures to ensure that personnel handling the collection of accounts, whether these are in-house collectors, or third-party collection agents, shall disclose his/her full name/true identity to the cardholder.

Application of card payment. Upon receipt of a payment from a cardholder whose account carries different interest rates for different types of purchases (i.e., cash advances, regular purchases, balance transfers), the credit card issuer shall apply amounts in excess of the minimum payment amount first to the fees and charges, and then to the billed balance bearing the highest rate of interest, followed by the billed balance bearing the next higher rate of interest, until the payment is exhausted: *Provided,* That the original rates for promotional offers shall be the basis for determining hierarchy of payment.

Service level agreement among industry players. There shall be, in the Service Level Agreement between acquirers and their partner merchants, a provision requiring merchants to perform due diligence to establish the identity of the cardholders, in accordance with applicable laws, rules and regulations.

Nothing in these regulations shall preclude card issuers from verifying or seeking confirmation with the cardholder any purchase, if in their assessment there is reasonable concern as to the validity of the purchase

Sanctions and penal provisions. Violations of the provisions of this Regulation shall be subject to any or all of the following sanctions depending upon their severity:

a. Consistent with Sec. 002-Q, the Bangko Sentral may deploy enforcement actions to promote adherence with the requirements set forth in this Part and bring about timely corrective actions.

b. Imposition of penalties and sanctions provided under Section 37 of R.A. No. 7653.

The provisions of Section 37 shall be made applicable to any credit card issuer, acquirer, and/or their directors, officers and/or employees including, but not limited to, the administrative sanctions that may be imposed, without prejudice to the criminal sanctions against the culpable persons provided in R.A. No. 10870, for any willful violation of such law, or any related rules, regulations, orders or instructions issued by the Monetary Board: *Provided,* That in addition to the administrative sanctions that may be imposed, the authority of the credit card issuer to issue credit cards may be suspended or cancelled by the Bangko Sentral.

c. Appropriate monetary penalties, sanctions and other enforcement action/s shall be imposed for the following violation/s:

Nature of Violation/Exception	Possible Sanctions/Penalties
i. Operating without prior Bangko Sentral registration/license/authority	• Applicable penalty prescribed under Section 37 of R.A. No. 7653, as implemented under Sec. 1102-Q (*Other Payments of NBFIs*) and *Appendix CC-6 [Guidelines on the Imposition of Monetary Penalties on Credit Card Issuers, and/or their Directors, Officers and/or Employees for Violations falling under Section 37 of R.A. No. 7653 (The New Central Bank Act), as amended, and Other Applicable Laws]* • Applicable enforcement actions under Sec. 002-Q and Sec. 101-Q (*Transactions not considered quasi-banking*) and Sec. 101-N (*Enforcement actions*)
ii. Violation of any provisions/ requirements of this Part	• Penalties and sanctions and enforcement actions under applicable laws, such as Section 27 of R.A. No. 10870, rules and regulations, such as, but not limited to Sec. 002-Q, Sec. 1102-Q *(Other Payments of NBFIs), Appendix CC-6 [Guidelines on the Imposition of Monetary Penalties on Credit Card Issuers, and/or their Directors, Officers and/or Employees for Violations falling under Section 37 of R.A. No. 7653 (The New Central Bank Act), as amended, and other Applicable Laws],* Sec. 101-Q (*Transaction not considered quasi-banking*) and Sec. 101-N (*Enforcement actions*)
iii. Erroneous/delayed/unsubmitted reports	• Applicable penalties under Secs. 172-Q and 143-N (*Reports*)

Submission of credit card business activity report. For purposes of transparency and availability of data on credit card operations and in light of ensuring consumer protection, as well as managing risks involved in credit transactions, credit card issuers shall submit a monthly quantitative report to the Bangko Sentral covering the following data on credit card issuers/acquirers, cardholders, credit card complaints and usage location:

Credit Card Issuance	**Unit of Expression**
I. Cards-in-force per network/brand	Number
II. Cards-in-force per card type	Number
III. Approved credit card applications	Number
IV. Cards issued by status	Number
V. Cards issued per credit limit	Peso amount
VI. Billings per mode of transactions	Peso amount
VII. Billings per network/ brand	Peso amount
VIII. Billed fees/charges	Peso amount
IX. Gross payment	Peso amount
X. Receivables	Peso amount
XI. Rates/charges per cardholder percentage	Peso amount
IX. Gross payment Peso	Peso amount
X. Receivables	Peso amount
XI. Rates/charges per cardholder	Peso amount/percentage

Cardholder Profile	**Unit of Expression**
I. Cardholder information (age, occupation, gender, civil status, educational attainment, geographic location)	Number
II. Cardholder by type of payment	Number

Complaints	**Unit of Expression**
I. Cardholder issues	Number
II. Complaint/request resolution	Number
III. External service provider	Number

Usage Location	**Unit of Expression**
I. Incoming	Peso Amount
II. Outgoing	Peso Amount

Changes to the existing report format required under this Section *(Submission of credit card business activity report)* shall be covered by a separate guideline.

Voluntary cessation of credit card business. A credit card issuer may undertake voluntary cessation of its credit card business only upon prior approval of the Monetary Board: *Provided,* That requests for approval of a voluntary cessation of business shall be accompanied by a plan of cessation of operations duly approved by the credit card issuer's Board of Directors. Such request for approval of voluntary cessation shall be submitted to the Monetary Board within ten (10) banking days from approval of the plan of cessation of operations by the credit card issuer's Board of Directors.

Transitory provisions. All existing credit card issuers shall be allowed a transitory period to make appropriate adjustments in their systems, processes and personnel to be compliant with the following provisions of this Section:

a. For this Section on *Method of computing and imposition of interest or finance charges,* which pertains to adjustments in the computation and imposition of interest and finance charges; and for this Section on *Application of card payment* which pertains to the hierarchy of application of credit card payments: within one (1) year from the date of 6 June 2018;

b. For this Section on *Payment due date,* Item *"(a)"*, which pertains to same day recognition of payments made in accredited payment centers by credit card issuers: within nine (9) months from the date of 6 June 2018;

c. For this Section on *Payment due date,* Item *"(b)"*, which pertains to adjustment of payment due dates falling on weekends and holidays into the next business day: within three (3) months from 6 June 2018;

d. For this Section on *Late payment fees/penalty for late payment*, which pertains to adjustments in the computation of late payment fees or penalty for late payment: within six (6) months from 6 June 2018; and

e. For this Section on *Additional requirements, for non-bank entities applying as credit card issuers*, which pertains to minimum capital requirement: Existing credit card issuers shall comply with the minimum paid-up capital of P100 million within one (1) year from 6 June 2018.

(Circular Nos. 1102 dated 20 August 2021, 1098 dated 24 September 2020, 1052 dated 2 October 2019, and 1003 dated 16 May 2018)

102-CC GUIDELINES FOR THE ADOPTION OF OPEN FINANCE FRAMEWORK[1]

Policy Statement. It is the thrust of the Bangko Sentral to promote an enabling environment that fosters innovation, encourages coopetition, and advances financial inclusion while safeguarding the integrity and stability of the financial system. In line with this, the Bangko Sentral is introducing the Open Finance Framework that aims to empower customers by giving them better control over their personal and financial data catalyzing the development of products and services that are responsive to their needs.

The Open Finance Framework espouses consent-driven data portability, interoperability, and collaborative partnerships among financial institutions and third-party providers (TPPs). Under the framework, financial institutions and TPPs can leverage on permissioned-access customer financial information to develop bespoke financial products and services for customers. The Open Finance Framework subscribes to the principle that "customers are the owners of personal and transaction data" hence, information shall only be shared with the consent of the customers.

Coverage. The Open Finance Framework covers technology, products, services, information, and policies that enable customers to securely share their financial data with qualified parties, either BSP-supervised financial institutions (BSFIs) or TPPs.

Definition of Terms. The terms used in this Section shall be defined as follows:

a. *Account Information Service Provider (AISP)* refers to an information technology service and/or software solution provider that processes data and provides an alternative access point to multiple sources of data other than payment transactions;

b. *Application Programming Interfaces (APIs)* refer to a set of rules and specifications for software programs to communicate with each other, forming an interface between different programs to facilitate interaction;

c. *Customer-permissioned data* refers to data held by Participants (e.g., customer transactions, personal identification data, and customer financial history) that are permissioned by the Participants' customer to be accessed by a third party (and possibly shared onwards with fourth parties if covered by the customer's consent);

[1] All existing API arrangements prior to the issuance of Circular No. 1122 dated 28 June 2021, shall comply with the applicable requirements prescribed herein within one (1) year from 13 July 2021. In case awaiting policy-setting or further clarifications, compliance timetable shall be further determined by the OFOC.

d. *Open Finance* refers to leveraging on and sharing of customer-permissioned data among banks, other financial institutions, and TPPs to develop innovative financial solutions, such as among others, those that provide real-time payments, promote greater transparency to account holders, and provide marketing and cross-selling opportunities to banks, other financial institutions, and TPPs;

e. *Open Finance Standards* refer to the recommended standards in implementing the Open Finance Framework that takes into account various factors, including the financial industry's level of readiness to adopt such standards and the overall benefits arising from such standardization;

f. *Open API*, also known as external or public API, refers to a software technology interface that provides a means of accessing data based on a public standard;

g. *Open Data* refers to publicly obtainable data that is published by Participants, including, but not limited to financial products, service information, and other public information;

h. *Open Access* refers to allowing authorized third parties to access consented data without needing to establish a business relationship with the Open API publisher;

i. *Payment Initiation Service Provider (PISP)* refers to a registered operator of payment systems (OPS), as defined under Republic Act (R.A.) No. 11127 – The National Payments Systems Act and clarified in Part 1, Section 101 of the Manual of Regulations for Payment Systems (MORPS), that carries out payment orders at the request of payment service users in connection with payment accounts held at other payment service providers;

j. *Third party providers* or TPPs refers to any external legal entity such as service providers, integrators, solutions vendors, and/or infrastructure support that interact with BSFIs to provide services to customers. They are classified as either AISP and/or PISP, however, other TPP classification may be created by the Open Finance Oversight Committee (OFOC), as deemed applicable;

k. *Participant* refers to the entities covered by the Open Finance Framework such as the BSFIs and TPPs;

l. *Open API publisher* refers to the Participant that keeps/is the custodian of customer data;

m. *Third party* refers to the Participant who has open access to customer-permissioned data residing in another Participant (publisher) through the Open API; and

n. *Fourth party* refers to an outsourcing partner or a service provider of a third party.

Governance Framework. The Bangko Sentral shall recognize an Open Finance Oversight Committee (OFOC), an industry-led self-governing body, that shall exercise governance over the activities and Participants of the Open Finance Ecosystem. The OFOC shall be subject to the regulation and supervision of the Bangko Sentral.

The Bangko Sentral shall facilitate the establishment of the OFOC in coordination with industry stakeholders. For this purpose, the initial set of members of the OFOC shall be comprised of representatives from each bank classification, non-bank financial institutions, electronic money issuers, operators of payment systems, TPPs, and other relevant sectors, as determined by the Bangko Sentral. The OFOC shall:

a. Adopt membership and participation rules that are non-discriminatory to ensure that key areas of interest of the financial industry are adequately represented and that all members and applicants for membership are treated fairly and consistently.

b. Define the functions, roles, and responsibilities of the Committee and the Participants. It shall adopt policies in monitoring Participants' compliance with the established policies and in handling non-compliance thereto including the corresponding sanctions or penalties for non-compliance.

c. Adopt standards, agreements, policies, and guidelines (Conventions) governing the Open Finance Framework which shall be consistent with relevant laws, rules and regulations and regional/global standards. At the minimum, these shall cover the following:

    (1) Registration/On-boarding of non-BSFI Participants;
    (2) API standards reference or other equivalent documentation;
    (3) Authorization, authentication, and encryption requirements for each product/service tier;
    (4) Disclosure and transparency requirements as prescribed under Sec. 101-CC;
    (5) Consent management;
    (6) Protection of client information including responsible data handling as well as data privacy and protection;

(7) Reciprocity arrangement among Participants;
(8) Economic model; and
(9) Consumer protection and effective recourse as prescribed under Sec 101-CC.

d. Cooperate with and extend fullest assistance permissible to the Bangko Sentral and other regulators in enforcing applicable laws and regulations, in promoting adherence to this Framework.

Consistent with the provisions of Sec. 101-CC, the Bangko Sentral reserves the right to deploy its range of supervisory tools to promote adherence to the requirements and expectation set forth in this Framework. In this regard, the Bangko Sentral may issue directives to or impose sanctions against the OFOC, such as suspension or revocation of any authority of the OFOC (including any or all of its generally authorized activities), without prior notice, to promote the safety and soundness of the financial system and/or to protect Participants, its customers, or the general public.

Registration Standards. BSFIs with a composite rating of at least "3" under the Supervisory Assessment Framework (SAFr), or its equivalent, are automatically eligible to become Participants of the Open Finance Ecosystem. On the other hand, those that do not meet the minimum rating must secure prior Bangko Sentral approval to participate in the Open Finance Ecosystem. Participants which are not under the regulation and supervision of the Bangko Sentral shall comply with the applicable registration requirements set by the OFOC, pursuant to pertinent laws, rules and regulations of the Bangko Sentral and other relevant authorities. Participants shall be responsible for ensuring fourth party compliance with applicable laws, rules and regulations.

Open Finance Standards*.* The OFOC shall issue guidelines aimed at ensuring that:

a. access to and participation in the standard-setting process, including any planning and consultation activities, is non-discriminatory;
b. the standards development process is transparent; and
c. the Open Finance Standards will be accessible to all qualified parties.

The API standards reference or other equivalent documentation that shall be developed by the OFOC shall meet the recommended technical standards to facilitate industry-wide adoption, and shall cover, at a minimum, the following:

(1) *API Architecture Standards.* These shall comprise, among others, reference for Open API specifications, including communication protocols, and architecture types. Participants are encouraged to adopt recognized industry-wide architectural styles such as Representational State Transfer (REST) and Simple Object Access Protocol (SOAP);

Data Standards. These shall include data formats, data structures, and related data protection and privacy rules to enable Participants to share data and information accurately and efficiently. Participants shall adopt data formats which are recognized by the industry such as, but not limited to, JavaScript Object Notation (JSON), Extensible Markup Language (XML), Comma Separated Values (CSV), and Structured Query Language (SQL). The "data dictionary" shall be published online, with sufficient level of detail to facilitate third party understanding and adoption;

(2) *Security Standards.* These shall cover minimum security compliance requirements, guidelines, and specifications that must be met by Participants, including authentication, authorization, and encryption. Participants should always refer to industry sound practices, relevant regulatory, and internal requirements, and apply holistic controls on information and cybersecurity based on a risk- and principles-based approach to protect their systems as well as financial and consumer data. At a minimum, Participants shall adopt the latest and robust authorization and authentication protocols that are adequate for the risks presented by Open Access, such as, but not limited to, multi-factor authentication, Transport Layer Security (TLS)/Advanced Encryption Standard (AES)/Hashed Message Authentication Code (HMAC) encryption standards and OAuth 2.0 authentication standard. Participants should use more secure methods for sharing data, such as token-based authentication through APIs. The API must be designed in such a way that the end-user access shall be limited to data that the end-user has permission to see or process. These access rights must be appropriately recorded, verified, measured, and audited. In terms of secure hosting, PCI DSS and ISO 27001 are most desired; and

(3) *Outsourcing Standards.* These shall refer to the management of risks arising from outsourcing activities particularly those involving data disclosure and confidentiality, data privacy and protection, data management such as procedures for accessing and processing data, obtaining consent, contract management, security, performance monitoring and business continuity, among others.

Adoption of Open Finance Standards and Publication of Open APIs. All Participants that intend to provide Open Access shall adopt the Open Finance Standards and shall comply with relevant laws and pertinent BSP regulations particularly on Outsourcing, Operational Risk Management, IT Risk Management, Internal Control, Anti-Money Laundering/Countering the Financing of Terrorism, Financial Consumer Protection, and sound corporate governance principles, among others.

Open Finance Standards may be revised periodically to address emerging issues or to improve the Open API functionalities. To facilitate third party adoption, Participants shall publish detailed Open API documentation and ensure consistency with the latest version of Open Finance Standards.

Tiered Approach towards Open Finance Standards Adoption. Open Finance Standards shall be classified into five (5) tiers based on data sensitivity, data type, and data holder type. The tiers are not necessarily sequential, and multiple implementations may occur simultaneously.

a. *Tier 1* – Product and Service Information. Refers to "read-only" information on financial data and other details of financial products/services that is readily accessible online and can be freely used, reused, and redistributed by any entity such as deposit/lending rates, credit card offerings, service charges and other public data.

b. *Tier 2* – Subscription and New Account Applications. Includes customer acquisition and account opening processes, along with facilitating digital application and submission of supporting documents. Applications for deposits, loans, debit/credit cards, and other financial products are covered under this category.

c. *Tier 3* – Account Information. Refers to personal (e.g., name, registered address, phone numbers, etc.) and financial information provided by a customer at any given time or other details pertaining to the account of authenticated customers for stand-alone or aggregated views. This consists of, but are not limited to, data types such as account balance, credit card outstanding balance, transaction records, credit limit change, and credit score.

d. *Tier 4* – Transactions. Covers payments and other financial transactions such as scheduled payments and transfers initiated by customers.

e. *Tier 5* – Others. Covers other more complex financial products or use cases and those that are not covered by tiers 1-4.

Cooperative Regulatory Oversight. The Bangko Sentral duly recognizes that other regulatory/supervisory authorities may be involved in the Open Finance Framework as this would involve other Participants that are not under the supervisory ambit of the Bangko Sentral. In this regard, the Bangko Sentral shall coordinate with the concerned regulatory authority with respect to the implementation of the Open Finance Framework.

Regulatory Sandbox

The Bangko Sentral seeks to provide a regulatory environment that is conducive for the deployment of innovative financial services, including the development of standards for Open Finance. In line with this, the Bangko Sentral will permit innovation in Open Finance, such as but not limited to, the development of an industry API sandbox, in which Open APIs can be deployed and tested in a live environment and within specified parameters and timeframes.

Recommendation to Build a Central API Sandbox. While API providers will be encouraged to develop local sandboxes, it is recognized that costs may present a barrier and further incentives may be required. Thus, the Bangko Sentral encourages the OFOC to establish a central sandbox for testing developers and for other purposes related to local sandbox development (e.g., outsourcing sandbox development to trusted parties). The OFOC shall ensure that the central sandbox (i) implements all levels of security for APIs and (ii) contains a set of executable tests that API developers can use to validate compliance. The OFOC shall provide the executable tests to developers free of charge so that barriers to entry are avoided.

The OFOC shall maintain a list of approved Use Case API Services[1] with defined technical and security standards. This list shall include clear mechanisms and guidelines for providing the API services (e.g., basic APIs such as Authentication, Account Information, Transfers, etc.). The Use Case list per API service is a list that will be regularly updated based on new API innovations that have been reviewed by the Bangko Sentral or other relevant governing body.

Consumer Protection. Participants shall adopt customer awareness measures to, at the minimum, educate their customers on the following: (i) safeguarding of information; (ii) use of the Open API; (iii) actual fees and charges related to the access of information and performance of transactions; (iv) fair and equitable terms and conditions; (v) products and services appropriate to the capacity and risk appetite of the consumer; and (vi) problem resolution procedures. Participants shall disclose, prior to entering an initial transaction and on an ongoing basis, all material risks to their clients in a manner that is clear, fair and not misleading. Participants shall carry out initiatives to give consumers the knowledge, skills, and confidence to understand and evaluate the information they receive and empower them to make informed financial decisions.

[1] All existing API arrangements prior to the issuance of Circular No. 1122 dated 28 June 2021, they shall comply with the applicable requirements prescribed herein within one (1) year from 13 July 2021. In cases awaiting policy-setting or further clarifications, compliance timetable shall be further determined by the OFOC.

Data Privacy and Data Protection. Each contract relating to the implementation or use of Open API shall contain a clause for the recognition by each party that the customers have ownership over their data being collected and processed through the transaction, and that they have all the rights enumerated under R.A. No. 10173 (Data Privacy Act of 2012). This views that while customer and transaction data are in the custody of the Open API publisher, their rights to control the use of such data is limited to the boundaries of the consent the customer provided. All Participants shall comply with relevant requirements of the Data Privacy Act of 2012, its Implementing Rules and Regulations, and other National Privacy Commission issuances.

Dispute Mechanism. Participants shall have an adequate, prompt, and effective mechanism or procedure for handling and resolving disputes covering Open Finance issues aligned with agreed Conventions, as applicable.

User Consent and access to opt-in and opt-out mechanisms. Proper mechanisms shall be in place to ensure customers' private information is not used for purposes that are against their interests. The customers should, at all times, not only be educated and informed but they must also consent to how their data is being used and be provided with opt-in and opt-out mechanisms if and when they want to withdraw or modify the scope of their consent. Customers must be periodically informed as to how the Participants have utilized their permissioned data within a given period. Proper mechanisms based on industry standards shall be in place in providing a consent management portal/service that is interoperable, open, and has extensible information structure for recording obtained consents, consent duration, timestamp and opted-in/opted-out services, among others.

(Circular No. 1122 dated 17 June 2021)

111-CC FRAMEWORK ON THE SELECTION OF EXTERNAL AUDITORS

Policy Statement. The Bangko Sentral considers the external auditing profession as a partner in promoting the integrity of financial reports and transparency in the financial system. In this light, the Bangko Sentral is issuing this framework on the selection of external auditors (individual practitioners and audit firms) for Bangko Sentral Supervised Financial Institutions (BSFIs) in line with its cooperative arrangements with the Securities and Exchange Commission (SEC), Insurance Commission (IC), and Philippine Deposit Insurance Corporation (PDIC), under the auspices of the Financial Sector Forum (FSF).

Appointment of External Auditors of BSFIs

a. BSFIs shall engage the services of an external auditor included in the List of Selected External Auditors for BSFIs. In this respect, a BSFI shall only appoint an external auditor belonging to the same category or from categories higher than the category of the BSFI concerned as provided in this section: *Provided*, That the Monetary Board may require the BSFI to appoint an external auditor from higher categories as part of the Bangko Sentral's supervisory action on the BSFI. The external auditor appointed by the BSFI shall likewise audit the BSFI's trust department as well as its subsidiaries and affiliates engaged in allied activities, as applicable.

b. External Auditors shall be classified into three categories and shall extend their services to BSFIs belonging to the same category or from categories lower than the category of the external auditor, as follows:

(1) Group A

(a) UBs/KBs
(b) Foreign banks and branches or subsidiaries of foreign banks
(c) Banks, trust departments and trust corporations with additional derivatives authority, pursuant to Sec. 613 of the MORB

(2) Group B

(a) TBs
(b) NBFIs with quasi-banking license
(c) Trust departments and trust corporations

(3) Group C

(a) RBs and Coop Banks
(b) Non-stock Savings and Loan Associations
(c) Pawnshops
(d) Remittance and Transfer Companies (RTCs)/Money Changers/Foreign Exchange Dealers (MCs/FXDs), including Virtual Currency Exchanges and Electronic Money Issuers
(e) Credit Card Issuers/Acquirers

The above categories shall include their subsidiaries and affiliates engaged in allied activities and other financial institutions subject to Bangko Sentral's consolidated supervision.

c. External auditors applying for first time inclusion or renewal of inclusion in the List of Selected External Auditors for BSFIs shall submit their application to the SEC. The application shall be subject to the requirements set out by the SEC as agreed upon by the Bangko Sentral, SEC, IC and PDIC.

d. The inclusion in the List of Selected External Auditors for BSFIs shall be valid for five (5) years or for a shorter period prescribed by the financial sector supervisors.

e. The Bangko Sentral shall periodically evaluate the performance of the external auditor through an assessment of the quality of the BSFI's audited financial statements and its compliance with the requirements provided under this Section. The results of assessment shall serve as basis for the continuing inclusion of external auditors in the List of Selected External Auditors for BSFIs.

f. The external auditor, including the engagement and quality control partners of the audit firm, of the BSFI shall be rotated in accordance with the relevant provisions of the Code of Ethics for Professional Accountants in the Philippines as adopted by the Philippine Board of Accountancy.

Audit Engagement and Reportorial Requirements

a. The BSFI's Audit Committee/board of directors/board of trustees shall ensure that the scope of external audit work appropriately covers areas relevant to BSFI's operations and risk exposures. These include the following:

(1) Review of the adoption of applicable reporting framework as well as the assessment of the accuracy, adequacy, and reliability of accounting records and financial reports;
(2) Assessment of the propriety and adequacy of disclosures in the financial statements;
(3) Assessment of the adequacy and effectiveness of internal controls and risk management systems;
(4) Assessment of the quality of capital in relation to risk exposures; and
(5) Evaluation of the quality of corporate governance.

b. The engagement contract of BSFIs with the external auditor shall include, at a minimum, the following provisions:

(1) That disclosure of information, such as those enumerated under Item *"c"* of this Section (*Audit engagement and reportorial requirements*), by the external auditor to the Bangko Sentral and/or other financial sector supervisors shall not constitute a breach of confidentiality on the part of the external auditor nor shall it be a ground for civil, criminal, or disciplinary proceedings against the external auditor;

(2) That the external auditor shall be allowed read-only access to the Bangko Sentral's Report of Examination on the BSFI and that the external auditor shall appropriately consider the contents thereof and maintain its confidentiality; and

(3) That the BSFI concerned and external auditor shall comply with all the requirements under this Section.

The engagement contract shall be made available by the BSFI to the Bangko Sentral upon request.

c. The external auditor shall report to the appropriate supervising department of the Bangko Sentral within fifteen (15) calendar days upon discovery of any matter adversely affecting the condition or soundness of the BSFI, such as, but not limited to the following cases:

(1) Any material finding involving fraud or error;

(2) Actual or potential losses, the aggregate of which amounts to at least ten percent (10%) of the consolidated total assets of the BSFI;

(3) Significant doubt as to the ability of the BSFI to continue as a going concern;

(4) Material breach of laws or Bangko Sentral rules and regulations such as but not limited to prescribed capital and liquidity ratios, significant deficiency in allowance for credit losses, material weaknesses in fair value measurement methodology, and significant vulnerabilities to money laundering and combating the financing of terrorism;

(5) Material internal control weaknesses which may lead to financial reporting problems; and

(6) Findings on matters of corporate governance that may require urgent action by the Bangko Sentral.

Where a thorough investigation or evaluation of facts is necessary on the noted case, an initial report shall be submitted within the prescribed timeline: *Provided*, That a complete report is submitted not later than fifteen (15) calendar days from completion of investigation or evaluation.

In case there are no matters to report, the external auditor shall submit to the appropriate supervising department of the Bangko Sentral, not later than 120 calendar days after the close of the calendar year or the fiscal year adopted by the BSFI, a certification that there is none to report.

d. The board of directors and management of the BSFI shall be primarily responsible for the financial statements submitted to the Bangko Sentral. External auditors are expected to conduct the audit of financial statements in accordance with the provisions of the Philippine Standards on Auditing.

e. The external auditor shall directly inform the appropriate supervising department of the Bangko Sentral of the pre-termination of the engagement contract or his/her resignation/replacements as external auditor as well as the reasons thereto, within fifteen (15) calendar days of the pre-termination of the contract or his/her resignation/replacement.

Supervisory Enforcement Action

The Bangko Sentral reserves the right to deploy its range of supervisory enforcement actions to promote adherence with the requirements set forth in this Section and bring about timely corrective actions. For this purpose, the Bangko Sentral may issue directives or impose sanctions on BSFIs and/or its directors/trustees who approved the appointment of the external auditor, who/which are not in the List of Selected External Auditors for BSFIs, and/or for non-compliance with the provisions of this Section. The Bangko Sentral may likewise shorten the period of validity of inclusion of an external

auditor in the List of Selected External Auditors for BSFIs, suspend, or delist external auditors from its List of Selected External Auditors for BSFIs based on the results of assessment of the quality of audited financial statements (AFS) as well as non-compliance with the provisions of this Section. The guidelines on the supervision/delisting of external auditor in the list of selected external auditors for BSFIs is prescribed in *Appendix Q-30.*

Transitory provisions

a. External auditors whose inclusion in the List of Selected External Auditors for BSFIs is valid to cover the audit of 2018 financial statements are hereby given one (1) year extension on their inclusion in the List of Selected External Auditors for BSFIs allowing them to engage in the audit of the 2019 financial statements.

b. All applications (new and renewal) for inclusion in the List of Selected External Auditors for BSFIs to cover in the audit of 2020 financial statements and thereafter shall be filed with the SEC starting June 2019.

(Circular No. 1040 dated 20 May 2019)

121-CC BANGKO SENTRAL REGULATIONS OF FINANCIAL CONSUMER PROTECTIONS[1]

Credit card issuers shall adopt a system for promptly addressing the complaints of their customers.

The Financial Consumer Protection Framework of the Bangko Sentral as stated under Part Ten of this Manual on Q-Regulations shall be adopted insofar as these are applicable to pawnshop operations.

Consistent with Sec. 002-Q, the Bangko Sentral may deploy enforcement action to promote adherence to the Bangko Sentral Regulations on Financial Consumer Protection.

(Circular No. 1048 dated 06 September 2019)

[1] BSFIs shall be given six (6) months from 26 September 2019 to: (1) perform a gap analysis of their current consumer protection practices vis-i-vis this Section and (2) propose an action plan duly approved by the Board of Directors to achieve full compliance within a reasonable period of time but in no case longer than one (1) year from 26 September 2019.

130 – CC SALE/TRANSFER TRANSACTIONS OF BSFIS PURSUANT TO R.A. NO. 11523, OTHERWISE KNOWN AS THE FINANCIAL INSTITUTIONS STRATEGIC TRANSFER (FIST) ACT

Policy Statement.

This Section sets forth the guidelines governing the sale/transfer and investment transactions of banks and other institutions licensed by the Bangko Sentral to perform (i) quasi-banking functions and (ii) credit-granting activities, including but not limited to pawnshops, non-stock savings and loan associations, and non-bank credit card issuers pursuant to R.A. No. 11523, otherwise known as the FIST Act and its IRR. The implementation of the FIST Act reinforces the BSFIs' primary role of providing financial services and liquidity to support households, business enterprises and productive sectors of economy by allowing BSFIs to dispose of their NPAs and increase their liquidity and risk-bearing capacity.

Sale/transfer transactions of non-performing assets (NPAs) by BSFIs for purposes of availing of the tax exemptions and incentives/privileges under the FIST Act shall comply with the provisions under this Section.

Definition of Terms.

For purposes of this Section, the following definitions shall apply:

a. *Certificate of Eligibility (COE)* refers to the certificate issued by the Bangko Sentral as to the eligibility of the non-performing loan (NPL) or real and other properties acquired (ROPA) for purposes of availing the tax exemptions and privileges pursuant to the provisions of the FIST Act.

b. *Data Package* refers to the set of documents prescribed by the Securities and Exchange Commission (SEC) under Rule No. 5.1.j of the IRR and the additional documentation required under this Section (*Sale and Transfer of Assets*), which must be prepared and made available by the selling BSFI in respect of the sale/transfer of NPAs to FIST Corporations (FISTCs)/individuals. The Data Package should contain, among others, scanned copy of all pertinent documents and the particulars of each property or loan account being sold and should be made electronically available to potential bidders.

c. *FISTC* refers to a stock corporation organized in accordance with R.A. No. 11232, otherwise known as the "Revised Corporation Code of the Philippines," the provisions of Section 4 of the FIST Act and Rule 4 of the IRR. It is incorporated primarily to invest in or acquire NPAs of financial institutions under the FIST Act. With respect to foreign FISTCs, existing laws on ownership of real properties shall apply.

d. *Individual* refers to a natural person who, subject to certain conditions, is entitled to the tax exemptions, incentives, and fee privileges under the FIST Act.

e. *NPAs* refers to the NPLs and ROPA of BSFIs. NPAs are those NPLs and ROPA that are classified as such under the FIST Act on or before 31 December 2022.

f. *NPLs* refer to secured or unsecured loans and other receivables, including restructured loans and sales contracts receivables (SCRs), whose principal and/or interest have remained unpaid for at least ninety (90) days after they have become past due or any of the events of default under the loan agreement/restructuring agreement/sales contract, as applicable, has occurred.

   NPLs shall also include loans that are classified as items in litigation on or before 31 December 2022 for which collection and foreclosure cases have been filed or are subject to pending cases that seek to restrain foreclosure or consolidation of title of foreclosed assets, or where a restraining order or injunction has been issued to prevent foreclosure of mortgage or consolidation of title of foreclosed assets.

g. *ROPAs* refers to real and other properties acquired by a BSFI in settlement of loans and receivables, including real properties, shares of stocks, and personal properties which have been acquired by way of dation in payment (dacion en pago) or judicial or extra-judicial foreclosure or execution of judgement or enforcement of security interest.

h. *SCRs* refer to the amortized cost of assets acquired in settlement of loans through foreclosure or dation in payment and subsequently sold on installment basis whereby the title to the said property is transferred to the buyers only upon full payment of the agreed selling price.

i. *Special Purpose Vehicles (SPVs)* refer to entities created under R.A. No. 9182, as amended, otherwise known as the "The Special Purpose Vehicle (SPV) Act of 2002," primarily incorporated to invest in or acquire NPAs of financial institutions under the SPV Act, whose application for reconfirmation has been approved by the SEC.

j. *True sale* refers to a sale wherein the selling BSFI transfers or sells its NPAs to an individual/FISTC, without recourse for cash or property in exchange for the transfer or sale, and without prejudice to the BSFI and the FISTC agreeing on sharing of profits and subject to the following results:

(1) The transferor transfers full legal and beneficial title to and relinquishes effective control over the transferred NPAs; and
(2) The transferred NPAs are legally isolated and put beyond the reach of the transferor and its creditors;

Provided, That the transferring BSFI shall not have direct or indirect control, of the transfereeee FISTC: *Provided, further,* That the selling BSFI does not have legal or beneficial ownership of more than ten percent (10%) of the (a) total number of outstanding shares of stock entitled to vote in the election of directors; and (b) the total number of outstanding shares of stock, whether or not entitled to vote, of the transferee FISTC.

For purposes of determining existence of control, the provisions of Sec. 131-Q shall apply.

All references to FISTCs in subsequent provisions of this Section shall also refer to SPVs as defined under this Section (*Definition of Terms*).

Issuance of COEs.

A BSFI which intends to avail of the tax exemptions and fee privileges under the FIST Act shall apply for a COE in accordance with the Bangko Sentral's guidelines for obtaining a COE under the FIST Act. The following transactions shall require a COE:

a. The sale/transfer of NPAs by a BSFI to a FISTC;

b. The dation in payment (dacion en pago) of NPL by a borrower or third party on behalf of the borrower to a BSFI; and

c. The sale/transfer of NPL (secured by a real estate mortgage on a residential unit or an empty lot) or ROPA (single family residential unit or an empty lot) by a BSFI to an individual: *Provided,* That an individual is limited to only one acquisition of NPA (either NPL or ROPA).

Notice, Manner and Nature of Sale/Transfer of NPAs

The following provisions on notice, manner and nature of sale/transfer of NPAs under Sections 12 and 13 of the FIST Act and Rules 12 and 13 of the IRR shall apply:

a. *Prior Notice.* No transfer of NPLs to a FISTC/individual shall take effect unless the BSFI concerned gives prior notice to the borrowers of the NPLs and all persons actually or constructively known to the BSFI to be holding prior encumbrances upon the assets mortgaged or subject to security interest. The BSFI's notification to the borrower shall include a breakdown of his/her loan and related credit obligations that shall be the subject of the sale/transfer. Such notice shall be in writing and made in accordance with the 2019 Revised Rules of Civil Procedure, including Rule 13. Sections 5-15 and 17 on the modes and proof of service, Rule 14, Section 12 on the service upon domestic private juridical entity. The borrower shall be given a period of almost thirty (30) calendar days upon receipt of notice from the BSFI to restructure or renegotiate the loan under such terms and conditions as may be agreed upon by the borrower and the BSFI concerned.

b. *Sale/Transfer of Assets*

A selling BSFI shall provide prospective bidders, including individuals and FISTCs, with a data package as defined under this Section (*Definition of Terms*). At a minimum, the data package shall include the documents prescribed under Rule 5.1.j of the IRR and the following documents, if available:

(1) For NPLs:

(a) Promissory Note/Pawn ticket;
(b) Restructuring Agreement, debt settlement agreement and other loan agreements of similar nature; and
(c) Chattel Mortgage and Security Agreement, third-party financial guarantee or surety arrangement.

(2) For ROPA:

(a) Proof of property's ownership, e.g., Transfer Certificate of Title (TCT), with registered real estate mortgage (REM), tax declaration for unregistered land, Certificate of Stocks or other certificate/proof of participation in securities, Official Receipt/Certificate of Registration for motor vehicle;

(b) Certificate of Sale (COS) for Extra-judicial foreclosure/Notarized Deed of Dacion in case of dation in payment/judgment in case of judicial foreclosure for real estate ROPA with unconsolidated land title; and

(c) Latest Real Estate Tax Receipt.

(3) For SCRs:

(a) Notarized Sales Contract;

(b) Proof of property's ownership, e.g., TCT, with REM, tax declaration for unregistered land, Certificate of Stocks or other certificate/proof of participation in securities, Official Receipt/Certificate of Registration for motor vehicle;

(c) COS for Extra-judicial foreclosure/Notarized Deed of Dacion in case of dation in payment/judgment in case of judicial foreclosure for real estate ROPA with unconsolidated land title; and

(d) Latest Real Estate Tax Receipt.

All sales or transfers of NPAs by a BSFI shall meet the definition of a true sale under this Section (*Definition of Terms*) and shall be made in accordance with the provisions of Section 13 of the FIST Act and Rule 13 of the IRR. Sales/Transfers of NPAs shall be in the nature of a "true sale" after proper notice in accordance with the procedure provided under this Section (*Notice, Manner and Nature of Sale/Transfer of NPAs*), without need for the borrower's consent: *Provided,* That in the transfer of the NPLs, the provisions on the right of the debtor to reimburse the assignee or transferee under Article 1634 of the New Civil Code shall not apply: *Provided, further,* That after the sale, the FISTC/individual shall assume all legally transferrable rights and obligations of the transferring BSFI.

The Bangko Sentral shall not issue the COE to a BSFI in case of its non-compliance with the FIST Act, its IRR, and this Section, including, but not limited to, the following: (1) the asset subject of the sale/transfer transaction does not meet the definition of an NPA under this Section (*Definition of Terms*), or (2) the sale/transfer transaction (i) does not meet the definition of a "true sale", (ii) falls under the transactions not considered "true sale" under *Appendix CC-5,* or (iii) is presumed to be not a "true sale" transaction under the same Appendix, based on documents submitted/presented relative to its COE application, without prejudice to submission by the BSFI of a new application/request with complete requirements and accurate documents.

Moreover, the Bangko Sentral reserves its authority to pass upon the "true sale" nature of the sale/transfer even after the issuance of the COE, and revoke a COE already issued upon finding of any violation of the "true sale" nature of the transaction.

The guidelines in determining whether the sale/transfer satisfies the requirements of a "true sale" is in *Appendix CC-5.*

c. *Subsequent notice.*

Within fifteen (15) banking/business days after the execution of the NPL's sale or transfer documents, the transferring BSFI shall inform the borrower, in writing sent to the latter's last known address or email address, of the fact of the sale or transfer of the NPLs. Non-compliance with the post-notification requirement shall not invalidate the sale or transfer of NPLs but shall subject the erring BSFI to appropriate sanctions and penalties under the FIST Act and its IRR, as well as other pertinent laws, rules, and regulations.

d. *Subsequent transfers.*

The re-acquisition of the NPA by the borrower or owner from the FISTC, individual, or subsequent transferee other than by the exercise of the right of redemption as provided for in Section 20 of the FIST Act and Rule 20 of the IRR shall be in accordance with the terms and conditions as may be agreed upon by them.

Prudential Relief Measures on the Sale/Transfer of NPAs

BSFIs may avail of the prudential relief measures that shall be granted by the Bangko Sentral in relation to their NPA sale/transfer transactions.

Limitations on Amount Available for Dividends

BSFIs may carry-over any loss incurred as a result of the result of the transfer of an NPA within a period of not more than two-years from the date of effectivity of the FIST Act (I.e., on 18 February 2021 for a period of five (5) consecutive taxable years immediately following the year of the transfer that resulted to such loss: *Provided,* That the loss meets the requirements under Section 17 of the FIST Act and Rule 17.1 of the IRR: *Provided, further,* That the tax savings derived by a BSFI from this net operating loss carry-over shall not be made available for dividend declaration under Sec. 123-Q but shall be retained as a form of capital build-up pursuant to Section 17 of the FIST Act and Rule 17.2 of the IRR.

Prudential Report

BSFIs that availed of the tax exemptions and incentives/privileges under the FIST Act shall submit a Monthly Report on the Sale/Transfer and Investment Transactions of BSFIs under the FIST Act to the Bangko Sentral. The report shall be considered a Category B report and shall be submitted within twenty (20) business days after end of reference month.

Penalties and Administrative Sanctions

A BSFI and/or its concerned directors, officers, and employees who violate any provision of the FIST Act, its IRR, and this Section, or who, in a notice or certification, makes any untruthful statement of a material fact or omits to state a material fact, or who violate the required "true sale" nature of the sale/transfer of NPAs shall be penalized pursuant to Sections 18 and 24 of the FIST Act, Rules 18 and 24 of the IRR; Section 37 of R.A. No. 7653, or "The New Central Bank Act", as amended, and other applicable laws, without prejudice to the enforcement actions that may be deployed by the Bangko Sentral consistent with Sec. 101-CC (*Sanctions and penal provisions*).

REQUIREMENTS FOR NON-BANKS APPLYING TO BECOME CREDIT CARD ISSUERS
(Appendix to Sections 101-CC on Authority to Operate and Minimum Requirements for the Issuance of Credit Cards)

A. *Pre-qualification requirements* for non-banks applying to become credit card issuers:

1. It has generally complied with the applicable laws, rules and regulations, orders of instructions of appropriate authorities and the Monetary Board and/or the Bangko Sentral where applicable, including the minimum capital requirements.

2. Its accounting records, systems and procedures as well as internal control systems are satisfactorily maintained.

3. It has no past due obligation with any financial institution as of date of application.

4. The officers who will be in-charge of the credit card operations have actual experience of at least two (2) years in a bank or quasi-bank as in-charge (or at least as assistant-in-charge). The directors, officer-in-charge of the credit card operations and the managerial staff must comply with the fit and proper rule prescribed under existing law/rules and regulations.

5. The non-bank entity has elected at least two (2) independent directors and all its directors have attended the required seminar for directors of banks or quasi-banks conducted or accredited by the Bangko Sentral.

6. It must have in place a comprehensive risk management system approved by its board of directors appropriate to its operations, characterized by a clear delineation of responsibility for risk management, adequate risk measurement systems, appropriately structured risk limits, effective internal control and complete, timely and efficient risk reporting systems.

B. *Application for authority to become a credit card issuer.* The incorporators/directors or the president or officer of equivalent rank of a non-bank entity shall file and submit to the appropriate Department of the Bangko Sentral an application for authority to be a credit card issuer, together with the following documents:

1. New corporations/ subsidiaries of corporations in Item *"a"* of Section 101-CC *(Authority to Operate)* shall submit the following:

   a. Certified true copy of the board resolution authorizing the application, together with a certification signed by the president or equivalent rank that the non-bank entity has complied with all prerequisites for the grant of authority to engage in credit card issuance.

   b. Biographical data with picture of each incorporator, subscriber, existing/proposed director and officer. The directors and officers of the institution must comply with the fit and proper rule prescribed under existing law and regulations;

   c. National Bureau of Investigation (NBI) clearance of each of the incorporator, subscriber, existing/proposed director and officer or similar document from the home country in the case of non-Filipino citizens, if possible;

   d. If applicable, certification from home country's supervisory authority that the Non-Filipino citizen has no derogatory record, if applicable;

   e. For corporate subscribers, the following additional documents shall be submitted:

      i. Copy of the board resolution authorizing the corporation to invest in the business of credit card issuance and designating the person who will represent the corporation in connection therewith;

      ii. Copy of the latest articles of incorporation and by-laws;

      iii. Updated list of directors and principal officers;

iv. Current list of substantial or major stockholders, indicating the citizenship and the number, amount and percentage of the voting and non-voting shares held by them. For this purpose, substantial or major shareholder shall mean a person, whether natural or juridical, owning such number of shares that will allow him to elect at least one (1) member of the board of directors of a credit card issuer/acquirer, or who is directly or indirectly the registered or beneficial owner of more than ten percent (10%) of any class of its equity security;

v. A copy each of the corporation's audited financial statements for the last two (2) years prior to the filing of the application;

vi. A copy of the corporation's annual report to the stockholders for the year immediately preceding the date of filing of the application;

vii. Certified photocopies of the corporation's Income Tax Return; and

viii. For foreign corporations, in addition to Items *"e(i)"* to *"e(vii)"*, it shall also submit, if applicable, a certification from its home country's supervisory authority that it has no objection to the investment of such company in a credit card issuer/acquirer in the Philippines and that adequate information on such foreign corporation shall be provided to the Bangko Sentral to the extent allowed under existing laws;

f. Detailed plan of operation and economic justification for engaging in the credit card issuance business, including a manual of operations and other related documents embodying the risk management system.

g. Projected financial statements for the first five (5) years together with assumptions. These should be consistent with its proposed plan of operation and would show sufficient capital to support its strategy and operations; and

h. Such other information/documents that the Bangko Sentral may require.

2. A duly incorporated quasi-bank of good standing, shall submit documents indicated in Sec. 312 *(Risk management system)* of the MORB.

C. *Applicable fees.* Applications to become a credit card issuer shall be subject to the following fees:

1. Filing fee – A filing fee of ₱1,000.00 shall be charged upon filing of the application and is non-refundable; and

2. Licensing fee – a licensing fee of ₱100,000.00 shall be charged upon approval of the application. Licensing fee shall be inclusive of the filing fee.

D. *Complete documentation.* The application shall be considered filed and submitted on a first-come, first-served basis: Provided, that all required documents are complete and properly accomplished. Otherwise, the application shall be returned un-acted.

E. *Commencement of operation as a credit card issuer***.** A newly authorized non-bank credit card issuer shall commence operation within six (6) months from the receipt of certificate of authority to engage as a credit card issuer. Not later than ten (10) banking days from the commencement of business operations, the President or officer of equivalent rank of the credit card issuer shall submit a written notice to the appropriate supervising sector of the Bangko Sentral of the actual date of commencement.

Provided, That the credit card issuer may be granted by the Deputy Governor of the appropriate supervising sector of the Bangkok Sentral, a final extension of six (6) months subject to the formal presentation of valid justification and documentary proof that the credit card issuer can commence operation within the six (6)-month extension period. Otherwise, upon recommendation of the Deputy Governor of the appropriate supervising sector of the Bangkok Sentral, the Bangko Sentral shall revoke the certificate of authority to engage as a credit card issuer.

ACTS TANTAMOUNT TO THE ACT OF ISSUING PRE-APPROVED CREDIT CARDS

(Appendix to Sections 101 – CC on Definition of terms and Minimum requirements for the governance and risk management system of all credit card issuers.)

The acts described above and other similar acts are deemed tantamount to the act of issuing pre-approved credit cards notwithstanding any contrary stipulations in the contract.

i. Sending of credit cards to consumers with no prior application, written request and supporting documents required for prudent credit card evaluation;
ii. Sending of unsolicited supplementary cards and other cards with added features which are not in replacement or substitute to an existing cardholder's initial credit card;
iii. Unsolicited calls by a credit card issuer requesting updated information from selected clients in order to be entitled to receive credit card as a reward for his/her continued patronage of the credit's other financial product;
iv. Unsolicited calls by the credit card issuer to its depositors/clients informing them that they already have a credit card from the credit card issuer or its Credit Card Department due to good standing as a depositor/client;
v. Sending of mails with credit card enclosed which will be deemed accepted upon the receipt of such card by a receiver, whether authorized or not;
vi. Sending to a consumer an unsolicited credit card which is deemed accepted unless a request for termination is promptly instructed by the cardholder to the credit card issuer; and
vii. Sending of credit cards as free offers to consumers who availed themselves of the credit card issuer's other financial products.

GUIDELINES ON THE SUSPENSION/DELISTING OF EXTERNAL AUDITOR IN THE LIST OF SELECTED EXTERNAL AUDITORS FOR BANGKO SENTRAL SUPERVISED FINANCIAL INSTITUTIONS (BSFIs)
(Appendix to Sec. 111-CC)

Section 1. Grounds for Suspension/Delisting of External Auditors

An external auditor included in the List of Selected External Auditors for BSFIs shall be suspended or delisted by the Bangko Sentral, without prejudice to the imposition of other sanctions by the Securities and Exchange Commission (SEC)[1], under any of the following grounds:

a. Gross negligence in the conduct of the audit or failure to comply with the Philippine Standards on Auditing and such other issuances of the Auditing and Assurance Standards Council;

b. Issuance of an unqualified opinion which is not supported by full compliance by the auditee with the applicable financial reporting framework due to material deficiencies or misstatements in the financial statements;

c. Conduct of an audit despite the lack or eventual loss of independence as provided for under the Code of Ethics for Professional Accountants in the Philippines;

d. Conduct of any non-audit services for his statutory audit clients, if he has not undertaken the safeguards to reduce the threat to his independence;

e. Any material misrepresentation in the reports submitted to the Bangko Sentral;

f. Failure to comply with the provisions set forth under Section 111-CC;

g. Refusal for no valid reason, upon lawful order of the Bangko Sentral, to submit requested documents in connection with an ongoing investigation. The external auditor, however, be made aware of such investigation; and

h. Failure to obtain from the Securities and Exchange Commission an accreditation appropriate to the client's category provided under Section 111-CC on the appointment of external auditor.

Section 2. Procedures and Effects of Delisting/Suspension

a. On the basis of the results of the assessment of the quality of audited financial statements and evidence on the existence of the grounds for suspension or delisting under Section 1 above, the external auditor shall be notified in writing by the appropriate supervising department of the Bangko Sentral of the existence of the ground for his/her suspension or delisting in the List of Selected External Auditors for BSFIs and shall be allowed to submit within fifteen (15) calendar days from receipt of such notice an explanation on why he/she should not be suspended/delisted, together with the evidence in support of his/her position.

   An external auditor shall only be suspended or delisted after due notice and opportunity to defend/clear himself/herself.

b. Failure of the external auditor concerned to reply within the period prescribed under Item "a" above, shall be considered as a waiver on his/her part of the opportunity to defend/clear himself/herself. In this respect, the appropriate supervising department of the Bangko Sentral shall proceed with the evaluation of the case based on available records/evidence.

c. Upon approval by the Monetary Board, the external auditor concerned shall be informed in writing by the appropriate supervising department of the Bangko Sentral of his/her suspension or delisting in the List of Selected External Auditors for BSFIs.

d. A suspended or delisted external auditor shall be automatically included in the Bangko Sentral's Watchlist

[1] Accrediting Agency duly designated by the member-agency of the Financial Sector Forum, comprising of the Bangko Sentral ng Pilipinas, Securities and Exchange Commission, Insurance Commission, and Philippine Deposit Insurance Corporation

Disqualification File “B” (temporary).

e. The Securities and Exchange Commission shall be immediately informed of the suspension or delisting of the external auditor.

f. Suspended external auditors may re-apply for inclusion in the List of the Selected External Auditors for BSFIs after the lapse of five (5) years from the date of effectivity of the suspension.

GUIDELINES IN DETERMINING A "TRUE SALE" TRANSACTION UNDER THE FIST ACT

The transfer by a BSFI of its NPAs to a FISTC or an individual shall be considered not a True Sale if the BSFI satisfied any of the enumerated below:

(a) Has direct or indirect management of the transferee FISTC;

(b) Has any of its directors, officers or employees on the board of the transferee FISTC;

(c) Is obligated to repurchase or substitute/exchange the NPA or any part of the pool of NPAs at any time, except in cases of a breach of representation or warranty of the BSFI;

(d) Is a Related Interest, as defined under Rule 11 of the FIST IRR, of the transferee FISTC;

(e) Has legal and beneficial ownership of more than ten percent (10%) of the (a) total number of outstanding shares of stock entitled to vote in the election of directors, and (b) the total number of outstanding shares of stock, whether or not entitled to vote, of the transferee FISTC; or

(f) Accepts the transferred NPAs as the FISTC's collateral for any unpaid balance of the consideration of the transfer of said NPAs.

Unless otherwise determined by the Bangko Sentral, the following shall be presumed not a True Sale, if the BSFI:

(a) Is made the beneficiary of a trust used as a vehicle for purchasing and securitizing the NPAs; or

(b) Pays further expenses in relation to the NPAs after said NPAs have been sold/transferred to the transferee FISTC/individual;

(c) Extends, directly or indirectly, any credit facility, guaranty or any similar financial transaction to the transferee FISTC; or

(d) Extends any credit facility, guaranty of any similar financial transaction to any party for the purpose of investing in the equity or IUIs of the FISTC, or for acquiring the NPAs from the FISTC; or

(e) Extends any credit facility, guaranty or any similar financial transaction to any party for the purpose of acquiring the NPAs from the transferring FI; or

(f) Acts as trustee (BSFI's trust department) or if the trust department of any of the BSFI's subsidiaries/Affiliates, Parent bank or Parent bank's Subsidiaries/Affiliates acting as trustee, under any circumstances, in the securitization of NPAs that it has transferred to the FISTC; or

(g) Accepts as collateral for a loan extended by said BSFI the equity shares and IUIs of the FISTC that acquired its NPAs; or

(h) Enters into buy-back and other similar arrangements, or financial derivative transactions with similar effect, involving the NPAs or the securities backed by such NPAs; or

(i) Enters into any other transaction where the BSFI retains effective control over the transferred NPAs or shares in the losses of the FISTC; or

(j) Enter into a profit-sharing arrangement with a FISTC in relation to the sale/transfer of NPAs that will result in a sale/transfer transaction that does not meet the derecognition criteria under PFRS 9.

Provided: That, the extension of credit to an individual for the purpose of acquiring a single-family residential unit or an empty lot or ROPA or NPL secured by real estate mortgage on a residential unit or an empty lot shall be allowed and not considered a violation of the required "true sale" transaction.

For purposes of the foregoing, the term "any party" includes proxies, nominees, and voting trustees.

(Circular No. 1117 dated 27 May 2021)

GUIDELINES ON THE IMPOSITION OF MONETARY PENALTIES ON CREDIT CARD ISSUERS, AND/OR THEIR DIRECTORS, OFFICERS AND/OR EMPLOYEES FOR VIOLATIONS OF BANKING AND OTHER APPLICABLE LAWS WITH SANCTIONS FALLING UNDER SECTION 37 OF REPUBLIC ACT NO. 7653 (THE NEW CENTRAL BANK ACT), AS AMENDED

(Appendix to Sec. 001-CC on Monetary Penalties on Credit Card Issuers, and/or their Directors, Officers, and/or Employees)

The following are the guidelines on the imposition of monetary penalties on credit card issuers, and/or their directors, officers and/or employees.

I. *Definition of Terms*. For purposes of this Appendix, the following definitions shall apply:

a. *Transactional violation* refers to an act or omission constituting a violation of any applicable law or any order, instruction/directive or regulation issued by the Monetary Board, or any order, instruction/directive or ruling by the Governor which is consummated and concluded in a single instance/ occasion.

For licensing-related violations, transactional violation refers to the failure to obtain approval prior to engaging in an activity which the institution is qualified to undertake at the onset, based on eligibility test and assessment of compliance with the prudential criteria set forth under existing Bangko Sentral rules and regulations.

b. Continuing violation refers to an act or omission constituting a violation of any applicable law or any order, instruction/directive or regulation issued by the Monetary Board, or any order, instruction/directive or ruling by the Governor in which the violation persists or lingers over time from the instant the particular act was committed or omitted until the violation is stopped.

For licensing-related violations, continuing violation refers to an act which the institution is not qualified to undertake at the onset based on eligibility test and assessment of compliance with the prudential criteria set forth under existing Bangko Sentral rules and regulations.

II. *Imposition and Payment of Monetary Penalties.*

a. In accordance with Section 37 of R.A. No. 7653, as amended, monetary penalties may be imposed against credit card issuers and/or their directors, officers and/or employees for any willful violation of its charter or bylaws; willful delay in the submission of reports or publications thereof as required by law, rules and regulations; any refusal to permit examination into the affairs of the institution; any willful making of a false or misleading statement to the Monetary Board or the appropriate supervising and examining department or its examiners; any willful failure or refusal to comply with, or violation of, any banking law or any order, instruction or regulation issued by the Monetary Board, or any order, instruction or ruling by the Governor; or any commission of irregularities, and/or conducting business in an unsafe or unsound manner as may be determined by the Monetary Board.

In the absence of specific provision under other applicable laws or Bangko Sentral rules and regulations prescribing the imposable monetary penalty for the above-mentioned violations/offenses, credit card issuers, and/or their directors, officers and/or employees may be imposed a maximum monetary penalty of P1 million for each transactional violation or P100 thousand per calendar day for violations of a continuing nature as provided under Section 37 of R.A. No. 7653, as amended. Further, in case profit is gained or loss is avoided as a result of the violation, the Bangko Sentral may impose a fine of no more than three (3) times the profit gained or loss avoided on top of the aforementioned monetary penalty.

The Bangko Sentral considers the attendant circumstances of the case, including aggravating and mitigating factors, in the guided exercise of supervisory discretion to reach a reasonable and proportionate monetary penalty that best achieve the Bangko Sentral's supervisory objectives. These factors include the: (1) nature, gravity and seriousness of the violation or irregularity; (2) financial and/or non-financial impact of the violation or irregularity to the credit card issuer, its industry and/or the financial system; (3) intentionality, frequency and duration of the violation or irregularity; and (4) measures undertaken to stop or correct the violation or irregularity.

The appropriate department of the Bangko Sentral shall notify the credit card issuer, and/or director, officer and/or employee concerned of the violation, together with a directive for the credit card issuer, and/or director, officer and/or employee concerned to show cause within fifteen (15) business days from receipt of the letter why no monetary penalty under Section 37 of R.A. No. 7653, as amended, should be imposed. The recommendation to impose monetary penalties shall be approved by the Governor or the Monetary Board, as the case may be, pursuant to Section 37 of R.A. No. 7653, as amended: *Provided*, That monetary penalties against directors, officers and/or employees shall be approved only by the Monetary Board. The decision of the Governor/Monetary Board shall be communicated to the credit card issuer, and/or director, officer and/or employee concerned.

However, the Bangko Sentral is not precluded from imposing non-monetary sanctions along with monetary penalties if circumstances so warrant.

b. *Basis for the computation of the period or duration of penalty.* The computation of the period or duration of all penalties shall be based on calendar days. For this purpose the terms "per banking day", "per business day", "per day" and/or "a day" as used in this Manual, and other Bangko Sentral rules and regulations shall mean "per calendar day" and/or "calendar day" as the case may be.

c. *Payment of Monetary Penalties.* Credit card issuers, and/or their directors, officers and/or employees shall pay the monetary penalties within fifteen (15) calendar days from receipt of the notice of the decision of the Governor imposing said monetary penalties, and payment thereof shall not be suspended by the filing of an appeal to the Monetary Board.

Monetary penalties imposed by original decisions of the Monetary Board shall be paid within fifteen (15) calendar days from the last day to file a motion for reconsideration where none has been filed or within fifteen (15) calendar days from receipt of the notice of the decision of the Monetary Board affirming the decision on motion for reconsideration, as the case may be.

For uniform implementation of the above regulations, the following procedural guidelines shall be observed:

(1) Upon approval of the fines/penalties by the Governor/Monetary Board, the Department/Office concerned shall send the Statement of Account (SOA)/billing letter to the credit card issuer with an advice that the penalty should be paid in full within fifteen (15) calendar days from receipt of SOA/billing letter. For credit card issuers which maintain a DDA with the Bangko Sentral, the amount of the penalty/ies that remain unpaid shall be automatically debited from their DDA after the lapse of the fifteen (15)-calendar day period within which to pay the monetary penalties. The credit card issuer shall likewise be advised that penalty or portion thereof which remained unpaid after the lapse of said fifteen (15)-day period shall be subject to additional charge of six percent (6%) per annum reckoned from the business day immediately following the end of the fifteen (15)-day period up to the day of actual payment.

(2) On the business day immediately following the end of said fifteen (15)-day period, unpaid penalties shall be automatically debited, without additional charge, against the credit card issuer's DDA with the Bangko Sentral by the Comptrollership Sub-sector (CoSS) based on the amount booked by the Department/Office concerned after first confirming with the CoSS the sufficiency of the credit card issuer's DDA balance to cover the amount of the penalty.

(3) If, based on its confirmation with the CoSS, the Department/Office concerned received information that the credit card issuer's DDA balance is insufficient to cover the amount of the penalty, it shall accordingly advise and request the credit card issuer to immediately fund its DDA.

(4) As soon as it is funded, the credit card issuer's DDA shall be debited by the CoSS for the amount of the penalty, plus the six percent (6%) additional charge for late payment of the penalty reckoned from the business day immediately following the end of the fifteen (15)-day period up to the day of actual payment, based on the amount booked by the Department/Office concerned.

(5) In the absence of DDA with the Bangko Sentral, penalties shall be paid through any acceptable means of payment and in accordance with the provisions of Sec. 101-CC (*Sanctions and penal provisions*).

(6) In the case of penalty/ies imposed on credit card issuer directors, officers, and/or employees, the employer credit card issuer and said directors, officers, and/or employees shall be advised by the appropriate supervising department of the Bangko Sentral that the employer credit card issuer's DDA with the Bangko Sentral shall be debited for the amount of the penalty as advance payment on behalf of the director, officer, and/or employee whose penalty/ies remain unpaid after the lapse of fifteen (15) calendar days within which to pay the monetary penalty. In case the director, officer, and/or employee is no longer connected with the credit card issuer, payment thereof shall be for the account of the director, officer, and/or employee who shall pay directly to the Bangko Sentral through any such acceptable means of payment in accordance with the provisions of Sec. 101-CC (*Sanctions and penal provisions*). The procedures under Items *"2", "3"* and *"4"* hereof shall likewise apply.

III. *Appeal or Motion for Reconsideration.*

The imposition of monetary penalties by the Governor shall be final and executory until reversed, modified or lifted by the Monetary Board on appeal. The appeal shall be filed within fifteen (15) calendar days from receipt of the notice of the decision, copy furnished the appropriate department of the Bangko Sentral. No motion for reconsideration of the decision of the Governor or of the Monetary Board on appeal shall be allowed.

Original decisions of the Monetary Board imposing monetary penalties shall become final and executory after fifteen (15) calendar days from receipt of the Monetary Board decision, unless a motion for reconsideration is timely filed, copy furnished the appropriate department of the Bangko Sentral.

The appeal or the motion for reconsideration shall be in writing and shall specify the findings or conclusions in the decision which are not supported by the evidence or which are contrary to law, making express reference to the evidence or to the provisions of law alleged to be contrary to such findings or conclusions.

A *pro forma* appeal or motion for reconsideration shall be denied outright and shall not prevent the decision from attaining finality.

(Circular No. 1125 dated 20 August 2021)
